Psychopathy [See Antisocial Personality Disorder]**Psychopharmacology—Serials**

acetylcholine: human brain function; neuroimaging; cholinergic modulation; learning; memory; psychopharmacology; functional magnetic resonance imaging; positron emission tomography, 535

acute mania; treatment settings; mood stabilizer; quetiapine; risperidone; switch, 14172

adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; yohimbine; memory acquisition; temporal spacing; extinction; propranolol, 21427

aggressive behavior; genomic effects; non-genomic effects; glucocorticoids; male rats; metyrapone; corticosterone; cycloheximide, 24831

alcohol consumption; alcohol expectancy set; alcohol expectancies; college student perceptions; date rape; casual sex attitudes; drinking attitudes; perceived likelihood of forced sex, 692

alpha-melanocyte stimulating hormone; anorexia; anxiety; gamma-aminobutyric acid; diazepam; muscimol; bicuculline; rats, 7244

Alzheimer's disease; neuroprotective strategies; cholinesterase inhibitors; nonpharmacologic interventions; psychopharmacologic agents; pathophysiology; diagnosis, 3145

amiloride; neuropharmacology; rodent models; epilepsy; increasing current electroshock & pentylenetetrazole-induced seizures; mood; memory; grip strength; rotarod performance; animal behavior, 24776

amisulpride; clozapine; N-desmethyleclozapine; permeation; atypical antipsychotics; blood-brain barrier; blood-cerebrospinal fluid, 7196

amisulpride; limbic specificity; clinical profile; atypical antipsychotic mechanisms; presynaptic receptors; atypical neuroleptics; dissociation hypothesis, 7236

animal behavior models; drug mechanisms; drug differentiation; atypical antipsychotic drugs; typical antipsychotics; prepulse inhibition; paw test; psychotropic drugs, 7186

anxiolytic effects; antidepressant effects; riparian II; mice; drug dosages; methyl ethers; tyramine, 24853

antibipolar drugs; bipolar disorder; epidemiology; prevalence; bipolar disorder pharmacology; bipolar spectrum disorders, 23215

antidepressants; prozac; depression treatment; psychopharmacological; feminist traditions; gender, 35511

antioxidant therapy; neurovascular processes; short term treatment; long term therapy; primary ageing processes; sensory neurovascular function; secondary ageing processes; rats, 7213

antipsychotic drugs; aripiprazole; risperidone; upcoming conferences, 2220

atypical antipsychotic agents; ziprasidone; receptor affinity; schizophrenia treatment; dopamine receptors; serotonin receptors, 11560

behavioral pharmacology; animal models; depression; drug development; functional brain imaging, 531

behavioral pharmacology; drug discovery; journal information, 533

behavioral pharmacology; operant conditioning; behavior analysis; history of psychology, 6224

brain circuits; major depressive disorder; psychopharmacology; wakefulness; fatigue; executive dysfunction, 7847

breath holding duration; insulin inhalation; AERx insulin diabetes management system; insulin concentrations; glucose concentrations; pharmacokinetics; pharmacodynamics, 7144

bright light therapy; seasonal affective disorder; antidepressant treatment; psychopharmacologic medication; bipolar affective disorder; episodic medication levels, 29365

butyrolactone; butanediol; mice; dose-response; locomotor activity; body temperature, 27873

c-fos expression; metabotropic glutamate receptors; animal models; anxiety; anxiolytic behavior; neuronal activation; immunoreactivity; hippocampus; amygdala; sensory information; mouse brain, 18762

cannabinoid withdrawal; cannabinoid receptor gene expression; brain; behavioural changes; neurochemical changes, 21889

cell proliferation; adult neurogenesis; dentate gyrus; multiple receptor subtypes; receptor agonists; chronic administration; acute administration; cell growth stimulation; Wistar rats, 18708

chlorpromazine; schizophrenia; history of psychiatry; psychopharmacology, 11525

cholecystokinin tetrapeptide; brain stem; auditory evoked potentials, 3908

chromium picolinate; peripheral amino acid availability; brain monoamine function; rats, 3897

chronic morphine exposure; high dosage; peripubertal period; prolactin secretion; maternal behavior induction; adult female rats, 7159

clinical pharmacist intervention; primary care; depressed patient outcomes; major depression; patient-pharmacist interaction; general patient support, 26344

clinical psychopharmacology research; minorities; racial & ethnic & cultural factors; experimental subjects; participation; ethics, 12072

clinical psychopharmacology; neurotransmitter systems; pharmacologic treatments; depressive disorders; therapeutic effect; major depression, 20386

clorgyline; locomotion; rats; sensitization; sigma receptors; quinirole; mouting; imidazoline; I2 receptor, 15739

clozapine; olanzapine; risperidone; quetiapine; ziprasidone; muscarinic receptors; atypical antipsychotics; partial agonist activity; muscarinic mechanisms; muscarinic effects, 7158

cocaine; rats; ketanserin; serotonin; serotonin antagonist; accumbens monoamines; locomotor behavior; dopamine receptors, 18714

cognitive deficits; cognitive assessment; cognitive enhancement; neurocognition; psychopharmacology; schizophrenia; test selection; cognitive battery; National Institute of Mental Health, 33547

Collegium Internationale Neuropsychopharmacologicum; psychopharmacology; scientific communication; congress preview; antipsychotic drugs, 15780

combined psychopharmacological treatment; psychiatric inpatients; pharmacotherapy; prevalence; risk factors; neuroleptics; depressive disorders; psychotic disorders; treatment resistance; safety, 32471

conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29330

conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29326

cortical inhibition; transcranial magnetic stimulation; antipsychotic medications, 9972

cyclazocine; hydromorphone; smoking behavior; polydrug users; cigarette smoking, 27932

d-amphetamine; rats; behavioral sensitization; P2Y1 receptor expression; locomotor response; astrogliosis; immunocytochemistry; brain, 15746

Department of Defense Psychopharmacology Demonstration Project; prescription authority; psychological practice; clinical psychologists; new professional role, 20762

depressive patients; combination therapy; selective serotonin reuptake inhibitors; treatment-resistant depressives; antidepressant treatment; reboxetine adjunct; venlafaxine; mirtazapine, 29375

diabetic mice; antidepressant like effects; diabetic mice; reuptake inhibitor fluoxetine; anti-immobility effect; receptor antagonist; receptor agonist; brain, 18775

diazepam; disinhibitory cognitive effects; executive tasks; neuropsychology; risk taking, 27875

dopamine receptors; atypical drug mechanisms; receptor subtypes; antipsychotic target; excitatory signal modulation; attention; cognition; neuroleptic medications; receptor physiology; schizophrenia, 7275

driving ability; levocetirizine; diphenhydramine, 10055

drug formularies; clinical innovation; psychopharmacology; managed care; health care costs; medical science, 8725

drug-drug interactions; classification; neuropsychiatric medications; pharmacodynamically mediated DDIs, 2209

early developmental lead exposure; cocaine sensitivity; adulthood; self-administration; pregnancy; nursing; rats, 13048

ecstasy drug; drug response; rats; anxiety levels; high anxiety; low anxiety, 15756

ecstasy; MDMA; long-term effects; behavioural changes; cerebral dopamine; dopamine system; acute effects; biochemistry; dopamine neurotoxin; 3,4-methylenedioxymethamphetamine, 25869

ecstasy; nantenine alkaloid; MDMA; physiological effects; hyperthermia; lethality; locomotor stimulation; selective antagonist; antagonism; prazosin; core temperature; mice; behavioral effects, 24801

ecstasy; pharmacological & subjective effects; pharmacokinetics; repeated dose administration; psychomotor performance; endocrine response; physiological effects; 3,4-Methylenedioxymethamphetamine, 24802

editorial; psychopharmacology; neuroleptic drugs; dysphoria; drug tolerance; quality of life; treatment compliance; dopamine; neurobiology; schizophrenia, 32421

environmental factors; sociocultural factors; clinical psychiatry; genetics; genotyping; pharmacogenetics; psychopharmacology; ethnic differences, 29362

Escitalopram; major depression management; anxiety disorders management; patients; RS-citalopram; pharmacology; major depressive disorder; treatment; antidepressant, 5361

ethical issues; ethics; psychopharmacology; clinical research; special populations; research ethics education, 12074

ethics education; residency training programs; medical education; bioethics; psychiatry; clinical research; teaching, 12014

ethics; psychopharmacology; psychopharmacological research; child & adolescent subjects, 12079

evidence-based treatments; psychopharmacology; psychotherapy treatments; children; adolescents; randomized controlled trials, 5122

excitatory amino acids; glutamate; aspartate; mechanism of action; clinical profile; glycine agonists; glutamatergic neurotransmission; NMDA receptor; atypical antipsychotic drug; neurotransmitters, 7199

eye blinking; central dopaminergic activity; sulpiride; lisuride, 21919

female rats; rat sexual motivation; mating behaviour; serotonin receptors, 15785

fragile X syndrome; psychopharmacology; behavior problems; cognitive function, 35508

glutamate receptors; schizophrenia; NMDA receptor dysfunction; G-protein coupled receptors; psychopharmacology; cognitive deficits, 32463

high-frequency oscillation; posterior hypothalamus; histaminergic neurons; hippocampal activity; hippocampal CA1; septal neurons; rats; memory trace formation; antagonists; antihistaminic drugs, 18757

imidazoline receptor; adrenoceptor; hypothalamic-pituitary-adrenal axis; neuroendocrine response; stress, 21832

information processing theory; psychophysical approach; stimulus durations; neuropharmacology; time discrimination; cannabinoid modulation; temporal processing; attention; rats, 706

institutional review board; autism; research ethics; subject protections; vulnerable populations; psychopharmacological research, 12068

Joaquim Puig-Antich; adolescent psychopharmacology; important contributions; adolescent psychiatry; child depression; child psychopharmacology, 2213

Joaquim Puig-Antich; special journal section; tribute, 1329

journal information; editorial; psychopharmacology, 21505

lobeline; conditioned taste avoidance; rats; drug dosages; methamphetamine, 24814

locomotor activity; open field behaviour; accumbens injection; behavioural responses; dopamine stimulation; ionotropic glutamate receptor blockade; rats, 15764

lorazepam; ambroxol hydrochloride; tablet formulations; pharmacokinetic properties; throat soreness; cough; respiratory conditions; combination therapy; bioavailability; adult males, 7274

measurement; treatment research; cognition in schizophrenia; neuropharmacological aspects; MATRICS program; drugs, 32439

mechanism of atypicality; antipsychotic drugs; treatment-resistant schizophrenia; new antipsychotic drugs; atypical antipsychotics; neuroleptic action, 8357

mental health care delivery; health care costs; cost containment; health care policies; clinical psychopharmacology; drug therapy; mental health advocacy; National Alliance for the Mentally Ill, 8719

metabotropic glutamate receptor; inhibition; neuroepitide Y; receptor antagonist; GABA-benzodiazepine; anxiolytic action; flumazenil; receptor complex; receptor immunoreactivity; amygdala; Wistar rats, 18815

metabotropic glutamate receptors; spinal cord; chronic constriction injury; ionotropic glutamate; nociception; cold sensitivity; hypersensitivity; dihydroxyphenylglycine; hind paw lifting; male rats, 13009

methylazoxymethanol acetate treatment; prepulse inhibition; latent inhibition; acoustic startle reflex; schizophrenia; locomotor activity; cognition; emotionality; fear conditioning; Wistar rats, 15761

midazolam; active avoidance; retrieval rate; acquisition rate; rats; benzodiazepine binding site antagonist; flumazenil; bicuculline; picrotoxin; GABA A receptor, 13053

mifnacipran; pharmacology; norepinephrine reuptake inhibitor; serotonin reuptake inhibitor; antidepressants, 20380

morphinan derivatives; dextromethorphan; psychotropic effects; locomotor activity; anticonvulsants; electroshock convulsions; mice, 21859

morphine; impairing effects; neuroleptics; conditioned avoidance response; mice; haloperidol; opioid system; dopamine antagonists; risperidone; sulpiride, 12968

naltrexone; acute cigarette smoking behavior; chronic smokers; cues; craving; withdrawal; affect; side effects; sex differences, 12992

- naltrexone; Vivitrex; extended-release formulation; rats; alcoholism; drug dependency; morphine; pharmacokinetics, 7149

- anticipation stress; incidental memory; memory performance; levels of processing; LOP; speech characteristics; false recognition; psychophysiological responsiveness; anxiety; cognitive functioning, 931
- attachment; psychophysiology; neuropsychology, 27751
- auditory event-related potentials; psychological changes; sleep deprivation; psychophysiological changes, 24736
- bioelectrical impedance; hydration status; behavioral medicine research; psychophysiology, 662

biological markers; psychophysiological methods; long term response predictors; fluoxetine treatment; dexamethasone, 26362

brain plasticity; psychophysiological treatment; event-related brain potential; attention-deficit hyperactivity disorder; pre-frontal lobes; learning disability; topographic mapping; morphology, 28909

caregiver-neonate relationship; transgenerationality; protomental theory; personality structure; intergenerational transmission; unconscious; mental structures; parent-child relationships; protomental, 13235

childhood experience; emotional integration; self reported emotional response; facial expression; physiological response; adult attachment interview, 31252

children's perception; children's interpretation; anxiety-related physical symptoms, 31115

cognitive neuroscience; psychophysiology; Michael G. H. Coles, 7128

cognitive psychophysiology, 7123

defense response theory; increasing painful stimulation; electrical stimulation; psychophysiological responses; structural equation modeling; latent processes; pain report, 15648

deficit syndrome; schizophrenia; symptom domains; secondary negative symptoms; primary negative symptoms; pathophysiology research; pharmacological response; antipsychotics; psychopathology, 16424

depression; melatonin; urinary 6-sulfatoxymelatonin; circadian rhythm, 7820

distant intentionality; staring; parapsychology; psychophysiological variables; electrodermal activity; direct mental interaction, 30954

effort-reward imbalance; work overcommitment; cortisol; blood pressure; biological correlates; work stress, 24769

event-related potentials; cognitive information processing; psychophysiological research; clinical studies; higher mammals; neurophysiological research, 571

fibromyalgia syndrome; declarative memory impairment; biological factors; psychological factors; neuroendocrine factors; cortisol; perceived stress; depression symptoms; comorbidity; adult females, 4888

heart rate; electrodermal activity; aggression; psychopathy; conduct problems; antisocial spectrum; heart rate reactivity; resting levels; task levels; meta analysis, 27840

hemodynamic responses; negative emotional pictures; emotions; fear; disgust, 24767

human performance system; psychophysiological performance; psychophysiological types; physiological indices; gas production operators; labor quality, 9080

individual adjustment; heartbeat perception; discrimination task; perception tasks, 9942

individual differences; electroencephalogram alpha asymmetry; motivational dispositions; cortical activity; test validity and reliability, 33578

mental arithmetic; coping efforts; delayed-type hypersensitivity; academic optimism; cellular immunity; academic stress; positive moods; test response, 685

multisensory convergence; early cortical processing; neuroanatomy; psychophysiology; hierarchy of processing; neurophysiological correlates, 622

nightmares; sleep; sensory organ dysfunctions; elderly; sleep disturbances, 26018

nocturnal panic; psychophysiological responses; imagery; traumatic events; panic attacks; loss of vigilance; panic disorder; daytime panic, 10837

panic disorder; breath holding challenge test; anxiety disorder patients, 7938

partial biotinidase deficiency; autism; autistic developmental disorder, 1700

personality; disease; self-report; health status, 34784

physiological adaptations; fear; rage; pain; hunger; emotional excitement, 34120

physiological reactivity; social support; autonomic reactivity; cortisol reactivity; autonomic responses; children memory, 31174

physiological responses; discrimination; racism; encounter effect, 21782

posttraumatic stress disorder; nocturnal awakenings; nightmare sufferers; periodic leg movements; sleep pathophysiology; rapid eye movements, 4511

primary visual cortex; neural network; Gestalt collinearity principle; object motion; visual experience, 9880

psychophysiological reactivity; borderline personality disorder; traumatic abuse; abandonment; posttraumatic stress disorders; biological sequelae, 22466

psychophysiological research; psychiatric problems; Robert Beverley Malmlo (1912-2002), 5746

psychophysiological responses; appraisal dimensions; computer game; emotion-relevant events; intrinsic pleasantness; goal consciousness, 30956

psychophysiological responses; script-driven imagery; abduction; space aliens; emotional trauma; heart rate; skin conductance; left lateral frontalis electromyographic responses, 24759

psychophysiology; brain function; brain plasticity; pathophysiology; mental illness; anxiety; panic disorder; phobia; schizophrenia; hallucinations; scientific communication, 30957

psychophysiology; conference announcement, 32857

psychophysiology; media research; communication; media interfaces; attention; emotion; heart rate; facial electromyography; electrodermal activity; respiratory sinus arrhythmia, 24895

psychophysiology; orthostatic panic; Cambodian refugees; heart rate; blood pressure; dizziness responses, 34909

psychophysiology; psychosis; quality of life; cognitive disorders; psychiatric disorders; multiple sclerosis; speech disorders; dementia; scientific communication, 31650

psychophysiology; scientific communication; cardiovascular reactivity; cardiovascular disease; brain; closed head injury; information processing deficits; error detection; brain dynamics; memory, 30949

psychophysiology; sensory perception; learning; memory; language processing; neurodevelopment; reflexes; stress; reading; neurological disorders; mental disorders; alcoholism; scientific communication, 30940

psychophysiology; workload, 27839

psychotic major depression; delusional misidentification syndromes; cognitive deficits; event related potentials; psychophysiological correlates, 34800

public speaking anxiety; heart rate; skin conductance, 30946

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1449

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1430

regulatory focus; cortical activity; frontal activity; motivational orientations; motivational systems; implicit assessment; resting frontal cortical asymmetry, 18675

religious participation; interleukin-6; mortality rates; older adults; religious attendance, 34383

respiratory psychophysiology; breathing; modification of breathing behavior, 2053

respiratory sinus arrhythmia; prolonged psychophysiological arousal; posttraumatic stress disorder; heart rate dynamics; individual differences; emotion regulation, 13670

respiratory variability; psychological well-being; schoolchildren; breathing pattern; respiration rate; anger-in; fear of failure; neurotic complaints; duty cycle; negative affect; resting time, 879

right amygdala; left amygdala; skin conductance; heart rate; physiological responses; electrical potentials; excitatory inputs; respiratory rate; trait anxiety; state anxiety, 596

sex-steroid derived compounds; sex-specific effect; physiology; psychology; autonomic nervous system; humans; 4,16-androstadien-3-one; 1,3,5(10),16-estratetraen-3-ol, 7150

stimulus-preceding negativity; anticipatory processes; perceptual anticipation; contingent negative variation; slow cortical potential; cognitive processes; neurophysiological generators; SPN research, 34094

target detection; prefrontal cortex; functional magnetic resonance imaging; brain; response strategy; oddball-related activation; working memory, 9914

temperament-related differences; reaction time; augmenting-reducing; cognitive processes; stimulation; cortical attenuation, 24765

temporal preparation; reaction time lateralized readiness potential; psychophysiology; chronometric, 7134

tobacco deprivation; alcohol cue reactivity; drinking patterns; young adults; psychophysiological reactions, 31441

ventilatory control; idiopathic hyperventilation; physiological variables; psychological variables; chemosensitivity; breath hold time; increased anxiety; depression; carbon dioxide; moderate exercise, 1773

workhours; health; physiological changes; long work hours, 17894

workhours; health; physiological changes; long work hours, 17902

Volume 91 SUBJECT INDEX

Psychotherapeutic Techniques—Serials

grief process; bereaved clients; professional helpers; family therapists; counselors; intervention; response to death, 16932

group treatment; motivational interviewing; substance abuse; drug dependency; Solution-Focused Therapy; treatment approach; social support, 20652

home visit; home based family therapy; treatment modality, 11432

homework compliance; psychotherapy outcomes; therapeutic processes; client commitment; psychotherapeutic techniques, 16940

hypnotic anchoring; hypnotherapy; ego state, 2260

illness experience; multiple sclerosis; emotional distress; narrative therapy; restorative techniques; cognitive restructuring, 35404

integrative psychotherapy; integration framework; strategic approach; Freudian dynamic approach; sublimation mechanism; intervention strategy, 35424

interactive process notes; counseling groups; women, 26302

interpersonal psychotherapy; cognitive behavior therapy; psychodynamic psychotherapy; major depression, 35399

interpersonal therapy; cognitive impairment; dementia; depression, 8415

interviewing technique; therapeutic setting; Internalized Other Interviewing therapy, 20171

labyrinth; therapeutic tool; problem-solving; mental focus; meditation; mind-body integration; family therapy, 34801

learning disabilities; male offenders; mixed-ability client group; high security setting; literacy skills; psychodynamic psychotherapy; art based therapy; literature; Biblio-therapy; Poetry Therapy, 28924

logotherapy; cognitive therapy; therapeutic interventions; human suffering; human psyche; psychotherapy; negative nature; human freewill; therapeutic endeavor, 16905

mental health services; at risk school children; parent-child relationships; mental health problems; acting-out behaviors; emotional well-being; family therapy; school settings; educational framework, 20112

mindfulness-based treatment; obsessive-compulsive disorder; quality of life, 35423

mother-adult child relationship; therapeutic counseling; clients; painful relationships; mothers; family therapy; father, 35422

motivational interviewing; health settings; health care consultations; patient-centred approach; treatment outcome; lifestyle changes; health problems, 32264

narrative exposure therapy; supportive counseling; psychoeducation; posttraumatic stress disorder; African refugee settlement; emotional trauma; refugees, 32285

neuropsychiatric techniques; National Institute for Clinical Excellence; clinical effectiveness; cost effectiveness; new technology, 29675

poetry therapy; psychotherapeutic practice; existential psychotherapy; expressive arts therapy; existential therapy, 8411

power; dialogical therapy; not knowing therapy; therapists; therapeutic conversation, 2068

process notes; experiences; group workers; graduate training; group counseling technique, 26804

psychiatric care; open dialogue; acute psychosis; micropolitics; poetics; therapeutic dialogue, 2012

psychoanalysis; Sandor Ferenczi; psychotic patients; psychotherapeutic technique; psychotherapy, 25412

psychoanalytic technique; development assistance; psychoanalyst, 20248

psychodynamic psychotherapist; psychotherapy; therapists training; psychoanalytic literature, 23714

psychological outcomes; physical health outcomes; structured written disclosure; therapeutic benefits; emotional responding; physiological reactivity; traumatic stress; posttraumatic stress disorder, 16942

psychotherapeutic interventions; disruptive behavior disorders; adolescent psychotherapy; health risk behaviors; adolescent treatment; anxiety disorders; depression; eating disorders, 2009

psychotherapeutic tool; mentalization; narrative coherence; depression; paranoid schizophrenia, 16921

psychotherapy integration movement; therapeutic relationship; brief psychotherapies; models, 16918

psychotherapy; Gendlin therapeutic approach; phenomenological philosophy; Rogerian psychotherapy, 35405

psychotherapy; medically unexplained symptoms; health-care utilization costs; death anxiety; psychotherapeutic treatment; attachment theory; existential psychology, 23140

PTSD symptoms; posttraumatic stress disorder symptoms; traumatic experiences; writing, 11582

relational aggression; victimization; male practitioners; treatment; peer relationships; gender; females clients, 32286

residential treatment; intensive short-term treatment; integrated approach; major approaches to psychotherapy; theoretical issues, 2469

resilience factors; clinical intervention; peer relations; self-efficacy; creativity; coherence; stressful background experiences, 23153

Sandor Ferenczi; psychic suffering; psychotherapeutic methods; psychic healing, 26314

Sandor Ferenczi; psychoanalytic techniques; trauma; healing; countertransference; psychopathogenesis, 26325

sculpting process; self analysis; emerging self; anxiety modulation, 5251

self-schemata; metacognitions; experiential therapy framework; two chair method; cognitive therapy; psychosis, 8408

shot-term restructuring psychotherapy; personality disorders; technical interventions; theoretical integration; technical eclecticism; treatment modalities; integrative model, 1999

Snoezelen room; activities of daily living skills training; vocational skills training; aggression; self-injury; mental retardation; mental illness, 26215

solution focused family therapy; aggressive children; oppositional acting children; treatment integrity, 2066

Solution-Focused Brief Therapy program; solution-focused approach; problem drinking, 20633

specificity theory; inclusive technique; optimal responsiveness; analytic neutrality; treatment process, 2089

spiritually augmented cognitive behavioral therapy; psychotherapeutic processes; psychotherapeutic techniques; existential techniques; spirituality; mental health; recovery; meaning, 35431

strength-based psychotherapy; teenagers; adolescent girls; resiliency; intervention with family, 1992

task force; self help therapy; self administered treatment problems, 11591

task forces; self-help therapies; historical perspective, 11594

telephone therapy; attachment theory; infant research; psychotherapy; secure attachment; insecure ambivalent attachment; insecure avoidant attachment; disorganized attachment; patient capabilities, 32263

testimony therapy; organized violence; victims; trauma; narratives; short term therapy; posttraumatic symptoms, 2041

theories of psychotherapy; residential treatment; historical development; milieu treatment; children; adolescents; group care; individual care, 23591

therapeutic interactions; therapy process; honest communication; family therapy, 20211

therapeutics; emotional disturbance; developmental dysfunction; behavior problems; developmental psychopathology; child psychology; child psychiatry, 31674

therapy components; delusions; psychosis; cognitive therapy, 2034

total sleep deprivation; late partial sleep deprivation; treatment; major depression; therapeutic sleep deprivation, 5378

trauma focused psychotherapy; chronic posttraumatic stress disorder; PTSD; drug therapy; prolonged exposure therapy, 1937

treatment outcome; cognitive-behavioral therapy; multidimensional family therapy; substance-abusing adolescents; therapy techniques; evidence-based treatments, 29252

treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11344

treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11346

treatment; serial rape; behavioral techniques; cognitive techniques, 5200

virtual reality; psychotherapy training; technology; psychotherapeutic treatments; psychotherapeutic environment, 16907

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event, 26258

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event, 26266

written disclosure paradigm; physical health; beneficial effects; psychosocial intervention, 26248

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event; couples; affairs, 26268

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event, 26230

rebellion; authoritarian government; opposition; announcement credibility; Indonesia; turnout; agent-based model, 16081

recognition of mental illness; mental health literacy; schizophrenia; depression; public opinion; mental illness attitudes; psychopharmacology attitudes; community psychiatry attitudes, 1383

situational frames; dispositional frames; emotional responses; public opinion; causal attributions; social conditions; political issues; 1992 Los Angeles riots, 13451

source credibility; believable facts; perceptions; source judgments; statement believability; Consumer Reports; National Enquirer, 10533

stuttering stereotypes; direct contact; people attitudes, 8096

substance abuse treatment; substance abuse; punishment; history; attitudes; correctional rehabilitation, 11890

television documentary; health consumer; socio-economic groups; medical doctors; image; televised depictions, 867

third-person perception; media effects; preventive explanations; punitive explanations; public support; media censorship; private sexual content; politicians; compact disc, 13130

voting patterns; national forces; public opinion; religious forces; local elections; state abortion initiative; morality politics; election timing; partisanship; Supreme Court rulings, 16190

women's rights; sexist media representation; political implications; public opinion; audience opinion; sociopolitical attitudes; television; traditional drama; progressive drama; situation comedy, 15890

Public Opinion—Books

Collective preferences in democratic politics: Opinion surveys and the will of the people, 1133

Public Opinion—Chapters

Does media coverage of capital punishment have a deterrent effect on the occurrence of brutal crimes? An analysis of Japanese time-series data from 1959 to 1990, 4724

Public education of psychology: An interview with Philip G. Zimbardo, Ph.D., 2616

Public Policy [See Government Policy Making]

Public Relations—Serials

advertising; use of young attractive women; advertisers; target audience; evolutionary psychology; decorative roles in advertising; differential mating strategies, 33370

campaign management; corporate issues; organizational choice; social exchange theory; resource expansion, 36246

change management; strategic communication; public relation; corporate culture; organizational policy; multinational company; organizational change, 33293

cognitive schema theory; public relations; financial analysts; acquisition announcements; sensemaking perspective; firms; stakeholders, 9127

communication management; professional ethics; public relation; professional standard, 33295

corporate image; young educated public; business globalization; public relations; educated consumers; business reputation, 30216

cultural tribes; public relations discourse; cultural theory; rhetoric, 10460

health crisis; soft drinks; marketing campaign; crisis management; organizational performance; consumer trust; consumer loyalty; Coca Cola; corporate image; global reputation; Belgium market, 9122

myths; symmetrical dichotomy; asymmetrical dichotomy; public relations; South Africa; oral communication, 10457

post earthquake crisis communications; corporate advertising; corporate strategy motives; social responsibility; communal relationship building; self interest; impression management, 33367

public relation; nongovernmental organization; public opinion; organizational performance; professional standard; professional ethics, 33216

public relations; chief executive officers; organizational image; salience; positive valence; competency, 30171

public relations; ethics; ethical issues management; Kantian Theory; Kantian Model; communication management, 30113

public relations; teaching; practicality; academia; Europe, 30022

relationship management; public relations; relational perspective, 9129

structure; feminist theory; public relations; organizational influence; structural power; public relations; fender, 9132

Public Relations—Books

Mixed media: Moral distinctions in advertising, public relations, and journalism, 869

Public Relations—Chapters

The empowerment of feminist scholarship in public relations and the building of a feminist paradigm, 16205

Public education of psychology: An interview with Philip G. Zimbardo, Ph.D., 2616

Public School Education—Serials

attention deficit hyperactivity disorder; instructional environment; homeschools; instructional ecology; public schools; ADHD; student & teacher behavior; parents; reading; math; academic gains, 20780

autism screening; autism spectrum disorder; public school system; school personnel; professional training; screening process; legal issues; clinical issues, 26994

autism; special education; public schools; individualized curriculum; laws, 26993

client satisfaction; public education; educational benchmarks; Rasch measurement, 12533

Consortium on Negotiation and Conflict Resolution; African American public school children; intragroup interactions; Conflict Resolution Education program; intragroup conflict behaviors, 14944

disabled students; postsecondary settings; public school systems; college access; employment training; community activities; college activities; service availability, 19277

mathematics reform; minority community; school; public school system; poverty, 36144

parents; parent attitudes; public schools; non-public schools; demographic characteristics; parental choice, 33110

positive youth development; social cognitive theories; school personnel; asset building behavior; public schools; health promotion, 23786

public schools; child welfare agencies; collaborative efforts; caseworkers; educators; students; foster care; barriers, 5595

school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools, 5856

school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools; mental health needs; special education, 5860

school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools; school mental health, 5880

school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools, 5857

school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools; school psychology; developmental needs, 5872

self respect; public high schools; urban public school; pedagogical practice; moral order, 17731

student performances; quality education; educational values; good intentions; teachers, 20828

urban education; cultural diversity; ethnic minorities; immigrant children; American urbanism; undereducated; urban public schools; residential segregation; neighborhood resources, 17585

Public School Education—Chapters

Strategies for creating multicultural pluralistic societies: A mind is a wonderful thing to develop, 5896

Public Sector [See Also Government, Government Agencies]—Serials

classical pragmatism; public administration; participatory democracy; public service; community of enquiry, 19013

clinical outcomes; major depression; public sector outpatients; long term outcome; remission; antidepressant medication, 29376

community indicators; hospital indicators; public sector; mental health services; South Africa; service utilization; health care delivery, 14383

government service; partnership; senior managers; government strategy, 36257

harm reduction; abstinence; substance abuse treatment; public sector; patient retention, 35875

human resource management; organizations; public sector; private sector; India, 36280

human resource policies; human resource management; teamworking; United Kingdom public sector, 17793

intimacy; public sphere; political chronology; culture; Argentina family conflicts; juridical contests; political struggles, 22154

leadership practice; public administrators; leadership perspectives; public administration, 36312

local taxation; rightmost digit perception; psychological taxing; Flemish municipalities; private sector; public sector; tax policy; income taxes; pre-tax income inequality; non-0 ending tax rates, 4252

marriage; contemporary society; marriage education; public sector; PREP; Christian PREP; marital interventions; American marriages; Christian marriages, 2079

organizational downsizing; private sector; public sector; organizational restructuring, 36324

police departments; information technology; knowledge-worker paradigm; technology use; crime prevention; learning organization; public sector, 24135

Volume 91 SUBJECT INDEX

Public Sector—Serials

public entrepreneurship; constitutional values; societal values; public administration practice; bureaucratic accountability; conservator paradigm; contractarian approach, 19019
public sector leadership; public administration; theory, 23992
public sector; charismatic leadership; managers, 23986
public sector; managed mental health care; mental health provider turnover; mental health services, 32617
public staff management; developing countries; strategic human resource management; HRM; Mauritian civil service; economic growth, 17868
senior public services; political challenges; psychological challenges; moral challenges; memoirs; executive office; Clinton administration, 22230
staffing needs; public sector; outpatient mental health services; demographic variables; workers productivity; mental health professionals, 32692

Public Speaking—Serials

American Academy of Health Behavior; presidential address, 10501
autonomic reactivity; public speaking; nervousness; task engagement, 24764
diagnostic assessment; public speaking; telepsychology; social phobia; self-applied Internet-based intervention; treatment effectiveness evaluation; program characteristics, 32211
everyday talk; rhetorical criticism; racial stereotypes; public discourse; A. Simmons; integrationist & nationalist speaking; African Americans; oratorical influence; speaking ability; persuasion, 15868
human experimental anxiety; anxiety disorders; aversive conditioning; simulated public speaking; benzodiazepine anxiolytics; social phobia; panic disorder; emotional states, 13005
leadership; counseling psychology; identity; actions; presidential addresses, 1985
psychological stress; appraisal; emotions; cardiovascular response; public speaking task, 24755
public speaking anxiety; heart rate; skin conductance, 30946
social phobia; public speaking anxiety; social anxiety; SPRS; behavioral assessment; observer ratings; Social Performance Rating Scale, 6293
speech anxiety; public speaking; social anxiety; public speech; nervousness; illusion of transparency; public perception, 4404

Public Transportation—Serials

critical incidents; affective reactions; public transport incidents; unpleasantness-pleasantness; deactivation-activation; public transport satisfaction, 27196
environmental impact; cars; public transportation; social dilemma, 17955
transit attractiveness; supporting policies; transit preferences; transit systems; rail use; psychological satisfactions; service quality; behavior change; transactional approach; new behavior, 14865

Public Welfare Services [See Community Welfare Services]

Puerperal Depression [See Postpartum Depression]

Puerperal Psychosis [See Postpartum Psychosis]

Puerto Rican Americans [See Hispanics]

Pulmonary Disorders [See Lung Disorders]

Pulse (Arterial) [See Arterial Pulse]

Punishment [See Also Response Cost]—Serials

adolescents; development of attitudes; parental use of corporal punishment; endorsement; intergenerational transmission; physical discipline, 972
capital punishment; crime; criminal justice majors; criminal justice education, 29999
crimes against the elderly; elder abuse; vulnerable adults; justice system; punishment justifications; police chiefs; nursing home professionals; students, 10937
defendant age; punishment severity; crime type; theft; murder; sentence recommendation; parole recommendation, 14900
economic pressure; social support; family structure; parental gender; workload; parenting quality; instrumental support; punitive parenting; Finland; emotional support; authoritative parenting, 1114
emotional distress; negative emotions; self-control behavior; sensitivity; punishment; neuroticism; depression; anxiety; personality traits, 10614
fantasies; punishment; depression; anxiety; defense style, 32401
feelings of revenge; crime victims; retaliation; punishment; justice; criminal justice; emotional states, 13281
general threats; social order; crime severity; punitiveness; societal threat; punishment assignment, 28428
Jamaica; child-rearing practices; corporal punishment; family violence; child abuse; child outcomes, 1124
moral responsibility; psychopathic offenders; punishment; relationships; reactive attitudes; emotions, 10850

moral responsibility; psychopathic offenders; punishment; relationships; reactive attitudes; emotions, 10854
moral responsibility; psychopathic offenders; punishment; relationships; reactive attitudes; emotions, 10849
moral responsibility; psychopathic offenders; punishment; relationships; reactive attitudes; emotions, 10864
moral responsibility; psychopathic offenders; punishment; relationships; reactive attitudes; emotions, 10853
neural basis; altruistic punishment; social norms; dorsal striatum; human cooperation, 34011
neurobehavioral pharmacology; aversive effects of drugs; drugs as punishers; self-administration; reinforcement delivery; histamine; cocaine; rhesus monkeys, 798
parental discipline; externalizing behavior problems; early childhood; moral regulation; child gender; conscience mediated relations; parental induction; warm responsiveness; physical punishment, 25029
probation; criminal justice; Virginia residents; punishment justification; probation survey; punitive experience, 13772
punishment severity; punishment attitudes; victim-offender relationship; offender characteristics; crime characteristics, 27227
punishment; psychology; cognitive-behavioral therapy; social control; therapists, 23640
reality; punishment fantasies; internalization; depression; etiology; Oedipus complex; unconscious content; conflict resolution; self-representation, 28532
reward and punishment histories; prediction; indirect teaching styles; preservice teachers; childhood experiences; ideal perceptions; direct teaching styles, 33030
schedule induced drinking; lick dependent delays; rats; d-amphetamine; negative punishment; unsignalled food delivery delays, 15792
Sensitivity to Punishment and Sensitivity to Reward Questionnaire; behavioral inhibition system; behavioral approach system; self report measure; factor structure; confirmatory factor analysis, 33531
sex; punishment; sexual double standards; sexual consequences; teen programming, 24993
sexual coercion; territorial salamander; sexual intimidation; punishment; mating monogamy; aggressiveness, 15419
sexual satisfaction; sexual excitability; sexual experiences; sexual anxiety; curiosity; sensitivity to reward; sensitivity to punishment; media, 10565
shared book reading; children's emergent literacy skills; parental discipline practices; physical punishment; nonverbal reasoning skills, 31378
stranger rape; acquaintance rape; benevolent sexism; perpetrator blame; sentence length; rape myths; hostile sexism, 25935
testosterone; punishment sensitivity; reward dependency; violent; antisocial behavior; psychopathy; women; motivational imbalance; decision making, 27950
third-party sanctions; punishment; social norms; egalitarian distribution norms; cooperation norms; norm violation; norm enforcement; reciprocity, 22283
treatment; drug-related offenders; crime; punishment, 14459
Punishment (Capital) [See Capital Punishment]
Pupil (Eye)—Serials
pupillometry; sexual selection; pupil size; reproductive strategies; partner preferences; sexual arousal, 31515
Pupil Dilation—Serials
attentional allocation; top-down control over attention; children; digit span accuracy; response time; pupillary dilation; age; dual tasks, 18922
attentional allocation; visual backward masking; pupillary responses; schizophrenia; pupil dilation; cognitive task, 19448
fear-inhibited light reflex; anticipation; aversive event; electric shock; acoustic stimulus; pupil diameter; pupillary light reflex response, 18680
light therapy; bright light exposure; artificial light; seasonal affective disorders; pupillary diameters, 14213
pupil dilation; task complexity; thought disturbance; schizophrenia patients; attentional impairment; cognitive load, 19477
pupil staging; electroencephalography; sleepiness measurement; Alertness Level Test; test validity; pupil size; narcolepsy; obstructive sleep apnea, 18092
pupillary assessment; computational modeling; depression; pupil dilation; cognitive load; Stroop color-naming, 19399
pupillary light reflex; panic disorder; audiovisual stimulation; pupillary autonomic nervous system; mental stress; periods of remission, 31809
pupillary responses; attentional allocation; cognitive ability; visual backward masking task; cognitive processing; processing efficiency; resource allocation, 18418
pupillometric measures; cognitive processes; emotional processes; pupillary motility; pupillary responses, 18685
pupillometry; sexual selection; pupil size; reproductive strategies; partner preferences; sexual arousal, 31515

sympathetic innervation; parasympathetic innervation; pupillary dilation; sustained processing; task difficulty; tropicamide; dipaprazole; light conditions; darkness, 18802

Purging (Eating Disorders)—Serials

anorexia nervosa; self-phlebotomy; purging, 13832
personality characteristics; restricting anorexia nervosa; binge purging anorexia; purging bulimia nervosa; eating disorder patients, 11117
restrictive anorexia nervosa; fasting ghrelin levels; binge eating; purging anorexia nervosa, 25999

Purkinje Cells—Serials

antigenic compartmentation; cats; cerebellar cortex topography; Purkinje cells; zebrafish, polypeptide antigen; aldolase C; parasagittal stripes; mammalian cerebellum; transverse zones, 12886
cerebellar long-term depression; optokinetic reflex; Purkinje cells; mice; Purkinje cells; spike activity, 34027
eyelink conditioning; developmental changes; cerebellar plasticity; activity of Purkinje cells; eye regions; cerebellar cortical lobule HVI; lobulus simplex; infant rats, 9920
neuron loss; Alzheimer's disease; brain aging; Purkinje cells; glial activation; synaptic plasticity, 6886

Putamen—Serials

cognitive performance; mesencephalic dopamine; cognitive functioning; motor symptoms; putamen; dopamine embryonic neurons; bilateral implants; Parkinson's disease; PD, 2321
morphological substrate; information processing; organizational characteristics; afferent projections; dogs; brain; caudate nucleus; nucleus accumbens; putamen, 27736
neuron activity; monkey putamen; behavior-reactive neurons; neostriatum, 27826
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinrole; dopamine; putamen; striatal dopamine storage; levodopa, 11668
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinrole; dopamine; putamen; striatal dopamine storage; levodopa, 2323
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinrole; dopamine; putamen; striatal dopamine storage; levodopa, 11632
schizophrenia; caudate nucleus size; putamen size; schizophrenic subtypes; Kraepelinian, 4616
spike activity; monkeys; putamen neurons; spatial selection task; neuron responses, 27814
spike activity; sequential rearrangements; putamen neurons; monkeys; brain; continuous behavior; Macaca nemestrina; Macaca mulatta, 27809

Pygmalion Effect [See Self Fulfilling Prophecies]

Pygmy Chimpanzees [See Bonobos]

Pyramidal Tracts—Serials

maximum voluntary contraction; age differences; isometric force; feedback-based control; neural maturation; manual dexterity; sensorimotor control; corticospinal tract; performance, 15702
oscillatory activity; pyramidal tract neurons; corticospinal output; spinal motoneurons; macaque monkeys; oscillatory activity; motor cortex, 21746
place cells; hippocampus; navigation; context dependent learning; episodic memory; pyramidal cells; excitatory synaptic contacts, 30859
spatial information; intrinsic membrane potential; temporal coding; firing pattern; place cell firing; hippocampus; somatic & dendritic oscillations; pyramidal cells; exploring rats; neurons, 3788
whisker movements; pyramidal cells; rats; motor cortex; action potentials; neuronal activity, 12811

Pyromania—Serials

Kindling theory; arson; firesetters; recidivism rates, 25920

Q Sort Testing Technique—Serials

attachment security; Attachment Q sort; convergent validity; strange situation, 30391

Quadruplegia—Serials

near death experience; nonverbal adolescent; brain trauma; quadriplegia, 35278
quadriplegia; karaoke; recreational activity; disabled people; therapeutic benefits; respiratory strength; endurance; emotional release; physical release; control; capacity, 17117

Qualitative Methods [See Qualitative Research]

Qualitative Research—Serials

agenda for humanistic psychology; human-science psychology; humanistic psychological assessment; qualitative research, 9
case study; research strategy; qualitative research strategies; social science disciplines; ambiguities; opportunities, 21245
chronic pain; autoethnography; subjective experience; occupational therapists, 22836
clinical gaze; occupational therapists; ethnographic lens; interpersonal processes; ethnographic research; qualitative research; artistic metaphors, 21240

educational research; methodologies; educational psychology; qualitative case studies; special needs education, 33006

ethics; general practice; bioethics; rural community; qualitative study; hospital closure; general practitioners, 27409

feminist epistemology; educational research; social justice; educational inequity; leadership; racial discrimination; artistic production, 17574

health interventions; healthy eating; health care research; health promotion research, 24351

humanistic psychology; diagnosis; therapeutic artistry; qualitative research, 14

impression management; embodied experience; information sharing; study participants; socially charged issues; qualitative design, 22304

inductive validity; concept advancement; trust; researchers; qualitative methods; data collection, 6440

investigator-based interviews; qualitative research; disciplined data recording; interview structure, 27423

life history; data collection; lifelines; life change events; nursing research; qualitative research, 32943

mixed methods; mixed methodology; health services, 33632

models; qualitative emic approach; quantitative derived etic approach; researchers; cross-cultural research, 27426

multicultural issues; multicultural awareness; qualitative analysis; qualitative research; research study; training group, 5220

narrative survey; multiple populations; qualitative approaches; survey strategy; research strategy; narrative-constructivist approach, 30568

new researchers; reference list; original work attribution; replicated research, 23349

oral narratives; life-world phenomenology; human suffering; poetic condensation; lived experiences; embedded meanings; qualitative research, 6448

participant observation; autism; developmental disabilities; young children; occupational science; daily activities; child participant perceptions, 22742

prayer; politics; communal conflict; public events; women's prayer session; mass demonstrations; multifocal events; qualitative fieldwork; ethnographic model; on-site participant observation, 4364

qualitative approaches; child psychotherapy; research, 30552

qualitative approaches; child psychotherapy; research, 30562

qualitative data analysis; theoretical ideas; qualitative study; thinking process, 21230

qualitative health research; research proposal; health care research; medical errors; primary care, 282

qualitative research methods; medical journals; medical knowledge; medical research; psychiatry; scientific communication; trends, 9528

qualitative research; cross-cultural context; research design, 15153

qualitative research; data analysis; quantitative research; analytic process, 21233

qualitative research; data management; generalization; data analysis, 278

qualitative research; dietitians; language, 3274

qualitative research; elderly woman; forgiveness; religiousness; gender; race, 7454

qualitative research; grounded theory; gifted students, 12560

qualitative research; research process; research strategy; reflexivity; self reflection; family stories, 21243

qualitative research; storytelling; ethnographic writing, 27408

qualitative strategies; quantitative strategies; Qualitative Comparative Analysis; comparative methods, 12562

qualitative studies; education; qualitative approaches, 33641

recovery process; alcoholic families; chaos; crisis; quantitative method; qualitative method; alcoholics; co-alcoholics, 30564

recruitment strategy; Bangladeshi immigrants; spousal abuse; experimental recruitment; qualitative research, 27431

reflexivity; catharsis; methodological tools; qualitative research, 15156

research ethics; experimental design; research samples; population diversity; minorities; quantitative research; qualitative research, 32964

research projects; community setting; social capital; community life; recruitment difficulties; deprived community; semi-insider position; participant assessment, 6458

safety data; qualitative methodology; social sciences; Confidential Incident Reporting and Analysis System; CIRAS; Applied Hermeneutic Methodology; AHM; social science; hermeneutic, 17903

students' experiences; qualitative methods course, 29988

team-based qualitative research; nursing; decision coding; measure of agreement; multi-rater Kappa; research data; raters, 21224

Qualitative Research—Chapters

Perception without awareness: The qualitative differences approach, 3304

Qualitative methods in psychological research, 15167

Quality Circles [See Participative Management]

Quality Control—Serials

agonal factors; postmortem factors; gene expression profile; postmortem human brain; coma; hypoxia; ribonucleic acid; microarray analysis; quality control, 16835

brand image; protective effects; brand management; accessibility-diagnosticity; shielding effects; manufacturing quality; countries-of-origin; global manufacturing; strong brands; weak brands, 3010

computer supported visualization; quality systems; design teams; design process; prototypes; quality standards, 14860

environmental scanning; total quality management; business planning; medium-sized enterprises, 27066

integrated manufacturing; company performance; empowerment; manufacturing technology; just in time inventory control; total quality management; manufacturing companies; job enrichment; employee skill, 33299

microarray technologies; human postmortem brain studies; human brain disorders; quality control, 16817

modern management practices; total quality management; just-in-time; teamwork; empowerment, 36323

nursing home; parkinsonism; dementia; geriatric patients; antipsychotics; risk factors, 17390

organizational effectiveness; professional organizations; standard & routine & non-routine processes; quality control; errors; quality management; routinization; standardization; systems, 12308

quality management; Stuttgart-Heidelberg model; active feedback; psychotherapy service provision; outcome evaluation; psychometric tool, 6245

resource allocation; multisite service systems; service quality; health care services; intersite customer flows; analytical optimization models; optimal allocation policy; service criterion, 14753

signal probability; quality control; detection accuracy; pharmacy prescriptions, 8912

workplace learning; Taylorism; learning systems; mass production; total quality management, 36296

Quality Control—Chapters

The Application of Methods of Meta-Analysis for Heterogeneity Modeling in Quality Control and Assurance, 293

Quality of Care—Serials

visual cues; rehabilitation counseling; computer-mediated tests; vocational test interpretation; video conferencing; session depth; online counseling, 35850

acute depression; treatment quality; treatment costs; primary care; outpatient treatment; cross cultural differences, 32438

addiction treatment; treatment system; clinical operations; national treatment; alcohol treatment; decision support; federal agencies; predominant form, 8868

advanced breast cancer; psychosocial impact; daily living; life roles; caregiving; spouse caregivers; nonspouse caregivers, 2455

African Americans; caregivers; elderly people; informal care; elder-caregiver dyads; caregiving relationships; caregiver employment status; quality of care, 5637

Alzheimer's disease; caregiving information; family caregiver; caregiving skills, 29706

antidepressant medication; ethnic differences; guideline-concordant care; depression treatment; treatment preference, 17290

behavioral health care organizations; health care quality; health care system; health care costs; clinical services; cost containment; redesigning clinical care, 17324

birth outcomes; antenatal care; caesarean delivery; health facilities; premature birth; baby size; pregnancy; family planning; health facilities, 35689

child care HOME inventory; family child care homes; quality assessment; early childhood version; infant toddler version; psychometric characteristics; provider behavior, 55

child care; child care quality; child care homes; relative care, 34516

cluster housing; intellectual disabilities; adults; institutional care; quality of life; dispersed housing schemes; quality of care, 35789

cluster housing; intellectual disabilities; adults; institutional care; quality of life; dispersed housing schemes; quality of care, 35790

cluster housing; intellectual disabilities; adults; institutional care; quality of life; dispersed housing schemes; quality of care, 35792

community-based residential support; mental retardation; challenging behavior; quality; costs, 29658

compliance behavior; child temperament; caregiver-child interaction; caregiver behaviors; daycare quality; preschool children; predictors; classroom settings, 34517

conceptual model; care costs; evidence-based care; schizophrenia case study; guideline standards; medication doses; treatment costs; evidence-based medicine; conceptual development, 20098

consumer perspective; design quality; patients; family members; healthcare facility environments; society's goal; people's needs; architects; managers; healthcare experience; healthcare planners, 12363

consumer satisfaction; nursing homes; resident satisfaction; caregivers; resident well-being; client satisfaction, 32733

cross-cultural psychiatry; mental health disparities; culture; mental illness; quality of care; mental health service; inequities; sociocultural processes, 2383

demographic characteristics; age differences; gender differences; cultural background; patient satisfaction; nursing care perceptions; patients; family carers; nurses; elderly care; nursing care, 16056

depression; dysthymia; chronic pain; health care utilization; quality of care; arthritis; back pain; headache, 7815

diabetes care; minority population; low-literacy patient education tool; process care measures; reminder card; country clinics, 8616

editorial board; editors; ethics; quality of care; measurement, 29588

end of life care; institutional settings; dying experience; home; nursing homes; hospitals; deaths, 14401

end-of-life care; family members; family satisfaction; hospice care; care quality, 8797

epidemiology; psychiatric disorders; quality of care; mental health services; genetic influences; environmental influences, 32614

food service practices; recommended dietary allowance; long-term care facility; healthy eating; energy level; Canada, 8811

food service; nursing home residents; nursing home food; quality dining experience; food quality, 8808

health behaviors; quality of care; Latinos; Diabetes; managed care; language; ethnicity, 13858

health care; human service providers; provider behavior; public health; racial disparities, 23528

health plan; quality of care information; voluntary reporting; health services; managed care organizations; plan specific performance; healthcare quality; women's health indicator; public access, 5582

health services; user fees; health authorities; health facilities; modern treatment; Mali; quality of care; income; health service utilisation; price, 17307

healthcare services; mental health services; performance outcomes; accountability; public mental health authorities, 32626

informal long-term care; patients; depression; quality of care, 26680

institutional care; overactivity; selectivity deficit; social relationships; quality of care; disorder behaviors; malnutrition, 22004

institutionalized psychogeriatric patients; patient satisfaction; family's satisfaction; quality of care; long term care; medical components; nursing; patient care; geriatric patients, 14448

intercultural residential care; aging; health beliefs; care quality; long-term care; caregivers; cross-cultural differences; culturally based health beliefs; racism, 29726

Internet education; African American consumers; quality of care; health care; doctor patient interaction; decision making, 29535

long-term care insurance system; communication task; recording task; nursing care services; information technology; service quality, 29724

managed behavioral health; carve-out; psychosocial rehabilitation; psychosocial treatments; Medicaid; schizophrenia; outpatient care quality, 26558

managed care; health care policy; drug formularies; health care costs; cost containment; quality of care; clinical pharmacology; trends; decision making, 8713

managed care; quality of care; history of development; patient confidentiality; future; behavioral health care, 14400

managed care; quality of care; history of development; patient confidentiality; future; behavioral health care, 14397

managed care; quality of care; history of development; patient confidentiality; future; behavioral health care, 14361

managed care; quality of care; history of development; patient confidentiality; future; behavioral health care, 14395

medical malpractice; malpractice law; personal-injury law; care standards; malpractice litigation; unsafe practices; negligence compensation, 14611

mental health care; racial disparities; ethnic disparities; treatment access gaps; mental health assessment; questionable diagnostics; barriers to high quality mental health care, 23525

mental health providers; time allocation; Veterans Health Administration; mental health services; quality of care, 5802

midwifery care; Guatemala; infant morbidity; maternal morbidity; developing countries; traditional birth attendants training; health care systems; maternity care; care quality; women; pregnancy care, 23499

migraine headache; triptan; patient dissatisfaction; pharmacological interaction; physiological interaction; migraine recurrence, 14263

National Patient Safety Agency; mental health services; quality of care; patient safety; health care services, 32654

nursing home residents; health care services; logistic regression; claims data, 23570

nursing homes; management practice; quality of care; resident outcomes, 23568

nursing; midwifery service delivery; care continuity; staff capacity; quality of service, 32675

occupational therapists; rehabilitation settings; practice errors; occupational therapy, 17549

paid home care; family caregivers; home care quality; caregiving efforts; quality of life; older adult perceptions, 35828

pain control; severe burns; morphine; postoperative pain; treating pain; undertreatment of pain; burn pain, 32103

palliative care; care providers; Netherlands; moral problems; practical ethics; terminally ill patients; quality of care, 17368

palliative care; pain; end of life; quality of care, 14429

palliative care; US medical systems; antemortem care; care quality; terminally ill patient; patient wishes; clinical empowerment; conflict management; professional ethics, 11788

Quasi Experimental Methods—Chapters

Design and analysis of experimental and quasi-experimental investigations, 15164

Questioning—Serials

accuracy of testimony; cross-examination; changes to original responses; child witnesses, 882
 causal question asking; student questions; comprehensibility rating; causal chain length; effects; causal relations; reader knowledge; metacognitive awareness; antecedent question; school grade level, 12154

childhood sexual questioning; psychosexual development; same-sex attractions; self-concepts; self-perception; sexual attitudes; homosexuality; heterosexuality; bisexuality; lesbianism; gender identity, 7416
 control questions; truthful answers; polygraph; mock crime; Control question test; crime relevancy; lying, 30331
 cooperative work groups; mathematics tasks; mathematics knowledge; peer-directed questions; elementary school students, 9016
 courtroom questioning style; eyewitness confidence; eyewitness accuracy; observer perception; jurors perception, 18021
 deception; lying; questions; response time; cue; cognitive processes; deceptive answers; decision; construction; truth; cognitive mechanisms, 6600
 development phase; spoken messages; personal care; body movement; hearing; seeing; speaking; mobility; gripping; international comparability, 67
 elaborative interrogation; knowledge construction; expository text; text reading; knowledge level; interest level; learning; recall; inference; coherence; strategic processing, 36130
 intellectual disabilities; court trials; sexual assault witnesses; rape witnesses; lawyer questioning, 16782
 interrogative suggestibility; self-deception; compliance; psychoticism; neuroticism; prison inmates; impression management, 27219
 Jungian theory; archetypes; psychology; questioning; metaphors; science discourse, 7728
 leading questions; neutral questions; question asking; older Americans; functional limitation items, 9456
 modes of knowing; reasoning; elementary astronomy; questioning methods; internal mental models; earth; day/night cycle, 26871
 observational learning; shared book reading; alphabet knowledge; letters, 36154
 politeness phenomena; Hindu sector; South African Indian English speaking community; speech acts; apologies; requests, 4322
 politicians; answers; questioning; political language; political equivocation; television interviews; courtroom setting; legal context; political context, 4039
 professional expertise; psychoanalytic educators; authority; knowledge; objectivity, 20732
 questioning styles; student learning; learning styles, 33159
 reading comprehension; self-regulated strategy; oral reading; struggling readers; reciprocal questioning; elementary school students, 23882
 self-generated causal hypotheses; verbs; distinctiveness information; consensus information; type of questions; attribution of responsibility, 7644
 student use; online study questions; test performance; question feedback; educational program evaluation, 29983
 teacher questions; infant school; junior school; secondary school, 17637
 verbalizations; language acquisition; verbal behavior; autism; question asking; responses; behavior, 2059
 yes/no questions; wh-questions; interviewer knowledge; question format; child interviews; answer knowledge; interview questions, 34365
 young children; interviewing; interview characteristics; eyewitness statements; rapport building; probe structures, 21039

Questioning—Chapters

A psychology of questions, 16332

Questionnaires [See Also General Health Questionnaire]—Serials

Achievement Goals Questionnaire; sports; mastery-approach goals; mastery-avoidance goals; performance-approach goals; performance-avoidance goals; psychometric properties, 6267
 actigraphy; automated telephoned questionnaires; hypnotic effects; insomnia, 19898
 Adaptive Behaviour Dementia Questionnaire; screening questionnaire; dementia; Alzheimer's disease; adults; Down syndrome, 28917
 American smokers; Spanish smokers; Questionnaire of Smoking Urges; smoking craving; factor structure, 21129
 animal welfare assessment; Quality of life; chronic pain; animal welfare; biochemical markers, 6252
 Assessment of Psychotic Patients for dynamic Psychotherapy; schizophrenic psychosis; individual dynamic psychotherapy; psychometrics; treatment continuance; treatment outcome; treatment adherence, 3203
 attention deficit disorder with hyperactivity; comorbidity; self-report; symptomatology, 18143
 Australian Quality of Life in Childhood Epilepsy Questionnaire; validity; psychometric properties; North American adaptation; reliability, 9429
 autistic spectrum disorders; genetic conditions; Cohen syndrome; developmental disorders; genetic disorders; diagnostic assessment; autistic symptoms; Social Communications Questionnaire, 31999

Bereavement Risk Questionnaire; test development; caregivers; risk factors; hospice bereavement coordinators, 17363
 Big Five model; personality assessment; questionnaire development; TPQueS: Traits Personality Questionnaire; validity; reliability; test-retest reliability; internal consistency, 30425
 bipolar disorder; Mood Disorder Questionnaire; medical diagnosis, 33555
 bipolar disorder; unipolar depression; Mood Disorder Questionnaire; Structured Clinical Interview for DSM-IV, 1409
 cancer clinical trial; quality of life questionnaires; patient trial experience; psychological impact; emotional impact; social impact; life threatening disease, 3224
 cancer treatment; quality of life; head cancer; neck cancer; health-related quality of life; HRQOL questionnaires; QOL assessment, 11643
 caution interpretation; confirmatory factor analysis; Group Environment Questionnaire, 6231
 Children's Attributional Style Questionnaire; internal consistency reliability, 6263
 Cocaine Effects Questionnaire; psychometrics; test reliability; test validity; test construction; substance abuse, 21154
 cognition research; spatial cognition; perceptions of locations; maps; verbal questionnaire; reliability, 6246
 Cognitive Failures Questionnaire; dimensionality; construct validity; everyday task failures, 30378
 cognitive interviews; question-response problems; less educated respondents; poor survey respondents; health questionnaire, 9544
 college students; reading strategies; comprehension; reading school-related materials; studying; Metacognitive Reading Strategies Questionnaire; self-report instrument, 24312
 computer interfaces; interface designs; world wide web; guidelines, 21019
 consensus statistical criteria; group-cohesion; group environment questionnaire; cohesion-team success relationship; athletic teams success; group dynamic theory, 31469
 construct validity; early smoking experience questionnaire; adolescent smokers, 30421
 construct validity; retrospective perception; parental relating scales; questionnaires; childrearing, 99
 coping; stress responses; Navajo adolescents; psychometric properties; Responses to Stress Questionnaire, 27302
 creativity fostering; technology; knowledge; business success; test development; factor structure; test validity; test reliability; questionnaires; high-tech organizations, 15115
 delayed reinforcers; hyperbolic function; human operant studies; impulsivity; choice behavior; consumption; consumable reinforcers; discounting rates; questionnaires, 15179
 depressive disorder; patient health questionnaire; outcome and process assessment; sensitivity to change; depression outcome, 28654
 developmental psychopathology; mental health assessment; Strengths and Difficulties Questionnaire; questionnaire evaluation, 33564
 driving behavior; Manchester Driver Behaviour Questionnaire; cross cultural differences; test reliability; driving errors or violations, 27275
 dysfunctional thinking; career decision making; Career Thoughts Inventory; Career Decision-Making Difficulties Questionnaire; career readiness, 30510
 Eating Disorder Examination Questionnaire; eating disorder screening; community; women; test validity, 21150
 Eating Disorders Inventory; clinical assessment; eating disorder; anorexia; bulimia; body dissatisfaction; perfectionism; distrust; maturity fears, 18171
 eating disorders; adolescent attitudes; body weight; body image; Short Screening Questionnaire; Eating Attitude Test, 33502
 electronic data capture; health-related quality of life; electronic questionnaires; asthma; caregivers; paper questionnaires, 6240
 EORTC QLQ-C30 (version 3) and EORTC QLQ-BR23 Chinese version; breast cancer patients; active treatment; test/retest reliability; cognitive functioning; physical functioning, 201
 factor structure; confirmatory factor analysis; EXPAGG; psychometric scales; construct validity; two-factor model; measurement, 18114
 factor structure; Coping Strategies Questionnaire; utilitarian version; CSQ24; chronic back pain, 145
 factor structure; factorial integrity; composition; Self-Presentation in Exercise Questionnaire, 12462
 factorial structure; Sociocultural Attitudes Towards Appearance Questionnaire; test validity; test reliability; psychometrics, 33497

- fibromyalgia patient; psychometric evaluation; psychometric properties; chronic pain patients; pain-related fear; pain severity; pain vigilance and awareness questionnaire; chronic pain syndrome, 12489
- Full Resource Partnering Questionnaire; role perception; job description; partner role; parent role; family relationships, 12470
- Health and Work Questionnaire; instrument; psychometrics; workplace productivity; worker health; smokers, 30484
- Holy Spirit Questionnaire; Spiritual Well-Being Scale; Spiritual Assessment Inventory; perceptions; personal knowledge; Christians; holy spirit, 24206
- humor style; personality; well-being; university students; scale reliability; Humor Styles Questionnaire, 21117
- implicit association test; automatic cognition tests; test faking; questionnaire measures; explicit measures; explicit tests, 30423
- Inflammatory Bowel Disease Questionnaire; Medical Outcomes Study Short-Form 36; ulcerative colitis; quality of life; test comparison; discriminatory power, 24297
- information strategies measurement; information satisfaction questionnaire; questionnaire development; cancer; oncology, 27326
- Internet addiction; prevalence; Norwegian youth; Norway; questionnaire, 28820
- Internet sexuality questionnaire; instrument dropout; respondent characteristics; males; females, 12471
- job applicants; general beliefs; selection treatment beliefs; Social Process Questionnaire on Selection; questionnaire development, 30508
- Juvenile Offender Parent Questionnaire; test development; parent self-report measurement; parent competency; exploratory factor analysis, 18097
- Kings Health Questionnaire; overactive bladder patients; health related quality of life; psychometric properties evaluation; reliability; validity, 21174
- Leeds sleep evaluation questionnaire; self-report; getting to sleep; quality of sleep; awakening from sleep; alertness; behavior following wakefulness; cross-cultural validation; reliability; insomnia, 9469
- leisure time; total energy expenditure; double labeled water; basal metabolic rate; calorimetry; physical activities; Minnesota Leisure Time Activity Questionnaire, 6362
- malingering neurocognitive dysfunction; exaggerated pain reports; litigants; chronic pain; McGill Pain Questionnaire; Pain Disability Index; Modified Somatic Perception Questionnaire; test sensitivity, 6357
- maternal representations; pregnancy; early motherhood; test validity; L'entretien; Turkish translation; primiparous pregnant women; primiparous mothers; postpartum period; content-free dimensions, 9393
- medical disorders; psychiatric patients; questionnaires, 7795
- medical students; homeless people; students attitude; medical school; questionnaire; test score; instrument validity, 27263
- menopause; Menopausal Sexual Interest Questionnaire; sexual interest; sexual desire; test reliability; construct validity; sexual function, 27281
- Meta-cognitions Questionnaire-Adolescent Version; test development; test validation; emotional correlates; meta-cognition; internal consistency; emotional well-being, 24187
- metacognitions questionnaire; metacognitive beliefs; psychological disorders, 18170
- metastatic breast cancer; major depression; self-report questionnaires; depressive disorder; women, 27317
- mind development; young children; conversational styles; mothers mental state; Maternal Mental State Input Inventory; mothers; children; theory of mind, 938
- Mini Asthma Quality of Life Questionnaire; asthmatic adults; dimensionality; gender differential item functioning; confirmatory factor analysis; gender differences; item analysis, 27354
- mobile phone use; questionnaire; development; validity; methodology; real-time measures; Interactive Voice Response; technology; airtime; habitual behavior, 15882
- nocturnal panic; Fear of Loss of Vigilance Questionnaire; test development; validity; anxiety; panic disorder; meditative relaxation; imagined hypnosis; daytime panic; test-retest reliability, 9435
- Outcome Questionnaire; sensitivity to change; personal counseling; university counseling center clients, 9436
- Patient Distress Scale questionnaire; factor structure; internal consistency; emotional disturbances; awareness; test reliability; acute neurological patients, 186
- patient-doctor relationship; relationship questionnaire; general practice patients; psychometric qualities; validity; psychometric evaluation; primary care; test reliability, 18168
- Penn State Worry Questionnaire; confirmatory factor analysis; anxiety disorders; mood disorders, 6285
- Penn State Worry Questionnaire; generalized anxiety disorder; social anxiety disorder, 18125
- Person's Relating to Others Questionnaire; psychometrics; internal consistency; principal component analysis; psychotherapy patients; nonpatients; gender differences; mean scores, 9379
- personality disorders; cognitive theory; Thoughts Questionnaire; reliability; validity; dysfunctional thought patterns, 10859
- playground climate; lunchroom climate; bullying; bullying prevention programs; psychometrics; social functioning; behavioral functioning; Playground and Lunchroom Climate Questionnaire, 3233
- positive youth development; social cognitive theories; school personnel; asset building behavior; public schools; health promotion, 23786
- PQRS-Montreal 1.0 questionnaire; head injury rehabilitation service quality; client perceptions; rehabilitation services; test development; test validation, 66
- predictive validity; general recidivism; Self-Appraisal Questionnaire; release outcome; male offenders; criminal outcomes, 3194
- principal components analysis; Perceptions of Labour and Delivery Scale; component structure, 30364
- Proxy Efficacy Exercise Questionnaire; Instrument Development; female exercisers; proxy efficacy beliefs; structured group exercise, 33465
- psychiatric diagnosis; Strengths and Difficulties Questionnaire; clinician diagnosis; mental health service, 32236
- psychometric investigation; religious faith questionnaire; convergent validity; Santa Clara Strength of Religious Faith Questionnaire, 33478
- psychometric properties; achievement goal questionnaire; academic context; goal orientation, 18179
- psychometric properties; Children's Treatment of Animals Questionnaire; humane behavior, 3153
- psychometric properties; Strengths and Difficulties Questionnaire; Australian children; SDQ; parent-report SDQ; internal consistency; stability; external validity; internal reliability, 30367
- psychometrics; Obsessive Beliefs Inventory; Interpretations of Intrusions Inventory; obsessive compulsive disorder; generalized anxiety disorder; test reliability, 24277
- quality of life research; new technology; computer assisted interfaces; alternate form reliability; computer assisted approaches, 21091
- quality of life; colorectal cancer patients; psychometric properties; construct validity; disease specific questionnaire, 203
- quality of life; health services; health profile; health services evaluation, 27272
- quality of life; lung cancer patients; test validation; test reliability, 27265
- questionnaire development; questionnaire administration; right questionnaires, 30554
- questionnaires; academic disciplines; psychology; biology; learning style; study processes; academic disciplines, 23891
- reliability induction; reliability generalization; alcohol screening instrument, 18070
- revised Learning Process Questionnaire, 24310
- routine care quality; schizoaffective disorder; schizophrenia; outcome measures; assessment scales; systems care; psychometrics; Schizophrenia Care and Assessment Program Health Questionnaire, 151
- scale development; validation; Usability Questionnaire for Online Shops; factor structure; shop response time; shop size; services; product distinctiveness; trust; intention to buy; decision to buy, 6108
- seasonal affective disorder; primary care prevalence; Seasonal Health Questionnaire; general practice validity; predictive value; research interviews; design; clinical criteria, 14987
- second language acquisition; learning context; language programs, 27380
- Self Perception Profile for Children; psychometrics; self-esteem; factor structure; test reliability; internal consistency; test-retest stability; test validity; Dutch school children, 6264
- self presentation; self-handicapping strategy; structured exercise; unstructured exercise; Self-Handicapping Exercise Questionnaire; SHEQ; test development, 64
- self-report instruments; task performance; cognitive psychology; models; methods; questionnaire design, 21238
- self-regulation questionnaire; psychometric properties; factor structure; internal consistency; test validity; social desirability; alcohol consumption; alcohol-related problems, 12440
- self-report; Strengths and Difficulties Questionnaire; psychiatric disorders; screening instrument, 24182
- self-reported adherence; plasma protease inhibitor concentration; PPIC; HIV-infected patients; non-adherence detection; self-administered questionnaires, 6355
- sensitive questions; computer-assisted self-interviewing; self-administered questionnaires; disk by mail; special populations; primary school children; visually impaired; deviant adolescents, 9346
- sexual function; quality of life; psychometrics; sexual symptoms; outpatients; self-report questionnaire; psychometric validity; Sexual Function and Quality of Life questionnaire, 21077
- Sexual Modes Questionnaire; cognitions; emotions; sexual response; sexual function; sexuality; reliability; validity; measurement, 12467
- shoulder pain; circulation strokes; cognitive deficits; stroke patients; questionnaire completion; complex disability; AbilityQ; ShoulderQ; neurological disability; communicative deficits, 12498
- sleep diary; single-administration questionnaire; test-retest reliability; convergent validity; sleep measures; sleep habits; Sleep Timing Questionnaire, 3128
- social science research; ethical issues; web-based questionnaires, 21235
- Sociocultural Attitudes Towards Appearance Questionnaire-3; test development; validity; test revision, 21099
- Spanish-speaking adults; questionnaire validation; questionnaire translation; English version; Hispanic; Spanish Life Support Preference Questionnaire, 9457
- spiritual well being model; test development; test validity; test reliability; Spiritual Well Being Questionnaire, 6269
- Sport Achievement Orientation Questionnaire; Japanese athletes; test development, 33483
- stages of change; self-reported exercise; age; body mass index; exercise interventions; exercise change questionnaire; validity; community residents, 15091
- Strengths and Difficulties Questionnaire; psychiatric disorders; looked after children; mental health screening; multi-informant algorithm; psychometrics; foster children; residential care, 33546
- Strengths and Difficulties Questionnaire; psychometrics; scores; scale means; standard deviations; Nordic countries, 33492
- Strengths and Difficulties Questionnaire; screening; psychometric properties; Dutch; children, 12455
- structural validity; reading motivation dimensions; Motivations for Reading Questionnaire, 12524
- Structured Clinical Interview for DSM-IV Personality Disorders Personality Questionnaire; psychometrics; self-report personality questionnaire, 3170
- Swedish version; Body Shape Questionnaire; test reliability; test validity, 30407
- Swedish version; Strengths and Difficulties Questionnaire; children; adolescents; mental health screening; psychopathology, 3195
- symptom frequency; symptom severity; assessment of depressive symptoms; Hopkins Symptom Checklist; Center for Epidemiological Studies-Depression survey; older adults; test validity; question items, 9412
- telephone interviews; face to face interview; national probability samples; random digit dialing; telephone respondents; questionnaires; respondent satisficing; social desirability response bias, 21218
- Ten Questions Questionnaire; neurological impairment; test validity; test reliability; psychometrics; rural community, 27340
- test development; Multidimensional Pain Readiness to Change Questionnaire; pain self-management; coping, 12516
- test validity; test reliability; analog scale display; mood assessment; hand-held computer, 95
- Veterans Affairs Low Vision Visual Functioning Questionnaire; questionnaire performance; visual difficulties; vision rehabilitation services; outcomes, 27285
- Vulnerable Attachment Style Questionnaire; VASQ; adult attachment style; depression; test validity; test construction; insecurity; social support, 79
- winter pattern seasonality; mood; Seasonal Pattern Assessment Questionnaire; test validity, 101
- work performance; integrity; trustworthiness; employees; questionnaires; English; Spanish, 15116
- workplace learning; heavy workload; workplace climate questionnaires; physicians; Approaches to Work Questionnaire for Physicians; Workplace Climate Questionnaire for Physicians, 15113
- Zuckerman-Kuhlman Personality Questionnaire; psychometric properties; disorder personality; factorial analysis; Dimensional Assessment of Personality Pathology-Basic Questionnaire, 9437
- Zuckerman-Kuhlman Personality Questionnaire; psychometrics; Spanish; personality traits; five factor model; internal consistency; discriminant validity; cross cultural reliability; factor structure, 24208

Quetiapine—Serials

antipsychotic medication; second generation antipsychotics; torticollis; neck muscle contractures; quetiapine; haloperidol; clozapine; schizophrenia patient; side effect medications, 35528

- chronic motor tic disorder; quetiapine; Tourette's syndrome, 29313
- extrapyramidal symptoms; amisulpride; psychosis; elderly; quetiapine, 28715
- quetiapine abuse; prison inmates, 35045
- quetiapine addiction; refractory obsessive-compulsive disorder; treatment resistant patients; clomipramine, 2218
- quetiapine; breast milk; breast-feeding; infant exposure, 35546
- quetiapine; elderly patients; parkinsonism; psychosis; antipsychotic effects; motor functioning, 11576
- quetiapine; gabapentin; treatment-resistant schizoaffective disorder; crack cocaine addiction; comorbidity, 29402
- quetiapine; lithium; divalproex; treatment; bipolar mania; tolerability; combination therapy, 29378
- quetiapine; manic symptoms as side effect; psychotic illnesses; mood altering properties; medication; antidepressants, 32462
- quetiapine; schizoaffective disorder; polysubstance dependence; treatment noncompliance; antipsychotic medications; adverse effects, 35514
- quetiapine; treatment refractory schizophrenia; first-generation antipsychotics; hospital patients; drug dosage, 29377
- tic rate reduction; quetiapine; child & adolescent treatment; Tourette's disorder, 2196
- weight change; antipsychotic efficacy; weight loss; excessive weight gain; olanzapine; quetiapine; schizophrenia; schizoaffective disorder; bipolar disorder; major depression; psychosis, 32440
- Quinidine** [See Alkaloids]
- Quinine—Serials**
- quinine; trigeminal subnucleus caudalis; chemonociceptive cells; c-fos immunohistochemistry; immunoreactivity; rats, 15676
- Quinpirole—Serials**
- clorgyline; locomotion; rats; sensitization; sigma receptors; quinpirole; mousting; imidazole; I2 receptor, 15739
- hypophysectomy; dopamine agonist quinpirole; behavioral sensitization; rats; clorgyline; locomotor sensitization; hypophysectomized rats; hypothalamo-pituitary-adrenal axis function, 15738
- locomotor sensitization; presynaptic stimulation; dopamine agonist; quinpirole; drug tolerance, 18765
- nucleus accumbens; dopamine D2 receptors; inflammatory pain; antinociception; pharmacological agonism; melolimbic stimulation; feedback inhibition; quinpirole; sedation; motor coordination; rats, 13088
- quinpirole; maintenance phase; continuous reinforcement; reduced response rates; free-operant procedure; behavioral extinction; behavior-reward association; rats, 3924
- Race (Anthropological)—Serials**
- Black identity; race; Black foreign-born; Pan-African framework; urban middle school students; African American; foreign-born student; study unit on Africa; knowledge of Africa, 9004
- black urban regime; working-class resistance; race; hegemony; United States; majority black city; authoritarian practices; neoliberal agenda; consensual practices; control, 13362
- blacks; whites; race; probability of arrest; offenders; National Incident-Based Reporting System; NIBRS; multivariate logistic regression, 3103
- college students; cognitive ability test performance; self efficacy; race; African Americans, 12461
- cross-national comparative research; ethnic studies; United States; Michael Banton; race; teaching; scholarship; partisanship, 16133
- crossed categorization; differentiation outcomes; intergroup bias; simultaneous testing; social category; race; gender; relationship status; hometown size; categorization; simple condition, 28411
- drag queens; gender; sexuality; race; culture; heterosexism; sexism; racism; ambivalence; movies, 34552
- ethnic categorization; face identity; ethnic decision; familiarity; semantic code, 33708
- ethnic cosmetic surgery; beauty; race; ethics; Michael Jackson, 22186
- every day race-making; racial formation tradition; social construction; race; political construction; racial identities; racial categories; schools, 14676
- evolutionary psychology; sociobiology; cross-cultural research; race; behavior, 1080
- human development; human diversity; developmental psychology; culture; gender; race; ethnicity, 28061
- law; cultural production; race; racialized systems; oppression; America; society structure; inequality; sociopolitical systems; racism; racist social structure, 13301
- race; college students; career role models; role model influence; career intervention, 36189
- race; ethnicity; sexual orientation; sport psychology; exercise psychology; research, 27122
- race; identity formation; Whites; countertransference dynamics; Blacks; racial dynamics; slavery, 35482
- race; identity formation; Whites; countertransference dynamics; Blacks; racial dynamics; slavery, 35492
- race; identity formation; Whites; countertransference dynamics; Blacks; racial dynamics; slavery, 35493
- race; skin color; psychology; trivialization; African descent; human social conditions, 31340
- racial studies; Europe; ethnic studies; Anglo-American vision; deceneration, 16121
- self esteem; middle school; race; social class; socioeconomic status, 31250
- sexual spectacle; racial identities; gender meaning; gender boundaries; sexuality; Puerto Rican wannabes; class, 22256
- White drag; gender performance; race; class; sexuality; drag queens; femininity; drag performances, 34564
- Race (Anthropological)—Chapters**
- U.S. educational achievement in the 20th century: Brilliant success and persistent failure, 23902
- Race and Ethnic Discrimination—Serials**
- aboriginal communities; maternal child health care; professional practice; nursing involvement; practising nurses; health services; health inequities, 11809
- academic success; Latino students; youth; discriminatory experiences; institutional barriers; acculturation; parents; family socioeconomic status school drop-outs, 23881
- African American families; perceived racial discrimination; substance use; drug use effects; parents; children; adolescent health; friends; risk cognitions; effective parenting, 16088
- African American women; mental health clinicians; therapeutic relationship; emotional problems; mental health medical practice; chronic debilitating illnesses; racial discrimination, 23529
- African Americans; Asian Americans; high school students; ethnic minority; racial discrimination; harassment; school environment, 26968
- anti-racist pedagogy; teacher education; teaching observations; anti-racist educators; cross-cultural education, 17594
- ascriptive inequality; race disparities; sex disparities; models; mechanisms of inequality, 22159
- chronic pain; aging; pain management; racial differences; Black Americans; White Americans; older adults; psychological functioning; pain characteristics; pain disability; comorbidities, 22118
- demographic changes; racial conflict; minority groups; multiculturalism; racial hierarchy, 34472
- ecological risk; perceived discrimination; psychological adjustment; African American youth; European American youth, 28229
- emotion-focused coping; problem-focused coping; racial discrimination; mental health effects; minority individuals; immigrants; depression; cultural norms, 22195
- ethnic discrimination; psychological distress; ethnic minority young people; self-esteem; gender differences; coping; stress; well-being, 28455
- ethnic identities; cultural diversity; Asians; Latinos; public university students; recent immigration; discrimination; college experience; black exceptionalism theory of race and ethnicity, 10362
- ethnic inequalities; socioeconomic position; racial discrimination; economic inequalities; economic position; racism; social inequalities; ethnic groups, 22411
- ethnoracism; sandwiched minorities; colorblind racism; racial matrix of domination; ethnic factors; racism experiences; global factors; multiracial groups; social construction; Puerto Rican Americans, 28223
- genetic research; health disparities; racial discrimination; poverty, 29663
- high school students; educational attitudes; academic achievement; future temporal orientation; minority status perceptions; student attitudes; societal inequity; Blacks, 23870
- Internet sites; extremist web site content; extremist groups; racism; hate groups online; content analysis; supremacist literature; organized groups; unaffiliated individuals; website links, 13135
- mass imprisonment; life course; race inequality; class inequality; incarceration; prison; black men; white men; penal inequality, 36541
- mental health service access; racial disparity; ethnic disparity; poverty areas; Whites; minority population; poverty level; Blacks; Hispanics; Asians, 5527
- mortality rates; racial composition; income inequality; metropolitan statistical areas; American cities; mortality; racial composition; MSAs; whites; blacks; health, 16085
- occupational expectations; ethnic labor market; educational segregation; Palestinian students; high school students; social inequality; Jewish majority; Muslims; Christians; Druze; Israeli society, 17732
- older ethnic groups; group experimental participants; health-related research; health research disparities; minority groups, 23492
- perceived discrimination coping; ethnic identity; mental health; discrimination stress; depressive symptoms; ethnic pride, 19034
- physiological responses; discrimination; racism; encounter effect, 21782
- post-apartheid; work restructuring; South Africa; democracy; liberalization; racial equity; pressure competence; managerial strategies, 23954
- problem drinking patterns; Africa Americans; discriminatory experiences; prejudice; coping strategies; racial discrimination, 19683
- professional culture; professional personhood; nurses; gender; race; ethnography, 8916
- race discrimination; ethnic discrimination; racism; social discrimination; health status; disease risk; mental health, 23532
- race mixture; racialised barriers; multiracial consciousness; white supremacist; racial discipline; racial purity; racial oppression; racialised difference; racial identity; hegemonic structure, 10363
- race relations; higher education; cooperating learning technique; jigsaw classroom; racial discrimination; intergroup relations, 36200
- race; identity formation; Whites; countertransference dynamics; Blacks; racial dynamics; slavery, 35492
- racial boundaries; socioeconomic mobility; migrant labor; citizenship; family formation; land ownership, 34403
- racial discrimination; earnings disparities; gender comparisons; racial and ethnic differences; Hispanic owned firms; architecture; structural engineering; civil engineering, 12238
- racial discrimination; strategic assimilation; racial hierarchy; identity construction; middle-class Blacks, 34474
- racial hierarchy; racism; multiethnic society; racial oppression; racial inequalities, 34438
- racial identity; racial discrimination; stress perceptions; psychological distress; African American young adults, 19037
- racial inequality; racism; anti discrimination policy; racial hegemony; racial hierarchy, 34469
- racial prejudice role; police profiling; source motivation; discretionary police stops; institutional domains; racial profiling; sources of profiling; prejudicial roots; links, 28233
- racial profiling; Mexican American social identity; group stereotyping; stereotypic behavior; minorities; American society; court cases; minority victimization; hegemonic structure; Hispanic identity, 28222
- racial profiling; theoretical rationale; contextual examinations; local area profiling; community context; community-level processes; theory links; Miami-Dade County neighborhoods, 28228
- racial studies; ethnic studies; Black reparations; African American reparations; racialization; race relations; racial profiling; social institutions; cultural institutions, 28225
- religion; racial inequality attitudes; blacks; whites, 28168
- religious Americans; racial profiling attitudes; nonreligious individuals; moral demands; terrorist attacks; Arab Americans; Muslim Americans; morality, 28174
- social psychological research; race; racism; discrimination, 10525
- socioeconomic status; minority group discrimination; racial discrimination measurement; social economic discrimination; fruit quality; store bought item; health; supermarket produce, 13320
- Truth and Reconciliation Commission; economy; politics; South Africa; racial conflicts; perceived effectiveness; truth; reconciliation; Xhosa; Afrikaner; English; South Africans, 9298
- verbal abuse; racial discrimination; Brazil; racial insult, 22187
- Vietnamese refugees; experiences; discrimination; school environment; racism, 14679
- wage discrimination; foreign competition; interindustry concentration; import penetration; domestic competition; racial wage disparity, 30110
- white supremacy; racial despotism; militarisation; prison; slavery; racialization; US law and order; state-sanctioned terror; police brutality; mass incarceration; white populism, 10342
- Race and Ethnic Discrimination—Chapters**
- Perceived discrimination and resilience, 4167
- Race Attitudes** [See Racial and Ethnic Attitudes]
- Race Relations** [See Racial and Ethnic Relations]
- Racial and Ethnic Attitudes** [See Also Antisemitism, Ethnocentrism, Racism]—Serials
- adolescent attitudes; adversity; psychological well-being; mental health; economic disadvantage; school adjustment; problem behavior; Hong Kong; Chinese cultural beliefs, 28128
- African Americans; high school students; Blacks; religiosity; media exposure; racial self esteem; self concept; stereotypes, 13260

Volume 91 SUBJECT INDEX

Racial and Ethnic Attitudes—Serials

Arabs; rhetoric; September 11 tragedy; enemy image construction; stereotypical words; stereotypical images; media portrayals; popular culture portrayals, 31342
basketball players; Black male athlete representations; Black men; Whites' responses; voyeuristic responses; desire; fear; historical images, 13321

Volume 91 SUBJECT INDEX

Racial and Ethnic Groups—Serials

gender identity; biological sex; spirituality; sense of self; roles; behaviors; occupation; dress; sexuality; government; religious ideology; subjectivity, 28468
gender; exceptionalism; interventions; racial domination; awareness; feminism, 28310
health-related quality of life; women; perimenopause; ethnic group; health adjustment; lifestyle adjustment; psychosocial adjustment; sociodemographic adjustment, 14309
health-wealth association; older Americans; racial-ethnic groups; social policy; racial-ethnic differences; race; ethnicity, 28178
HIV/AIDS patients; overall quality of life; sociodemographics; behavioral variables; multiethnic patients; disadvantaged; health related quality of life; work-role functioning; stage of disease, 4926
immigrant families; youth; postsecondary educational progress; educational experiences; ethnic backgrounds, 26924
immigrant status; smoking prevalence statistics; tobacco use; race; ethnicity; smoking prevalence; cigarette smoking, 22265
immigrant suicide rates; ethnohualisms; hate speech; ethnic immigrant groups, 25125
in-group; out-group; social images; social perception; Jews; Arabs; group favoritism; majority; minority; age differences; children; adolescents, 945
individual differences; test scores; intelligence tests; cognitive ability; racial groups; Blacks, 28470
intergroup relationships; adolescent development; emotional separation; parent-adolescent relationships; ethnic groups; individuation process; developmental theories, 30383
intergroup conflict; self-directed negative affect; out-group derogation, 19111
journal information; diverse populations; broadened scope, 14050
male circumcision; sociodemographic characteristics; HIV infection; sexual behavior; ethnic group, 11670
marginality theory; construct validity; minority and ethnic groups; social processes; social science, 10299
menopause symptoms; Mayan women; Guatemala; ethno-linguistic groups; Mexico, 15704
mental health services; ethnic groups, 17305
minority status; disabled people; rehabilitation education; rehabilitation practice; representation theory; race; culture; ethnic minorities; minority models, 34476
multicultural counseling competencies; ethnic groups; counseling profession; American society, 14614
multicultural group counseling; teaching; ethnicity; race; group counselors, 23671
multiracial children; adult attitudes; race; friends; self-perception; depressive symptoms; European American; African American, 1067
mutual assistance; social exchange; family relationships; intergenerational relations; Filipino Americans; African Americans; Latinos; Cambodian Americans; extended family, 7527
palliative care; families; ethnic backgrounds; information sharing; cancer, 32129
partner violence; ethnic risk factor, 10907
physician characteristics; ethnicity; preventive health services; cancer screening; Korean-American women, 14376
pretrial detention; imprisonment decisions, 9315
psychohistorical thought; national groups; ethnic groups; Palestinians; antisemitism, 31318
psychology; culturally diverse society; psychologists; mental health; social harmony management; racism, 29859
psychometric properties; Social-Cognitive Assessment Profile; social competencies; test validity; racially diverse populations; elementary school students; gender; aggression, 21107
race; brain size; IQ; biology; reductionism; determinism; cognitive ability, 18355
racial composition; educational aspirations; equity; multiracial society; school support; higher educational attainment, 36174
racial hierarchy; racism; multiethnic society; racial oppression; racial inequalities, 34438
racial studies; Europe; ethnic studies; Anglo-American vision; deceleration, 16121
racioethnicity; physioethnicity; socioethnicity; psychoethnicity; globalization; business; job-related attitudes, 27021
randomised controlled trials; ethnicity; data reporting; cross country comparison, 30567
sexual health discourses; preventive sexual health; eudaimonic sexual health; sexual pleasure; morality; ethnicity; race, 26533
sexual orientation; lesbianism; gay; bisexuals; male homosexuality; bisexuality; transgendered; people of color; social discrimination; prejudice; research needs; issues of concern, 31427

shared norms; ethnic markers; human populations; ethnic groups; ethnic group membership; ethnic groups; altruistic behavior; mathematical model; marked groups; groups; social behavior, 13312
smoking cessation interventions; ethnic minority groups, 14481
social adjustment program; Southeast Asians; mental health; substance abuse prevention; multiple cultural groups; family; best practice models; cultural communities; service delivery systems, 5609
social class categorizations; prejudice; racial groups; ethnic groups; racial stereotyping, 31463
social conflict situations; ethnic group membership; problem solving; Roma children; social helplessness; social competence, 22082
social health inequalities; chronic HIV; highly active antiretroviral therapy; HAART; deprived communities; ethnic minorities; women; adults, 28262
spirituality; substance abuse; adolescents; health-as-a-value; multiethnic groups; at risk population, 28871
stereotype threat; test performance; ethnicity inquiries; gender inquiries; problem-solving task; intellectual ability; ethnic groups, 31545
summer reading; ethnic achievement gap; low-income students; reading; books; reading proficiency, 36159
university teaching; ethnic studies; racial studies; racial relations; ethnic relations; political problems; sociology; comparative study; knowledge, 16128
values structure; religiosity; support; solidarity; conformity; benevolence; leadership; achievement; human enhancement; Northern Sotho speaking people; African vs German culture, 22197
Veterans Affairs administrative data; patient self report; race; ethnicity; American patients; Asian patients; Pacific Islander patient, 13308

reproduction of racialized systems; social control; racialization; racialization processes; racist moorings, 13300
resistance strategies; African American women; racism; sexism; coping strategies, 31323
social interaction; segregated groups; segregation; psychoanalytic thinking; analyst subjectivity; racism; racialism; Blacks; Africans; South Africa, 31640
social psychological research; race; racism; discrimination, 10525
social reasoning; racial exclusion; social relationships; decision making; interpersonal relationships; overt racism; intimate relationship; non-intimate relationships; personal choice, 16132
spontaneous stereotyping; African Americans; implied stereotypical trait; stereotypical behaviors; prejudiced Whites, 19038
teacher preparation programs; psychological stress; teacher education; academic failure; diversity ideologies; competency; teacher potential; cultural dimensions, 23712
transnational issues; multicultural curriculum; teachers; ethnic cultures; transnationalism; immigration; racism; multicultural teacher education, 36129
university teaching; higher education institutions; ethnic diversity; racial studies; value commitments; ethnicity; ethnic studies; subject benchmarking; ethnic diversity, 16135
Vietnamese men; masculine gender roles; refugee experiences; acculturation; racism; nhau ritual, 19035
Vietnamese refugees; experiences; discrimination; school environment; racism, 14679
white identity; identity development; teacher educators; racial identity; identity theory; antiracism; race issues; antiracism; intrarace relations, 23779
White racism; critical race theory; teacher educators; White students; racial biases, 23787
xenophobia; racist beliefs; cognitive mechanisms; daily lives; cognitive limitations, 31540
Radial Nerve [See Spinal Nerves]
Radiation—Serials
cannabinoid receptors; tetrahydrocannabinol therapy; radiation dose; Tourette syndrome, 23343
contralateral response; macrophages; astrocytes; cerebral hemisphere; brain injury; prenatal gamma irradiation; rats, 34068
depression screening; head cancer; neck cancer; radiation, 19913
ionising radiation; cognitive function; adulthood; low doses; infancy, 34145
ionising radiation; cognitive function; adulthood; low doses; infancy, 34149
ionising radiation; cognitive function; adulthood; low doses; infancy, 34169
ionising radiation; cognitive function; adulthood; low doses; infancy, 34173
Radiation—Chapters
Psychological effects of contamination; Radioactivity, industrial toxins, and bioterrorism, 1748
Responses of individuals and groups to consequences of technological disasters and radiation exposure, 1749
Radiation Therapy—Serials
atonic seizures; childhood epilepsy syndromes; childhood cancer; chemotherapy; cranial irradiation, 8180
attention impairments; cranial irradiation; chemotherapy; childhood cancers; information processing skills, 32531
catastrophizing; fatigue; women; chemotherapy; radiotherapy; breast cancer, 17170
nasopharyngeal carcinoma patients; NPC; radiation therapy; RT; pain management; pain intensity; pain characteristics; pain trajectory; Taiwanese patients, 5428
neuropsychology; cognitive functioning; partial brain radiation therapy; RT; brain tumors, 8647
pain response criteria; radiotherapy response; advanced cancer patients; painful bone metastases; palliative radiotherapy treatment, 5453
pediatric craniospinal irradiation; medulloblastoma; side effects; prediction of intellectual outcome; chemotherapy; age differences; human sex differences; parental education level, 2317
radiation treatment; cancer treatment; in-depth interviews; treatment facility; patient perspectives, 2293
sexual attitudes; life quality; White men; African-American men; radical prostatectomy; radiation therapy; localized prostate cancer, 17171
visual attention; long-term survivors; acute lymphoblastic leukemia; cranial radiation therapy, 20488
Radical Movements [See Also Political Revolution]—Books
Wilhelm Reich: Psychoanalyst and radical naturalist, 6229

Radicalism (Political) [See Political Radicalism]
Radio—Serials
homework performance; background media; radio music; music videos; television soap opera; high school students; homework time spent, 17712
moral discourse; self discourse; interaction patterns; Love-line; radio advice show; healthy selfhood; intimate troubles; postmodern world, 34668
psychological theories; sociobiological theories; developmental psychology; radio diaries; teaching, 17669
Radiography [See Roentgenography]
Rage [See Anger]
Random Sampling—Serials
random assignment; treatment preference; internal validity; clinical outcomes; services outcomes; treatment condition; randomized clinical trials, 3270
research methodology; attention deficit/hyperactivity disorder; assessment instruments; nonrandom assignment; statistical analysis; research literature, 24349
school-based intervention; intraclass correlations; alcohol outcomes; tobacco outcomes; drug outcomes; group-randomized trials, 23614
space sampling method; sampling units; random samples, 18200
Rank Order Correlation—Serials
comprehensive opportunity sets; ranking compact; freedom-of-choice; individual; real-valued function, 6992
David's score; Clutton-Brock et al's index; animal dominance; ranking methods; social groups; dominance hierarchy; interaction success, 495
lexical access; frequency effect; serial comparison; verification procedure; search model; rank order; rank hypothesis, 25708
social housing; lay participants; influencing variables; resource rank ordering; housing list; housing allocation; gender; smoking habits; mental health; intelligence, 19098
Rape [See Also Acquaintance Rape]—Serials
anti-rape video; sexual coercion; rape prevention; attitudes; alcohol expectancies; attitudes toward women; beliefs about rape; male undergraduates, 19088
borderline personality disorder; remission; poor prognosis; violent serial rapist, 22605
child molesters; recidivism; rapists; sex offenders; sexual victimization; sexual abuse; criminogenic profile; treatment compliance; psychosocial disturbance; background, 19713
child rape; sexual abuse; disclosure; mental health outcomes; National Women's Study; major depressive episode; PTSD; posttraumatic stress disorder, 13249
community research; rape survivors; community psychology; community members, 26645
counterfactual thinking; blame assignment; rape victims; well being; self blame, 7964
crime problem; prisoner sexual assault; prisoners; public health; mental health, 14929
criminal profiling; stranger rapists; law enforcement agencies, 3133
developmental factors; sexual preferences; rapists; family environment; pornography; deviant sexual fantasies, 34943
directed suppression; rape-related material; rape survivors; mental control; rape-related thoughts; distress, 25839
enuciation of no; sexual subjects; rape; homosexual advances; physical violence; sadomasochistic scenes; pleasure; performativity; performance; identity; identification; homosexual panic defense, 16215
ethnography; gender; sexual violence; confidentiality; personal experiences; rape, 28819
gender; sexuality; judgement; victim blame; rape myth acceptance; male rape; gay men, 1571
Korean Rape Myth Acceptance Scale; test development; test validity; factor analysis; violence; implications for counseling psychology, 18093
male rape; heterosexual victims; homosexual victims; masculinity; perceptions; sex role attitudes, 19591
masculinity; drama therapy; male survivors; sexual assault; male rape; group treatment, 32284
mental health services; service evaluation; rape survivors; crisis intervention; hotlines; advocacy; counseling, 11392
mental pollution; sexual assault; female victims, 19595
positive life changes; sexual assault; victims; survivors, 10909
post-rape substance abuse; post rape substance use; emotional problems; marijuana users; distress; alcohol users; anxiety reduction; video tape intervention; rape victims; post-rape acute time frame, 8849
prevalence; correlates; sexual violence; self-reported forced sexual intercourse; refugee women; internally displaced women; Azerbaijan, 1594
prison rape; sexual violence; prison experience; prison staff, 28836

program evaluation; rape prevention program; fraternity members; Men Against Violence; male role socialization; sexual aggression; college counselors; sexual assault prevention; peer training program, 2859
psychological perspective; battered woman syndrome; rape trauma syndrome; legal perspective; sexual violence; child abuse; spouse abuse, 33426
psychological well-being; lifetime sexual victimization; women military veterans; sexual harassment; rape; trauma; anxiety; depression, 4681
psychopathology; rape; posttraumatic stress disorder; sexual disorders; eating disorders; mood disorders, 34951
rape myths; blame-based beliefs; counselors in training; attributions; male victims of rape, 5772
rape perceptions; rape prevention; state policies; public perceptions; women's perceptions; Beirut, 11062
rape supportive attitudes; rapists; endorsement levels; self; other, 31978
rape; heterosexuality; epistemology; social psychology; pragmatism, 7584
rape; offense processes; rapists; child sexual offenders; relapse prevention model, 35006
rape; sexual relations; forced sex; student attitudes; rapists, 25827
rape; women; sexual health risk behaviors, 10887
risk taking behavior; menstrual cycle; rape; ovulation; ovarian cycle; women; nonrisk behavior, 4444
sexual assault victims; counseling students; college counselors; effective interventions, 2868
sexual assault; complainant sexual history evidence; jury adjudication; social influences; legal testimony; criminal responsibility, 31985
sexual assault; emergency department; epidemiology; rape victims; medical care; trends, 8745
sexual violence; self-protective actions; situational predictors; rape avoidance, 10890
survivors; rape behind bars; sexual violence; abuse personal stories; Stop Prisoner Rape; shame; guilt; humiliation; political engagement, 13718
treatment; serial rape; behavioral techniques; cognitive techniques, 5200
unacknowledged rape; rape myth acceptance; nonconsensual sex; rape victims, 35002
unacknowledged rape; rape victims; rape myth acceptance; labeling; legal definition, 35019
wartime rape; war; sexual violence; women; psychology of the offender; soldiers; multifactorial model, 31869
women college students; social situations; rape; intoxication; prevalence data, 19619
women; substance use; rape vulnerability; forcible rape; incapacitated rape; lifetime prevalence; incapacitation; sexual assault experiences, 13755
Rape Nuclei—Serials
5-HT1B receptor mRNA levels; dorsal raphe nucleus; anxiety behavior; serotonergic neurons; 5-HT1B autoreceptor; rats; stressors, 580
anxiolytic effects; median raphe nucleus lesion; neurons; limbic forebrain; anxiety; electrolytic lesion; 5-HT-selective neurotoxic lesion; dorsal raphe nucleus; T-maze, 30832
behavioral depression; uncontrollable stress; serotonergic neurons; habitual physical activity; dorsal raphe nucleus; neurons; inhibitory autoreceptors; escape responding, 21588
brain serotonergic neurons; stress; rats; dorsal raphe nucleus; brain stem, 30879
dorsal & median raphe nuclei; reciprocal serotonergic connections; hamster median; circadian rhythmicity; suprachiasmatic nucleus, 6995
dorsal raphe nucleus; fear conditioning; inescapable tailshock; corticotropin-releasing hormone; behavioral consequences; uncontrollable stress, 21781
dorsal raphe nucleus; generalized anxiety; panic; defensive behavior; rats; benzodiazepine inverse receptor agonists; serotonin agonist; 8-OH-DPAT; GABA-A receptor; muscimol, 3971
fear-potentiated startle; contextual freezing; median raphe nucleus; serotonergic mechanisms; conditioned fear responses; cues, 30873
galanin receptor-1; dorsal raphe nucleus; 5-HT neurons; serotonin transmission; species differences; rat; mouse, 12857
hippocampus; dorsal raphe nucleus; rat; guinea pig; human brain; pindolol; receptor-mediated G-protein activation, 18800
hypothalamus; hypothalamus; raphe nucleus; puberty onset; raphe nuclei; 5,6-dihydroxytryptamine; neurotransmitters; neuronal activity; serotonergic systems; ovulation; rats, 3684

immobilization stress; tryptophan hydroxylase mRNA; protein; rats; raphe nucleus; gene expression; cortisol; serotonin biosynthesis; affective disorders; posttraumatic stress disorder; animal models, 12769
locomotor hyperactivity; 5,7-dihydroxytryptamine; prepulse inhibition; serotonergic projections; rats; phenylhydrazine; dorsal & median raphe nuclei; amphetamine; animal models of schizophrenia, 9805
neuron loss; Alzheimer disease; cholinergic nuclei; aminergic nuclei; cholinergic nucleus basalis; noradrenergic locus coeruleus; dopaminergic substantia nigra; serotonergic dorsal raphe nucleus, 5030
rats; tryptophan hydroxylase; TPH1; TPH2; pineal gland; raphe nuclei, 15560
serotonergic activity; sex differences; dorsal raphe nucleus; median raphe nucleus; fear; anxiety, 6876
serotonin transporter availability; alcohol intake; aggressiveness; rhesus monkey; raphe nuclei, 13012
serotonin transporter protein gene expression; dorsal raphe nucleus; Fischer rats; Lewis rats; strain differences, 12827
swim stress; c-fos expression; serotonergic system; GABA neurons; immunohistochemical labeling, 21678
Rapid Eye Movement—Serials
major depressive disorder; rapid eye movement; sleep latency; onset, 25570
nightmare disorder; posttraumatic stress disorder; hypnopompic hallucinations; posttraumatic nightmares; isolated sleep paralysis; rapid eye movement; mental experiences; breathing problems, 26039
saccadic suppression; rapid eye movements; vision; saccades; visual sensitivity; phosphene; visual perceptions; transcranial magnetic stimulation; occipital cortex; retina, 15587
sleep behavior disorder; correlates; rapid eye movement; RBD patients; central nervous system dysfunction; occipital frequency; neurodegenerative disorders; electroencephalogram activation; REM sleep, 16596
Rapid Eye Movement Sleep [See REM Sleep]
Rapid Heart Rate [See Tachycardia]
Rapport [See Interpersonal Interaction]
Rasch Model [See Item Response Theory]
Rat Learning—Serials
amygdaloid norepinephrine; NE secretion; NE; rats; chronic nicotine self-administration; nicotine learning; amygdala, 6893
angiotensin II; learning; memory; passive avoidance; male rats, 9975
dorsolateral striatum; response learning; learning acquisition; cue deficient condition; cue available; artificial cerebrospinal fluid; lidocaine injections; rats, 18720
hippocampal-accumbens system; goal-oriented displacement behaviors; neuronal activity; rat learning; liquid reward; water-restricted rats, 9921
infralimbic prefrontal cortex; rats; goal-directed responding; overtraining; muscimol; actions; habits; operant conditioning, 6794
learning-related changes; response patterns; prefrontal neurons; instrumental conditioning; cues; operant conditioning; neural plasticity; rats, 6685
noradrenergic action; prefrontal cortex; memory consolidation; beta receptors; prelimbic region; prefrontal cortex; noradrenaline; long-term memory consolidation, 33942
olfactory sensitivity; learning; cognition; young male Wistar rats; older rats; age; odor discrimination, 24569
paradoxical sleep deprivation; M1 muscarinic receptors; [3H]pirenzepine binding; rat brain; sleep recovery; passive avoidance task; memory deficits; learning deficits, 12869
prefrontal cortex; object-place learning; attribute specificity model; brain lesions, 6801
striatal subregions; place learning; response learning; rats; NMDA lesions; dorsolateral striatum; anterior dorsomedial striatum; posterior dorsomedial striatum; mazes; spatially guided behavior, 33946
time-place learning; radial maze; spatial choice; location of food transition cues; rats, 27630
Rating—Serials
Alzheimer's disease; Mini-Mental State Examination; patient rating; informant; patients, 9354
Alzheimer's disease; Mini-Mental State Examination; patient rating; informant; patients, 9366
assessment center dimension ratings; personality inventory scores; rating source; rating domain; rating format, 21119
Behavior Assessment System for Children; BASC; reliability reporting; behavioral ratings reliability; emotional disorders; culturally diverse students, 6376
clinical child research; discrepancy measurement; informant ratings; child psychopathology, 33626
clinical trials; methodology; rater training; rater competency; rater education, 20720
cognitive performance; comfort perception; fabrics comfort; comfort ratings; visual vigilance, 6573

collaborative recommender; user ratings; algorithm; predictions; collaborative filtering, 36504
convergent validity; discriminant validity; cross-informant ratings; interparental conflict; adolescent competence; adolescent behavioral problems, 24191
DSM-IV-TR; diagnostic utility; individual symptoms; prediction; ADHD subtypes; oppositional defiant disorder; ODD; parent ratings; teacher ratings, 4775
DSM-IV-TR; diagnostic utility; individual symptoms; prediction; ADHD subtypes; oppositional defiant disorder; ODD; parent ratings; teacher ratings, 4764
extrapyramidal side-effects; bipolar disorder; mania; risperidone; monotherapy, 14195
feedback ratings; Web-based ratings; paper-and-pencil ratings; employee attitudes; managers, 9497
global self-esteem; physical self-concept; body size; primary school children, 28114
health; sickness; observer ratings; observer-rated health; self-rated health; mortality; prognostication, 2266
induced halo effect; performance rating accuracy; job performance, 1210
interrater reliability; multivariate analysis; rating; measurement, 3951
job performance ratings; cross-cultural differences; cross-cultural invariance; employees, 20919
maternal depressive symptomatology; attention deficit disorder with hyperactivity; child confederates' behavior; mother's ratings, 25547
modern racism; racism judgements; racism expression; task specificity; target specific; guilt ratings; situational ambiguity; White Americans; Black Americans; mock jurors; racial stereotypes, 10467
multisource feedback; performance improvement; business improvement, 27110
narrative comments; feedback recipients; upward feedback ratings; multirater feedback reports; behavior/task focused comments; trait focused comments; management, 23975
parent ratings; problem behavior; twins; genetic influences; environmental influences, 4674
preceptors ratings; clerkship performance; clinical evaluation form; clinical competence; test validity; medical students; medical internship, 27268
quality of life; schizophrenic patients; self-report; proxy assessment; agreement, 28684
rating behavior; rater accuracy; performance appraisal task; accountability; decision, 14750
rating congruence; staff ratings; patient ratings; lesion side; activity limitation ratings; elderly stroke patients; Barthel Index scores, 11882
rating goals; student evaluations of teachers; performance ratings; college students, 12108
screening utility; Teacher Observation of Classroom Adaptation-Revised; prediction; identification; boys at risk for later violence; aggressive behavior; disruptive behavior; teacher rating, 9362
self-other agreement; rater characteristics; ratee characteristics; biographic variables; contextual variables; performance; compensation, 30153
senior executives; self-ratings; other-ratings; self-awareness, 9087
sequential judgment; option consideration; order effect; direction of comparison effects; option ratings, 9639
student ratings; teaching quality; higher education; student attitudes; rating bias, 12049
supervision styles; activities analysis; casework; surveillance; correctional supervision; parole supervision; probation officers; parole officers; self rating; peer-rating, 12266
video games content; video game ratings; content descriptors; teen ratings, 14878
Rating Scales [See Also Likert Scales]—Serials
activities of daily living; ADL; neurologic patients; neurologic assessments, 15074
Adjustment Scales for Preschool Intervention; emotional adjustment; behavioral adjustment; childhood educational programs; scale validity; classroom adjustment problems; interrater reliability, 33590
adjustment scales; children & adolescents; core syndrome factor structure; child psychopathology, 9373
adolescent perceptions; tobacco smoking; quitting strategies; smokers vs nonsmokers; cessation strategies; adolescent smokers; smoking status, 2518
aging well; three-dimensional wisdom scale; 3D-WS; reflection; wisdom; scale construction; validity; reliability, 21105
akathisia; symptoms; diagnosis; assessment; Barnes Akathisia Rating Scale; antipsychotic medication, 12480
Ameobic Self Scale; test development; body & social & spatial symbolic self representation; boundary threat & disgust sensitivity; values; authoritarianism; unfamiliarity; out-groups; vermin; aversion, 9383
anger disorders; anger measurement; factor analysis; Novaco Anger Scale, 6271

- anxiety; assessment; pregnancy; validation; worry; Cambridge Worry Scale; reliability; factor structure, 3225
- anxiety; depression; somatization; Phan Vietnamese Psychiatric Scale; test validity; psychiatric distress; emotional distress; cultural understandings; ethnographic measure, 30460
- assessment center; multitrait-multimethod; matrices; postexercise dimension ratings; variance components; confirmatory factor analysis; dimension estimation; construct validity, 15114
- assessment scales; standardized scales; mini mental state examination; Clifton assessment procedures; geriatric depression scale; standardized assessment; nation outcome scales; psychiatric services, 24181
- attention-deficit/hyperactivity disorder; diagnosis; rating scales; patient evaluation; symptoms, 19763
- Behavior Assessment System for Children; BASC; reliability reporting; behavioral ratings reliability; emotional disorders; culturally diverse students, 6376
- behavior rating scales; positive action; social intervention; positive behaviors; proactive model, 148
- Behavioral Inhibition/Behavioral Activation Scales; psychometric evaluation; outpatients; anxiety disorders; mood disorders; latent structure; reliability; validity, 33500
- brief bipolar disorder scale; bipolar disorder; test development; psychometrics; symptom severity; Texas Medication Algorithm Project, 30440
- Brief Psychiatric Rating Scale; clinical psychopharmacology; psychiatric outcomes; factor structure; scale validity, 21162
- Brief Sensation Seeking Scale; holiday preferences; psychometric properties; prediction, 9388
- California Psychological Inventory; depressive symptom scale; construct validation; discriminant validity; psychometric properties, 33551
- Center for Epidemiologic Studies Depression Scale; factor structure; low income women; primary care clinics; depression screening, 24282
- Children's Yale-Brown Obsessive Compulsive Scale; item structure; outpatients, 6309
- Chinese translation; Nowicki-Strickland locus of control scale; psychometric properties; scale reliability; scale validity, 30386
- clinical global impression-schizophrenia scale; schizophrenia; symptoms diversity; cognitive symptoms; depressive symptoms; validity; reliability, 21137
- Clinical Global Impressions Rating Scale; Montgomery-Asberg Depression Rating Scale; Hamilton Depression Rating Scale; antidepressants; clinical trial; major depression, 24255
- Clinician Administered PTSD Scale; rating scale model; diagnostic tool; construct validity; treatment response evaluation; posttraumatic stress disorder; veterans; case definition; symptoms, 9410
- coaching confidence; Coaching Confidence Scale; instrument reliability; instrument validity, 21121
- Comprehensive Personality and Affect Scales; intraindividual variability; interindividual difference; negative affect; positive affect; subscales; measurement error; latent state-trait model analysis, 24224
- Comprehensive Psychotherapeutic Interventions Rating Scale; psychotherapists; psychotherapeutic orientations; construct validity, 30467
- computer science; help seeking scales; instrumental help seeking; help seeking benefits; help seeking; avoidance; psychometric properties; academic motivation; Perceived Benefits of Help Seeking scale, 24218
- concurrent validation; OMNI perceived exertion scale; resistance exercise; concurrent validity; OMNI-Resistance Exercise Scale; knee extension; biceps curls; gender, 21104
- concurrent validity; Schwartz Outcome Scale; SOS-10; Substance Abuse Subtle Screening Inventory-3; substance use symptoms; scores; defensiveness; clients, 150
- construct validity; Ryff's Scales of Psychological Well-being; spiritual well-being; psychometric properties; factorial validity, 12520
- consumer perceptions; meaningful response categories; specific product attributes; rating scales, 21210
- consumers' hedonic shopping; entertainment; retailing; shopping motivation; cluster analysis; adult consumers; shopper segments; rating scales; test validity, 232
- Contingencies of Self-Worth Scale; college students; theory; self-esteem; academics; appearance; approval; competition; family support; God's love; virtue; factor analysis; structure; reliability, 83
- convergent validity; test-retest reliability; Youth Rating Scale; Behavioral and Emotional Rating Scale-Second Edition; strength-based assessment, 33490
- criminal legal system; test reliability; rule-violating behaviors; Attitudes Toward the Criminal Legal System Scale; test validity; authoritarianism, 24176
- criterion related validity; reliability; psychometric properties; Self Regulation Scale; attention control; dispositional self regulation; self efficacy; negative affect; coping; goal pursuit, 30413
- criterion validity; Center for Epidemiological Studies Depression Scale; elders; depressive symptomatology, 27314
- cross-cultural adaptation; Spanish version of the Calgary Depression Scale for Schizophrenia; validation; schizophrenia, 25674
- Dementia Deficits Scale; dementia; impaired deficit awareness; self-awareness; cognitive functioning; emotional functioning; functional deficits; patient assessment; test validity; reliability, 33583
- Dementia Rating Scale; cognitive impairment; Alzheimers disease; dementia, 15072
- depressive disorders; psychopathology; Hamilton Depression Rating Scale; Montgomery-Asberg Depression Rating Scale; illness severity, 6313
- depressive personality disorders; test reliability; discriminant validity; psychometrics; convergent validity; rating scales, 24251
- depressive symptoms; major depressive disorder; anxiety symptoms; obsessive compulsive disorder; Hamilton Depression Rating Scale; dimensional structure, 18135
- development; validity; Discrete Emotions Emotional Labor Scale; business students; employees, 9492
- dietary restraint scales; acute dietary restriction; bulimic pathology; onset prediction; eating disturbance; scales validity; caloric intake; measure validity; inverse correlation, 12493
- dissociative taxon; pathological dissociation; dissociative experiences; testing, 21149
- Dyadic Adjustment Scale; French version; marital functioning; psychometric properties; Revised Dyadic Adjustment Scale; construct validity; factor structure, 68
- Eating Disorder Diagnostic Scale; validity; reliability; interview-based diagnoses; risk factors; eating pathology; internal consistency; anorexia nervosa; eating disorders; bulimia nervosa, 12494
- Edinburgh Postnatal Depression Scale; screening; postnatal depression; validation; Norwegian translation; risk factors; psychometrics, 3182
- Edinburgh Postnatal Depression Scale; screening; postpartum onset; major depression; treatment guidelines; women, 22509
- end-stage dementia; suffering; Mini-Suffering State Examination; test validity; test reliability, 27305
- Epworth Sleepiness Scale; Italian language version; validity, 9367
- ethnic differences; mental health; behavior rating scales; children, 18902
- face validity; consumer scale development; scale item retention; expert judging, 21207
- factor analysis; catatonia; psychomotor syndrome; Catatonia Rating Scale; test validity, 3193
- factor structure; Diagnostic Assessment for the Severely Handicapped-II; mental retardation; psychopathology, 27324
- factor structure; Positive and Negative Perfectionism Scale; validation; sports; factorial composition, 24171
- Faith Development Scale; test validity; adult development; maturational & faith based experiences; time; college students, 97
- Father Involvement Scale; Nurturant Fathering Scale; psychometrics; adult offspring; adolescent offspring; factor structure; reliability, 9348
- fatigue scales; assessment; diagnosis, 19849
- fatigue scales; Fatigue Assessment Scales; psychometric qualities; instrument construction; fatigue dimensions, 15095
- fatigue; Multiple Sclerosis; scales; self reports; factor analysis, 6353
- Feedback Environment Scale; managers; test development; validation; reliability; management training, 9498
- figure presentation method; figure rating scales; body image assessment; body sizes, 9531
- free time; motivation; self report measures; test development; test validity; Free Time Motivation Scale for Adolescents, 77
- Geriatric Depression Scale; poststroke depression; elderly population, 33480
- hamilton depression rating scale; pharmaceutical companies; major depressive disorder; psychometric properties; scores; depressive severity, 18123
- Hamilton Depression Scale; inpatients; factor structure; depressive disorders, 15042
- Hamilton Depression Scale; inter-rater reliability; web-based standardized education program; rater training, 5774
- Hare Psychopathy Checklist; predictive validity; psychopathy; adolescent offenders; early adulthood; violence risk, 30442
- Harvard Group Scale of Hypnotic Susceptibility, Form A; factor structure; item-response theory; Waterloo-Stanford Group C Scale, 21094
- Health of the Nation Outcome Scales; utility; community mental health care; clinical outcomes; psychosis; depression; anxiety disorders, 24270
- HIV-infection; condom reliability; HIV-negative partners; HIV/AIDS; safer sexual behaviour, 9467
- Holy Spirit Questionnaire; Spiritual Well-Being Scale; Spiritual Assessment Inventory; perceptions; personal knowledge; Christians; holy spirit, 24206
- Hopkins Symptom Checklist-25; depressive states; depression; elderly, 18126
- Hospital Anxiety and Depression Scale; coronary care patients; myocardial infarction; test utility, 205
- Impact of Event Scale; Dutch version; psychometric value; assessment instrument; confirmatory factor analyses; traumatic experiences; construct validation; construct validity; stressors assessment, 12475
- Impact of Event Scale; psychological responses; phenylketonuria gene carrier, 30483
- Impact of Event Scale; traumatic life event, psychological stress reactions, 113
- inpatient rehabilitation unit; Patient Competency Rating Scale; traumatic brain injury, 12503
- internalized stigma; mental illness; psychometrics; Internalized Stigma of Mental Illness Scale, 163
- intimate partner violence; preceding events; Proximal Antecedents to Violent Episodes Scale; reliability; validity, 34940
- intranter reliability; rating scales; emotional or behavioral disorders; students; classroom behaviors; functional behavior assessment, 136
- intrinsic spirituality scale; test development; motivation; psychology of religion, 9392
- Italian version; foreign language translation; Fibrofataigue Scale; test validation; fibromyalgia symptoms, 18137
- latent structure; Scales of Psychological Capacities; psychopathology; psychological change; psychiatric disorders; psychotherapy; integrative model of the mind; self-definition problems, 27325
- Launay-Slade Hallucination Scale; factor structure revision; predisposition, 178
- likert scales; visual analogue scales; coping function; response format; methodology; transactional coping patterns; baseline assessments, 15026
- Mahalanobis distance; unidimensionality; unidimensional measurement scale; item response patterns; scale reliability; scale dimensionality, 30548
- maintenance therapy; cutoff scores; validity; Montgomery-Asberg Depression Rating Scale; Hamilton Depression Rating Scale; Bech-Rafaelson Melancholia Scale; major depression; catapram; elderly, 9409
- marriage and family therapy; new clinicians; therapist effectiveness; skills assessment; Clinical Attributes for Therapists Scale; measurement; interpersonal attributes, 8941
- Mattis Dementia Rating Scale; cognitively intact medical patients; elderly urban adults; cognitively impaired medical patients; clinical utility, 3207
- mental health; test construction; FLAGS; test reliability & validity; social-psychological perspectives; emotions; fear; loneliness; anger; guilt; sadness, 88
- mental retardation; attention-deficit hyperactivity disorder; test reliability, 33557
- Mentor Behaviour Rating Scale; scale development; test validity; test reliability; psychometrics, 24304
- Military Life Scale; stress; social support; military adolescents; structural properties; psychometric properties; reliability; validity, 30381
- Minnesota Multiphasic Personality Inventory 2 Superlative (S) scale; incremental validity; scale evaluation; psychiatric inpatient sample, 14968
- Minnesota Multiphasic Personality Inventory-Adolescent; MMPI-A profile; adolescents; normal range profiles; psychiatric inpatients; validity, 147
- minor physical anomalies; abnormal neurodevelopment; Waldrop Physical Anomaly Scale; schizophrenia; score discrimination, 27321
- missing data; omitted responses; response vector; response scale; rating scale; respondent location, 9530
- Mississippi PTSD Scale; scale evaluation; posttraumatic stress disorder; comorbidity; major depressive disorder; Rasch measurement, 33540
- Mississippi Scale for Posttraumatic Stress Disorder; Rasch analysis; true score theory; usefulness of reverse scored items, 27311
- MMPI 2; validity scale; content responsive; content nonresponsive; faking profiles; corrections sample, 156
- Montgomery-Asberg depression rating scale; inter-rater reliability; test validity; major depressive disorder; psychometrics; Japanese version, 21159
- Mood Disorders Insight Scale; scale development; reliability; validity, 3201

Rating Scales—Serials

multidimensional measure; perceptions of organization personality; personality trait inference; organization attractiveness; factor structure; construct validity, 9364

Multidimensional Scale of Independent Functioning: functional disability; psychiatric outpatients; psychometrics; reliability; validity, 3192

Multidimensional Scale of Perceived Social Support: test reliability; test validity; psychometrics; Mexican American youth; social support, 21114

Need for Closure Scale: Chinese version; scale-scale correlations; scale-face correlations; construct validity; bidimensional structure, 24215

numerical response scales; measurement; regular exercisers; self-reported exercise frequency, 9454

objective assessment; Secondary Trauma Scale; cutoff scores; anxiety, depression, intrusion; avoidance, 30456

organizational identification; graphic scale; scale development; test validity; test reliability; cognitive space; organizational units, 27282

parental bonding; personality pathology; assessment; clinician report; reliability; validity; Parental Bonding Instrument, 9428

Parental Expectancies Scale; parental expectancies; childhood anxiety disorders; psychometric properties; reliability; validity, 18081

Parental Stressor Scale: NICU; test validity; mothers; stress; moderate risk preterm infants, 6318

Parental Sun Protection Scales; validity; factor structure; psychosocial correlates; skin cancer; sunscreen use; sun avoidance; sun protection behavior; preschool age children, 21177

participant motivation; Nijmegen Motivation List for Prevention; instrument assessment; preventive group interventions; depression prevention; test construction, 24227

pediatric pain measurement; visual analogue scale; VAS; children teaching; teaching methods; child age; understanding, 3229

Perfectionism Inventory; psychometrics; self evaluation; test development, 12463

polytomous ordered scales; middle response category; subpopulations; mixed-partial credit model; latent classes; personality questionnaire; personality factors, 30362

Positive & Negative Syndrome Scale; factor structure; cognitive factor; cognitive functioning; neuropsychological test performance; schizophrenia; schizophrenia-like disorders, 21135

psychoeducation; self help; panic attacks; prognostic scale; assistance needs, 23165

psychometric analyses; physiological anxiety; test validity; test reliability; Adult Manifest Anxiety Scale, 30453

psychometric characteristics; Cybernetic Coping scale; test validity; test reliability; coping behavior; factor structure, 27292

psychometric characteristics; measurement; psychometric properties; well being; life satisfaction; quality of life; clinical utility; healthy adults; psychiatric patients, 9423

psychometric measures; boredom, 12437

psychometric properties; Everyday Discrimination Scale; black adolescents; test reliability; internalization; externalization, 24188

psychometric properties; factor structure; Anxious Thoughts and Tendencies Scale; test revision; cognitive aspects; anxiety disorder, 21140

psychometric properties; resilience; Connor-Davidson Resilience scale; generalized anxiety disorder; posttraumatic stress disorder, 141

psychometric properties; Spanish version; Death Obsession Scale, 173

psychometric properties; Spence Children's Anxiety Scale; adolescents, 9432

psychometrics; Children's Aggression Scale—Teacher Version; aggressive disruptive behaviors; severity; frequency; test validity, 18127

psychometrics; on-line surveys; human computer interaction; web sites; disorientation; ease of use; flow; Likert scale; visual analogue scale; factor structure; reliability; sensitivity, 6254

psychotherapy process; scales; therapists; patients; factor structures; component factors, 170

putative schizotypy indicators; psychometric detection; latent class; taxon; taxometric methods; Magical Ideation Scale; Perceptual Aberration Scale; Revised Social Anhedonia Scale, 30445

Quality of Life for Cancer Children: Taiwan; feasibility; cross-informants variance; clinical validity, 18173

quality of life; psychosocial functioning; depression symptoms; construct validity; weight reduction; psychometric performance; psychosocial problems; responsiveness; obesity-related problems scale, 6301

quality of well-being self-administered version; health-related quality of life; depression severity, 3198

quality-of-life; cancer children; rating scale; Taiwan; reliability; construct validity; confirmatory factor analysis; goodness of fit, 18172

Quick Inventory of Depressive Symptomatology; depressive symptom; Inventory of Depressive Symptomatology; psychometric properties; Hamilton Rating Scale for Depression, 164

Quick Inventory of Depressive Symptomatology; depressive symptom; Inventory of Depressive Symptomatology; psychometric properties; Hamilton Rating Scale for Depression, 165

recent road accidents; emotional impact; Impact of Event Scale; Italian version; test validation; posttraumatic stress, 162

reliability; validity; assistive devices; Quebec User Evaluation of Satisfaction with assistive Technology; Dutch version, 14989

reliability; validity; Institutional Integration Scale; college students; psychometrics, 9474

remorse; internal & external aspects; probation officers; opinions; empathy; personality dispositions; personality correlates; Remorse Construct Rating Form, 9381

response options; self-reports; UCLA Loneliness Scale; frequency scale effects; response option frequency range, 10611

response styles; rating scales; method bias; acquiescence; extreme response style; cross cultural differences; marketing, 21244

risk rating; probability measurement; risk rating scale; assessed survival chances; risk perception; imperfectly perceived risks; probability inconsistency; precision measurement, 3154

Riso-Hudson Enneagram Type Indicator; test reliability; test validity; internal consistency, 18115

robustness; self-rated satisfaction; life; SEM analysis; structural invariance; Satisfaction With Life Scale, 27301

Rosenberg Self-Esteem Scale; self-image; item wording; dimensionality; college students; test versions; validity, 91

Satisfaction with Life Scale; factorial invariance; sex differences; junior high school students, 75

scale development; scale validation; condom influence strategy questionnaire-short form; condom use persuasion; structural equation modeling; confirmatory factor analysis; latent variable modeling, 207

scale reliability; scale validity; Christianity; Francis Scale of Attitude toward Christianity, 33472

score reliability; score validity; Statistical Anxiety Rating Scale; technician students, 18183

Self Esteem Rating Scale; equivalence of validity & reliability, 33530

Self-Rating Scale of Pro-Creative Personality; kindergarten teachers; performance indicators; internal consistency, 12473

self-report; community mental health services; persistent mental illness; continuity of care; test validity; test reliability, 30403

SIMLOAD program; simplicity of fit; measurement scales; alpha coefficients; factor scale development; simple structure; factor analysis, 9341

Social and Emotional Loneliness Scale for Adults; short form; reliability; validity, 9387

standardized rater training; Hamilton Depression Rating Scale; reliability, 3197

Stanford Hypnotic Susceptibility Scale; hypnotic ability; Rasch model, 33475

Stellenbosch Mood Scale; dual language measure; mood, 18117

Strengths and Difficulties Questionnaire; psychometrics; scores; scale means; standard deviations; Nordic countries, 33492

stressful employee-customer interactions; burnout; customer-related social stressors scales; instrument development; service employees, 6377

subcortical ischemic vascular disease; mild cognitive impairment; computed tomography; visual rating scale; validity; Alzheimer's disease; vascular dementia, 6342

Swedish translation; test validation; Disgust Scale; disgust sensitivity; confirmatory factor analysis; psychometric properties, 30394

symptomatic change; psychiatric hospitalization; Brief Psychiatric Rating Scale, 26695

task specific occupational self-efficacy scale; social cognitive career theory; high school students; vocational choice; reliability; validity, 17781

teacher ratings; Social Skills Rating System; internal consistency; social competence; problem behavior; adolescent social skills, 21193

Tenacious Goal Pursuit Scale; Flexible Goal Adjustment Scale; validity; happiness; self-acceptance, 9403

test development; Personality Psychopathology Five scales; Minnesota Multiphasic Personality Inventory; inpatient psychiatric treatment; internal consistency; facet subscales; Item-level analysis, 14971

Rational Emotive Behavior Therapy—Books

test development; test validation; head start students; student perceptions; teacher support; Young Children's Appraisals of Teacher Support; kindergarten; first grade, 9483

test development; test validity; factor structure; Wake Forest Physician Trust Scale; patient trust; physicians; chiropractors; nurses; health insurers; managed health care; satisfaction, 15090

Test of Workplace Essential Skills; cognitive skill assessment; subscales performance; gender; language; reading text; document use; numeracy; working-age adults; group differences; item analyses, 24314

test performance; scaling assumptions; test reliability; test validity; role functioning scales; role physical; role emotional, 27371

test reliability; clinical sensitivity; World Health Organization Quality of Life scale; WHOQOL-100; schizophrenia; psychopathologic measures, 9425

test reliability; job performance ratings; managers, 15117

test scores; score linkage; score equating; score concordance; score prediction, 27378

test validation; Client Assessment of Strengths Interests and Goals; French translation; psychometrics; reliability; treatment outcomes; serious mental illness; functional assessment, 9421

test validity; Personal Growth Initiative Scale; Mexican Americans; college students; test scores; cultural factors, 108

test validity; test reliability; Rating of Perceived Exertion scale; continuous incremental cycle ergometry, 33471

test-retest reliability; Glasgow Outcome Scale; interrater reliability; GOS, 15078

time trade off; standard gamble; rating scale; psychometric analysis; utility measurement; health care interventions; measurement techniques; health care decisions, 21088

Toronto Alexithymia Scale; German version; confirmatory factor analyses; factor structure; models; test reliability, 6312

Tourette's disorder scale; development; reliability; validity; measurement; symptoms; interrater reliability; illness severity; internal consistency, 168

treatment remission; Montgomery-Asberg Depression Rating Scale; symptom severity; cutoff choice; antidepressant efficacy trials; defining remission; psychosocial functioning, 18144

Unconventional Political Action Scale; psychometric properties; Spain; construct validity; reliability, 9363

User directed Technologies; the world wide web; characteristics of users; consumer knowledge content; declarative knowledge; procedural knowledge; measurement scales, 30518

validity; outcome measure; field trial; Health of the Nation Outcome Scales for Children and Adolescents; psychiatric diagnoses, 12439

validity; reliability; Sense of Coherence Scale; Defense Style Questionnaire; psychiatric outpatients; Finland, 6323

wife assault recidivism; prediction; actuarial assessment; Ontario Domestic Assault Risk Assessment; marital violence, 33549

work-family interface scale; development; childcare providers; measurement; job demands; depression symptoms, 202

Young Mania Rating Scale; diagnosis; children; adolescents; assessment; bipolar disorder; depressive disorder; clinician reports; parent report; diagnostic group; mania assessment; disruptive behavior, 6335

Rating Scales [See Also Likert Scales]—Chapters

A quick screen for DSM-IV disorders: The essential symptom approach, 3209

Toward a developmental operational definition of autism, 182

Ratio Reinforcement [See Fixed Ratio Reinforcement]

Ratiocination [See Logical Thinking]

Rational Emotive Behavior Therapy—Serials

A. T. Beck; cognitive therapy; A. Ellis; rational emotive behavior therapy; development; philosophy; scientific foundations; client beliefs; guided discovery; cognition; client-therapist relationship, 5203

Albert Ellis; rational emotive behavior therapy; cognitive behavior therapy; psychotherapy, 26278

basic assumptions; irrational beliefs; bereavement; traumatic grief; Low Frustration Tolerance; rational emotive behavior therapy, 26275

rational emotive behavior therapy; Albert Ellis; behavior therapy; psychoanalysis, 26296

rational emotive behavior therapy; cognitive therapy; similarities; differences; neurotic disorders; severe personality dysfunction; philosophical bases; empirical results; outcome studies, 5194

rational emotive therapy; cognitive behavior therapy; psychotherapist; Albert Ellis; Zen Buddhist, 26279

Rational Emotive Behavior Therapy—Books

Managing low self-esteem, 5208

Rational Emotive Therapy [See Rational Emotive Behavior Therapy]**Rationalization—Serials**

collective choice; rationalizability; individual preference; reference alternative, 9634

militarization; police practices; hyper-political space; impunity; anti-civilian tactics; transforming judicial machinery; predicted utility; consumption experience; inconsistency; preference reversal; decision-makers, 374

white supremacy; racial despotism; militarization; prison; slavery; rationalization; US law and order; state-sanctioned terror; police brutality; mass incarceration; white populism, 10342

rational action; human agents; computerized shapes; stimuli; habituation; infants; approach conditions, 15982

rationale; rationalism; rule; decision utility; experienced utility; predicted utility; consumption experience; inconsistency; preference reversal; decision-makers, 374

white supremacy; racial despotism; militarization; prison; slavery; rationalization; US law and order; state-sanctioned terror; police brutality; mass incarceration; white populism, 10342

Rationalization—Chapters

Developing and practicing ethics, 2682

Rauwolfia [See Alkaloids]**Raven Progressive Matrices—Serials**

normative data; sex differences; Raven Standard Progressive Matrices; Mexican children; reasoning; visualization, 15001

personality; information processing speed; intelligent performance; independent influences; inspection time; arousal; Raven's matrices, 9632

Ravens Advanced Progressive Matrices; sex differential item functioning; general intelligence; spatial test; visuospatial nature; test bias, 21108

sex differences; progressive matrices; adolescents; abstract reasoning ability; age differences, 22039

Raven Progressive Matrices—Chapters

Raven Progressive Matrices, 131

Raynaud's Disease [See Cardiovascular Disorders]**RDC** [See Research Diagnostic Criteria]**Reactance** [See Psychological Reactance]**Reaction Time—Serials**

age differences; language comprehension; perceptual symbols; response times, 24875

age-related differences; response preparation; time uncertainty; variable preparatory interval; reaction time performance, 33776

aging; multidimensional set switching; switch costs; color or shape perception, 21275

aging; recognition memory; response time; age differences; older adults; young adults, 27563

aging; response time; accuracy; letter discrimination; young adults; older subjects; diffusion model, 946

altered attention; genetic vasopressin deficiency; lateralized reaction time task performance; motor processes; Brattleboro rat; visuospatial attention, 21520

ambiguous sequences; motor learning; sequential information; demonstrated learning; serial reaction time; learning mechanisms; Parkinson's disease; hybrid sequences, 29133

attention spread; mental curve tracing; visual system; contour segment grouping; visual attention; color perception; response time, 6503

attention; lead stimulus; acoustic blink reflex; reaction time, 3853

attentional blink; attention capture; target capture effects; target letters; distractor letters; serial visual presentation; rapid presentation; visual system; key target features, 21400

attentional dwell time; visual search; reaction time; duration, 21293

auditory alertness; cerebral networks; simple reaction time measures; intrinsic alertness, 18613

background color; spot stimuli detection; visual field location; reaction time, 30611

basal ganglia; visuomotor skill learning; fMRI; SRT; serial reaction time task, 27801

Brain lesions; medial prefrontal cortex; nucleus accumbens core; inhibitory control; rats; reaction times, 6797

brain lesions; rat neocortex; selectivity; impulsivity; compulsivity; dorsal anterior cingulate; infralimbic cortex; orbitofrontal cortex; reaction time; attention, 6791

categorization; aging; inhibitory deficit; young adults; elderly; response time, 31168

central nervous system; reaction time; action preparation; event preparation; temporal preparation; potentials; motor actions; lateralized readiness potential; contingent negative variation, 34090

chess skill; chess performance; speed effects, 27123

choice-reaction times; positive facial expressions; negative facial expressions; cognitive processes; motor processes, 3850

chronic traumatic brain injury; motor recovery; reaction times; movement times; traumatic brain injury, 19997

combat veterans; posttraumatic stress disorder; attentional bias inhibition; Stroop task; threat; combat video; speech giving; stressor content; word content; color naming; theoretical explanations, 19520

contingent negative variation; two-choice reaction; temporal variation; motor activation, 30908

cue size; time course; attentional focusing; visuospatial attention; dyslexia; children, 8069

cueing; reaction time; movement time; peak velocity; aiming task, 27480

cup stacking; hand-eye coordination; reaction time; physical education programs; rudimentary motor skills, 33768

deception; lying; questions; response time; cue; cognitive processes; deceptive answers; decision; construction; truth; cognitive mechanisms, 6600

diffuse axonal injury group; information processing speed; stroop neuropsychological screening test; traumatic brain injury, 29111

distracting stimuli; visual periphery; normal-hearing adults; deaf individuals; visual reaction; reaction times; near periphery; response times; fixation point, 9597

distraction; response activation; movement trajectories; nontarget stimulus; goal-directed movements; response activation model; selective reaching, 30652

Down syndrome; multimodal inhibition; inhibition of return; information processing capabilities; visual cues; verbal cues, 25986

drug interactions; reaction time; event-related potentials; temazepam; alcohol; P300; attention; processing speed, 3568

dual-task interference; cross-task compatibility; visual encoding; reaction time; central processing; auditory choice, 24358

dual-task interference; human electrophysiology; psychophysical refractory period; encoding-speeded response; event-related potential component; lateralized readiness potential; response time, 21725

dual-task interference; perfect time sharing; information processing capacity; reaction time; visual perception; auditory perception; task complexity, 33833

error related negativity; electroencephalography; errors; error detection; response vs stimulus locked event related potentials; implicit time monitoring; reaction time, 9922

event-related potentials; anxiety; cerebral activity; reaction time; vigilance, 13654

event-related potentials; physiological correlates; receptive language-switching task; bilingual speakers; parietal areas; frontal area, 24683

exaggerated redundancy gain; split brain; hemispheric co-activation; corpus callosum, 34051

excitotoxic lesions; infralimbic areas; medial prefrontal cortex; motor preparatory processes; execution of reaction time task; rats, 21676

executive processes; deceptive responding; behavioral responses; event-related brain potentials; truthful responses; recognition; perceived stimuli; remembered stimuli, 18333

expertise; attention; speed; accuracy; sensorimotor skills execution, 27479

eye blinks; information processing; sensory-motor processing; task performance; preadolescents, 24761

facial expressions; perceptual representations; choice reaction time; emotions; odors; face perception; recognition; happy, 6623

fexofenadine hydrochloride; alcohol; sedation; psychomotor speed; reaction time; car-driving task; hydroxyzine hydrochloride; nonspecific impairment; information processing, 15799

gender differences; cognitive abilities; health state; health habits; reaction time, 9658

haptic location processing; haptic search; target location; target identity; target dimensions; sensory processing; perceptual dimensions; set size; relative orientation; reaction time data, 15188

imagery; perception; vision; mental image; visualization; cueing; acquisition strategies; reaction time, 338

implicit sequence learning; serial response time; lag structure; adult age; practice effects; age deficits, 15956

inattention blindness; response-end effect; stimuli awareness; visual field; unattended stimuli, 30613

information processing; intelligence; interstimulus interval; response uncertainty; reaction time; motor processes, 12628

inhibition of return; saccade trajectory; trajectory deviations; delayed saccade; cued attention; cued location; onset cue; color singleton; time course; inhibitory effects, 21272

inhibitory control; rats; stop-signal task; reaction time; lesions; medial striatum; d-amphetamine; response inhibition, 7176

instrumental responses; reward magnitude; lidocaine inactivation; instrumental behavior; transient inactivation; rat nucleus accumbens; reaction time, 18741

interference; temporal unpredictability; code overlap; perceptual-action dual tasks; perceptual judgment; movement direction; tone-discrimination reaction time, 9572

interhemispheric transfer; redundancy gain; visual field; reaction time; corpus callosum; colostomy, 8227

intermanual interactions; motor control; target amplitudes; reaction time; movement characteristics; choice reactions, 30646

internal noise; suprathreshold patterns; reaction time; visual patterns; human performance; visual system, 6524

interstimulus interval; somatosensory point localization; spatial accuracy; response time, 30588

irrelevant auditory shifts; priming; corresponding responses; attention shifts; serial reaction time, 9615

late positive component; LPC; event related potentials; ERPs; brain; truth; deception; response conflict; strategic monitoring; response time; episodic memory, 9915

lateralized readiness potential; reaction time; event related potential; task processing; task switching; task cueing; stimulus-locked; response-locked; switch cost, 3778

lexical decision; aging; response time; diffusion model analysis; response accuracy, 25106

light intensities; informational analysis; stimulus presentation; subjective estimates; reaction time, 12950

lognormal model; response times; computerized adaptive tests; Bayesian posterior predictive checks; classical procedures; examinee behavior, 15160

major depression; anterior cingulate cortex; melancholic depressed patients; reaction time; response selection; symbols; errors; spatial stimulus-response compatibility; dorsolateral prefrontal cortex, 19397

major depression; reaction time; aging; processing stages, 34816

marijuana abuse; neurotransmission; frontal cortex; visuospatial attention; attentional impairment; executive function; THC administration; serial reaction time; rats; divided attention, 18811

methylphenidate; response inhibition; attention-deficit hyperactivity disorder; frontal cortex, 8480

mixed design; blocked design; stimulus evaluation; underadditive effects; reaction time; noncontingent stages; stimulus, 6598

motor performance; event-related brain potentials; attention processes; table tennis players; visual attention; reaction time; directional cues; motor readiness, 27130

movement preparation; prime information; reaction time costs; response signals; motoric processing time; lateralized readiness potential, 589

multisensory interaction; saccadic reaction time; time-window-of-integration model; visual-tactile; focused attention task; superior colliculus, 30916

musical expertise; visuospatial abilities; mental imagery; cognitive abilities; mental imagery; reaction times; verbal discrimination, 18250

neural correlates; neural activity; first person perspective; self-consciousness; perspective taking; ground view; aerial view; egocentric reference; reaction times; eye movement, 24627

neural decision processes; neural correlates; flexible neural behavior; stimulus encoding; behavioral reaction time; sensorimotor structures; neural chronometry; mental chronometry, 15572

nicotine; attention; choice serial reaction-time; nicotinic acetylcholine receptor; mice, 24858

number magnitude; number parity; number representations; Linguistic Markedness of Response Codes; Spatial Numerical Association of Response Codes; reaction time; notational modulations, 27510

numerical representations; rhesus monkeys; eye movements; object tracking; parallel vs serial processing; reaction time, 24697

object-based selection; two-rectangles method; three-sided directional cue; information selection; response time; errors, 6513

Parkinson's disease; visual choice; reaction time; color signals; auditory choice; pitch stimuli, 19992

perceptual discrimination; symmetry perception; reaction time; bilateral symmetry, 33713

perceptual speed measurement; test development; psychometric properties; everyday life events, 33464

performance accuracy; performance speed; depth-ordering task; depth cues, 27463

phonological priming; children; picture naming; stuttering; speech reaction time, 11123

pigeon anticipation; local statistical information; serial response time task; repeating locations; random locations; spatial location; global information; response-to-stimulus intervals, 12734

political scientists; political attitudes; response latencies; mental constructs; response time data; models, 33610

preparatory attention; frontotemporal dementia; response time; distractibility, 32184

preservation; aging; age differences; attentional guidance; visual search; letter search task; response time; top down attentional guidance, 24963

primary progressive aphasia; parietal lobe; temporal lobe; gyrus cinguli; conversational speech; language network; language function deterioration; language-related neural activity, 5063

priming effects: peripheral visual stimulus; reaction time; task complexity, 21349

problem solving: visual discrimination; learning acquisition; cognitive process; rhesus monkeys; reaction time; learning-set formation, 30782

psychological refractory period; input interference; dual-task performance; speeded responses; age differences; stimulus salience; parallel processing; cognitive control; age related decline, 33796

psychological refractory period: visual tasks; psychological theories; functional magnetic resonance imaging; response delay, 24439

psychomotor vigilance: reaction times; circadian modulation; sleep deprivation; wake-dependent modulation, 18686

psychophysiology: processing stages; warning signal; information; reaction time; event related potentials, 7129

race model: nonparametric approach; null hypothesis testing; redundant signals effect, 6411

reaction time pattern: generalization; discrimination; stimulus similarity; incentive; reinforcement; pigeons, 27607

reaction time: dominant hands; non-dominant hands; intelligence quotient; Hick's law, 12836

reaction time: early stage dementia; diagnosing Alzheimer's disease: immediate prose recall; confrontation naming; digit symbol substitution; cognitive function, 11298

reaction time: Eysenck's theory; neuroticism; occupational stress; workload; task performance, 10561

redundant target effect: modality stimuli; switch costs; reaction times; modality switch effect; processing gains, 27498

response inhibition; response force; stop-signal paradigm; response probability; response stopping; reaction time, 352

response time: discrimination accuracy; schizophrenia; cognitive deficit; auditory & visual recognition tasks; task difficulty, 34875

response time: projective spatial terms; spatial relation; orientation; direction; origin; distance; spatial template, 33651

response time: takeoff rejection; high speed; airliner; flight simulator; professional pilots, 14869

response times: degenerative cerebellar disease; task-relevant information; cerebellar atrophy; healthy controls; motor impairment; EEG potentials; time points; cerebellum; temporal contingencies, 20064

schizophrenia patients: memory tasks; cognitive remediation; reaction time task; cognitive performance; enhancement therapy, 29280

schizophrenia: stroop task; reaction times; error interference; color-naming; word-reading; incongruent condition; neutral condition; test performance, 28682

selective attention: repeated event inhibition; hemispheric specialization; identity-based discrimination; visual field, 6860

self-focused attention; task difficulty; task self-relevance; evaluation anxiety; reaction time; lexical decision, 25376

self-validating presentation; response timing; cognitive paradigms; cognitive psychology; software; computer-based paradigms, 30684

sensory temporal thresholds; interhemispheric transfer times; multiple sclerosis; outcome measure; cerebral lateralization; sensory stimulation; tactile stimulation; visual stimulation, 4976

sequential sampling model; reaction time: two choice decisions; response time distribution, 15296

serial reaction time task: attentional effects; nicotine; motivational change; food preference; amphetamine; rats, 9954

sexual offenses; test validity; Abel Assessment for sexual interest; child molestation; visual reaction time; adolescent offenders, 30432

shift costs; task shifting; precued task; task preparation; reaction time, 27506

simon effect; horizontal position; stimulus position; faster responses; simon task, 18303

Simon Effect; stimulus locations; response-discrimination; spatial axes; response activation; spatial perception; spatial choice-reaction; two-choice reaction; go no-go task, 15180

sleep deprivation; task-shift costs; extradimensional shifts; intradimensional shifts; cognitive tasks; stimulus-response mappings; judgment; reaction times, 33798

slow frequency repetitive transcranial magnetic stimulation; rTMS; motor cortex excitability; reaction time, 7074

smooth pursuit eye movement; choice reaction times; simple reaction times, 18656

spatial stimulus-response compatibility; negative priming; response inhibition; spatial stimuli; reaction time, 21250

speed-accuracy balance; speed-accuracy modulation; activation; inhibition; time course; motor activation; primed response; responses; event-related brain potentials, 9624

speed-accuracy decomposition technique; analysis of cognitive processing during word recognition; college students, 6586

speed-accuracy trade-off locus; reaction time; lateral readiness potential; speeded decision; Erikson flanker task; line discrimination; lexical decision; response deadline; adaptive tracking; stress, 21343

speed-accuracy tradeoff; recognition accuracy; recognition memory; incidental learning conditions; recollection process, 27531

speed; accuracy; olfactory perception; rats; odor discriminations, 7109

speeded categorization; reaction times; typicality information; categories; natural concepts, 392

startling stimulus; movement task; kinesthetic information; ballistic movements; ongoing movement; reaction time; lower brain, 21311

stimulus intensity; manual reaction time; saccadic reaction time; manual responses; saccadic responses, 33660

stimulus onset asynchrony; occupational stereotypes; speeded classification; category verification; classification tasks; anticipatory control; racial stereotypes, 18346

subtraction; reaction times; errors; working memory; problem size; problem solving, 388

sustained attention; schizophrenia; reaction time; sustained attention to response task; measure sensitivity, 33575

synaptic transmission correlates; mental ability; nerve conduction velocity; cognitive abilities; reaction time, 30860

tactile perception; visual stimuli; tactile acuity; reaction times; spatial discrimination, 30631

target detection; redundant target effect; nontargets effect; psychological refractory period paradigm, 3310

temperament-related differences; reaction time; augmenting-reducing; cognitive processes; stimulation; cortical attenuation, 24765

temporal preparation strategies; visual reaction time; Parkinson's disease; temporal parameters; response preparation; simple reaction time conditions; choice reaction time conditions, 8216

temporal preparation: reaction time lateralized readiness potential; psychophysiology; chronometric, 7134

temporal sequence; sequence learning; spatial sequence; reaction time; cerebellum; Parkinson's disease; cerebellar lesions; subcortical areas, 8307

variance reaction time model; neural network; mirror effect; recognition data; receiver-operating-characteristic curves, 21393

verb generation; cerebellar patients; cerebellar atrophy; verbs; disarthria; reaction time, 29172

verbal working memory; spatial working memory; attention deficit hyperactivity disorder; memory impairment; response time; executive function, 25950

visual attention; submaximal physical load; cycloergometer, 20983

visual search; singleton feature targets; visual selective attention; reaction times; dimensional cuing; dimensional discrimination; dimensional weighting; expectancy, 312

visual stimuli; temporal order judgments; stimulus redundancy; stimulus detection processes; reaction times, 33666

Reaction Time—Chapters

The corpus callosum equilibrates the cerebral hemispheres., 15629

- spoken language; initial learning; reading; writing; verbal deficit theory; phonemic awareness, 36168
- storybook interactions; augmentative communication devices; intervention strategies; reading behaviors; parent behaviors; child behaviors; girls; Rett syndrome, 11085
- storybook reading; group size; verbal participation; non-verbal participation; books, 13200
- structural validity; reading motivation dimensions; Motivations for Reading Questionnaire, 12524
- student preferences; future educators; reading; teacher performance; classroom environment; teaching; lessons; fiction books; genre preference, 5858
- study strategies; imagery recall; rehearsal; oral presentation; text presentation, 18319
- summer reading; ethnic achievement gap; low-income students; reading; books; reading proficiency, 36159
- syntactic ambiguity resolution; sentence complement; self-paced reading experiments; sentence processing; lexical information; resolution process; Spanish speakers; Spanish; relative clause; verbs, 24874
- teacher variables; kindergarten classrooms; Waterford Early Reading Program; 1st grade classrooms; social constructivist; social constructions; emergent literacy; emergent reading, 20825

teacher variables; kindergarten classrooms; Waterford Early Reading Program; 1st grade classrooms; social constructivist; social constructions; emergent literacy; emergent reading, 20820

teacher variables; kindergarten classrooms; Waterford Early Reading Program; 1st grade classrooms; social constructivist; social constructions; emergent literacy; emergent reading, 20829

translator; stylistic devices; relevance; translation; original author; reader; constructing meaning, 31060

transparent orthography; opaque orthography; shallow orthography; reading development; formal reading instruction; letter recognition; phonological awareness skills; first year reading instruction, 30043

tutoring programs; English reading development; phonics instruction; repeated reading; Spanish-dominant students; bilingual students; reading intervention, 36104

verb reading; developmental language impairment; mental lexicon; francophones, 4815

visual analysis; phonological processing; lexicon; right homonymous hemianopia; adult readers; phonological stage; dyslexia; anomia; grapheme-phoneme conversion, 857

visual input; orthographic knowledge; word reading; reading experience; low vision, 8338

visual stress; symptom assessment; reading; reading tests; coloured filters; visual skills; theories, 30504

visual training; visual word recognition; functional structure; retinal location; visual word form area; retina; reading habits; letter discrimination; eye fixation, 15216

visuo-spatial amelioration; prism adaptation; eye movements; patients; visual neglect; reading task, 20080

word length; word frequency; word predictability; eye fixation; inspection duration; inspection probability; first-pass reading; age differences, 12646

word meanings; reading; computational model; connectionist principles; visual processes; phonological processes; orthography; cooperative division of labor, 27501

word reading; primary school children; orthography; English readers; Swedish readers; word recognition; error patterns, 34277

working memory span; situation model processing; comprehension; memory processing; working memory capacity, 24511

writing disorders; dyslexic children; reading; spelling disorders; dysgraphia, 19827

Reading Ability—Serials

adolescent readers; language curriculum; chronic reading failure; phonological skills; semantic skills; syntactic skills; pragmatic skills; discourse processing skills, 26900

articulatory awareness; learning literacy; English as a second language; dyslexia; college students; reading abilities, 32029

community college students; reading abilities; literacy skills; black man, 9021

contractive apostrophes; possessive apostrophes; children; teaching; type frequency; token frequency, 26950

cultural content; reading proficiency; English language learners; language proficiency; Chinese culture; local subculture; social background; reading comprehension; cultural content, 13117

curriculum-based reading measurement; oral reading fluency, 18182

deaf children; phonological coding; reading; spelling; working memory; recall; orthographic awareness; reading level; age, 29203

development of phonological awareness; alphabetic tuition; preschool children; reading; spelling, 13215

dyslexia; word recognition; orthographic representations; reading acquisition; letters; reading development, 11094

effects; audio-visual training program; dyslexic children; daily voice exercises; reading task; phonological components; children, 33191

German-speaking countries; literacy projects; reading socialization; literacy socialization; research projects, 29980

intrinsic motivation; extrinsic motivation; reading amount; past reading achievement; text comprehension; U.S. and Chinese fourth-grade students; cultural influences; motivational processes, 30045

letter sound; phonological awareness; words; kindergarten children; reading ability, 11095

literacy achievement; Programme for International Student Assessment; reading; student characteristics; gender role; citizenship, 33129

magnocellular visual processing; language processing deficits; dyslexia; reading impairment, 35104

medical students; reading test performance; medical school; Medical College Admission Test; United States Medical Licensing Exam, 26811

multiplication problems; word-finding difficulties; syntactic comprehension; phonemic paraphasias; reading; access deficit; Aphasia, 19945

narrative texts; lexical decision; sentence expression; reading ability; text comprehension; predictive inference; deductive inference, 33778

paired reading; curriculum-based measurement; below-average readers; favorable treatment; instructional level; parent involvement; reading accuracy, 5902

peer-assisted instruction; small group teacher-directed instruction; first grade readers; phonemic segmentation; instructional methods; oral reading fluency; reading performance; general education, 17655

phoneme awareness; rapid serial naming skills; literacy acquisition; reading ability; developmental period; dyslexia, 13807

phonological awareness; reading performance; at risk population; reading difficulties; kindergarten, 20833

phonological processing; oral language abilities; fourth-grade poor readers; oral language skills; reading abilities; word attack; word recognition; comprehension; verbal working memory; naming, 13165

phonological skills; metaphorological skills; illiteracy; semiliteracy; phonemic awareness, 24873

phonologically based reading intervention; reading fluency; Occipitotemporal systems; skilled reading, 23826

poor readers; orthography; Norwegian language; dyslexics, 4791

poor readers; semantic processing; categorization tasks; visual event-related potentials; reading disabled children, 1715

precocious reader; reading accuracy; phonemic & phonological awareness; lexical & orthographic representation; lexicalized phonological recoding; phonological recoding; normal development; gifted, 10181

predictors; acculturation; Chinese adolescents; arrival age; social class; English reading ability; length of stay, 31230

psychosocial indexes; temporal processing abnormalities; developmental dyslexia; reading abilities; visual processing deficits; auditory processing deficits, 25973

reader sensitivity; linguistic cues; narratives; anaphor resolution; adjectives; stimulus salience, 30675

reading ability; Neale Analysis of Reading Ability; reading accuracy; reading comprehension, 26949

reading achievement; morphological knowledge; deaf college students; hearing middle school students; word identification skills; reading level; word segmentation, 29199

reading comprehension; self-regulated strategy; oral reading; struggling readers; reciprocal questioning; elementary school students, 23882

reading correlates; reading abilities; predictors; written language abilities; nonprint abilities, 27500

reading development; English as a second language; bilingualism; at risk for reading problems; reading ability; spelling ability; verbal ability; verbal memory, 2788

reading fluency; prosodic reading; expressive reading; reading prosody; decoding speed; reading comprehension; oral reading; suprasegmental features; young readers; reading development, 13209

reading performance; numeral reading; number word reading; pseudoword reading; reading development; orthography, 4094

reading skills; children's dictionary use; spelling; phonological development; age differences; peers; word meaning; spelling skills, 15933

reading; fluency; generalization; instruction; reinforcement, 20810

selective impairment; aphasic disorder recovery; reading number words; numeral reading; alphabetic material errors; lexical-semantic system, 22974

self regulated reading; self regulated writing; home; school; first graders; school literacy contexts; home literacy contexts; children attitudes; teaching methods, 17710

semantic priming; normal readers; poor readers; reading ability; elementary school students, 18904

Semite scripts; Israeli educational reforms; reading; classroom instructional practices; literacy research, 30002

sensory processing; reading ability; IQ; attention; detection thresholds; auditory processing, 28075

speech development; mathematics learning disability; reading ability; speech skills; phonological awareness; phoneme awareness; rhyme awareness, 7390

structural equation model; auditory processing; reading success; Woodcock-Johnson Psycho-Educational Battery-Revised data norms; cognitive performance; oral language skills, 13164

summer reading; ethnic achievement gap; low-income students; reading; books; reading proficiency, 36159

symbol-string sensitivity; symbol position; reading accuracy; dyslexia; primary school students, 25977

temporal processing; dyslexia; poor adult readers; motion coherence; spatial perception; word identification, 8068

text-leveling systems; reading accuracy; reading fluency; second-grade students; decoding difficulties, 30031

training reading fluency; dysfluent readers; reading accuracy and speed; orthographic representations; training words; high-frequency onset clusters, 33194

word spacing; letter spacing; reading books, 30042

working memory capacity; reading comprehension; reading ability; vocabulary; verbal skills; component skills; time point; structure knowledge, 13167

working memory span; reading ability; cognitive function; strategy training; memory training, 3401

Reading Achievement—Serials

African Americans; high school students; reading achievement; reading influence; reading for pleasure, 9010

children's learning; teachers' expectations; reading achievement; behavior problems; learning disabilities; Intelligence Quotient, 8078

cognitive developmental; reading achievement; elementary school children; reading ability; classroom environment; age differences, 17699

conduct disorder; reading problems; prevention interventions; substance abuse; low reading achievement; conduct problems; children; negative health; Canada; school entry, 17690

early reading achievement; attention problems; reading tutoring; elementary school children, 25964

educational attainment; educational progress; ethnicity; social class; social background; education authorities, 33131

elementary school students; rural environment; literacy workshops; ethnic groups; student attitude, 17718

fourth graders; reading performance; reading comprehension measures; word-level reading skills; oral language comprehension, 24311

intrinsic motivation; extrinsic motivation; reading amount; past reading achievement; text comprehension; U.S. and Chinese fourth-grade students; cultural influences; motivational processes, 30045

literacy education; literacy curriculum; curriculum development; reading education; reading achievement, 36133

phonological awareness; reading performance; at risk population; reading difficulties; kindergarten, 20833

prevention; summer reading declines; disadvantaged children; summer vacation; reading achievement, 5832

reading achievement; predictive measures; predictive accuracy; letter identification; phonological awareness; phonological memory; rapid automatized naming; time frame; kindergarten students, 215

reading achievement; school size; school location; rural schools, 30029

reading goal; text structure; comprehension, 24432

research-based assessment; dyslexia; cognitive measures; reading disabilities; middle school students; elementary school students; spelling skills, 4783

socioeconomic status; reading achievement; educational finance; cultural dimension, 33148

teachers' content knowledge; high-poverty urban schools; classroom reading achievement; professional development, 6369

test-item nonresponse; student ability measurement; educational achievement studies; reading achievement; bias, 27376

testing accommodations; read-aloud accommodation; reading achievement tests; teacher attitudes; student attitudes; actual effects; perceived consequences; disabled students; eighth-graders; teachers, 12203

Reading Aloud [See Oral Reading]

Reading Comprehension—Serials

administration method; reading span test; reading comprehension ability; predictive power; criterion validity; working memory, 24306

appropriate connectives; text length; text position; expository text; causal bridging inferences; adults, 389

attentional demands; reading comprehension; third graders, 36152

Volume 91 SUBJECT INDEX

Reading Disabilities—Serials

bilingual children; reading disability; nonbilingual children; second language acquisition; working memory; pseudoword reading; language proficiency; phonological memory; short term memory; reading, 13212
 brain; reading; functional anatomy; single word reading; reading acquisition; reading disability; cognitive processes, 27513
 cerebellar deficit hypothesis of dyslexia; dyslexia; reading disability; attention deficit hyperactivity disorder; balancing; continuous rapid naming, 19766
 dichotic listening performance; executive function; reading impairment; lateralization; attention; language disorders, 11089
 diffusion model account; aphasia; dyslexics; reading impairments; lexical decision task; word naming performance, 25979
 dyscalculia; reading disability; children; working memory; numerical processing, 32023
 dyslexia; number-word reading; event-related potentials; lexical access; semantic access; developmental reading problems, 9905
 dyslexia; reading-related behavioral characteristics; reading problems; writing problems; cognitive deficits, 8066
 emotion; cognition; reading disabilities; emotional reactions; mood; self-schemas, 36232
 environmental factors; dyslexia; literacy skills; social-cultural bias; phonological deficits, 8077
 event related potentials; impaired reading; letter discrimination; form; rhyme, 1709
 hyperlexic children; orthographic awareness; syntactic processing; working memory; phonemic awareness; academic achievement; oral language skill; word recognition; hyperlexia; orthographic processing, 28938
 language impairment; reading disability; lexical processes; supralexical processes, 13852
 lexical decision; skilled readers; developmental dyslexia; naming latency; length effect; syllables, 24440
 linkage disequilibrium mapping; gene; reading disability; chromosome; markers, 13811
 mathematical problem-solving instruction; mathematics disability; at risk; third graders; reading disability, 30079
 mathematics learning disability; reading disability, 6412
 middle frontal gyrus; working memory; idiopathic generalized epilepsy; epileptiform activity; reading epilepsy; precentral gyrus; globus pallidus; cognitive tasks; language areas; left frontal cortex, 4964
 naming speed deficits; reading disabilities; double-deficit hypothesis; phonological processing, 35114
 PASS theory; Attention Deficit Hyperactivity Disorder; reading disability; Cognitive Assessment System; planning; attention; simultaneous processing; successive processing, 32007
 phonological awareness; reading performance; at risk population; reading difficulties; kindergarten, 20833
 poor readers; orthography; Norwegian language; dyslexics, 4791
 poor readers; semantic processing; categorization tasks; visual event-related potentials; reading disabled children, 1715
 pure alexia; reading impairment; auditory repetition priming; modality; lexical decision; word stem completion, 26174
 reading comprehension; reading disability; attention-deficit/hyperactivity disorder; phonological processing skills; comorbidity; reading skills; word decoding; cognitive control functions, 19770
 reading difficulties; poor readers; visual magnocellular system; orthographic abilities; visual attention; eye fixation on words; yellow filters; training eye fixation; reading performance; genetics, 4790
 reading disabilities; children; developmental dyslexia; cleft lip; cleft palate; naming; verbal expression; phonemic awareness, 16625
 reading disability; literacy difficulties; dyslexia; attention deficit disorders; Individuals with Disabilities Education Act; special education services, 33180
 reading disability; word recognition; individual differences; at risk population; reading; attention; listening; comprehension; attention-deficit hyperactivity disorder, 19734
 response to treatment model; response to instruction; reading & learning disabilities; second-grade students; risk; reading problems; daily supplemental reading instruction, 2849
 skilled reading; impaired reading; neurobiological basis; skilled word recognition; integrated cortical system; dorsal subsystems; ventral subsystems; anterior subsystems, 27784
 special reading disabilities; emotional factors; learning problems; achievement behavior; scholastic performance; cognitive skills; cognitive-behavioral intervention program, 35116
 speech perception; speech stimuli; at risk population; reading difficulty; phonology; auditory perception; voice on-set time; phonemic awareness; categorical perception, 25971

spelling; dyslexic children; Treiman-Bourassa Early Spelling Test; reading problems; spelling problems, 216
 story-mapping; story-grammar; reading comprehension; elementary students; learning disabilities, 33179
 validity; response-to-instruction model; reading disabilities; individual differences; instructional context; reading ability; phonology; behavior; instructional responsiveness; first & second graders, 12222
 visual attention therapy; reading comprehension; reading disabilities; children, 5945
 vowel perception; reading disabilities; phonological awareness; speech processing, 7349
 word study phonics technique; word sorts; mental retardation; reading difficulties; reading instruction, 12198
 working memory; phonological processing; developmental reading disabilities; cognitive processes; visuospatial processing, 28932
Reading Disabilities [See Also Dyslexia]—Chapters
 The neurocognitive bases of developmental reading disorders, 16547
Reading Education—Serials
 Books Alive project; multimedia texts; talking books; reading development; higher-order reading skills; elementary school students, 2759
 discovery learning; contingency adduction; textual responding; beginning reading program; phonics skills; sound-to-letter correspondence, 36124
 early literacy program; program evaluation; reading skills tutoring; first-grade students, 26885
 emergent literacy learning; young deaf children; emergent reading; emergent writing, 36231
 expert opinion; research recommendations; reading education, 36134
 expert study; philosophy; reading; learning to read, 36106
 Hebrew electronic books; Dutch electronic books; child literacy development; e-books; content analysis, 36122
 ICT; literacy development; reading education; elementary school students; interactive moral tale; group discussion, 2744
 literacy education; literacy curriculum; curriculum development; reading education; reading achievement, 36133
 literacy-related play; teacher roles; play experiences; kindergarten teachers, 30016
 phonological awareness training; reading skills; spelling; training dose; kindergarten students, 5906
 reading assessment; literacy; reading education, 30502
 reading comprehension; instructional strategies; middle school teachers; sixth-grade students; teaching methods; lessons, 17666
 reading comprehension; reading engagement; Concept-Oriented Reading Instruction; instructional framework; motivation support; strategy instruction; reading outcomes; third-grade children, 36112
 reading instruction; individualized instruction; students with disabilities; beginning reading; schoolwide system, 26982
 response to treatment model; response to instruction; reading & learning disabilities; second-grade students; risk; reading problems; daily supplemental reading instruction, 2849
 syllabification; graphosyllabic instruction; struggling readers; reading instruction; multisyllabic words; word learning; novel words, 29962
 synthetic phonics method; analytic phonics; vocabulary; letter knowledge; emergent reading; spelling; phonological skills; phonemic awareness; initial readers, 29994
 teacher scaffolding; literacy learning; science learning; elementary school students; elementary school teachers; teaching strategies, 2756
 teacher variables; kindergarten classrooms; Waterford Early Reading Program; 1st grade classrooms; social constructivist; social constructions; emergent literacy; emergent reading, 20825
 teacher variables; kindergarten classrooms; Waterford Early Reading Program; 1st grade classrooms; social constructivist; social constructions; emergent literacy; emergent reading, 20829
 teacher variables; kindergarten classrooms; Waterford Early Reading Program; 1st grade classrooms; social constructivist; social constructions; emergent literacy; emergent reading, 20820
 teacher-pupil dialogue; guided reading sessions; interaction quality; literacy hour; reading comprehension; elementary school students; elementary school teachers, 2821
 word study phonics technique; word sorts; mental retardation; reading difficulties; reading instruction, 12198
 young children; reading development; school responsibility; home responsibility; parent & teacher attitudes; beginning reading instruction; developmental areas; graphophonemic aspects; constructivism, 14661
Reading Education—Books
 Overcoming dyslexia: A new and complete science-based program for reading problems at any level, 8081
Reading Education—Chapters
 Approaches to teaching reading, 23079

Reading Skills—Serials

Using peer tutoring to prevent early reading failure, 5888
Reading Materials—Serials
 advice manuals; books; relationship advice; women; feminist psychologists, 22240
 informal assessment; visual impairments; selecting individualized reading material; on-line resources; reading speed; high school students, 36219
 Information Mapping; structured writing; text structure; experienced writer; original text; Dutch company; subject variables; reader performance; reader judgement, 18848
 lexical differences; reading materials; elementary education; vocabulary acquisition; reading; words; child narratives, 29981
 magazines; teaching methods; reading material, 36118
 metadiscourse; academic writing; linguistic material; social engagement, 34221
 rehabilitation psychology; books; journals; essential readings, 30015
 self-explaining; learning; text; diagram; metacognitive strategy; information; human circulatory system, 9700
Reading Measures—Serials
 curriculum based measurement; state assessments; reading skill; Michigan Educational Assessment Program, 30497
 fourth graders; reading performance; reading comprehension measures; word-level reading skills; oral language comprehension, 24311
 literacy achievement; schooling years; spoken language; written language, 30041
 Nelson Denny Reading Test; UK undergraduate students; test results; comprehension; test scores; reading rate; vocabulary, 27383
 postmodern principles; responsive reading assessment; high-stakes assessment; cognitive processes, 30491
 rapid automatized naming; lexical decision; letter-string reading measures; sight vocabulary; phonetic decoding; visual word recognition, 27525
 reading scores; attention problems; elementary school; problem behavior; middle school behavior prediction, 36046
 testing accommodations; read-aloud accommodation; reading achievement tests; teacher attitudes; student attitudes; actual effects; perceived consequences; disabled students; eighth-graders; teachers, 12203
 visual stress; symptom assessment; reading; reading tests; coloured filters; visual skills; theories, 30504
Reading Skills [See Also Reading Comprehension, Reading Speed]—Serials
 adolescent readers; language curriculum; chronic reading failure; phonological skills; semantic skills; syntactic skills; pragmatic skills; discourse processing skills, 26900
 auditory processing; reading skills; language remediation program; training effects; specific language impairment; dyslexia; auditory discrimination; program evaluation, 12188
 basic reading skills; dance program; first-grade students; arts-based educational program, 23817
 CD-ROM audio textbook; organizational strategy; history classes; academic performance; secondary-level content acquisition; secondary students, 2830
 college students; reading strategies; comprehension; reading school-related materials; studying; Metacognitive Reading Strategies Questionnaire; self-report instrument, 24312
 curriculum based measurement; state assessments; reading skill; Michigan Educational Assessment Program, 30497
 developmental differences; early reading skills; phoneme syllables; segmentation skills; phonological development, 28071
 direct instruction model; secondary level school; high-risk students; reading skills; educational program effectiveness evaluation, 26892
 early reading skills; kindergarten; third grade; reading skill development; family literacy; oral language; emergent reading; intelligence; spelling, 26948
 effects; audio-visual training program; dyslexic children; daily voice exercises; reading task; phonological components; children, 33191
 first language reading skills; second language knowledge; Bosnian Serbo-Croatian speakers; French language; interlingual transfer, 7334
 jail population; employability skills; recidivism; female jail inmates; soft skills; reading; math; interpersonal skills; personal characteristics; employment barriers, 26783
 Language development; literacy; longitudinal study; narrative; oral discourse; reading and writing skill; pre-school, 33120
 language skills; speech intelligibility; cochlear implantation; reading skills; early intervention, 23637
 letter knowledge; phonological awareness; reading skills; verbal ability; phonological memory; longitudinal study results, 30030
 letter sound; phonological awareness; words; kindergarten children; reading ability, 11095

lexical decision; skilled readers; developmental dyslexia; naming latency; length effect; syllables, 24440
literacy improvement; secondary schools; student attitudes; reading skills; teaching methods; large group instruction; small group & individual instruction; success in class, 26890
nonword naming; Dual Route Cascaded model; stimulus quality; skilled readers; neighborhood density; additive effects; reaction time; word frequency; spelling sound regularity; nonword letter length, 15297
older struggling readers; literacy instruction; technology-based intervention; reading acquisition; integrated media, 26894
oral vocabulary; phonology; orthography; morphology; word reading; spelling; reading comprehension; at risk second & fourth grade students; literacy skills; state standards for reading & writing, 2793
phonological awareness abilities; reading abilities; Williams syndrome, 11160
phonological awareness training; reading skills; spelling; training dose; kindergarten students, 5906
phonological processing; oral language abilities; fourth-grade poor readers; oral language skills; reading abilities; word attack; word recognition; comprehension; verbal working memory; naming, 13165
phonologically based reading intervention; reading fluency; Occipitotemporal systems; skilled reading, 23826
precocious reader; reading accuracy; phonemic & phonological awareness; lexical & orthographic representation; lexicalized phonological recoding; phonological recoding; normal development; gifted, 10181
reading comprehension; individual differences; context free reading fluency; reading skill; fourth graders; context reading fluency, 2787
reading comprehension; reading disability; attention-deficit/hyperactivity disorder; phonological processing skills; comorbidity; reading skills; word decoding; cognitive control functions, 19770
reading difficulties; early intervention; kindergarten; prediction; reading skills; phonological awareness; letter sound knowledge; naming speed; letter name knowledge, 23889
reading performance; numeral reading; number word reading; pseudoword reading; reading development; orthography, 4094
reading skills; preschool children; first-grade children; skill development; cognitive antecedents; social antecedents, 20821
reading skills; science content knowledge; teaching methods; secondary school students; academic achievement, 26888
reading skills; writing skills; young adults; spina bifida; hydrocephalus; reading comprehension; writing fluency, 35103
reading skills; young children; hearing impairment; sensorineural hearing loss; phonological awareness; receptive vocabularies, 29201
reading strategies; hypermedia; communicative effectiveness; scientific knowledge; hypertextual transpositions; text comprehension; semiotics, 9243
school psychologists; educational research; mean effect sizes; reading outcome; reading skills; academic area, 5897
screening tool; Get Ready to Read; early reading skills; children from low-income families; phonological sensitivity; language skills; reading performance; assessments; vocabulary; print knowledge, 30498
skilled reading; impaired reading; neurobiological basis; skilled word recognition; integrated cortical system; dorsal subsystems; ventral subsystems; anterior subsystems, 27784
special education; prerequisite skills; reading skills; curriculum based measurement; reading probes; maze; universal screening; achievement test; educational placement, 30487
syllabification; graphosyllabic instruction; struggling readers; reading instruction; multisyllabic words; word learning; novel words, 29962
teaching methods; curriculum; learning differences; reading skills; secondary schools, 26863
temporal lobe epilepsy; reading acquisition; reading skills; metaphonological awareness; temporal lobe dysfunction; phonological awareness; twins, 8319
verbal protocols; reading strategies; deaf students; thinking, 36227
visual encoding learning; reading fluency; letter recognition; fixated text images; connectionist model; Encoder, 27551
visual motion processing deficits; developmental dyslexia; reading skills, 25980
Reading Skills [See Also Reading Comprehension, Reading Speed]—Chapters
Using peer tutoring to prevent early reading failure, 5888
Reading Speed—Serials
aging; psychomotor speed; verbal fluency; writing speed; reading speed; vocabulary, 15978

character description consistency; character description inconsistency; characteristic coherence; global coherence; reading time; memory; target action sentences; college students, 9672
character description consistency; character description inconsistency; characteristic coherence; global coherence; reading time; memory; target action sentences; college students, 9697
developmental dyslexia; reading speed; lexical processing; reading program, 29759
pronouns; pronoun processing; lexical frequency; antecedents; processing ease; saliency; lemma reaccess account; reading times; reading; anaphors, 9685
reading speed; peripheral visual field; intellectual activity; intellectual function; Kurita's speed reading course; physiological function; subconsciously, 3358
reading; fluency; generalization; instruction; reinforcement, 20810
training reading fluency; dysfluent readers; reading accuracy and speed; orthographic representations; training words; high-frequency onset clusters, 33194
Readjustment (Psychosocial) [See Psychosocial Readjustment]
Readmission (Hospital) [See Hospital Admission]
Readmission (Psychiatric Hospital) [See Psychiatric Hospital Readmission]
Realism (Philosophy)—Serials
empirical generalization; artificial intelligence; computer programs; logical process; realism, 36499
moral realism; ethics; morality; relativism; Praise and Blame, 7307
moral realism; gastronomic realism; beliefs; food; drink; facts; moral values; Praise and Blame, 7301
moral realism; hermeneutic philosophy; ontology; Praise and Blame, 7302
moral realism; reality; history; Praise and Blame, 7303
optimism; realism; self-efficacy; cross-cultural comparisons, 25366
Praise and Blame; moral realism, 7304
scientific realism; instrumentalism; psychological theory; scientific practice, 21946
Reality—Serials
cognitive mechanisms; executive deficits; reality distortions; executive functions; confabulation; meningioma; motivation; memory, 19261
conflict research; emotional response; gender differences; adolescent perception; hypothetical situation realism, 31226
consciousness; neuropsychology; reality; religion; cosmic, 3425
dynamic spatial ontology; time; spatiotemporal ontology; reality, 24436
fantasy proneness; mental imagery; reality monitoring; individual differences; memory confusions, 24415
fantasy/reality distinction; young children; fantasy orientation, 24978
mothers; behavior modification; pretense; pretend play; real world comprehension; infant development; cognitive development; cognition; pretender behaviors; mother-toddler communication; signal value, 7389
observer proficiency; discrimination; pretense behavior; pretense vs real acts; behavioral cues; development; pretender behavior; pretend content; pretense interpretation; children; adults, 24920
online dates; relationships; online matchmaking; soul mate; online dating; illusory perceptions; compatibility, 31052
pathetic fallacy; concept; animism; psychoanalysis; projection; reality; epistemology, 2102
personal reality theories; gender issues; gender self-concept; masculinity; femininity; androgyny, 22336
Pierre Bourdieu; psychoanalysis; sociocultural context; language; psychoanalytic theory; psychic reality; culture; developmental theories; symbolic power; psychoanalysts, 7730
prior knowledge; realism; narrative worlds; mental images, 31482
psychoanalytic organizational analysis; organizational dynamics; psychological reality; transference; countertransference; workplace; organizational culture, 4494
reality & truth in behavioral pragmatism, 6225
reality of mental illness; psychiatry; likeness argument; schizophrenia, 19311
reality of mental illness; psychiatry; likeness argument; schizophrenia, 19323
reality of mental illness; psychiatry; likeness argument; schizophrenia, 19327
reality of mental illness; psychiatry; likeness argument; schizophrenia, 19334
reality of mental illness; psychiatry; likeness argument; schizophrenia, 19335
reality of mental illness; psychiatry; likeness argument; schizophrenia, 19347
reality therapy, 32280

reality TV; reality television; psychoanalytic interpretation, 1300
reality; unconscious registration; mind; theory of repression, 1292
reality; unconscious registration; mind; theory of repression, 1298
television documentary; real; truth; Britain; entertainment; Provisional IRA; psychoanalytic framework, 1308
Reality Testing—Serials
observational learning; developmental psychopathology; psychosocial determinants; attachment theory; caregiving environments; action interpretation; learning strategies; infants; mentalization, 15950
reality monitoring scoring; social skills; criteria based content analysis; lie detection; age differences; coaching, 18985
Reality Therapy—Serials
reality therapy, 32280
reality therapy; choice theory; Christian belief; country school setting; school environment; school counseling, 33205
reality therapy; developmental disabilities; group counseling; self-determination, 32277
role play; choice theory; reality therapy; lead management; teaching methods, 32934
Reasoning [See Also Case Based Reasoning, Inductive Deductive Reasoning]—Serials
affective dimensions; positivism; rationality; emotion; reason; emotionality; false dichotomy; reunification, 27968
analogical reasoning breakdown; frontotemporal lobar degeneration; neurocomputational model; learning; discovery; intelligence; cortical degeneration; anterior temporal cortices, 20027
artificial intelligence; computational intelligence; qualitative decision theory; reasoning; constraint programming, 27210
belief bias; figural bias; syllogistic reasoning; believability, 24454
belief desire reasoning; biases; selection process; inhibition, 31147
biased reasoning; self-relevance; feedback reactions; feedback valence; expectatness; consistency; adaptive responses; negative feedback; health risk feedback; cholesterol level; positive feedback, 12666
categorical expert systems; hierarchical categorization; categorical representation; approximate reasoning; associative memory, 30311
causal reasoning; causal conditionalizing; contingency learning, 6603
causal relationships; category members; causal knowledge; category features; causal-model theory, 381
child causal inferences; backwards blocking; Bayesian reasoning; preschoolers; cognitive development; patterns of events; age, 24983
circular reasoning; arguments; reasonableness; repetition; claim structure; reasoning judgment, 15283
classroom discourse; mathematics teaching; culturally diverse; elementary students; contribution; mathematics classroom; sense making; teachers; reasoning, 2757
clinical reasoning theater; clinical reasoning education; doctor patient conversation; history taking; physical examination; medical students, 17503
clinical reasoning; judgement; perceptual discrimination; visual domain; medical education; senses, 23673
cognitive consistency theories; constraint satisfaction; background knowledge; reasoning processes; bidirectionality; reasoning; decisions; preferences; decision making, 22318
cognitive efficiency; circadian typologies; morning type; evening type; visual search; logic reasoning; spatial reasoning; mathematical reasoning, 313
conditional promises; conditional threats; biconditional interpretations; reward; punishment; inference task; speaker control; consequent signing; inference acceptability ratings; reason analysis, 24480
connectionism; discourse processing; inference; recurrent networks; reasoning; logical ordering; narratives; coherence, 18004
consciousness; negative correlation; intelligence; fluid intelligence; crystallized intelligence; reasoning, 34694
cost-benefit reasoning; secondary school suspension; high school students; behavior regulation, 2823
customer reactions; brokered ultimatum game; rational decision-making; justice theory; customer behavior; negotiation transaction; distributive injustice; ultimatum price; offers; bids; negotiation, 24071
decision theoretic analysis; deontic reasoning; indicative conditional probability; acceptability judgment; unacceptability; deontic conditionals; psychological research; permission rules, 24461
delusions; explanation of experiences; alternative explanations; realistic explanations; symptom measures; reasoning; self esteem, 31694
delusions; reasoning, 1470

differential errors weighting; clinical reasoning skills test; response patterns; item response theory; medical students, 18174

disgust sensitivity; meat consumption; moral vegetarianism; health vegetarians; meat avoidance; personality trait; emotivist account; moral reasoning; emotional reaction; propositional reasoning, 4431

dual process account; human reasoning; evolution; non-human species; system dichotomy, 27521

economic phenomena; two-tier rationality; two-tier reflexivity; ethnomethodology; economic theory; instrumental rationality, 16097

educational program; scientific reasoning; general science domain; training; everyday problem thinking; historically underrepresented science students; Thinking Like A Scientist program; core themes, 17685

epistemological norms; student familiarity; fallacious argument identification; informal reasoning; argument fallacies; invalid arguments; argumentation; norms awareness; norms identification tasks, 12166

essentialist beliefs; essentialist reasoning; children; aggression; contextual factors; social factors, 4102

evidence; argument skills; cognitive factors; juror reasoning; verdict choice; narrative explanation; legal testimony; evidence-based argument, 33415

experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language, 12053

experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language; thinking, 12042

experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language; thinking, 12052

false belief reasoning; relative clause sentences; linguistic structures; metarepresentation, 18938

false belief; counterfactual conditionals; developmental dissociation; counterfactual reasoning; complex & simple travel scenarios; child development, 24969

formal reasoning; everyday reasoning; logic; insight; language; mental models; information integration; inference; alternative possibilities coordination; narrative comprehension; cognitive operations, 24465

functionally similar stimulus relations; equivalence-equivalence test; matching; analogical reasoning, 21329

Georgia Cognitive Skills Program; reasoning; rehabilitation; parolees; recidivism, 32850

grammatical transformations; 2-letter sentences; 3-letter sentences; 4-letter sentences; simple transformations; complex transformations; brain regions involvement, 6877

health promotion; human functioning; school organizations; pedagogic practice; cultural transmission; pupils' health; curriculum development; human needs; practical reasoning, 17244

high-level expertise; deliberate practice; informal reasoning; deliberate practice; student participants, 24479

hippocampus; logical reasoning; spatial environments; transitive spatial relations; familiar & unfamiliar environments, 24434

hybrid reasoning; knowledge bases; inference fusion; taxonomic reasoning; distributed heterogeneous reasoners; constraint solver; reasoning coordinator; input knowledge; Description Logics, 9255

identity integration; religious orientation; moral reasoning; moral behavior, 31335

inductive reasoning; implicit memory; problem solving; amnesia; number series completion; impaired memory systems; intact memory systems, 19981

infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34282

infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34266

infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34263

informal reasoning fallacies; fallacious argument; judgment; high school students, 27509

informal reasoning; cognitive ability; myside bias; year in university; amount of post-secondary education; college students; myside arguments; otherside arguments; individual differences, 6595

informal reasoning; socioscientific issues; science, 28186

instance based reasoning; retrieval method; topology; case based reasoning systems; instance based reasoning systems, 33784

intuitive judgment; choice; bounded rationality; decision making; mental accessibility; prospect theory; framing effects; attribute substitution; bias, 376

issue preface; formal reasoning; rational thought; logically valid inferences; cognitive study, 24475

knowledge representation; reasoning; context; theories, 21955

logic; semantic theory; cognitive science; conditional reasoning, 27520

logical connectives; mental representation; language; cognition; reasoning, 24471

logical reasoning deficits; schizophrenia, 10785

logical reasoning; probability, 33813

mathematical concepts; authority; children's reasoning; conventional & second-order logical rules; arithmetic algorithms, 24961

mental models theory; relevance theory; reasoning; peoples performance; cognitive psychology, 18345

metaethical cognition; epistemic reasoning; reasoning development; moral judgments; intuitionism; subjectivism; transsubjectivism; adolescents, 34281

metonymic mappings; metaphorical mappings; American Sign Language; cognitive reasoning; linguistics; cognition; prose, 31078

modes of knowing; reasoning; elementary astronomy; questioning methods; internal mental models; earth; day/night cycle, 26871

Monty Hall dilemma; causal reasoning; collider principle; probability judgment; choice behavior, 30658

moral development; medical students; moral reasoning, 8970

moral reasoning; conflict resolution strategies; conflict resolution skills; prosocial skills, 13234

moral reasoning; gender differences; self reasoning; self-other relationship; social distance; ingroup dynamics, 34706

motion perception; graphic presentations; student subjects; time-lapse photographs; calculator-generated plots; drawings; reasoning, 317

Mozart effect; neural functioning; spatial-temporal reasoning, 33686

non-observed correlations; inference; causal scenarios; causal knowledge; naive reasoners; causal link; cues; inferred correlation points; human causal detection, 24510

nonmonotonic reasoning; preference handling; classification; knowledge representation; nonmonotonic reasoning, 27206

normative data; sex differences; Raven Standard Progressive Matrices; Mexican children; reasoning; visualization, 15001

offending behavior; female reasoning biases; male reasoning biases; psychologists; systematic deviations; reasoning behavior, 11052

ontological reversal; science education; Edmund Husserl; Goethe; natural science; theoretical models; thinking; reasoning; pre-service science teachers; mathematical models, 23756

orbitofrontal cortex; theory-of-mind; reasoning; autism; neural impairments, 25965

parietal cortex; mental image; perspective transformation; event-related fMRI; neural processing; spatial reasoning; temporal cortex; object rotations, 650

physical reasoning; perception; cognition; expectations; infants, 24930

postmaterialist values; cognitive support; social values; introspection; values-as-truisms; materialist; self-transcendence; cognitive support, 22303

practical reasoning; modular mind; creative thinking; theoretical thinking, 24422

practical wisdom; reason; human finitude; phronesis; virtue; ethics; moral perception; deliberation; choice; algorithm, 7676

prefactual possibilities; future; counterfactuals; indicative conditionals; true possibilities; implied meaning; consistent possibilities; judgment; presupposed facts, 24421

preferences; decision theory; reasoning; rationality, 27207

pretrial publicity; fraud case; trial evidence; verdict decisions; jurors; factual & affective/evaluative recall; reasoning, 9309

prior beliefs; methodological concepts; scientific reasoning; college students, 18326

probabilistic reasoning; inductive reasoning; cerebellum; decision making; uncertainty; inductive inference, 24649

propositional reasoning; instructional simulations; classroom context; teacher effectiveness; student grading, 33056

rational action; human agents; computerized shapes; stimuli; habituation; infants; approach conditions, 15982

reasoning strategies; student behaviour; medical students; professional lapse; professional conflict, 17512

reasoning styles; differential language effects; European Americans; Bilingual Chinese; culture; testing language; categorization; cross-cultural research; English language; Chinese language, 27998

reasoning; action theories; preferences; prioritized default theory; answer set planning, 27214

reasoning; inducements; advice; threats; promises; tips; warnings; inference patterns; interpret, 33814

recognition heuristic; fast and frugal; reasoning; judgment, 3368

reflective abstraction; moral discussion; moral reasoning interventions; interindividual intervention; moral dilemmas; 6th and 7th graders, 20808

relational structure; spatial reasoning; spatial representations, 27497

research participants; conversational logic; performance rewarding; reasoning performance; researcher interaction, 27505

robust reasoning; agent-based modeling; nonlinear systems, 30549

scientific reasoning; causal inference; cognitive phenomena, 24445

sex difference; verbal-analytic reasoning; visuospatial ability; age differences; gender differences; Estonian adolescents, 34284

sex differences; verbal reasoning; spatial ability; cognitive ability; spatial processing, 33781

social comparison; nonmotivated reasoning; above average effects; comparative optimism effects; biased comparative judgments, 34626

social reasoning; racial exclusion; social relationships; decision making; interpersonal relationships; overt racism; intimate relationship; non-intimate relationships; personal choice, 16132

social role; theory of mind reasoning; social status, 19147

social situations; moral reasoning; moral emotions; mental representations; emotional reactions; mental faculties; cognitive theory; modular system, 9779

strategic play; signaling games; behavior; reasoning processes; meaningful context, 22141

subclinical depression; generative inference making; aging; generative reasoning; working memory; linear order reasoning; older adults; younger adults; processing limitations; study time restriction, 21347

teachers; school fights; gender; cognitive developmental domain approach; moral reasoning; intervention; cognitive developmental domain theory; public health; environmental psychology, 12094

temporal constraint satisfaction; Interval Algebra; temporal reasoning problems, 21228

text comprehension; inference; informal reasoning fallacies; high school students, 5909

undergraduate psychology students; judgement tasks; reasoning strategies; roles; perceptions of psychology; role taking, 2815

understanding; structural alignment; analogical learning; abstraction; eighth graders; analogical reasoning; structure mapping, 30038

valence effects; reasoning; evaluative traits; age groups; age differences; social traits; academic traits; trait-relevant beliefs; inference, 16267

verbal analogy; analogical reasoning; functional magnetic resonance imaging; brain, 6938

verbal intelligence; performance intelligence; reasoning ability; cognitive functioning, 33825

verbal short-term memory; visuospatial working memory; fluid intelligence; working memory; latent-variable approach; spatial reasoning; domain-specific storage; executive-attention, 21378

voting behavior; voter illusion; personal relevance; counterfactual reasoning; social dilemmas; egocentrism; political elections, 13360

working memory maps; intelligence; vocabulary; mental rotation; abstract reasoning, 3364

working memory; mathematical reasoning; children, 18929

working memory; vocabulary; arithmetical reasoning; intellectual disabilities, 19795

young infants; reasoning; hidden objects; violation-of-expectation, 34300

Reasoning [See Also Case Based Reasoning, Inductive Deductive Reasoning]—Books

Offending behaviour: Moral reasoning, criminal conduct and the rehabilitation of offenders, 11064

What would Aristotle do? Self-control through the power of reason, 4472

Reasoning [See Also Case Based Reasoning, Inductive Deductive Reasoning]—Chapters

Origins and evolution of model-based reasoning in mathematics and science, 23850

Task-analysis cycles as tools for supporting students' mathematical development, 23856

Test of Nonverbal Intelligence: A language-free measure of cognitive ability, 124

The Universal Nonverbal Intelligence Test, 127

Rebelliousness—Serials

group dispersion; member to group generalization model; stereotype change; deviant group member; group judgments; group stereotypicality & prejudice, 34609

rebellion; authoritarian government; opposition; announcement credibility; Indonesia; turnout; agent-based model, 16081

sexual behavior; anal-sadistic prototype; childhood; Christopher Marlowe; Edward II; rebel, 31436

trait rebelliousness; selective exposure; adolescent rebelliousness; music genre; defiant music; traits, 804

Recall (Learning) [See Also Cued Recall, Free Recall, Serial Recall]—Serials

- 4th grade children; school breakfast; school lunch; dietary recalls; reverse order reporting; forward order reporting; Blacks; Whites, 10167
- accurate retelling; entertaining; recognition memory, 18377
- acquired memory; operant conditioning; memory reactivation; reactivated memory; infants; reminding; retrieval difficulty; memory accessibility, 913
- adult-child talk; talk timing; children's event memory; event recall, 31162
- affective word list; verbal learning; recall; hostility; positive words; negative words; primacy effects; recency effects, 24492
- age-related differences; monitoring; control of learning; study time; feeling-of-knowing judgment; memory; recall, 28089
- aging; retrieved intentions; memory retrieval; age differences; age-related deficits; delays; divided attention; memory performance; prospective memory, 6609
- anchoring effects; judgements of learning; absolute accuracy; recall prediction; metacognition, 24468
- arithmetic fact retrieval; traumatic brain injury; multiplication facts; colored representation; rehabilitation, 29757
- artificial grammar learning; implicit memory; implicit learning; recollection; processing fluency; classification decisions; fluency heuristics; recognition decisions, 3357
- associative recognition; alzheimer's disease; recall; unrelated words; false alarms; recognition task; word repetition; word familiarity, 29117
- autobiographical memory; older adults; retention interval; recall; husband; wife, 33845
- binary multinomial processing tree models; cognitive processes; memory; recall; forgetting, 30723
- brain asymmetry; long-term memory; brain laterality; fruit-flies; *Drosophila melanogaster*; memory retrieval, 34054
- categorization; face recollection; ethnically ambiguous faces; ethnic features; memory distortion, 9705
- cognitive busyness; evaluative information; recall; impression formation; information processing; intergroup context, 34596
- cognitive test anxiety; text comprehension; recall; external evaluative pressure; student memory, 21364
- computer text type; recall; working memory capacity; traditional text; hypertext; reading time, 3392
- conditional probabilities; recall performance, 21215
- cortisol administration; posttraumatic stress disorder; memory retrieval; traumatic memories; cortisol dosage, 35498
- cue focused processes; reflexive associative processes; prospective memory recall; divided attention, 18391
- cultural life scripts; structure recall; autobiographical memory; transitional life events, 30704
- delayed verbal recall; hippocampal volume; Alzheimer neuropathology; neurofibrillary lesions, 29158
- dementia; memory intervention; training; adjusted spaced retrieval; effortless learning; Alzheimer's disease; alcohol induced memory impairment; long term memory, 19993
- developmental continuity; spatial recall; symmetry axes; systematic drift; exemplar distribution; experience-dependent effects, 7402
- directed forgetting; contextual change hypothesis; word recall, 33877
- directed forgetting; related words; inefficient inhibition hypothesis; age related differences; fifth-grade children; college students, 7388
- Down syndrome; story presentation rates; story recall performance; Down syndrome; working memory; syntax comprehension, 4796
- driving experience; attentional focusing; recall; eye movements, 12373
- emotion concepts; distinctiveness; abstract words; concrete words; recall; priming; lexical decision, 33771
- emotional content; aging; false memories; word presentation; emotional recall; neutral lures; emotion recognition, 27547
- encoding; age differences; episodic memory; motor activity; category cued recall; sentences; enactment; immediate free recall; clustering; educational differences; adults, 3373
- episodic learning; category specific agnosia; object recognition; recall, 11233
- episodic memory; emotional and nonemotional words; schizophrenia; subjective emotional experience; recognition; recall; emotional expression, 31775
- episodic memory; healthy older individuals; subjective memory complaints; objective cognitive impairment; repetitive learning; brain activity; hippocampal activity; gray matter densities, 9709
- event memory; misinformation effects; gorillas; primates; episodic memory, 24574
- event-related potential; temporal context discrimination; declarative memory; neural correlates; recency judgments; memory retrieval, 24711
- executive system; visuo-spatial memory functioning; recall; short-term memory, 307
- explicit memory; recall performance; recognition performance; hypoxia; amnesia, 20038
- face identification; biographical fact retrieval; proper names recall; semantic information; expertise; naming; children; adults, 28081
- face presentation; name presentation; memory; verbal descriptors; association; immediate recall; delayed recall; information; retention; photographic images, 420
- false memories; distinctive information; impoverished relational-encoding; critical lures; retrieval; distinctiveness heuristic; visual stimulation, 24497
- false memories; semantic associates; age differences; recall; critical lures; semantic activation processes; source monitoring; young adults; older adults, 15943
- false memory; recollection rejection; children; adults; false-memory editing; semantic false memory; recollective suppression; memory retrieval; recognition; receiver operating characteristics, 409
- false recognition; false recall; word length, 33865
- film summaries; cognitive representation; event sequence; recall ability, 12671
- functional brain imaging; traumatic recall; neuroimaging; hypnosis; hypnotic responsiveness; brain structure, 35602
- generation effect; cognitive operations; recall test; aging; divided attention, 25108
- guided imagery; autobiographical memory; imagery encoding; perceived memories; actual events; fantasy; memory retrieval, 6606
- hippocampal damage; recall impairment; recognition impairment; impaired patients, 29189
- image vividness; sociodemographic characteristics; high-school students; effective approach; keyword method; word lists, 18372
- intellectual disability; event recall; question types, 25970
- interference; forgetting; retrieval; memory, 3383
- involuntary conscious memory; intentional retrieval; implicit memory tests; retrieval; production processes; completion priming; perceptual memory; levels-of-processing, 27529
- involuntary semantic memories; mind popping; semantic knowledge; recall, 9715
- keyword mediators & differing amounts of practice; retrieval of Spanish-English vocabulary pairs; students; mnemonic mediation; awareness, 411
- keyword mediators & differing amounts of practice; retrieval of Spanish-English vocabulary pairs; students; mnemonic mediation; awareness, 434
- keyword method; rote learning; mnemonic; recall; age differences; foreign language, 7378
- language-impaired children; sentence interpretation strategies; monolingual German learning children; specific language impairment; language impairment, 8104
- learning trials; multiple sclerosis; repetition effect; recall ability; cognitive rehabilitation, 23602
- literal interpretations; homonyms; pseudo-homonyms; familiar words; nonsense words; recall; word meaning; children; language development; English, 10195
- long term memory retrieval; use of analogues in problem solving; analogy; cross cultural differences; transfer, 30660
- long-term retention; Arabic numerals; differential numeral values; chimpanzees; computer monitor; magnitude estimation; magnitude representation; cognitive processes; discrete representation, 24556
- memorization strategies; mentally retarded adolescents; recall, 12693
- memory consolidation; reconsolidation; dissociable stages; wake; sleep; memory processing; recall; motor tasks, 3301
- memory development; young children; memory strategies; verbal memory; recall; short term memory; memory capacity; metamemory; utilization deficiency, 24977
- memory recall; dissociations; memory measures; ergonomics; encoding, 30376
- memory training; recollection; older adults; incremental difficulty approach, 1036
- memory; appearance of others; gender differences; accurate recall; interpersonal orientation; interpersonal sensitivity, 9711
- misinformation; recall; cognitive interview; mnemonics; young children, 22035
- mobile phone use; questionnaire; development; validity; methodology; real-time measures; Interactive Voice Response; technology; airline; habitual behavior, 15882
- motion-correction strategy; time course selection; structural equation modeling; task-related motion; lexical retrieval task; connectivity models; functional neuroimaging data, 27732
- multiplication practice; product verification; integrated structures model; retrieval-induced forgetting; cognitive processes, 33817
- name game; group size; recall; learning names; acceptability; bonus information, 12701
- need for cognition; information framing; mood; recall; decision making; confidence level, 9662
- ordinal process dissociation; automatic processes; controlled processes; equations; ordinal relations; inclusion tasks; exclusion tasks; memory, 15328
- part-set cuing effects; age differences; category exemplars; recall; younger adults; older adults, 15968
- perceptual modality; verbatim memory; gist memory; recall; younger adults; older adults, 15968
- preschool children; guessing; recall; false suggestions; suggestibility; false memory; investigative interview; experienced events; nonexperienced events, 10179
- presentation speed; story recall; college students; multiple sclerosis patients; story memory tests, 27329
- pretrial publicity; fraud case; trial evidence; verdict decisions; jurors; factual & affective/evaluative recall; reasoning, 9309
- priming guesses; forced-recall test; implicit memory, 27540
- proactive interference; positive words; negative words; word recall; spontaneous encoding; emotional valence, 21369
- proper name learning; age-related learning; memory problems; cognitive aging; young adults; older adults; faces; recall; previously unknown people, 33857
- prospective memory; aging; meta-analytic review; automatic processes; event based tasks; time based tasks; retrospective memory; free recall; age-related decline, 15955
- protein synthesis inhibition; mRNA inhibition; hippocampus; conditioned stimulus; memory extinction; extinguished conditioned fear response; memory recovery, 21553
- pupil recall; interactive storyboard; greater recall, 17679
- recall; false recognition; words; diagnostic monitoring; disqualifying monitoring, 9707
- recall; information retrieval; memory; inhibition; recognition latency, 12712
- recall; recognition confabulation; schizophrenia; psychotic disorder; bipolar disorders; symptomatology; cognitive domains; computed tomography; auditory event-related potentials; schizoaffective, 31710
- recognition memory; hippocampal networks; neocortical networks; neural networks; hippocampus; medial temporal lobe cortex; recall; familiarity; operating characteristics; lesions; recognition, 428
- recognition memory; recall performance; intentional study; common objects, 21382
- recollection rejection; phantom recollection; memory conjunction paradigm; conjunction lure recognition, 12696
- redintegration; lexicality; children; memory task; rhyme; phonology; complex task demands, 30743
- remembering; false memory rates; repeated attempts; prolonged attempts; erroneous memories; recall, 9710
- retention; subordinate causal sentences; coordinate sentences; auditory presentation; adults, 435
- retrieval inhibition; list method directed forgetting; recall, 6615
- retrieval selectivity; self-referent information; self-protection; mnemonic neglect, 27542
- retrieval-induced forgetting; part-list cuing; associatively structured lists; retrieval practice; veridical recall; false recall, 18370
- revised methodology; metacognitive monitoring; metamemory; judgments of learning; pre-judgment recall and monitoring; data collection; data analysis, 15330
- Rey Complex Figures; Taylor Complex Figures; age; gender; order of administration; copy time; copy score; recall performance; memory; visual perception, 3138
- self-choice effect; response choice; relational processing; multiple-cue; retrieval cues; recall, 21394
- self-complexity; negative moods; positive memories; mood-incongruent recall; mood regulation; knowledge structure, 24515
- self-evaluation; directed forgetting; encoding strategy change; memory performance; recall, 21390
- semantic dementia; autobiographical memory; memory retrieval, 5003
- sentence recall; delayed recall; immediate recall; visually presented sentences; lure intrusion effect; phonological information; surface information; acoustic-sensory information; lexical priming, 24513
- serial discriminations; contextual discriminations; stress; mice; information retrieval; flexible information; stable information, 21428
- serial position curves; recall; recognition; short-term memory, 3397
- sex differences; recall trial; undergraduate students; memory performance; memory estimates; pictures; words; estimation; metacognition, 24500
- sexual behavior; memory recall; time lag; self report validity; condom use; alcohol use; substance use, 13380

Volume 91 SUBJECT INDEX

Recall (Learning)—Serials

short-term sentence recall; acoustic-sensory information; conceptual & phonological information; reading silently; reading aloud, 326
signal detection theory; remember know paradigm; sensitivity estimates; confidence judgments; remember rates, 15325
simultaneous task learning; memory inhibition; delayed recall; simultaneous acquisition effect, 24484
social pressure; group recall; perceived group members; conformity; individual recall; performance, 18398
source misattributions; false memory paradigm; false memory; illusory recollection; voices; recall, 27565
spaced retrieval; memory; mnemonic; Alzheimer's disease; dementia, 19957
spatiotemporal organization; physical context; young children; physical environment; recall, 18921
spelling; generalization; aphasia; copy & recall treatment; words; pseudowords, 2533
stereotypes; automotive model; directed forgetting; recall; forget cues; remember cues; category primes; explicit memory; implicit memory; words, 407
strategy acquisition; maintenance; gifted & nongifted young children; recall; clustering; study behaviors; age differences; intelligence differences, 2779
terrorist attacks; recall; flashbulb memory; Alzheimer's disease; information encoding; information storage, 26176
testosterone; estradiol; cognitive function; verbal recall; information processing; elderly; hormone replacement therapy, 9940
trauma-related information; explicit memory; implicit memory; Holocaust-related words; paired associate recall; post-traumatic stress disorder; Holocaust survivors; Jewish adults, 7927
traumatic brain injury survivors; word retrieval; organization strategies; augmentative technology; alternative communication technology; preferences, 32141
upright posture; slumped posture; negative thoughts; positive thoughts; recall; imagery ability, 33839
verbal accessibility; verbal recall; early memories; contextual cues; infants; contextual support, 22023
verbal memory errors; schizophrenia; positive symptoms; negative symptoms; recall memory, 25635
verbal memory; older adults; repeat testing; age-related memory change; nondemented participants; age effects; sex effects; education effect; new learning; recall, 4178
visual imagery vividness; delayed recall; stimulus affect; individual differences; emotions, 24485
word-frequency paradox; recall; recognition; pictures; yes-no recognition task; familiarity; Search of Associative Memory model, 30721
word-length effect; recall; long word; short words, 9713

Recency Effect—Serials

affective word list; verbal learning; recall; hostility; positive words; negative words; primacy effects; recency effects, 24492

Receptive Fields (See Also Cutaneous Receptive Fields, Visual Receptive Fields)—Serials

auditory lexical decision; specific language impairment; receptive language ability, 19828
inferior colliculi; responsive neurons; receptive fields; broadband noise; sound location; monkeys; neural pathways, 7050
neural receptive fields; modular neural networks; machine learning; neural architecture; network design, 9277
preferred orientations; cortical surface; computer simulations; principal component; receptive fields, 3263
receptive field plasticity; auditory cortex; conditioning; memory; stimulus-stimulus learning; stimulus generalization; acetylcholine; auditory stimulation; tone; nucleus basalis, 634
receptive field properties; human periodontal afferents; premolar teeth; tooth loads; molar teeth; mechanoreceptive afferents, 15517
receptive fields; hairy skin; forearm; unmyelinated tactile afferents; human skin; cutaneous mechanoreceptive afferents, 15600
silicon model; visual system; silicon chip; neurons; receptive fields; electrophysiology, 30815
sound localization; barn owls; auditory space; low-order neurons; space representations; place-coding neurons; pathways; binaural cues; frequency bands; isomorphic map; neural networks, 6927
spectral integration; stimulus components; receptive field; primary auditory cortex; marmosets; neuronal tuning characteristics, 15519
task-related plasticity; spectrotemporal receptive fields; primary auditory cortex; neuronal responses; sensory cues, 6891

Receptor Binding—Serials

5-HT₁ receptors; basal ganglia; hippocampal formation; neocortex; receptor binding, 632
5-iodo-A-85380; self-administration behavior; beta2 selective receptor; nicotine receptor ligand; operantly trained rats; nicotine acetylcholine receptors, 3935

AMPA receptor binding; kainate receptor binding; haloperidol; clozapine; NMDA receptors; brain regions; rats, 10041
amphetamine pretreatment; dopamine receptor density; receptor affinity; cats; raclopride; neurophysiology, 27890
antipsychotic drugs; postmortem brains; gene expression; animal model; drug effects; glutamic acid decarboxylase; anterior cingulate cortex; rats; haloperidol; clozapine, 13107
atypical antipsychotic agents; ziprasidone; receptor affinity; schizophrenia treatment; dopamine receptors; serotonin receptors, 11560
belfloaxone; monoamine oxidase-A; inhibitors; baboons; lazabemide; moclobemide; brain; binding, 3875
benzodiazepine receptors; major depression; SPECT; imazazenil; GABA; gamma aminobutyric acid; magnetic resonance spectroscopy, 1428
brain neurokinin; receptor occupancy; aprepitant; brain stem region; central nervous system; pharmacotherapy; emetogenic chemotherapy; receptor binding-selective tracer; positron emission tomography, 24648
brain serotonin 1A; receptor binding; bulimia nervosa; selective serotonin reuptake inhibitors; pharmacologic treatment, 29391
bulimia-type anorexia nervosa; serotonin neuronal pathways; 5-hydroxytryptamine, 25987
cannabinoid receptor agonist; receptor antagonist; behavioral effects; adult male rats; WAY 100635 interaction; 5-HT_{1A} receptors; CP 55,940, 18770
cannabinoid receptors; antagonistic effects; rats; food-reinforced operant behavior; WIN 55,212-2; CP 55,940; Δ⁹-THC; SR141716A; cannabinoids; additive effects; inverse agonists, 18730
clozapine; olanzapine; risperidone; quetiapine; ziprasidone; muscarinic receptors; atypical antipsychotics; partial agonist activity; muscarinic mechanisms; muscarinic effects, 7158
cortical crossstalk; binding problem; color; achromatic form; motion; neural activity; retinogeniculate encoding; synchronization; segmentation; equiluminant images; stabilized images, 30838
Cotard syndrome; striatal receptor binding; cerebral blood, 19303
D-amphetamine; medial prefrontal cortex; mesoaccumbens; dopamine; genotype-dependent sensitivity; locomotion; mice, 10054
d-amphetamine; rats; behavioral sensitization; P2Y₁ receptor expression; locomotor response; astrogliosis; immunocytochemistry; brain, 15746
depression; recovery; dopamine; serotonin transporter; carbomethoxy-iodophenyl-tranexan; recovery, 31744
differential region-specific regulation; alpha-1 adrenoceptors; haloperidol; clozapine; rat; adrenoceptors binding, 18718
dizocilpine receptor antagonist; neurotoxicity; retrosplenial cortex; gyrus cinguli; adenosine receptor agonists; blockade; protective effects; inhibitory effects; neuropathological changes; rats, 18779
dopamine receptors; atypical drug mechanisms; receptor subtypes; antipsychotic target; excitatory signal modulation; attention; cognition; neuroleptic medications; receptor physiology; schizophrenia, 7275
dopamine receptors; transporters; alcoholics; pathogenesis; alcoholism, 13756
dopamine transporter; norepinephrine; bupropion SR; depression; smoking cessation; positron emission tomography, 741
dopaminergic system; obsessive-compulsive disorder; basal ganglia; dopamine D2 receptor binding, 25706
drug sensitization; apomorphine; dizocilpine; NMDA receptor blockades; stereotyped pecking; pigeons, 30958
elevated plus maze; stereotyped; kainate; AMPA; NMDA; acetylcholine; amygdala; anxiety; receptors; mice; serotonin; receptor binding; GABA, 3734
gemfibrozil; rat cortex; neurotoxicity; hypolipidemic effect; nuclear extracts; brain; oligonucleotide, 3705
hippocampus; receptor binding; 5-HT_{2A}; major depressive disorder; serotonin; positron emission tomography, 13598
impulsivity; brain serotonin transporter; brain binding capacity; suicide attempters; dopamine transporter, 28827
inhibition; C1q-amyloid binding; beta amyloid; hippocampal cells; complement mediated toxicity; pathology; Alzheimer's disease; AD; rat; amyloid induced complement lysis, 3706
intracortical connections; receptor blockade; layers II/III; glutamate receptor antagonist; postnatal development; cortical activity; barrel cortex, 3620
intrinsic activity estimation; cannabinoid CB1 receptor ligands; CP 55,940; delta9-tetrahydrocannabinol; THC; rats; drug discrimination, 711
maternal behavior; benzodiazepine; brain; fear; genotype phenotype relations; basolateral nuclei; amygdala; mice, 27863

Receptor Binding—Serials

maternal behavior; parturient rats; central oxytocin receptor system; OTR system; Fos activation; FosB activation, 3669
Melliss officinalis; lemon balm; acetylcholinesterase inhibition; cholinergic receptor binding; cognitive performance; mood effects; nicotine & muscarinic receptor binding, 736
menstrual cycle; platelet serotonin site; serotonin receptor binding; paroxetine; lysergic acid diethylamide; cyclical changes; estradiol; progesterone, 27956
milnacipran; human monoamine uptake; transporter binding affinity; norepinephrine-serotonin reuptake inhibitors; dopamine transporters, 14193
monoclonal antibody; b cells; b lymphocytes; tic disorder; immunoglobulin m; streptococcal infections; immune activation, 35289
mood disorders; venlafaxine; anxiety disorders; serotonin binding potential; SSRIs; citalopram; fluoxetine; sertraline; paroxetine; minimum therapeutic doses; serotonin transporter occupancy, 26404
mu-opioid receptor binding; carfentanil positron emission tomography; craving; mood; alcohol dependence; males; alcohol withdrawal; brain; depressive symptoms, 14664
N-methyl-D-aspartate; receptor binding sites; ethanol place conditioning; glutamate; ethanol reward; CGP-37849; glycine-b partial agonist, 30963
neurokinin; mu-opioid receptor; rat nucleus tractus solitarius; hypoxia; normoxia; brainstem; peptides, 3665
neuropeptides; mRNA expression; release; receptor binding; hypothalamus; corticotropin releasing hormone; anxiety; stress reactions; arginine-8-vasopressin; endocrine reactivity; amygdala; rats, 9946
peripheral-type benzodiazepine receptors; receptor binding; platelets; aggressive behavior; homicidal history; schizophrenia, 4647
phenol hydrochloride; nicotinic acetylcholine receptor ligand; rat brain; histaminergic receptors; serotonergic receptors; pharmacology, 7245
phosphorylated cyclic AMP response element binding protein; periaqueductal gray; predator stress; ventromedial hypothalamus; amygdala; behavior; limbic neural plasticity; rats, 9817
platelet serotonin uptake sites; measurement; impulsivity; aggression; craving; cocaine abuse; paroxetine, 6315
positron emission tomography scans; major depression; 5-HT₁; hydrocortisone; serotonin receptor binding, 7816
positron emission tomography; thalamic nuclei; autoradiographic techniques; autoradiographic studies; thalamic neurons, 21508
protein kinase A; prefrontal cortex; depression; suicide; [³H]cyclic adenosine monophosphate binding; catalytic activity, 13563
protein transmission rates; autistic probands; Reelin signaling pathway; genotype; APOE receptor 2; alleles, 28916
raclopride; dopamine release; monkeys; methamphetamine; D2 receptors; presynaptic integrity; receptor affinity, 6796
receptor agonism; cognitive deficits; schizophrenia; muscarinic receptors; pirenzepine binding; frontal cortex; central nervous system, 32216
receptor binding; amygdala; schizophrenia; serotonin 1A receptor; schizophrenic patients, 19501
receptor binding; baseline plus maze anxiety; anxiety like behavior; ethanol; alcohol preferring strain; rats; autoradiographic studies; frontal cortex; amygdala; anterior cingulate; dentate gyrus, 13013
Reelin signaling pathway; central nervous system development; receptor binding; signal activation; Dab1 phosphorylation; genomic organization; splicing; promoter use; Dab1 gene; hybridization, 15440
schizophrenia; basal ganglia; presynaptic dopamine transporter; receptor binding sites; synaptic dopamine concentration, 29387
second to fourth digit ratio; androgen receptor gene; prenatal sex steroids; sex differences; sexual dimorphism; sensitivity to testosterone; triplets; androgen receptor alleles, 3566
sensitivity; tolerance development; reaction latency; operant behavior; cannabinoid receptor blockade; potency; efficacy; WIN 55,212-2; CP 55,940; Δ⁹-THC; hypothermia; receptor antagonists, 18731
serotonin 5-HT_{1A} receptors; hippocampus; receptor binding; memory function; visual memory; explicit memory, 33992
serotonin; binge eating; transporter binding; treatment, 5354
serotonin; personality; receptor density; binding potential; spiritual experiences; self-transcendence, 34005
serotonin; personality; receptor density; binding potential; spiritual experiences; self-transcendence, 34029
sex differences; striatal dopamine; dopamine receptors; drug-naive schizophrenia patients, 19488

spinal cord; midbrain; brain stem; cold water swimming stress; central nervous system; antinociceptive effect; kappa opioid receptor; delta opioid receptor; mu opioid receptor; opioid receptor binding, 582

stress; noradrenergic modulation of GABAergic transmission; basolateral amygdala; norepinephrine; adrenoceptor antagonists; rats, 9959

striatal dopamine receptor binding; dopamine transporter binding; drug-naïve patients; schizophrenia; presynaptic dopamine neurons; postsynaptic dopamine neurons, 34892

striatal dopamine release; unrewarded motor task; human volunteers; dopamine receptor ligand; raclopride, 3601

striatal post-synaptic dopaminergic changes; extrastriatal post-synaptic dopaminergic changes; Huntington's disease; dopamine receptor dysfunction; Positron Emission Tomography; raclopride, 22838

structure-activity comparison; receptor binding; nitrophenyl derivatives; methoxyphenyl derivatives; anticonvulsant actions; YZ-069; behavioral studies, 27920

temporal cortex; non-cognitive symptoms; receptor density; serotonergic system; behavioral changes; cognitive function; memory impairment; Alzheimer's disease, 22936

tetralin; serotonin receptors; immobilization stress; lipopolysaccharides; lymphocytes; neurotransmitters, 15805

treatment-resistant depression; electroconvulsive treatment; clinical observations; genetic analysis; anxiety disorder; anxiety; depression, 23314

ziprasidone; schizophrenia; dopamine D2 receptor; serotonin 5-HT2 receptor; PET; positron emission tomography; receptor occupancy, 26396

Receptors (Adrenergic) [See Adrenergic Receptors]

Receptors (Cholinergic) [See Cholinergic Receptors]

Receptors (Neural) [See Neural Receptors]

Recidivism—Serials

actuarial instruments; sex offenders; recidivism; violence; sexual offenses, 146

Australian indigenous offenders; repeat offenses; risk factors; rehabilitation programs; cultural differences; treatment outcomes; program development, 5722

batterer counseling programs; program evaluations; reassaults; cognitive-behavioral approach, 35432

community probation program; offenders; recidivism pattern; social bonds; technical violations, 2541

criminal behavior patterns; postrelease offending patterns; paroled youth characteristics; arrest frequency; geographic characteristics, 22703

criminal diversity; paraphilic interests; sexual offenses; convicts; criminal history; recidivist offenders; nonsexual offense, 35059

criminal recidivism; imprisoned women; variables, 31986

detention; rehabilitation; drug interventions; recidivism; incarceration; residential treatment; crime, 11893

domestic violence reoffending; risk assessment; Domestic Violence Screening Instrument; reliability; validity, 33571

driving under the influence offenders; alcohol impaired driving; driving behavior; recidivist attitudes; belief modification; social acceptability; mortality, 35031

drug courts; recidivism; drug abuse; drug court treatment programs, 2538

forensic psychology; physical restraint; psychiatric hospital; recidivism; sexual offenders; risk factors; prison; therapeutic community; criminal reoffending, 36521

gang members; gang membership; parole outcome; reincarceration; recidivism rates, 19724

Georgia Cognitive Skills Program; reasoning; rehabilitation; parolees; recidivism, 32850

Good Lives Model; offender rehabilitation; risk factors; recidivism; risk management; criminogenic needs, 26784

Hare Psychopathy Checklist-Revised; offender risk assessment; knowledge cumulation; measure; recidivism; risk prediction; violence, 18128

incarcerated mothers; mutual support groups; substance abuse relapse; recidivism; family coping skills; communication; anger management; parenting skills, 29761

incarcerated offenders; Native Americans; recidivism rate; prisoners; Canadian Aboriginal healing lodges; Canadian correctional system, 17480

international development; interventions; correctional treatment; reduction; reoffending; recidivism; Maori offenders, 14504

juvenile diversion; recidivism; recidivism reduction, 28887

juvenile offenders; rehabilitation; recidivism; residential treatment; delinquent youth, 26774

juvenile recidivism; criminal behavior; social control; social learning theories; juvenile delinquency; offending behavior, 31990

juvenile sexual offenders; male juvenile delinquency; sexual offenders; recidivism; at risk populations, 11035

Kindling theory; arson; firestarters; recidivism rates, 25920

male batterers; criminal recidivism; substance abuse; risk factors; community treatment; violence; lifestyle; criminal history, 25924

multi-systemic intervention; persistent young offenders; reconviction; intervention effectiveness evaluation; police; social services; education, 30340

multiple family group intervention; recidivism; juvenile offenders, 20678

multiple measures; treatment outcomes; prison-based drug treatment program; recidivism, 11892

offender readiness model; rehabilitation; offenders; recidivism, 35916

offender risk assessment; predictive validity; recidivism prediction; Level of Service Inventory; LSI; special offender groups, 18086

personality differences; recidivism; offenders; early starters; later starters, 8038

predictive validity; general recidivism; Self-Appraisal Questionnaire; release outcome; male offenders; criminal outcomes, 3194

predictive validity; social desirability; self report; offenders; recidivism, 11051

prison inmates; re-offending prediction; psychological offending history; substance use; desisters; recidivists, 25833

prison-based therapeutic community; recidivism; inmates; benefits, 35909

probation recidivism; federal probationers; sentence violation prediction; probation revocation; probation violation, 1681

Psychopathy Checklist-Revised; offender risk assessment; knowledge cumulation; measure; recidivism; research; risk prediction, 3190

psychosocial variables; recidivism; adolescent males; juvenile offenders; alcohol abuse; depression; parent attachment; peer attachment; personality traits, 19606

psychotic symptoms; criminal recidivism; adolescent detainees; violent offense, 22712

re-offending behavior; treatment planning; correctional systems; female offenders, 3829

re-arrests; reincarcerations; day reporting centers; DRC; discharged DRC clients; Cook County day reporting center; DRCs origin; DRCs type; program participants; offenders; recidivism, 2539

recidivism; boot camp graduates; felonies; technical parole violators; parole violators; drugs; social controls; self-esteem; self efficacy; sexual and physical abuse, 11036

recidivism; prediction; adult offenders; boot camp graduation; social learning; competing theories, 5719

recidivism; sex offenders; adolescent offenders; re-arrest; reconviction; criminal behavior, 31982

recidivists; biological markers; personality traits; psychopathy; antisocial behavior; hypothalamic-pituitary-thyroid axis; forensic psychiatric evaluation; triiodothyronine; thyroxine; platelet MAO, 11058

reconviction prediction; Psychological Inventory of Criminal Thinking Styles; male English prisoners, 14983

reintegration process; crime desistance; criminal behavior abstinence; labeling theory; looking-glass self-concept, 26772

risk assessment instruments; need assessment instruments; long term incarcerated offenders; Level of Service Inventory-Revised; predictive validity; reliability; recidivists, 30374

risk assessment; Psychopathy Checklist Youth Version; Assessment of Violence Risk in Youth; Youth Level of Service/Case Management Inventory; prediction of recidivism; violent young offenders, 3188

risk assessment; sexual offenders; recidivism; sexual offense; methodological issues; measuring predictive accuracy; risk factor, 33468

risk assessments; criminal record; sex offender; re-arrest; probability, 11037

risk factors; sexual offense; recidivism; Estimate of Risk of Adolescent Sexual Offense Recidivism; psychometric properties; test reliability, 30470

risk of offense; mentally disordered offenders; criminogenic factors; recidivism; predictive factors; mentally retarded recidivism; criminological variables; personality measures; clinical information, 27291

sex offender treatment program; Adult Diagnostic and Treatment Center; reconviction; general prison system, 5728

sex offenders; community treatment programs; treatment outcomes; recidivism; risk factors, 20570

sexual dysfunction; treatment; sex offenders; comorbidity; sexual health; life satisfaction; quality of life; sex offense recidivism, 26775

sexual offenders; prison discharge; reconviction rates; sexual convictions; violence convictions, 16515

sexual offenders; sexual reconviction; treatment efficacy; treatment program; prison; violence; recidivism, 2536

sexual recidivism risk; sexual offenders; risk assessment; risk factors; multidimensional model, 31859

staff practice; correctional treatment program; human service; program components; recidivism, 35906

substantiated cases; child maltreatment; recidivism, 1574

suicide attempts; repetition; psychosocial factors; mental disorders; risk factors, 10936

Transcendental Meditation program; maximum security prisoners; self-development; psychopathology; counseling; drug rehabilitation; Muslims; Christians; recidivism, 8890

Transcendental Meditation; maximum security prisoners; recidivism, 8906

Transcendental Meditation; Senegal; criminal justice; offender rehabilitation; prisoners; developing nations; Africa; recidivism, 8893

treatment expansion initiative; aftercare participation; recidivism; prison-based therapeutic community treatment; drug rehabilitation, 29774

treatment programmes; sexual offenses; recidivism; adolescents; treatment dropout, 35907

type of abuse & neglect; child maltreatment; emotional neglect; prediction of recidivism; adolescent detainees, 4755

violent offenders; community-based residential treatment programme; treatment success; survival analysis; Maori offenders, 14507

violent offenders; risk factors; violent recidivism; probation, 25934

wife assault recidivism; prediction; actuarial assessment; Ontario Domestic Assault Risk Assessment; marital violence, 33549

youth offenders; moral reconnection therapy; risk of recidivism; implementation by criminal justice system personnel, 5718

youth psychopathy; violent offending; violent recidivism; personality disorder; antisocial behavior; predictive validity; Psychopathy Checklist-Youth Version, 33543

Recidivism—Chapters

Sex offender risk assessment, 3265

Reciprocal Inhibition Therapy—Serials

psychotherapeutic effects; reciprocal inhibition; anxiety disorder; behavior therapy; anxiety, 21313

Reciprocity—Serials

altruism; social status; reciprocity theory; costly signaling theory, 4403

attributions; trust; reciprocity; social perception, 7645

autism; risk factors; social reciprocity; social development; developmental stress; neurobiological vulnerabilities, 35086

autism; social initiation; adult caregivers; social behavior; prompts; reinforcement; verbal praise; reciprocity, 8462

college dating; chemistry; physical attractiveness; similarity; spontaneous communication; reciprocity; warm personality; longing, 22294

fairness-primed negotiator; reciprocity violation; negotiator behavior; buyers; co-operative behavior; price negotiations, 14835

individual differences; negative reciprocity norm endorsement; anger; disagreement; ridicule; revenge, 28463

intrapersonal reciprocity; intrapersonal interactions; conflict; genes; reciprocal altruism; subjective experience; genome, 3582

japanese version; social support; psychometric characteristics; conflict; reciprocity; Interpersonal Relationship Inventory, 6277

memes; genes; negative reciprocity; coevolution; cooperative behavior; group norm, 28377

motivations; favor norms & expectations; reciprocity behavior; reciprocity obligation; psychological reactance, 34599

non-zero-sum collaboration; reciprocity; role relational functioning; friends, 25256

paired comparisons; ethnographic observations; power relationships; reciprocity; obligation; unions; organized labor; politics, 9508

psychological contracts; employment relationship; mutuality; reciprocity; employee-employer dyads; beliefs regarding exchange agreement; research productivity; career advancement, 12303

reciprocal pilferage; food-hoarding behavior; animals; food hoarders; pilferage tolerance; cache pilferage; caching systems; cheater animals; food hoarding model, 3543

social exchange; negotiated exchange; reciprocal exchange; procedural justice; collective decision-making; mutual assent, 22312

social support; reciprocal relationships; African Americans; dynamic relationships; active participants; social networks; caregiving; cancer patients, 22879

trust and reciprocity decisions; trustors; trusted parties; differing perspectives; trusting actions; reciprocity responses; trust game; social and economic interactions; risk; benefit, 31495

trust; reciprocity; social values orientation; sequential game; bargaining; trustworthiness, 10492

Reciprocity—Chapters

Alloercentric perception by infants and adults in dialogue: Ego's virtual participation in Alter's complementary act, 4091

Recognition (Learning) [See Also Object Recognition]—Serials

- accurate retelling; entertaining; recognition memory, 18377
aging; recognition memory; response time; age differences; older adults; young adults, 27563
amnesic patients; frontal lesions; verbal recognition memory; medial temporal lesions; false recognition; false alarms, 11306
associative recognition; alzheimer's disease; recall; unrelated words; false alarms; recognition task; word repetition; word familiarity, 29117
associative recognition; amnesic patients; medial temporal lobe; associative memory; diencephalon; word pair association, 5002
associative recognition; modeling; high-threshold signal detection; mixture distribution, 9666
attention; confidence; recognition memory; familiarity; recollection; event-related potentials; divided attention; parietal old/new effect, 21729
auditory cortex; fMRI; speech perception; voice recognition; cortical responses; attention; verbal content; auditory sentences, 15594
bilateral neurotoxic amygdala lesions; monkeys; emotional reactivity; food; recognition memory; reward association memory; performance; object recognition, 628
biological motion; observer perception; aging; recognition performances; kinetic figure discrimination; younger observers; older observers; biological motion perception, 15976
blind participants; sighted participants; working memory; memory task; letter recognition; recognition performance, 20081
cancer knowledge; prompted recall; unprompted recall; public knowledge; warning signs; risk factors; recognition; breast cancer; bowel cancer; demographic differences, 32609
cartoons recognition; fragmentation; scrambling; pigeons, 15358
categorization models; general recognition theory; categorization behavior; exemplar-based models; stimulus classification; assignment probabilities; rule-based prediction; generalized context model, 12669
cerebral activation; differential activation; retrieval; brain regions; performance-related activation; response categories; veridical recognition; target words; signal changes; recognition success, 15652
Chinese characters; instructional learning objects; instructional software design, 26895
cognitive impairment; associative recognition; conscious recollection; item recognition memory; item familiarity; schizophrenia, 7855
confidence-accuracy calibration; relative judgments; absolute judgments; face recognition; simultaneously presented stimuli; sequentially presented stimuli, 33882
content memory; temporal order memory; severe closed-head injuries; cognitive activities; performed activities; free recall; recognition, 4887
context effects; recognition memory; familiarity; recollection; dissociation procedure, 33866
criminality; face attractiveness; memorability; recognition; crime; face recognition; typicality, 22704
declarative memory formation; memory retrieval; event-related functional magnetic resonance imaging; medial temporal lobe, 18622
dissociable neural correlates; familiarity; recollection; encoding; retrieval; recognition memory, 18376
distractor; recognition; stimulus discrimination; semantics; criterion shift, 30702
dual tasking; episodic memory; semantic memory; task domain; cued recall; recognition; working memory; age differences, 24512
emotion attributions; static body postures; recognition accuracy; confusions; viewpoint dependence, 25295
emotion recognition; hearing-impaired children; vision-impaired children; sensory disability, 23048
emotion recognition; stressful situations; stress induction; facial expression; decoding performance; Internet experiment, 30670
emotional content; aging; false memories; word presentation; emotional recall; neutral lures; emotion recognition, 27547
environmental sounds; response times; auditory icon recognition; learnability; sound meaning, 15251
episodic memory tests performances; free recall; cued recall; recognition; cued recognition, 30741
episodic recognition memory; low frequency words; hit rates; false alarm rates; study task; study time; mirror pattern, 24489
episodic recognition memory; memory impairment; midazolam; word-frequency effect; retrieving-effectively-from-memory; memory retrieval, 14160
event-related potentials; neural correlates; recognition memory; emotional valence; source memory; emotional contextual information; pictorial material, 24741
explicit memory; recall performance; recognition performance; hypoxia; amnesia, 20038
face memory; recognition memory task; memory illusions; perceptual fluency; subjective familiarity, 33861
face-sensitive event-related potentials; face processing; face recognition; encoding; memory, 10176
facial expressions; major depression; recognition accuracy; response bias; happiness; sadness; social interactions, 19402
facial memory; verbal overshadowing; recognition criterion; verbalization; verbal description; identification performance; memory trace; implications for eyewitnesses, 24487
false memories; anxious individuals; threat words; recall; recognition; fearful individuals, 31835
false memory; language processing; false recognition; list learning; independence-interdependence; Japanese; English; bilingual students; words; list language; test language, 21967
false recognition memory; recognition judgment; strategic processes, 27543
false recognition; false recall; word length, 33865
false recognition; intentional learning; false memory, 21367
familiarity; perirhinal cortex; temporal lobe; familiarity discrimination; recognition memory; Hebbian learning; anti-Hebbian learning; neurons; hippocampal region, 15483
forced-choice recognition; associative recognition; pronounceable nonwords; frequency judgments; recognition memory; pseudowords, 18380
haptic face recognition; inverted faces; configural processing; object recognition; inversion effects; face processing; prosopagnosia, 20006
hippocampal damage; recall impairment; recognition impairment; impaired patients, 29189
illusory recollection; dual-process models; recognition memory; familiarity; recollection, 24498
image representation; image space; intrinsic generalization; low dimensional representation; spectral histogram; linear representations, 9241
information presenting models; specialized terminologies; term recognition; orienting, 13115
interference; neuronal circuitries; inhibitory control mechanisms; working memory capacity; item recognition, 9866
intracranial tumors; laterality; picture recognition memory; word recognition memory; left hemispheric patients; right hemispheric patients, 13946
item associated context and ensemble model; environmental context; recognition memory; cue-overload hypothesis, 12706
item learning; cognitive skill training; item difficulty; skill learning; recognition memory; problem solving; alphabet arithmetic, 18382
item memory; order memory; visual patterns; two choice recognition; serial order memory, 27528
item recognition memory; study time; study repetition; semantic & orthographic similarity; category length; receiver operating characteristics; constancy-of-slopes generalization; dual process model, 418
judgments of presentation frequency; recognition confidence ratings; memory; repetition; reminding; stimulus duration, 33799
lateralized prefrontal memory; monitoring processes; prefrontal cortex; recognition judgments; judgment of frequency; item familiarity, 30844
maternal experience; olfactory recognition; newborn ewes; parturition; maternal behavior; sheep; lambs; suckling; visual cues; auditory cues, 506
melody recognition time course; gating paradigm; familiarity judgment; recognition process; melody recognition; knowledge level; confidence, 6534
neocognition; handwritten digit recognition; visual pattern recognition; recognition rate; self-organization; multi-layered model; supervised competitive learning; neural network, 14889
neural correlates; processing depth; encoding; photograph recognition; normal elderly, 22123
noise effects; noise sources; sound levels; long-term recall; recognition, 10186
old-new recognition; frequency judgments; repetition; similarity; normative word frequency; memory representations; registration without learning; target discrimination, 12648
perceptual information; spurious recognition judgments; spurious feature familiarity; recognition memory, 21366
perceptual learning; visual modalities; human newborns; visual format; tactual modalities; shape recognition; hand; eyes, 4116
perceptual modality; verbatim memory; gist memory; fuzzy-trace theory; retrieval; recognition, 21371
perceptual old new recognition; item distinctiveness; continuous dimension distance; item features; word recognition; face recognition; color recognition, 429
phonological similarity effect; serial recall; serial recognition; nonwords recognition, 33863
prefrontal cortex activity; working memory; familiarity; long-term memory; recognition; judgment; source monitoring, 30861
prefrontal cortex; recognition; remembering; knowing; frontal lobe injuries, 5080
priming; recognition; amnesia; amnesic patients; repetition priming; connectionist learning model; learning rate; neuropsychological dissociations; memory systems, 1858
processing time hypothesis; missing-letter effect; familiar words; word identification; letter identification; target letters; visual presentation, 3374
recall; false recognition; words; diagnostic monitoring; disqualifying monitoring, 9707
recall; information retrieval; memory; inhibition; recognition latency, 12712
recall; recognition confabulation; schizophrenia; psychotic disorder; bipolar disorders; symptomatology; cognitive domains; computed tomography; auditory event-related potentials; schizoaffective, 31710
recognition decisions; sentence context; encoding; retrieval; sentence stem; expectation; integrity, 24481
recognition heuristic; fast and frugal; reasoning; judgment, 3368
recognition memory; high-frequency words; low-frequency words; normal readers; dyslexic readers; event-related brain potentials; word processing, 4789
recognition memory; hippocampus; recollection; signal detection; receiver operating characteristic curves; rats, 34020
recognition memory; memory span; memory-impaired patients; hippocampal lesions; odor recognition; olfactory memory; amnesic patients; brain damage; animal models; rats, 6608
recognition memory; memory span; memory-impaired patients; hippocampal lesions; odor recognition; olfactory memory; amnesic patients; brain damage; animal models; rats, 15329
recognition memory; peripheral cortex damage; visual discriminations; hippocampal lesions; rats; brain lesions; stimulus novelty, 6677
recognition memory; single item recognition; associative recognition; recollection; familiarity; amnesia, 14013
recognition memory; Spanish-Catalan cognate & noncognate words; remember; know; confidence judgment; signal detection model, 406
recognition memory; study time; false alarm rate; information storage, 33876
recognition memory; theories; signal detection; recognition decisions; dual process theory; parameter estimates, 18404
recognition performance; unfamiliar person recognition; posture; clothing; familiarity; age differences; encoding; recognition accuracy, 6613
recollection rejection; phantom recollection; memory conjunction paradigm; conjunction lure recognition, 12696
regional brain activations; memory; deep encoding; shallow encoding; fMRI, 3771
repetition effects; visual recognition; letter presentation, 24504
retrieval inhibition; recognition; memory; closed-head injury; free-recall; directed forgetting, 11169
retrieval-induced forgetting; item recognition, 21374
revelation effect; recognition judgment; response bias; memory sensitivity, 33880
revelation effect; recognition; pictorial stimuli; implicit memory; age difference; priming; judgments, 909
rhythm recognition; computer program; interactivist perception; complex rhythms, 21033
semantic matching task; event-related brain potentials; face identification; names, 3780
sentence presentation; background stimuli; recognition potential; electrical brain response; semantic processing; stimulus probability; stimulus onset asynchrony, 27817
serial position curves; recall; recognition; short-term memory, 3397
similarity-based model; induction task; categorization task; young children; linguistic labels; perceptual information; similarity judgment; recognition memory tasks; artificial labels; real labels, 22044
single word recognition, 24494
somatosensory information; haptic identification; virtual environments; haptic recognition; sensory cues; haptic interfaces; teleoperation; virtual environments, 33689
source misattributions; false memory paradigm; false memory; illusory recollection; voices; recall, 27565
spacing strategies; spacing effect; long term learning; meta-cognitive control strategy, 18405
speed-accuracy tradeoff; recognition accuracy; recognition memory; incidental learning conditions; recollection process, 27531

spontaneous trait inferences; false recognition; attentional resources; trait judgments; faces recognition; behavior traits; automaticity; cognitive processes, 3378

spontaneous trait inferences; situational inferences; recognition paradigm; relearning paradigm; social perceivers; social inference; processing goals; person perception; Attribution, 7633

stimulus familiarity; episodic recognition; music; novel melodies; familiar melodies; recency; judgments, 24505

sum-difference theory; remembering; knowing; remember-know paradigm; recognition memory; signal detection model; receiver operating characteristic curves; item recognition, 27566

tip of the tongue paradigm; picture naming; naming deficits; adolescents; dyslexia, 8070

tobacco abstinence; recognition memory; digit span recall; visual attentional vigilance; smoking status; drug dependency, 10989

variance reaction time model; neural network; mirror effect; recognition data; receiver-operating-characteristic curves, 21393

viewpoint independent face recognition; viewpoint dependent classifiers; gating network; autoencoder; competitive hidden units; self-organization; competitive learning, 14893

visual intensity; audiovisual redundancy; bad news; compelling messages; visual information; viewers recognition; delayed free recall, 31084

visual judgments; novel semantic information; visual recognition; frontal cortex; parietal cortex, 27745

visual processing; natural scenes; rapid categorization; image recognition; event related potentials; bottom up and top down processing, 21569

visual recognition memory; infant recognition memory; medial temporal lobe; developmental change; cognitive abilities; attention; declarative memory, 13205

von Restorff effect; amnesia; novelty; recognition memory; medial temporal lobe, 13964

Warrington Recognition Memory Test for Faces; interpretive strategy; diagnostic utility; temporal lobe epilepsy; psychometric properties; right temporal lobe; intelligence, 21161

word-frequency paradox; recall; recognition; pictures; yes-no recognition task; familiarity; Search of Associative Memory model, 30721

Recognition (Learning) [See Also Object Recognition]—Chapters

Case study 10A. Emotional recognition by chimpanzees, 6770

Evidence concerning how neurons of the perirhinal cortex may effect familiarity discrimination, 3404

Feeling of familiarity, 21355

Reconstruction (Learning)—Serials

amodal completion; inferences; center occluded object; visibility, 24953

Reconstructive Psychotherapy [See Psychotherapy]

Recorders (Tape) [See Tape Recorders]

Recovery (Disorders)—Serials

activity-based anorexia; anorexia development; recovery; female rats; animal model; food intake; wheel running; body weight; estrous cycle, 7088

acute stroke patients; poor outcome; urinary incontinence; clinical risk factors; malnutrition; infections, 8190

addiction; research; journal editorial board; treatment; recovery, 35932

addictive-self model; recovery; addictive behavior cessation; gender differences; age differences; ethnic differences; drug preference, 32769

alcohol disorders; controlled drinking; treatment systems; treatment goals; recovery, 11949

alcohol disorders; controlled drinking; treatment systems; treatment goals; recovery, 11900

anorexia nervosa; recovery; chronically ill; brain activity; food; emotional visual stimuli; neural substrates, 8092

aphasia; recovery; lateralization patterns; attentional resources; cerebral hemisphere, 32137

brain regions; primary motor cortex; neural correlates; stroke recovery; neuronal reorganization; functional magnetic resonance imaging; recovery, 22896

burn patients; physiological recovery; resuscitative rehabilitation; acute rehabilitation; long term rehabilitation; psychological needs; emotional needs, 35220

chronic neck pain; muscle activation patterns; trapezius muscles; muscle reactions; whiplash-associated disorder; motor vehicle accident survivors; disorder stage; acute whiplash injury; recovery, 16620

cocaine dependence; recovery factors; treatment programs, 8856

cognitive impairment; visuospatial neglect; right hemisphere lesion; risk factors; stroke outcomes; stroke recovery, 13909

cognitive processes; alcoholics anonymous; change experience; self-help groups; belief systems; recovery; drug abuse, 8852

comping strategies; disorder recovery; eating disorders; disorder relapse, 28945

delusional depression; recovery from delirium; drug therapy; respiratory distress; asphyxiation, 28617

depression; recovery; dopamine; serotonin transporter; carbomethoxy-iodophenyl-tropane; recovery, 31744

disease recovery; schizophrenia; health care delivery, 29656

dysfunctional thinking; recovery; major depression; dysfunctional schema access; metacognitive monitoring; acutely depressed patients; partially remitted depressed patients, 13613

educational level; SES; aphasia; recovery; severity, 11125

emergency surgery patients; preoperative anxiety; postoperative anxiety; predictors; recovery process; coping, 2303

emotional disclosure; physical recovery; rehabilitation; psychosocial recovery; social environment; cognitive-emotional processing; psychosocial adjustment, 20175

functional disability; major depression; temporal relationships; recovery; general population; epidemiology, 31753

gender differences; basic activities of daily living; fall-related injuries; extremity injury; independently living people; older people; recovery; Netherlands, 8137

genetic variants; addiction; recovery; nicotine therapy; alcohol addiction; dopamine pathway; dopamine metabolism; mu-opioid receptor; catechol-o-methyltransferase gene, 29789

helping activities; spirituality; alcoholics anonymous; recovery, 26748

hemineglect; recovered hemineglect; eye movements; oculomotor deficits; exploratory deficits, 29167

hospital in-patient; recovery; photography; hospital experience; remembering; narratives, 14452

human life-span development; recovery micro-history; personal recovery history; schizophrenia, 16430

incomplete recovery; need for recovery; work related fatigue; sickness absence; stressful work conditions; health problem development; truck drivers, 2915

insomnia; postwithdrawal recovering alcoholics; sleep assessment protocol; subjective measures; objective measures; collateral measures, 31658

intracortical endohelin; endohelin injections; skilled forelimb use; functional recovery; stroke; ischaemic lesion; excitotoxic; sensorimotor cortex, 21841

life satisfaction; active coping style; surgery recovery; predictors; psychological factors, 2306

life satisfaction; multiple trauma; family life; partner relationship; financial situation; satisfaction; leisure disability; self reported change, 1750

longitudinal studies; methodology; Collaborative Longitudinal Personality Disorders Study; Collaborative Depression Study; Harvard/Brown Anxiety Research Program; remission; recovery, 4574

magnesium therapy; traumatic brain injury; sensorimotor functions; cognitive impairments; bilateral anterior medial cortex; bAMC, 15757

major depression; declarative memory; antidepressant treatment; cognitive impairment; recovery; memory disorder, 31728

major depression; treatment; recovery; psychological phenomena; suicide; metaphors, 28643

major depression; treatment; recovery; psychological phenomena; suicide; metaphors, 28669

medial prefrontal cortex; cortical lesions; recovery; rats, 6867

mental health policy development; recovery concept; public mental health system; system reform; symbolic interactionism, 16184

motor impairments; skilled reaching impairment; paw supination; hemi Parkinson rat; rehabilitation; hydroxy-dopamine injections; ipsilateral limb, 12891

motor recovery; early brain damage; right hemiplegia; seizures; neuropathology, 35337

multiple trauma; life satisfaction; trauma patients; anxiety; depression, 171

neocrotic lesions; rats; motor recovery; motor functioning; experimental stroke, 546

New Testament: Bible translations; demonic possession; fasting; epilepsy cure; seizures, 1877

New Testament: Bible translations; demonic possession; fasting; epilepsy cure; seizures, 1835

nutritional deficiencies; adolescent anorexia nervosa; refeeding; short-term weight recovery, 19807

pediatric traumatic brain injury; language skills; recovery; prediction, 11235

poly(ADP-ribose) polymerase-1; PARP-1 inhibitors; NAD depletion; ATP depletion; ischemia; neuroprotection; mice; cortical cells; oxygen deprivation; glucose deprivation; thieno[2,3-c]isouquinolin-5-one, 3881

psychiatric interventions; crisis care; wellness systems; recovery systems; mental health services; people experience, 8752

psychiatric patients; therapeutic horseback riding; psychosocial benefits; adjunctive therapy; recovery process, 17412

real-world outcomes; traumatic brain injury; attention recovery; memory recovery; prediction, 29106

reconstructive neurosurgery; Parkinson's disease; best practice; recovery, 17189

recovery cycle; masseter inhibitory reflex; MIR; magnetic stimulation; electrical stimulation, 8248

recovery; opioid addiction; Drug Abuse Treatment Outcome Studies; outpatient programs; methadone treatment, 14471

recovery; treatment; clinicians; self-esteem; dreams; pride; choice; dignity, 8847

rehabilitation at home; stroke; disabilities; hospital discharge; functional recovery, 23605

schizoaffective disorder patients; chronic schizophrenia; psychosis; insight; recovery; methodological issues; positive and negative symptom awareness, 16442

schizophrenia; long term treatment; antipsychotic treatment; recovery model; treatment strategies; treatment adherence; relapse rates, 10795

sleep; dream suppression; lateral medullary infarct; consciousness; brain injury; waking; sleeping; dreaming; recovery; visual hallucinations; stroke rehabilitation; brainstem, 35308

stroke patients; reaching movements; motor compensation; compensatory strategies; hemiplegia; recovery, 8202

testing predictions; interactive activation model; aphasia recovery; anomia; naming; retrieving words, 23636

unperturbed limbs; surface electromyography; tibialis anterior; optical imaging; rectus femoris; biceps femoris; kinematic data; gluteus medius; reactive recovery response, 21315

weight gain; weight recovery; rehospitalization predictors; anorexia nervosa, 25989

work; recovery process; contributing factors; bipolar disorder; patient advocacy, 16409

Recovery (Disorders)—Books

Conquering postpartum depression: A proven plan for recovery, 4611

Recovery (Disorders)—Chapters

Buddhism, psychology, and addiction theory in psychotherapy, 2526

Dispositional optimism and recovery from coronary artery bypass surgery: The beneficial effects on physical and psychological well-being, 17128

Emotional experiences in the psychosocial transition of becoming drug free: A diary study, 5710

Recreation [See Also Athletic Participation, Baseball, Basketball, Camping, Childrens Recreational Games, Clubs (Social Organizations), Dance, Doll Play, Football, Gambling, Judo, Martial Arts, Soccer, Summer Camps (Recreation), Swimming, Television Viewing, Tennis, Traveling, Vacationing, Weightlifting]—Serials

adolescent attitudes; lottery players; scratchcard players; gambling behavior; planned behavior, 34257

adolescent play; thinking; mind; clinical examples; social communication; emotional growth; adolescent psychotherapy; object relationship prototypes, 23121

Alzheimers disease; leisure activities participation; Swedish twins, 19964

community recreation program; rewards & challenges; mental illness; service providers; consumer-staff; occupational therapists; mental health services, 11817

dangerous sports; recreational drug-use; Interpretative Phenomenological Analysis; risky decision, 31448

developmental disabilities; children; youth; community recreation programs; inclusion; activity coaches; training, 16529

doping; recreational drug use; French elite student-athletes; cigarette; alcohol use; cannabis; attitudes, 25234

ecstasy; club drug use prevention intervention; rave attendees; club attendees; MDMA; high risk, 31965

high school students; extensive support-needs; recreational activities; peers; physical education classes; intervention package, 12196

learning difficulties; leisure; support model; access model; sports participation, 4786

nonfatal drowning precursors; unintentional drownings; leading cause; injury deaths; recreational settings; unintentional injury; vital statistics, 29498

peer relations; friendships; social activity participation; recreational activity participation; adolescents; adults; autism, 25961

personal characteristics; visitation patterns; heritage tourism; site attributes; place perception; tourists' behavior; site management, 14816

quadruplegia; karaoke; recreational activity; disabled people; therapeutic benefits; respiratory strength; endurance; emotional release; physical release; control; capacity, 17117

recreation; hierarchical linear modeling; tourism, 33321

Recreation—Serials

recreation; rock climbing; adventure sports; environmental hazards; responses; safety regulations, 33322
recreational activities; communities; arts; entertainment; health status; children; investment in children's happiness, 23463
social skills; disabilities; recreational preferences; ADHD; gender differences; social interactions, 22401
student activities; total time in school; African American vs White elementary students; academic enrichment; recess activities; inequality issues, 17739
traumatic brain injury; social activity; recreational activity; participation; community integration, 1829
Recreation [See Also Athletic Participation, Baseball, Basketball, Camping, Childrens Recreational Games, Clubs (Social Organizations), Dance, Doll Play, Football, Gambling, Judo, Martial Arts, Soccer, Summer Camps (Recreation), Swimming, Television Viewing, Tennis, Traveling, Vacationing, Weightlifting]—Chapters
Play, activity, and thought: reflections on Piaget's and Vygotsky's theories, 17923
Primate juveniles and primate play, 3549
Simmel: On sociability as the play-form of human association, 16243
Where is play?, 17922
Recreation Areas [See Also Playgrounds]—Serials
children's places; spatial culture; meaningful settings; homes; schools; recreational places; urban neighborhoods; public playgrounds, 31249
illegal gambling; gambling business; Vietnamese cafe; video poker machine; social structure; gambling procedures, 34999
littering; intervention; informational strategy; behavior change; norms; cinemas, 3050
national parks; recreation areas; willingness to pay, 33319
organizational justice; leisure services; gender equity; workplace equity; employee perceptions, 2914
participant observation; noncompliance; smoking; smoke-free ordinance; stand-alone bars; California, 10438
physical activity; public space; emotional social support; urban park; women; ethic of care, 21006
smoke free parks; smoking prevention; health effects; resolutions; laws, 17230
zoo visitors; exhibit viewing; zoo experience; oral interpretation; public animal training, 3012
Recreation Therapy—Serials
intergenerational relationships; horticulture therapy; older adults; program evaluation; learning skills; Senior to Senior: Living Lessons; minorities; senior college students, 28140
program theory; therapeutic recreation practice models; program theory evaluation; theory-based practice; self-determination; enjoyment enhancement model, 32209
psychiatric patients; therapeutic horseback riding; psychosocial benefits; adjunctive therapy; recovery process, 17412
Recreational Day Camps [See Summer Camps (Recreation)]
Recruitment (Military) [See Military Recruitment]
Recruitment (Personnel) [See Personnel Recruitment]
Recruitment (Teachers) [See Teacher Recruitment]
Recurrence (Disorders) [See Relapse (Disorders)]
Recurrent Depression—Serials
diagnostic issues; bipolar disorder; bipolar I disorder; bipolar II disorder; recurrent depression; hypomania; mania; differential diagnosis, 19355
early visual information processing; schizophrenia; recurrent depression, 25673
electroconvulsive therapy; ECT-donepezil interaction; apnoea; bradycardic effect; recurrent major depressive disorder; severity; psychotic features; mild Alzheimer's disease, 29212
mood disorders; recurrent brief depression; celiac disease; risk factors, 7738
P300 amplitudes; cognitive inflexibility; female adolescents; at risk; recurrent depression; auditory discrimination; neuropsychology; patient history, 19379
postpartum-onset major depression; depression recurrence; recurrence timing, 16420
recurrent major depression; 11 Beta-hydroxysteroid dehydrogenase activity; urinary steroid metabolites, 28666
recurrent major depressive disorder; psychomotor retardation; cognitive function; executive function; cognition; depressive duration; apathy; anhedonia; cognitive deficits, 19383
sertraline; recurrent depression; prophylactic efficacy; safety; major depressive episode, 26388
sexual function; sexual partner; sexual dysfunction; orgasmic function; sexual arousal; recurrent major depression; depressed women; SSRi treatment, 20307
unipolar depression; recurrent major depression; neurodevelopment; minor physical anomalies; etiology, 22516
venlafaxine; placebo; preventive treatment; recurrent major depression; long-term efficacy; safety, 23273
Recycling [See Conservation (Ecological Behavior)]

Red Blood Cells [See Erythrocytes]
Red Nucleus [See Mesencephalon]
Reductionism—Serials
art; reductionism; brain; cultural factors; neurobiology; causation, 31031
cognitive psychology; social environment; biomedical psychiatry; eliminative materialism; ethics; moral philosophy; moral psychology; neuropsychology; mental behavior; brain behavior; reductionism, 18838
culture; reductionism; social reality; intersubjectivity; interobjectivity, 1077
humanistic psychology; diagnosis; therapeutic artistry; qualitative research, 14
natural science; atomic facts; logical space; logical atomism; natural science; information philosophy, 36498
reductionism; interdisciplinary cooperation; suicidology, 828
reductionism; mind body problem; metaphysical theories; intertheoretic reductions, 34203
reductionism; physicalism; substance dualism; mental phenomena, 34206
special sciences; multiple realizability argument; psychophysical reductionism; mind-body problem; physicalism, 24366
Reemployment—Serials
clinical factors; workplace factors; work related injuries; return to work; modified work duty; upper extremity disorders; case management strategies; federal government employees, 17893
employee perceptions; return to work; work-related injury; musculoskeletal injury; safety professionals; supervisors; job satisfaction, 8880
head injury; occupational therapy; work skills assessment; return to work, 17450
HIV infection; workforce re-entry; psychosocial needs; AIDS; vocational rehabilitation; job training; job placement, 26078
HIV/AIDS; health improvements; chronic illnesses; return to work, 11181
job termination; disappointment; high-status workers; reemployment; outplacement; job losers; bystanders, 36344
laypersons views; employers role; return to work; sickness absenteeism, 17846
living with HIV/AIDS; return to work; medical advances; social questions; financial question, 4919
outplacement programs; reemployment; managers; executives, 20909
self-rated health; job loss; poor health; industrialized societies; general social survey; activity limitation; career progression; working life; later life career disruption; LLCd, job interruption, 17841
Social Security Work Incentives; return to work; psychiatric disability; perceived barriers; consumer attitudes; work incentives; family members; service providers, 1384
tacit skills; skills recognition; learning outcomes; adult learning; work re-entry; practitioners; personal competences; workplace education; workplace training; job knowledge, 14723
vocational rehabilitation; Janus Rehabilitation initiative; vocational therapy; work rehabilitation; client-centered approach; Iceland; education-rehabilitation integration, 17471
work rehabilitation; work readiness; reemployment; psychosocial factors; personal causation; self-efficacy; environmental factors; work attitudes; Worker Role Interview; Iceland, 17448
work; older age; gender differences; employment status; labor force participation, 25107
Reenactments [See Enactments]
Reference Groups—Serials
diverse groups; information sharing; performance; congruence ties; social ties; knowledge ties, 28404
rapid social change; accelerated social change; grounded theory approach; personal responsibility; international migration; South African black; identity formation; gender roles; reference group, 16201
reference group; reference entry group; new culture; culture of origin; cognitive closure; social cognition; immigrants; acculturation; social relations, 22309
reference groups; political advertising; first-person effects; third-person effects; out-group candidate; in-group candidate; social distance; self-enhancement, 18885
social interest; adolescent mentors; student volunteer mentors; cross-age mentoring; connectedness, 2698
social norms; university student perceptions; drinking norms; drinking behavior; reference groups; episodic drinking, 13402
Referral (Professional) [See Professional Referral]
Referral (Self) [See Self Referral]
Reflexiveness—Serials
learning process; professional education; educational psychology; reflective practitioner, 23776
mathematics teaching; elementary pre-service teachers; teachers' reflective thinking; student teaching, 29951
organizational communication; reflective practice; workplace language; workplace discourse; sociolinguistic analysis; action research process; theoretical knowledge; organizational learning, 33297
parental style; pregnancy; fathers; mental states; reflective self-function; Clinical Interview for Parents During Pregnancy scale, 19063
pre-service teacher; teacher education; learning experiences; mathematics teachers; students development; reflection, 14578
qualitative research; research process; research strategy; reflexivity; self reflection; family stories, 21243
reflection; education degree; career achievements; work assessment; business undergraduates; story telling, 23809
reflection; operating theatre; student experience; professional learning; reflection, 23704
reflection; teaching practice; silence; spoken words; non-verbal communication; learning, 21401
reflective abstraction; moral discussion; moral reasoning interventions; interindividual intervention; moral dilemmas; 6th and 7th graders, 20808
reflective judgment model; reflective thinking; epistemology; epistemic assumptions; late adolescence; adulthood; complex reasoning; development; theory; research strategies, 18335
reflective leadership; leadership qualities; metacognition; reflectiveness, 9085
reflective practice; sport psychologists; sports psychology; professional training; professional development; professional knowledge, 26796
reflective verbalization; question-based reflection; design problem solving, 18368
reflective-impulsive style; coincidence-anticipation motor tasks; response latencies, 31110
reflectivity; creativity; silence; meditation practice; educational discourse; reality work; ego preoccupation, 21402
ruminative self focus; autobiographical memory; emotional disorder; reflective self-focus; psychological health, 25388
self study; reflective practices; education program; learning practice; teacher educator, 23789
service learning classes; student reflection; sociocultural awareness; service learning journals, 30062
social behavior model; reflective process; impulsive process; interacting systems, 34643
student attitudes; personal reflection; significant event analysis; general practice; medical students; medical curriculum; conflict; coping strategies, 17516
tacit understanding; relational understanding; embodied understanding; video cued narrative reflection; practice-based understanding; videotaped interaction; reflective narrative, 6450
Reflexes [See Also Acoustic Reflex, Eyelink Reflex, Flexion Reflex, Nystagmus, Ocular Accommodation, Orienting Reflex, Startle Reflex, Yawning]—Serials
AMPA glutamate receptors; excitatory amino acid receptors; electrophysiological techniques; NDMA glutamate receptor, 15529
apomorphine; sleep-deprived rats; genital reflexes; sexual arousal; penile erection; ejaculation, 7145
associative mechanosensory conditioning; proboscis extension reflex; honeybees; antennal stimulation, 24567
baroreceptor reflex; cardiovascular stress responses; chronic fatigue syndrome; systolic blood pressure; speech task, 1788
caffeine; alcohol hypnotic effects; adenosine receptor blockade; mice; body temperature; nightingale; SCH 58261; DPCPX, 7276
cardiac output; cerebral blood flow; skin blood flow; peripheral vasoconstriction; total peripheral resistance; cerebrovascular resistance; mean arterial pressure; cold face stimulation; diving reflex, 669
cerebellar long-term depression; optokinetic reflex; Purkinje cells; mice; Purkinje cells; spike activity, 34027
cortical relay time; CRT; latency reflex; central motor conduction; spinocerebellar ataxia type 6 patients; neurodegenerative disorder; dysarthria; electrophysiology; motor evoked potentials, 5022
eye direction; attention shift; reflexive shifts; neural system; fMRI; functional magnetic resonance imaging; fixation stimuli, 24684
fear-inhibited light reflex; anticipation; aversive event; electric shock; acoustic stimulus; pupil diameter; pupillary light reflex response, 18680
focal tonic-clonic seizures; carbamazepine; clonazepam; focal reflex proprioceptive seizures; right hand posture, 11673
intracerebroventricular injection; supraspinal receptor; micturition reflex suppression; spinobulbosacral micturition reflex; urethane anesthetized rats, 7280
isotropic sequence order learning; temporal sequence learning; sensor-motor feedback; algorithm; reflex reaction; unsupervised behavioral paradigm, 17965

Reflexes—Serials

N-methyl-D-aspartate; NMDA receptor agonist & non-NMDA receptor agonist; electromyogram responses; spinal withdrawal reflex; rats; electrical & mechanical stimuli; inflammation; sensitization, 6819

operant escape; innate reflex responses; nociceptive stimulation; skin temperatures; heat; cold; thermal stimulation; rats; frequency; duration; latency, 21773

opioid addicts; rostral anterior cingulate; anterior cingulate cortex; false alarm error responses; impulsive behavior, 19660

physiological response; autonomic dysreflexia; painful stimuli; spinal injuries; blood pressure; performance boosting; athlete; sympathetic reflexes; abuse; headache, 6088

primitive reflexes; grasping; oral reflex; nuchal reflex; corneomandibular reflex; glabella tap reflexes; palmonental reflex; utilization behavior; diagnostic use, 21321

pupillary light reflex; panic disorder; audiovisual stimulation; pupillary autonomic nervous system; mental stress; periods of remission, 31809

rabbit nictitating membrane response; conditioning specific reflex modification; unconditioned stimulus intensity; classical conditioning, 482

recovery cycle; masseter inhibitory reflex; MIR; magnetic stimulation; electrical stimulation, 8248

reflexive responses; voluntary control; eye movements; competing saccade programs, 21598

soleus H-reflex; moderate intensity exercise; state anxiety; males; caffeine, 13046

stress-induced analgesia; operant sensitivity; cerebral processing; nociceptive thermal stimulation; nociceptive reflex modulation; acute restraint; hyperalgesia; animal escape behavior, 12852

trigemino-cervical reflex; tension-type headache; trigeminal system; brainstem reflex, 22835

vibratory sense evaluation; neurologic evaluation; tendon reflexes; sensory nerve conduction; sensory exam, 27774

Reformatories—Serials
military-style treatment programs; adolescents; academic problems; conduct problems; social-emotional functioning; program completion; Minnesota Multiphasic Personality Inventory-Adolescent; boot camp, 23642

Reformatories—Books
Shared beginnings, divergent lives: Delinquent boys to age 70, 8050

Reframing [See Paradoxical Techniques]

Refugees—Serials
assessment; Mandinka; PTSD; refugee; post-trauma syndromes; nosology; West African-sensitive assessment instruments, 12483

asylum seekers; schools, 12084

biological families; foster children; family status; acute illness; weight gain; marital status; foster care; acute refugee crisis, 10392

care skills; care knowledge; support; nurses; care provision; refugees; refugee children; Operation Safe Haven, 17349

child refugees; adolescent refugees; mental health; stressful experiences; stress reactions; interventions; ethical considerations; preflight; flight; resettlement, 10830

creative expression workshops; refugee children; immigrant children; multiethnic schools, 14714

Cuban refugee children; health status; public health concern; communicable disease, 23424

culturally sensitive mental health screening; refugee reactions; resettlement process; refugees; mental health services, 10314

economic adaptation; demographics; flight-related & host-related & residency characteristics; acculturation; stresses; employment status; estimated earnings; Hmong & Somali & Russian refugees, 10344

ego strengthening; zero balancing; exposure therapy; hypnosis; torture; posttraumatic stress disorder; refugees, 20425

ethics; traumatized refugee children; family; healthcare professionals; cultural background; traumatic life events, 29923

Ethiopian immigrants; depression; stressful events; refugees; age differences; premigration trauma; risk factors, 25555

Galton's Asset; Flower's Problem; cultural networks; cultural units; anthropology; Galton effect; Galton problem; ethnology; communicative networks; refugee status; male genital mutilation; polygyny, 16134

health care challenges; refugee health care; medical needs; health care providers; inadequate training; infectious diseases; ritual female genital surgery; postsurgical complications, 35714

human capital; acculturation; social identity; refugees; forced migration; identity reconstruction; social psychology; Bosnia; Herzegovina, 1069

Khmer refugees; panic attacks; odor; catastrophic cognitions; olfactory panic; psychiatric clinic; trauma, 31805

life histories; Sweden; guerilla movements; experienced soldiers; Salvadoran refugees; Iranian Kurd quota refugees; war-wounded; forced migration, 16089

mental health needs; psychiatric disorders; Southeast Asian refugees, 26577

mental health problems; Kosovan Albanian refugees; post-traumatic stress disorder; PTSD; prevalence, 10726

narrative exposure therapy; supportive counseling; psychoeducation; posttraumatic stress disorder; African refugee settlement; emotional trauma; refugees, 32285

Odysseus; home; exile; boundaries; otherness; traveller; discourse; refugees; voice; Odyssey; borders; antiquity; social boundaries; organizational boundaries; other boundaries, 806

pharmacotherapy refractory posttraumatic stress disorder; Cambodian refugees; cognitive-behavioral therapy; treatment resistance; antidepressants; combination treatment, 8436

post-traumatic stress disorder; mental health services; depressive disorder; war survivors; moral knowledge; refugee; psychiatry, 11811

post-traumatic stress disorder; panic attack symptoms; Vietnamese refugees, 1521

prevalence; correlates; sexual violence; self-reported forced sexual intercourse; refugee women; internally displaced women; Azerbaijan, 1594

psychosocial adjustment; social support; peer social acceptance; refugees; acculturation; self-worth; adolescents, 25030

psychosocial dysfunction; posttraumatic stress disorder; comorbidity; trauma exposure; symptom severity; functional impairment, 25728

refugee children; traumatic experiences; expert witness; legal issues; human rights, 6193

refugee health programs; health assessments; health services; United States; refugee arrivals, 17333

sampling strategies; trust-building activities; refugees; immigrant communities; difficult to locate, 9551

social support; refugee well being; migration patterns; shared experience; refugee migration; refugee resettlement; decision making, 13318

social work interventions; refugee camps; needs assessment, 20566

Sudanese refugees; children's trauma; social constructivist view; Sudanese children; foster parents; social workers; child welfare agency; child welfare workers, 5597

temperament; character; personality traits; Iranian refugees; psychopathology; coping resources; social support; war trauma; depression; biosocial theory, 1518

treatment; traumatized refugee children; Eye Movement Desensitization and Reprocessing; post-traumatic stress disorder, 29420

trust; refugee communities; community services; access; research, 26657

Vietnamese men; masculine gender roles; refugee experiences; acculturation; racism; nhau ritual, 19035

Vietnamese refugees; experiences; discrimination; school environment; racism, 14679

visa holders; mental health support; migration law consultation; asylum; coping strategies; refugee status; mental health counseling; migration lawyer consultation, 32670

war; gender; culture; Mozambican women refugees; war-related violence; male combatants; post traumatic stress disorder; symptoms; battlefield; social conflict, 22163

Refusal (Treatment) [See Treatment Refusal]

Regional Differences—Serials
adolescent health; health issues; public health; organizing framework; health services; health threats; social setting; young people; cultural differences; geographical differences, 5501

alcohol consumption; mortality; cardio-protective effect; East Germany; West Germany; adverse effects; beneficial effects; gender, 22269

alcohol consumption; sexually transmitted diseases; state level changes; trends; gonorrhea; syphilis; sexual risk taking, 1758

clinical phenotype; schizophrenia; Finnish isolate; psychiatric symptoms, 22524

cross-national differences; website appeal; framework for assessment; website feature appeal; user evaluation; individual mechanisms; societal mechanisms; inter-nation differences, 30517

culture; within-culture differences; metropolitan areas; regional cities; self-conception, 25363

deaths; suicide; risk factors; rural areas; urban areas; developing economy; unemployment, 25821

depression; perceived control; life satisfaction; university students; Central-Eastern Europe; Western Europe; psychological well-being, 19217

disability benefits; posttraumatic stress disorder; regional differences; veterans affairs; time trends; gender differences, 9162

gender; exceptionality; interventions; racial domination; awareness; feminism, 28310

geographic variation; bird song; white-crowned sparrows, 18447

health; health care seeking behavior; adolescents; China; morbidity; regional differences; urban populations; rural populations, 5392

old age psychiatry services; service integration; Northern Ireland; England; social services, 2402

personality traits; geographical differences; five-factor model of personality; cultural differences, 7665

postwar immigration; adaptation; peripheral region; immigrant settlement; employment, 10341

practice location; work setting; perceived job satisfaction; urban communities; rural location; nurses, 8952

railroads; racism; religion; gender difference; masculinity; apocalypse; ethics, 31293

regional differences; demographic characteristics; runaway youth; adolescents; high risk characteristics; shelter users; national differences, 10953

regional variation; clinical indicators; residential treatment; antipsychotic use; pediatric populations, 26692

screening mammography; women; breast cancer; cancer detection rate; US; UK; geographical comparison, 14343

state differences; itinerant teachers; deaf & hard of hearing; professional training; demographics; work characteristics; student characteristics; educational inclusion; special services; Australia, 12207

suicide rates; regional differences; northerners; southerners; homicide rates, 28824

suicide; epidemiology; regional differences; age differences; gender differences; employment status; marital status, 19631

traffic air pollution; schizophrenia risk; urban-rural differences; benzene; carbon monoxide, 11130

urban-rural differences; suicide trends; young adults; England; Wales; geographical differences; mental health, 4702

US Civil War; regional animosity; measurement; validity; interrelated theories; social identity; stereotype activation; evaluative judgments; geographic region preference; price sensitivity; consumers, 9501

Regression (Defense Mechanism)—Serials
autistic spectrum disorders; communication disorders; autism; word loss; developmental disorder; regression, 25956

Regression (Defense Mechanism)—Books
Regression: A universal experience, 22372

Regression Analysis [See Statistical Regression]

Regression Artifact [See Statistical Regression]

Regurgitation [See Vomiting]

Rehabilitation [See Also Cognitive Rehabilitation, Criminal Rehabilitation, Drug Rehabilitation, Neuropsychological Rehabilitation, Occupational Therapy, Physical Therapy, Psychosocial Rehabilitation]—Serials
Aborigines; Aboriginal Australians; rehabilitation services; service access; equitable access, 11887

addictive disorders; drug rehabilitation; rehabilitation process; supraparadigmatic integrative model; integrative psychotherapy, 35406

anoxic brain injury; traumatic brain injury; inpatient rehabilitation; stay length; functional outcomes, 35855

aphasia rehabilitation; pharmacological perspectives; neurological injury; stroke; drugs; brain injury; biological therapy; behavioural therapy, 29179

athletic training; sport injury rehabilitation; journal information; developmental differences, 8832

audiological rehabilitation; rehabilitative audiology; hearing impairments; auditory functions; special needs rehabilitation, 8737

audiological services; special needs; older people; audiological rehabilitation; geriatric audiology, 8738

auditory system; age related hearing loss; auditory system anatomy; auditory system physiology; therapeutic intervention, 8334

behavior modification; chronic lung disease; coping style; rehabilitation programs; depressive state; psychological factors, 35858

behavioral intentions; physical exercise; orthopedic rehabilitation patients; patient beliefs, 35851

borderline personality disorder; treatment outcome studies; interventions; therapeutic models; chronic condition; rehabilitation model, 31844

burn patients; physiological recovery; resuscitative rehabilitation; acute rehabilitation; long term rehabilitation; psychological needs; emotional needs, 35220

burnout symptoms; employee job conditions; personal resources; psychological health; employee rehabilitation intervention, 30186

Campbell Collaboration Crime and Justice Group; crime reduction; justice, 11971

Cancer Rehabilitation and Evaluation System short form; rehabilitation needs; high-dose chemotherapy; stem cell transplantation; disease course; treatment; quality of life, 9460

- cardiac rehabilitation; cross-lagged effects; self efficacy; early treatment changes; diet; exercises habits; behavior change; outcomes, 32751
- chronic obstructive pulmonary disease; health-related quality; resistance training; exercise training; rehabilitation programs, 35856
- chronic obstructive pulmonary disease; pulmonary rehabilitation programs; COPD patients; anxiety disorders; quality of life; comorbidity; treatments, 8360
- chronic stroke patients; visual field defect; cortical level; visual evoked potential; rehabilitation; computer assisted training; perimetry, 11886
- cognitive impairment; inpatient rehabilitation outcome; depressive symptoms; hip fracture; elderly patients; rehabilitation participation, 26706
- communicating systems; auditory communication; rehabilitation; assessment; hearing; audiology; ecology, 6239
- community punishment; female offenders; probation hostels; semi-penal institution characteristics; criminal reform, 32827
- comprehensive rehabilitation; close relatives; family adjustment; traumatic brain injury; long-term adjustment; emotional adjustment, 14430
- computerized communication system; aphasia; aphasic language production remediation; processing support; treatment impact, 20673
- cost estimates; mental health; nursing home; department of veterans affairs; rehabilitation; inpatient services; database development, 8770
- criminal rehabilitation; crime prevention; Transcendental Meditation; stress; holistic health, 8896
- day treatment programme; rheumatoid arthritis; client participation; rehabilitation process; outcome measure; Canadian Occupational Performance Measure; COPM, 15120

Rehabilitation Counseling—Books

Counseling the alcohol and drug dependent client: A practical approach, 5708

Rehabilitation Counseling—Chapters

Rehabilitation counseling, 16671

Rehabilitation Counselors—Serials

client goals; vocational rehabilitation; competitive employment; rehabilitation professionals; Veterans Administration, 35898

positive encounters; rehabilitation professionals; sickness absence; sick-listed persons; rehabilitation staff; back diagnosis; neck diagnosis; shoulder diagnosis, 32818

substance abuse counselors; philosophy; treatment services; offenders; drug court programs; knowledge; beliefs, 8875

Rehabilitation Education—Serials

brain injury rehabilitation; rehabilitation staff; training programme evaluation; disability simulation; brain injury simulation, 17522

education training; therapists; physiotherapists; paediatric rehabilitation; disabled children, 12110

minority status; disabled people; rehabilitation education; rehabilitation practice; representation theory; race; culture; ethnic minorities; minority models, 34476

Rehearsal [See Practice]

Reinforcement [See Also Differential Reinforcement, Negative Reinforcement, Noncontingent Reinforcement, Positive Reinforcement, Punishment, Reinforcement Amounts, Reinforcement Schedules, Rewards, Secondary Reinforcement, Self Reinforcement, Social Reinforcement]—Serials

academic behavior; reinforcement contingency; task difficulty; response allocation, 18926

alcohol reinforced behaviors; rats; benzodiazepine; GABA A1 receptors; caudate putamen; saccharin; chlordiazepoxide; ventral pallidum; rodent models of chronic alcohol drinking; nucleus accumbens, 9804

antipsychotic action; conditioned avoidance responding; computational model; reinforcement learning theory, 24623

appetitive motivation; personality measure; ability measure; behaviour activation system; reinforcement sensitivity theory; appetitive motivation scale; predictor of scales of personality, 24210

autism; automatic reinforcement; inappropriate vocalizations; noncontingent reinforcement; response cost, 18860

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35071

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35074

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35093

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35085

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35096

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35100

autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35075

automatic reinforcement; functional analysis; protective equipment; self injurious behavior, 19761

basal forebrain neurons; behavioral responses; cognitive processes; neuronal responses; task performance; reinforcement; rewards; learned significance; monkeys, 18625

behavior analysis; absolute pitch; sex; species; birds; rats; humans; frequency range; reinforcement, 24606

behavioral economics; consumer brand choice; reinforcement patterns; maximization; utilitarian reinforcement; informational reinforcement; matching; brand pricing; fast-moving consumer goods, 27160

body weight; rats; wheel-running reinforcement; sucrose reinforcement, 15371

community reinforcement therapy; treatment outcome; community reinforcement approach; vouchers; outpatient treatment; cocaine dependence, 2440

conditioned stimulus-unconditioned stimulus intervals; defensive behavior system; Norway rat; Pavlovian fear conditioning; reinforcement, 467

delayed reinforcers; hyperbolic function; human operant studies; impulsivity; choice behavior; consumption; consumable reinforcers; discounting rates; questionnaires, 15179

differential reinforcement of alternative behavior; reinforcer thinning; caregivers; reinforcer delivery; autism, 32330

dopamine reuptake inhibitor; reinstatement; enantiomer; food maintained responding; cocaine-maintained responding; dopamine transporter inhibitor; rhesus monkeys, 27914

drinking problems; alcohol expectancies; reinforcement expectancies; high school students; college students; time perspective, 11001

emotional arousal; delay eyeblink condition; associative learning; physiological arousal; unconditioned stimulus; unconditioned response, 3845

experience; reinforcement learning environments; progressive difficulty; algorithm, 36507

food hedonics; reinforcement; food intake; smokers; energy intake, 24743

forced choice; free choice; reinforcement; preferences; previous experience; pigeons, 33965

immediacy; anticipated delay; time-left experiment; cognitive hypothesis; reinforcement; pigeons; temporal control hypothesis, 6668

induction; food-pellet reinforcement; operant responding; rats; operant behavior, 33944

kindergarten classes; behavior disorders; reinforcement; physical prompting training; transitional program, 20817

latent inhibition; autoshaping performance; nonreinforced preexposure; Pavlovian conditioning, 33917

linear system theory; matching theory; Herrnstein's hyperbola; reinforcer magnitude; reinforcement rate; reinforcer value; rats; single-alternative responding, 15372

local proactive interference; delayed matching to sample; reinforcement; discriminability; working memory, 18466

meta learning; reinforcement learning; meta parameters; environment dynamics; animal performances; dopamine; neuromodulation, 6161

minimal response levels; visual reinforcement audiometry; earphones; infants, 6541

modular or hierarchical reinforcement learning; modular reward; multiple model-based reinforcement learning architecture; MOSAIC non-linear control task; intermediate credit assignment, 9248

motor cortex stimulation; food reinforcement; hindlimb movements; movement instrumentalization; dogs; operant movement, 15374

nicotine dose; instructions; smoking; reinforcing effects; subjective effects; cigarette reward value; nicotine content; brand differences, 18783

olfactory discrimination; honeybees; patterning discriminations; negative patterning; positive patterning; olfactory conditioning; proboscis extension response; bilateral input; olfactory stimulation, 3479

operant responding; visual reinforcement; rats; nicotine; self-administration, 15742

operant responding; visual reinforcement; rats; nicotine; self-administration, 15747

operant responding; visual reinforcement; rats; nicotine; self-administration, 9981

opioid antagonists; naltrexone; reinforcing effects; delta-tetrahydrocannabinol; squirrel monkeys, 27904

opioids; cocaine; rats; reinforcement; food change runtime distribution; runway procedure; operant conditioning, 10056

oral cocaine seeking; rats; reinforcement; aversion conditioning; outcome devaluation; habits, 477

oral self-administration; rhesus monkeys; non-drug reinforcer; suppressive effects; saccharin; phenylclidine; sex differences, 3884

posttraining reinforcer devaluation; associative learning; Pavlovian-instrumental transfer; instrumental training, 18454

prize reinforcement contingency management; cocaine use; treatment efficacy, 29805

profound mental retardation; reinforcement; severe mental retardation; positive stimuli; Snoezelen equipment; head orientation; eye contact; interest, 14458

programmed reinforcement; obtained reinforcement; aggression; treatment; autism, 32325

psychological distance; segmentation effect; reinforcement; terminal-link stimulus; response segments, 24565

rats; nicotine exposure; conditioned reinforcement; intranasal amphetamine, 27929

reaction time pattern; generalization; discrimination; stimulus similarity; incentive; reinforcement; pigeons, 27607

Reinforcement—Serials

reinforcement expectations; depressive history; smoking status; college students; vulnerability; depression; comorbidity; nicotine, 31672
reinforcement learning; brain modeling; optimal control; Kalman filter models, 27797
reinforcement omission effect; frustration effect; nonreinforcement; surprising reinforcement; rats, 3491
reinforcement sensitivity theory; emotional information processing; separable subsystems hypothesis; joint subsystem hypothesis; impulsivity; anxiety, 31571
reinforcer assessment; figure coloring teaching; disabled children; social validation; preference assessment procedures; Down syndrome; special education teacher opinions; reinforcing stimuli, 36211
reinforcer type; administration route; gamma-hydroxybutyrate discrimination; rats, 27852
response variability; stimulus generalization; martial arts training; punching; kicking; reinforcement; extinction, 30717
retraining; initial training; associative change; rats; pigeons; extinction; reinforcement; Pavlovian conditioning, 481
sedentary behavior reduction; pediatric obesity treatment; stimulus control; physical activity; eating behavior, 29454
self-control; choice; initial link reinforcement; terminal link reinforcement; rats, 6687
sensory stimulation; tactile stimulation; sensory modalities; visual stimulation; stereotype; multiple disability; auditory stimulation, 7771
stimulus control topography coherence; stimulus properties; reinforcement contingency; discrimination learning outcomes; methodology, 6610
subjective effects; reinforcing effects; methylphenidate; basal state; sleepiness; time in bed; drug effects; drug doses, 31004
substitute smoking reinforcers; reinforcer type; individual differences; academic performance; school involvement; smoking progression; complementary reinforcers; adolescent smoking, 13391
superconditioning; irrelevant conditioned stimuli; discrimination learning; reinforcement; rats, 18467
testosterone; intravenous self-administration; intracerebroventricular self-administration; male rats; hamsters; adult rats; jugular cannula, 15824
trial spacing; classical conditioning; memory priming; appetitive conditioning; conditioned stimulus; reinforced trials; nonreinforced trials; unconditioned stimulus; short-term memory; rats, 27636
type of reinforcer; real money; facsimile money; decision making; Iowa Gambling Task, 6575
unit price; observing responses; drug cues; rats; ethanol consumption; reinforcement; ethanol stimulus; operant response; ethanol self-administration; response rates; extinction; ethanol availability, 15806
vocal mand assessment; vocal mand training; verbal repertoires; autism; developmental disabilities, 32821
voucher-based reinforcement therapy; voucher programs; drug abusers; community donations; solicitation campaigns, 20620
Reinforcement (Vicarious) [See Vicarious Experiences]
Reinforcement Amounts—Serials
gambling; payoff percentage; credit value; computer-simulated slot machine, 36444
methamphetamine effects; quantitative analyses; self-control choices; behavioral mechanisms; stimulant drugs; self-control procedure; reinforcement amount; reinforcement delay, 24839
negative contrast effect; goalbox placements; food rewards; preflight; rats, 24560
operant prisoners dilemma; reinforcement schedule; reinforcement amount; tit-for-tat; cooperation; defection; self control; learning; pigeons, 9771
temporal discounting; reinforcer durations; reinforcer magnitude; reinforcer delay; pigeons; human choice; concurrent-chains, 24572
within session rates; within session changes; operant response rates; reinforcer magnitude; treatment conditions; baseline sessions; rats, 12729
Reinforcement Delay—Serials
acquired brain injuries; delayed reinforcement; physical therapy; self-control; impulsivity, 2486
concurrent chains; acquisition of preference; pseudorandom binary sequence; fixed interval; response allocation; response sensitivity; schedule delay; discrimination; key peck; pigeons, 3477
delay discounting; impulsivity; self-control; rewards, 3359
delayed reinforcers; hyperbolic function; human operant studies; impulsivity; choice behavior; consumption; consumable reinforcers; discounting rates; questionnaires, 15179
discounting framework; choice; decision making; delayed rewards; probabilistic rewards, 33791
forgetting functions; multiple delays; delay interval distribution; delayed matching to sample; pigeons, 12739

graphic organizers; delay hypothesis; adjunct displays; testing; encoding; computational efficiency; student learning; working memory; memory traces, 23868
immediacy; anticipated delay; time-left experiment; cognitive hypothesis; reinforcement; pigeons; temporal control hypothesis, 6668
impulsivity; delay discounting; decision-making; animal model; impulsive behavior; hyperbolic discounting, 3473
increasing delay; pharmacological manipulations; dopaminergic mechanisms; delayed reinforcement; genetic contributions; choice behavior; impulsive choice; impulsivity; operant conditioning, 9747
methamphetamine effects; quantitative analyses; self-control choices; behavioral mechanisms; stimulant drugs; self-control procedure; reinforcement amount; reinforcement delay, 24839
methylphenidate; impulsivity; self-control choices; delayed reinforcers; acute methylphenidate administration; impulsive response; delay to reinforcement, 10033
orbital prefrontal cortex; inter-temporal choice; delay discounting; odd discounting; rats, 3660
pigeons; free food; choice; reinforcer delay; concurrent chains, 3483
rats; multiple delayed rewards; delay discounting; choice; lever press, 3484
reinforcer ratio; unequal reinforcer distribution; cumulative effects; choice; key peck; pigeons, 3480
response acquisition; delayed reinforcement; immediate reinforcement; behavioral history; variable time, 33971
schedule induced drinking; link dependent delays; rats; d-amphetamine; negative punishment; unsignalled food delivery delays, 15792
substitute smoking reinforcers; reinforcer type; individual differences; academic performance; school involvement; smoking progression; complementary reinforcers; adolescent smoking, 13391
temporal discounting; reinforcer durations; reinforcer magnitude; reinforcer delay; pigeons; human choice; concurrent-chains, 24572
Reinforcement Schedules [See Also Concurrent Reinforcement Schedules, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Reinforcement Delay, Variable Interval Reinforcement, Variable Ratio Reinforcement]—Serials
3,4-methylenedioxymethamphetamine; MDMA; ecstasy; progressive ratio schedule; response rates; water delivery; rats, 740
8-OH-DPAT; progressive ratio schedule performance; 5-HT_{1A} receptors; motivation; rats; WAY-100635; reinforcer efficacy, 15755
cocaine; food self-administration; N-methyl-D-aspartate modulatory site; glycine partial agonists; reinforcement schedules; rats, 27667
concurrent chains; terminal-link duration; pigeons; hyperbolic value-added model; preference changes; reinforcement; contextual choice model, 33927
consummatory behavior; operant behavior; licking; lever pressing; behavior change; low-valued substance; high-valued substance; food substance; sucrose; reinforcement schedules; rats, 3493
differential reinforcement; DRO schedules; disruptive behavior; preschool children; token reinforcement, 5923
differential reinforcement; self-reports; schedule performances; interresponse time, 33670
ethanol; acetaldehyde; acetate; high; operant schedule; low operant schedule, 9948
ethanol; drug concentration; choice behavior; response rates; progressive ratio schedule; fixed ratio schedule; rhesus monkeys; persistence; measurement, 3905
food-pellet reinforcement; sucrose reinforcement; temporal placement; rats; operant responding; three component multiple schedule, 21440
GABA receptor agonists; gamma-aminobutyric acid-B; baclofen; nicotine; self-administration; food-maintained responding; fixed ratio schedules; progressive ratio schedules; rats, 18782
gambling; payoff percentage; credit value; computer-simulated slot machine, 36444
initial-link durations; terminal-link durations; concurrent-chains schedules; terminal-link delay; pigeons; response percentages; contextual-choice theory; delay-reduction theory, 24571
interresponse time shaping; multiple-schedule performance; reinforcement rate, 33915
multiple-interval timing; rats; 2-valued mixed fixed-interval schedules, 484
observing responses; reinforcement rate; response-independent food; multiple-schedule stimuli; discriminative stimuli; primary reinforcement; resistance to change; pigeons, 12740
operant prisoners dilemma; reinforcement schedule; reinforcement amount; tit-for-tat; cooperation; defection; self control; learning; pigeons, 9771

Relapse (Disorders)—Serials

partial reinforcement extinction effect; continuous reinforcement; unconditioned stimulus; conditioned response; conditioned stimulus; nonreinforced trials; reinforced groups; appetitive conditioning, 27616
positive allosteric modulators; gamma aminobutyric acid receptor; cocaine self-administration; rats; reinforcement schedules, 27942
quinpirole; maintenance phase; continuous reinforcement; reduced response rates; free-operant procedure; behavioral extinction; behavior-reward association; rats, 3924
reinforcement rate; time in session; variability preference; terminal links; pigeons, 476
reinforcer duration; behavioral interactions; multiple schedules; habituation; pigeons; rats, 24593
response acquisition; delayed reinforcement; immediate reinforcement; behavioral history; variable time, 33971
schedule control; self-injury; dropping to floor; aggression; automatic reinforcement; differential reinforcement, 8440
sequential dependencies; interresponse times; random-ratio reinforcement; staircase stochastic reinforcement; response patterns, 15175
temporally massed conditional stimulus presentations; fear extinction; spaced presentations; mice, 464
transfer function; Wiener filters estimation; behavioral dynamics; two-pass Monte Carlo algorithm, 33612
variable interval reinforcement; bout rate; response rate; time allocation; rats, 33970
Reinnervation [See Neural Development]
Relapse (Disorders)—Serials
abstinent methamphetamine abusers; relapse effect; cognition; memory, 31953
African American women; smoking cessation; pregnancy; postpartum relapse; low-income population; nicotine addiction, 1655
attribution; expressed emotion; patient relapse; relatives; caregivers, 2451
bipolar disorder; lamotrigine; olanzapine; methodological guidelines; psychotherapy; disorder recurrence; maintenance treatment, 32221
bipolar disorder; major depression; risk of recurrence; life-long course; comorbidity, 1405
bipolar disorder; subsyndromal symptoms; risk of relapse; occupational functioning; social functioning, 31747
breakthrough depressive episodes; recurrent bipolar depression; major depression; differential diagnosis; symptomatology; treatment; drug therapy, 31743
breast cancer; mammography screening; cancer recurrence risk; survival outcomes; detection methods, 35696
carbamazepine; drug hypersensitivity syndrome; human herpesvirus 6; reactivation; schizophrenia, 11356
chronic cluster headache; episodic headache; paroxysmal hemicrania; bulbar trigeminal tractotomy; surgery; pain recurrence, 23379
chronic depression; transcranial magnetic stimulation; recurrent episodes; treatment effectiveness evaluation, 26454
cocaine addicts; detoxification; polyunsaturated fatty acids; relapse vulnerability, 2496
comorbid medical illness; rate of relapse; clinical remission; major depressive disorder; antidepressant treatment; continuation therapy, 35538
coping strategies; disorder recovery; eating disorders; disorder relapse, 28945
depressive episode; relapse; suicide; ICD-10; depression severity; depression; ICD-10 categorization; validity, 27316
depressive episode; vulnerability; elderly; vulnerability-accumulation model; recurrence; psychosocial vulnerability indicators; premorbid, 1437

 social scientific measures; religiosity; spirituality; spiritual well-being; religious coping; identity; self-efficacy; social support; media usage; health communication, 28203
 spiritual & religious factors; religiousness; epidemiological evidence; predictive relationship; health; morbidity & mortality; methodological issues, 11612
 spiritual well-being; religiosity; drug use; individual characteristics; male prison inmates, 8907
 spirituality; women of color; health; African American women; Hispanic women; religiosity; cultural considerations; public health interventions; health promotion; prevention, 23456
 spirituality; women of color; health; African American women; Hispanic women; religiosity; cultural considerations; public health interventions; health promotion; prevention, 23441
 substance use; religiosity; Hungarian adolescents; religious participation; protective factors; group membership; alcohol use; risk factors; high school students, 31945
 values structure; religiosity; support; solidarity; conformity; benevolence; leadership; achievement; human enhancement; Northern Sotho speaking people; African vs German culture, 22197
 youth; religion; gameboy generation; church attendance; secularization theory; Marxist notion; class conscience; religious involvement; lower class members; parents; religious perception, 28202

Religiosity—Chapters
 Racial and ethnic status: Risk and protective processes among African American families, 10366

Religious Affiliation [See Also Buddhism, Christianity, Hinduism, Islam, Judaism, Shamanism, Sikhism]—Serials
 attempted suicide; suicide attempts; spirituality; suicide-related behavior; American Indians; Christianity; tribal cultural spirituality, 22626
 body weight; health; religion; religious affiliation; religiosity, 16274
 Dutch Catholic church; rational choice theory; religion, 28216
 faith-based organizations; Texas; school leadership; school professionals; parents; learning communities; parental engagement; Latino community; school community partnerships, 33094
 religion; women's health; human immunodeficiency virus; HIV; anti immunodeficiency syndrome; AIDS; AIDS preventive behavior; AIDS epidemic; religious affiliation; Ghana; condoms use; risk behaviour, 17259
 religious affiliation; Church of England; religious background; religious diversity; formal religious; proximal cause, 16123
 religious affiliation; trust antecedents; electronic commerce; cultural variables; web sites attitudes, 30302
 religious Americans; racial profiling attitudes; nonreligious individuals; moral demands; terrorist attacks; Arab Americans; Muslim Americans; morality, 28174
 social dominance orientation; social dominance theory; group status; gender differences; religious group differences; ethnic differences, 13287
 spiritual experience; developmental disabilities; Church of Jesus Christ; Latter-Day Saints; religious groups; family beliefs; disabled child; parents, 4770
 spirituality; positive affect; negative affect; religious affiliation; emotional well-being, 34455
 student prejudices; society; ethno-political conflict; sectarianism, 19009

Religious Beliefs [See Also Atheism, God Concepts, Religiosity, Religious Affiliation, Religious Fundamentalism]—Serials
 adolescent psychopathology; child psychopathology; religious perspectives; spiritual practices; spiritual perspectives; religious beliefs, 10710
 Agnostic Refuge; online congregation; agnosticism; motivating factors; agnosticism, 19026

alcohol-related beliefs; God beliefs; Higher Power control beliefs; locus of control; recovery; Alcoholics Anonymous; satisfaction with life, 5695

anarchism; marriage; legal sanction; religious sanction; interpersonal relationships; anarchism feminist thought, 28256

attachment theory; religious beliefs; widowhood; spiritual beliefs, 34409

church members; crisis times; social support; religious professional; mental health professionals; psychological benefits; religious involvement; Crisis Appraisal and Coping Interview Protocol, 25138

core teachings; innovative accommodation; religious groups; organizational vitality; sacred beliefs; sacred practices, 28204

counselling; religious faith; counsellors; psychodynamic theory, 16949

cultural setting; ritual practice; conservative religion; religious practice; political dynamics; Jewish community; Judaism; cultural politics, 22140

depression; therapists; grief; hope; family belief; religious belief; therapeutic situation, 29216

ethnographic interpretation; cultural translation; religious doctrine; pentecostalism; religious practices, 22139

Evangelical Christians; social work, 4206

Faith Development Scale; test validity; adult development; maturational & faith based experiences; time; college students, 97

forced secularization; atheistic monopoly; communism; Russian orthodox church; religion; religious belief; religious practices, 28205

help-seeking preferences; mental health problems; children; child psychiatric disorders; help-seeking attitudes; religious beliefs; parental attitudes; sociocultural factors, 25117

Hindus; religious pathways; measures; reliability; validity; development; mental well-being; physical well-being; psychometrics; religious practices, 114

identity integration; religious orientation; moral reasoning; moral behavior, 31335

illness adjustment; religious attributions; older adults; coping attributions; spiritual attributions, 13293

intrinsic religious orientation; extrinsic religious orientation; coping strategies; stress, 7695

Islam; religious background; psychoanalysis; psychoanalysts; psychotherapeutic processes; hermeneutics, 32941

Jesus; Church; health; wellness; prayer; faith healing, 28210

life meaning; religious community; religious beliefs; assisted-living facilities; social interactions, 34452

magical thinking; paranormal beliefs; secondary school students; university students; South Africa, 1269

major depression; health service utilization; culture; religious beliefs; mental illness; South Asian women, 31741

monotheism; dissociation; splitting; forgiveness; evil, 10637

New Environmental Paradigm; dimensionality; environmental behavior; environmental worldviews; environmental behavior; demographics correlates; religious correlates; environmentalism, 3052

organ donation; gender comparison; Muslims; England; religious beliefs; medical system distrust; moral judgement; disease transmission; eye donation; heart donation; personal rights, 1212

paranormal belief; superstition; religious beliefs; perceptions, 7523

parental attachment; attachment to God; separation cues, 34406

physical conditions; prophetic visions; religious ideas; dream theory; pathomimesis; psychosis; creativity; dreams; Trinidad; Earth People; Mother Earth, 27585

postabortion grief; primary providers; community faith-based agencies; post-traumatic stress disorder; spiritual group intervention; shame; religious beliefs, 35463

posttraumatic stress disorder; mental health; physical health; forgiveness; religious coping; military veterans; depression; anxiety; symptom severity, 25751

Protestant Christianity; treatment; religious beliefs; religious practices; clinical work; children; adolescents; families, 11352

psychoanalysis; gnosis; experiences; wonderment; Ineffable Self; sacred; mundane; psychoanalysts; relational theory; psychospirituality, 10634

psychoanalytic practice; religious involvement; spirituality; treatment practices; supportive role; empathy; professional bias, 14060

psychometric investigation; religious faith questionnaire; convergent validity; Santa Clara Strength of Religious Faith Questionnaire, 33478

psychotherapeutics; religious worldviews; psychotherapy; immigration; therapeutics; psychotherapists; therapists; religious patients; religious beliefs, 29262

reality therapy; choice therapy; Christian belief; country school setting; school environment; school counseling, 33205

religion; feminism; masculine role; feminism; Quakerism; Quaker discipline, 7501

religion; TV programming; hegemony; contemporary American wedding; weddings; religious rituals; reality TV, 19022

religiosity; mental health; spiritual life; anxiety, 31338

religious background; psychoanalytic theorizing; psychoanalytic practice; Jewish faith; psychoanalytic vision; psychoanalyst, 32937

religious belief; religious faith; deviant behavior; religious practice; college students; tattoo-related behavior; tattoos, 25137

religious beliefs; belief activation; belief application; belief components, 13297

religious beliefs; religious faith; interpersonal relationships; well being; quality of life; income level; job satisfaction; marital life; health, 16116

religious concepts; children's perceptions; sociocultural factors; cross-cultural study; preschool children; cultural setting, 7433

youth; religious beliefs; religious awareness; religious practices; religious orientation; sex differences; upbringing; Islam; Hinduism; Christianity, 34447

Religious Beliefs [See Also Atheism, God Concepts, Religiosity, Religious Affiliation, Religious Fundamentalism]—Chapters

An Islamic school responds to September 11, 23861

Motivation and social determinism: The explanatory power of rules, laws, and values, 15345

Of the place of Christian faith and scripture in doing psychology, 16126

Pragmatism and religion: Dewey's twin influences?, 16338

Religious Buildings—Serials

aged; churches; society; religion, 34450

church vulnerability; law enforcement; violence; church clergy, 36535

dead; living; peace land; Yasukuni shrine; ritual site; priests; mourning; sociology, 28161

Religious Education—Serials

Christian education; spiritual maturity; senior adults; spiritual development, 34369

preaching; senior citizens; religion, 34451

sex education; Church schools; feminist theology, 36117

Religious Experiences—Serials

Christoph Haizmann; madness; bizarreness; schizophrenia; Bavarian painter; abnormal religious experiences; social norms; cultural norms, 19487

complementary medicine; alternative medicine; spiritual healing; epilepsy; religious experience; mystical states, 11600

contemplative practices; psychedelic experiences; religious traditions; psychedelics, 19015

dementia caregiving; religious experience; stressful life events; aging adults; spirituality; spousal caregivers, 14432

envy; religious experience; love; attention; absence; ideal self; unconscious forebodings; old age; death specter; organizing experience; empathic recognition; Freud, 30353

mental health service users; mental health; religion; spirituality, 29636

partial epilepsy; ecstatic seizures; ictal symptoms; sensory hallucinations; erotic sensations; religious experience; spiritual experience, 11256

personal spirituality; early-stage dementia; quality of life; spiritual experiences; cognitive disorder; stress, 13962

professional characteristics; spiritual character; psychotherapists; religiosity; spiritual experiences, 29920

Quran; social changes; emotions; well-being; faith; spiritual experience; Moroccan housewives, 16120

religious experience; death; dying; pastoral experience; religious maturity, 31334

spiritual harm; NRM; new religious movements; motivations; group leaders; spiritual experiences; disaffiliation; identity confusion; spiritual authority abuse; trust inability; NRM former member, 1062

Religious Fundamentalism—Serials

fundamentalism; holocaust; genocide; wars; victims; Christian identity, 22167

fundamentalist christians; network television; television news; reporting bias; content analysis, 18882

Religious Groups [See Also Buddhists, Christians, Hindus, Jews, Muslims, Sikhs]—Serials

catholic religious orders; sociologists; religious orders; creative functions; Catholicism; Protestantism; minority; power, 28209

core teachings; innovative accommodation; religious groups; organizational vitality; sacred beliefs; sacred practices, 28204

cultural setting; ritual practice; conservative religion; religious practice; political dynamics; Jewish community; Judaism; cultural politics, 22140

faith group differences; attachment to God; Attachment to God Inventory, 24202

Kanadier Mennonites; Anabaptist religious groups; methodological challenges; cross-cultural research; lifestyle, 27416

mental health services; religion; culture; spirituality; religious groups; human drive; health of mind & soul, 29612

occupational expectations; ethnic labour market; educational segregation; Palestinian students; high school students; social inequality; Jewish majority; Muslims; Christians; Druze; Israeli society, 17732

online religious communities; cultural changes; Internet; social network, 34449

schism; Protestant denominations; religious diversity; mergers; religious groups; organizational consolidation, 28219

Religious Literature [See Also Bible]—Serials

English translation; emotional tone; Quran; emotionality of words; word use patterns; affective language; linguistic style, 24890

intergroup attitudes; Bible; God; Jesus; New Testament people; psychology; religion; Torah non-Israelites; ingroup; outgroup; core conflictual relationship theory, 22182

prophets; Islamic historical documents; Christian historical documents; Qur'an; New Testament, 7524

Volume 91 SUBJECT INDEX

Religious Literature—Serials

Quran; social changes; emotions; well-being; faith; spiritual experience; Moroccan housewives, 16120
 religious discrimination; religious Scriptures; interpretation, 7525
 religious use; communication media; Internet; audience activity; textual form; video; hermeneutics; semiotics; means of production, 34461
 social identity theory; women's roles; victimization; women representations; newspapers; religious literature, 10415
Religious Occupations [See Religious Personnel]
Religious Organizations—Serials
 Agnostic Refuge; online congregation; agnosticism; motivating factors; agnosticism, 19026
 Church of England; pioneer women priests; history of involvement; active agents of change; cultural factors; structural factors, 4256
 health care delivery; parish nurses; health promotion; faith-based organizations; health ministries, 29582
 Latino immigrants; religious economies; ethnic community; religious needs; religious entrepreneurship; Baptist mission, 10350
 pastoral leadership; African American church; sociopolitical issues; political involvement; social programs; community involvement; transformational & transactional & laissez-faire leaders; outreach, 2933
 religious organizations; human rights violations; public safety; Japanese Parliament; religious activities; victim prevention; Law on Religious Corporations, 1061
 religious professionals; religious institutions; clinical care, 11596
 spiritual harm; NRM; new religious movements; motivations; group leaders; spiritual experiences; disaffiliation; identity confusion; spiritual authority abuse; trust inability; NRM former member, 1062
Religious Personnel [See Also Clergy, Evangelists, Missionaries]—Serials
 Catholic parish organizational structure; parish outcomes; canon law; pastoral care, 28221
 chaplains; community based clergy; palliative care journals; scholarly articles; research articles; nonresearch articles; rabbi; priest; minister; pastor; imam; religious professionals, 11850
 dreams; dress; garments; spirituality; religious authority; African independent churches, 27589
 priests; American Catholic parishioners; parishioner attitudes capital punishment; public opinion; religious communities; Catholic church, 28199
 religious professionals; religious institutions; clinical care, 11596
Religious Practices [See Also Asceticism, Faith Healing, Meditation, Prayer, Yoga]—Serials
 Alzheimer's disease; spirituality; religious practices; ethnic background; caregivers beliefs; whites; blacks, 14428
 Bar/Bat Mitzvah Ceremony; Jewish children; Jewish parents; special education schools; group bar/bat mitzvah ceremonies; learning process; transition; religious experience, 32046
 Catholic parish organizational structure; parish outcomes; canon law; pastoral care, 28221
 celebrity worship; religious worship; famous persons; Christian religion; religiosity, 28213
 colonial psychiatry; magic; religion; mesmerism; development of Western medicine; British colonial rule; colonial medicine; Indian magical practices; religious customs, 18056
 congregational attendance data; religious research; worshippers; congregations; denominations, 28206
 contemplative practices; psychedelic experiences; religious traditions; psychedelics, 19015
 core teachings; innovative accommodation; religious groups; organizational vitality; sacred beliefs; sacred practices, 28204
 dead; living; peace land; Yasukuni shrine; ritual site; priests; mourning; sociology, 28161
 ethnographic interpretation; cultural translation; religious doctrine; pentecostalism; religious practices, 22139
 forced secularization; atheistic monopoly; communism; Russian orthodox church; religion; religious belief; religious practices, 28205
 gender attitudes; religious behaviors; sorority membership; fraternity membership; social desirability; stereotypical gender attitudes; sexual attitudes, 25202
 healthy individuals; Muslims; Ramadan; fasting; positive effects; adverse effects, 19029
 hijras; drag queens; masculinity; gender performance; subversive possibilities; ritualistic aspect; religious aspect; effeminacy, 34537
 Hindu ascetics; Indian ashrams; spiritual activities; sannayasa doctrine; autobiographical memories; religious practices, 34459
 Hindus; religious pathways; measures; reliability; validity; development; mental well-being; physical well-being; psychometrics; religious practices, 114
 interpassivity; theory of ritual; contemporary art; interactivity, 19244

menstrual separation; ritual immersion; women; Jewish Orthodox; ritual purity, 34525
 personality trait correlates; religious orientation; religious practice, 10591
 profane; sacred; violence; terror; ritual; mourning, 31871
 Protestant Christianity; treatment; religious beliefs; religious practices; clinical work; children; adolescents; families, 11352
 religious behavior; ritual performance; costly signaling theory; intra-group cooperation, 4212
 religious belief; religious faith; deviant behavior; religious practice; college students; tattoo-related behavior; tattoos, 25137
 religious diversity; immigration; global communication; non Western religions; American religion, 28220
 religious meaning; subjective well-being; life satisfaction; Black adults; optimism; African Americans; race differences; White adults; self esteem, 7520
 religious naming; Protestants; Catholics; worship attendance; religious motivations, 28215
 religious practice; religious coping; geriatric depression; social support, 1413
 rituals; South Canara; India; power; politics; meaning; myth, 22177
 schism; Protestant denominations; religious diversity; mergers; religious groups; organizational consolidation, 28219
 spiritual dimensions; bar mitzvah; bat mitzvah; religious ceremonies; developmental disabilities; Jewish children, 11086
 spiritual needs; religious practice; health care, 32519
 worship; Alzheimer's patients; ministry; care facilities; theological models, 35297
 youth; religion; gameboy generation; church attendance; secularization theory; Marxist notion; class conscience; religious involvement; lower class members; parents; religious perception, 28202
 youth; religious beliefs; religion awareness; religious practices; religious orientation; sex differences; upbringing; Islam; Hinduism; Christianity, 34447
Religious Prejudices [See Also Antisemitism]—Serials
 student prejudices; society; ethnopollitical conflict; sectarianism, 19009
REM [See Rapid Eye Movement]
REM Dream Deprivation—Chapters
 The case against memory consolidation in REM sleep, 20416
REM Sleep—Serials
 acute stress exposure; psychophysiological reactivity; REM sleep; coping styles, 674
 anxiety models; conditioned fear; mouse; rapid eye movement sleep; sleep, 9772
 bilateral posterior hypothalamic lesion; polysomnography; total sleep time; wakefulness; obese patient, 16594
 cholinergic mechanisms; cocaine; genital reflexes; paradoxical sleep deprivation; male rats; penile erection, 18705
 chronic fatigue syndrome; first-night effect; polysomnography; sleep disorders; sleep time; sleep efficiency; sleep onset; slow wave sleep; rapid eye movement sleep; sleep cycles, 1779
 chronic mild stress; sucrose intake; rats; animal model; depression; rapid eye movement sleep, 21755
 circadian modulation; structured sequence learning; sleep deprivation; sleep satiation; REM sleep, 30912
 depressed patients; REM sleep; selective serotonin reuptake inhibitors; major depressive disorder; rapid eye movement sleep; double-blind treatment; sleepiness, 8513
 dimensional complexity; human sleep EEG; spectral power; linear measures; self-similarity exponent; theta band; alpha band; sigma band; sleep stages, 21742
 dreaming; theoretical approaches; cognitive; neurobiological; brain mapping; limbic activation; paralinguistic activation; hallucinations; reality testing; dreaming phenomenon; mental representation, 15348
 early handling; sleep; rats; stress-induced; sleep pattern; basal induced, 7139
 EEG power spectra; sleep onset REM periods; sleep onset non rapid eye movement periods; NREM; dream appearance processes, 21745
 electroencephalogram; sleep; affective style, 6626
 evoked oscillations; recording sites; thalamo-cortical auditory system; unanesthetized rats; anesthetized rats; waking; slow wave sleep; paradoxical sleep, 21728
 functional neuroanatomical correlates; eye movements; depression; REM sleep, 25558
 gamma aminobutyric acid agonists receptor; locus coeruleus; picrotoxin; rapid eye movement sleep; Na-K ATPase enzyme; rats, 30983
 genetic susceptibility; REM sleep behavior disorder; familial sleepwalking disorder; genetic linkage, 13868
 hemispheric lateralization; electroencephalography; EEG; spontaneous lateralization; wakefulness; REM sleep, 7036

Remarriage—Serials

major depression; rapid eye movement; sleep; corticotropin-releasing hormone; CRH-1 receptor antagonist R121919; slow wave sleep, 17048
 major depressive disorder; rapid eye movement; sleep latency; onset, 25570
 narcolepsy; orexin; hypothalamic neurons; neurobiology; rapid eye movements, 22843
 nightmare disorder; posttraumatic stress disorder; hypnopompic hallucinations; posttraumatic nightmares; isolated sleep paralysis; rapid eye movement; mental experiences; breathing problems, 26039
 paradoxical sleep deprivation; M1 muscarinic receptors; [3H]pirenzepine binding; rat brain; sleep recovery; passive avoidance task; memory deficits; learning deficits, 12869
 Parkinsons disease; electroencephalography; REM sleep behavior disorders; wakefulness, 29116
 posttraumatic stress disorder; nocturnal awakenings; nightmare sufferers; periodic leg movements; sleep pathophysiology; rapid eye movements, 4511
 rapid eye movement; sleep behavior disorder; parasomnia; dementia with Lewy bodies; Parkinson disease; differential diagnosis; management strategies; pathophysiology; comorbidity, 35259
 REM sleep behavior disorder; dementia; parkinsonism; synucleinopathy pathology; neurodegenerative disorder, 10695
 REM sleep behavior disorder; RBD; parkinsonism; antidepressant drug; mirtazapine, 5446
 REM sleep behavior; sleep behavior disorder; RBD; spinocerebellar ataxia type 3; Machado-Joseph disease; neurologic disorder; SCA-3, 5070
 REM sleep deprivation; variable interval reinforcement schedule; response rate; lever pressing; rats, 3826
 REM sleep disorder; striatal monoaminergic deficit; polysomnography, 11152
 REM sleep reduction; REM pressure; mood regulation; remission; untreated depression, 7817
 REM sleep; depressed patients; regional cerebral glucose metabolism; limbic cortex; anterior limbic and paralimbic cortex; neurobiology, 28660
 serotonin receptor ligands; flesinoxan; WAY 100635; laterodorsal tegmental nucleus; REM sleep; rats; spontaneous sleep, 30990
 serotonin transporter; monoamine neurotransmitter; monoaminergic transmission; altered rapid eye movement; pre-REMS power surge, 21776
 sleep architecture; degree of handedness; college women; home sleep monitor, 21767
 sleep behavior disorder; correlates; rapid eye movement; RBD patients; central nervous system dysfunction; occipital frequency; neurodegenerative disorders; electroencephalogram activation; REM sleep, 16596
 sleep EEG; slow-wave sleep; hydrocortisone; growth hormone secretion; cortisol administration; feedback inhibition; rapid-eye movement sleep; healthy volunteers; theta frequencies; delta frequencies, 18638
 sleep patterns; female mice; different inbred strains; estrous cycle; body temperature; locomotion, 3452
 sleep regulation; octreotide; side effects; sleep disturbance; REM sleep; nonREM sleep; sleep quality; EEG sigma power, 10066
 sleep-related penile erections; rats; carbachol; rapid eye movement sleep; pontine tegmentum, 34154
 sleep; stress; opioid receptors; naltraxone; corticosterone, 13092
 sleepwalking violence; sleep disorder; legal dilemma; aggression; non-REM sleep; waking, 28989
 steroid metabolism-related genes; rat; adrenal glands; REM sleep deprivation; adrenocortical steroid metabolism; P450sc; steroid 5 alpha-reductase; steroidogenic acute regulatory protein; StAR, 15693
REM Sleep—Books
 Sleep and dreaming: Scientific advances and reconsiderations, 18430
REM Sleep—Chapters
 Authors' responses, 18630
 The case against memory consolidation in REM sleep, 20416
 Dreaming and REM sleep are controlled by different brain mechanisms, 18632
 Open peer commentary, 18628
 The reinterpretation of dreams: An evolutionary hypothesis of the function of dreaming, 18432
 A review of mentation in REM and NREM sleep: "Covert" REM sleep as a possible reconciliation of two opposing models, 18431
Remarriage—Serials
 divorce; well-being; family attitudes; marital disruption; socioeconomic status; divorce-stress-adjustment; remarriage; marriage; separation, 31357
 divorced families; remarriage; children of divorce; risks; adjustment patterns; social support; children's adjustment, 22072

Volume 91 SUBJECT INDEX

Remarriage—Serials

family therapy; Hurlo Fisiologlu; divorce; remarriage; marital adjustment; intergenerational transmission, 35945
older adults; new partner relationships; repartnering; remarriage; consensual unions; cohabitation; living apart together; social networks; kin bonds, 22204
postdivorce re-partnering; divorce; mother-adolescent relationship; divergent realities; mothers; adolescents, 31360
remarriage; unmarried cohabitation; partner relationships; bereavement; divorce; living arrangements, 28259
social support; marriage; remarriage; divorce; kinship; National Survey of Families and Households; NSFH; elderly population; support perception, 7542
spousal subsystem; Bowenian family systems theory; remarriages; remarried couples, 25157

Remarriage—Chapters

Risk and resilience in children coping with their parents' divorce and remarriage, 4156

Remedial Education [See Also Remedial Reading]—Serials

personal psychotherapy; remediation; psychology trainees; training directors, 20711

Remedial Reading—Serials

developmental dyslexia; reading speed; lexical processing; reading program, 29759
high schools; tutorial program; corrective reading; peer-delivered instruction; reading remediation, 26897
intensive reading remediation; word-level skills; explicit instruction; phonologic connections; orthographic connections; text-based reading; remedial reading programs; spelling, 36204
low-progress readers; phonological processing; literacy intervention program; literacy instruction; dyslexic readers; phonological assessment battery; predicting gains; students, 1745
paired reading; curriculum-based measurement; below-average readers; favorable treatment; instructional level; parent involvement; reading accuracy, 5902
professional development model; positive practice; school-based reading consultation, 12210
special reading disabilities; emotional factors; learning problems; achievement behavior; scholastic performance; cognitive skills; cognitive-behavioral intervention program, 35116

Remembering [See Retention]

Reminiscence—Serials

delay related changes; personal memories; terrorist attacks; test-retest consistency; event recollection; emotional reaction, 12697
depressive symptomatology; late-life depression; life review; reminiscence; elderly; geriatric patients, 10736
emotional events; retellings; memories; past experiences, 30726
emotional experience; negative emotion; socioemotional selectivity theory; positive experiences; mutual reminiscing; social activities; age, 935
intrusive re-experiencing; post-traumatic stress disorder; phenomenology; theory; therapy; trauma memories, 25709
nostalgia; pathology; social structure changes; cultural values; medical attitudes; social attitudes; etiology; diagnosis, 25403
Sigmund Freud; reading; books; companionship, 21934

Remission (Disorders) [See Also Spontaneous Remission, Symptom Remission]—Serials

alcohol dependent men; prediction; affective change; autobiographical memory; detoxification therapy; positive & aggressive cue words; depression; remissive course, 13542
alcohol hallucinosis; treatment refractory; neuroleptics; risperidone; amisulpride; selective serotonin reuptake inhibitor sertraline; remission, 23244
anxiety; depression; treatment; remission, 8381
bipolar I disorder; remission; insight, 13619
borderline personality disorder; remission; poor prognosis; violent serial rapist, 22605
brain metabolism; remission; unipolar major depression; major depressive disorder; fluoro-deoxyglucose; anterior cingulate cortex metabolism; prefrontal cortex, 31740
clinical trials interpretation; therapeutic intervention; remission; antidepressant care; treatment; social impairment; residual symptoms; relapse; pathophysiological changes; recovery, 20108
cognitive function; depression; symptom resolution; olanzapine; schizophrenia, 32474
controlled lithium discontinuation; bipolar patients; lithium prophylaxis; disorder recurrence, 25607
depression; treatment; remission, 7853
drug dosages; escitalopram; citalopram; treatment efficacy; major depressive disorder; severity; remission, 26387
family interactions; schizophrenia; patient stabilization; racial differences; patients; parents; African Americans; Whites; criticism; problem solving; acute episode, 13641

increasing level of energy; continued depressive symptoms; increased suicide risk; suicidal young adults; incomplete remission, 10747

longitudinal studies; methodology; Collaborative Longitudinal Personality Disorders Study; Collaborative Depression Study; Harvard/Brown Anxiety Research Program; remission; recovery, 4574

major depression; 5-HTTLPR polymorphism; remission; clinical response; serotonin transporter gene; non-remission predictor; citalopram treatment; depressed patients; symptom severity; genetic variate, 8479

major depression; remission; selective serotonin reuptake inhibitors; noradrenergic antidepressant; antidepressant mechanisms, 23272

mirtazapine; fibromyalgia syndrome; antidepressant drugs; pain; fatigue; sleep; remission; major depression, 32562

mixed anxiety-depression; anxiety disorders; depressive disorders; comorbid depression; major depression; remission; epidemiology; ICD-10; International Classification of Diseases, 22426

paranoid psychosis; schizophrenic psychosis; partial epilepsy; case report; anti-convulsant medication; psychosis occurrence; epilepsy; olanzapine; lamotrigine; carbamazepine, 17086

positive life change; remission; non-psychotic mental illness; personality traits, 4569

psychological trauma; psychosocial functioning; psychopathology; remission; posttraumatic stress disorder; depression, 25695

pupillary light reflex; panic disorder; audiovisual stimulation; pupillary autonomic nervous system; mental stress; periods of remission, 31809

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1449

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1430

REM sleep reduction; REM pressure; mood regulation; remission; untreated depression, 7817

remission criteria; anxiety disorders; treatment, 7926

remission; relapse management; depression; antidepressants; treatment; symptoms; monotheory; selective serotonin reuptake inhibitors; psychotherapy; treatment adherence, 11366

residual symptoms following treatment; major depression; psychopathological meaning; partial remission; relapse, 31723

residual symptoms; depressive symptoms; social functioning; social adjustment; major depression; remission, 25569

schizophrenia; sustained remission; community dwellers; older outpatients, 34857

schizophrenia; polydipsia; clozapine; drinking behavior; remission, 35586

egocentric bias; negotiation; settlements; stalemates; interpersonal treatment; fair treatment; interactional justice; resource allocation; decision making; real-life context; gender, 24131

elementary school counseling; comprehensive program development; strategies; resources; funding, 17768

environmental aid; environmental issues; global environmental concerns; abating pollution; donor interests; recipient need; resource allocation patterns; multilateral aid; foundations, 17956

genetic relatedness; prosocial behavior; inheritance patterns; sex preference; blood relatives; resource allocation, 4331

globalization; corruption; resource allocation; ethical standards; social life; world civilization; human behavior, 31344

group decision making; pattern recognition; resource allocation decisions; collaboration; group support systems; pattern sharing, 7614

hard-core smokers; psychosocial environment; quitting difficulty; dependent smokers; public education; tobacco control programs; resource allocation; treatment; policy measures, 5706

health care; ethics; medical decision making; resource allocation; physician attitudes; policy makers, 32991

intangible resources; firm sustainability; firm profits; competitive advantage; Tobins q; performance differences, 33306

intangible resources; international diversification; Spanish firms, 36367

job performance; selective optimization; compensation; conscientiousness; motivation; resource allocation strategies, 9077

justice; disability; educator attitudes, 29938

learning theories; resource allocation; global search model; local adaptation model; expectations; history of past decisions vs most successful previous decision; decision making, 384

materialism; resource allocation; spending tendencies; saving; debt; economic psychology; consumer attitudes; consumer behavior; self-perception, 4190

money; mental health care; budget; allocations, 8734

neural gate keeping; interhemispheric interactions; resource allocation; selective filtering; corpus callosum; selective attention, 18592

personal responsibility; rationing decisions; illness responsibility; rationing allocation choices; health care rationing; individual responsibility; preferences, 17336

priority setting; health authorities; health organizations; resource allocation; health economics; health care resources, 11800

psychiatric student counseling service; distress; counseling quality; ethic aspects; operator professionalism; research activities; resource allocation, 33211

psychiatric wards; relational goods; group therapy; decision-making procedures; resource allocation, 35843

psychosocial oncology; distress; adjustment; psychological disturbances; interventions; allocation of psychosocial resources; cancer; genetic risk, 4938

public goods provision; revocable commitments; voluntary contributions; real time protocol of play, 9565

resource allocation theory; dual-task methods; aphasia; clinical assessment; language comprehension task; visual-manual tracking task; dual-task conditions, 29152

resource allocation; group decision making; prior individual consideration; commitment; decision biases; organizational decision making, 12310

resource allocation; multisite service systems; service quality; health care services; interstate customer flows; analytical optimization models; optimal allocation policy; service criterion, 14753

Senate elections; state party activity; Senate candidates support; state parties; electoral role; campaign finance, 28290

slavery reparations; African people; economic restitution; Special Drawing Rights; international currency; wealth accumulation; International Monetary Fund; globalized wealth, 28227

social housing; lay participants; influencing variables; resource rank ordering; housing list; housing allocation; gender; smoking habits; mental health; intelligence, 19098

target reputation; strategic objectives; acquisitions; target resources; resource deployment; acquirer satisfaction, 30227

young women; transition; adulthood; resources; values; inequalities; resourcefulness; social capital; success, 22255

Resource Allocation—Chapters

Intelligence as adaptive resource development and resource allocation: A new look through the lenses of SOC and expertise, 16310

Organizational processes of resource partitioning, 6055

Outcome assessment for resource allocation in primary care, 2429

Respiration—Serials

adrenal suppression; extubation rate; low-dose dexamethasone therapy; preterm infants; lung compliance; ventilatory support; respiratory distress syndrome, 11175

asthmatics; bronchoconstriction; breathlessness perception; symptom perception; Borg scale, 4845

biofeedback; heart rate variability; vagal baroreflex gain; pulmonary function; peak expiratory flow; neuroplasticity, 683

brain angiotensin II; saralasin; respiratory control; variability; rat; panic disorder, 7240

breath holding duration; insulin inhalation; AERx insulin diabetes management system; insulin concentrations; glucose concentrations; pharmacokinetics; pharmacodynamics, 7144

breathing exercises; breathing training; asthma patients; behavioral interventions, 2277

breathing training; anxiety state reduction; hypertension; angina; functional chest disorder; chronic obstructive pulmonary disease; cardiac rehabilitation; optimal breathing pattern; breathing volume, 2275

breathing training; panic disorder; efficacy; hyperventilation; respiration rate; methodological problems; therapy outcomes; hypocapnia; panic disorder development; tidal volume; blood gases, 2257

cervical spine fusion; sleep disorder; obstructive sleep apnea, 11155

controlled deep breathing; smoking withdrawal symptoms; dependent smokers, 26733

electrodermal activity & reactions; breathing irregularities; respiratory activity; standardized methods & interpretation, 12453

inspiratory occlusion; startle reflex; scalp topography; stimulus familiarity, 18674

LifeShirt; ambulatory monitoring; respiration; cardiac function; tidal volume; anxiety; plethysmography; sensors; clinical variables; cardiorespiratory electronic diary; sleep apnea; sinus arrhythmia, 689

lung volume; speech production; fundamental frequency; acoustic variables; vowel space; production performance; articulatory behavior; acoustic properties; average fundamental; acoustic output, 15263

monocytic function; major depression; dysthymia; monocyte count; monocyte subsets; respiratory burst activity; phagocytic index; interleukin; tumor necrosis factor production; depressed patients, 16415

neurokinin; mu-opioid receptor; rat nucleus tractus solitarius; hypoxia; normoxia; brainstem; peptides, 3665

nicotine; respiratory quotient; energy expenditure; metabolic changes; body weight, 12932

nitric oxide; induced panic attacks; pulmonary & systemic nitric oxide production; exhalation; nitric oxide metabolites; respiratory rate, 1525

non-Hispanic Whites; American Indians; sleep-disordered breathing; Blacks; Hispanic; Asian-Pacific Islander; sleep-related symptoms; females; males, 4878

oxidative phosphorylation; rat brain homogenates; delta sleep inducing peptide; DSIP; mitochondrial respiration; stress protective potency; hypoxia; metabolic disturbances, 3919

oxygen consumption; temperature changes; swimming capability; metabolic rate; starvation death; fish growth; captivity; stress; sailfish, 21414

panic disorder; breath holding challenge test; anxiety disorder patients, 7938

panic disorder; respiratory feedback; breathing training method; respiratory biofeedback, 14209

postmenopausal women; hormone replacement therapy; sleep-disordered breathing; estrogen monotherapy; estrogen plus progesterone; sleep; mood, 5439

respiratory disturbance; performance iq; academic achievement; disordered breathing; group comparisons; math achievement; immediate recall; sleep disordered breathing, 4862

respiratory psychophysiology; breathing; modification of breathing behavior, 2053

respiratory variability; psychological well-being; schoolchildren; breathing pattern; respiration rate; anger-in; fear of failure; neurotic complaints; duty cycle; negative affect; resting time, 879

serotonergic neurons; midbrain raphe neurons; medulla; central respiratory chemoreceptors; rats; respiratory acidosis, 6987

sex-related effects; forced unilateral nostril breathing; autonomic nervous system, 34102

short-term stability; social competence; respiratory sinus arrhythmia; heart period; cortisol; kindergarten children, 974

simplified regulated breathing; stuttering; school-aged children; treatment; dysarthria; articulatory disorder; residential facility; treatment effectiveness, 14501

sleep architecture; slow wave activity; sleep spindles; sleep disordered breathing; sleep fragmentation; esophageal pressure monitoring; respiratory events; EEG, 16622

sleep disordered breathing; cognitive changes; racial differences; cognitive performance; older adults; apneic events, 26027

sleep disordered breathing; respiratory disturbance events; oximeter acquisition parameter, 4850

sleep respiration; comorbidity; panic disorders; posttraumatic stress disorder; nightmare disturbance; non-rapid-eye movement sleep; REM sleep, 10840

slow component; high intensity exercise; aerobic exercise; blood lactate; oxygen uptake; power output; heart rate, 9626

stress; allergic asthma; allergic airway inflammation; ultrasonic stressor; airway hyperactivity; mice; animal models, 677

unilateral forced nostril breathing; dichotic listening; emotional tones; spatial abilities; verbal abilities; right ear advantage; left ear advantage, 24746

Respiratory Distress [See Also Dyspnea, Hyperventilation]—Serials

adrenal suppression; extubation rate; low-dose dexamethasone therapy; preterm infants; lung compliance; ventilatory support; respiratory distress syndrome, 11175

carbon dioxide hypersensitivity; alcohol abstinence; alcoholics; anxiety disorder; withdrawal; anxiogenic hyperventilation; at risk populations, 19280

dyspnea; psychological processes; emotional states; heavy labor; exercise, 35180

opioid dependence; tobacco use; ventilatory response; progressive hypercapnia; limited substance use; tobacco smokers; methadone-maintained smokers; hypoxia; carbon dioxide, 13741

Pavlovian conditioning; dyspneic suffocation fear; carbon dioxide concentration; behavioral freezing; analgesia; unconditioned stimulus intensity; panic disorder; conditioned response, 659

respiratory panic disorder; clonidine treatment; anxiety symptoms, 35578

serious respiratory infection; clozapine; infections; side effects, 1781

Respiratory System [See Also Larynx, Lung, Nose, Pharynx, Thorax, Trachea]—Serials

epilepsy effects; autonomic nervous system; respiratory function; epileptic patients, 35256

genetic polymorphism; eosinophil counts; cationic protein; asthma; middle school children; asthmatic children; genotypes; lung function, 4869

physical exercise; respiratory system; cardiovascular system, 21775

respiratory function; nutritional status; cognitive status; elderly; functional ability; mood disorders; activities of daily living, 8711

Respiratory Tract Disorders [See Also Bronchial Disorders, Dyspnea, Hyperventilation, Laryngeal Disorders, Lung Disorders]—Serials

acute respiratory symptoms; adults; general practice; infective etiology; primary care doctors, 29623

antibiotics; acute respiratory tract symptoms; patient expectations; general practitioner management; patient satisfaction, 29450

behavioral intervention; child exposure; indoor air pollution; respiratory health; respiratory infections, 32322

breathing-related sleep disorders; major depressive disorders; psychotic features; mood disturbances, 4529

child day care; infectious disease risk; diarrheal illness; upper respiratory infection, 26048

esophageal dilation; hypomotility of esophagus; chronic schizophrenia; clozapine; clomipramine; aspiration pneumonia; side effects, 26394

mine workers perceptions; health hazards; Italian migrant workers; asbestos hazards; Australian asbestos mine; occupational exposure; respiratory diseases; asbestos dust; narratives, 6073

panic disorder; respiratory disorders; vulnerability; carbon dioxide; asthma; bronchitis, 1540

Volume 91 SUBJECT INDEX

Respiratory Tract Disorders—Serials

parental smoking; mothers; smoking hygiene; infant risk; respiratory tract infection; hospitalization, 14314
positivity; illness; self-delusion; existential growth; personality; spirituality; religious beliefs; illness type, 26063
respiratory disorders; inter-coder reliability; Chinese primary caregivers; child care, 8804
respiratory illness; private sector; health services utilization; insurance coverage; private insurance; diarrhoea; young children; paediatric morbidity; mortality; Dominican Republic, 17332
severe acute respiratory syndrome; fever; medical surveillance; mental health institute; vaccination, 35725
severe acute respiratory syndrome; psychogeriatrics services; Hong Kong, 1910
upper respiratory tract illnesses; work efficiency, 29028

Respite Care—Serials

respite care services; child abuse potential; parents; developmental disabilities; family relations, 29583
respite care; parents; nurses; social workers; complex needs; health care services, 26656
respite care; parents; nurses; social workers; complex needs; health care services, 26650

Respite Care—Books

A new look at community-based respite programs: Utilization, satisfaction, and development, 23548

Respite Care—Chapters

Comment on the utility of the ADDGS evaluation for policy and practice, 23554
Exemplars of successful Alzheimer's demonstration projects, 23555
Factors related to client satisfaction with community-based respite services, 23556
Initial findings from the evaluation of the Alzheimer's disease demonstration grants to states programs, 23551
Profiles of respite use, 23552
The role of cultural factors on clients' attitudes toward caregiving, perceptions of service delivery, and service utilization, 23550

Successful strategies for serving diverse populations, 23549

Respondent Conditioning [See Classical Conditioning]

Response Amplitude—Serials

accommodative function; ocular movement; accommodative amplitude; accommodative response; saccadic movements; eye movement; age group; optometric tests, 15959
adaptive switch programs; profound multiple impairments; assessment methods; electronic leisure device, 6455
age-related differences; response preparation; time uncertainty; variable preparatory interval; reaction time performance, 33776
auditory N1 responses; event related brain potentials; fragile X syndrome; auditory processing; amplitude; deviant tone stimuli, 13812
electrical fingertip stimulation; hand muscle contraction; reflex; exteroceptive inhibition; somatosensory evoked potentials; stimulus intensity, 15655
eye movement responses; healthy participants; movement amplitudes; response methods; number magnitude; manual response; spatial numerical association of response codes, 18280
eye movements; word frequency; refixation amplitude; word length; corrective saccades, 30629
interhemispheric processing; intrahemispheric processing; visual ERPs; corpus callosum; anterior commissure; agenesis; interhemispheric transfer time; transmission; N100; P300; latency; amplitude, 18633
local motion; sensitivity; visual development; first order motion; second order motion; amplitude modulation thresholds; motion discrimination, 12592
P300 amplitudes; cognitive inflexibility; female adolescents; at risk; recurrent depression; auditory discrimination; neurophysiology; patient history, 19379
private events; verbal behavior special interest group; list-server; response amplitude; covert behavior, 33750

Response Bias—Serials

accountability; bias; physician decision making, 23741
acquiescent response bias; cultural communication style; cross-cultural differences, 7534
age differences; context-induced biases; source monitoring; accountability timing; older adults, 21330
anxiety; denial; self positivity bias; self-esteem; base-rate information; controllable events; optimists; pessimists; consumer purchases; risk perception, 9187
attention; sensory processing; perception; response biases; changes in decision criteria; sensory facilitation; visual prior entry, 6522
belief desire reasoning; biases; selection process; inhibition, 31147
client birth order; clinical judgment; family experiences; judgment bias; clinicians attitudes, 26845
control; danger signal enhancement; perceptual system; perceptual sensitivity; search task; response bias; aversive consequences avoidance; negative consequence; action regulation, 24380

corpus callosum resection; line bisection performance; callosotomy; side effects; spatial attention; response bias; epilepsy, 2294
cross-modal interactions; brightness discrimination; pitch discrimination; loudness perception; perceptual sensitivity; response bias, 323
cut-offs setting; psychometric indicators; negative response bias; neuropsychological assessment; malingering, 27413
differential prevalence group; impression management; self-deceptive; Minnesota Multiphasic Personality Inventory; underreporting response bias, 21109
emotion specificity; persuasion messages; persuasive impact; emotional framing; emotional congruency; emotion matching; response biases; expectancies; sadness; anger, 10574
facial expressions; major depression; recognition accuracy; response bias; happiness; sadness; social interactions, 19402
favorable self-presentation; psychological inventories; socially desirable responding; faking good, 14980
hindsight bias; visual perception task; outcome knowledge; metaperception; fluency misattribution theory, 30668
informal reasoning; cognitive ability; myside bias; year in university; amount of post-secondary education; college students; myside arguments; otherside arguments; individual differences, 6959
information-processing biases; emotional stroop; forensic populations; sex offenders; violent offenses; pedophiles; sexual words; stroop effect; response latency, 35060
labeled response options; vague quantifiers; time stability; child characteristics; survey research, 12546
landmark task; unilateral neglect; spatial cognition; perceptual bias; response bias, 29183
leader's bias; trustworthiness; procedural justice; fairness judgements; positive emotions; accuracy; accurate procedure; leader accuracy; unbiased leaders; interactive effect, 13469
Likert-type score items; acquiescent response bias; construct equivalence; cultural comparisons; attitude assessment, 69
memory bias; pre-exam anxiety; recall; self esteem, 412
memory biases; gymnastic judging; surface feature changes, 21359
memory biases; gymnastic judging; surface feature changes, 436
Minnesota Multiphasic Personality Inventory-2; MMPI-2; response bias; custody litigants; custody disputes, 3171
neuroticism scale; Eysenck Personality Inventory; response bias; neuroticism; social desirability; test forms, 15029
orbitofrontal cortex; ventral frontal response; mania; emotional task; prefrontal cortices; bias for positive emotional content, 28637
outcome reporting bias; randomized clinical trials; protocols, 24338
preattentive bias; snake phobia; skin conductance responses; Stroop interference; masked words; stress conditions, 31836
psychopathology; nonresponse bias; epidemiology; eating-disordered behavior, 25998
publication bias; nursing; meta-analysis, 23588
receiver bias; colourful signals; response biases; animal recognition mechanisms; domestic fowls, 6681
response bias; temporal order tasks; attention manipulation; masked primes; perceptual latency priming, 30624
response styles; rating scales; method bias; acquiescence; extreme response style; cross cultural differences; marketing, 21244
response suppression learning; lemurs; preference bias, 24566
revelation effect; recognition judgment; response bias; memory sensitivity, 33880
self presentation; job analysis; competency statements; ability statements; task statements; data collection; response differences; office clerical employees, 33285
self-reported weight; perceptual biases; motivated distortions; estimation accuracy; motivated-distortion hypothesis, 25392
social desirability; body dissatisfaction; eating disorders prevention program; adolescent girls; response bias, 20524
standardization procedures; response bias; cross-cultural research; statistical information; information source; test scores, 21217
symptom validity tests; Computerized Assessment of Response Bias; Test of Memory Malingering; Word Memory Test; test assessment; failure rates; non-head injury; disability claimants, 27336
telephone interviews; face to face interview; national probability samples; random digit dialing; telephone respondents; questionnaires; respondent satisficing; social desirability response bias, 21218
temporal ventriloquism; sensorimotor synchronization; auditory localization; visual localization; response bias, 319

Response Frequency—Serials

test-item nonresponse; student ability measurement; educational achievement studies; reading achievement; bias, 27376
Timeline Follow-Back interview; self reported alcohol consumption; validity; time; response bias; cases vs community controls vs medical patients, 176
transfer of training biases; anxiety; emotionally biased interpretations; homographs; ambiguity; judgment, 6581
valence-specific laterality effect; free viewing conditions; sex; handedness; response bias; right hemisphere; left hemisphere; processing; emotional information; facial emotion, 7136
virtual environment; apparent motion; experiences; stimuli; observer bias; depth, 30608
visuotactile perception of texture; multisensory integration; texture discrimination; response bias; performance; attention, 321
Response Consistency [See Response Variability]
Response Cost—Serials
autism; automatic reinforcement; inappropriate vocalizations; noncontingent reinforcement; response cost, 18860
response-repetition costs; cognitive representation; response compatibility; compatibility benefits; dual tasks; psychological refractory period; action selection; context-specific representation, 21346
sleep deprivation; task-shift costs; extradimensional shifts; intradimensional shifts; cognitive tasks; stimulus-response mappings; judgment; reaction times, 33798
Response Duration—Serials
anterior cingulate cortex; behavioral conflict; experiment duration; behavioral measurements; Stroop, 27726
attentional dwell time; visual search; reaction time; duration, 21293
concurrent chains; terminal-link duration; pigeons; hyperbolic value-added model; preference changes; reinforcement; contextual choice model, 33927
information processing; lifeguards scanning; decision making, 6580
spinocerebellar ataxia; neurodegenerative disorder; cortical interneurons; cerebellar disorders; idiopathic cerebellar ataxia; cortical silent period, 35319
vowel duration; cue; postvocalic stop voicing; apraxia of speech; aphasia, 29122
Response Frequency—Serials
3,4-methylenedioxymethamphetamine; MDMA; ecstasy; progressive ratio schedule; response rates; water delivery; rats, 740
behavioral momentum; academic productivity; high probability request sequences; letter writing; mathematics problem completion; response rates; reinforcement, 36161
consummatory behavior; operant behavior; licking; lever pressing; behavior change; low-valued substance; high-valued substance; food substance; sucrose; reinforcement schedules; rats, 3493
covert orienting; peripersonal space; extrapersonal space; responses; visual fields; spatial attention, 21280
data quality; monetary incentive; reference person; telephone survey; response rates; prepaid incentives; households, 21232
ethanol; drug concentration; choice behavior; response rates; progressive ratio schedule; fixed ratio schedule; rhesus monkeys; persistence; measurement, 3905
explicit knowledge; spatial interference; response control; sequence learning; control shift; internal representations; stimulus attributes, 18263
food-pellet reinforcement; sucrose reinforcement; temporal placement; rats; operant responding; three component multiple schedule, 21440
language intensity; response rate; attitude change; e mails; intense messages; communication media, 34308
lever pressing; response rate; variable-interval reinforcement schedule; response requirement; interresponse times; rate of reinforcement; bout length; rats, 3489
nicotine infusion; serum nicotine concentrations; peak arterial concentrations; nicotine self-administration; rats; nicotine replacement therapy, 10015
nonrespondents; response rates; respondents; surveys, 18228
prepaid monetary incentives; response rates; consumer and organizational mail surveys, 36380
REM sleep deprivation; variable interval reinforcement schedule; response rate; lever pressing; rats, 3826
response options; self-reports; UCLA Loneliness Scale; frequency scale effects; response option frequency range, 10611
response rate; costs and benefits; budget constraints; survey research; hard to reach populations; composition of fathers; Fragile Families and Child Wellbeing Study, 21223
three-wave mail surveys; survey response rates; tone; insistently worded postcards; amiable worded postcards, 24348

Response Frequency—Serials

time measures; rate measures; choice transitions; changing preference; free-operant choice; pigeons, 33919
variable-ratio schedule; differential-reinforcement-of-low-rate schedule; line-length continuum generalization; fixed-interval schedule; extinction; generalization gradients; behavioral history, 3399
Vincentizing; response time distributions; group average, 33617
within session rates; within session changes; operant response rates; reinforcer magnitude; treatment conditions; baseline sessions; rats, 12729

Response Generalization—Serials

expressive language; receptive language; young children; autism; generalization; word pairs; teaching methods, 8888
generalizability theory; many-facet Rasch measurement; problem-solving skills; psychometric properties; school activity, 30422
prime word; stimulus evaluation; pronunciation task; affective priming; priming effect; target word, 18262
progressive elimination; decision outcome; value transfer; monetary value; regulation mode; assessment; locomotion; decision making outcome; choice strategies, 10523
progressive elimination; decision outcome; value transfer; monetary value; regulation mode; assessment; locomotion; decision making outcome; choice strategies, 7630
reaction time pattern; generalization; discrimination; stimulus similarity; incentive; reinforcement; pigeons, 27607

Response Inhibition—Serials

environmental context; cue dependency; alcohol; information processing; cognitive load; inhibitory mechanisms; activation mechanisms; control; inhibition response, 30972
inhibitory control; preschoolers; action inhibition; attentional inhibition; executive functioning; Dimensional Card Sorting Task, 31177
response inhibition; executive functioning; attention deficit hyperactivity disorder; boys, 28918
response inhibition; obsessive compulsive disorder; brain electrical activity, 1520
right prefrontal activity; response inhibition; impulsiveness; Go/No-Go trials; neural networks, 30834
selective attention impairment; Alzheimer's disease; inhibition; visuospatial selective attention; decision making; visual search tasks; cognitive slowing; task difficulty, 29141
stimulus-response probability; inhibition of return; cues; choice discrimination, 33803
task inhibition; task switching; manual choices; numerical judgment; unconditional double-press response; just abandoned task; performance cost; response mode inhibition; response-cue interval, 24442
temporal relationship; conditioned inhibition; temporal control; associative structure; conditioned stimulus; temporal coding; posttraining manipulation; training excit-unconditioned stimulus, 27611

Response Lag [See Reaction Time]

Response Latency—Serials

auditory evoked responses; fetal magnetoencephalography; latency development; fetal brain development, 34093
autobiographical memories; patients; treatment; bulimia nervosa; retrieving; response latencies, 35146
diabetic neuropathy; automatic postural responses; diabetes mellitus; fingertip touch; response latencies, 22802
eyewitness identification accuracy; eyewitness identifications; lineup identifications; response latency; time frame; 10-12 second rule, 36525
fear conditioning; unconditional stimulus; short-latency facilitation; interstimulus interval; conditional response; tone conditional stimulus; eyeblink reflex; time course; grid-shock; rats, 18456
information-processing biases; emotional stroop; forensic populations; sex offenders; violent offences; pedophiles; sexual words; stroop effect; response latency, 35060
interhemispheric processing; intrahemispheric processing; visual ERPs; corpus callosum; anterior commissure; agenesis; interhemispheric transfer time; transmission; N100; P300; latency; amplitude, 18633
model; visual motion perception; two pathways between retina & cortical area MT; striate cortex lesions; magnitudes & latencies of neural responses; stimulus speed; MT area; MST area; monkeys, 3600
near-miss trials; response latencies; slot machine players; win estimation; behavioral treatment implications, 36442
orthographic neighbors; masked words; word primes; decision latencies, 27996
political scientists; political attitudes; response latencies; mental constructs; response time data; models, 33610
recall; information retrieval; memory; inhibition; recognition latency, 12712
reflective-impulsive style; coincidence-anticipation motor tasks; response latencies, 31110

response latency; mental ability; mental strategy; cognitive aging; response accuracy; animal model; beagle dogs; aged dogs; young dogs; errors; learning strategies, 479
retrieved intentions; interruptions; memory performance; prospective memory; delay length, 30727
right hemisphere; electrophysiological correlates; event-related potentials; episodic retrieval; memory retrieval; episodic memory; exclusion task; response time demands, 18411

Response Latency—Chapters

The temporal resolution of neural codes: Does response latency have a unique role? 3811

Response Parameters [See Also Interresponse Time, Reaction Time, Response Amplitude, Response Duration, Response Frequency, Response Generalization, Response Inhibition, Response Latency, Response Probability, Response Set, Response Variability]—Serials

aging; causal contingency; contingency detection; causal learning; response outcome contingencies; age differences; response rate; response rate adaptation, 15972
alcohol; behavioral control; behavioral inhibition; information processing deficit; reaction time; response suppression; response alternation; prepotent responses, 693
appetitive latent inhibition; stimulus preexposure; sign tracking responses; goal tracking responses; rats, 9754
event related brain potentials; subliminal priming; response facilitation; response inhibition; functional imaging, 6881
event related potentials; activity distribution; P3a; P3b; topography; scalp changes; age differences; factor analysis; visual 3-stimuli; procrustes rotation; adult lifespan, 12911
event-related potentials; error-related negativity; anterior cingulate cortex; morphology; prefrontal cortex; amplitude; latency, 24726
food reinforcement; fixed ratio reinforcement; price manipulations; demand functions; response topography; required responses; response number; response force; price changes; hens, 27635
handedness; response style; Tower of Hanoi task; response time; novel objects; novel environment; comparative laterality, 34080
human pulvinar contribution; unilateral pulvinar lesions; vision; action; square color; square size; selective attention; pulvinar damage; response competition; target location, 29105
interhemispheric visuo motor integration; response facilitation, 21255
linear system theory; matching theory; Herrnstein's hyperbola; reinforcer magnitude; reinforcement rate; reinforcement value; rats; single-alternative responding, 15372
maternal interaction; isolation-induced ultrasonic vocalization; infant rats; number of vocalizations; vocalization amplitude; vocalization duration; bout structure, 12755
near-miss trials; response latencies; slot machine players; win estimation; behavioral treatment implications, 36442
neural networks; Bluster B personality disorders; borderline personality disorder; antisocial personality disorder; orbitofrontal cortex; frontal gyri; anterior cingulate; response inhibition, 10867
person-fit index; latent class models; polytomous Rasch models; mixture distribution IRT models; response patterns, 15140
psychological distance; segmentation effect; reinforcement; terminal-link stimulus; response segments, 24565
psychological refractory period; stopping; control; stimulus processing; starting; interference; responses; response inhibitions; response terminations, 373
receptor antagonist; serial reaction time task; dizocilpine; motor responses; impulsive behavior; NMDA receptor antagonist; 5 HT antagonists; Serotonin antagonists, 10001
reinforcement; extinction; resurgence; recency of reinforcement; response recovery; variable time schedule; variable interval schedule; pigeons; key pecking, 3482
response inhibition; response force; stop-signal paradigm; response probability; response stopping; reaction time, 352
response shifting; inhibition; heavy alcohol consumption; chronic alcohol abuse; cognitive deficits; working memory; interference; alcoholic participants; Korsakoff's syndrome, 19665
response variability; response stability; positive feedback; response feedback contingencies; behavioral stability; behavioral effects, 9566
sequential dependencies; interresponse times; random-ratio reinforcement; staircase stochastic reinforcement; response patterns, 15175
Simon Effect; stimulus locations; response-discrimination; spatial axes; response activation; spatial perception; spatial choice-reaction; two-choice reaction; go-no-go task, 15180

single neuron; sensory interactions; vestibular responses; stimulus conditions; vestibular signals; neuronal responses; medial superior temporal cortex; population encoding; monkeys, 21655

smooth-pursuit eye movements; eye acceleration; eye position; nucleus reticularis tegmenti pontis; direction selectivity; pursuit eye velocity; response amplitude; neuronal responses; macaques, 21700

spatial Simon effects; nonspatial responses; short-term associations; spatial position, 21269

spatial stimulus-response compatibility; negative priming; response inhibition; spatial stimuli; reaction time, 21250
stimulus-response compatibility; Simon effect; attention-shift hypothesis; stimulated eye; response location; spatial stimulus codes, 9602

timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 371

timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 3361

Response Probability—Serials

equivalence formation probability; stimuli familiarity; training sequence; equivalence relations, 21324
intervention probability; prejudicial expressions; social discrimination; sexism; heterosexism; religious intolerance, 25304

response inhibition; response force; stop-signal paradigm; response probability; response stopping; reaction time, 352

Response Rate [See Response Frequency]

Response Set—Serials

African Americans; racial identity development; socially desirable responding, 31522

aging; multidimensional set switching; switch costs; color or shape perception, 21275

Psychopathic Personality Inventory; response distortion; response sets; faking; college students; feigning psychopathology, 14973

response styles; rating scales; method bias; acquiescence; extreme response style; cross cultural differences; marketing, 21244

Response Speed [See Reaction Time]

Response Time [See Reaction Time]

Response Variability—Serials

bimanual coordination; homologous joint; heterologous joint; behavioral variability; higher flexibility; lower stability, 30648

intraindividual variability; perceptual-motor performance; chronological age, 33764

newborn rat; suckling; surrogate nipple; milk; milk delivery; suckling frequency; oral compression activity; nutritive sucking; nonnutritive sucking, 6713

reasoning; inconsistency; consistency; theories; mental models; propositions; causal knowledge, 27503

response variability; stimulus generalization; martial arts training; punching; kicking; reinforcement; extinction, 30717

response-repetition costs; cognitive representation; response compatibility; compatibility benefits; dual tasks; psychological refractory period; action selection; context-specific representation, 21346

sources of variability; systematic error; mice; timing behavior; temporal memory, 6676

Responses [See Also Conditioned Responses, Emotional Responses, Orienting Responses, Unconditioned Responses]—Serials

adaptive switch programs; profound multiple impairments; assessment methods; electronic leisure device, 6455

age differences; language production; complex sentences; short responses; verbs; sentence production, 18866

amygdala response; sex-independent response; infant crying; infant laughing; maternal behavior; parents; non-parents; human brain response; emotional stimuli; infant adult interaction, 6985

anger response styles; social support seeking; ambulatory blood pressure; aggression; assertion; diffusion; avoidance; rumination; risk factors; cardiovascular health; hypertensive patients; gender, 11213

arousal modulation; high functioning autism; response inhibition; event-rare manipulation; reaction time; adults; errors of commission, 13797

basal forebrain neurons; behavioral responses; cognitive processes; neuronal responses; task performance; reinforcement; rewards; learned significance; monkeys, 18625

cognitive heading; perceptual heading; imagined locomotion; systematic errors; response mode, 24417

collective violence; nonviolent alternatives; nonviolent action; behavioral dynamics, 13280

combined expectancy; expectancy cues; motor response; modality cueing; object cueing; task cueing; spatial cueing; response cueing, 24411

controlled lithium discontinuation; bipolar patients; lithium prophylaxis; disorder recurrence, 25607

conversational sequence; interlocutors; irony; sociolinguistics; cognition; response, 7326
cue reactivity; smokers; perceived cigarette availability; gender, 30971
d-amphetamine effects; behavioral control; physiological effects; impulse control; stimulant abuser; prepotent response tendencies; response inhibition, 10981
domestic violence; batterers; phoning logistics; longitudinal follow-up study; partner abuse; response, 24343
engineering students; motor skills; daily operation tasks; item movements; stereotype strengths; responses; cross cultural differences, 36477
enriched housing; rewards; rats; anticipatory behavior; housing environment; Pavlovian conditioning; reinforcement schedule; anticipatory responses; sexual contact; environmental enrichment, 458
event related potential; novelty response; novelty P3; P300; principle components analysis; localization, 7044
explicit knowledge; spatial interference; response control; sequence learning; control shift; internal representations; stimulus attributes, 18263
extraversion; response organization; lateralized readiness potentials; stimulus analysis; peripheral motor processes; event-related potentials, 18649
face universality; Chinese; compliment response behavior; cross-cultural politeness behavior; human interaction, 4386
false killer whale; pseudorca crassidens; echolocation; auditory brainstem responses; evoked potential recording; intensity difference, 15586
generative verbal responding; derived relational networks; reinforcement; novel instructions; control; instructional control, 33871
inhibition of return; location repetition; shape repetition; cues, 18260
irrelevant auditory shifts; priming; corresponding responses; attention shifts; serial reaction time, 9615
logistic regression models; inter-rater agreement; covariates; dichotomous outcome; chance agreement; child psychopathology, 15130
major depression; anterior cingulate cortex; melancholic depressed patients; reaction time; response selection; symbols; errors; spatial stimulus-response compatibility; dorsolateral prefrontal cortex, 19397
masked prime stimuli; free choices; choice responses, 33675
methylphenidate; response inhibition; attention-deficit hyperactivity disorder; frontal cortex, 8480
minimal response levels; visual reinforcement audiometry; earphones; infants, 6541
moral judgment; response-dependent properties; moral objectivism; moral/conventional distinction; children's judgments, 4082
multiple disabilities; microswitch clusters; non-spastic response schemes; performance enhancement, 17132
music majors; melodic complexity; aesthetic experience; aesthetic responses; conceptual advancement; jazz music selections; jazz experience, 31026
neuroimaging; anxiety disorders; infant temperaments; early adulthood; amygdala; responsiveness differences; temperamental risk factors; psychiatric disorder; individual differences, 34927
Personality Assessment Inventory; back random responding; item responses; T scores, 24216
personality; expectations; response strategies; Multiple-choice Question Examinations; university students; inhibition; omission errors, 18105
pindolol; milnacipran; antidepressant latency; safety; antidepressive response; depression, 11503
preference; choice; survey; repeated measures experiments; responses; regression, 24321
Psychopathic Personality Inventory; response distortion; response sets; faking; college students; feigning psychopathology, 14973
real ear insertion response; loudspeaker; hearing aids; ear canal, 30640
redundant target effect; modality stimuli; switch costs; reaction times; modality switch effect; processing gains, 27498
repeated sleep deprivation; major depression; amriptyline; antidepressants; response patterns, 14198
repeated sleep deprivation; major depression; amriptyline; antidepressants; response patterns, 14143
response acquisition; delayed reinforcement; immediate reinforcement; behavioral history; variable time, 33971
response cards; learning disabilities; English; second language; hand raising; academic responding; writing instruction class, 33183
response selection; neural mechanisms; information processing; cognitive mechanism; brain; neural mechanisms, 7076
response selection; visual search; nontarget response compatibility; distractors, 9600

responsiveness assessment; health related quality of life; instrument evaluation; questionnaire development; validity, 21176
saccadic eye movements; saccades; voluntary vs stimulus-driven saccades; spatial neglect; brain lesions; eye-centered deficit, 5096
social desirability; self report; cognitive processes; response times, 10535
social response context model; social influence; cultural evidence; compliance; contagion; independence, 22311
social support; oxytocin; subjective responses; psychosocial stress; cortisol suppression; mood; anxiety responses, 8368
speed-accuracy balance; speed-accuracy modulation; activation; inhibition; time course; motor activation; primed response; responses; event-related brain potentials, 9624
stimulus-response compatibility; Simon effect; attention-shift hypothesis; stimulated eye; response location; spatial stimulus codes, 9602
stimulus-response translation; manual modality; vocal modality; age-related slowing; working memory functioning, 30710
strategic responses; monolinguals; bilinguals; English speakers; German speakers; backchannel responses; Communication Accommodation Theory; backchannel responses; conversation, 849
survey results; geography; demography; prediction; survey responses, 27427
territorial response; heterospecific vocal trait; male collared doves; signal traits response; signal evolution; trilled vocalization; trait loss; song complexity, 3535
terrorism; terrorist attacks; responses; individual differences; beliefs, 34680
transitivity; flexibility; conjunctive representations; hippocampus; odor discrimination; rats; memory storage system; response, 18620
variable interval reinforcement; bout rate; response rate; time allocation; rats, 33970
verbalizations; language acquisition; verbal behavior; autism; question asking; responses; behavior, 2059
web surveys; e-mail addresses; mixed mode web/mail strategy; web responses; mail responses, 9548
Responses [See Also Conditioned Responses, Emotional Responses, Orienting Responses, Unconditioned Responses]—Books
The therapeutic relationship: Listening and responding in a multicultural world, 8425
Responses [See Also Conditioned Responses, Emotional Responses, Orienting Responses, Unconditioned Responses]—Chapters
Odor-genes covariance and genetic relatedness assessments: Rethinking odor-based recognition mechanisms in rodents, 21526
Responsibility [See Also Accountability, Criminal Responsibility]—Serials
attribution of responsibility; self-blame; other-blame; acute stress disorder; burn victims, 19541
attribution; compliance; responsibility inference; causation; incentive; motivational contexts, 1211
children's home responsibilities; children's household work; predictive factors; female gender; children in household; volunteer work; sex role theory; time availability theory; positive interaction, 10391
civic responsibility; Australian adolescents; healthy adolescent development; community issues; political issues; gender differences, 25010
corporate financial performance; corporate social performance; corporate environmental performance; environmental management, 14792
corporate reputation; bottom line performance; business benefit; corporate social responsibility; stakeholders; corporate governance; reputation management, 33225
disruptive behaviors; maternal responsibility; stigma; self blame; children behavior, 31376
drug addiction; health care responsibility; drug addicts, 19672
drugs abuse; drivers; motor vehicles; traffic crashes; driver fatalities; alcohol abuse; culpability; psychotropic drugs; THC; blood alcohol concentration; age differences; driving under the influence, 30282
Foster Parent Role Performance; role expectations; responsibilities; foster/adoptive family applicants; foster care workers; perceptions; factor structure; reliability, 7554
globalization; domestic violence; crime; responsibilities; government policy; risk management, 35008
guilt; obsessive compulsive disorder; responsibility, 31812
human behavior; responsibility; social worker; five stage model; behavior change, 32711
institutional context; political responsibility assignment; economic voting; American states; fiscal policy outcomes; executive responsibility legislative responsibility; individual characteristics, 22337
intergenerational differences; filial responsibility; parent care; care expectations; willingness attitude; socialization, 31355

moral responsibility; free will; responsibility for actions; borderline personality disorder; comorbid conditions, 25764
person-relative-to-event theory; coping with threat; appraised threat; appraised person resources; personal responsibility; academic assessment, 7692
personal responsibility; natural disasters; tornado; mitigation; life experiences; preparedness actions; threat appraisal, 10465
personal responsibility; rationing decisions; illness responsibility; rationing allocation choices; health care rationing; individual responsibility; preferences, 17336
post earthquake crisis communications; corporate advertising; corporate strategy motives; social responsibility; communal relationship building; self interest; impression management, 33367
professional responsibility; primary school teachers; teacher attitudes, 33037
public communication; corporate behavior; discursive responsibilities; respect; commitment; exposure; strategic business goals; public discourse; civil society; corporate citizen; citizenship, 17829
responsibility attribution; sexual harassment; gender; gender role attitudes; victim; perpetrator, 19152
responsibility; obsessive-compulsive behaviors; failure expectation, 19543
science; scientist; professional responsibility; professional service; scientific knowledge, 26852
science; scientist; professional responsibility; professional service; scientific knowledge; empirically validated treatment, 26850
science; scientist; professional responsibility; professional service; scientific knowledge, 26848
science; scientist; professional responsibility; professional service; scientific knowledge; empirically validated treatment, 32966
science; scientist; professional responsibility; professional service; scientific knowledge, 26854
trust; corporate social responsibility; business; corporate citizens, 33303
unconscious dynamics; confidentiality, 2681
Responsibility [See Also Accountability, Criminal Responsibility]—Chapters
Attributions of responsibility and persuasion: Increasing mammography utilization among women over 40 with an internally oriented message, 17277
dand Buddhism, 840
Restlessness—Serials
akathisia; diagnosis; symptoms; diagnostic criteria; antipsychotic therapy; restlessness; drug side effects, 4518
terminal restlessness; sedation; tranquilizer, 8728
terminal restlessness; terminal restlessness management; family member experiences, 8788
Restraint (Physical) [See Physical Restraint]
Restricted Environmental Stimulation [See Stimulus Deprivation]
Retail Stores [See Retailing]
Retailing—Serials
adolescent smoking behavior; smoking rates; legislation; tobacco sales restrictions; retailer compliance; selling cigarettes to adolescents, 14922
buying behavior; consumer behavior; impulse buying; retailing; marketing, 3021
career development; men managers; women managers; self promotion; retail management, 27053
community & neighborhood & store characteristics; retail pricing; promotion; beer; Miller; Budweiser, 3034
consumer anomie; unethical retail disposition; fraud; cynicism; materialism, 9195
consumer behaviour; electricity markets; retail competition; residential electricity purchaser; electricity industry; restructuring, 30265
consumer cognitive categories; environmental cues; consumer reactions; shopping intentions; price fairness; shop interior decoration; lighting; interior color, 3013
consumer patronage; retail environment; consumer lifestyle orientation; belief-attitude-behavior intention model, 36455
consumer reaction; retail buyers; buying behavior; products, 36451
contextual conditions; socioeconomic characteristics; household characteristics; differential performance; behavioral assessment; ecological behavior; ecological consumerism, 6381
e-retailing; consumer behavior; e-trust; perceived interactivity; internet; Web sites, 6119
electronic commerce; automobile dealerships; adopter categories; Web site maturity; strategic understanding; technological understanding; retailing, 17936
gambling; awareness program; problem gambling; video lottery retailers; coping behavior, 35685
Japanese retailing; retailer performance; recessionary market; economy, 30205

- managerial implications; salespeople; sales performance; consumer behavior; retailing; affect toward customer, 3036
- manufacturer's suggested retail price; MSRP; invoice suggested retail price; offer fairness; OF; OF inclusion; invoice price; IP; IP information; advertised offer framing; retail price advertising, 14848
- merchandise management; intelligent software agent; business-to-business electronic commerce; retail industry; GA; Rule Induction Algorithm; B2B EC; electronic commerce; EC, 17978
- modelling intuition in retail site assessment; cognitive mapping; decision-making; retail location; analogue method; qualitative knowledge; visualization; sense making, 12330
- negative mood state; market research; retailing; shopper mood; conflicting motivation; consumer behavior; consumer satisfaction, 3024
- on-line retailing; distribution channels; communication channels; competitive Internet businesses; retailing organizations; business expansion; managers attitudes, 30121
- product group-level price perceptions; overall store price image; price reduction; grocery store; shopping basket size; consumers; pricing strategy, 3016
- retail sales explanations; firm-customer interaction; explanation adequacy; customer expectations, 27159
- retailer-consumer relations; consumer personality; marketing, 14838
- retailing; customer satisfaction; loyalty cards; shopper characteristics; multiple outlets; consumer expenditures; repeat purchase; customer share; primary grocery store; customer behavior, 3025
- sales promotion; retail sales promotions; consumer response, 3023
- service failure; service recovery; consumer reactions; important tools; loyal customers; online retailing; service quality, 9179
- socioeconomic characteristics; environmental protection; contextual factors; consumption patterns; personal factors; Swiss consumers; green purchases, 3033
- store environment; emotions; retailing; behavior tendencies; consumers; store complexity; store order, 12336
- warranty policy; screening consumers; signaling; base warranty; optional extended warranty; high quality seller; used-car market, 24074
- youth smokers; cigarette purchasing; store clerk behavior; manipulative behavior; ecological validity, 35036
- Retaliation—Serials**
- apology; forgiveness; retaliation; arousal; offense removal; insincere apology; placing blame, 34735
- Chinese managers; American managers; normative conflict; national origin; shame; revenge seeking, 9107
- desire for consumer vengeance; getting even; perceived wrongdoing; suboptimal decisions; consumer satisfaction; redress; distributive justice; value for money; dissatisfaction, 9172
- feelings of revenge; crime victims; retaliation; punishment; justice; criminal justice; emotional states, 13281
- homeless youth; young offenders; victimization; criminal victims; criminal retaliation; invulnerability; financial gain, 35020
- individual differences; negative reciprocity norm endorsement; anger; disagreement; ridicule; revenge, 28463
- individuals belief; just world; revenge desire; terrorist attack; perpetrators; September 11, 25120
- retaliatory homicide; neighborhood culture; structural determinants; violent crime; socioeconomic correlates; cultural determinants; ecological distribution of homicide, 16519
- terrorists; retaliation against terrorists; terrorism; terrorist attacks; terrorist threat; Al Qaeda attacks, 13771
- workplace deviance; interpersonal mistreatment; work environment; climate; retaliation; victimization; employees; social retaliation victimization; well-being; power; resistance; victim silence, 2926
- Retardation (Mental)** [See Mental Retardation]
- Retention** [See Also Recall (Learning), Recognition (Learning), Reconstruction (Learning)]—Serials
- academic testing; delayed feedback; immediate feedback; delay retention effect, 5901
- acquired memory; operant conditioning; memory reactivation; reactivated memory; infants; reminding; retrieval difficulty; memory accessibility, 913
- acquisition; short-term retention; compound matching; hue value; peck number value; pigeons, 3474
- addiction treatment; treatment duration; drug use; drug addiction, 17447
- age effects; prospective remembering; naturalistic stimuli; memory, 21383
- AP-5; inhibitory avoidance; N-methyl-D-aspartate receptors; male rats; basolateral amygdala; learning, 9853
- asymmetrical retention; asymmetrical training; feature-present matching; feature-absent matching; initially trained sample; retention; matching task; single-code-default strategy; Silver King pigeons, 9708
- auditory short-term memory; pure tones; probe recognition paradigm; primacy; recency; suffix effects; serial position; nonverbal sounds, 33868
- autobiographical memory; older adults; retention interval; recall; husband; wife, 33845
- autobiographical memory; terrorist attacks; reconstructive errors; emotional memory impairment, 30738
- autosampling; ethanol drinking; ethanol preference; rats; long-term retention, 27947
- basolateral amygdala lesions; Sprague-Dawley rats; retention; memory; context-footshock training, 6842
- brand name imprinting; memory; brand information retention, 9164
- buprenorphine maintenance; methadone maintenance program; opioid dependent patients; drug counseling; treatment retention; primary care settings, 29803
- child memory; neutral pictures; emotional pictures; boundary extension; scene memories; memory illusion; schema, 24937
- cognitive control; task switching; task activation; cues; retention, 33772
- college GPA; college retention; commuter college; false attributions; high school grade inflation, 5936
- contextual interference; precision skills; throwing, 6554
- corticosterone; context conditioned fear; glucocorticoids; emotional memory; corticotropin-releasing hormone; messenger RNA expression; amygdala central nucleus; hypothalamic paraventricular nucleus, 15814
- corticosterone; moderate stress; memory storage; hormonal levels; spatial learning; information acquisition; information retention; rats, 21805
- criminal descriptions; witnesses; memory; accuracy; armed bank robberies; videos; offender identification; witness role; type of weapon; number of perpetrators, 33429
- cue-based associations; rotation of starting position; retention; water maze; spatial tasks; spatial memory, 30773
- customer retention; customer relationship management; relationship strength; customer share development; relationship marketing instruments; supplier offerings, 14823
- customer satisfaction; client retention; business profits; economics; product quality, 6109
- deaf signers; Japanese; memory spans; word sequences; English; reading; remembering; orthography; logographs, 35340
- delayed feedback; academic testing; testing preparation; learning; immediate self corrective feedback; classroom examinations, 23878
- duration samples; retention-test ambiguity; detection; conditional discrimination; retention intervals; intertrial intervals; pigeons, 18468
- dysphoric mood; autobiographical events; autobiographical recall; executive functions; recognition memory; dysphoric states, 27562
- ethanol; aging; mouse; declarative/procedural memory; hippocampus; synaptic plasticity; retention, 10010
- familiar person remembrance; semantic dementia; role of context; recall knowledge, 26145
- familiarization time effect; retention interval; context change; adult performance; visual paired-comparison task, 18399
- foster care families; resources; psychosocial functioning; retention rates, 2444
- hippocampal lesions; spatial learning and memory; zebra finch; retention; acquisition, 34076
- hippocampal volume; hippocampus; memory retention; Alzheimers disease; verbal memory, 29137
- incidental context; memory; retrieval process; motor programming; motor buffer; incidental contextual changes, 27483
- learning effect; word meanings; word list; word-learning method; meaning-inferred method; meaning-given method, 13194
- long-term retention; spatial mental model; younger adults; older adults; knowledge structures, 28072
- long-term retention; stimulus equivalence generalization; mental retardation; novel stimuli, 22752
- memory enhancement; emotional words; neutral words; remembering; valence; arousal; memory vividness, 18387
- memory formation; time-dependent long-term stage; temporal parameters; passive avoidance task; spatial learning task; retention; chicks, 21432
- memory retention; imipramine; gamma aminobutyric acid; baclofen; muscimol; bicuculline; drug dosage, 13103
- memory training programs; number recall; self-generated encoding & retrieval strategies; mnemonics; remembering; cognitive support; verbal cues; older adults, 3386
- mental relaxation; long-term memory; incidental visual memory; memory retention, 24508
- methylene blue; brain oxidative metabolism; memory retention; rats; brain cytochrome c oxidation; spatial memory, 12981
- neurobiological basis; memory traces; short-term memory; memory, 21386
- nucleus basalis magnocellularis; avoidance retention; intracranial electrical stimulation; active avoidance learning; parafascicular nucleus; memory; rats, 646
- object-place associations; hippocampal function; associative learning; arbitrary associations; retention; male rats, 9835
- odor learning; oviposition; host location; Leptopilina boulardi; parasitism; retention; conditioned response; odor memory; olfactory plasticity, 12725
- older adults retention; hypertext perusal; presentation media; text topology; multimedia interface, 25097
- phonological similarity; free recall; serial recall; retention intervals; acoustic confusion effect; verbal short-term memory, 18378
- physical activity; youth development; underserved communities; day programs; urban retention, 12120
- pitch perception; selective attention; pitch memory; pitch retention, 33741
- process dissociation; item information; order information; phonological similarity; information processing; memory processing; retention; numerical estimates, 33812
- psychological models; landscaping technique; retention; data informativeness, 27444
- recency discrimination; event-related brain potentials; long retention intervals; discrimination tasks; recognition memory; retention interval; memory; familiarity; recollection; time, 18634
- relational information; short term retention; amnesia; eye movements, 13993
- remembering; directed forgetting; implicit memory, 24506
- remembering; false memory rates; repeated attempts; prolonged attempts; erroneous memories; recall, 9710
- retroactive interference; storage processes; retention test; memory; cognitive development, 13186
- seizure-resistant rats; seizure-prone rats; learning; reference memory; delayed alternation task; working memory; genetic background; amygdala kindling; original learning, 18466
- serial-order reconstruction; terrorist attack; retention interval; order memory; ordinal information; September 11, 12692
- serotonergic neurotransmission; pharmacological treatments; retention; rats; retrieval processes; passive avoidance; memory reactivation; serotonin 1A agonist 8-OH-DPAT, 13071
- short-term retention; spatial memory; ginkgo biloba; spatial learning, 18747
- skill acquisition; knowledge of results; KR; motor learning; performance; skill retention; motor skill; feedback; verbal encouragement; algebraic score; error score, 15280
- spatial memory retention; estradiol replacement; female rats; hippocampal structure, 21905
- special education; teacher retention; teacher attrition; teacher qualifications; education quality; special education students; teacher shortage, 26975
- speech duration, retention interval; acoustic environment; speaker identification; identification accuracy; confidence assessments, 21305
- stimulus salience; retention interval; delayed matching-to-sample; asymmetric forgetting; pigeons, 27639
- subcortical ischemic vascular disease; Alzheimers disease; subcortical lacunes; retention; memory; forgetting, 35299
- test anxiety; test expectancy; retention; intelligence levels, 12700
- traumatic experience; creative writing; sublimation; repetition; acting out; working through; autobiography; repression, 31037
- traumatic experience; creative writing; sublimation; repetition; acting out; working through; autobiography; repression, 31027
- traumatic experience; creative writing; sublimation; repetition; acting out; working through; autobiography; repression, 31036
- visual memory; verbal memory; working memory; retention, 27554
- web page; text-background color; readability; retention; aesthetics; behavioural intention; educational content; commercial content, 31086
- working memory; resource demand effects; retention interval; card counting span performance; time limits; cross age consistency, 7397
- Retention** [See Also Recall (Learning), Recognition (Learning), Reconstruction (Learning)]—Books
- Memory and emotion: The making of lasting memories, 3403
- Retention (School)** [See School Retention]

Reticular Formation—Serials

caudal pontine reticular formation; homosynaptic depression; paired-pulse facilitation; rat; tactile startle; trigeminal afferents, 21684

hippocampus; theta rhythm; reticular formation; medial hypothalamus; posterior hypothalamus; dorsomedial hypothalamus; benzodiazepine; rats, 18626

Retina [See Also Cones (Eye), Ganglion Cells (Retina), Rods (Eye)]—Serials

acetylcholine sources; nicotinic cholinergic receptors; turtle retina; nitric oxide signal-transduction pathway; cyclic guanosine monophosphate pathway; nicotine, 6788

cell density ratios; foveal patch; midjet bipolar cells; diffuse bipolar cells; inner cells; outer cells; macaque monkey; retina, 6786

cytoarchitecture; myeloarchitecture; superior colliculus; neuronal components; superficial gray layers; retinotectal fibers; shaking rat kawasaki; cerebellar cortex; retina; Reelin protein, 21681

dichoptic suppression; intraocular color activation; interocular color activation; colour vision; retina, 6529

dopaminergic modulation; photopic temporal transfer; goldfish; retina; dopamine receptors, 30991

electroretinography; winter seasonal affective disorder; retinal sensitivity; rod photoreceptor system; major depression, 31738

endogenous biological rhythms; suprachiasmatic nucleus; retinal ganglion cells; retinal mechanisms; hypothalamus; mammalian photoreception; retinal proteins; melanopsin; photoreceptors; photopigment, 15220

glutamate decarboxylase forms; GAD-65; GAD-67; GABAergic cells; new world monkey; Cebus apella; retinal cells; tyrosine hydroxylase; nitric oxide synthase; amacrine cells; interplexiform cells, 6795

glutamate involvement; simulated ischemic neurodegeneration; retinal morphology; neurotoxicity; endogenous glutamate; exogenous glutamate; lactate dehydrogenase release; rats, 7206

human eye; retinal periphery; foveal region; blur detection; depth-of-focus; retinal periphery; peripheral vision, 33736

light deprivation; photoreceptors loss; taurine transporter knock-out mice; retinal degeneration; apoptosis, 30825

light therapy; visual contrast sensitivity; seasonal affective disorder; retina, 23320

mammalian retina; temporal modulation; visual information; temporal property; light stimulation; rod bipolar cells; GABAergic amacrine cells, 21753

mouse retina; synchronous spontaneous activity; visual experience; retinal waves, 21730

path perception; rotation; instructions; self-motion; retinal flow; retinal information; eye movements, 30609

retinal involvement; dementia with Lewy bodies; visual hallucinations; pale inclusions; outer plexiform layer, 11279

reverse lateralization; visual discriminative abilities; European starling; *Sturnus vulgaris*; monocular occlusion, 21703

saccadic suppression; rapid eye movements; vision; saccades; visual sensitivity; phosphene; visual perceptions; transcranial magnetic stimulation; occipital cortex; retina, 15587

short-wavelength-sensitive cones; human retina; spatial perception; fetal retina; postnatal retina, 31103

silicon model; visual system; silicon chip; neurons; receptive fields; electrophysiology, 30815

spectral absorption characteristics; morphological characteristics; southern hemisphere lamprey; *Geotria australis*; retinal photoreceptors, 6792

spontaneous regenerative activity; retinal bipolar cells; rat retina; voltage dependent calcium channels, 30604

visual cortex; motion; position coding; retinotopic representations; brain, 6533

visual cortex; visual awareness; human occipital cortex; visual system; retina; cortical areas; sensory encoding, 339

visual pattern recognition; *Drosophila*; retinal position; visual field, 34116

Retina [See Also Cones (Eye), Ganglion Cells (Retina), Rods (Eye)]—Chapters

Functional measurements of human ventral occipital cortex: Retinotopy and colour, 3336

Perceptual organization and grouping, 15237

Retinal Eccentricity—Serials

early visual information; retinal eccentricities; retinal processing; energy consumption; synaptic activity; receptive fields; visual system; retinal ganglion cells; synaptic energy efficiency, 21711

monocular viewing conditions; spatial frequency thresholds; contrast levels; peripheral visual field; binocular summation; binocular viewing; fovea; eccentric retinal location, 21288

multifocal visual-evoked potential; simulated field defects; retinal eccentricities; response densities; mask size, 11309

visual search; life span; single feature targets; conjunction targets; developmental trends; eccentricity, 24952

Retinal Ganglion Cells [See Ganglion Cells (Retina)]

Retinal Image—Serials

Bayesian models; human visual system; pattern recognition; object perception; computer vision; natural image modelling; retinal image; visual cortex, 15209

global spatial structure; amblyopia; visual processing; visual space; global image integration, 29208

image motion; direction-selective retinal ganglion cells; inhibition projecting; starburst amacrine cells; direction selectivity, 6994

impulse response; motion stimulus; transient response; motion adaptation; pattern contrast; step response; transient oscillations; H1-cell; Calliphora vicina; fly motion-sensitive neuron, 21672

Op art; computational approach; motion illusions; involuntary eye movements; saccades; retinal image; ripples; motion detectors; two dimensional array; model; motion signal; gratings, 18304

order effects; caloric test; physiological adaptation; calibration drift, 30638

preferred retinal locus; macular disease; scotomas; visual fixation; vision loss; quantitative assessment technique, 32203

retinal projection; head turning; eye movement, 12604

same-sign hypothesis; luminance gradients; depth perception; retinal images; visual stimulation; opposite luminance stereograms, 3320

visual training; visual word recognition; functional structure; retinal location; visual word form area; retina; reading habits; letter discrimination; eye fixation, 15216

Retinal Image—Chapters

Neural coding of border ownership: Implications for the theory of figure-ground perception, 15229

Neural correlates of perceptual organization in the primate visual system, 15227

Retinal Vessels [See Arteries (Anatomy)]

Retirement—Serials

ageism; older adults; society; images; place; successful ageing; anti-ageing; American retirement industry, 22125

all-cause mortality; self-rated health; Sweden; health status; retirement; socioeconomic status; SES; immigrants; daily living activities; birth country, 16066

Anglo-American pension funds system; social security systems; retirement schemes; psychotic dynamics; psychotic anxiety, 23969

Atchley's model of retirement adjustment; retirement stages; gender factors; social background; social psychological factors, 31278

bridge employment; early retirement; self-employment; certainty of retirement; organizational tenure; career-related pull factors; private sector retirees, 2894

career counseling; career development; retirement; theory of work adjustment, 36268

career transition; planning age; short-term plans; long-term plans; retirement; elite athletes; career development, 20982

career transitions; retirement; sport psychology; athletes; career development, 20967

disability; economic well-being; old age; retirement, 16065

foreign retiree residents; elderly migrants; individualized modernity; globalization; social life, 31274

healthy retirement; economic change; health problems; medical issue; social event; life cycle; work life; retirement planning, 16064

household expenditure; leisure; income elasticities; retirement; elderly household; purchase, 31282

individual investors; shares; investment decisions; retirement income; stocks; decision making, 33342

learning motivations; older adults; retirement institute learning; adult education, 25095

leisure travel; retirement; women; long range goals, 4182

older people; well-being; employment; retirement; environmental characteristics; role preference; life satisfaction, 31613

organizational commitment; somatic complaints; health effects; workload; distress level; early retirement scheme; downsizing, 6026

preretirement planning; transferability of skills; naval officers; retirement satisfaction; retirement adjustment; civilian career transition, 6102

retirement attitudes; male retirees; locus of control; retirement training; aging, 7482

retirement decisions; age integration; economic burden; labor force participation; functional disability; education level; job search; race; gender differences, 36273

retirement expectations; older adults; self employment; normative anticipation theory; cumulative advantage theory, 18992

retirement planning behaviors; retirement satisfaction; national retirement program; national retirement policy; financial planning; health planning; private support; public support, 34379

retirement planning; Hong Kong; living arrangement; income differences; middle-aged adult; poverty feminization; aging population; women; financial planning; psychological planning, 10291

retirement satisfaction; retirement decision-making process; spouses; well being, 28150

sport career termination; coping; emotional reactions; retirement; athletes; athletic identity; adjustment; satisfaction with life, 20969

sports career termination; bodily transition; body adjustment; physical self; global self-esteem; transitional athletes; elite athletes, 24056

sports career termination; non-athletic transitions; athletic factors; athletic retirement; post sports life; quality of life, 20972

transitions; relocation; Olympic athletes; grounded theory; retirement, 20984

Retirement—Chapters

Why most people cope well with retirement, 16071

Retirement Communities—Serials

dementia screening; mental state examination; cognitive determinants; non-institutionalized residents; retirement communities, 32246

Retrospective Inhibition—Serials

proactive interference; implicit memory; fragment completion performance; study-test awareness; retroactive interference, 18396

retroactive interference; storage processes; retention test; memory; cognitive development, 13186

retroactive interference; timing; duration; cue termination; cue outcome onset; target association; rats, 466

stimulus-onset asynchronies; neuroleptic medication; blunted inhibition; Schizophrenia; visual attention; peripheral cues, 13628

Retrograde Amnesia—Serials

Collegno's amnesia; retrograde amnesia; malingering amnesia; feigned cognitive disorder; neuro-psychology; forensic; malingering detection; *Memorato di Collegno*, 27346

focal retrograde amnesia; cerebral vasculitis; episodic retrograde memory; cortico-cortico connectivity, 4993

functional amnesia patients; anterograde amnesia; retrograde amnesia; neuropsychological profile; autobiographical memories; remote memory, 22964

Rett Syndrome—Serials

hearing loss; Rett syndrome; auditory status; auditory brainstem response; acoustic admittance; prevalence; females, 10669

Rett syndrome; females; oromotor skills; feeding problems; breathing abnormalities; mobility; postural abnormalities; joint deformities; epilepsy; self-care; cognitive skills; communication skills, 11070

Rett syndrome; females; oromotor skills; feeding problems; breathing abnormalities; mobility; postural abnormalities; joint deformities; epilepsy; self-care; cognitive skills; communication skills, 11067

storybook interactions; augmentative communication devices; intervention strategies; reading behaviors; parent behaviors; child behaviors; girls; Rett syndrome, 11085

Return to Work [See Reemployment]

Revenge [See Retaliation]

Reversal Shift Learning—Serials

acetylcholine; cholinergic neurons; dorsomedial striatum; behavioral flexibility; discrimination learning; reversal learning; spatial discrimination; rats, 613

acetylcholine; medial striatum; place reversal learning; bupivacaine; acetylcholine output; place discrimination; place acquisition; reversal learning, 15563

attentional set shifting task reversal; maternal-like licking stimulation; artificial rearing; prepulse inhibition; startle response; rats, 9860

modafinil; learning processes; serial reversal discrimination; spatial discrimination; training level; mice, 7151

neuropsychology; ventral prefrontal cortex; decision-making; reversal learning, 24661

orbital prefrontal cortex; attentional set shifting; reversal learning; rats; brain lesions, 6806

rats; prelimbic-infralimbic areas; task switching; acquisition; reversal learning; odor discrimination; place discrimination; bupivacaine; performance; behavioral flexibility; task difficulty, 614

reversible inactivation; supramammillary nucleus; passive avoidance learning; rats; cannula; lidocaine, 24849

reward-related reversal learning; surgical excisions; orbitofrontal cortex; dorsolateral prefrontal cortex; humans; surgical lesions; visual discrimination; monetary reward, 19996

Review (of Literature) [See Literature Review]

Revolutions (Political) [See Political Revolution]

Reward Allocation—Serials

contingency management interventions; community reinforcement approach; vouchers; cocaine dependence; women; rewards, 20658

Reward Allocation—Serials

electric foot shock; circadian rhythms; aversive stimulus; Syrian hamsters; lateral hypothalamic brain stimulation reward; reward allocation; nonphotic phase shifts, 12818
object relationships; pathological grievance; complaint; narcissistic entitlement; idealisation; authentic lively self; lively entitlement, 34748
reward allocation decisions & behaviors; employee categorization criteria; Chinese managers, 36301

Reward Allocation—Chapters

Coexistence of equity and interpersonal harmony among recipients: Reward allocation as an instrument for group management, 4390

Rewards [See Also External Rewards, Monetary Rewards, Preferred Rewards]—Serials

apolipoprotein E; conditioned place preference; rewarding properties; ethanol; mice; cocaine, 27854
children's bedtime problems; social stories; rewards; bedtime resistance; night waking; disruptive bedtime behavior; intervention; parental expectations, 26294
discounting framework; choice; decision making; delayed rewards; probabilistic rewards, 33791
family functioning; caregivers; patients with dementia; caregiver burden; reward; quality of life; caregiver perceptions, 29707

Gray's Reinforcement Sensitivity Model; child psychopathology; behavioral approach system; behavioral inhibition system; drive; reward responsiveness; impulsivity, 25442

intention-behavior discrepancies; planned behavior; contingent valuation; hypothetical bias, 34621

legitimacy; justice perceptions; argument; reward procedures; reward distributions; individual justice; procedural justice; self interest, 31461

neuronal activity; reward value; motivation; orbitofrontal cortex; premotor cortex; monkeys, 24738

opioids; reward-related feeding; food intake control; endogenous satiety; hedonic restriction; ingestive behavior, 30930

placebo effect; Parkinson's disease; dopamine; striatum; reward mechanisms; placebo mechanisms; reward circuitry, 32146

research participants; conversational logic; performance rewarding; reasoning performance; researcher interaction, 27505

reward and punishment histories; prediction; indirect teaching styles; preservice teachers; childhood experiences; ideal perceptions; direct teaching styles, 33030

satiating; nutrients; postingestive effects; conditioning process; food preferences; reward effects; food intake; food reward, 30936

Sensitivity to Punishment and Sensitivity to Reward Questionnaire; behavioral inhibition system; behavioral approach system; self report measure; factor structure; confirmatory factor analysis, 33531

Stroop task; desired reward; competition; attentional control; unconscious control; conscious control; effective; ineffective; word recognition processes, 33800

testosterone; punishment sensitivity; reward dependency; violent; antisocial behavior; psychopathy; women; motivational imbalance; decision making, 27950

tufted capuchin monkeys; Cebus Apella; food reward; visibility of food reward; tool-using behavior; tool transport to food site; efficient foraging, 30788

uninteresting vigilance tasks; children; rewards; autonomy support; self regulation; task value perception; positive affect; free choice engagement, 34337

Rhetoric—Serials

applied linguistics; composition studies; second language writing; pedagogy; rhetoric, 28019

Arabs; rhetoric; September 11 tragedy; enemy image construction; stereotypical words; stereotypical images; media portrayals; popular culture portrayals, 31342

campaign rhetoric; emotion; fear; anger; priming; campaign effects, 28296

communicational texts; genre theory; social psychology; economic conditions; rhetoric, 28400

computerized content analysis; leadership research; leadership; linguistic basis; President Bush; rhetoric; media coverage; 9/11 attack; symbolic elements; contextual elements, 21954

cultural tribes; public relations discourse; cultural theory; rhetoric, 10460

everyday talk; rhetorical criticism; racial stereotypes; public discourse; A. Simmons; integrationist & nationalist speaking; African Americans; oratorical influence; speaking ability; persuasion, 15868

fantasy; imagination; U.S.; rhetorical studies; Marxism; psychoanalysis; symbolic convergence theory; collective unconscious; rhetorical processes, 4018

film; media; misrepresentation; queer; rhetoric; transgender; Boys Don't Cry; gender identity; sexuality, 7593

food; health; rhetoric; vegetarianism; eating behavior; meat eaters, 29575

mental health practitioners; practitioner teams; team work; rhetoric-reality gap; habitus, 26626

Presidential leadership; terrorist attacks of September 11; media responses; charismatic leadership; Presidential speech; rhetorical language; public opinion; crisis, 31049

reported speech; epideictic rhetoric; reported speech; Native American powwow rhetoric; reported speech; analytic and formulaic modes; ceremonial messages; validate authority; liminality, 31075

rhetoric; research; psychology; theory; unification, 5
rhetorical questions; persuasion knowledge; advertising; message processing, 33362

rhetorical relevance; referral letters; consultation letters; experts; trainees; decision making, 29851

rhetorical truth; psychoanalysis; listening, 2113

Rheumatism [See Arthritis]

Rheumatoid Arthritis—Serials

chronic fatigue syndrome; illness perceptions; disability levels; rheumatoid arthritis, 1786

cultural meaning; food related work; older women; disability; stroke; rheumatoid arthritis; Parkinson disease; dependence; public health services; self-management; adaptation; nursing; elder care, 10658

day treatment programme; rheumatoid arthritis; client participation; rehabilitation process; outcome measure; Canadian Occupational Performance Measure; COPM, 15120

depression symptoms; causal attributions; rheumatoid arthritis; RA, 19842

emotional functioning; neurologic Wilson's disease; asymptomatic Wilson's disease; rheumatoid arthritis, 8160

individual differences; mood; coping; chronic pain; rheumatoid arthritis, 26056

mechanical sensation; knee; pain thresholds; patients; neuronal responsiveness; normal control subjects; osteoarthritis patients; mechanical stimulation; mechanical allodynia; rheumatoid arthritis, 16602

occupational therapy services; rheumatology patient; health care system; quality assurance activities; additional services; medical staff, 17455

pain; depression; health promotion program; rheumatoid arthritis; functional disability; comprehensive health promotion program for rheumatoid arthritis, 11752

pain; depression; health promotion program; rheumatoid arthritis; RA; CHPPRA; functional disability; comprehensive health promotion program for rheumatoid arthritis, 2346

physical illness; health problems; adaptation; chronic illness; rheumatoid arthritis; adjustment; models, 32115

rheumatoid arthritis patients; community-based intervention; effectiveness; feasibility; writing intervention; expressive writing; patient adherence; home-based videotaped instructions, 11827

rheumatoid arthritis; chronic pain; functional disability; pain coping; social support; avoidance, 8122

rheumatoid arthritis; schizophrenia; SCL-90R; decreased risk, 10655

rheumatoid arthritis; women's perceptions; providers' perceptions; illness experience; medical care; physical suffering; health care; lifestyle changes; physical functioning; pain levels, 11148

self neglect; unmitigated communion; social constraints; psychological distress; rheumatoid arthritis; chronic illness adaptation, 35178

social support; pain; coping; coping strategies; rheumatoid arthritis patients; pain severity, 35189

stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1763

stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1799

traditional medical systems; anthropological studies; rheumatic disorders; ayurvedic tradition; unani tradition; arthritis; Indian medical tradition, 5383

work disability; psychiatric comorbidity; inflammatory rheumatic diseases; illness severity; physical functioning; depression severity, 26047

Rheumatoid Arthritis—Chapters

Coping and adjustment to rheumatoid arthritis, 1801

Rhombencephalon [See Hindbrain]

Rhyme—Serials

event related potentials; impaired reading; letter discrimination; form; rhyme, 1709

phonological awareness skills; density effects; phonological awareness tasks; vocabulary acquisition; reading acquisition; rhyme awareness; mental lexicon; 5 yr olds, 904

phonological processing; visual word recognition; rhyming decision; pseudohomophone naming, 27511

semantic judgement; rhyme judgement; profoundly deaf youngsters; phonology; grammar; visual judgement, 5090

Ribonucleic Acid—Serials

Rhythm [See Also Speech Rhythm]—Serials

bimodal rhythmic movement; phase perception; perceptual judgment; single oscillators; coupled oscillators; visual judgments, 33650

isochronous tapping; motor coordination; timing drift; Wing-Kristofferson model; tempo; musical tapping, 33759

lobster; pyloric rhythmicity; follower neurons; rhythmic pyloric network; cycle period control; pacemaker, 15599

melody cues; temporal cues; musical meter; music perception; music contour; repetition; rhythm; pitch, 33745

observational study; vibrotactile rhythm playing; seniors; long term care; nursing home residents; day program participants; drum circle program; music, 32730

receptive amnesia; temporal auditory processing; left temporoparietal stroke; lesion; professional musician; rhythm processing, 19926

rhythm recognition; computer program; interactivist perception; complex rhythms, 21033

rhythm; music; auditory stimuli; dancing routine; motor performance; physical education students, 6467

rhythmic context influences; auditory evoked potentials; musicians; nonmusicians; brain, 21732

rhythmic context; perceived duration; interval approach; entrainment approach; short-interval timing; internal clock; time judgment; tones, 3297

rhythmic movement; attraction; auditory rhythms; visual rhythms; synchronization of movement; isochronous tone; finger tapping, 30581

stimulus intensity; stimulus frequency; acoustic stimulation; complex rhythm stimulus; long term memory consolidation; chicks; passive-avoidance task, 12742

tempo; rhythm; audiovisual stimulation; visual stimulation; intersensory redundancy, 34262

timing variations; perceptual performance; perceptual compensation; motor control; musical communication; inter-onset intervals; music performance; psychoacoustic intensity; rhythmic grouping, 33671

timing; time perception; movement complexity; paced finger tapping; movement selection; initialisation; synchronisation; rhythms; brain activity; temporal complexity, 27756

Rhythm [See Also Speech Rhythm]—Chapters

The quest for universals in temporal processing in music, 6545

Ribonucleic Acid—Serials

acyl-CoenzymeA synthetase-2 mRNA; cerebral cortex; animal model; depression; rats; fatty acid metabolism; learned helplessness, 18540

aging; macaque monkeys; epsilon2; N-methyl-D-aspartate receptor; messenger ribonucleic acid expression; spatial memory abilities, 27710

amygdala kindling; fearful behavior; glucocorticoid receptor; mRNA expression; hippocampal regions; rats, 9849

antidepressant action; brain derived neurotrophic factor; BDNF; BDNF promoters; BDNF mRNAs regulation; electroconvulsive seizure; ECS; tranylcypromine; desipramine; fluoxetine, 7173

corticosterone; context conditioned fear; glucocorticoids; emotional memory; corticotropin-releasing hormone; messenger RNA expression; amygdala central nucleus; hypothalamic paraventricular nucleus, 15814

developmental neurotoxicity; nuclear transcription factors; neurotoxic effects; forebrain neurons; neonatal period; cell damage; chlorpyrifos; toxicogenomics; brain development; c-fos; mRNA; p53, 3621

dynam III mRNA; rats; hypothyroidism; transcripts; brain; neural development; central nervous system, 548

dysbindin gene expression; normal brain vs schizophrenic prefrontal cortex & midbrain; dysbindin messenger RNA; sequence variations; introns; synaptophysin; spinophilin; cyclophilin, 31787

ecstasy; MDMA; mRNA expression; serotonergic nerve terminals; serotonergic mechanism; hyperthermic response; rat brains; doses; 3,4-Methylenedioxymethamphetamine; neurotoxicity; 5-hydroxytryptamine, 24787

fibroblast pectrin 3; gene expression; major depression; melancholia; physiological correlates; ribonucleic acid; isoproterenol; dexamethasone; interleukin 1 beta; neurochemistry, 10765

fragile X mental retardation; proteins; RNA, 35179

honey bees; hive work; foraging; mRNA changes; gene expression; age related changes, 545

inherited disorder; genetics; modifier interaction; mice; chronic movement disorder; neurological disease; disease severity; RNA; splicing factor; splice site site; mutation; sodium channel modifier 1, 524

mineralocorticoid receptor expression; messenger ribonucleic acid; prefrontal cortex; schizophrenia; bipolar disorder; affective disorders; hypothalamic-pituitary-adrenal axis, 25542

mRNA expression; anorectic patients; anorexia nervosa; anti-inflammatory cytokines; blood; metabolic abnormalities; female adolescents; disease course, 8088

Volume 91 SUBJECT INDEX

Ribonucleic Acid—Serials

neuropsychological test performance; antiretroviral treatment; antiretroviral therapy; protease inhibitor; zidovudine; indinavir; CSF; plasma HIV-1 RNA, 23394
polyinosinic polycytidylic acid; cytokine; ethanol; mice; corticosterone, 21507
protein synthesis inhibition; mRNA inhibition; hippocampus; conditioned stimulus; memory extinction; extinguished conditioned fear response; memory recovery, 21553
quantitative polymerase chain reaction; postmortem brain studies; gene expression; ribonucleic acid; microarrays; microarray results quantification, 15464
repeated prolonged stress effect; adrenocorticotrophic hormone; expression levels; mu opioid receptor; midbrain homogenates; mRNA expression; rat brain, 7278
serotonin receptor 2C; schizophrenia; brain; mRNA expression analysis; genes, 7862
time-course; striatal FosB-like immunoreactivity; prodynorphin mRNA expression; chronic cocaine treatment; chronic L-DOPA treatment; 6-hydroxydopamine lesioned rats, 12768
tryptophan hydroxylase isoform; human brain; enzymes; psychiatric disorders; mRNA expression, 27960

Ribonucleic Acid—Chapters

Adapting to life on a rotating world at the gene expression level, 539

Right Brain—Serials

alexithymia; right anterior cingulate gyrus; morphology; temperament; interindividual variability, 16380
anomaly detection; visuospatial skills; mental rotation; right cerebral hemisphere advantage; perceptual abilities; cognitive processes, 30875
brain damage; right hemisphere; right hemisphere lesion; pragmatic abilities; speech processing; non-literal speech; chronometric methodology; hierarchical sensitivity, 8225
concrete words; abstract words; dual-coding theory; word recognition; visual word processing; lexical decision task; brain; right hemisphere, 6885
discordant twin pairs; monozygotic twin pairs; language lateralization; schizophrenia; genetics; right hemisphere, 28742
frontal lobe; prefrontal lobe; self-awareness; mental state attribution; neurocognitive process; blood oxygen level-dependent activity; self-face viewing, 21666
left brain damage; right brain damage; implicature; processing ability, 32154
lexical access; cerebral hemispheres; foveal information; letter string; visual field; hemisphere-specific effects; SERIOL model, 15224
life review therapy; intervention; depression; life satisfaction; right hemisphere cerebral vascular accidents, 26446
metaphor comprehension; right-brain damage; visuo-verbal material; verbal material, 29175
musical pattern processing; prosodic speech information processing; prosodic perception; right hemisphere damage; stroke, 1865
neocortex; left planum temporale; right planum temporale; grey & white matter; secondary auditory cortex; cortical volume; cortical length; cortical thickness; speech processing, 9838
orthographic neighborhood; visual word recognition; visual field; lexical decision; recognition processes; split foveal theory; left hemisphere; right hemisphere, 15211
personality traits; cerebral hemispheres; visual field; self description process; linguistic process; affective tone; left hemisphere; right hemisphere; lateralization; verbal stimuli, 31567
prosodic structure; brain damage; prosodic information; syntactic disambiguation; left hemisphere; right hemisphere, 4966
PTSD symptoms; childhood cancer survivors; dopaminergic activity; traumatized mothers; brain hemisphere; turning biases; urinary DA levels, 1519
right cerebral hemisphere; mental functions, 9819
right cortical hemisphere; schizotypal personality; self awareness; self processing, 7892
right frontal lesion; left neglect; constructional allochiria; left; right; transposition; drawing, 29120
right hemisphere functions; depression; cortical activation; cortex; brain laterality; physiological activity, 10763
right hemisphere stroke; vascular brain damage; alertness deficit; alertness training; intrinsic alertness; attention training, 14010
right hemisphere; strokes; discrimination task; stimulus-centered; left neglect; body-centered left neglect; spatial attentional systems; brain; attentional systems, 16806
right hippocampus swelling; prolonged febrile seizure; left focal seizures; mesial temporal sclerosis; status epilepticus; temporal lobe; MTS, 18266
spatial neglect detection; right hemisphere stroke; chronic phase; copying task; residual symptoms; neglect patients; acute phase; contralaterally located items; neglect patients; multi-object scene, 20001

transient postoperative prosopagnosia; postsurgical complications; right hemisphere; epilepsy surgery; epilepsy; epileptic seizures; side effects; brain lesions; outcomes, 2312

treatment; expressive aprosodia; cognitive interventions; linguistic interventions; imitative interventions, 35904
visuospatial processing; right hemisphere interpreter; hemispheric asymmetry; visual perception, 6865

Right Brain—Chapters

Cognitive routes to the rehabilitation of unilateral neglect, 23607

Parallel systems for processing language: Hemispheric complementarity in the normal brain, 15612

Rigidity (Muscles) [See Muscle Contractions]

Rigidity (Personality)—Serials

coping strategies; rigidity; creativity; intrapsychic bonds; divergent thinking; quality of life, 31581
maternal rigidity; infancy; intelligence; school age; preterm, 18913

Riots—Serials

spectator violence; sensation seeking; sports crowds; sport riots; violence; aggression; fans, 28890

Risk Analysis [See Risk Assessment]

Risk Assessment—Serials

alcohol drinking patterns; mortality rate; middle-aged population; risk estimates, 28373
battered women; risk factors; reassault; risk perception; risk assessment; Kingston Screening Instrument for Domestic Violence Offenders; Danger Assessment Scale; Spousal Assault Risk Assessment, 25813
behavioral change; HIV infection; stress adaptation; health behavior; risk reduction, 35230
benefits; burdens; risk benefit framework; placebo; major depression; schizophrenia; research ethics, 12067
bipolar disorder; major depression; risk of recurrence; life-long course; comorbidity, 1405
breast cancer; mammography screening; cancer recurrence risk; survival outcomes; detection methods, 35696
child abuse; assessment methods; high-risk mothers; expectant mothers; low-risk mothers; prenatal screener, 16178
child day care; infectious disease risk; diarrheal illness; upper respiratory infection, 26048
clinician perceptions; violence risk; forensic outpatients; clinical decision making; violence risk assessment; treatment motivation; psychiatric institutional treatment, 25848
community mental health nurses; violence risk; clients; violence assessment; client, 32661
concept analysis; forensic risk; risk assessment, 33410
dangerous children; risk assessment; risk management; violent acts; child health workers, 34362
decision weights; risk preferences; judged probabilities; belief component; judgments under uncertainty; ambiguity aversion; prospect theory, 9688
dementia; cognitive impairments; elderly patients; acute stroke patients; risk factors, 29083
depression; suicidal behavior; population attributable risk statistic, 10882
distal factors; risk perception; personality constructs; emotional stability; governmental risk mitigation; personal risk, 22367
domestic violence reoffending; risk assessment; Domestic Violence Screening Instrument; reliability; validity, 33571
early recognition; dementia; diagnosis, 16772
ecstasy use; drug use; South African Community; prevalence; consequences; health risks, 20517
exploration; risk assessment; laboratory strains; behavioral strategies; novel environments; wild house mice; domesticated mice; male house mice, 27594
female prisons; correction settings; federal government; gender differences, 32837
genetic testing; decision making; risk assessment; gene technology, 30829
Hare Psychopathy Checklist-Revised; offender risk assessment; knowledge cumulation; measure; recidivism; risk prediction; violence, 18128
health care; decision making; mental retardation; psychological consent standards; treatment choices; treatment risks; patient rights, 16550
health professionals; training; suicide risk management; clinical staff; suicide assessment training; suicide recognition, 29877
high-level nuclear waste; siting controversy decisions; siting decision making; policies, 36487
HIV risk behavior; ethnic differences; low-income adolescents; patterns; predictors, 35229
holistic conceptualization; physical aspects; social aspects; social risk; scientific risk; risk states, 25369
human immunodeficiency virus; older urban adults; risk assessment; senior housing; interventions; HIV; research partnership; community based research, 1789
industrial pollution; environmental politics; risk; air quality; political morality, 36485

Risk Assessment—Serials

intellectual disability; risk assessment; sexual offenders, 11047
interrater reliability; predictive validity; risk assessment instruments; sexual violence; sex offenders, 24167
juvenile offenders; risk assessment; needs assessment; juvenile justice; inventories; Secure Care Psychosocial Screening; Youth Level of Service/Case Management Inventory, 9434
locus of control; treatment amenability; risk assessments; juvenile offenders; internal and external orientation, 32841
Lyme disease; risk perception; risk behavior; vaccination behavior; behavior motivation hypothesis; risk reappraisal hypothesis; accuracy hypothesis, 20498
male offenders; interpersonal violence; nonforensic patients; risk assessment; Violence Risk Appraisal Guide; forensic actuarial assessment, 33548
malpractice suits; mental health care professionals; medical records; suicide risk assessment; health care quality, 26624
Massachusetts Youth Screening Instrument; Diagnostic Interview Schedule for Children; risk factors screening; service needs; incarcerated youth; mental disorder, 27328
maternal drug usage; infant abuse; child abuse risk; pregnant drug users, 26547
mortality risk analysis; predictors; follow-up time; older people, 25100
mouse defensive behaviors; risk assessment behaviors; rat exposure test; stretch attend posture; freezing; avoidance; inbred strains; outbred strains, 24607
N-nitroso compounds; maternal intake; cured meat; pregnancy; risk factors; pediatric brain tumors, 29130
neural network rule extraction; decision tables; credit-risk evaluation; decision-support systems, 18002
offender assessment; rehabilitation; risk-needs-responsivity; reduction of recidivism, 26777
perceived risk; family history; breast cancer; prostate cancer; colon cancer; heart disease; diabetes, 4875
predator exposure; female mate choice; mate choice alteration; green swordtail; Xiphophorus helleri; mating preference; receiver bias; sword bias; perceived predation risk, 3517
prospect theory; stochastic dominance; S-shaped value function hypothesis; risk aversion; risk seeking; gains; losses; certainty effect; fund managers; financial analysts; choice; business students, 27096
Psychopathy Checklist-Revised; offender risk assessment; knowledge cumulation; measure; recidivism; research; risk prediction, 3190
quality-adjusted life years; medical decision making; constant proportional time tradeoff; risk posture conditions, 6398
risk assessment instruments; need assessment instruments; long term incarcerated offenders; Level of Service Inventory-Revised; predictive validity; reliability; recidivism, 30374
risk assessment; dangerousness prediction; psychological factors; mental disorders; risk management, 8356
risk assessment; risk behavior; cost effectiveness; routine practice; patient violence; self harm; suicide; compliance; case management, 8716
risk assessment; sexual offenders; recidivism; sexual offense; methodological issues; measuring predictive accuracy; risk factor, 33468
risk assessment; violence risk; assessment tools; statistical methods; logistic regression; classification tree approach, 19636
risk assessment; violence; forensic psychiatric patients; clinicians attitudes; researchers attitudes; interrater reliability, 29739
risk attributes; adolescent population; school dropouts; risk estimates; graduates; surveys, 6463
risk decision-making; participation barriers; deliberation barriers; analytic-deliberative processes; policy options; waste management, 36393
risk factors; violence; risk assessment tutorial; case note documentations; adult psychiatry settings, 20733
risk perception; tourist roles; international tourism; familiarity seeking, 12325
risk protocol assessment; wheelchair driving; multidisciplinary assessment; intervention management; patients; wheelchair traffic, 17394
risk sensitivity; variance; coefficient of variation; animal risk preference; human risk preference, 15304
risk; transparency; cover up; media narratives; film; cultural; visual imagery; trust; environment, 36481
risky driving; drinking driving; drug driving; problem behavior; problem driving, 13221
safety standards; risk assessment; drug testing; drug regulations; carcinogenicity; safety standards; harmonisation, 1901
sexual recidivism risk; sexual offenders; risk assessment; risk factors; multidimensional model, 31859

social risk assessment; technical systems; decision making; risk reduction; technical structures; safety management, 6138

social work professionals; child protection; risk assessments; social workers; rationales; recommended interventions, 17554

socio-technical system; psychoanalytic theory; Long Term Capital Management; LTCM; organizational narcissism; theory of risk, 17876

spousal assault; risk assessment; violence; risk factors, 31874

student counseling; self mutilation; legal challenges; ethical challenges; gender differences; profile; risk assessments, 28812

suicidal behavior; psychiatric assessment; psychosocial interventions; pharmacologic interventions; risk assessment, 34972

suicidal ideation; suicide risk; risk assessments; suicide attempts; symptom severity; risk factors, 34945

suicidal patients; risk factors; suicidal assessments; clinician attitude; suicide prevention, 34952

suicide risk assessment; suicide prevention; patient interview processes; suicidal ideation, 34993

suicide; risk assessment; psychiatric outpatients; cluster disorders; personality disorders; depressive disorder; dependent personality disorder; diagnostic criteria; comorbid depressive, 34789

test reliability; test validity; nurses; clinical judgment; risk assessment; prediction; falls; elderly, 16063

violence risk assessment; mental disorder; risk factors; risk assessment models; actuarial models, 31684

violence risk assessment; psychiatric patients; predictive validity, 33559

violence risk; risk assessment; risk communication; risk factors; psychologists role, 32945

violent behavior; behavior management; correctional institution; risk assessments; institutional violence; risk management; risk factors, 16466

wife assault recidivism; prediction; actuarial assessment; Ontario Domestic Assault Risk Assessment; marital violence, 33549

Risk Assessment—Chapters

The dual nature of forensic psychiatric practice: Risk assessment and management under the Dutch TBS-order, 18033

Sex offender risk assessment, 3265

Violence risk assessment in American law, 18031

Risk Factors—Serials

abused women; pelvic inflammatory disease; risk factors; sexually transmitted diseases; sexual abuse; physical abuse; genitourinary symptomatology, 28543

abused women; pelvic inflammatory disease; risk factors; sexually transmitted diseases; sexual abuse; physical abuse; genitourinary symptomatology, 28538

abused women; pelvic inflammatory disease; risk factors; sexually transmitted diseases; sexual abuse; physical abuse; genitourinary symptomatology, 28544

academic achievement; school problem behavior; risk factors; socioemotional competence; extracurricular activity; language achievement; math achievement, 20844

action tremor; patient relative; Parkinson's disease(PD); risk, 13972

acute psychiatric units; aggressive behavior; risk factors; predicting violence; actual assault, 11875

acute stroke patients; poor outcome; urinary incontinence; clinical risk factors; malnutrition; infections, 8190

adolescence; substance abuse; peer influence; individual differences; relationship factors; risk factors, 22694

adolescent drug abuse; peer drug; treatment outcome; drug abuse treatment program; psychosocial risk factors; Personal Experience Inventory; family dysfunction; deviance, 18167

adolescent drug use; prevalence; trends; comorbid conditions; prevention; treatment; risk factors; nursing, 22690

adolescent health; risk & protective factors; health risk behaviors; substance abuse; physical & sexual abuse; mental health; suicide attempts; sexual & reproductive health; school; family; violence, 14315

adolescent risk behavior; patients; frequent attenders; FA; nonfrequent attenders; NFA; preventive care; risk screening, 16303

adolescent violence; youth assets; physical fighting; weapon carrying; middle school students; high school students; parents; risk behavior, 31198

adolescents; alcohol use; tobacco use; family risk moderation; parent social emotional maladjustment; alcohol use trajectories; tobacco use index; Drug Free Years Program; Iowa Strengthening Families, 25880

adult hunger; child hunger; maternal risk indicators; low income; homelessness; female-headed families, 22168

adult romantic relationships; attachment; cognitive vulnerability; anxiety; depression; interpersonal interaction; vulnerability model; schemas, 19222

adversity; lifetime exposure; depressive disorder; psychiatric disorder; young adolescents; anxiety disorder; racial and ethnic differences, 25496

African American women; AIDS intervention program; parents involvement; gender specific assessment; behavioral change; Human Immunodeficiency; HIV; Acquired Immune Deficiency Syndrome; attitude, 23471

African Americans; risk factors; head trauma; Alzheimer's disease; AD; whites; smoking; alcohol, 22904

African-American adolescents; African-American youth; resilience protective factors; students; risk factors; urban; low income; violent neighborhoods, 7716

African-American physicians; Caucasian physicians; hypertension risk; physician knowledge; cardiovascular risk factors; exercise pattern, 8185

aggression; mood disorders; gender-related patterns; suicide risk; older adults; age differences, 10891

alcohol consumption patterns; farm populations; work-related injuries; incidence rates; farmwork-related injuries; injury risk, 36412

alcohol consumption patterns; farm populations; work-related injuries; incidence rates; Colorado; farmwork-related injuries; injury risk, 2955

alcohol consumption; domestic violence; impulsivity; intimate partner violence; cognitive risk factors; aggressive behavior; marital aggression, 28808

alcohol drinking behavior; drinking changes; temporal variability; freshman year; risk factors; heavy drinking; college students, 16226

alcohol expectancies; antecedents; risk factors; protection factors; expectancy mediation; common expectancy factors; unique expectancy factors; models; biopsychosocial risk, 10976

alcohol exposure; sudden infant death syndrome; parental alcohol use; risk factors; intrauterine exposure, 35181

alcohol-consumption behaviors; risk factors; physical fighting; injuries; adolescent drinkers, 31457

alcohol; dementia; mental disorders; elderly; suicide; relapse prevention; pharmacotherapy, 4745

aldehyde dehydrogenase; alcohol dehydrogenase; conduct disorder; gene status; alcohol dependence; ethnicity; American college students; ethnic differences; lower rate; risk rates; protective factors, 19679

allostatic load; work conditions; work characteristics; social support; cardiovascular disease risks; health outcomes; health status; decision latitudes; job demands, 12318

Alzheimer disease; mild cognitive impairment; dementia; risk factor; pathology; diagnosis, 32149

Alzheimer's disease; nurses; caregiving; burnout risk; psychofortogenic factors; nursing staff; psychological strengths; psychopathogenesis, 23726

amyloid precursor protein; susceptibility genes; genetic risk factors; genetic features; Alzheimers Disease; AD; dementia; AD pathogenesis; presenilin 1 gene; presenilin 2 gene; apolipoprotein E, 1869

anabolic-androgenic steroid use; weightlifters; drug use; risk factors; demographic & family & psychosocial risk factors, 8016

anorexia nervosa; bulimia nervosa; eating disorders; pathophysiology; phenomenology; risk factors, 25992

anorexia nervosa; risk factors; bone mass; osteoporosis, 26007

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35536

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35549

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35499

antidepressant prescribing; suicide rate; Northern Ireland; social factors; political factors; unemployment rate; household alcohol expenditure; terrorist offenses; age, 10924

antisocial behavior; risk factors; antisocial personality; childhood behavior; psychiatric disorder; psychosocial functioning; psychosocial risk factors; cognitive risk factors, 28797

antisocial behaviour; risk factors; child behavior; parenting practices; marital instability; adolescent behavior, 25779

anxiety disorders; depression; comorbidity; risk factors, 10728

anxiety disorders; mood disorders; hopelessness; suicidal ideation; prediction; risk factors, 1319

anxiety disorders; substance use; conduct disorders; risk factors; major depressive disorder; comorbidity; Axis I disorders; psychiatric disorders; adult twins; hazard rates; gender differences, 7747

anxiety; allergy; rhinoconjunctivitis; asthma; depression; risk factors, 1348

anxiety; depression; human immunodeficiency virus; risk factors, 16686

APOE genotype; risk factor; neuropathy severity; diabetic patients, 13857

APOE4 genotype; microglial function; APOE4 transgenic mice; arginine transport; risk factor; Alzheimer's disease; neuropathological insults; APOE function; central nervous system, 3618

Apolipoprotein allele; Apolipoprotein genotype functions; disease risk factor; person-environment fit; elders' personal needs; physical environments; social environments, 33997

appendicular fractures; nontraumatic fracture; developmental disabilities; institutionalized adults; risk factors; bone mineral density, 1696

arterial ischemic stroke; risk factors; elevated plasma homocysteine; cerebral arterial abnormalities, 22889

aspiration pneumonia; epileptic seizure; risk factor; chronic epilepsy; outpatients; developmentally delayed; profoundly retarded adults, 35275

assault victims; interpersonal violence; PTSD; at risk population; preventive treatment; psychiatric morbidity; post-traumatic stress disorder; sexual assault; physical assault, 20546

asymptomatic female adolescents; risk factors; familial risk; major depressive disorder, 22500

athletic participation; sports; alcohol consumption; risk factors; high school students, 31449

attention deficit hyperactivity disorder; pharmacotherapeutic treatment; treatment strategies; substance use disorders; comorbidity; risk factors, 22422

attention-deficit hyperactivity disorder; driving impairments; adolescents; adults; risk factors, 22715

attributable risk measures; HIV prevention planning; HIV infection; injecting drug users; relative risk estimates; possible risk factors; high-risk activities, 17228

atypical antipsychotics; risk factors; cerebrovascular accidents; dementia; elderly, 32512

back pain; depressive disorder; risk factor, 19866

balance self-efficacy; BSE; balance risk factors; mobility risk factors; elderly fallers; postural sway; hip-abduction strength; lateral-stepping velocity; tandem walk; injurious falls, 4176

battered women; risk factors; reassault; risk perception; risk assessment; Kingston Screening Instrument for Domestic Violence Offenders; Danger Assessment Scale; Spousal Assault Risk Assessment, 25813

Bayley Infant Neurodevelopmental Screener; environmental risk factors; predictive validity; developmental delay; African American adolescent mothers; mental & psychomotor development, 24192

behavior problems; alcohol use; mood state; suicide attempts; suicidal behavior; moods; adolescents, 4742

behavioral risk factors; trends; motor vehicle crashes; fatigue; alcohol intoxication; seatbelt use; hospitalization; death, 30287

benzodiazepine use; mortality risk; aged; psychiatric disorders, 8554

Bereavement Risk Questionnaire; test development; caregivers; risk factors; hospice bereavement coordinators, 17363

binge drinking; college students; predictors; gender difference; campus drinking perceptions, 11020

biological risk factors; neighborhood & school factors; family factors; contextual influences; underlying temperament; behavioral & emotional development; children, 34345

bipolar depression; suicide; correlates; lithium treatment; bipolar disorder; risk factors, 31730

bipolar disorder; lithium prophylaxis; bipolar patients; rapid cycling; non-rapid cycling, 10748

birthweight; intrauterine environment; adiposity; fat distribution; later life; body mass index; obesity, 7555

blood donation; Hong Kong youth; HIV testing; human immunodeficiency virus; AIDS; screening; antibody-testing behavior; risk factors, 23445

body mass index; BMI; dementia risk; dementia incidence, 5042

body risks; door supervisors; bouncers, 17897

body weight changes; risk factor; functional impairment; weight gain, 29527

body weight; behavioral factors; overweight; obesity; Peruvian adults; social factors, 12937

breast cancer risk; risk counseling; functioning level; psychosocial counseling; genetic counseling; females, 29061

breast cancer; depressive symptoms; breast cancer development; etiology; middle aged women; risk factors, 1436

breast implants; risk factor; patients; suicide; mortality; at risk population; plastic surgery; psychopathology; psychiatric consultation, 28833

bulimia nervosa; childbirth; major depression; eating disorders; increased risk; cognitive behavior therapy; psychopathology, 1731

bullying; student attitudes; risk factors; school grade; gender differences; social class, 25834

- cancer knowledge; prompted recall; unprompted recall; public knowledge; warning signs; risk factors; recognition; breast cancer; bowel cancer; demographic differences, 32609
- cannabis; psychosis; causal analysis; risk factor, 28857
- cannabis; psychosis; causal analysis; risk factor, 35027
- cardiovascular disease risk; African American women; training curriculum; disease prevention; rural communities; counseling, 32590
- cardiovascular disease risk; homocysteine levels; written materials; compliant health behaviors; older adults; behavior modification; Extended Parallel Process Model, 32594
- cardiovascular disease; abdominal fat; risk factor; normal-weight; sex differences, 29089
- cardiovascular disease; cardiovascular risk factors; adolescents; adults, 13903
- cardiovascular disease; CVD; risk factor; Special Olympians; Non-Special Olympians; blood pressure; body fat; cholesterol; insulin; mentally retarded athlete; mild mental retardation, 4946
- cardiovascular disease; depression; myocardial infarction; risk factor; cardiac mortality; treatment regimen compliance; therapeutic alliance, 34756
- cardiovascular disorder; risk factor; left ventricular hypertrophy; diagnosis, 29081
- cardiovascular risk factors; marital status; cardiovascular diseases; marriage; marital satisfaction; relationship satisfaction; psychosocial risk factors; lifestyle risk factors; stress, 1822
- cardiovascular risk factors; Mexican-American children; diabetes mellitus, 22849
- caregiving; risk factors; illness; physical health; family members; friends; dementia; chronic stress; distress; health habits; physiological change; health risk; caregivers; health psychology; family, 14433
- carpal tunnel syndrome; continuous exposure data; occupational risk factors; personal risk factors; fish processing operators, 22787
- cathesp D exon 2; polymorphism; general intelligence; dementia risk factor; cognitive decline rate; older persons; quantitative trait loci, 13274
- central nervous system; psychosis; schizophrenia bacterial infection; viral infection; risk factors, 19465
- cerebrospinal fluid; amyloid peptides; apolipoprotein; genetic association; phosphorylated tau; Alzheimer disease; polymorphism; brain tissues; risk factors; 24S-Cholesterol Hydroxylase, 5046
- cerebrospinal fluid; amyloid peptides; apolipoprotein; genetic association; phosphorylated tau; Alzheimer disease; polymorphism; brain tissues; risk factors, 5081
- cerebrovascular reactivity; major depression; cerebral blood flow; stroke; risk; unipolar depression, 16410
- childhood attention deficit/hyperactivity disorder; adolescent substance use; deviant peer group affiliation; risk factor, 4697
- childhood exposure; violence against females; antisocial behavior; risk factors; sexual aggression; nonsexual aggression; delinquency; male juvenile sex offenders, 28883
- childhood maltreatment; risk factors; adult cardiovascular disease; depression; traumatic experiences; sex differences, 19249
- childhood onset; gender differences; girls; boys; conduct disorder; single delayed onset pathway; childhood onset; risk profiles, 19617
- childhood overweight; Hong Kong children, 8087
- childhood separation anxiety disorder; risk factor; panic disorder; agoraphobia; generalized anxiety disorder; social phobia; major depressive disorder; adulthood, 4658
- childhood stimulant treatment; dopamine system alterations; drug sensitivity; increased risk; substance abuse, 2191
- childhood trauma; transliminality; childhood development; traumatic events; physical & sexual abuse, 12722
- childhood unintentional injuries; risk factors; preschoolers; maternal perceptions; stress; social support; safety behavior; at risk population, 26030
- children exposure; community violence; risk; resilience; rural youths, 31880
- children of divorce; children's adjustment; divorced parents; stressors; risk; protective factors; adolescents, 22080
- children; at-risk; borderline personality disorder; family characteristics; individual characteristics; attachment; early intervention, 31840
- choking deaths; antipsychotic medication; choking risk, 8541
- cigarette addictiveness; menthol effects; menthol cigarettes; nicotine intake; menthol dose; behavioral effects; physiological effects; cigarette smoking; pharmacology; risk; chemical forms, 4310
- cigarette smoking; epidemiology; risk factors; Chinese women, 13403
- cigarette smoking; risk factor; cataract; age-related macular degeneration; ocular disease, 14025
- cigarette smoking; risk factors; protective factors, 16235
- civil psychiatry patients; at risk patients; violence; risk assessment; subtypes, 31712
- clinical characteristics; metabolic disturbances; neurological problems; epileptic patients; status epilepticus; mortality risk; risk factors, 5000
- coffee drinking; tobacco smoking; Parkinson's disease; smoking history; gonadal hormones; estrogen; sensation-seeking behavior, 22948
- coffee drinking; tobacco smoking; Parkinson's disease; smoking history; gonadal hormones; estrogen; sensation-seeking behavior, 22955
- cognitive impairment; cognitive decline; risk factors; dementia; elderly; aging, 10294
- cognitive impairment; risk factors; aged community members; prevalence; social participation; personal attributes, 28153
- cognitive vulnerability; attachment; attachment theory; models; anxiety; depression; negative interpersonal experiences; symptoms, 19221
- colic; risk; infants; nonmanual work; mothers; work demands; socioeconomic; psychosocial conditions, 18950
- college environment; primary prevention; alcohol prevention program; drug prevention program; risk factors; heavy drinking; marketing practices; service policies; sales practices, 20629
- college students; alcohol; problem drinking; risk behavior; psychosocial factors; risk factors, 1653
- community based assessment; learning disabilities; chronic low level toxicants exposure; contextual risk factors; environmental risk factors; pollution sources; chemicals; lead; heavy metals; solvents, 4787
- community health worker; urban African Americans; community-based intervention approach; diabetes; nurse case manager; primary care, 1920
- community violence; violence perpetration; family functioning; protective effects; African American males; Latino males; inner-city neighborhoods; risk factors, 31864
- comorbidity; major depression; migraine; headaches; migraine-related disability; risk factors, 22398
- completed suicide; indirect self-destructive behavior; treatment practices; critical risk factors; older adults; psychologist perceptions, 10884
- compliance; adherence; noncompliance; depression; antidepressant treatment, 20316
- concurrent validity; risk indicators; preliminary evidence; justice system; Global Risk Assessment Device, 12444
- coronary heart disease diagnosis; cardiovascular risk behavior; prediction; motivation; theory of planned behavior; perceived behavioral control, 35242
- coronary heart disease incidence; social status; blood pressure; premature mortality; social inequality; HDL cholesterol; type A personality; risk factors, 11217
- crack cocaine injection practices; HIV risk; health risk; behavioral practices; crack cocaine preparations, 31934
- cumulative adversity; posttraumatic stress disorder; risk prediction; etiology, 1527
- death; dying; causes; mortality; behavioral risk factors, 28157
- death; dying; causes; mortality; behavioral risk factors, 28179

- leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1878
- leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1840
- life events; marijuana use predictor; risk factors; adolescent smoking; smoking initiation; family member job loss, 19702
- life-circumstances; working conditions; HIV risk; street sex workers; nightclub sex workers; personal identity; safer sex practices, 31417
- lifetime prevalence; epilepsy; health status; adults; behavioral risk factors; comorbidity, 26148
- living arrangements; adolescent deviance; maltreated children; risk factors, 1584
- low back pain; magnetic resonance imaging; MRI; risk factors; evaluation, 16601
- low prebiopsy; invasive breast carcinoma; psychiatric illness; psychopathology; risk factors, 19921
- magnesium pemoline; drug safety; hepatic treatment; possible risks; liver treatment, 8640
- major depression; coronary artery disease; risk factors; disease progression; treatment, 26113
- major depression; obsessive-compulsive disorder; bilateral pulmonary emboli; coronary artery disease; cataplexy; risk factor; hematological pathology; heparin; heparinoids, 28558
- major depression; plasma nitric oxide synthase activity; nitric oxide metabolites; coronary heart disease; risk factors; major depressive disorder, 31727
- major depression; relapse prevention; epidemiology; recurrence; costs; risk factors; psychological treatment; pharmacological treatment; markers of relapse vulnerability, 8382
- major depression; residential homes; risk indicators; risk factors; depressive symptoms; functional impairment; family history; educational level; neuroticism, 31731
- major depression; risk factor; coronary diseases, 22897
- major life events; risk; depression; onset; susceptibility; stressful life events; ageing; psychiatric patients; sociodemographic variables; death; suicide; first-degree relatives, 7829
- male batterers; criminal recidivism; substance abuse; risk factors; community treatment; violence; lifestyle; criminal history, 25924
- male to female partner violence; social disorganization theory; social support; neighborhood effect; social isolation; victimization; risk factors, 1623
- managers' risk preferences; March-Shapira model; survival; aspiration levels; organization performance, 36259
- marriage preparation program; motivation to participate; participant perceptions; risk of marital disruption; family related risks; program participation, 14092
- maternal alcohol addiction; maternal drug addiction; children's experiences; life circumstances, 19653
- maternal depression; child adjustment; child distress; risk factors; emotional problems; behavioral problems; social capital; genetics; psychosocial factors, 31732
- maternal depression; mothers; trauma exposure; depression; parenting; risk factors; protective factors, 1558
- maternal fever; intraventricular hemorrhage; non-verbal intelligence; cognitive limitations; long-term sequelae; preterm delivery; cognitive deficits, 4849
- maternal substance abuse; child neglect; risk factors, 1369
- mental disorders; children; intellectual disability; mental retardation; family factors; behavior problems; emotional problems; risk factors, 19256
- mental outcomes; behavioral outcomes; inter-ethnic adoptees; interethnic adoption; institutionalisation; psychological problems; behavioral problems; risk factors, 25169
- metabolic disease; perceptual speed; cardiovascular disease; memory; fluency; knowledge; aging; cognitive impairment; risk factors, 4900
- metabolic syndrome; cynical hostility; cardiovascular disease; risk factors; cynicism; increased blood pressure; insulin resistance; hypercholesterolemia; abdominal fatness; high density lipoprotein, 29086
- mild cognitive impairment; neuropsychological studies; transitional phase; normal aging; dementia; subtle deficit; Alzheimer's disease; disease progression; pharmacological studies, 11292
- mild cognitive impairment; risk factors, 13971
- mild traumatic brain injury; postconcussional disorder; emotional risk factors; forensic evaluation, 6288
- minor depression; risk factors; major depression; functional disability; health care use; depressive disorders, 22485
- mixed anxiety-depression; generalized anxiety disorder; depression; anxiety disorder; risk factors; elderly, 19341
- monoamine oxidase A genotype; conduct disorder; genotype-environment interaction; risk factors; exposure to familial adversity; childhood environment; male twins, 28809
- monozygotic twins; anorexia nervosa; environmental risk factors, 35155
- mood disorders; epilepsy; risk factors, 16775
- mood disorders; recurrent brief depression; celiac disease; risk factors, 7738
- mood disorders; unipolar major depressive disorder; family history; structural brain changes; outpatients; mood disorder; disease onset; risk factors; family history, 31722
- moral panic; risk society; modernity; social anxiety; Sheldon Ungar; social control; public safety; conceptual issues; uncertainty, 16090
- negative affect; adolescent offenders; depressive symptoms; HIV risk; alcohol abuse; drug abuse, 11002
- negative emotions; risk factor; peer victimization; internalization; externalizations; risk factors; anger; aggression; emotional regulation; gender, 34333
- neonatal factors; maternal factors; premature birth; low birthweight; Australia; risk factors; age; gestational age; gender; ethnicity; Aboriginality; parity; smoking; hypertension; marital status, 16618
- neuroimaging; anxiety disorders; infant temperaments; early adulthood; amygdala; responsivity differences; temperamental risk factors; psychiatric disorder; individual differences, 34927
- neurological disorders; psychiatric disorders; psychiatric morbidity; meningitis; psychosis; risk factors; genetic; deafness, 19445
- neuromotor abnormalities; psychosis risk; Alzheimer's disease; cognitive risk; motor risk; extrapyramidal motor signs, 13927
- neuropsychological performance; depression; clinical risk factors; etiological risk factors; genetic risk factors; severity, 4600
- neuroticism; depressive temperament; dysfunctional regulation; hypothalamic-pituitary-adrenocortical system; risk factors; unipolar depression, 28677
- neutral endopeptidase; neutral enkephalinase; lymphoblastic leukemia antigen; amyloid peptides; late onset Alzheimer's disease; Neprilysin gene; risk factor; gene polymorphism, 35320
- new sexual partner; sexually transmitted disease; risk factors; adolescent females, 29020
- nicotine dependence; HIV risk behaviors; illicit drug users, 22681
- noncompliance; partial compliance; schizophrenia; drug therapy; relapse; risk factors; side effects; symptom severity; impaired cognition; inadequate knowledge, 8522
- nonfatal suicidal behavior; antidepressant drug treatment; amitriptyline; fluoxetine; paroxetine; dothiepin; risk, 29343
- noninjection drug use implement sharing; risk factor; Hepatitis C infection; women drug users, 19894
- North American Indian; alcohol use; substance use; risk factors; substance use initiation, 13748
- nursing homes; suicide; nursing home residents; somatopsychiatric disorders; at risk populations; major depression, 11862
- nutritional status; risk factors; chronic disease; Down syndrome; urban adults, 19790
- nutritional support; community; nutritional risk factor, 20512
- obesity; health risks; time preference, 35144
- obesity; overweight; policy factors; environmental factors; risk factors; workplace; community perceptions; ecological perspective, 16557
- obesity; risk factor; antipsychotic noncompliance; side effect; distress; schizophrenia, 11572
- obstructive sleep apnea syndrome; glaucoma; disease progression; vascular risk factors; nasal continuous positive airway pressure therapy; intraocular pressure, 5435
- occupational stress; coronary heart disease; psychosocial work; job demands; social support; decision making; civil servants; risk factors, 13907
- occupational therapy perspective; fall prevention; community-dwelling older people; risk factors, 16070
- offender assessment; rehabilitation; risk-needs-responsivity; reduction of recidivism, 26777
- offspring; suicide risk; women; children living at home; children living away from home, 19592

- out-of-school care; problem behavior; low-income adolescents; individual characteristics; family characteristics; neighborhood characteristics; added risks, 31857
- panic symptoms; panic attacks; psychiatric comorbidity; aging; panic disorder phenomenology; risk factors; age differences, 10834
- parasuicidal behavior; risk factors; suicidal behavior; schizophrenia; suicide prevention, 7759
- parent child separation; birth; adulthood depression; risk factor; gender differences; psychological development, 19406
- parent-adolescent disagreement; adolescent behavior; poor outcome signs; predictive scores; emotional problems; Child Behavior Checklist; discrepancy scores; Youth Self-Report, 18956
- parent-infant dialogue; attachment research; social risk; psychoanalysts; families, 1116
- parent-reported predictors; risk factors; adolescent panic attacks; child characteristics; parental characteristics, 28771
- parental history; coronary heart disease; risk factors; obesity; lifestyle; weight; height; demographic characteristics; discharged military personnel, 4514
- parental psychopathology; mental health risk; parental mental illness; mental health problems, 16366
- parental socio-economic status; risk factor; first admission; schizophrenia, 28688
- participatory action; intimate partner violence; perceived stress; risk factors; psychological distress; somatic complaints; post-traumatic stress disorder symptoms, 31863
- partner violence; ethnic risk factor, 10907
- passenger seating position; risk factors; passenger death; traffic crashes; injuries, 30286
- paternal age; maternal age; risk factors; psychosis; offspring; cross cultural differences, 22536
- paternal age; schizophrenia risk; germ cell mutations; personality traits, 31761
- paternal age; schizophrenia risk; germ cell mutations; personality traits, 31789
- paternal age; schizophrenia risk; germ cell mutations; personality traits, 7921
- pathogenic aspect; childhood poverty; environmental inequities; poor children; low socioeconomic status; disadvantaged, 13151
- pathological gambling; casino gambling; alcohol consumption; risk factors, 35024
- pathological gambling; personality traits; pathological gamblers; sensation seeking; gratification deferment; risk factors; competitiveness; personality correlates, 25832
- pathological gambling; risk factors; gambling behavior; substance abuse; problem behavior; sociodemographic factors, 13723
- patient suicide; completed suicides; adolescent in-patient psychiatric unit; family; treatment community; trust; risk factors, 29746
- pedestrian fatality; driver knowledge; pedestrian rights; driver responsibilities; pedestrian-vehicle crashes; pedestrian crash trends; risk factors, 17961
- pedestrian; safety; crash risk; spatial analysis; accidents; college campus environmental design; spatial organization, 30285
- persistent cigarette smoking; health effects; tobacco use; risk factors, 35047
- person risk factors; suicidal behavior; African Americans; gender comparison; suicide attempters; psychological distress; aggression; substance use; cognitive processes; ethnic identity; spirituality, 13701
- personality factors; posttraumatic stress; civilians; air attack; risk factors, 10828
- personality; childhood sexual abuse; environmental risk factor; genetic predisposition, 22644
- pervasive developmental disorder; immigrants; autism; risk factor, 28905
- pessimistic explanatory style; rate acceleration; increased anxiety; obtained scores; false feedback; basketball; anxiety; sports achievement, 2973
- pharmacogenetics; alcohol self-administration; withdrawal; alcohol abuse disorders; genetic risk factors; rodent genetic animal models; alcohol-related traits; endophenotypes, 31921
- physical abuse; sexual abuse; salivary cortisol; traumatic brain injuries; neurologic correlates; neuroendocrine abnormalities; nonviolent crimes; violent criminal behavior; female prison inmates, 10645
- physical attractiveness; biologic vulnerability; risk factors; eating disorders; social appearance; disordered eating; family appearance focus; neuroticism; weight preoccupation, 19809
- physical disabilities; violence; risk factors; adult women, 11162
- physical functioning; neighborhood socioeconomic status; perceived neighborhood strain; individual health risk factors, 20433
- plasma homocysteine levels; CNS disease risk factor index; schizophrenia, 31763
- platelet activation; platelet aggregation; ischemic heart disease; 5-HT receptor; depressive symptoms; major depressive disorder; serotonin; calcium; risk factors, 1444
- post-divorce adjustment; intervention development; maladaptive behaviors; protective factors; attachment theory; parental divorce; cognitive theory; cumulative stress theory; children, 20506
- postnatal depression; prediction; appraisal; coping; screening; risk factors; predictive index, 3191
- postpartum depression; postpartum period; pregnancy; etiology; risk factors; prediction, 28661
- potential risk factors; compensation system; healthcare workers; workplace injuries; workplace violence; physical assault; incidence rates; public safety; nonfatal occupational assault injuries, 2950
- predictors; smoking intentions; smoking status; risk factors, 31958
- pregnancy rate; vocational school students; sexual intercourse; abortion; contraceptive use; partner pregnancy; unplanned pregnancy; Thailand; adolescents, 999
- pregnant women; depressive symptomatology; mood symptoms; antidepressant medications; low educational attainment; specific risk factors; psychiatric treatment, 16408
- pregnant women; socioeconomic indicators; violence; victimization; abuse; pregnancy, 1567
- prenatal complication; perinatal complication; externalizing behavior; brain dysfunction mechanisms; birth complications, 34987
- prenatal exposure; alcohol; risk factors; delinquent behavior; adolescents; life stress; substance use; behavior problems; parenting practices; peer influence; caregiver substance use; dysmorphia, 1598
- prenatal stress; risk factors; psychopathology; animal models; pathophysiology, 10707
- prevalence rate; risk factors; chronic epilepsy; completed & attempted suicide; suicidal behavior; suicidal ideation, 4519
- prevalence; biopsy-proven cervical neoplasia; cervical cancer; cervical-cancer screenings; screening intervals; risks; women, 5504
- prevalence; correlates; obesity; severe and persistent mental illness, 10651
- prevalence; posttraumatic stress disorder; social support; risk factors; spinal cord injuries, 1866
- prevalence; trauma; posttraumatic stress disorder; PTSD; risk factors, 7940
- prevention myths; HIV risk reduction; active drug users; condoms; crack users; injection drug users, 29540
- prevention research; women health; sexual risk behaviors; chronic disease risk; interventions; rural communities, 32573
- primary insomnia; risk factor; depression, 4534
- pro-drug risk factors; adolescents; drug prevention program; marijuana use; cigarette use; pro-alcohol risk factors; social influences; project ALERT drug prevention program outcomes, 33206
- probation recidivism; federal probationers; sentence violation prediction; probation revocation; probation violation, 1681
- problem drinking; alcoholism; adult males; lifetime abuse; risk factors; prediction; alcoholic fathers; premorbid differences; biological fathers; abusive drinking; alcoholic sons, 13745
- proline dehydrogenase; PRODH; schizophrenia susceptibility; genetic variation; risk factors; amino acid changes; haplotypes, 13646
- protective factors; community violence; adjustment; child psychology; low-income communities; risk factors, 31888
- protective factors; violent behavior; adolescence; aggressive behavior, 1585
- pseudoseizures; asthma; sexual abuse; risk factors; epilepsy, 22799
- psychiatric disorders; earthquake survivors; posttraumatic stress disorder; major depressive episode; mental impairment; network change; financial loss; social network; related risk factors, 27185
- psychoeducational group preventive intervention evaluation; risk and protective factors; dating violence; college students, 35472
- psychological risk factors; HIV pathogenesis; autonomic nervous system; biological mechanisms; social inhibition; gay males, 8174
- psychopathology; sexual abuse; comorbidity; severity; psychosocial functioning; girls; environmental risk factors; victims, 1614
- psychosocial determinants; depression; lifespan; depressive risk factors; symptoms; childhood events; cross-community study; life events; social support, 34844
- psychosocial factors; stress; socioeconomic position; quality of life; chronic stress; health risk behavior; biological risk factors; psychosocial adversity and vulnerability index; PAVIX, 7767
- psychosocial predictors; smoking stage; peer affiliation; parenting behavior; perceived smoking prevalence; adolescent & school adjustment; social competence; depression; middle school students, 10263
- psychotropic drugs; corrected-QT frequency; schizophrenia; psychotropic drugs; corrected-QT lengthening; risk factors, 11474
- recidivism; prediction; adult offenders; boot camp graduation; social learning; competing theories, 5719
- relapse; adolescent drug abusers; comorbidity; attention deficit disorder with hyperactivity; risk factors; drug abuse treatment; ADHD, 26729
- relative poverty; capitalist democracies; determinants; pre-tax/transfer poverty rate; poverty reduction; socioeconomics, 22174
- religiousness; parent involvement; conduct problems; violence exposure; high risk adolescents, 19626
- resilience framework; theoretical model; parent-child transactional processes; substance abuse disorders; risk factors; vulnerability, 25889
- resiliency; risk factors; substance use; protective factors; ethnic differences; age differences; gender differences; Hispanic urban juvenile detainees; substance abuse, 1668
- retest reliability; quality of life; risk factors; surveillance; health, 21167
- risk assessment; risk predictors; suicide attempt; inpatient suicide, 10870
- risk assessment; risk predictors; suicide attempt; inpatient suicide, 10885
- risk assessment; risk predictors; suicide attempt; inpatient suicide, 10905
- risk assessment; risk predictors; suicide attempt; inpatient suicide, 10941
- risk assessment; risk predictors; suicide attempt; inpatient suicide, 10951
- risk assessments; criminal record; sex offender; re-arrest; probability, 11037
- risk awareness; risk treatment; vascular risk factor; risk control; African American; stroke patients, 4952
- risk factors; vascular dementia; mortality risks; dementia effects; Alzheimers disease; Radiation Effects Research Foundation Adult Health Study, 29193
- risk factors; abusive relationships; femicide victims; intimate partner; stalking; forced sex; sexual abuse, 1673
- risk factors; affective disorders; increased risk; bipolar disorder; etiology, 10754
- risk factors; aging; minor depression; quality of life indicators, 19293
- risk factors; anorexia nervosa; national registers; Sweden; sociodemographic variables; perinatal variables; psychosocial variables; attributable risk, 4806
- risk factors; benzodiazepine dependence; outpatient treatment; drug dependency; benzodiazepines; psychiatric parameters, 19671
- risk factors; continued illness; Gulf War veterans; symptom severity; psychological distress; fatigue; Gulf War syndrome; physical functioning, 25469
- risk factors; delirium; oncology inpatients; admission characteristics; inpatient admission, 1815
- risk factors; depression; adolescents, 4601
- risk factors; depression; primary health care patients; variables, 4501
- risk factors; drug addiction; outcome, 4730
- risk factors; eating disorders; risk terminology; general taxonomy, 11111
- risk factors; febrile convulsions; family history; head trauma; childhood epilepsy; perinatal history; central nervous system infection; parental consanguinity, 16750
- risk factors; hypochondriacal concerns; Big 5 personality domains, 19855
- risk factors; intimate partner violence; couples; childhood physical abuse; drinking problems; impulsivity, 10948
- risk factors; non-therapeutic research; justice; parental consent; children; research ethics, 32989
- risk factors; personality characteristics; parental child-rearing style; adolescent prostitutes, 19614
- risk factors; posttraumatic stress disorder; Vietnam veterans; American Legionnaires; disease course; course prediction; combat exposure; recovery; perceived social support, 1523
- risk factors; prisons; substance abuse treatment outcomes; reincarceration, 29813
- risk factors; problem behavior; ethnic minority children; ethnic majority children; ethnic differences, 22056
- risk factors; protection factors; adolescent substance use; Prevention Paradox; tobacco; cannabis; alcohol, 29812
- risk factors; psychosis; ultra high-risk group; psychopathology; clinical features; schizophrenia; family history; psychotic symptoms, 22572

risk factors; resilience; social workers; goal formulation; assessment tool; ecological framework, 26646
 risk factors; sexual offense; recidivism; Estimate of Risk of Adolescent Sexual Offense Recidivism; psychometric properties; test reliability, 30470
 risk factors; substance use; adolescents, 31946
 risk factors; suicide; suicidal behavior; schizophrenia; treatment; typical antipsychotics; atypical antipsychotics; clozapine effectiveness; suicide prevention, 1336
 risk factors; suicide; treatment course; affective disorder; hospitalized patients, 16922
 risk factors; violence; risk assessment tutorial; case note documentation; adult psychiatry settings, 20733
 risk factors; arguments; public debates; naturalness; proof-seeking; pricing, 23531
 risk of offense; mentally disordered offenders; criminogenic factors; recidivism; predictive factors; mentally retarded recidivism; criminological variables; personality measures; clinical information, 27291
 risk taking; offender profiling; risky behavior; sensation seeking; military personnel, 27145
 risk; psychosis-like experiences; urban & rural areas; cognitive development; psychotic disorders; rates; schizotypal personality; IQ; neuropsychological function; memory; attention, 28744
 risk; suicide ideation; problem-solving ability; attitudes toward suicide; university students; suicidal behavior, 10927
 schizophrenia prodrome; research; intervention; prevention; vulnerability; risk factors; developmental issues; neuroimaging; cognition; alternative prevention strategies; clinical trials, 19421
 schizophrenia; bipolar disorder; endoplasmic reticulum stress response; risk factors; genetic polymorphism; protective factors, 34794
 schizophrenia; bipolar disorder; schizoaffective disorder; epidemiology; rural environments; socioeconomically homogeneous population; ethnically homogeneous population; morbid risk, 22467
 schizophrenia; etiology; neurodevelopmental hypothesis; biological causes; genetics; obstetric complications; cognitive & neuromotor abnormalities; drug abuse; ethnicity; migration; risk factors, 7864
 schizophrenia; homocysteine metabolism; B-vitamins; risk factors; plasma folate, 1495
 schizophrenia; osteoporosis; antipsychotic-induced hyperprolactinaemia; lifestyle factors; risk factors, 35374
 schizophrenia; related disorders; taxonomy; risk; psychosis; prodrome; early detection; prevention; vulnerability; symptoms; onset; prediction; treatment strategies; costs; benefits, 19473
 schizophrenia; season of birth; geomagnetic storms; risk factors, 10796
 schizotypal personality disorder; obsessive-compulsive disorder; cognitive-behavioral therapy; treatment outcome; risk factor; antidepressant medication, 20186
 season of birth; schizophrenia; siblings; risk factor, 10809
 secondary prevention; coronary heart disease; working age patients; risk factors, 29088
 secondhand smoke; coronary heart disease; non-smokers; lung cancer; acute myocardial infarction; cardiovascular risk, 26116
 self-determination; sociocultural influences; body image; risk factors; bulimic symptoms; women, 16564
 self-perception; body dissatisfaction; body weight; body mass index; risk factors; slim women; lifestyle; health, 22768
 sensory neuropathy; acquired immunodeficiency syndrome; human immunodeficiency virus; antiretroviral medication; alcohol abuse; risk factors; HIV/AIDS, 29045
 sensory-emotional integration; impairment; violence; adolescent sex offender; social risk factors; executive neuropsychological functioning; emotional numbing, 11061
 serum cholesterol; suicide risk; major depression; violence, 34833
 serum creatine kinase; leukocytosis; psychotic episodes; neuroleptic malignant syndrome development; risk; lactate dehydrogenase; serum glutamic oxaloacetic transaminase; white blood cell count, 7877
 sex differences; risk factors; suicide; attempted suicide, 28845
 sexual behaviors; Latino college students; condom use; risk factors; HIV; AIDS; sexual activity, 34546
 sexual dysfunction; depression; male patients; risk factors, 28577
 sexual intercourse; middle school students; psychosocial factors; inner city youth; peer norms; abstinence; risk factors; drug abuse; gender, 28127
 sexual recidivism risk; sexual offenders; risk assessment; risk factors; multidimensional model, 31859
 sexual risk behaviors; intravenous drug; behavioral risk factors; sexual partners; HIV transmission; trucking industry; STD; condom use; sexually transmitted diseases; truck drivers, 22863

sexual victimization; risk factors; human sex differences; homeless youth; runaway youth; at risk population; acquaintance rape, 22649
 side effects; over the counter medicine; European Commission recommendations; communicating risk; information leaflet; verbal risk descriptors; satisfaction judgments; interpretation; intention, 32533
 sleep disturbance; methadone maintained patients; sleep quality; medical risk factors; psychological risk; depressive symptoms; demographics; nicotine dependence; anxiety symptoms; mental health, 20662
 sleep efficiency; overreached swimmers; nonoverreached swimmers; training-induced stress; overtraining risk, 6091
 smoking cessation; maternal smoking; pregnancy; biomarker feedback; motivation; risk factors; smoking adverse effects, 35882
 smoking risk; emotional intelligence; adolescent smoking; psychosocial factors, 16036
 smoking; suicidality; psychiatric patients; psychiatric hospitalization; self mutilation; gender differences; risk factors, 28832
 social behaviors; environmental characteristics; educational programs; alcohol consumption; initial examination; women's risk; aggression, 4305
 social risk factors; child psychology; psychiatry, 22471
 social stress; individual differences; environmental factors; glucocorticoid resistance; stress susceptibility; rearing conditions; previous social experience; mice, 7116
 socioeconomic status; sociodemographic characteristics; mood disorders; anxiety disorders; chronic fatigue; post-traumatic stress disorder; unemployment, 1353
 spasmodic torticollis; alexithymia; risk factor; exacerbation; physiological responses; motor responses; subjective responses; cervical spine, 29121
 speech representation; speech dominance; seizure focus; age of onset; handedness; laterality; sex, 5058
 Start Taking Alcohol Risks Seriously for Families program; alcohol prevention program; sixth grade students; urban middle schools; stage of acquisition model, 23626
 stressful life events; male gang membership; risk factors, 35054
 substance abuse; children; drugs; mothers; caregiver characteristics; risk factors; life experiences; development; school performance; life circumstances; health; alcohol, 10975
 substance abuse; psychiatric disorders; mental health problems; risk factors; preadolescents; prevention, 31705
 substance use; religiosity; Hungarian adolescents; religious participation; protective factors; group membership; alcohol use; risk factors; high school students, 31945
 suicidal behavior; adolescent suicide; pharmacological interventions; psychiatric illness; risk factors, 7965
 suicidal behavior; borderline personality disorder; suicide attempts; risk factors; major depressive disorder; borderline patients; completed suicides; antisocial traits, 28785
 suicidal behavior; distal risk factors; childhood trauma; alcohol; suicide; risk factors, 8023
 suicidal behavior; personality trait alexithymia; suicidal ideation; suicide attempters, 7763
 suicidal behavior; risk factors; mild traumatic brain injury; major depression, 25483
 suicidal feelings; mental disorders; elderly; psychosocial risk factors; physical disorder; loneliness; housing; Berlin Aging Study, 25773
 suicidal ideation; prevalence; older adults; risk factors; Hong Kong; health; activities of daily living; financial status; depression; health care use; social support; stressors; coping strategies, 19643
 suicidal ideation; psychiatric patients; major depressive disorder; suicide attempts; risk factors, 1619
 suicidal ideation; suicidal behavior; psychosocial risk factors; low self-esteem, 7973
 suicidal ideation; suicide attempts; psychiatric inpatients; children; adolescents; at risk populations; risk factors, 5658
 suicidal ideation; suicide risk; risk assessments; suicide attempts; symptom severity; risk factors, 34945
 suicidal patients; risk factors; suicidal assessments; clinician attitude; suicide prevention, 34952
 suicidality; risk factors; psychological pain; perturbation; hopelessness; self-hate; suicidal outpatients; Suicide Status Form, 24253
 suicide attempts; repetition; psychosocial factors; mental disorders; risk factors, 10936
 suicide attitudes; suicidal risk; elder suicide; maladaptive attitudes; suicide prevention, 35015
 suicide rates; young men; social changes; suicide risk factors; age differences; gender differences; divorce; unemployment; substance misuse, 10912
 suicide risk assessment; suicide prevention; patient interview processes; suicidal ideation, 34993
 suicide risk; multiple sclerosis; mortality ratio; secondary diagnosis; hospital admissions; general population; hospital patients, 16760

suicide risk; selective serotonin reuptake inhibitors; adult patients; children; antidepressants, 29404
 suicide risk; Somatization disorder; psychiatric outpatients; suicide attempts; comorbidity; personality disorders; major depressive disorders, 28990
 suicide; doctors; psychological autopsy; risk factors, 31867
 suicide; neurological disorders; cognitive impairments; multiple sclerosis; suicide potential; mood disorder; highest risk; risk factors, 16757
 suicide; risk assessment; psychiatric outpatients; cluster disorders; personality disorders; depressive disorder; dependent personality disorder; diagnostic criteria; comorbid depressive, 34789
 suicide; schizophrenia; risk factors; therapy; preventive strategies, 19474
 suicide; suicidal behaviors; suicidal ideation; stress; stress research; risk factors, 35021
 susceptibility; weight gain; homeostatic risk factors; hedonic risk factors; overconsumption, 30910
 temperament; schemas; memory structures; risk factors; emotional disability, 25526
 temperamental risk factors; children; unintentional injury history; inhibitory control; impulsivity, 31254
 tobacco cessation; adolescent females; Appalachian communities; health risks, 22067
 tobacco; obesity; smoking; health risk factors; epidemics; public health; food industry, 35666
 traffic air pollution; schizophrenia risk; urban-rural differences; benzene; carbon monoxide, 11130
 transient ischaemic attacks; brain atrophy; potential vascular risk factors; cognitive impairment; ischaemic lesions, 14017
 traumatic events; dissociative reactions; peritraumatic dissociation; risk factors; post-traumatic stress disorder; PTSD; experimentation; methodology; retrospective reports, 10818
 treatment; suicide risks; affective disorders; suicidal behavior; mood disorders; bipolar disorder; pharmacotherapy, 2143
 Type A Behavior Pattern construct; risk factor; coronary diseases; predictive capacity; gender differences; personality correlates; workload; impatience; hostility; fear of negative evaluation, 34726
 Type A behavior; behavior pattern; community-dwelling elderly; falling, 28154
 umbilical cord inflammation; periventricular leukomalacia; low birth weight infants; chorioamnionitis; placental samples, 32117
 unemployment; risk factors; multiple sclerosis, 22791
 USA; disability; aging; functional limitations; Activities of Daily Living; ADL; EPSE; emotional support; cognitive impairment; elderly epidemiologic study; Disablement Process model, 1040
 vascular dementia; midlife risk factors; Alzheimer disease; atomic bomb radiation dose; milk intake; lower education; systolic blood pressure; physical activity, 16843
 vascular depression hypothesis; geriatric rehabilitation patients; cognitive impairment; vascular risk factors; late-life depressive symptoms, 10663
 vascular risk factors; dementia; stroke risk; cognitive decline; heart disease; hypertension; hypercholesterolemia, 22988
 verbal memory decline; anterior temporal lobectomy; ATL patients; verbal memory function; temporal lobe; risk factors, 23319
 violence risk assessment; mental disorder; risk factors; risk assessment models; actuarial models, 31684
 violence risk information documentation; violent behavior; psychiatric hospital patient; personality disorder; clinical practice; psychiatric population; risk factors, 8828
 violence risk information documentation; violent behavior; psychiatric hospital patient; personality disorder; clinical practice; psychiatric population; risk factors, 8820
 violence risk; risk assessment; risk communication; risk factors; psychologists role, 32945
 violence; homicide; early risk factors; Colombian adolescents; psychosocial factors; drug use, 25001
 violence; homicide; early risk factors; psychosocial factors; drug use; Colombian adolescents, 25074
 violence; risk factors; stalking; obsessional harassment, 10945
 violence; schizophrenia; risk factors; physical assault, 22568
 violent behavior; girls; motivations; sense of competence; perception; social variables & environmental variables; health behavior framework; risk factors; protective factors, 16474
 violent offenders; risk factors; violent recidivism; probation, 25934
 visual hallucination prevalence; elderly psychiatric outpatients; risk factors; visual hallucinations, 13575
 visual hallucination; auditory hallucination; tobacco usage; psychotic features; risk factors; children; adolescents; adult tobacco use, 31692
 vital exhaustion; risk indicator; first stroke; fatigue, 19937

Volume 91 SUBJECT INDEX

Risk Factors—Serials

vitamin D deficiency; schizophrenia; independent segregation; psychosis; neurodevelopmental effects; environmental risk factors; rickets type IIA, 13640
 vitamin D supplementation; infancy; schizophrenia; risk factors; dietary supplementation, 22551
 warning signs; suicide; interventions; risk factors, 25776
 weight gain; postpartum women; weight control; minority women; risk factors; adult women, 2334
 whiplash injury; epidemiology; motor vehicle crash; poor prognosis, 1794
 white matter lesions; executive function; late-onset depressive disorder; neuropsychological function; neuroradiology; vascular risk factors; drug therapy; antidepressants; treatment response, 17028
 widespread pain; risk factor; temporomandibular disorder; dysfunctional pain; interference; disability, 22818
 women; beliefs; risk factors; bulimia nervosa; eating-disordered behavior, 25996
 women; female-to-female; injuries; nonpartner violence; independent factors; multiple relationships, 1588
 workplace aggression prediction; job risk factors; self-esteem; time at work; victim characteristics, 11045
 Y chromosome; gender differences; cardiovascular disease; CVD; risk factors; cigarette smoking; overweight; Pawtucket Heart Health Program; PHHP; lifestyle, 16715
 young adults; first-degree relatives; major depressive disorder; subthreshold depression; familial psychopathology; family history; familial aggregation; depressive symptoms; mood disorder, 7832
 youth gambling; substance abuse; prevention; risk factors; protective factors; harm reduction, 34949
 youth violence; cross cultural differences; acculturation; ethnic identity; risk factors; cognition; bicultural self-efficacy; cultural concepts, 28847
Risk Factors—Books
 Conduct and oppositional defiant disorders: Epidemiology, risk factors, and treatment, 22654
 Conquering postpartum depression: A proven plan for recovery, 4611
 Resilience and vulnerability: Adaptation in the context of childhood adversity, 4088
Risk Factors—Chapters
 Adaptation among youth facing multiple risks: Prospective research findings, 4163
 Case study 1A. Sociality and disease risk: A comparative study of leukocyte counts in primates, 6767
 Child sexual abuse and alcohol use among women: Setting the stage for risky sexual behavior, 1640
 Child sexual abuse and HIV: An integrative risk-reduction approach, 2358
 Cognitive and attitudinal paths from childhood trauma to adult HIV risk, 1634
 Common-sense models of illness: The example of hypertension, 16661
 The comorbidity of anxiety and depression, and the implications of comorbidity for prevention, 8395
 Familial and genetic factors, 22665
 Family health through injury and violence prevention at home, 20131
 Health implications of workplace diversity, 2889
 Holistic contextual perspectives in risk, protection, and competence among low-income urban adolescents, 4165
 Hostility and health: Current status of a psychosomatic hypothesis, 17129
 Individual and psychosocial risk factors, 22655
 Neuropsychological and neuroendocrine factors, 22664
 Positive adaptation among youth exposed to community violence, 4154
 Posttraumatic stress disorder, allostatic load, and medical illness, 10844
 Prevention programs, 23115
 Primary prevention of depression, 8398
 Promoting resilience through early childhood intervention, 4161
 Psychological and nonpharmacological aspects of agitation and behavioral disorders in dementia: Assessment, intervention, and challenges to providing care, 2279
 Psychological and nonpharmacological aspects of depression in dementia, 1362
 Psychological evaluation and nonpharmacologic treatment and management of Alzheimer's disease, 1891
 Reasoned action and social reaction: Willingness and intention as independent predictors of health risk, 16048
 Research on resilience: An integrative review, 4157
 Risk and protective factors for children of depressed parents, 4155
 Risk and resilience in children coping with their parents' divorce and remarriage, 4156
 Secondary prevention of anxiety disorders, 8401
 Secondary prevention of depression: Risk, vulnerability, and intervention, 8400
 Sexual abuse of boys: Short- and long-term associations and implications for HIV prevention, 1633
 Sexual abuse of girls and HIV infection among women: Are they related?, 1629

Tertiary intervention for anxiety and prevention of relapse, 8397
 Tertiary intervention for depression and prevention of relapse, 8393
 Understanding and predicting homicide in cases of intimate partner domestic violence, 4725
 Understanding the impact of risk factor test results: Insights from a basic research program, 16277
 Young workers' occupational safety, 2963
Risk Management—Serials
 adolescents; gays; lesbians; bisexuals; harm reduction; school environment; gender identity; at risk populations; mental disorders, 14631
 behavioural concept; economic concepts; strategic management; risk management, 23981
 child maltreatment; case reviews; Area Child Protection Committee; child abuse; child neglect, 8783
 dangerous children; risk assessment; risk management; violent acts; child health workers, 34362
 dual relationships; professional psychology; psychotherapy patients; extratherapeutic alliances; ethics; therapeutic benefit; risk management; decision-making model, 23747
 Enron; management methods; corporate America; strategic mistakes; risk management; business environment, 17817
 environmental legitimacy; firms; impression management; stock market risk; natural environment; stockholders' expectations, 36360
 epidemics; sexually transmitted disease; HIV; African Americans; adolescents; risk reduction, 14337
 gay men; human immunodeficiency virus; HIV; highly active antiretroviral therapy; HAART; public health; HIV prevention; drug users; risk avoidance, 2339
 globalization; domestic violence; crime; responsibilities; government policy; risk management, 35008
 Good Lives Model; offender rehabilitation; risk factors; recidivism; risk management; criminogenic needs, 26784
 health professionals; training; suicide risk management; clinical staff; suicide assessment training; suicide recognition, 29877
 high-level nuclear waste; siting controversy decisions; siting decision making; policies, 36487
 HIV prevention; heterosexual contacts; risk management; sexual contacts; communication; condom use; sexual risk management; heterosexual relationships, 11178
 HIV; risk-reduction strategies; substance abusers; behavior change; risky sexual behavior; AIDS; African Americans; risk factors; alcohol abuse; drug abuse, 14046
 innovation; siting dilemma; environment; stigmatization; project sustainability; waste facilities, 36480
 occupational mental health; work; employment; risk management; Europe, 36330
 organ transplantation; cystic fibrosis; CF; medical interventions; risk perceptions; gene replacement therapy; donor characteristics; autosomal recessive genetic disease; donor organs; health, 17179
 personal responsibility; natural disasters; tornado; mitigation; life experiences; preparedness actions; threat appraisal, 10465
 risk assessment; counsellor training courses; mental health; policy development; risk management; mental health care, 26821
 risk assessment; dangerousness prediction; psychological factors; mental disorders; risk management, 8356
 risk awareness; risk treatment; vascular risk factor; risk control; African American; stroke patients, 4952
 risk communication; closed circuit television; risk control; policy debate; public space usage, 22151
 risk regulation; institutional factors; health; safety; risk perception; regulatory officials; policy processes, 17814
 risk taking behavior; menstrual cycle; rape; ovulation; ovarian cycle; women; nonrisk behavior, 4444
 scenarios; integrated risk management; management tool; business; real option analysis; scenario planning, 23989
 social benefits; rule of rescue; avoidable death; identifiable individuals; shock horror response; lifesaving measures; utilitarianism; cost effectiveness analysis, 16294
 terror management theory; health behavior; terror management defense; fitness intentions; death and dying; self-esteem; psychological effects; mortality, 10442
 transference; countertransference; risk management strategies; sexual misconduct; boundary violations; social work practice, 5805
 treatment programme delivery; offender responsibility; risk management; offender rehabilitation, 26785
 violence; health care safety; cultural theories; biological theories; sociological theories; psychological theories; risk management strategies; health care settings; emergency services personnel, 34955
 violent behavior; behavior management; correctional institution; risk assessments; institutional violence; risk management; risk factors, 16466

Risk Perception—Serials

violent forensic patients; rehabilitation approaches; progression ladders; ProLad; milieu treatment approach; risk management, 26762
Risk Management—Chapters
 Child sexual abuse and HIV: An integrative risk-reduction approach, 2358
 The dual nature of forensic psychiatric practice: Risk assessment and management under the Dutch TBS-order, 18033
 Ethical, clinical and risk management issues in rural practice, 5758
 Resilience and growth in high-risk professions: Reflections and future directions, 20939
 Sexual assault revictimization: Toward effective risk-reduction programs, 1957
Risk Perception—Serials
 Balloon Analogue Risk Task; risk taking propensity; self-report assessment; high school aged adolescents, 98
 bar safety; physical aggression; bars; risk assessment; intervention effectiveness; Safer Bars intervention, 28167
 battered women; batterer intervention; perceptions of risk; heavy drinkers; women's perceptions; reassault; perceptions of safety, 1579
 battered women; risk factors; reassault; risk perception; risk assessment; Kingston Screening Instrument for Domestic Violence Offenders; Danger Assessment Scale; Spousal Assault Risk Assessment, 25813
 biased reasoning; self-relevance; feedback reactions; feedback valence; expectedness; consistency; adaptive responses; negative feedback; health risk feedback; cholesterol level; positive feedback, 12666
 breast cancer; risk perception; optimism; cancer worry; positive expectancy; distress, 29071
 Canadian intercollegiate sport; precaution culture; risk culture; treatment; student-athletes; sports medicine clinicians; injured athletes; body healing, 1947
 cancer; family history; relatives; risk perceptions, 16299
 capacity-building; community development; at risk youth; rural environments; risk assessment; collective efficacy; political changes; community health; action research project, 14410
 CHD; college men; college women; risk perception; coronary heart disease; heart disease, 17227
 chlorinated drinking water; cancer; chlorinated disinfection byproducts; CDBPs; Canadian print media; public health; metaphors; cancer risk; risk perception, 15886
 computer based cancer risk communication; risk perception; colorectal cancer prevention; risk communication aid; tool effectiveness, 35233
 coping behavior; colorectal cancer; risk perception; worry; health behavior; survivors; behavior change, 29073
 decision making styles; judgments; intuitive decision making; analytical decision making; intuitive skill; private consumer decisions; decision outcome; perceived control; risk perception, 3376
 distal factors; risk perception; personality constructs; emotional stability; governmental risk mitigation; personal risk, 22367
 drug use; unsafe sexual behavior; interpersonal victimization; alcohol consumption; risk cognitions; aggressive behavior; trauma, 31897
 earthquakes; life loss; property loss; cultural change; social change; natural disasters; man-made disasters; risk information, 28172
 egocentrism; risk perceptions; sensation seeking; smoking & nonsmoking adolescents, 34326
 employee risk preferences; organizational control; employee attitudes; pay for performance; behavioral outcomes, 30206
 environmental sociology; environmental epidemiology; social construction; risk perception; opencast coalmining; asthma; UK; respiratory health; general practitioner; GP; parental concern, 1747
 expert attitudes; lay attitudes; food risk; personal value systems; expert-lay discrepancy; risk perception; communication of risk; lay handling risk; knowledge deficit; public trust in institutions, 14820
 external environment; waste incinerator; risk perception; mental health; living environment, 21007
 family-related allocentrism; familism; allocentric attitudes; HIV risk behavior; perceived vulnerability; cultural differences, 1150
 food safety; risk communication; scientific experts; general public attitude; risk management; risk analysis; science communication model, 5738
 gene technology perception; food risks; genetically engineered food; food hazards; political beliefs; genetically modified food; biotechnology; risk perception; gender differences; processed food, 5507
 health behaviors; medication side effects; patient type; risk perception; intention to comply; prescriptions, 26520
 HIV infection; AIDS knowledge; risk perception; demographic characteristics; cognitive risk factors; behavioral risk factors; gender differences, 26080

- HIV prevalence; perceived risk; knowledge level; sexually transmitted infections; symptoms; risk perception; sexually transmitted disease prevalence, 17245
- HIV testing; information provision; risk perceptions; HIV serostatus; social factors; health responsibility; social stigma; patient provider interaction; anxiety, 23473
- holistic conceptualization; physical aspects; social aspects; social risk; scientific risk; risk states, 25369
- inhibitory difficulties; anxiety sensitivity; threat perception; homographs; meaning, 28446
- injecting drug users; condom usage; demographic characteristics; vulnerability perception; sex partners; self-efficacy; response efficacy; social norms; sexual behavior, 14329
- lesbian women; interpersonal relationships; social construct; HIV vulnerability; whites; sexually transmitted infection; community membership, 2330
- local television news; news content; fear; crime; US residents; perceived risk; television viewing, 15895
- Lyme disease; risk perception; risk behavior; vaccination behavior; behavior motivation hypothesis; risk reappraisal hypothesis; accuracy hypothesis, 20498
- mammography adoption; risk perceptions; benefit perception; barrier perception; precontemplation; relapse precontemplation; aging; beliefs; susceptibility, 8662
- maternal perceptions; drug use during pregnancy; perceived risk; drug use attitude; treatment seeking & non-treatment seeking drug-using pregnant women; non-drug-using pregnant women; harmful effects, 1661
- men who have sex with men; HIV infection; risk perception; Vietnam, 20504
- misperceived risk; urban female adolescents; social factors; psychological factors; sexual risk behavior; risk perception accuracy; risk knowledge; partnership duration; unprotected sex; HIV; AIDS, 992
- negotiation process; political context; linkage politics; strategic effects; risk perception; multiple issue politics; behavior misperception, 13359
- new project; outsiders; information acquisition; risk factors; information leakage; propriety costs; investment implications; consultations; project implementation; project production; moral hazard, 2928
- obsessive personality disorder; contamination fear; disgust sensitivity; disgust elicitor; contagion; score prediction; measurement; contamination obsession; washing compulsion; disgust emotion scale, 16457
- Omission bias; Preference for harm; Action bias; individual differences; normality; vaccination; harm caused by omissions; harm caused by acts, 31523
- organ transplantation; cystic fibrosis; CF; medical interventions; risk perceptions; gene replacement therapy; donor characteristics; autosomal recessive genetic disease; donor organs; health, 17179
- patch choice; patch quality; predation risk; foraging decisions; temporal information; chipmunks, 27683
- perceived risk; family history; breast cancer; prostate cancer; colon cancer; heart disease; diabetes, 4875
- personal & social comparison information; emotional impact; cognitive impact; health risk; personal risk, 25344
- pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28082
- pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28083
- pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28087
- pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28088
- prophylactic oophorectomy; ovarian cancer; increased risk; perceptions of risk; psychosocial correlates; sociodemographic factors, 14261
- prostate cancer; screening behavior; risk perceptions; family history, 16701
- public perception; scientific uncertainty; food hazards; pesticide risk; genetic modification; societal control, 22153

- risk awareness; risk treatment; vascular risk factor; risk control; African American; stroke patients, 4952
- risk communication; closed circuit television; risk control; policy debate; public space usage, 22151
- risk perception; HIV infection; sexual behavior; behavioral change; AIDS; risk sexual behavior; sociodemographic factors, 13378
- risk perception; irritable bowel syndrome; perceived susceptibility; health & non-health threats; risks, 26028
- risk perception; risk acceptance; dispositional optimism; individual differences; decision making, 25384
- risk perceptions; disease risk; consumer evaluations; restaurant menu items; nutrition information; health claim; consumers' attitudes; nutrition-related attitudes; source credibility judgments, 33341
- risk perceptions; lay advice; prenatal alcohol use; prenatal cigarette use; advice-giving role, 20506
- risk perceptions; stress; explosion threat; railroad accident; hazardous material, 24104
- risk rating; probability measurement; risk rating scale; assessed survival chances; risk perception; imperfectly perceived risks; probability inconsistency; precision measurement, 3154
- risk regulation; institutional factors; health; safety; risk perception; regulatory officials; policy processes, 17814
- risk taking; risk perception; health behavior; addictions, 11615
- risk; subjective health; victims; Chernobyl disaster; psychological distress; self-reported health problems; nuclear power plant accident, 6141
- risks; local perceptions; pollution concerns; chemical factory; local life, 36479
- risks; types of smokers; tobacco; smoking; smoking cessation, 942
- social domains; intersubjective communication; intellectual tradition; contemporary problems; public participation; risk; public participation, 25354
- sociodemographic variables; food safety; food hazards; food chain; pesticides; Salmonella; fat, 33331
- subjective trust; risk taking; behavioral trust; personal characteristics, 34662
- trust and reciprocity decisions; trustors; trusted parties; differing perspectives; trusting actions; reciprocity responses; trust game; social and economic interactions; risk; benefit, 31495
- urban sociology; place; health risks; health beliefs; health behavior; health sociological theory; urban ecology; physical health; mental health; neighborhood residents, 24098
- wheelchair-dependency; multiple sclerosis; risk perception; expectations, 22817
- white males; gender differences; risk perception; health hazards; technology hazards; racial and ethnic differences, 16296
- women; family history of breast cancer; at risk populations; breast cancer risk; perception; surveillance behaviors; distress; screening behavior; coping skills; personality; quality of life, 11196
- Risk Perception—Chapters**
Exploring the links between risk perceptions and preventive health behavior, 2371
Social-cognitive Factors in health behavior change, 2366
The systematic influence of gain- and loss-framed messages on interest in and use of different types of health behavior, 17276
- Risk Populations [See At Risk Populations]**
- Risk Taking [See Also Gambling, Sexual Risk Taking]—Serials**
actor-observer differences; safety interventions; risky driving; young drivers, 31527
adolescent psychosocial behavior; substance use; risky driving, 19647
autonomic responsiveness; Huntington's disease; decision making; risky decision task; gambling; skin conductance response, 19954
Balloon Analogue Risk Task; risk taking propensity; self-report assessment; high school aged adolescents, 98
body piercing; risk behavior; sociodemographic factors; substance abuse; peers; sexual intercourse; violence; antisocial behavior; mood problems, 28841
brand credibility; brand choice; multiple product categories; consumption risks; consumer perception, 33347
childhood peer rejection; aggression; externalization; health risk behavior, 10252
children's decision making; risky choice; individual differences, 10190
children; traffic; safety; risk taking; pedestrians; street crossing; decision making, 4078
conflict theory; individual risk taking; group risk taking; internal conflict; nonimpulsive decisions; reactions; feelings; defense mechanisms; methodological problems; military training; young males, 4345
crash experience; risk taking; urban youth; rural youth; motorcycle crash, 30284
cynical hostility; socioeconomic position; symptom load; health risk behavior, 31657
dangerous sports; recreational drug-use; Interpretative Phenomenological Analysis; risky decision, 31448
decision making; individual differences; risky decisions; skin conductance responses; somatic activities; choice behaviors; human behavior; risky choices, 9945
decision making; risk taking; aging; age differences; impulsivity, 28101
dementia; living alone; managing risk; risk taking, 14424
depression severity; injection drug users; HIV risk behavior; injection risk behavior; laws; major depression; substance abuse; dysthymia, 25492
depression severity; injection drug users; HIV risk behavior; injection risk behavior; major depression; substance abuse; dysthymia, 25487
diazepam; disinhibitory cognitive effects; executive tasks; neuropsychology; risk taking, 27875
diazepam; taste perception; risk-taking; consummatory behavior; health risk behavior, 18719
financial products; consumer investment goals; risk seeking, 33361
future orientation; impulsive sensation seeking; alcohol problems; alcohol use; cigarette smoking; marijuana use; hard drug use; health outcomes; risk behavior; sexual risk taking; condom use, 25485
health education practice; health services; youths; health risk behaviors; health status; health care utilization; mental health; reproductive health; strategies, 32658
health-related quality of life; inner city girls; health care use; adolescents; high risk behavior; self-perceptions of health, 11781
health-related quality of life; inner city girls; health care use; adolescents; high risk behavior; self-perceptions of health, 11804
health-risk behaviors co-occurrence; middle school students; Beijing; Chinese youth; multiple health-risk behaviors, 5514
HIV risk behaviors; injection risk behaviors; geographic location; social structure; role strain; injection sharing; sociodemographics; peer beliefs; Puerto Rican injection drug users, 10965
Human Immunodeficiency Virus; risk behaviors; incidence; Thai adults; counseling; testing; urban communities; Human Immunodeficiency Virus; prevention, 35608
hyperbolic discounting; emotional satisfaction; impulsive behavior; self-control; risk taking, 3407
impaired driving behavior; college students; web-based daily assessment; retrospective timeline followback; risk behavior, 36493
information sources; risky choice; risky prospects; rare events; decisions; experiences, 30671
injection drug users; HIV transmission risk; gender; substance use behavior; HIV related knowledge; sexual behavior; Russia; adolescents; young adults, 10987
Lyme disease; risk perception; risk behavior; vaccination behavior; behavior motivation hypothesis; risk reappraisal hypothesis; accuracy hypothesis, 20498
multiple sexual partner behavior; adolescent girls; risk behavior; condom use; health behavior; sexually active, 34550
neutralization theory; risk denial; cannabis use; French adolescents; contemporary societies; risk profiling; ethnographic studies; marijuana smokers; risk culture; unhealthy behaviours, 16029
New York City; Puerto Rico; HIV risk behaviors; intervention services; Puerto Rican Drug Injectors; migration status; homelessness; risk level; injection drug users, 4916
partial derivatives; comparative risk behavior; utility functions concavity; mean-variance analysis, 6409
pathological gambling; casino gambling; alcohol consumption; risk factors, 35024
pathological gambling; gender; risk taking behavior; outpatient treatment program, 31884
preservice teachers; innovative practice; practicum; cooperative learning; risk-taking; student teaching, 8989
prevalence; problem gambling; risk taking behaviors; undergraduates, 31861
public religiosity; private religiosity; drug usage; sexual intercourse; adolescent health; adolescents; risk behavior; smoking; birth control; emotional distress; attempted suicide; violence, 10143
religious activity; African American adolescents; sexual intercourse; cigarette use; marijuana use; risk behavior, 25062
resilience; risk-taking behavior; African American girls; mother-daughter connectedness; time perspective; impoverished, 28098
risk behaviors; family; self esteem; school; suicidality; suicidal ideation; substance abuse; South African adolescents; global self worth; sports; peers; athletics; body image, 31266
risk perception; risk acceptance; dispositional optimism; individual differences; decision making, 25384
risk sensitivity; resource availability; concurrent-chains choice behavior; risk sensitivity theory; rate maximization theory; delay-reduction theory; pigeons, 15397

risk takers; romantic partners; nonromantic partners; men; women; gender differences; preferences; desirability, 28385

risk taking behavior; menstrual cycle; rape; ovulation; ovarian cycle; women; nonrisky behavior, 4444

risk taking behavior; mutual fund tournaments; cash inflows; performance gap, 23350

risk taking skills; old age; young adults; age stereotypes, 10124

risk taking; offender profiling; risky behavior; sensation seeking; military personnel, 27145

risk taking; risk perception; health behavior; addictions, 11615

risk-taking propensity; entrepreneurs; managers, 12279

risk-taking propensity; entrepreneurs; managers, 12281

risky behavior; threepronged stickleback; endocrine disrupting chemicals; reproductive traits; birth control pill; post-menopausal hormone replacement therapy, 21811

risky choices; obsessive-compulsive disorder; cognitive processes; risk; guilt; moral values, 24450

risky lifestyles; dating violence; violent victimization; risk factors adolescent dating relationships, 34330

scuba diving; risk taking; Terror Management Theory; death reminders; self esteem; mortality salience; self efficacy, 27133

self-framing; decision making; hedonic tone; choice; risk preference; framing effects, 9690

sensation seeking; deliberation; risk taking activities; college students; decision making, 13472

sensation seeking; risk taking; driving; mortality salience, 7701

social psychological theory; risk-seeking behavior; group decision-making; male social drinkers; placebo groups; alcohol intoxication, 25235

social roles; health risk; social niche specialization; health care; prestige; altruism; cooperation; costly signaling, 3588

stress; trauma; risky sexual behavior; American Indians, 31580

subjective trust; risk taking; behavioral trust; personal characteristics, 34662

suicide; high risk taking behavior; coping style; homeless adolescents; psychological adjustment; human males, 28852

surfing; golf; socially acceptable risk-taking; sensation seeking; experience seeking; personality characteristics; experience openness; participation motives; risky sports, 14806

technical information; information inquiry behavior; organizations; learning orientation; risk-taking propensity; self-efficacy, 14794

terrorist attack; decision making; risk taking; emotional insecurity; September 11, 12670

tobacco product use; smoking experience; cigarette smokers; smokeless tobacco; risky behaviors; California adolescents; cigars; bids; safety beliefs; tobacco promotion receptivity; nicotine tolerance, 10236

Risk Taking [See Also Gambling, Sexual Risk Taking]—Chapters

Ecological risk aversion in juvenile primates: Slow and steady wins the race, 3553

A longitudinal study of the reciprocal nature of risk behaviors and cognitions in adolescents: What you do shapes what you think and vice versa, 15927

Predicting young adult's health risk behavior, 16309

A social reaction model of adolescent health risk, 2362

Trauma, posttraumatic stress disorder, and health risk behaviors, 10846

Victimization and health risk behaviors: Implications for prevention programs, 5397

Young workers' occupational safety, 2963

Risperidone—Serials

acute mania; treatment settings; mood stabilizer; quetiapine; risperidone; switch, 14172

acute treatment; psychotic agitation; oral treatment; intramuscular treatment; risperidone; lorazepam; haloperidol, 23228

adjunctive medication; long-acting risperidone; schizophrenic symptoms; comorbid conditions; drug side effects, 17070

adjuvant glycine; olanzapine; risperidone; negative symptoms; cognitive symptoms; treatment-resistant schizophrenia; NMDA receptors, 11499

adolescent schizophrenia; first-episode schizophrenia; effectiveness; safety; tolerability; adolescent-onset schizophrenia, 2240

adverse effects; antipsychotics; medication adherence; erectile dysfunction; sexual side-effects; risperidone therapy; quetiapine; diabetes; metabolic acidosis; retrograde ejaculation; drug dosage, 26405

alcohol hallucinosis; treatment refractory; neuroleptics; risperidone; amisulpride; selective serotonin reuptake inhibitor sertraline; remission, 23244

Alzheimer's disease; risperidone; sleep/wake patterns; wandering; aggressiveness; dopamine receptor; binding potential, 26401

anatomo-functional brain variables; basal symptoms; risperidone response; schizophrenia; temporal lobe; positron emission tomography; magnetic resonance imaging; brain metabolism, 5316

antipsychotic drugs; aripiprazole; risperidone; upcoming conferences, 2220

autistic disorder; risperidone treatment; extrapyramidal side effects; drug tolerability; antipsychotics drugs, 23241

bipolar disorder-maniac episode; prolactinoma; risperidone; drug therapy, 17063

cabergoline treatment; risperidone-induced hyperprolactinemia; atypical antipsychotic risperidone; endocrine side effects; sexual side effects; drug tolerance; drug dosage; patient compliance, 20300

Charles Bonnet syndrome; visual hallucinations; childhood experience; treatment; risperidone; ophthalmologic disorders; elderly patients, 1896

drug actions; clinical trials; clinical efficacy; risperidone monotherapy; mania; antipsychotic drugs; schizophrenia; selective serotonin reuptake inhibitors, 32477

drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20303

drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20298

drug utilization; risperidone; outpatients; tertiary referral hospital; schizophrenia, 29356

elderly patients; schizoaffective disorder; negative symptoms; positive symptoms; olanzapine; risperidone; atypical antipsychotics; extrapyramidal symptoms; hospital inpatients, 5295

erectile function; nocturnal penile tumescence; risperidone; erectile dysfunction; testosterone; prolactin levels; schizophrenia, 20398

extrapyramidal side-effects; bipolar disorder; mania; risperidone; monotherapy, 14195

haloperidol administration; QTc prolongation; schizophrenia; risperidone; tachycardia; haloperidol, 5322

haloperidol; mortality rate; geriatric patients; olanzapine; risperidone, 29361

hyperprolactinemia; elevated prolactin levels; antipsychotics; clinical effects; risperidone; schizophrenia, 2168

long-acting risperidone treatment; treatment switching; client education; client attitudes, 17089

long-term therapy; acute therapy; schizophrenia; risperidone; atypical antipsychotics; side effects, 11539

low drug dosages; risperidone; first-episode psychosis; schizophrenia; schizophreniform disorder; schizoaffective disorder; drug therapy, 20336

mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11347

milnacipran; risperidone; major depression; drug therapy; antidepressant drugs, 20402

nerve growth factor; choline acetyltransferase expression; rat hippocampus; haloperidol; risperidone; olanzapine; spatial learning performance; cholinergic neurons; cognitive function; schizophrenia, 21890

neuroleptic malignant syndrome; risperidone treatment; side effects, 35585

obsessive-compulsive symptoms; attention deficit; mild mental retardation; risperidone treatment; aggression; children; chronic tic disorder; adverse effects, 23238

obsessive-compulsive symptoms; schizophrenic patients; risperidone, 11569

olanzapine; risperidone; cognition; schizophrenic patients; cognitive functions, 29348

olanzapine; risperidone; cost evaluation; schizophrenia; drug therapy, 8487

oral atypical antipsychotics; noncompliance; long-acting atypical risperidone; schizophrenia management; depot intramuscular antipsychotics; long-acting atypicals, 20281

oxcarbazepine; risperidone; atenolol; overdose; bipolar disorder, 4737

paranoid schizophrenia; risperidone; blepharospasm; drug challenge, 14147

parent-defined target symptoms; autism; risperidone; efficacy assessment in clinical trials, 5263

pervasive developmental disorders; treatment; preschool children; risperidone monotherapy, 2192

pharmacological treatment; treatment strategies; schizophrenia; atypical neuroleptics; haloperidol; treatment effectiveness evaluation; risperidone, 29331

prolactin levels; long-term risperidone treatment; conduct disorder; subaverage intelligence; disruptive behavior disorders, 11486

prolactin levels; risperidone; first-episode schizophrenia, 20308

psychosis; drug therapy; risperidone; haloperidol; olanzapine; effect size; treatment outcomes; side effects; child psychiatry, 11558

quetiapine; risperidone; sexual functioning; schizophrenia; psychotic illness, 11514

risperidone dosage; acute exacerbated schizophrenia; Chinesse, 23260

risperidone efficacy; developmental disabilities; institutional settings, 19751

risperidone therapy; psychotic symptoms; obsessive-compulsive side effects; treatment suggestions, 8502

risperidone; 5-HT receptor gene; schizophrenia treatment; T-C 267 polymorphism; Pro279Leu substitution; Thr92Lys substitutions, 20346

risperidone; acute schizophrenia; antipsychotics, 26418

risperidone; Asperger syndrome; behavior problems, 32418

risperidone; behavioral symptoms; psychological symptoms; cognitive function; activities of daily living; Alzheimer's disease, 11685

risperidone; cue-elicited craving; cocaine dependent patients; cocaine withdrawal; dopamine; serotonin antagonists; schizophrenic patients, 32470

risperidone; delirium; efficacy; safety, 23283

risperidone; destructive behavior; developmental disabilities; antipsychotic medication, 29410

risperidone; haloperidol; delirium; drug efficacy; side effects; treatment; drug therapy, 29338

risperidone; hyperactive symptoms; delirium; drug efficacy; haloperidol, 26390

risperidone; injection; antipsychotic drug; attrition rate; psychiatric patients; psychosis, 17076

risperidone; low dosages; schizophrenia-like symptoms; neuropsychologic deficits; developing schizophrenia; pharmacologic treatment; relatives of schizophrenics, 8542

risperidone; mania; bipolar disorder; mood stabilizers; lithium; valproate; drug therapy, 20413

risperidone; naso-gastric administration; delusions; poisoning; antipsychotic medication; cannabis abuse; weight loss; mental disorders; psychosis, 32450

risperidone; olanzapine; atypical antipsychotics; psychiatric hospital; schizophrenia; treatment efficacy, 20269

risperidone; olanzapine; cognitive functioning; schizophrenia, 5288

risperidone; olanzapine; positive & negative symptoms; chronic schizophrenia; psychotic disorders; psychosis; older patients; efficacy, 2158

risperidone; pharmacokinetics; schizophrenia; tolerability, 32432

risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23265

risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23243

risperidone; quality of life; schizophrenia; hypothalamo-pituitary-gonadal axis hormones; plasma homovanillic acid; prolactin, 5297

risperidone; steatohepatitis; excessive weight gain; paranoid psychosis, 5291

risperidone; tardive dyskinesia; schizophrenia; drug therapy; spontaneous remission, 11463

risperidone; terminally ill; cancer patient; torsades de pointes syndrome; delirium, 35656

schizophrenia; life quality; long-acting risperidone; adverse events; symptoms; patient monitoring, 17036

schizophrenia; safety; adverse events; efficacy; injectable risperidone; extrapyramidal symptoms; adverse events; treatment, 5280

schizophrenic patients; immunology; risperidone; celecoxib; placebo; lymphocytes; cytokines; psychopathology, 20365

serum adiponectin concentration; treatment; olanzapine; risperidone; glucose metabolism; insulin sensitivity; adiposity; drug therapy, 35576

serum creatine kinase; risperidone; catatonic psychosis; adolescent, 11501

sexual dysfunction; retrograde ejaculation; risperidone; medication adherence; antipsychotics, 20352

sexual maturation; growth; risperidone; children; disruptive behavior disorders, 26357

sildenafil; drug compliance; risperidone-treated patients; schizophrenia; erectile dysfunction; drug efficacy; drug safety, 17144

sleep-related eating disorder; risperidone; multiple lacunar infarctions; drug dosage; side effects; memory; ingestion, 20353

spatial working memory; working memory performance; anticholinergic effects; treatment-resistant schizophrenia; neurocognitive effects; risperidone; haloperidol; spatial reference memory, 25656

tic reduction; risperidone; pimozide; electrocardiogram changes; weight gain; side effect profiles; children; adolescents; Tourette's syndrome; chronic motor tic disorder, 14144

Tourette syndrome; risperidone; drug treatment; safety; efficacy; tics; symptom severity, 8639

treatment outcome; chronic schizophrenia; risperidone, 26420

vacuous chewing movements; antipsychotics; haloperidol; risperidone; rats; catalepsy states; drug dosages, 13035
visual attention; schizophrenia; eye movement; risperidone; haloperidol; antipsychotic medication; facial emotion perception, 2238

weight change; leptin change; risperidone; autism; developmental impact; temporal characteristics; drug dosage, 32460

weight gain; elderly patients; risperidone-treated patients; schizoaffective disorder; olanzapine treatment; metabolic changes; smoking status, 14156

Ritalin [See Methylphenidate]

Rites (Nonreligious)—Serials

adult attachment representations; family ritual quality; predictors; stability; cohesiveness, 1094
disability experience; cultural shift; culture effects; health barriers, 28555

dying; Hispanic population; customs; traditions; social ritual; familial ritual; faith; loss, 31295

identity markers; Churchill home; England; Englishness; artifacts; symbols; kinship rituals, 16138

interpassivity; theory of ritual; contemporary art; interactivity, 19244

linkage analysis; sexual offenses; sexual offenders; modus operandi; ritual behavior; fantasy; signature, 25925

linkage analysis; sexual offenses; sexual offenders; modus operandi; ritual behavior; fantasy; signature, 25926

ritual behavior; children; mother's perceptions; family patterns; rituality; fears; adaptability; cohesion, 10147

Rites (Nonreligious)—Chapters

Classical Buddhist model of a healthy mind, 838
Rites (Religion) [See Religious Practices]

Rites of Passage [See Also Death Rites, Initiation Rites, Marriage Rites]—Serials

Bar/Bat Mitzvah Ceremony; Jewish children; Jewish parents; special education schools; group bar/bat mitzvah ceremonies; learning process; transition; religious experience, 32046

disability experience; cultural shift; culture effects; health barriers, 28555

spiritual dimensions; bar mitzvah; bat mitzvah; religious ceremonies; developmental disabilities; Jewish children, 11086

Rituals (Nonreligious) [See Rites (Nonreligious)]
Rituals (Religion) [See Religious Practices]

Rivalry—Serials

alliance formation; inter alliance rivalry; alliance competition; group dynamics; competitive engagements; firm specific variables, 6038

sibling rivalry; Oedipal rivalry; anxiety; psychoanalysis, 4492

RNA (Ribonucleic Acid) [See Ribonucleic Acid]
Robbery [See Theft]

Robotics—Serials

cognitive science agents; embodiment; situatedness; robotics; internal representation schemas; animal intelligent behavior; embeddedness; self awareness; virtual animals; virtual world, 12382

entertainment robot; elderly people; severe dementia; elder care; occupational therapy, 23634

epigenetic robotics; developmental psychology; cognitive science, 17999

Fuzzy Logic Decision Mechanism; fabric tension; robotized sewing process; neuro-controller; human behavior, 14882

genetic & evolutionary computation; development; mobile robot controllers; physical robot; simulated robot; training phase evolution; lifelong adaptation by evolution; evaluation criteria; algorithms, 12388

human-robot interaction; rescue disaster response; team interaction, 36468

human-robot interaction; robotics; computer-supported cooperative work; technology, 36476

integration of sensorimotor systems; inhibition mechanism; additive mechanism; optomotor reflex; sound-localizing robot; cricket behavior; algorithms; neural networks, 12389

interactive robots; autism therapy; autism; socially intelligent agents; mobile robot; interactive virtual environments, 29415

iterative learning control; linear time varying system; robotics; double differential of error, 24111

learning; articulated behavior; hierarchical neural network architecture; sensory motor learning; behavior generation; chunking, 6162

mobile robot; path space; mobile robot path; unstructured environments; dynamic environments; heuristic path planning algorithm; casebase, 9257

mobile robots; environment map; dead reckoning process; encoder trailer; pose estimation error; maximum likelihood, 14881

motor functions; cognitive functions; rats; auditory discrimination; hippocampal theta; cognitive processes; locomotive activity; P300 event related potentials; robotic model of P300, 7078

motor skill acquisition; developmental robotics; degrees of freedom; neural oscillator; neural pathways; neural entrainment; proprioceptive feedback; task complexity; value-based exploration algorithm, 36494

neural controller; robotic arm; grasping; tactile sensors; sensory motor coordination, 36513

object permanence; infant cognition; agent-based model; robotics; simulation, 15980

original intentionality; robot utterances; robot psychoanalysis; unconscious cognition; intentionality evolution, 12387

robotic welding systems; vision sensing; self-learning neuron control; arc welding; real-time sensing, 24112

robotics; ecology; elderly independent living; aging, 36514

robotics; human-robot interaction; technology, 36515

self adaptive output tracking; active binocular tracking; on-line computation; binocular head trajectories; neural network; mathematical model; robotic systems, 24107

sensor fusion; artificial intelligence; machine learning; mobile robots, 27215

social behaviour; dogs; feeding situation; robots; animal interaction; social partner, 18495

social situatedness; artificial intelligence; cognitive development theory; epigenetic robotics; natural intelligence; Vygotky, 17964

sound tracking; visual tracking; humanoid robots; object tracking, 27216

symbol grounding; artificial intelligence; knowledge representation; robotics; intelligent behaviors; means-ends analysis; insect level intelligence, 30305

vision; manipulation; humanoid robotics; object segmentation; epigenesis; brain, 17998

Robotics—Chapters

A connectionist model which unifies the behavioral and the linguistic processes: Results from robot learning experiments, 6167

Robots with internal models: A route to machine consciousness?, 17992

Rock Music—Serials

communicative pressure; musical styles; music functions; listener; syncope; African music; rock music; tempo; jazz, 34202

rap music videos; African American females; African American adolescents; health risk behaviors; sexually transmitted diseases; HIV prevention program, 14349

Rod and Frame Test—Serials

3D rod-and-frame test; virtual environment; reliability; concurrent validity; scoring methods; older adults; neuropsychological measures, 6347

Rods (Eye)—Serials

mammalian retina; temporal modulation; visual information; temporal property; light stimulation; rod bipolar cells; GABAergic amacrine cells, 21753

photoreceptors; age-related changes; structural changes; functional changes; rod cells; cone cells; juvenile mice; adult mice; aged mice; retinal pigment epithelium; epithelium pigmentation, 6798

Roentgenography [See Also Mammography]—Serials

empirical treatment; test-and-treat strategy; cost-effectiveness; endoscopy; radiography; dyspeptic symptom patients; primary care setting, 29439

Rogersian Therapy [See Client Centered Therapy]

Rogers (Carl)—Serials

Carl Rogers; life; work; client centered therapy; person-centered therapy; humanistic psychology, 20694

cognitive-emotional model; Carl Rogers; person-centered approach; personal growth; cognitive neuroscience, 2001

death; Gustav Fechner; William James; Carl Rogers; B. F. Skinner, 24865

Rohypnol [See Flunitrazepam]

Role (Counselor) [See Counselor Role]

Role Conflicts—Serials

attachment styles; masculine gender role conflict; college men, 28320

boundaries; role conflict; work; family; communication network; symbolic interaction approach; organizations; boundary characteristics; organizational fields; virtual organization; social networks, 36397

business related tensions; business owning couples; emotionally focused therapy; family business conflict; work family life balance, 35456

caregiver role strain; older workers; frail elders; role strain theory; male-female differences, 20586

conflicts of interest; biomedical research; academic-industry research relationships; industry-funded research, 12080

daily hassles; work-family role strain; dual earners; family environment; child characteristics; family expressiveness; child sociality; child temperament; family conflict; mothers; fathers, 10402

domestic violence; gender; therapeutic factors; partner abuse; gender role conflict; partner abuse prevention groups, 3109

family-responsive interventions; perceived organizational support; perceived supervisor support; work-family conflict; psychological strain; managers, 11729

gender role conflict; attitudes toward women; attitudes toward African Americans; White American men enrolled in southern university, 10417

gender role conflict; harassment tolerance; effectiveness of harassment training; psychoeducation program; men, 11342

gender role conflict; male partners; female perceptions; psychological well being; relationship satisfaction, 28318

gender role conflict; personality style; masculine gender role; men; prison inmates, 10418

health complaints; affective well-being; child care workers; Work-Home Interference; workload; subjective health, 9093

ingratiatory behaviors; job involvement; self-esteem; role ambiguity; opinion conformity; self-promotion; organizational settings, 36339

inter-role conflict; life satisfaction; sense of coherence; working mothers, 19077

job satisfaction; role ambiguity; role conflict; role stress; work-family conflict; gender roles; work related role stress, 14763

job satisfaction; role ambiguity; role stress; nursing education; role overload, 14575

job satisfaction; social workers; organizational conditions; professional development; role ambiguity; role conflict; mental health care; intention to leave, 29897

job stressors; political skill; role conflict; strain; psychological anxiety; somatic complaints, 36346

life role salience; life satisfaction; role strain; coping efficacy, 34699

male psychological distress; problem solving appraisal; masculine role conflict; depression; anxiety; social support dissatisfaction, 28309

managed care; clinical social worker; mental health care; clinical psychologists; psychiatrists; role conflict; competition; utilization; mental health practitioners; treatment; case management, 5528

negative affectivity; type A personality; big five personality traits; work-family conflict, 9090

organizational justice; stress; work-family conflict; interpersonal injustice; distributive injustice; procedural injustice; informational injustice; faculty members; family life; interface management, 24002

postgraduate students; PhD students; roles; doctoral education; teaching loads; subject knowledge; professional identity; conducting research, 36084

role ambiguity; primary caregiver; dyadic relationship; care recipient; family caregiving; caregiver role, 20594

role conflict; dual career families; household chores; female managers; significant correlate; career development, 13331

role enhancement; role strain; multiple productive roles; older caregivers; caregiver well-being, 32723

role strain; low income mothers; parenthood; employment; family responsibilities, 34492

work-family conflict; Spanish employees; gender differences; job mobility; job-related benefits; job flexibility; role conflict; traditional gender roles, 31345

working women; multiple roles; coping styles; subjective well being; social support; employment reasons; marriage, 1141

Role Conflicts—Chapters

The nature of peacekeeping stressors, 2992

Role Expectations—Serials

adolescent boys; gender role strain paradigm; gender norms; masculinity; group psychotherapy; adolescent psychotherapy, 2073

correspondence bias; dispositional inference; fundamental attribution error; questioner superiority effect; social roles; role-constrained behavior, 1208

gender differences; adolescent academic achievement; interests; values; life-role expectations; age differences, 33130

gender-role attitudes; ethnic change; Chinese Canadian couples; role expectation; role performance, 13375

health educators; employed parents; role theory; primary caregivers; coping strategies; chronic illness; emotional needs; ill child, 23449

Physician experiences; late-stage HIV patients; dying patients care; physician role; palliative care; end-of-life care; role hindrance; highly active antiretroviral treatments; HAART, 11717

predictive genetic testing; cancer; talking to relatives; family communication; social roles; expectations, 29064

psychosocial issues; physicians; role perception; palliative care; hospital staff collaboration; psychosocial care, 5645

Role Expectations—Books

Role Expectations—Books

Other people's kids: Social expectations and American adults' involvement with children and adolescents, 4090

Role Models—Serials

careers; cognition; developmental relationships; mentoring; modeling; role models; career development; theory; research, 30130

collective identity; basketball; African-American youth; baseball players; cultural shifts; self-identity; sports, 2971

Mexican-origin youth; adolescents; immigrant Latino youth; social networks; role models; significant figures; adult mentors; support networks; urban youth, 7442

primary care; career choice; training; encouragement; personal characteristics, 17779

primary care; career choice; training; encouragement; personal characteristics, 17783

race; college students; career role models; role model influence; career intervention, 36189

role model preferences; behavior changes; motivators; additive behavior; subtractive behavior, 34689

role models; self-esteem; college students; men; women, 25393

Role Perception—Serials

correspondence bias; dispositional inference; fundamental attribution error; questioner superiority effect; social roles; role-constrained behavior, 1208

Full Resource Partnering Questionnaire; role perception; job description; partner role; parent role; family relationships, 12470

human resource management; innovation culture; organizational culture; high performance work practices; human resource practitioners; role perception; work practice adoption, 20921

international students; professional psychology programs; training and supervision; acculturation; role ambiguity; multicultural discussions, 23707

performance appraisal system; level of satisfaction; organizational justice; public sector organizations; role perceptions, 33247

racial bias patterns; context evaluations; differential evaluations; role cues; student roles; factory worker; prisoner; churchgoer; social roles; automatic evaluation, 28416

registered nurses; pregnant women; men in nursing; obstetrical nursing; perception; positive attitude; nurse educators; teaching strategy, 17548

sport coaches; coach role; youth teams, 20974

therapist; scientist; roles; occupational therapist; occupational scientist, 17543

Role Perception—Chapters

To control or not to control stereotypes: Separating the implicit and explicit processes of perspective-taking and suppression, 4418

Role Playing—Serials

cognitive-behavioral approach; drama therapy; role-playing; irrational thinking; emotional experience; substance abuse addiction treatment, 8443

collaborative virtual role-play environment; stories characterization; children's imaginative writing; computer game; Ghostwriter, 21035

curriculum; eidetic imagery; role playing; creative-dramatic processes, 14644

dissonance reduction; cognitive dissonance; dissonance theory; forced compliance; multiple value repertoires; values, 28438

role play; choice theory; reality therapy; lead management; teaching methods, 32934

role play; residents awareness; medical student; mistreatment; teacher-learner relationship, 5770

role-playing; pedagogy; leader training; decision making; thinking skills; interpersonal skills, 27064

shadow exercise; role-play exercise; instructional tool; diversity education; psychology education, 33084

Role Satisfaction—Serials

older people; well-being; employment; retirement; environmental characteristics; role preference; life satisfaction, 31613

role enhancement; role strain; multiple productive roles; older caregivers; caregiver well-being, 32723

Role Strain [See Role Conflicts]

Role Taking—Serials

cognitive learning principle; role acquisition strategies; professional actors; active learning device; active experiencing principle, 30731

neural correlates; neural activity; first person perspective; self-consciousness; perspective taking; ground view; aerial view; egocentric reference; reaction times; eye movement, 24627

perspective taking; serial adjustment; egocentric anchoring; egocentric biases; time pressure; adjustment process, 34586

perspective-taking; developmental profile; operant behavior; relational responding; Relational Frame Theory; age differences, 15970

Piagetian perspective taking development; metacognitive development; theory of mind development; mentalistic knowledge; mental states; individual & cultural differences; primate species differences, 34273

prejudice; perspective taking; self evaluation; self-esteem; outgroup evaluation, 22306

rape; heterosexuality; epistemology; social psychology; pragmatism, 7584

social interaction; cognitive development; perceptual role-taking skills; deaf children; hearing children; theory-of-mind; affective role-taking, 26183

social perspective taking; aptitude conceptualization; interpersonal conflict resolution, 31478

Roles [See Also Counselor Role, Parental Role, Sex Roles, Therapist Role]—Serials

asynchronous discussion; collaborative learning; networked learning; online communities; group awareness; role development; content analysis; critical event recall, 33062

Big Five personality traits; organizational skills; conflict; facilitation; work & family roles, 12298

Carlisle Research Co-op; person-led research; self-advocacy movement; learning difficulty; labels; support roles, 28923

collaborative treatment; treatment providers; client attitudes; professionals role, 35715

consultants; confidant; role guidelines, 36262

emotional intelligence; accountability; executive coaching; authority; executive performance & development; organizations; responsibility; interpersonal & informational & decisional roles, 2911

family members; family therapy; hinge; family position; family role, 11436

grounded theory methodology; corporate environment; communist party; supervisory board; Chinese corporate environment, 30231

group efficiency; functional roles; small groups; group performance; group collaboration; computer-supported collaborative learning; perceived group efficiency, 19129

innovation implementation; bureaucratic job structuring; person-job integration; workplace; healthcare organizations; perceptions; incumbents; roles; performance; burnout, 20896

inpatient referrals; clinical psychologist; hospice; inpatients; consultation role, 29580

life role salience; life satisfaction; role strain; coping efficacy, 34699

literacy-related play; teacher roles; play experiences; kindergarten teachers, 30016

mental health services; health professionals; patient roles; consumer roles; power; marginalization practices; consumer partnerships, 29638

mentoring; mentor role; co-operating teacher; student teacher; moral support; trust; expertise sharing, 8981

Mexican American women; domestic health work; healthy environments; household activities; healthy individuals; women's roles, 16198

nursing; social approach; social model of disability, 26789

peer perception; self perception; teacher perception; aggressors; victims; defenders; preschoolers, 2817

personhood; life-course; Hindu Indian womanhood; social roles; urban middle-class; self concept; urban middle-class Gujarati Hindu; life course change; family role; collective cultures, 31415

pre-service psychologists' attitudes; school psychologist's role; metaphors; psychology students, 9051

psychoactive substance use; improved role for nurses; education; training, 29885

role ambiguity; sports teams, 9143

role stressors; optimistic expectations; women's roles; caregiver; mother; wife; employee; stress, 31553

role stressors; role conflict; service organization; customer-oriented boundary-spanning behaviors; role ambiguity; front line service employees, 14762

role title grids; construct structure; repository grid; element specification; grid data structure; grid construct classification, 25399

self-complexity; coping; traits; roles; behaviors; stress, 28481

small groups; organizations; roles; relationships; group theory & theories, 6039

social roles; health risk; social niche specialization; health care; prestige; altruism; cooperation; costly signaling, 3588

speech-language pathologist; pathologist role in schools; language, 14640

sport coaches; coach role; youth teams, 20974

subordinate layoffs; managerial reaction; managerial role; control preferences; layoff decision making, 17819

test performance; scaling assumptions; test reliability; test validity; role functioning scales; role physical; role emotional, 27371

therapist; scientist; roles; occupational therapist; occupational scientist, 17543

undergraduate psychology students; judgement tasks; reasoning strategies; roles; perceptions of psychology; role taking, 2815

unity of agency thesis; unity of agency; disunity of agency; personal identity; longitudinal social roles; dissociative identity disorder, 19319

work family conflict; selection; optimization; compensation; work roles; family roles; family stress; work stress, 4221

work-family conflict; role salience; women's well-being; psychological distress, 33287

Roles [See Also Counselor Role, Parental Role, Sex Roles, Therapist Role]—Chapters

Education, practice, and research opportunities for psychologists in primary care, 2603

Is treatment a good idea?, 16897

One divided by two or more: Redefining the role of a cooperative education team, 5846

The perspectivist in historical and scientific perspective: McGuire's role in twentieth-century social psychology, 10481

The physician-patient relationship, 2607

Poverty and discourse, 10329

The role of the forensic expert in an inquisitorial system, 18023

Roman Catholicism—Serials

bishops; ethical considerations; clergy abuse crisis; Roman Catholic clergy sexual abuse; ethical decision making, 35005

catholic religious orders; sociologists; religious orders; creative functions; Catholicism; Protestantism; minority; power, 28209

child sexual abuse; priests; Roman Catholic Church; spiritual crisis; public relations; sexuality; clergy, 25829

psychoanalysis; Catholic church; Agostino Gemelli, 8468

Roman Catholicism; psychoanalyst; psychoanalysis, 32956

sexual abuse; Catholic Church; abuse scandal; priest, 25796

sexual misconduct; clergy; Episcopal Church; sexual abuse, 25837

Romance—Serials

adolescent girls; dating; romantic relationships; best friendships; peer networks, 34341

adolescent romantic relations; sexuality; evolutionary perspectives; research; sex differences; behavior; competitiveness; mate selection; pair bonding, 10246

adolescent romantic relations; sexuality; evolutionary perspectives; research; sex differences; behavior; competitiveness; mate selection; pair bonding, 10270

adult romantic attachment; attachment patterns; universals; human mating strategies; culture, 28358

adult romantic relationships; attachment; cognitive vulnerability; anxiety; depression; interpersonal interaction; vulnerability model; schemas, 19222

ambivalent attachment; depressive symptoms; romantic relationships; parent-child relationships; diathesis-stress model; stress; anxiety; dysfunctional relationship attitudes; relationship deprivation, 19396

arousals; interpersonal attraction; romantic attraction; couples; love; satisfaction, 28395

attachment dimensions; sexual motives; romantic love; college students, 25226

autobiographical memories; romantic movies; social experience; sex-role traditionality; dispositional empathy; dating couples, 30718

behavioral responses; jealousy expressions; romantic jealousy; emotional intensity, 34620

closeness; partner success; positive self-regard; social comparisons; romantic relationships; intimate relationships; self-affirmational resource; imagined comparisons; relationship-related strengths, 28422

conflict; commitment; implicit theories of relationships; growth belief; heterosexual romantic relationships, 22289

cultural differences; gender differences; romantic behaviors; university students; Puerto Rico; United States, 4374

depressive symptoms; romantic involvement; adolescence; preoccupation, 25012

desire; Nepali love letters; romantic love; female literacy rates; gender hierarchies, 16245

divorced parents; dating; repartnering; romantic partners; dating after divorce; child awareness, 25156

emotional health; adolescent romance; adolescent health; sexuality; lesbians; gays; bisexuals; romantic attraction; relationships; adolescent development; gender differences, 1011

factor structure; Romantic Beliefs Scale; African Americans; European Americans; college students, 21126

late adolescent romantic couples; interaction quality; relationship quality, 22285

love styles; romantic love experiences; emotional experiences; self-perceptions; partner impressions, 25271

love themes; popular music; romantic satisfaction; love music, 13464

Volume 91 SUBJECT INDEX

Romance—Serials

mixed-gender groups; dating; romantic relationships; early adolescence; same-gender friendships, 25005
negative mood regulation expectancies; attachment representations; conflict behaviors; college students; romantic relationships; late adolescents, 25007
negative relationship behaviors; family-of-origin violence; intergenerational transmission; romantic relationships; semantic networks; violent homes; nonviolent homes, 25826
perceived mattering; young adults; romantic relationships; relationship satisfaction; test validity, 34634
personal characteristics; hypermuscular female bodybuilders; personality traits; social behaviors; gender traits; social perceptions; romantic involvement perceptions; gender role perceptions, 34629
personal qualities; personal relationships; professional relationships; friendship; romantic partner; employee relationships; supervisor-employee relationship, 25253
personality traits; social networks; romantic relationships; couples, 31501
predictions; religious change; adolescence; attachment; romantic relationship status, 10239
relationship domains; romantic partners; working model; confirmatory factor analyses; attachment representations; specific relationship; measurement strategy; relationship models, 4436
relationship initiation; relationship intensification; relationship ending; romantic relationships; face threats; young adults, 7430
relationship status; romantic partner; knowledge organization; partner knowledge, 34612
risk takers; romantic partners; nonromantic partners; men; women; gender differences; preferences; desirability, 28385
romance; remaining in love; therapeutic implications; relational factors; romantic love; research findings, 7604
romantic attraction survey; survey results; International Sexuality Description Project; social-role hypotheses; gender differences; cultural differences; personality dispositions, 16256
romantic fantasies; personal power; interest; women; gender differences, 1272
romantic intimacy; partner complaint; partner criticism; terror management theory, 4357
romantic love; sexual desire; neurobiology; gender differences; sexual orientation; evolution, 25212
romantic love; sexual passionate love; spiritual companionate love; advertising attitudes; pleasure; arousal, 12347
romantic relationships; adolescent friendship; parental attachments; parent attachment; friend attachment; romantic partners; high school friendships, 19124
romantic relationships; relationship commitment; love; equity; university students; relationship alternative perception; steady dating relationship; respondents feelings; relationship evaluation, 16249
social comparison; romantic jealousy; self-evaluation, 25252
social psychology; romantic relationships; positive illusions; history; research; self-fulfilling effects, 10466
substance abuse treatment; romantic relationships; inpatient treatment; rehabilitation romance; health personnel; sexual behavior, 11907
topic avoidance; interpersonal communication; relationship development; intimacy; relational uncertainty; courtship, 19122

Romance—Chapters

The systemic nature of couple relationships: An attachment perspective, 22301
Understanding the link between adult attachment and relationship aggression: Perceptions of own and partner's adult attachment styles, 10514

Roommates—Serials

Circumplex; dependency; self-criticism; depression; rejection; roommates; love; dominance, 7688
contagion of suicidal symptoms; roommate relationship; suicide levels; life stress; college students; shared stress; assortative relating, 1591
negative emotion; married couples; college roommates; close interpersonal relationships; anger; sadness; hurt; anxiety; threat, 31508

Rorschach Test—Serials

experiential psychoanalytic approach; Rorschach; empathy, 30451
incremental validity; rorschach test; psychological assessment; ego impairment index; r. m. dawes; new ideas, 6236
mental distress; obesity; body weight; Rorschach personality aspects; anxiety; major depression; body concern, 22803
personality inventory; Egocentricity Index; Rorschach; pair & reflection; self esteem; interpersonal perception, 12464
psychological assessment instruments; forensic settings; expert testimony; legal processes; Rorschach Test, 33510

Rorschach comprehensive system; Wechsler IQ scores; adolescents; factor analysis; synthesized complexity; form quality; productivity, 119
Rorschach inkblot test, 21132

schizophrenia spectrum diagnoses; psychiatric patients; MMPI psychosis indicators; Rorschach psychosis indicators, 30463

schizophrenia; mania; Rorschach comprehensive system; Schizophrenia Index; thought disorder; psychotic disorders, 30449

Rorschach Test—Books

What's wrong with the Rorschach?: Science confronts the controversial inkblot test, 15057

Rotary Pursuit—Serials

psychomotor performance; computerized assessment; pursuit rotor task; human performance; task sensitivity; reliability; alcohol induced impairment, 6242
vestibulo-ocular reflex; eye-position dependence; torsional velocity; interaural translation; yaw-axis rotation; fovea; horizontal pursuit, 27474

Rotational Behavior—Serials

sensory cues; whole-body rotations; passive transport; egocentric spatial updating; spatial orientation; rotative robot; active movements; blindfolded, 12573
torsional eye velocity; smooth-pursuit eye movements; primary eye position; premotor neurons; rhesus monkeys; rostral vestibular nuclei, 21531
turning behavior; caffeine exposure; sensitization; amphetamine; striatal dopamine release; hydroxydopamine-lesioned rats, 702

Rote Learning—Serials

keyword method; rote learning; mnemonic; recall; age differences; foreign language, 7378
number words; number acquisition; counting; rhythm; coordination; learn by rote, 939
verb morphology; verb morphemes; specific language impairment; Swedish speaking children; normally developing compatriots, 8099

RT (Response) [See Reaction Time]

Rule Learning [See Cognitive Hypothesis Testing]

Rumination (Cognitive Process)—Serials

cognitive content; thought-listed worry episodes; clinic-referred anxious; problem-solving; ruminating; self-blaming thoughts, 31826
emotional responding; alexithymia; rumination; social sharing; personality construct; physiological responses, 31703
empathy; self-absorption paradox; self-rumination; self-rejection; mediators; shame; guilt; empathy, 31576
experimental psychopathology; behavioral inhibition; negative emotion regulation; negative emotional reactivity; cognitive stressor; rumination; individual differences, 22351

health care utilization; negative thoughts; rumination; immune parameters; sadness; subjective sleep quality; age differences, 26634

induced rumination; distraction; current mood; overgeneral autobiographical memory; major depression; adolescents, 25587

rumination; defensiveness; negative affect; stress, 28517
rumination; future thinking; depression; imagination; positive future events; hopelessness; parasuicide; mood; verbal fluency, 25571

rumination responses; distractive responses; dysphoria; history of depression; life satisfaction; depressive symptoms; negative affectivity, 16394

rumination self focus; autobiographical memory; emotional disorder; reflective self-focus; psychological health, 25388

self appraisal; impromptu speech performance; symptom severity; post-event rumination; social phobia; cognitive behavioral treatment, 14081

self-reported physical health; rumination; age differences; negative affect; life events, 26548

shame; social rank; rumination; depression; submissive behavior; social comparison, 19170

Rumination (Cognitive Process)—Chapters

Gender and self-regulation, 13558

Rumors [See Gossip]

Runaway Behavior—Serials

editorial; alcoholism; treatment; runaway youth; drug abuse, 32792

family environment; youth behaviors; alcohol abuse; runaway adolescents; primary caretakers; behavior problems, 35018

regional differences; demographic characteristics; runaway youth; adolescents; high risk characteristics; shelter users; national differences, 10953

runaway adolescents; illicit drug use; sexual abuse deviant behavior; homeless youth; females; at risk population, 22614

sexual victimization; risk factors; human sex differences; homeless youth; runaway youth; at risk population; acquaintance rape, 22649

Rural Environments—Serials

treatment approaches; runaway youths; families; cultural differences, 20216

treatment attendance; runaway youth; home-based family therapy; office based family therapy; alcohol abuse; adolescents; Functional Family Therapy; Ecologically Based Family Therapy; treatment, 31896

Running—Serials

ad lib wheel access; wheel running; weight gain; feeding suppression; drinking; body weight; amount of running; young adult male rats, 3812

aerobic exercise duration; cognitions; running; feeling states; indoor running track, 24036

anticipated running distance; perceived exertion; attentional focus; teleoanticipatory mechanisms; expected exercise duration, 24406

body weight; rats; wheel-running reinforcement; sucrose reinforcement, 15371

brain activity; voluntary wheel-running behavior; rodents; running, 6977

conditioned taste aversion; wheel running duration; rats, 24573

music type; running perseverance; sensations; perceived exertion; heart rate; runners; physical exertion; dissociative technique; motivational technique, 24042

wheel running; conditioned taste aversion; novel food stimulus; amount of food consumed; rats, 3832

Runways (Maze) [See Maze Pathways]

Rural Development [See Community Development]

Rural Environments—Serials

adolescent behavioral problems; coping strategies; rural and urban differences; psychological functioning; socioeconomic conditions; self-reported stress; approach coping; daily hassles; gender, 977

adolescent reproductive health; Human Immunodeficiency Virus awareness; rural high school students; sexually transmitted diseases; disease transmission knowledge, 35660

Camp Approach; substance dependence; community-based treatment; rural community; stigma, 32761

child functioning; rural areas; nonrural areas; community mental health services, 20558

child support; guideline application; divorce; parent socioeconomic; child custody; urban vs rural courthouses; joint custody; solo custody; income level, 12398

clinical breast examination; cancer screening practices; women; preventive services; health care; satisfaction; patient behavior; pap smear; rural residence; ethnicity; rural region, 8660

community sex education; adolescent girls; sexual health education; Human Immunodeficiency Virus infection; rural Uganda; HIV-related counseling, 35694

crash experience; risk taking; urban youth; rural youth; motorcycle crash, 30284

dementia special care units; nursing homes; rural environments; environmental assessment; physical environment; social environment; quality of life; functional ability, 26689

ecological model of aging; rural environments; urban environments; social networks; successful aging; psychosocial factors; autonomous living; life satisfaction, 1039

gender gap; small business success; urban community; rural community; place-specific theories, 23951

general practitioners; rural areas; health care policy; Mental Health Act; physician attitudes; difficulties; emergency detention, 32939

health care delivery; rural communities; Rural Health Outreach Initiative; RHOI; interdisciplinary collaborations; professional education; social service needs; medical education; health care, 2437

health care service provision; developmental disability; rural areas, 26578

health care; rural women; life satisfaction; rural communities; health status; community esteem; well-being; health status, 14353

health; health care seeking behavior; adolescents; China; morbidity; regional differences; urban populations; rural populations, 5392

help seeking patterns; urban youth; rural youth; socio-contextual view; youth problems, 26972

Hispanic ethnicity; rural residence; source of care, 35771

HIV prevention; rural blacks; condoms; at risk population; precautions; HIV infection, 11697

HIV; AIDS case management; support service; Alaska Natives; rural villages, 29211

illicit drug use; high drug users; low drug usage; acculturation; northern Thailand; tribal villages; socioeconomic development; socialization, 1644

infants; attachment behavior; low socioeconomic status; rural children; socioemotional competence; cognitive competence, 34324

infused life skills training; alcohol use; binge drinking; marijuana use; inhalant use; college students, 36241

men; help-seeking attitudes; mental health services; rural settings; suicide prevention, 20522

Volume 91 SUBJECT INDEX

Rural Environments—Serials

mental health interventions; mental health professionals; mental health counseling; mental health outcomes; mental well-being; rural areas; feminization; poverty; women, 29645

mental health needs; behavioral telehealth program; marriage therapy; family therapy training; mental health services; rural communities, 29587

mental health; life experience; young females; life change; rural environment; life change, 3110

neuropsychological functioning; social interactions; activities of daily living; older adults; rural environment, 34389

organization of palliative care; rural populations; primary care professionals; attitudes, 5535

palliative care; rural areas; community hospitals; terminal care, 29665

peer education effect; reproductive health knowledge; rural adolescents; Turkey; peer group education effectiveness, 5496

pregnant women; healthcare workers; abuse experiences; Appalachian women; rural locations, 10899

psychological treatment; major depression; anxiety; rural mental health services; case managers; personnel training; psychiatric nurses; social workers; program evaluation; cognitive behavior therapy, 29875

public health nurses; rural village benefits; elderly; preventive measures, 26651

reading achievement; school size; school location; rural schools, 30029

risk; psychosis-like experiences; urban & rural areas; cognitive development; psychotic disorders; rates; schizotypal personality; IQ; neuropsychological function; memory; attention, 28744

rural adolescents; risk-taking; psychosocial factors; alcohol use; gender differences, 10232

rural areas; integrated human services; social work; Canada; collaborative human services; rural model; rural communities, 11835

rural communities; ethics; confidentiality; psychologists, 8962

rural communities; sexual violence; sexuality; young people; social work; social workers; Australia, 10255

rural communities; well-being; young people; community life; social lives; family networks; social networks; emotional well-being; rural youth transitions; out-migration, 22149

rural community; community readiness; telehealth services, 14407

rural elders; assisted living facility; semi-independent living; self identity; narratives; history; community life; nursing home; world wars; Great Depression, 34373

rural settings; psychology; practitioners; challenges; rural residents; training; development, 5596

rural vs urban residence; suicide; mortality rates, 4716

rural vs urban residence; suicide; mortality rates; rural men, 4687

rural women; breast cancer survivors; social support; audiocounseling; rural areas, 14248

schizophrenia; sociodemographic correlates; rural population, 28717

service coordination; human service professionals; human services; rural towns; Australia, 11837

sexual attraction status; school belonging; alcohol use; marijuana use; rural high school students; same-sex attraction; GPA, 10259

smoking cessation; rural youth; mental health; adolescent smoking, 26721

social competence; mental retardation; social maturity; IQ; social quotient; life experiences; rural children; urban children, 19800

social psychology; community psychology; social knowledge; diabetes; illness experience; illness action; diabetes sufferers; healthy individuals; rural Ghanaian communities, 14223

stigma; rural men; risky sexual behavior; HIV; rural areas; family members; health care professionals; gays, 34561

telemedicine; telemedicine health adoption; telemedicine health diffusion; health providers; rural patients; medical services, 8701

telehealth; innovations theory; rural program; health care delivery; patient care; professional education; information sharing; health status; telehealth rural telemedicine program, 8726

telemedicine; health & mental health services; success criteria; rural health needs, 9235

traffic safety; safety assessment; accidents; rural roads; accident models; prediction; mortality, 30281

truancy; rural students; urban students; insecurity; security, 5924

university branch campus; American higher education; postsecondary learning; Metro University-Park Campus; two-year branch campus; faculty culture; rural campus; academic life, 17611

urban-rural differences; suicide trends; young adults; England; Wales; geographical differences; mental health, 4702

views of future life-career development; rural women; self-concept, 34359

welfare practice; social work; Australia; rural practice; educational institutions; teaching social work; teaching welfare work; web-based information courses, 12019

witnessing violence; drug use initiation; rural adolescents; parental monitoring; family support; protective factors, 31957

Rural Environments—Chapters

Ethical, clinical and risk management issues in rural practice, 5758

Identifying and addressing health issues of gay, lesbian, bisexual, transgender (GLBT) populations in rural communities: Psychological perspectives, 4292

Psychological practice in rural primary care, 2422

Rural children's play in the natural environment, 16045

Saccadic Eye Movements [See Eye Movements]

Saccharin—Serials

cerebellar tremors; cognitive impairment; adjunctive therapy; carbamazepine; topiramate, 2217

flavour aversion; rats; running wheels; preexposure; conditioned aversion; saccharin; associative blocking, 27603

N-methyl-D-aspartate receptor; NMDA; memantine; naltrixone; saccharin deprivation; rats; channel blocker; opioid receptor antagonist; naloxone, 34188

oral self-administration; rhesus monkeys; non-drug reinforcement; suppressive effects; saccharin; phenylcyclidine; sex differences, 3884

saccharin deprivation; depression-like effects; rats; forced swim test; intracranial self-stimulation; drug withdrawal; differential reinforcement; reinforcement rate, 787

saccharin supplementation; water consumption; Wistar rats; alcohol consumption; sweet water; taste, 7249

saccharin; deterrent cell; blowfly; bitter reception; sweet taste reception; labellar chemosensilla, 18668

sexual behaviors; rats; aggressive behaviors; deprivation effect; saccharin deprivation, 12731

SAD [See Seasonal Affective Disorder]

Sadism [See Also Sexual Sadism]—Serials

masochism; sadism; metaphysics; suffering; physical pain; mental pain; truths; pain; sorrow; asceticism; Western medicine; psychoanalysis, 18837

vampires; patients; hoarding behavior; sadomasochistic sexual practices, 26231

Sadness—Serials

brain activity; self-induced emotional states; sadness; happiness; professional actors; primary emotions, 6966

impaired judgment; sadness; happiness; bilateral amygdala damage; facial expressions; processing, 19942

intellectual disability; therapeutic engagement; family; chronic sorrow; parental attitudes, 25981

melancholy; Chicano cultural imaginary; loss; naming; cultural criticism; absence; Chicano cultural production; narrative; narrative consciousness, 4012

mood functions; transfer; equivalence relations; happy mood state; sad mood state, 15336

posttraumatic stress disorder; taxonomy; psychopathology; schemas; sadness; emotional disorders, 34901

social phobia; depression; information processing bias; coherence; specificity; sad stimuli; social threat stimuli; physical threat; positive stimuli; cognitive bias, 31696

typus melancholicus; endogenous depression; personality dimensions; nonendogenous depressive patients; Kasahara's Inventory for the Melancholic Type Personality, 27327

unipolar depression; chaotic process; determinism; sadness, 1423

Sadness—Chapters

Coaching to evaluate whether an emotion is healthy, 23161

Sadomasochism [See Also Masochism, Sadism]—Serials

enunciation of no; sexual subjects; rape; homosexual advances; physical violence; sadomasochistic scenes; pleasure; performativity; performance; identity; identification; homosexual panic defense, 16215

hermeneutic phenomenology; sadomasochistic identities; sexual stories; sexual citizen; sexuality; marginalization; sexual subjectivities; dominance; submission; World Wide Web; site analysis, 28347

male erotic video; police fantasy; homosexuality; pornography; Leathersex; rape; prison; male subjectivity; sadomasochism, 7583

superego; sadomasochism; self-regulation; psychoanalytic theory, 25425

Safe Sex—Serials

college students; communication-skills training; relationship-specific education; condom use; sexual partners; couples; risk information, 32607

Community Awareness Motivation Partnership Teen Theatre intervention; CAMP; safe sex behavior; adolescence; health promotion; contraceptive use; behavioral ecological model, 2438

condom use; intentions; Rwandan secondary school students; attitudes; male students; female students, 34562

condoms; delayed application; safe sex; young adults; heterosexual; condom usage; unprotected sex; withdrawal, 25210

highly active antiretroviral therapy; unprotected sexual intercourse; sexual risk behavior; HIV transmission; viral load; HIV serostatus; unsafe sex, 29464

HIV prevention; sexual health promotion; heterosexual men; sexual behavior; safe sex, 26546

HIV risk; sexually transmitted diseases; microbicides; condom use; mathematical models; sex acts, 17224

life skills education; education evaluation; puberty; body knowledge; HIV knowledge; HIV risk perception; condom use knowledge; mass media education; South African junior-secondary school children, 11733

personal narrative; brief interventions; behavioral-skills training; slide presentation; behavioral skills; self-efficacy; intentions; HIV/STD risk behavior; safer sex attitudes; college students, 14331

safe sex; gay men; sexual health; environmental influences; risky sexual behavior, 26542

safer sex; HIV-positive men; behavioural interventions; serostatus disclosure; sexual communication; sexual behaviours, 11179

sex education; health promotion; sexual behavior; social skills; safe sex, 26545

siblings; unsafe sex practices; high school students; safe sex; role of older siblings; self-efficacy; attitudes towards sexual intercourse, 28346

social meanings; gay men experience; unprotected anal intercourse; barebacking; safe sex; sexual risk taking, 34565

social support; safer sex practices; HIV-positive adults; outpatient medical facilities; medical professionals; friends; siblings, 26091

Safety [See Also Aviation Safety, Highway Safety, Occupational Safety]—Serials

alcohol-dependent patients; acamprosate; efficacy; safety; alcohol use; alcohol craving; Korean patients, 5696

battered women; safety considerations; intimate violence; partner abuse; ethical issues; confidentiality, 22646

capsaicin; chronic pain treatment; musculoskeletal disorders; placebo, 26499

child development; children's behavior; safety; cycling; competence; performance; safety rule compliance, 24900

childhood unintentional injuries; risk factors; preschoolers; maternal perceptions; stress; social support; safety behavior; at risk population, 26030

chronic pain treatment; musculoskeletal disorders; rubefacients; salicylates; acute pain; placebo; drug therapy, 26514

clinical assessment; jury verdict; medical profession; layperson perception; physician perception; malpractice tort system; patient safety; standard medical care; medical system bias, 2676

clinical depression; pregnancy; antidepressants; pharmacological treatment; fetal risk; newborn; depressed pregnant women; safety profiles, 29363

community violence; urban middle-schools; academic achievement; school safety; depressive symptoms; aggression; feeling safe; long-term exposure; victim; wellness, 30035

correctional drug treatment; health promotion; drug safety; treatment outcome; substance abuse, 29814

cross cultural differences; international conflict; sociopolitical context; developmental issues; war; enemy; friends, 13370

decision-making; project completion; safety; time; goal substitution; behavior fluidity, 14784

divalproex sodium; standard delayed release preparation; extended release formulation; schizophrenia; safety; efficacy; tolerability, 26349

drug tolerance; drug safety; drug therapy; topiramate; alcohol dependence; comorbidity; psychiatric disorders; psychoactive drugs, 17440

electroconvulsive therapy; safety; depressive disorders; World Psychiatric Association, 32483

electroconvulsive therapy; safety; treatment efficacy; late life depression; elderly, 2258

embedded intelligent technology; safety-critical systems; information technology; human operators; human performance; knowledge-based systems, 9238

employees engagement; work commitment; psychological conditions; meaningfulness; safety; availability, 30191

error classification methods; aviation; human error; safety, 14866

food; mad cow disease; food safety; consumer trust; consumer behavior, 36450

heroin dependence; methadone injection; hypoxia; bradycardia; maintenance treatment; IV opioid treatment; safety, 2523

Safety—Serials

- home safety; intellectual disability; parental health; child health; safety precautions; parenting education; health behavior, 8682
- home-safety practices; childhood injuries; burns; poisoning; drowning; cuts; strangulation; suffocation; choking; prevention, 26537
- insomnia; melatonin; children; adolescents; drug therapy; drug efficacy; drug safety, 32532
- Invitational Theory of Practice; safe schools; successful schools; educational environment; components of school; communication; school goals, 33174
- legal intervention; domestic violence; men experiences; women experiences; women safety; life quality; justice, 28826
- licensed venues; patrons safety; nightclubs; aggression; violence; environmental factors; management practices; Queensland Safety Action Project model, 28169
- major depressive disorder; adverse reactions; serotonin reuptake inhibitors; antidepressants; efficacy; drug safety; escitalopram; duloxetine; paroxetine; fluoxetine, 20333
- National Patient Safety Agency; mental health services; quality of care; patient safety; health care services, 32654
- nursing practice; eugenics; cultural safety; nursing education; multiculturalism; nursing attitudes, 29890
- olanzapine; fluphenazine; long term treatment; schizophrenia; schizophrenic disorder; safety; symptoms severity; extrapyramidal symptoms, 13624
- oral topiramate; topiramate efficacy; scar healing; topiramate safety; drug tolerability, 35614
- organizational climate; environmental attributes; supervisory practices; safety climate; leadership; supervisory scripts; climate strength; cross situational variability; transformational leadership, 17905
- pedestrian behaviors; pedestrian perceptions; pedestrian facilities; crosswalks, 12372
- pedestrian safety; safety skills; skill teaching; safety awareness; awareness campaign, 24105
- pedestrian; safety; crash risk; spatial analysis; accidents; college campus environmental design; spatial organization, 30285
- pindolol; milnacipran; antidepressant latency; safety; antidepressant response; depression, 11503
- polypharmacotherapy; pregnancy; atypical antipsychotics; safety; schizophrenia; risperidone; quetiapine, 20412
- primary care; physicians; after-hour calls; telephone triage; errors; patient safety, 17299
- primary care; physicians; after-hour calls; telephone triage; errors; patient safety, 17300
- primary health care; medical error; critical incidents; adverse events; safety, 5548
- psychiatric unit; safety; inpatient services; mental health ward; threat, 20551
- psychiatric unit; safety; inpatient services; mental health ward; threat, 20559
- psychiatric unit; safety; inpatient services; mental health ward; threat, 20555
- recreation; rock climbing; adventure sports; environmental hazards; responses; safety regulations, 33322
- risk protocol assessment; wheelchair driving; multidisciplinary assessment; intervention management; patients; wheelchair traffic, 17394
- risk regulation; institutional factors; health; safety; risk perception; regulatory officials; policy processes, 17814
- rubefacients; salicylates; acute pain; chronic pain; placebo, 26500
- safety behaviour; insomnia; sleep; coping behavior; tiredness; Sleep-Related Behaviours Questionnaire; daytime functioning; psychometrics, 33563
- safety skills; prevention; children; behavioral skills training; guns; gun play, 18959
- safety-seeking behaviors; fear reduction; deleterious effects; perceived safety aid availability; threat-relevant safety behaviors; safety-behavior utilization; claustrophobic fear, 29289
- safety; tolerability; antipsychotic therapy; long-term outcomes; schizophrenia; side effects; treatment adherence; psychotic symptoms, 11527
- safety; tolerability; venlafaxine; extended-release; severe medical illness; surgical illness; depressed patients, 23296
- schizophrenia management; atypical antipsychotic medication; mental disorders; metabolic abnormalities; metabolic disorders; primary care; schizophrenia; safety; effectiveness, 23287
- school security; student rights; suspicionless drug testing, 9302
- school violence; safety; staff; prescriptive response; effective interventions; school community; peers, 2809
- selective serotonin reuptake inhibitors; child psychiatry; adolescent psychiatry; drug safety; drug effectiveness; medication, 29335
- Sikh patients; kirpan; religious faith; Sikhism; mental health management; cultural sensitivity; safety, 35775
- surgery; safety; treatment effectiveness; temporal lobe epilepsy; medical therapy; quality of life, 35657
- system-centred approach; patient safety; homicides; mental illness, 34796
- traffic safety; safety assessment; accidents; rural roads; accident models; prediction; mortality, 30281
- treadmill; exercise; patients; epilepsy; safety; epileptic seizures; safety devices, 1836
- treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14186
- treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14197
- treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14178
- treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14187
- treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14163
- violence; health care safety; cultural theories; biological theories; sociological theories; psychological theories; risk management strategies; health care settings; emergency services personnel, 34955
- work compatibility; workplace human performance; manufacturing systems; human safety; productivity; work quality, 36298
- workplace safety; job satisfaction; employment status; injuries, 9058
- Safety [See Also Aviation Safety, Highway Safety, Occupational Safety]—Chapters**
- Battered women and separation abuse: A treatment approach based on "knowing" 16495
- Safety Belts—Serials**
- fatalism; seat belt usage; destiny; drivers, 13114
- safety belts use; behavioral risk factors; primary laws; prevalence estimates; motor vehicle crashes, 24102
- Safety Devices [See Also Safety Belts]—Serials**
- automatic reinforcement; functional analysis; protective equipment; self injurious behavior, 19761
- bicycle helmet usage; seniors; biking; bicycle accidents, 12368
- driving behavior; flashing green; amber; driver stopping; traffic signals; signal programmes, 30283
- secondary school athletes; mouthguard awareness; mouthguard use; oro-facial trauma; mouthguard wear; adolescent Nigerian athletes; oro-facial injuries, 30247
- Safety Warnings [See Warnings]**
- Saint John's Wort [See Hypericum Perforatum]**
- Salaries—Serials**
- career benefits; mentoring; compensation outcomes; career satisfaction, 12260
- cross-cultural investigation; human resource managers; conceptual framework; incentive plans; multidimensional pay satisfaction, 17839
- drug treatment completion; post discharge employment; wages; substance abuse; state substance abuse management information systems, 2503
- emotional labor demands; wages; working conditions; cognitive demands; wage rates; occupational level; affective outcomes; job demands, 33280
- employee risk preferences; organizational control; employee attitudes; pay for performance; behavioral outcomes, 30206
- employment relations; health service; organizational analysis; word meaning; metaphor; salaries, 9056
- firm performance; leadership; chief executive officer; shareholder value; compensation, 33228
- gender composition; male-dominated occupations; female-dominated occupations; Netherlands; gender wage inequality, 7568
- gender gap; wage differentials; female workers; human capital; male workers; labor force; educational level; gender wage differentials; discrimination, 16204
- gender gap; women; salaries; human services; gender discrimination; salary disparities; social workers; client groups; civil rights; workplace; pay equity; education; advocacy, 5739
- job training program; Georgia Fatherhood Program; employment; wages; noncustodial parents; fathers; low income, 5712
- labor market; computer technology; wage differentials; cost efficiency; computer skills; computer adoption, 33218
- long term incentive plans; executive pay; company performance; remuneration packages; United Kingdom, 9112
- love of money; pay satisfaction; job satisfaction; professors, 27089
- male-female earnings gap; gender differences; work patterns; gender pay gap; earnings gap; women's progress; equality; undervaluing women's work, 13376
- merit pay fairness; interactional fairness dimension; job satisfaction; industrial salespeople; supervisory behavior, 14772
- minimum wage policies; labor-supply; poverty trap; labor market, 36249
- organisational structure; organic organisations; pay systems; incentives; human resource environment; employee skills, 33234
- organizational practices; fairness perceptions; sales persons; pay system; pay-for-performance; sales performance measures, 12264
- pay levels; tourism employment; socioeconomic factors; inflationary pressures; industry norms, 17775
- sales; agency; resource dependence; transaction cost; French-Canadian organizations; salary proportion; sales compensation; theoretical perspectives, 9134
- sex discrimination; workplace; labour market; industry; employees; employee selection; employee compensation, 24009
- spending behavior patterns; compensation system preferences; sensitivity of consumption; pay preferences; compensation administration, 9079
- supervisor satisfaction; organizational commitment; organizational justice; role states; pay satisfaction; turnover intentions; supervisor satisfaction; withdrawal cognitions, 30180
- wage discrimination; foreign competition; interindustry concentration; import penetration; domestic competitions; racial wage disparity, 30110
- Salaries—Chapters**
- Compensation systems in the global context, 6061
- Pay and benefits: The role of compensation systems in workplace safety, 2967
- Sales Personnel—Serials**
- buyer reactions; ethical beliefs; retail environment; shopping emotions; salesperson, 36359
- consumer reaction; retail buyers; buying behavior; products, 36451
- convex hull; crossing avoidance; solution heuristics; traveling salesperson problem; cognitive processes, 33809
- customer perceptions; salesperson orientation; salesperson influence; relational influence, 9176
- inexperienced sales representatives; behavioral intentions; sales failure situations; performance attribution; sales management, 14721
- Japanese retailing; retailer performance; recessionary market; economy, 30205
- managerial implications; salespeople; sales performance; consumer behavior; retailing; affect toward customer, 3036
- merit pay fairness; interactional fairness dimension; job satisfaction; industrial salespeople; supervisory behavior, 14772
- organizational practices; fairness perceptions; sales persons; pay system; pay-for-performance; sales performance measures, 12264
- personality inventories; personnel selection decision; sales personnel, 36286
- problem-focused coping; time management behaviors; emotion-focused coping; coping behaviors; salespeople; stress, 14771
- procedural justice; sales force; scale development; scale validation; managerial justice; distributive justice, 21204
- professional salespeople; sales performance; emotional intelligence; customer orientation; customer-oriented selling; organizational commitment; customer satisfaction, 27150
- sales distribution relationship; interfunctional climate; communication ease; cooperation; management, 36381
- sales manager-salesperson relationships; trust-building processes; salesperson trust; sales manager; job satisfaction; relationalism; organizational commitment; turnover intention, 14765
- sales promotion; retail sales promotions; consumer response, 3023
- sales representatives; emotional intelligence; awareness training; sales training programs; sales experience, 30147
- sales; agency; resource dependence; transaction cost; French-Canadian organizations; salary proportion; sales compensation; theoretical perspectives, 9134
- salesforce compensation scheme; consumer inferences; consumer satisfaction levels; salesforce incentive structure; incentive scheme; sales assistance; salesperson consumer interactions, 17927
- Salience (Stimulus) [See Stimulus Salience]**
- Saliva—Serials**
- antibarking muzzle; dog behavior; Australian Kelpies; device effect; dog welfare; stress; saliva cortisol concentrations; muzzle treatment; barking level; activity level; posture; stress reactions, 6696
- calcium chloride ionisation; saliva; bitterness perception; calcium binding; total calcium concentration, 24375
- cortisol responses; salivary cortisol; mammogram; breast cancer survivors, 1817
- food neophobia; cephalic phase salivary response; bodily priming; saliva flow, 12943
- free radicals; pleasant feeling; saliva; comical video viewing; psychological stress, 18676

gabapentin; GBP; anti-epileptic drugs; high dose escalation; L-amino acid transport system; serum concentrations; pharmacokinetics; PK; epilepsy patients; bioavailability; hepatic enzyme; saliva, 5265

heat shock protein; photic stimulation; acoustic stimulation; human saliva; mucosal symptoms; psychosomatic patients; chaperone, 27813

morning awakening; salivary cortisol levels; sleep disturbances; insomnia, 35168

post-traumatic stress disorder; salivary cortisol levels; veterans; posttraumatic stress disorder, 22583

salivary cortisol sampling; treatment compliance; fibromyalgia patients, 26482

salivary cortisol; dehydroepiandrosterone; puberty; gender; development; adolescent health, 7364

salivary cortisol; self-reported stress; mental stress; biomarker, 21784

salivary testosterone; biomarkers; gender differences; serum-saliva association; pubertal development; individual differences; biosocial research, 34153

Salivation—Serials

antipsychotic clozapine; clozapine-induced hypersalivation; anticholinergic pirenzepine; side effect; schizophrenia patients, 23295

botulinum toxin; clozapine-induced hypersalivation; social withdrawal; drug side effects, 29344

dietary restraint; food; salivary reactivity; salivation; dietary control; overeating; cue reactivity; hunger; eating behavior, 21748

posttraumatic stress disorder; Dexamethasone; salivary cortisol responses, 5308

Saltiness [See Taste Perception]

Same Sex Education—Serials

single-gender classrooms; coeducation; underachievement; students; human sex differences, 30008

Same Sex Environments [See Single Sex Environments]

Sample Size—Serials

item parceling; measures of fit; confirmatory factor analysis; goodness-of-fit indices; sample size; number of indicators per factor; coefficients; interfactor correlations, 255

missing item scores; questionnaire data; statistical test; random data; sample sizes; person mean; two-way imputation; response-function; mean response-function; imputation, 9342

power analysis; psi research; statistical methods; z score; sample size; effect size, 18199

r-equivalent; effect size estimation; sample size; p value; meta-analysis, 3258

reliability; psychiatric assessments; sample size; power calculations; clinical trials, 6454

sample size; multiple regression; accuracy in parameter estimation; significance; confidence intervals, 6408

sample size; Rasch model; item response theory; dichotomous items; Rasch parameter estimates, 27398

standard Pearson correlation coefficient; bootstrap standard error estimate; confidence intervals; selection ratio; sample size, 30526

treatment assignment; statistical power; multilevel modeling; optimal design, sample size; optimal sample allocation; control conditions; costs; unit of randomization, 18202

Sampling (Experimental) [See Also Biased Sampling, Random Sampling]—Serials

active learning; class probability; class ranking; learning method; algorithm; Sampling-based learning method; uncertainty sampling, 30301

affective measurement; experience sampling methods; data collection; hedonic balance; well-being; affective dispositions; extraversion; neuroticism; life satisfaction, 3286

bootstrap procedure; validity; latent population identification; number of clusters; sampling with replacement, 18230

caregivers; experimental recruitment; internal validity; pragmatic issues; selection bias; sampling frames; participation rates, 27410

coefficient alpha; maximum likelihood estimation; item-level missing data; reliability estimate; confidence interval; cross-sample fluctuation; reliability analyses; expectation maximization algorithm, 24323

ecological momentary assessment; behavioral medicine; data collection; research design; health psychology, 3290

experience sampling methodology; ecological momentary assessment; happiness; well being, 3287

experience sampling methodology; statistical analysis; brief history; ESM data; happiness, 3289

experience sampling techniques; computerized data collection; research design, 3269

nonprobability sampling; social work research; dilemmas; consequences; strategies, 27414

sampling distribution; discrimination; false alarm rate; confidence levels, 30535

sampling strategies; trust-building activities; refugees; immigrant communities; difficult to locate, 9551

sampling; measurement; self-reported pain; prevalence; Canada; chronic pain; age; sex, 4899

schizoaffective disorder; schizophrenia research; mental health services; primary care settings; subject recruitment; disorder severity; illness onset; sample characteristics, 18218

sequential sampling model; reaction time; two choice decisions; response time distribution, 15296

space sampling method; sampling units; random samples, 18200

time sampling; daily experiences; mental states, 27578

time sampling; leisure time; work leisure relationship, 30115

treatment assignment; statistical power; multilevel modeling; optimal design, sample size; optimal sample allocation; control conditions; costs; unit of randomization, 18202

Windows program; sampling distribution function; multistage selection decision, 30556

women; HIV infection; sample information; erroneous information; clarity lacking; misleading information; inconsistent information; irrelevant information, 13886

Sarcomas [See Neoplasms]

SAT [See College Entrance Examination Board Scholastic Aptitude Test]

Satiation—Serials

alcohol intake; satiation; thyrotropin-releasing hormone; cholecystokinin octapeptide; peptides; peptide interaction; alcohol consumption, 30984

dietary preload; food portion size; food photographs; female volunteers; satiety; subjects perception, 30942

eating; physiological consequences; physiological signals; drinking; fluid homeostasis; satiety, 30929

food intake; apolipoprotein; ingested fat; satiety; intestinal secretion; lipids; hypothalamus, 24625

food intake; behavioral satiety sequence; palatability; taste adulteration; rats, 3823

food intake; glucagon-like peptide 1; satiation; appetite inhibition; glucose, 30922

gastric satiation; intestinal satiation; gastrointestinal tract; neural feedback signals; food intake control; volumetric signals; nutritive signals, 30933

gastrointestinal mechanisms; physiological processes; satiation signals; food intake, 24619

nicotine; tobacco; cigarette smoking; dependence; satiation, 3965

opioids; reward-related feeding; food intake control; endogenous satiety; hedonic restriction; ingestive behavior, 30930

physical activity; obese women; food intake; acute coupling; serum leptin; appetite-satiety; obese women, 8696

satiating meal size; food resources; animal feeding behavior, 30915

satiating nutrients; postingestive effects; conditioning process; food preferences; reward effects; food intake; food reward, 30936

satiety; energy intakes; caloric beverage; solid food, 34098

selective orexin; receptor antagonist; lithium chloride; behavioral satiety sequence; food intake; anorectic effect; appetite; SB-334867; rats, 21853

sensory-specific satiety; food intake; human appetite regulation; energy content; food sensory properties; macronutrients; flavor combinations; chemesthetic sensation; dietary habits; weight control, 12585

susceptibility; weight gain; homeostatic risk factors; hedonic risk factors; overconsumption, 30910

Zucker rats; AC 187; amylin antagonist; pancreatic B-cell hormone amylin; anorectic peptide; meal-ending satiety; food intake; salmon calcitonin; cholecystokinin, 24810

Satisfaction [See Also Client Satisfaction, Consumer Satisfaction, Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction, Relationship Satisfaction, Role Satisfaction, Sexual Satisfaction]—Serials

body image satisfaction; body image measurement; computer digital imaging; computer manipulation, 34707

body satisfaction; women; husbands role, 34691

coaching behavior; athlete satisfaction; team or individual sports involvement; mental preparation, technical skills, goal setting, physical training; competition strategies; personal rapport, 6081

cognitive consistency theories; constraint satisfaction; background knowledge; reasoning processes; bidirectionality; reasoning; decisions; preferences; decision making, 22318

concession behavior; negotiator satisfaction; judgment; concession timing; other party justifications; negotiator skill; external constraints; object valuation; participant attribution, 18045

delinquency; leisure freedom; leisure motivation; leisure satisfaction; young offenders, 11053

doctor-patient relationship; general practitioners; physician satisfaction; family practice, 5531

Eastern Europe; weight satisfaction; teenagers; self-esteem, 13252

economic quality; economic variables; wealth; social satisfaction; income distribution; income size; distribution quality; egalitarian societies; work opportunities; social cohesion, 25134

end-user satisfaction; enterprise resource planning systems; standardized information system; reengineering; interface characteristics, 24866

fairness; satisfaction; expectation; grades; perceptions; evaluations; judgments, 9642

false belief attributions; false-emotion attributions; children; desire satisfaction; counterfactual belief; counterfactual desire satisfaction, 24999

financial satisfaction; family income; well-being; older adults, 31573

group participation; computer-supported module; special education policy; disabilities; decision making process; problem-based learning; individual satisfaction; group collaborative skills, 30087

leader impression management; group satisfaction; group cohesion; group consensus; group communication; exemplification; business management; management education, 4378

long term benefits; communication skills training; basic communication; Nordic countries; formal training; cancer doctors, 2624

men's health center; patient confidentiality; patient satisfaction; patient flow; patients reporting; satisfaction level; cost saving; service quality; access, 5534

mentoring; school-to-work transition; urban youth; adult-youth mentoring programs; self-esteem; satisfaction, 2895

multiattribute alternatives; preference ratings; decision making; preferences; satisfaction; multiattribute decision theory, 25305

multidisciplinary memory clinics; caregivers; clients; satisfaction; Cognitive, Dementia and Memory Service, 29611

parenting satisfaction; adolescent mothers; infants; fathers, 25180

participant satisfaction; pre-registration house officer positions; West Midlands Matching Scheme; employment status; United Kingdom, 17493

patient satisfaction; physician; outpatients; Princess Margaret Hospital Patient Satisfaction with Doctor Questionnaire; test reliability, 20562

personal choosing benefits; attractive alternatives; less preferred alternatives; self-predictions; outcome satisfaction; choice behavior; decision-making process; choosers; nonchoosers, 33777

police service; citizen satisfaction; race differences; police performance; Whites; African Americans; perceptions; demographic factors; experiential factors; neighborhood factors, 36548

preretirement planning; transferability of skills; naval officers; retirement satisfaction; retirement adjustment; civilian career transition, 6102

quality of life; family caregivers; older adults; care appraisal; relationship satisfaction; role exhaustion; role confidence; normative fulfillment, 29716

reliability; validity; assistive devices; Quebec User Evaluation of Satisfaction with assistive Technology; Dutch version, 14989

residential services; community-based; housing satisfaction; deinstitutionalization; housing based programs; reliability; validity; measurement; mental illness; SAMHSA Housing Satisfaction Scale, 174

retirement planning behaviors; retirement satisfaction; national retirement program; national retirement policy; financial planning; health planning; private support; public support, 34379

rollers; user satisfaction; community-living users; restricted walking ability; mobility, 17388

satisfaction profile; factors, 4455

satisfaction ratings; satisfaction judgments; emotional experiences; negative affect; positive affect; motivation; well being, 13494

self esteem; apparel satisfaction; appropriate clothing; post-mastectomy women; product attributes; support groups; mastectomy survivors; special needs; shopping; apparel items, 9174

self-esteem; body satisfaction; body build; cathexis; elementary school students; high school students; university students; gender differences, 28103

sexual satisfaction; sexual excitability; sexual experiences; sexual anxiety; curiosity; sensitivity to reward; sensitivity to punishment; media, 10565

shinyuu; friendship; Japanese college students; relational satisfaction; cross-cultural comparison, 4362

social comparison; self-evaluation; self other comparisons; body weight satisfaction, 16280

student satisfaction measures; policy making; college students; students satisfaction, 27374

support satisfaction; spousal support; physiological responses; marital conflict; younger couples; older couples; affective responses; cortisol responses; blood pressure, 24756

Satisfaction [See Also Client Satisfaction, Consumer Satisfaction, Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction, Relationship Satisfaction, Role Satisfaction, Sexual Satisfaction]—**Books**

The strategy of desire, 3417

Satisfaction [See Also Client Satisfaction, Consumer Satisfaction, Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction, Relationship Satisfaction, Role Satisfaction, Sexual Satisfaction]—**Chapters**

Child sexual abuse and adult sexual relationships: Review and perspective, 1628

Saturation (Color) [See Color Saturation]

Savants—Serials

calendrical calculation; savants; calendrical skills; development; social skills; cognitive skills, 25006
intelligence profiles; cognitive capacities; executive function; autistic disorder; savant abilities, 19742
savant syndrome; intellectual impairment; developmental disorder; autism; neuropsychology; savant skills, 25946
skill switching; savants; brain damage; savant skills; frontotemporal lobe; magnetic stimulation, 34081

Scaling (Testing)—Serials

biased extensive measurement; monotonicity; homothetic invariance; scaling transformation, 15134
criterion-related validity; discriminant validity; divergent validity; Kuwaiti adolescents; Kuwait University Anxiety Scale, 24225

feeling states; affect structure; phenomenology; scale development; exercise: Exercise-induced Feeling Inventory, 21085

Furnham's Money Attitude Scale; status; power, 7717
goal attainment scaling; communication disorder; clinical measurement technique, 22784

hostility; anger; emotion; self report scales; psychometric evidence; scale reliability; scale validity, 9389

item response theory; equating method; long-term scale maintenance; mixed format tests; constructed response items; multiple choice items, 6462

kernel density analysis; continuous typical-response scales, 239

Levels of Self-Criticism Scale; internalized self criticism; comparative self criticism; self evaluation; neuroticism; personality; attachment; test reliability; item analysis, 9405

linking assessments; concordance; educational assessments; scores; tests; calibration; comparability, 27382
mania-like excitement symptoms; schizoaffective disorder; negative syndrome scale; emotional states; schizophrenia, 25650

moral judgement; scale construction; theoretical construct; cognitive structural theory; Kohlberg, 24204

personality assessment; personality trait structure; bipolar proportional scale, 33532

personality assessment; personality trait structure; bipolar proportional scale, 33524

personality assessment; personality trait structure; bipolar proportional scale, 33511

psychology internships; internship research training; predictive validity; scales; test reliability, 17523

purely ordinal scales; decision behavior; reflection lattices; linear lattice, 15125

schizophrenia; Scale of Prodromal Symptoms (SOPS); positive symptoms; negative symptoms; factor analysis; psychosis, 25634

self confrontation method; valuation theory; affect scales; factorial structure; unidimensionality; life experiences; personal narratives, 8423

vertical scaling; Rasch model; mathematics tests; computer software; scaling method decisions; item analysis, 30538

Scaling (Testing)—Books

The measure of service learning: Research scales to assess student experiences, 8980

Scaling (Testing)—Chapters

Normative data and scaling issues in neuropsychology, 3219

Scalp (Anatomy)—Serials

bone thickness; anisotropy; inhomogeneity; electroencephalogram scalp potentials; event-related potentials, 27810
inspiratory occlusion; startle reflex; scalp topography; stimulus familiarity, 18674

Scalp Disorders [See Skin Disorders]

Scent Marking (Animal) [See Animal Scent Marking]
Schedules (Learning) [See Learning Schedules]
Schedules (Reinforcement) [See Reinforcement Schedules]

Scheduling (Work) [See Work Scheduling]

Schema—Serials

aging; script memory; typical actions; atypical actions; typicality effect; event recognition; age differences; memory impairment, 12711

anxiety; cognitive schemas; symptom reporting; Mexican; Mexican American; European American; parental influence; collectivism; racial differences; culturally associated interpretation, 22598

Appearance Schemas Inventory; revision; test reliability; factor structure; test validity; body image; psychosocial functioning; racial differences; disturbed eating attitudes, 21083

assimilation; affiliation; self construal; interpersonal interaction; relationship knowledge; relational schemas; target familiarity; experiences, 7648

cigarette smokers; social-cognitive strategy; personality assessment; priming; schema; reaction time, 31617

cognitive schema theory; public relations; financial analysts; acquisition announcements; sensemaking perspective; firms; stakeholders, 9127

cognitive vulnerability; depressed children; depressed adolescents; depression; negative schemas, 19404

distinctive features; episodic memory; memory representations; university students; learning material; memory awareness; semantic memory; schematization development; students' knowledge, 14663

dysfunctional thinking; recovery; major depression; dysfunctional schema access; metacognitive monitoring; acutely depressed patients; partially remitted depressed patients, 13613

emotion; cognition; reading disabilities; emotional reactions; mood; self-schemas, 36232

event-related potentials; schematic faces; adults; children, 10184

expertise reversal effect; knowledge level; cognitive load; instructional presentations; cognitive performance; learner knowledge; schema based rapid method, 36157

female political candidates; gender schematic processing; political advertising; voters; cognitive representations, 34412

film summaries; cognitive representation; event sequence; recall ability, 12671

global maladaptive schema; life events; psychological distress; personality pathology, 34737

human cognition; schema; language; mental content; non-conceptual world, 15288

idiosyncratic cognitive schema; cognitive case formulations; intraindividual idiographic approach; clinical validation; cognition items; factor analysis; symptoms; distress, 33811

image schema; linguistic representations; visual discrimination task; schematic representations; language comprehension; spatial representation, 383

maladaptive beliefs; schema; personality adjustment; behavioral adjustment; personality disorders; female prison inmates, 4756

mental models; negotiation; problem solving, 4384
metaphor comprehension; cognitive concepts; inherent circularity; schemas, 3372

motor schema theory; Ashens Triple Code Image-Somatic response-Meaning Model; mental imagery; motor learning; Adams closed loop theory; Schmidt motor schema theory, 33766

organizational script strategy; shared meta-scripts; continuous learning; mission briefing & debriefing protocols; cognitive demand; requisite variety; high reliability; armored brigade; Israel, 2944

personality functioning; personality structures; psychological systems; knowledge-and-appraisal personality architecture; social-cognitive constructs; cross-situational coherence; self appraisal, 10627

picture interpretation; Jungian typology; quadrant schema; active imagination; emotionality, 25398

possible selves; motivation; self-schemas; perceived control, 7619

problem solving; peer interactions; interaction effects; dyad kind; self-schema, 18901

problem solving; schema induction; schema formation, 18318

racial-ethnic self-schemas; risk of academic disengagement; aschematic; ingroup schema; dual identity; minority identity; African Americans; Hispanics; American Indians; Arab-Palestinian Israelis, 12155

relationship maintenance; cognitive structure; differential importance; marital quality; relationship perceptions; newly married couples, 1095

schema; recognition memory scores; virtual environments; stored memory retrieval; dynamic memory model; virtual reality paradigms; memory processes, 21370

secondary language; word structure, 7336
self-concept; personal identity; social identity; self-perception; self-schema, 25375

significant other representations; structure; psychological state theories; perceptions; if-then relations, 1204

social anxiety; memory; prose recall; schema; script; threat, 7953

spiritual self-schema therapy; 3-S therapy; cognitive psychology; Buddhist psychology; self-schema theory; intervention; illicit drug use; HIV risk behaviors; inner city injection drug users, 35862

temperament; schemas; memory structures; risk factors; emotional disability, 25526

visual word recognition; letter migration errors; letter position coding; coding schemes; divided attention, 33786

work environment; environmental perception; self schema; perception of space; person environment relationship, 20957

Schema—Chapters

Visual perception of objects and boundaries: A four dimensional approach, 15232

Schizoaffective Disorder—Serials

5HT_{2A} receptors; platelets; bipolar; schizoaffective; lithium, 5327

adherence; conventional and atypical antipsychotics; schizoaffective disorder; schizophrenia; hospital discharge; predictors; gender; illness severity; attitudes toward medication; side effects; dose, 23233

ancestral haplotypes; generation; schizophrenia pedigree; chromosomal regions; schizophrenia; schizoaffective disorder, 19469

antipsychotic treatment; first-episode schizophrenia; treatment response; schizoaffective disorders; schizophreniform disorders; duration of untreated psychosis, 35557

atypical antipsychotic medication; drug combinations; treatment-resistant schizophrenia; schizoaffective disorder; olanzapine; sulpiride; risperidone; clozapine; quetiapine, 11523

bipolar schizoaffective disorder; hypomanic episodes; ziprasidone; drug therapy; drug side effects; erectile dysfunction, 17033

black mothers; adult children; mental illness; chronic health conditions; schizoaffective disorder; mental health; high blood pressure; arthritis; eye problems, 32721

brain response; visual vigilance; chronic schizophrenia; schizoaffective disorder, 25627

clozapine treatment; priapism; schizoaffective disorders; dosages, 11479

clozapine; amisulpride; schizophrenia; schizoaffective psychosis; paranoid-hallucinatory psychosis, 26335

cost analysis; schizoaffective disorder; shorter hospitalization; risperidone; olanzapine, 32478

cost analysis; schizoaffective disorder; shorter hospitalization; risperidone; olanzapine, 32431

diagnostic differences; women; long-term serious mental illness, 26601

discharge medications; tertiary care psychiatric facility; antipsychotic utilization; drug therapy; schizophrenia; schizoaffective disorder; bipolar disorder; psychosis; antipsychotic polypharmacy, 17079

elderly chronic psychotic patients; olanzapine; schizophrenia; schizoaffective disorder; neuroleptic treatment, 26337

elderly patients; schizoaffective disorder; negative symptoms; positive symptoms; olanzapine; risperidone; atypical antipsychotics; extrapyramidal symptoms; hospital inpatients, 5295

functioning; schizophrenia; schizoaffective disorder; SF-36 Health Survey; well-being; physical health; depressive symptoms; cognitive impairment, 3200

heteromodal association cortex; schizophrenia; schizoaffective disorder; prefrontal cortex; inferior parietal cortex; superior temporal gyrus; volume, 34862

heteromodal association cortex; schizophrenia; schizoaffective disorder; prefrontal cortex; inferior parietal cortex; superior temporal gyrus; volume, 34873

Indians; gender; procreation; schizophrenic patients; schizophrenia; schizoaffective disorder; fertility; fecundity; India; culture, 25612

intellectual disability; developmental disability; atypical antipsychotic drugs; schizoaffective disorder; aripiprazole; drug therapy, 26366

low drug dosages; risperidone; first-episode psychosis; schizophrenia; schizophreniform disorder; schizoaffective disorder; drug therapy, 20336

menarche age; schizophrenia onset; estrogen hypothesis; schizoaffective disorder; women, 28709

neuroleptic malignant syndrome; developmental disabilities; antipsychotic medications; schizoaffective disorder; mild mental retardation; clozapine; heat stroke; drug side effects, 10722

novel antipsychotics; bipolar mania; schizoaffective mania, 29358

olanzapine; agitation; schizophrenia; dose escalation; schizoaffective disorder, 11565

olanzapine; fluphenazine; long term treatment; schizophrenia; schizoaffective disorder; safety; symptoms severity; extrapyramidal symptoms, 13624

parenting stress; postpartum women; biopsychosocial stressors; disorder relapse precipitation; schizophrenia; schizoaffective disorder; motherhood; psychiatric mother-baby unit, 16425

prolactin level; antipsychotics; schizophrenia; schizoaffective disorder; clozapine; olanzapine; risperidone; haloperidol; plasma levels; treatment resistant patients; drug therapy, 17090

psychotic symptoms; intellectual disabilities; schizoaffective disorder; psychotic disorders; adolescents; intellectual disability; mental retardation; psychosis; schizophrenia, 34761

psychotic symptoms; overt aggression; treatment-resistant patients; schizoaffective disorder; schizophrenia; clozapine; olanzapine; risperidone; haloperidol, 20407

QTc prolongation; psychotropic drugs; drug overdose; ziprasidone; seizures; schizoaffective disorder, 26380

quetiapine; gabapentin; treatment-resistant schizoaffective disorder; crack cocaine addiction; comorbidity, 29402

quetiapine; schizoaffective disorder; polysubstance dependence; treatment noncompliance; antipsychotic medications; adverse effects, 35514

routine care quality; schizoaffective disorder; schizophrenia; outcome measures; assessment scales; systems care; psychometrics; Schizophrenia Care and Assessment Program Health Questionnaire, 151

schizoaffective disorder patients; chronic schizophrenia; psychosis; insight; recovery; methodological issues; positive and negative symptom awareness, 16442

schizoaffective disorder; anxiety symptoms; quality of life; older outpatients; Schizophrenia; akathisia; cognitive impairment; depressive symptoms, 10812

schizoaffective disorder; aripiprazole; schizophrenia, 29372

schizoaffective disorder; bipolar type; psychiatrists; psychopharmacologic treatment; psychotherapy, 19304

schizoaffective disorder; lithium; carbamazepine; prophylaxis; treatment; prophylactic therapy, 23208

schizoaffective disorder; nosologic boundaries; schizophrenia; bipolar disorder; diagnostic categories; DSM-IV, 28581

schizoaffective disorder; psychomotor retardation; deep venous thrombosis; medical complications; treatment guidelines; catatonia, 5303

schizoaffective disorder; schizophrenia research; mental health services; primary care settings; subject recruitment; disorder severity; illness onset; sample characteristics, 18218

schizoaffective disorder; therapeutic tolerance; rebound psychosis; schizophrenia; quetiapine maintenance monotherapy; male outpatients; long-term safety; efficacy, 11492

schizoaffective disorder; therapeutic tolerance; rebound psychosis; schizophrenia; quetiapine maintenance monotherapy; male outpatients; long-term safety; efficacy, 11528

schizoaffective mixed states; bipolar affective disorder, 28609

schizophrenia; bipolar disorder; schizoaffective disorder; epidemiology; rural environments; socioeconomically homogeneous population; ethnically homogeneous population; morbid risk, 22467

schizophrenia; direct costs; Italian community mental health services; psychiatric illnesses; schizoaffective disorder; schizophreniform disorder, 29614

schizophrenia; mood; cognition; schizoaffective disorder; affective symptomatology; diagnosis; mood-incongruent psychotic mania; mood-incongruent psychotic mixed mania; symptomatology, 16439

schizophrenia; schizoaffective disorder; relapse prevention; olanzapine-treated patients; placebo-controlled trial; placebo-treated patients; double-blind maintenance, 8481

schizophrenia; schizophreniform disorder; schizoaffective disorder; cognitive processing speed; long term memory deficit; central executive function, 1477

scopolamine patch; clozapine-induced sialorrhea; schizoaffective disorder, 29332

selective attention; schizoaffective disorder; psychotic bipolar disorder; Stroop interference, 22438

serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 35501

serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 5298

serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 35542

spatial working memory; functional magnetic resonance; schizoaffective disorder; schizophrenia; middle-aged patients; older patients, 25646

suicidal behavior; schizoaffective disorder; schizophrenia; depression; hopelessness; reasons for living; risk factors, 19316

treatment efficacy; treatment effectiveness; first generation antipsychotics; second generation antipsychotics; drug therapy; schizophrenia; schizoaffective disorder, 8512

treatment-resistant psychosis; clozapine; treatment outcomes; neuroleptic-refractory patients; schizophrenia; bipolar disorder; schizoaffective disorder, 35519

visuospatial memory; cognitive rehabilitation; visual information processing; prognostic variables; schizoaffective disorders; psychiatric disability; schizophrenia, 17420

weight gain; long term treatment; olanzapine; outpatients; schizophrenia; schizoaffective disorder; drug therapy, 32441

working memory; thought disorder; schizoaffective disorder; schizophrenia; language production; language fluency; language deficits, 4640

worsening psychosis; topiramate; anticonvulsant drugs; schizoaffective disorder; cognitive adverse effects; depressive symptoms; psychotic symptoms; spontaneous speech; AMPA/kainate glutamate receptor, 26356

ziprasidone; mania; schizoaffective disorder; bipolar disorder, 20277

Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Paranoid Schizophrenia, Schizophreniform Disorder, Undifferentiated Schizophrenia]—Serials

schizophrenia prodrome; ultra high-risk; early psychosis; research; endophenotypic markers; clinical indicators, 20221

3D morphometrics; craniofacial dysmorphism; asymmetry; sexual dimorphism; schizophrenia, 22543

A/J; amphetamine; antipsychotic; C57BL/6J; clozapine; prepulse inhibition; strain differences; weight gain, 13102

aberrant localization; synchronous hemodynamic activity; auditory cortex; schizophrenia, 28689

accelerated age-related decline; visual information processing; first-degree relatives; schizophrenia, 19424

acoustic startle; schizophrenic subjects; chronic schizophrenia; physiological arousal; personality profiles; increased reactivity; sensory reactivity, 7856

action attribution; first rank symptoms; schizophrenia; neural correlates, 31764

action awareness; schizophrenia; delusions of influence; megalomania; disordered neural mechanisms; voluntary action; causal efficacy, 7870

acute and transient psychotic disorder; brief psychoses; schizophrenia; outcome; gender; life events; family history; index episode; female preponderance; global functioning; symptoms, 1489

acute treatment; schizophrenia; atypical antipsychotics; rapid response; antipsychotic doses, 11571

adherence; conventional and atypical antipsychotics; schizoaffective disorder; schizophrenia; hospital discharge; predictors; gender; illness severity; attitudes toward medication; side effects; dose, 23233

adjunctive citalopram treatment; effectiveness; hallucinations; depersonalization symptoms; schizophrenia; olanzapine; drug interaction; safety; antipsychotic efficacy; depressive symptoms; serotonin, 29322

adjunctive donepezil; cognitive impairment; schizophrenia; cognitive functions; treatment outcome; acetylcholinesterase inhibitors, 26440

adjunctive medication; long-acting risperidone; schizophrenic symptoms; comorbid conditions; drug side effects, 17070

adjuvant glycine; olanzapine; risperidone; negative symptoms; cognitive symptoms; treatment-resistant schizophrenia; NMDA receptors, 11499

adolescent schizophrenia; first-episode schizophrenia; effectiveness; safety; tolerability; adolescent-onset schizophrenia, 2240

adolescent-onset schizophrenia; neuropsychological correlates; neuropsychological impairment; spatial working memory; cognitive function, 7882

Adolf Wolfli; schizophrenia; drawing, 34195

adverse effects; antipsychotics; medication adherence; erectile dysfunction; sexual side-effects; risperidone therapy; quetiapine; diabetes; metabolic acidosis; retrograde ejaculation; drug dosage, 26405

affect recognition; psychopathology; cognitive performance; schizophrenia; emotion perception, 28687

affective priming; schizophrenia; affective negative symptoms; automatic perceptual sensitivity; facial affect information; chronic schizophrenic patients; anhedonia, 13642

affective reactivity; speech experience; emotional experience; schizophrenic patients; deficit syndrome, 25620

affectivity; problem-solving interventions; schizophrenia patients; family members; symptomatology; patient social behavior; negative symptoms; emotional expression, 25614

African American; schizophrenia; medication; clozapine; divalproex sodium; risperidone; intellectual functioning; supported employment program; transitional program, 29758

age groups; school age version; semistructured interview; schizophrenia prodrome; identification; diagnostic issues; psychotic symptoms; subthreshold hallucinations; subthreshold delusions, 19491

akathisia; antipsychotic agents; circadian rhythms; dopamine receptors; extrapyramidal tracts; drug effects; schizophrenia; haloperidol, 5357

alcohol use; drug use; tobacco use; schizophrenia; substance abuse; epidemiology; rural settings; suburban settings; urban settings, 10777

alcohol use; drug use; tobacco use; schizophrenia; substance abuse; epidemiology; rural settings; suburban settings; urban settings, 10799

altered prepulse inhibition; cytosine arabinoside; sensorimotor gating deficits; schizophrenia; neurocognitive deficits; neurodevelopmental hypothesis; apomorphine; phenylcyclidine; acoustic startle, 27877

amafufunayana; ukuthwasa; cultural explanatory models; traditional healers; family history; schizophrenia symptoms; diagnosis; Zhosha patients, 28732

amisulpride-induced mania; schizophrenia; female patient; drug side effects, 5320

amoxapine; schizophrenia; antidepressant drug; drug therapy; psychiatric symptoms, 32434

amphetamine-induced locomotion; maternal exposure; acoustic startle responses; bacterial endotoxin; perinatal hypoxia; rat offspring; adult rats; schizophrenia; pregnancy, 19260

amphetamine; sensitization; animal model; schizophrenia; acoustic startle response; prepulse inhibition; locomotor activity; locomotor response, 7266

amygdaloid volumes; schizophrenia; magnetic resonance imaging, 7879

anatomical functional brain variables; basal symptoms; risperidone response; schizophrenia; temporal lobe; positron emission tomography; magnetic resonance imaging; brain metabolism, 5316

ancestral haplotypes; generation; schizophrenia pedigree; chromosomal regions; schizophrenia; schizoaffective disorder, 19469

animal behavior models; drug mechanisms; drug differentiation; atypical antipsychotic drugs; typical antipsychotics; prepulse inhibition; paw test; psychotropic drugs, 7186

animal models; schizophrenia; molecular genetics; brain diseases; environmental factors; etiology; genetic factors; neurological diseases; psychiatric diseases, 527

anterior ventromedial temporal lobe; olfactory dysfunction; schizophrenia; structural brain abnormalities, 10810

antiparkinsonian drugs; cardiac autonomic dysfunction; schizophrenia; parkinsonism; biperiden; psychotic symptoms, 2203

antipsychotic agents; clozapine; olanzapine; adverse effects; insulin; lipids; triglycerides; C-peptide, 5313

antipsychotic drug use; schizophrenia; pharmacotherapy, 20414

antipsychotic drugs; body mass index; chronic mental illness; direct-care staff; obesity; psychosis; schizophrenia, 32748

antipsychotic drugs; postmortem brains; gene expression; animal model; drug effects; glutamic acid decarboxylase; anterior cingulate cortex; rats; haloperidol; clozapine, 13107

antipsychotic effects; hospitalization risk; selection bias; observable factors; unobservable factors; schizophrenia, 17082

antipsychotic medication use patterns; costs of care; schizophrenia, 5310

antipsychotic medication; atypical antipsychotics; prescription rates; drug therapy; schizophrenia; clozapine; treatment duration; health behavior, 5337

antipsychotic medication; client attitudes; illness attitudes; professional carers; schizophrenia; compliance; mental health professionals, 26419

antipsychotic medication; medication non-adherence; schizophrenia; health care costs; resource use, 32452

antipsychotic medication; paroxysmal perceptual alteration; oculogyric crisis; schizophrenia; mood disorders; neurotic disorders, 2231

antipsychotic medication; second generation antipsychotics; torticollis; neck muscle contractures; quetiapine; haloperidol; clozapine; schizophrenia patient; side effect medications, 35528

antipsychotic medications; oculogyric crises; schizophrenia; chlorpromazine; drug therapy; hallucinations, 17026

antipsychotic medications; preventive strategies; healthy participants; olanzapine; sensory gating, 14133

antipsychotic medications; schizophrenia treatment; financing systems; delivery systems; health maintenance organizations; capitated system, 14035

antipsychotic medications; Schizophrenia; quality of life, 8516

antipsychotic medications; treatment compliance; treatment attitudes; schizophrenia, 20274

- antipsychotic polypharmacy; antipsychotic medications; chronic schizophrenia; monotherapy; psychotropic medications; drug dosages, 13643
- antipsychotic polypharmacy; neuroleptics; polydrug therapy; treatment; schizophrenia; expenses, 2162
- antipsychotic polypharmacy; neuroleptics; polydrug therapy; treatment; schizophrenia; costs, 2225
- antipsychotic therapy; schizophrenia; mechanism-based development; N-methyl-D-aspartate glutamate receptor agonists; omega-3 fatty acids; hormones; dopamine D2 receptor agonists, 11487
- antipsychotic treatment; effectiveness; schizophrenia; olanzapine; quetiapine; risperidone; haloperidol; positive symptoms; negative symptoms; depressive symptoms; cognitive symptoms; tolerability, 23235
- antipsychotic treatment; first-episode schizophrenia; treatment response; schizoaffective disorders; schizophreniform disorders; duration of untreated psychosis, 35557
- antipsychotic; violent behavior; schizophrenia; community-based treatment; neuroleptics; clozapine; risperidone; olanzapine; at risk population; treatment effectiveness, 23304
- apolipoprotein E; schizophrenia; frontal cortex; gene polymorphisms; DNA; Brodmann's area, 1469
- apoptosis; neuronal pathology; schizophrenia; bipolar disorder, 25502
- aripiprazole; olanzapine; schizophrenia; negative symptoms; symptomatology; augmentation, 35524
- aripiprazole; relapse prevention; stabilized patients; chronic schizophrenia; efficacy; safety; tolerability; stable symptomatology, 2207
- Assessment of Psychotic Patients for dynamic Psychotherapy; schizophrenic psychosis; individual dynamic psychotherapy; psychometrics; treatment continuance; treatment outcome; treatment adherence, 3203
- assisted living; health service use; Medicaid beneficiaries; schizophrenia, 5111
- at risk population; nursing home residents; schizophrenia; polydipsia; life-threatening condition; health characteristics, 28736
- attention; motor control; motor imagery; schizophrenia; posterior parietal cortex; auditory hallucinations; self-monitoring deficits, 34864
- attentional allocation; visual backward masking; pupillary responses; schizophrenia; pupil dilation; cognitive task, 19448
- atypical antipsychotic agents; ziprasidone; receptor affinity; schizophrenia treatment; dopamine receptors; serotonin receptors, 11560
- atypical antipsychotic drugs; switching strategies; medication regimens; treatment guidelines; dosing strategies; risperidone; schizophrenia; treatment compliance, 8523
- atypical antipsychotic medication; drug combinations; treatment-resistant schizophrenia; schizoaffective disorder; olanzapine; sulpiride; risperidone; clozapine; quetiapine, 11523
- atypical antipsychotic medications; schizophrenia; treatment outcomes; symptoms; drug therapy; rehospitalization; medication change; medication gaps; first admission, 5315
- atypical antipsychotic ziprasidone; clinical trials; acute exacerbation of schizophrenia; tolerability profile; positive & negative & affective symptoms; treatment-resistant schizophrenia, 11506
- atypical antipsychotic; cognitive performance; placebo withdrawal; executive function; general intellect; schizophrenia, 11570
- atypical antipsychotics; cognitive function; schizophrenic patients; 5HT-2A receptors; dopamine; prefrontal cortex, 29395
- atypical antipsychotics; cognitive sparing effects; event related potentials; working memory; schizophrenic patients; auditory hallucinations; clozapine; olanzapine, 14173
- atypical antipsychotics; pharmacological interaction; schizophrenic outpatient; PRL secretion; drug coadministration; quetiapine; mirtazapine; hyperprolactinemia; opioid system, 8534
- auditory hallucination; integrative treatment; schizophrenic patients; coping behavior; psychopathology, 23136
- auditory hallucinations; cognitive impairment; hippocampus; schizophrenia, 5069
- auditory hallucinations; Nigeria; mental disorders; schizophrenia; affective disorders; culture differences; United Kingdom, 13571
- auditory hallucinations; white matter; structural interconnections; frontoparietal fiber tract; arcuate fasciculus; corpus callosum; cingulate bundle, 28711
- auditory selective attention; schizophrenia; executive control; auditory processing, 25654
- auditory verbal hallucinations; auditory activation; language function; internal monitoring; lateralization of language function, 22562
- auditory verbal working memory; nonpsychotic relatives; schizophrenia patients; genetic risk; illness; prefrontal cortex, 19495
- autism; endophenotypes; epidemiology; record linkage; schizophrenia, 24344
- automatic processing; verbal emotion; schizophrenia; affective symptoms; emotional state; trait characteristics; chronic mental illness; flat affect; anhedonia, 1504
- axonal chemorepellant semaphorin 3A; cerebellum; schizophrenia patients; synaptic pathology; cerebellum; synaptic connectivity, 13625
- basal ganglia high-energy phosphate metabolism; neuroleptic-naïve patients; schizophrenia, 28704
- baseline psychopathology; negative symptoms; positive symptoms; high risk patients; schizophrenia; psychosis; classification algorithm; social isolation, 22546
- behavioral disorder; emotional disorder; child maltreatment; schizophrenia; treatment strategies; medication, 25807
- behavioral treatment; medical treatment; chronic polydipsia; schizophrenia; diabetes insipidus; fluid intake, 20464
- beta-adrenergic receptor kinase 2 gene; schizophrenia; dopaminergic pathways; mutations; polymorphism; genes, 19502
- betel chewing; schizophrenia; developing countries; betel use; oro-pharyngeal carcinoma, 10437
- bilateral prefrontal leukotomy; lexical abilities; verbal fluency; schizophrenia, 32490
- bioethics; early intervention; schizophrenia; genetic markers; risk factors; ethics frameworks; conceptualization of disease; scientific uncertainty; risk factor ethics, 12062
- biological basis; schizophrenia; positive symptoms; affective symptoms; neuronal circuits; neurotransmitters; novel treatment strategies, 16443
- bipolar affective disorder; schizophrenia; linkage; chromosome 3q29; genome; genotyped markers; family, 19342
- bipolar disorder; historical perspective; diagnostic boundaries; new-onset psychosis; second generation antipsychotics; shared symptoms, 10680
- bipolar disorder; schizophrenia patients; schizotypal features; functional psychosis; genetic linkage; bipolar disorder, 6295
- bipolar disorder; schizophrenia; cigarette smoking; comorbidity; drug dependency, 34781
- bipolar disorder; schizophrenia; gamma aminobutyric acid interneurons; NMDA; N-methyl-D-aspartate; glutamic acid decarboxylase; anterior cingulate cortex; cerebral cortex, 28618
- bipolar disorder; schizophrenia; genes; phosphoinositide; lipid metabolism, 25538
- bipolar disorder; schizophrenia; genetics; affective disorders, 10712
- blood iron levels; tardive dyskinesia; peripheral iron indices; schizophrenia, 19843
- bone mineral density; prolactin; chronic schizophrenia; gonadal hormones; testosterone; estradiol; typical neuroleptics; risperidone; clozapine, 10791
- Borna Disease Virus; schizophrenia; mood disorders; anti-p10-BDV; antibodies, 1354
- brain activation patterns; verbal fluency; schizophrenia, 34891
- brain function; functional magnetic resonance imaging; functional neuroimaging; schizophrenia; pathognomonic physiological features; genetic variation; mental illnesses, 16427
- brain imaging studies; dopaminergic neurotransmission; functional brain imaging; working memory deficits; prefrontal dysfunction; environmental factors, 10790
- brain morphology; cannabis abuse; cannabis dependence; recent-onset schizophrenia, 22528
- brain response; visual vigilance; chronic schizophrenia; schizoaffective disorder, 25627
- brain variables; clozapine treatment; treatment resistant schizophrenia; positron emission tomography; magnetic resonance imaging; schizophrenic syndromes; anatomy; metabolism, 5317
- brain volume; intellectual impairment; sex difference; schizophrenia; brain structure, 4619
- brain weight; schizophrenia; age differences; gender differences, 4626
- brain-derived neurotrophic factor gene; schizophrenia patients; polymorphism; pathophysiology, 7904
- brain; dopamine systems; psychosis; schizophrenia; emotional responses; affective responses; brain dysfunction; schizophrenic oversensitivity; dopamine dysregulation; cellular circuits; system balance, 19447
- calcium binding proteins; prefrontal cortex; schizophrenia; neuronal density; cortical thinning; calretinin; parvalbumin; GABAergic interneurons, 13644
- candidate genes; gene expression; rat models; schizophrenia; haloperidol; strain vulnerability; polymorphisms; disease onset, 12796
- cannabis abuse; nerve growth factor serum concentrations; schizophrenia onset; drug-naïve patients, 13537
- cannabis use; psychosis; schizophrenia; vulnerability; lifespan use, 7740
- carbamazepine; steady-state plasma concentration; haloperidol; schizophrenia, 2239
- cardiovascular events; mortality; new-onset diabetes; antipsychotics; schizophrenia, 10782
- caregiver burden; mental illness; disease severity; schizophrenia, 5636
- caregiver burden; schizophrenia; hospitalization; substance abuse; family members; aggressive behavior; involuntary hospitalization, 8794
- catechol O-methyltransferase gene; Val158/108Met polymorphisms; schizophrenia; familial incidence; physiological correlates; epidemiology; risk analysis, 31786
- catechol O-methyltransferase gene; Val158/108Met polymorphisms; schizophrenia; familial incidence; physiological correlates; epidemiology; risk analysis, 31766
- catechol O-methyltransferase gene; Val158/108Met polymorphisms; schizophrenia; familial incidence; physiological correlates; epidemiology; risk analysis, 31780
- catechol O-methyltransferase; genetic polymorphism; cognitive function; symptomatology; chronic schizophrenia; prognosis; onset age, 25683
- catechol O-methyltransferase; monoamine oxidase; drug response; neuroleptics; schizophrenia, 2173
- cavum septi pellucidi; schizophrenia; age differences, 34861
- cell adhesion molecule; immunoreactivity; anterior cingulate cortex; bipolar disorder; inflammatory response; affective disorders; schizophrenia, 19403
- central dopaminergic activity; kainate model; temporal lobe epilepsy; schizophrenia; epileptic psychosis; rats, 27850
- central dopaminergic neurotransmission; serotonergic neurotransmission; psychoanalytic explanations; neurobiological correlates; phenomenological approach; anhedonia; schizophrenia; treatment, 10794
- central information processing; gating; auditory evoked potential; schizophrenia, 24721
- central nervous system; psychosis; schizophrenia bacterial infection; viral infection; risk factors, 19465
- cerebellar dysfunction; schizophrenia patients; cerebellar neurologic signs; neuropathologic correlates; cognitive correlates, 28708
- cerebellum; prefrontal cortex; thalamic volumes; adolescent-onset schizophrenia; multiple brain lesions; functional dysconnectivity, 31769
- cerebral asymmetry; language; schizophrenia; gene; cerebral cortex; occipital lobe; temporal lobe; parietal lobe; genetics; psychosis; monozygotic twin; lateral dominance, 19436
- cerebral blood flow; anterior cingulate cortex; schizophrenia; drug therapy; clozapine; haloperidol; task performance; treatment outcomes, 11517
- cerebral lateralization; normal cerebral volume asymmetries; early onset schizophrenia; adolescent patients, 10787
- cerebral ventricular change; schizophrenia onset; hemispheric volume, 19438
- cerebral white matter; psychosis exacerbation; schizophrenia patients; psychotic symptoms; antipsychotics, 20301
- cerebrospinal fluid; schizophrenic patients; nitric oxide; nitrite; nitrate; neurological disorders, 25667
- cerebrovascular response; cognitive tasks; schizophrenia; cerebral hemoglobin oxygenation; left frontal area; verbal fluency test; letter number span test, 28753
- chaos theory; schizophrenia; psychiatric neuroscience; temporal & sequential architecture; neural substrate activity; pathophysiology; course; treatment; outcome, 1481
- chaos theory; schizophrenia; psychiatric neuroscience; temporal & sequential architecture; neural substrate activity; pathophysiology; course; treatment; outcome, 1498
- childhood onset schizophrenia; olanzapine; school age children; assessment of negative and positive symptoms; weight gain, 2212
- childhood-onset schizophrenia; olanzapine treatment; psychopathology scores; treatment refractory schizophrenia; side effects; weight gain, 1494
- chlorpromazine; schizophrenia; history of psychiatry; psychopharmacology, 11525
- cholinergic muscarinic receptors; anterior cingulate cortex; schizophrenia; bipolar disorder; major depression disorder; deep laminae; receptor density; receptor binding; postmortem brain tissue, 18627
- Christoph Haizmann; madness; bizarreness; schizophrenia; Bavarian painter; abnormal religious experiences; social norms; cultural norms, 19487
- chromogranin B gene; polymorphisms; schizophrenia; chromosome, 28713
- chronic L-dopa; Schizophrenia; therapeutic implications; heuristic implications; dopamine precursor; levodopa; antipsychotic drugs, 17049
- chronic schizophrenia; cognitive function; insight; negative symptoms; positive symptoms; treatment compliance, 31778

- chronic schizophrenia; differential expression; neuroleptic medication; analysis techniques; greatest percentage; community settings; speech disturbance; comparison groups, 7887
- chronic schizophrenia; ethinyl estradiol; women; haloperidol; estrogen; haloperidol, 2138
- chronic schizophrenia; tardive dyskinesia; prevalence; Chinese, 1486
- chronic schizophrenia; verbal memory impairment; neuropsychological deficits; clinical symptoms; conceptual disorganization; cognitive deficits; deficient word fluency; negative symptoms, 25661
- chronic schizophrenics; neurocortical electrical activity; brain imaging, 7913
- chronically ill patients; schizophrenia; paranoia exacerbation; anger exacerbation; aripiprazole; antipsychotic medication; agitation, 17040
- cigarette smoking; psychotropic drugs; antipsychotic metabolism; schizophrenia; caffeine metabolites; urine; saliva; human sex differences; drug dosage, 14129
- cingulate fasciculus; schizophrenia; magnetic resonance diffusion tensor imaging; pathophysiology, 7883
- cingulate fasciculus; schizophrenia; magnetic resonance diffusion tensor imaging; pathophysiology, 19415
- clinical characteristics; functional characteristics; mental health services utilization; antipsychotic use patterns; cross cultural differences; Europe; schizophrenia; health outcomes, 20111
- clinical global impression severity; atypical antipsychotic medications; extrapyramidal side-effects; schizophrenia; quetiapine; haloperidol, 14131
- clinical global impression-schizophrenia scale; schizophrenia; symptoms diversity; cognitive symptoms; depressive symptoms; validity; reliability, 21137
- clinical guidelines; mental health; National Collaborating Centre for Mental Health; mental illness; schizophrenia, 29630
- clinical outcome; therapeutic effects; clinical response; drug-resistant schizophrenic patients, 14164
- clinical phenotype; schizophrenia; Finnish isolate; psychiatric symptoms, 22524
- clinical trials; tolerability; ziprasidone; schizophrenia treatment; for movement disorders; metabolic safety profile; weight gain; lipoprotein levels; pharmacokinetics; corrected QT interval, 11477
- Clock Drawing Test performance; cognitive status; positive and negative symptoms; schizophrenia; symptom severity, 10779
- clozapine response; proinflammatory cytokine; schizophrenia; tumor necrosis factor alpha; susceptibility; gene polymorphisms, 7910
- clozapine treatment; nicotine withdrawal; amphetamine withdrawal; rats; somatic signs; affective signs; negative symptoms; schizophrenia, 7253
- clozapine; amisulpride; schizophrenia; schizoaffective psychosis; paranoid-hallucinatory psychosis, 26335
- clozapine; antipsychotic drugs; schizophrenic patients; P50 suppression, 28685
- clozapine; clinical response; schizophrenic patients; negative symptoms assessment; schizophrenia predictive factors; clinical outcome; antipsychotic drug resistance; metabolic capacity; genetic data, 8525
- clozapine; clinical response; treatment resistant schizophrenia; pharmacogenetics; genotype; brain metabolic activity; dopamine receptors; serotonin alleles, 14176
- clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31770
- clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31777
- clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 4641
- clozapine; drug dosages; cytochrome P450 1A2; drug response; CYP1A2 genes; schizophrenia; plasma levels; smokers, 20320
- clozapine; efficacy; schizophrenia; side-effects; treatment resistant, 5290
- clozapine; lupus erythematosus; drug side effects; drug therapy; paranoid-hallucinatory schizophrenia, 20411
- clozapine; maintenance therapy; schizophrenia; treatment efficacy, 20329
- clozapine; obsessive-compulsive symptoms; schizophrenia patients; serotonin reuptake inhibitors, 23291
- clozapine; quantitative EEG; schizophrenia; therapeutic response; positive & negative symptoms, 26372
- clozapine; weight gain; antipsychotic medications; schizophrenia; medical illnesses; obese, 29319
- cocaine abuse; voucher-based reinforcement; contingency management; reinforcement therapy; schizophrenia, 17439
- coeliac disease; schizophrenia; prevalence, 25441
- coeliac disease; schizophrenia; prevalence, 25447
- cognition; brain structure; schizophrenia; neurocognitive deficits; disease course; antipsychotic medications; neuroanatomy, 19443
- cognitive assessment; schizophrenia; neurocognitive assessment batteries; neurocognitive function; Brief Assessment of Cognition in Schizophrenia (BAGS); test sensitivity, 25643
- cognitive behavior therapy; first episode psychosis; schizophrenia; positive symptoms; unusual experiences, 32308
- cognitive deficits; cognitive assessment; cognitive enhancement; neurocognition; psychopharmacology; schizophrenia; test selection; cognitive battery; National Institute of Mental Health, 33547
- cognitive deficits; schizophrenia, 28697
- cognitive deficits; schizophrenia; conflict processing, 7888
- cognitive dysfunction; schizophrenia; clinical symptoms; psychopathology; treatment; drug therapy; negative symptoms, 22544
- cognitive enhancement therapy; treatment strategy; schizophrenia; antidepressant; psychosocial improvement, 35352
- cognitive function; antipsychotic medications; ziprasidone; Positive and Negative Syndrome Scale improvement; long-term patient outcomes; schizophrenia, 11497
- cognitive function; depression; symptom resolution; olanzapine; schizophrenia, 32474
- cognitive functioning; schizophrenia spectrum disorders; sustained attention; visual memory; long-term memory; short-term memory; visual information processing; adolescents, 25685
- cognitive functioning; schizophrenia; evaluation; definition; treatment effectiveness; symptom improvement; clinical efficacy; cognitive dysfunction; antipsychotics; activities of daily living, 23096
- cognitive impairment; associative recognition; conscious recollection; item recognition memory; item familiarity; schizophrenia, 7855
- cognitive impairment; schizophrenia; maintenance electroconvulsive therapy; neuropsychology, 23318
- cognitive rehabilitation; schizophrenia; rehabilitation approach; training duration; task performance, 5197
- cognitive remediation training; cognitive deficits; schizophrenia; functional outcomes; work therapy; memory; computerized training, 16432
- cognitive tasks; neuropsychological deficits; children; increased familial risk; schizophrenia, 22531
- cognitive therapy; psychosis; community mental health team; schizophrenia; treatment effectiveness, 32314
- cognitive-behavior therapy; psychotic symptoms; schizophrenia; family interventions; psychosis; mild intellectual disabilities, 35433
- cognitive-behavioral therapy; schizophrenia; social skills training; antipsychotic medication; positive symptoms; depression; relapse prevention; coping; symptom management, 14085
- cognitive-behavioral therapy; schizophrenia; therapeutic relationship; clinical skills, 35442
- cognitive-behavioural therapy; (CBT); therapeutic interventions; Schizophrenia treatment; therapy efficacy; policy endorsement; CBT practice, 5207
- cognitive-behavioural therapy; patient psychoeducation; schizophrenia; treatment efficacy, 32260
- collaborative model; decisional capacity; informed consent; older patients; schizophrenia; geriatric patients; aging; competence; bioethics unit; research participation, 10793
- color contrast; low luminance; interstimulus intervals; physiological properties; schizophrenia patients; luminance contrast; visual processing; visual pathways, 7896
- comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8432
- comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8428
- comorbid substance misuse; psychosis; schizophrenia; substance misuse treatment, 16894
- comorbidity; schizophrenia; obsessive compulsive disorder; symptoms, 10718
- comparative neuropsychological function; obsessive-compulsive disorder & symptoms; schizophrenia; orbitofrontal dysfunction function, 25689
- competence; mentally ill patients; dementia; depression; schizophrenia; treatment decisions; clinical assessment; physician attitudes; treatment; impairment, 7773
- context memory; binding; context-memory hypothesis; schizophrenia; contextual information; memory, 25688
- context processing; dorsolateral prefrontal cortex; schizophrenia; cognitive deficits; evoked potentials, 7885
- conventional antipsychotics; atypical antipsychotics; treatment adherence; Medicaid program; schizophrenia, 8528
- conventional antipsychotics; second-generation antipsychotics; schizophrenic inpatients; practicing psychiatrists; prescription practices; outpatient treatment; follow-up treatment, 11494
- conventional neuroleptic treatment; cognition; schizophrenia; antipsychotic agents; cognitive impairment, 26406
- coping behavior; schizophrenia; neurocognitive deficits; personality; visual memory; verbal memory; executive function; neuroticism; extroversion, 22547
- cortical excitability; motor cortex; transcranial magnetic stimulation; neuroleptic-naïve patients; first-episode schizophrenia, 22535
- course of cognitive functioning; onset of schizophrenia; academic examination scores; first episode; young males, 10774
- cross-cultural adaptation; Spanish version of the Calgary Depression Scale for Schizophrenia; validation; schizophrenia, 25674
- cultural bias; diagnosis; schizophrenia; African Americans; racial differences; clinician bias; cultural bias; test validity; test reliability; psychometrics, 21163
- cytochrome; antipsychotic treatment; tardive dyskinesia; genetic polymorphism; schizophrenic patients; disease severity, 26389
- cytogenetic abnormalities; schizophrenic patients; chromosome aberrations; susceptibility, 7865
- cytokines; genes; interleukin-1; polymorphisms; schizophrenia; disease susceptibility, 4657
- D2 dopamine receptor gene; D3 dopamine receptor gene; gene polymorphisms; genetic association; schizophrenia, 19419
- D4 antagonist sonepiprazole; schizophrenia; placebo; clozapine efficacy; schizophrenia patients; dopamine antagonist, 20305
- deficit schizophrenia; sociodemographic characteristics; premorbid adjustment; course; symptomatology; level of functioning; neurological signs; cognitive functioning, 1507
- deficit syndrome; schizophrenia; symptom domains; secondary negative symptoms; primary negative symptoms; pathophysiology research; pharmacological response; antipsychotics; psychopathology, 16424
- deficit syndrome; social functioning; social anhedonia; neurocognitive functioning; schizophrenia patients; emotional experience, 7873
- delusions; schizophrenia; experiences; onset; psychosis, 19497
- Dementia Praecox Studies; schizophrenia; laboratory science; biological causes; bacteriological causes; Bayard Taylor Holmes; cure, 22553
- dementia praecox; history of psychiatry; nosological entity, 19484
- dementia; schizophrenia; nicotinic receptor expression; prefrontal cortex, 7752
- depot antipsychotic use; schizophrenia, 20393
- depot antipsychotics; injection site pain; anesthetic cream application; schizophrenia; lidocaine-prilocaine cream, 35510
- developing schizophrenia; genetic predisposition; possible association; monozygotic twins; dizygotic twins, 34888
- diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 27320
- diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 18134
- diagnostic differences; women; long-term serious mental illness, 26601
- diagnostic distinction; schizophrenia; late onset; delusional disorder; clinical diagnosis; paranoid psychoses, 4646
- dietary habits; smoking habits; cardiovascular risk; schizophrenic patients; community-dwelling people; weight; exercise; coronary heart disease, 31771
- differential impairment; attention; paranoid schizophrenia; nonparanoid schizophrenia, 16428
- dinucleotide repeat polymorphism; schizophrenia; neuronal nitric oxide synthase gene; NOS1; pathophysiology; central nervous system; genotype distribution; Han Chinese patients; susceptibility, 7884
- discharge medications; tertiary care psychiatric facility; antipsychotic utilization; drug therapy; schizophrenia; schizoaffective disorder; bipolar disorder; psychosis; antipsychotic polypharmacy, 17079
- discordant twin pairs; monozygotic twin pairs; language lateralization; schizophrenia; genetics; right hemisphere, 28742
- disease management; Latinos; schizophrenia; skills training program effectiveness; patients' relatives; management skills; customary outpatient care; culturally adapted care, 1932
- disease recovery; schizophrenia; health care delivery, 29656
- disorder awareness; suicide risk; schizophrenia treatment; suicide prevention; medication compliance, 35512

- disrupted in schizophrenia-1; primate brain; DISC-1 expression; dentate gyrus; hippocampus; lateral septum; cerebral cortex; amygdala; paraventricular hypothalamus; cerebellum interpeduncular nucleus, 7860
- dissociative identity disorders; DID; feigned dissociation; hypnotic susceptibility; schizophrenia; relative efficacy, 6332
- divalproex sodium; standard delayed release preparation; extended release formulation; schizophrenia; safety; efficacy; tolerability, 26349
- donepezil; acetylcholinesterase; cholinergic neurotransmission; schizophrenia; male patient; frontal lobotomy, 2193
- dopamine D3 receptor gene; Ser9Gly variant; schizophrenia, 19455
- dopamine receptor D2; insertion deletion polymorphism; schizophrenia, 1483
- dopamine receptor density; neuroleptic-naïve patients; neuroleptic-free patients; schizophrenia; schizophreniform disorder, 19470
- dopamine receptor gene; loci; linkage analysis; schizophrenia; polymorphism markers; chromosome; patients; siblings, 15460
- dopamine receptor; antipsychotics; dopaminergic neurotransmission; schizophrenia, 32430
- dopamine transporter; nicotinic receptors; negative symptoms; schizophrenia; rats; prefrontal cortex; dopaminergic activity; nicotine, 7174
- dopamine transporter; TRODAT; drug-naïve patients; schizophrenia; striatal dopaminergic system, 7874
- dorsal prefrontal cortex; neuropeptide Y interneurons; schizophrenia; prefrontal region; schizophrenic patients; proportional comparisons, 13633
- dorsolateral prefrontal cortex; inferior parietal cortex; working memory capacity; schizophrenia; parametric fMRI study, 25642
- dorsolateral prefrontal cortex; nondeficit schizophrenia; deficit schizophrenia; pathophysiology; white matter; neuronal density, 1485
- dosage finding; treatment; schizophrenic inpatients; amisulpride, 20351
- dream content; schizophrenia; mental illness, 1374
- drug abuse; alcohol abuse; schizophrenia; psychosis; dual diagnosis; comorbidity, 22549
- drug abuse; behavioral disturbances; schizophrenia; psychosis; risk factors; male adolescents, 1509
- drug utilization; risperidone; outpatients; tertiary referral hospital; schizophrenia, 29356
- duration judgements; schizophrenia; time cues; timing abilities; encoding; cognitive processes, 7866
- duration of untreated psychosis; psychosocial treatment vs drug treatment delay; outcome; schizophrenia; antipsychotic medication, 1913
- duration of untreated psychosis; schizophrenia; first episode patients; treatment response; premorbid social functioning, 16444
- dysbindin gene expression; normal brain vs schizophrenic prefrontal cortex & midbrain; dysbindin messenger RNA; sequence variations; introns; synaptophysin; spinophilin; cyclophilin, 31787
- dysfunctional attitudes; symptom expression; schizophrenia; paranoid delusions; negative symptoms; differential associations; interpersonal needs; psychopathology, 34884
- dystrobrevin binding protein; schizophrenia; parent-offspring trios; gene encoding, 25647
- early visual information processing; schizophrenia; recurrent depression, 25673
- elderly chronic psychotic patients; olanzapine; schizophrenia; schizoaffective disorder; neuroleptic treatment, 26337
- elderly patients; schizoaffective disorder; negative symptoms; positive symptoms; olanzapine; risperidone; atypical antipsychotics; extrapyramidal symptoms; hospital inpatients, 5295
- electromagnetic tomography; electroencephalography; psychotic symptomatology; prefrontal cortex; schizophrenia; temporal lobe; frontal lobe; left hemisphere, 19464
- emotion management training; treatment resistant schizophrenia; emotion perception; social adjustment; psychopathology, 23097
- emotion perception; psychosocial rehabilitation; schizophrenia; psychosocial functioning; social cognition; functional outcome; working memory; affect recognition; work functioning/independent living, 4634
- emotion processing; non-clinical psychosis; alexithymia; schizophrenia, 25394
- emotion recognition; facial recognition; schizophrenia; neurocognitive performance; positive & negative symptoms, 22561
- environmental factors; functional abnormalities; schizophrenia; psychosocial factors; cerebrospinal fluid; infectious disorder; viral infection; disorder onset; immunology; genetics; risk factor, 19481
- environmental factors; functional abnormalities; schizophrenia; psychosocial factors; cerebrospinal fluid; infectious disorder; viral infection; disorder onset; immunology; genetics; risk factor, 28678
- epileptic psychoses; schizophrenia spectrum disorders; premorbid personality disorder; unemployment; schizophrenia, 28728
- episodic memory; emotional and nonemotional words; schizophrenia; subjective emotional experience; recognition; recall; emotional expression, 31775
- erectile function; nocturnal penile tumescence; risperidone; erectile dysfunction; testosterone; prolactin levels; schizophrenia, 20398
- esophageal dilation; hypomotility of esophagus; chronic schizophrenia; clozapine; clomipramine; aspiration pneumonia; side effects, 26394
- ethnicity; gender; schizophrenia-like psychosis; Bangladesh born elders; Black elders; White elders, 19479
- etiology; assessment of schizophrenia; schizophrenia diagnosis; behavioral phenomena; laboratory measures, 4620
- euthymic bipolar patients; familial vulnerability; schizophrenic patients; executive dysfunction; Stroop test; probands; unaffected relatives, 10730
- event-related brain potentials; pharmacological treatment; schizophrenia; brain structure; neurotransmitters; genetics; psychosis, 19444
- event-related potential; auditory sensory processing; schizophrenia; mismatch negativity, 25659
- event-related potentials; coherent representation; language comprehension; semantic information; negative deflection; sentence processing, 7894
- event-related potentials; non-target tones; auditory oddball paradigm; schizophrenia; attention-related change, 16434
- evidence-based treatment; treatment standards; schizophrenia; outcomes; psychopharmacology; psychosocial intervention, 11791
- executive dysfunction; activities of daily living; schizophrenia; neuropsychological tests; ecological validity, 28740
- executive function; schizophrenia spectrum disorders; obsessive symptoms; compulsive symptoms; cognitive deficits; social function; negative symptoms; attention, 19472
- expressed emotion; attribution; control; schizophrenia; parental attitudes; self-blame, 31779
- expressed emotion; Greek families; Anglo-Saxon families; schizophrenia; family communication; interaction patterns; hostility; emotional overinvolvement, 28701
- extrapyramidal symptoms; adolescent population; mental retardation; psychotic symptoms; schizophrenia; aripiprazole, 5307
- facial emotions recognition; schizophrenia; cognition; social functioning; neurocognitive functioning, 19463
- facial expressivity; schizophrenia patients; major depression; illness course, 34790
- familial influences; schizophrenia; course; severity; US & Indian samples; affected sibling pairs; genetic influences, 28695
- family history method; first-degree relatives; diagnosing schizophrenia; schizophrenia spectrum personality; schizophrenia-related psychoses, 25629
- family history of psychosis; cognitive ability; bipolar disorder; schizophrenia; genetics, 4576
- family interactions; schizophrenia; patient stabilization; racial differences; patients; parents; African Americans; Whites; criticism; problem solving; acute episode, 13641
- family members; victims; violent crimes; schizophrenia; male offenders; background factors; forensic psychiatric evaluation, 12411
- famotidine; olanzapine-induced weight gain; first-episode schizophrenia patients; placebo; weight gain, 29367
- fatty acids; bipolar disorder; schizophrenia; vasodilation; methylnicotinate-induced; skin flush, 1488
- fibroblast growth factor; schizophrenia; pathophysiology, 1474
- first-episode psychosis; schizophrenia; early diagnosis; symptoms; premorbid adjustment; lateral dominance; schizophreniform disorder; demographics; quality of life, 22539
- first-episode schizophrenia; microstructural integrity; corpus callosum; signal intensity; magnetic resonance imaging, 22532
- first-episode schizophrenia; morphometric changes; brain morphology; cerebral hemispheres; temporal lobes; cerebellar hemispheres, 22526
- first-episode schizophrenia; prefrontal cortical thickness; first-episode psychosis; gray matter; age; magnetic resonance imaging, 10813
- first-episode schizophrenia; symptomatology; social functioning; illness patterns, 34889
- fluoxetine augmentation; haloperidol; psychosis; schizophrenia, 2219
- folie à deux; bipolar affective disorder; schizophrenia; monozygotic twins; delusional disorder, 28665
- frontal brain; white matter integrity; adolescents; early onset schizophrenia, 28722
- frontal lobe dysfunction; schizophrenia; cognitive deficits; anxiety; symptom awareness, 31765
- fronto-occipital cerebral asymmetry; schizophrenic probands; relatives; genetic risk; genes, 19431
- frontotemporal connectivity; genetic risk; schizophrenia; pathophysiology; sibling study, 7917
- functional decline; cognitive impairment; functional assessment; cognitive assessment; geriatric patients; schizophrenia; cognitive changes, 4627
- functional monoamine oxidase; gene promoter; uVNTR polymorphism; schizophrenia; family, 19442
- functional status; cognitive functioning; elderly patients; clock-drawing test; schizophrenia; institutionalized patients, 3214
- functioning; schizophrenia; schizoaffective disorder; SF-36 Health Survey; well-being; physical health; depressive symptoms; cognitive impairment, 3200
- FZD3 protein; schizophrenia; chromosomes; polymorphisms; susceptibility, 7920
- GABA role in schizophrenia; GABA system; schizophrenia pathophysiology; neurotransmitter abnormalities; cognitive dysfunction; GABA pharmacology; GABA neuroanatomy; animal models; neuronal density, 7915
- GABA transporters; human dorsolateral prefrontal cortex; schizophrenia, 34887
- gender differences; repetitive transcranial magnetic stimulation; schizophrenia; rTMS; pre-treatment hypofrontality, 1479
- gender differences; schizophrenia; hospitalization; disease course, 7911
- gender; schizophrenia; neuroleptics; estrogens; dosages; aging; testosterone, 11551
- gene coding; genetic susceptibility; D2 dopamine receptor; schizophrenia; genetic polymorphisms, 19440
- gene polymorphism; tumor necrosis factor alpha; chromosomal location; schizophrenia; linkage disequilibrium, 7897
- gene polymorphisms; schizophrenia; glycogen synthase kinase, 25675
- generic effectiveness; symptom improvement; sensitivity; schizophrenia; mental health, 3228
- genetic association; schizophrenia; polymorphisms; polymorphic markers; syntaxin genes; cerebral cortex; synaptic function, 28754
- genetic factors; embryonic development; schizophrenia; dermatoglyphics; developmental abnormalities; at risk populations; fingerprints; neurodevelopment; family members, 4614
- genetic linkage; chromosomes; genotype; parent of origin; schizophrenia; bipolar affective disorder, 28670
- genetic risk; schizophrenia spectrum personality; neurophysiological markers; schizophrenia risk; generalized estimating equation; eye tracking; patient's relatives; family; diagnostic criteria, 1463
- genetics; schizophrenia, 19441
- ghrelin; food intake; weight gain; drug therapy; schizophrenia; olanzapine; risperidone, 20404
- glial fibrillary acidic protein; cerebellum; major depression; schizophrenia; bipolar disorder, 28594
- glucuronyltransferase gene; schizophrenia-like psychosis; balanced translocation; chromosome breakpoints; mice, 13634
- glutamate carboxypeptidase II gene expression; schizophrenia; frontal lobe; temporal lobe; prefrontal cortex; hippocampus; biological markers; physiological correlates; ribonucleic acid, 10784
- glutamate receptors; schizophrenia; NMDA receptor dysfunction; G-protein coupled receptors; psychopharmacology; cognitive deficits, 32463
- glutamate; glutamine; genetic risk; schizophrenia; nonpsychotic adolescents, 31785
- glycine transporter; inhibitor; N-methylglycine; antipsychotics; schizophrenia treatment; D-serine; glycine; N-methyl-D-aspartate receptor; D-cycloserine; antipsychotics, 20405
- glycogen synthase kinase; schizophrenia; hippocampal lesion; ventral hippocampus; ibotenic acid; protein levels; rats; frontal cortex, 21649
- graphesthesia task performance; biological relatives; schizophrenia; somatosensory processing task, 28690
- gray matter; brain volume; schizophrenia; chronic illness; illness onset, 4655
- greater impairment; positive stimuli; healthy control subjects; event-related potentials; neurobehavioral studies; schizophrenia patients; facial photographs; emotional targets; facial emotion, 7858
- gyral complexity; first-episode schizophrenia; neurodevelopmental processes, 28731
- gyral folding; cortical surface contours; gyrification index; temporal lobe; frontal regions; sulco-gyral differences; first-episode schizophrenic patients, 10788

- hallucinations; delusions; schizophrenia; external speech misattribution; externalizing bias; cognitive self-monitoring, 28679
- haloperidol administration; QTc prolongation; schizophrenia; risperidone; tachycardia; haloperidol, 5322
- haloperidol; fluvoxamine; drug interaction; dose effect; schizophrenia; negative symptoms, 14199
- hand movement; extrapyramidal motor dysfunction; negative symptoms; schizophrenia; neuroleptics; butyrophenones, 25636
- hand preference; allergy; juvenile cancer; schizophrenia; hand activities, 34780
- hand preferences; assessment methods; scoring methods; schizophrenia; risk level; first episode, 19429
- health attributions; symptom severity; prediction; schizophrenia; insight; symptomatology; psychological variables; coping; attributional style; cognitive functioning, 34865
- health status; ziprasidone; prior antipsychotic medication; olanzapine; risperidone; extrapyramidal side effects; conventional antipsychotic; prolactin levels; body weight; health improvement indices, 8557
- health-related quality of life; schizophrenia; outpatients; health care, 28747
- healthy subjects; schizophrenic patients; antagonist properties; receptor antagonist; increasing evidence; cognitive functions; possible mechanisms; oral administration; glutamate receptor, 8519
- healthy subjects; schizophrenic patients; antagonist properties; receptor antagonist; increasing evidence; cognitive functions; possible mechanisms; oral administration; glutamate receptor, 8540
- heat stroke; schizophrenia; clozapine treatment; rapid recognition, 23254
- hemispheric lateralization; finger length; digit pattern; schizophrenia; endocrine component; pathogenesis, 10775
- hepatitis C virus; infection prevalence; inpatients; schizophrenia; psychoactive substance abuse; Japan, 19276
- heteromodal association cortex; schizophrenia; schizoaffective disorder; prefrontal cortex; inferior parietal cortex; superior temporal gyrus; volume, 34873
- heteromodal association cortex; schizophrenia; schizoaffective disorder; prefrontal cortex; inferior parietal cortex; superior temporal gyrus; volume, 34862
- hippocampal dysfunction; episodic memory encoding; schizophrenia; face memory, 4636
- hippocampal deformities; siblings; schizophrenia; genetic vulnerability; genetic markers, 7908
- hippocampal function; cognition; cognitive disruption; schizophrenia; hippocampus; rodents; information processing; learning, 30878
- hippocampal pyramidal neurons; schizophrenic patients; neuronal size, 7872
- hippocampus; schizophrenia; neuropathology; psychosis; glutamate, 31768
- human life-span development; recovery micro-history; personal recovery history; schizophrenia, 16430
- hyperglycemia; antipsychotics; olanzapine therapy; basic mood; haloperidol; promazine; hyperglycemic remittance; diabetes risk, 17043
- hyperglycemia; olanzapine treatment; atypical antipsychotics; glucose; schizophrenic patients, 23271
- hyperkalemia; schizophrenic woman; orange juice; potassium; psychogenic polydipsia; diabetic outpatients; renal function; medical comorbidity, 34859
- illness modeling stages; first illness episodes; schizophrenia onset; prodromal stage; course model; early course; social course; course determinants; predictors; symptoms, 1475
- iloperidone; clozapine; haloperidol; working memory; rats; delayed non-matching-to-position paradigm; scopolamine; schizophrenia, 3903
- impaired hippocampal function; novel words detection; schizophrenia; declarative memory task; cognitive performance; hippocampal volume, 19498
- impaired visual context processing; schizotypy; thought disorder; schizophrenia, 25686
- Indians; gender; procreation; schizophrenic patients; schizophrenia; schizoaffective disorder; fertility; fecundity; India; culture, 25612
- inequality; schizophrenia; hospital wards; incidence rates; socio-economic factors, 32736
- information processing; schizophrenia patients; atypical antipsychotic medications; sensory gating deficits; mid-latency evoked responses, 25615
- inhibitory neuronal mechanisms; motor cortex; schizophrenic patients; electromyographic activity; contralateral hand muscles; ipsilateral hand muscles, 22527
- insight; paranoia; depression; schizophrenia; disease course, 19439
- insight; positive symptoms; negative symptoms; active symptoms; dysphoric symptoms; autistic symptoms; schizophrenia; adult patients, 10804
- insight; violent behavior; schizophrenia; forensic insight, 34863
- insulin; growth hormone; growth factors; birth complications; schizophrenia; fetal development; pre-adult development, 22540
- intellectual differences; schizophrenic patients; normal controls; adult lifespan; IQ; age, 7881
- intellectual disabilities; differential diagnosis; autism; schizophrenia; psychosocial interventions, 25945
- intellectual disability; psychopathology; quality of life; schizophrenia spectrum psychoses, 34755
- intellectual functioning; neurocognitive deficits; schizophrenic patients; cognitive impairment; learning disability; cognitive deficits; cognitive function; neurodevelopmental damage, 35307
- interleukin-1 signaling; receptor antagonist expression; prefrontal cortex; schizophrenic patients; brain pathology; parietal cortex; putamen; hypothalamus, 7909
- interleukin- β gene; IL- β ; schizophrenia; pathophysiology; cytokines; immune system, 22570
- internal auditory hallucinations; external auditory hallucinations; pathology; normal thinking; schizophrenia, 25623
- International Pilot Study of Schizophrenia; IPSS; mental health; research practice; developing countries; developed countries; mental health care, 4656
- interpersonal attributional biases; hallucinatory-prone individuals; external attributional biases; social-cognitive interpersonal events; schizophrenia, 25649
- interpersonal dependency; schizophrenia; neurocognitive impairment; clinical symptoms, 31773
- interstitial white matter neurons; IWMNs; reelin; abnormal distribution; schizophrenia; developmental signalling molecule; neurodevelopmental hypothesis; morphometry; cortical development, 12826
- interval duration; temporal processing; schizophrenia; cognitive deficits; auditory temporal perception; interstimulus interval, 1468
- item-response theory; outpatients; schizophrenia; standard error range; ability levels; moderate impairment detection; test; University of Pennsylvania Smell Identification Test; diagnostic utility, 19478
- juvenile delinquency; criminal offenses; schizophrenic patients; aggressive behavior; epidemiology, 34777
- keteraserin binding sites; psychiatric disorders; frontal brain membranes; parietal brain membranes; schizophrenic patients; depressed patients; bipolar patients; heterogeneous alterations, 9863
- knowledge; beliefs; attitudes; schizophrenia; cross-cultural differences; Japanese & Taiwanese elementary school teachers; mental health literacy; etiology; coping; stigma; support; parents; neighbors, 82723
- knowledge; workplace accommodations; workplace protections; young adults; schizophrenia; employment; Americans with Disabilities Act, 8837
- Kosrae island population; Micronesia; founder population; schizophrenia susceptibility gene mapping; disease rates; gender differences; genome scan; chromosome 2q, 13645
- labelling; public attitudes; schizophrenia; cultural differences; mental illness, 28680
- lamotrigine; treatment-resistant schizophrenia; clozapine; treatment outcomes; positive and negative symptoms, 8549
- late onset schizophrenia; hallucinations; delusions; phenomenology; psychosis; late-life major depression; dementia; symptoms, 4533
- late-onset schizophrenia; neuroleptic-naïve schizophrenic patients; psychopathology; symptom profiles; early-onset schizophrenia; first-admission treatments; neuroleptic therapy, 23293
- late-onset schizophrenia; parahippocampal gyri; gray matter; white matter, 4617
- late-stage motion processing; schizophrenia; visual motion processing; velocity discrimination, 28691
- latent inhibition; 5-HT_{2A} receptor antagonists; schizophrenia; antipsychotic potential; rats, 3941
- latent inhibition; context change; schizotypy; schizophrenia; attentional distractibility, 25684
- latent inhibition; neural development; schizophrenia; amphetamine; clozapine; periaudescence; rats; animal models, 4002
- latent inhibition; prepulse inhibition; amphetamine withdrawal; escalating dosage schedule; startle reflex; rats; schizophrenia, 3968
- latent inhibition; schizophrenia; positive symptoms; negative symptoms; antipsychotic drugs; dopamine; nucleus accumbens; animal models; rodents, 3991
- latent inhibition; young schizophrenics; symptom-types; conditioning retardation, 16429
- laterality; handedness; eye preference; foot preference; early-onset schizophrenia, 19433
- lateralization; auditory hallucinations; schizophrenia, 22563
- lateralized lexical decision; schizophrenia; hemispheric specialization; interhemispheric lexicality priming; word recognition, 7889
- left prefrontal; repetitive transcranial magnetic stimulation; schizophrenia; therapeutic effects; positive and negative symptoms; neuropsychological functioning; hormones, 28710
- levels-of-processing; word recognition; schizophrenia; classification; semantic processing, 7893
- life quality; schizophrenics; occupational issues; Quality of Life Measure for Persons With Schizophrenia; test validity; test reliability; psychometrics, 21144
- life satisfaction; suicidal attempts; schizophrenia; quality of life; suicidality history; patients, 4644
- life stress; comorbid schizophrenia; substance abuse; post-traumatic stress disorder; psychosis; traumatic life experiences, 28570
- lithium treatment; schizophrenia; antipsychotic medication; clinicians; randomized controlled trials; meta-analysis, 20350
- lithium; auditory gating; bipolar disorder; schizophrenia; psychosis; animal model, 761
- lived experiences; schizophrenia; father; shock; self control; grief; adaptation, 25662
- logical reasoning deficits; schizophrenia, 10785
- long-term therapy; acute therapy; schizophrenia; risperidone; atypical antipsychotics; side effects, 11539
- loudness dependence; serotonergic dysfunction; auditory cortex activity; dipole source analysis; serotonergic activity; potential amplitudes; schizophrenia, 7880
- low drug dosages; risperidone; first-episode psychosis; schizophrenia; schizophreniform disorder; schizoaffective disorder; drug therapy, 20336
- lymphocyte gene expression; multiplex schizophrenia pedigree; family members, 19496
- magnetic resonance imaging; MRI; mediadorsal nuclei; pulvinar nuclei; thalamus; centromedian nuclei; schizophrenia, 1484
- magnetic resonance imaging; sex-dependent effects; schizophrenia; gyrus folding; cortical volume; white matter volume, 1476
- maintenance treatment; schizophrenia; quetiapine; drug dosages, 20293
- major depression; plasma glycine; plasma serine; schizophrenia; negative symptoms, 19493
- major depression; suicide; schizophrenia; comorbidity; disease course, 1320
- maladjustment; psychological states; outpatients; schizophrenia, 7914
- managed behavioral health; carve-out; psychosocial rehabilitation; psychosocial treatments; Medicaid; schizophrenia; outpatient care quality, 26558
- management; early-onset psychosis; early-onset schizophrenia; schizophrenia management; prognosis; genetics; structural brain changes, 28741
- mania-like excitement symptoms; schizoaffective disorder; negative syndrome scale; emotional states; schizophrenia, 25650
- measurement instruments; caregiver burden; schizophrenic patients; relatives; family members, 14984
- measurement; treatment research; cognition in schizophrenia; neuropharmacological aspects; MATRICS program; drugs, 32439
- medial temporal lobe dysfunction; vulnerability indicator; schizophrenia; parahippocampal gyrus; family; psychosis; family; at risk persons; declarative memory; genetics; prodromal persons, 19492
- medical decision making; antipsychotic drugs; schizophrenia; physician variables; patient variables, 29337
- Medicaid; Medicaid; costs; per capita expenditures; schizophrenia; age cohort; depression; dementia; medically ill patients, 5521
- medication adherence barriers; schizophrenia; antipsychotic medication; nonadherent patients; demographic characteristics; clinical characteristics; Schizophrenia Guidelines Project, 20334
- medication adherence; atypical antipsychotic medication; schizophrenia; side effects, 8553
- medication compliance; atypical antipsychotic drugs; drug therapy; schizophrenia; long acting injectable medications, 17052
- medications; verbal memory impairment; schizophrenia; anticholinergic drugs; antipsychotic drugs; benzodiazepines, 20289
- memory monitoring; comprehension abilities; schizophrenic patients; verbal comprehension; encoding, 28694
- memory organization; transitive inference; relational memory organization; schizophrenia, 25681
- menarche age; schizophrenia onset; estrogen hypothesis; schizoaffective disorder; women, 28709
- mental health professionals; schizophrenia, 4649
- mental illness; schizophrenia; health care costs; outpatient visits; hospital admission, 35753
- mental illness; social distance; schizophrenia; major depression; familiarity, 28580

- mentally ill family member; schizophrenia relapse; causal attributions; critical attitudes; Latino Americans; low expressed emotion; family environment; support, 1510
- mentally ill patients; unpredictable behavior; risk; perceptions; beliefs; schizophrenia; mental disorders; causes; consequences, 28725
- metabolic disorders; metabolic abnormalities; practical management; schizophrenia; type 2 diabetes; clinicians, 23341
- mianserin treatment; akathisia; antipsychotic medication; schizophrenia patient; drug side effects; fluphenazine; movement disorder; biperiden, 32475
- migration; increased rates of schizophrenia; European psychiatry; risk factors; migrants, 28712
- mineralocorticoid receptor expression; messenger ribonucleic acid; prefrontal cortex; schizophrenia; bipolar disorder; affective disorders; hypothalamic-pituitary-adrenal axis, 25542
- minor physical anomalies; abnormal neurodevelopment; Waldrop Physical Anomaly Scale; schizophrenia; score discrimination, 27321
- mirtazapine augmentation; clozapine; schizophrenia; negative symptoms; drug therapy, 20415
- mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22571
- mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22560
- mismatch negativity potentials; cognitive impairment; schizophrenia; cognitive status; event-related potentials, 28681
- mismatch negativity; schizophrenia; cortical activity; auditory stimuli; marker of genetic vulnerability, 19426
- missed appointments; outpatient schizophrenia program; severe mental illness; psychiatric outpatients; nonattendance, 35783
- mitochondrial complex I; schizophrenia; brain; mitochondrial hypoplasia; oxidative phosphorylation system; mitochondrial related gene expression, 19458
- mitochondrial DNA sequence variant; schizophrenia; oxidative stress, 7886
- mitogen-activated protein kinase; polymorphisms; synapsin III gene; signal transduction; association analysis; neuronal plasticity; neurotrophin action; hippocampal neurons; schizophrenia, 10800
- modafinil; chronic schizophrenia; cognitive deficits; cognition set shifting; attentional set shifting, 29394
- monocyte chemoattractant protein; polymorphism; schizophrenia; genotype; allele distributions, 28733
- monozygotic twins; epigenetic differences; twin discordance; phenotypes; DNA methylation; dopamine D2 receptor; schizophrenia, 4643
- mother child relationship; adult children; schizophrenia; autism; Down syndrome; maternal well being; optimism; mediating role; relationship quality, 10657
- mothers; schizophreniform psychoses; psychotic symptoms; schizophrenia; schizoaffective psychoses; affective psychoses; offspring morbidity; positive symptoms; negative symptoms, 19483
- motivation; schizophrenia; biopsychosocial understanding; personal experiences, 16426
- motivational interviewing; personalized feedback; brief intervention; smokers; schizophrenia; tobacco dependence; treatment seeking; motivational; psychoeducational counseling, 32803
- motor overflow; motor dysfunction; fine motor control; schizophrenia; finger flexion, 19453
- movement disorders; neuroleptics; tardive dyskinesia; schizophrenia, 26364
- multichannel near-infrared spectroscopy; depression; schizophrenia; hemoglobin concentrations; cerebral blood volume; cognitive brain activation, 19344
- multidimensional treatment; contemporary treatment; treatment approaches; treatment principles; practice guidelines; treatment concepts; modern treatment; schizophrenia, 11331
- multimodal integrative cognitive stimulating group therapy; schizophrenia; models; treatment; psychopathology, 5219
- myelination abnormalities; schizophrenia; oligodendrocyte proteins; myelin water fraction; frontal lobe; glycoprotein, 13627
- mystical experience; schizophrenia; mental illness; Magical Ideation Scale; Rasch Mystical Experience Scale; Manic-Depressiveness Scale; happy schizotyp; positive outcomes of mental illness, 30758
- N-acetylserine; psychopathology; schizophrenia; dorsolateral prefrontal region; negative symptoms, 4652
- nanomolar affinity; cell lines; radioligand binding studies; serotonin receptors; novel antipsychotic loperidone; dopamine; noradrenaline; agonist activity; antagonist activity; monoamine receptor, 734
- near-infrared spectroscopy; schizophrenic patients; frontal lobe dysfunction; random number generation; ruler catching; sequential finger-to-thumb tasks; brain metabolism; psychopathologic condition, 10805
- need assessment; mental health; schizophrenia spectrum disorder; psychiatric disability rehabilitation & support service, 32685
- needs for care; schizophrenia; informal caregivers, 29710
- needs-based planning; schizophrenia; residential care; level of care; mental health; health care need; needs assessment, 23574
- negative symptom exacerbations; positive symptom exacerbations; temporal relationship; schizophrenia; psychopathology, 28750
- negative symptoms; chronic schizophrenia patients; fluvoxamine; side effects; response analysis; etiology, 5344
- negative symptoms; functional imaging techniques; psychopathological findings; schizophrenia, 7899
- negative symptoms; non-neuroleptic treatment; schizophrenia; serotonin reuptake inhibitors; anticonvulsants; oestrogens; glutamatergic drugs, 29359
- negative symptoms; schizophrenia; autistic spectrum illness; autistic symptoms; treatment-resistant schizophrenia; schizophrenia patients; social interaction, 25676
- nerve fiber length; brain white matter; prefrontal cortex; schizophrenia, 4637
- neurite outgrowth; disrupted-in-schizophrenia gene; fasciculation protein zeta; translocation, 12789
- neuroanatomic sexual dimorphisms; human sex differences; orbitofrontal cortex; amygdala ratio; schizophrenia, 19449
- neuroanatomical sites; apolipoprotein D; bipolar disorder; schizophrenia; brain regions; dorsolateral prefrontal cortex; neuropathology, 13577
- neuroanatomy; schizophrenic subsyndromes; schizophrenia; cognitive processes; brain activation, 1478
- neurobiology; emotion processing; schizophrenia; bipolar disorder; major depressive disorder; emotional states, 1390
- neurocognition; social function; clinical correlates; hopelessness; schizophrenia; personality; symptoms, 34878
- neurocognitive impairments; schizophrenia; psychosis; treatment outcome; epidemiology, 7902
- neurocognitive performance; clinical changes; olanzapine; drug therapy; schizophrenia; cognitive ability, 8507
- neurodevelopmental hypothesis; schizophrenia; early life; psychosis, 4639
- neurodevelopmental influences; prodrome; schizophrenia; genes; environment; perinatal period; prenatal period; adolescent period; etiology; pathophysiology; genetic high-risk; onset, 19430
- neuroleptic exposure; neuroleptic naïve; caudate nucleus volume; atypical neuroleptics; gender; female patients; male patients, 13631
- neuroleptic treatment; schizophrenia; relapse prevention; decision making; treatment adherence, 23306
- neurological abnormalities; schizophrenia; obsessive-compulsive disorder; pathophysiological overlap, 25523
- neurological anomalies; morphological anomalies; genetic liability; schizophrenia; neurological soft signs; biological relatives, 19446
- neurological soft signs; atypical antipsychotics; schizophrenia; cognitive efficacy; clinical efficacy; brain dysfunction; cognitive dysfunction; psychopathology, 29320
- neurological soft signs; executive functioning; cognitive deficits; psychopathological dimensions; schizophrenia, 28686
- neurological soft signs; first-episode schizophrenia; psychopathology; trait characteristics; state characteristics; patients, 7916
- neurological soft signs; neuropsychological performance; first episode schizophrenia; cognitive function, 1492
- neuronal dysfunction; frontal lobe; schizophrenia; antipsychotic treatment, 35555
- neuropsychological deficits; elderly; schizophrenia; early onset; Alzheimer's disease; dementia; cognitive deficits; encephalopathy, 4623
- neuropsychological functioning; at risk population; schizophrenia; psychotic episodes; first episode; psychosis, 22542
- neuropsychological functioning; diagnosis; clinical status; schizophrenia; bipolar disorder; psychosis; general cognition; attention; memory; executive functioning; early onset, 22460
- neuropsychological functioning; schizophrenia; treatment; antipsychotic drugs; visual memory; visual perception; verbal memory, 23246
- neurotensin receptor; clozapine response; receptor gene, 14152
- neurotrophin receptor function; prefrontal cortex development; dopaminergic hyperresponsivity; acoustic startle; schizophrenia; prepulse inhibition, 27778
- neutrophil function; chemotaxis; free radicals; positive & negative symptoms; reactive oxygen species; superoxide production; bactericidal activity; phagocytosis; schizophrenia, 7898
- nicotine effects; cognitive functioning; functional connectivity; schizophrenia; tobacco smoke; brain function, 28714
- nicotine gum; antisaccade errors; schizophrenia; cognitive impairment; reaction times, 20347
- nicotine; cognitive deficits; schizophrenia; physiological dysfunctions; tachyphylaxis, 28706
- NMDA receptor antagonist; ketamine; schizophrenia; working memory; event-related potentials, 1461
- NMDA receptor glycine modulatory site; cognition enhancement; schizophrenia; negative symptoms; dissociative anaesthetics, 32428
- nonadherence; symptom awareness; schizophrenia, 14047
- noncompliance; partial compliance; schizophrenia; drug therapy; relapse; risk factors; side effects; symptom severity; impaired cognition; inadequate knowledge, 8522
- nonparametric linkage analysis; schizophrenia; etiology; candidate genes; dopaminergic systems; serotonergic systems, 34856
- nonverbal memory; psychomotor poverty syndrome; schizoaffective disorder; episodic memory deficits; functional neuroimaging; verbal memory deficits; statistical testing; memory performance, 28755
- nonverbal working memory deficits; schizophrenia; schizophrenia-spectrum patients; supramodal executive processing deficit, 25632
- noradrenergic function; cognitive ability; schizophrenia; adrenergic receptors; guanfacine; norepinephrine reuptake inhibitors; atomoxetine; cognitive enhancers, 34867
- normative needs; long-term community care; chronic schizophrenic patients; mental health care, 29686
- northern hemisphere; schizophrenia; seasonal variations; season of birth; epidemiology, 4621
- number of glial cells; prefrontal cortex; subregions; schizophrenia; Brodmann's area; anterior cingulate cortex; number of neurons, 25678
- obsessive-compulsive symptoms; schizophrenic patients; risperidone, 11569
- obstetric complications; family history; psychiatric illness; age at first presentation; schizophrenia; social class of origin; dose-response relationship, 25644
- olanzapine; agitation; schizophrenia; dose escalation; schizoaffective disorder, 11565
- olanzapine; clozapine; drug therapy; chronic schizophrenia; cognitive functioning; verbal learning; verbal memory; visual memory; attention; working memory; psychomotor speed, 5343
- olanzapine; fluphenazine; long term treatment; schizophrenia; schizoaffective disorder; safety; symptoms severity; extrapyramidal symptoms, 13624
- olanzapine; insulin resistance; glucose metabolism; schizophrenic patients; weight gain, 11484
- olanzapine; plasma concentration; drug dosage; co-medication; schizophrenic patients; antipsychotic drugs, 23217
- olanzapine; risperidone; cognition; schizophrenic patients; cognitive functions, 29348
- olanzapine; risperidone; cost evaluation; schizophrenia; drug therapy, 8487
- olanzapine; schizophrenia; anxiety, 2189
- olfactory identification; WAIS-R performance; deficit schizophrenia; nondeficit schizophrenia; University of Pennsylvania Smell Identification Test; schizophrenic patients, 24276
- oligodendroglial density; prefrontal cortex; schizophrenia; mood disorders; bipolar disorder; oligodendroglial cells; major depression, 22473
- optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8702
- optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8723
- optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8768
- oral atypical antipsychotics; noncompliance; long-acting atypical risperidone; schizophrenia management; depot intramuscular antipsychotics; long-acting atypicals, 20281
- organizational function; visual memory; schizophrenia; bipolar psychosis; Rey-Osterrieth Complex Figure; duration of illness, 4572
- orthography; verbal fluency performance; schizophrenia; non-alphabetical language, 25679
- oxcarbazepine; adjunctive drugs; drug administration; antipsychotic treatment; clozapine; carbamazepine; schizophrenia, 32455
- oxidative damage; schizophrenia; atypical antipsychotics; lipid peroxidation; superoxide dismutase; ascorbic acid, 26352

- oxidative stress; oxidative cell damage; pathophysiology; antioxidant defense enzymes; lipid peroxides; polyunsaturated fatty acids; schizophrenia; bipolar mood disorder, 7794
- P50 sensory gating; adolescent; schizophrenia; auditory evoked potential; neurobiological trait; high risk offspring, 19482
- p53 gene polymorphisms; schizophrenic patients; lung cancer patients, 19279
- paranoid psychosis; schizophrenic psychosis; partial epilepsy; case report; anti-convulsant medication; psychosis occurrence; epilepsy; olanzapine; lamotrigine; carbamazepine, 17086
- paraphrase procedures; schizophrenia treatment; comprehension problems; health outcome measures; systematic assessment; treatment outcomes; health conditions; respondent comprehension, 16889
- parasuicidal behavior; risk factors; suicidal behavior; schizophrenia; suicide prevention, 7759
- parent/family factors; duration of untreated psychosis; African Americans; first-episode schizophrenia-spectrum patients; family background, 25622
- parental socio-economic status; risk factor; first admission; schizophrenia, 28688
- parenting stress; postpartum women; biopsychosocial stressors; disorder relapse precipitation; schizophrenia; schizoaffective disorder; motherhood; psychiatric mother-baby unit, 16425
- partial compliance; patient consequences; schizophrenia; antipsychotic medication, 11510
- paternal age; schizophrenia risk; germ cell mutations; personality traits, 31761
- paternal age; schizophrenia risk; germ cell mutations; personality traits, 31789
- paternal age; schizophrenia risk; germ cell mutations; personality traits, 7921
- patient satisfaction; mental health services; service evaluation; schizophrenia; European sites; patient & site & service characteristics, 2405
- patients' insight; schizophrenia; scale development; The Beck Cognitive Insight Scale (BCIS), 25610
- Penn Conditional Exclusion Test; Wisconsin Card Sorting Test; divergent validity; convergent validity; work function; executive function; test forms; cooperativeness, 21143
- perceptual deficits; executive deficits; chronic schizophrenia; intentional tasks; attentional tasks; visual orientation; motor set; precuing; interhemispheric asymmetry, 22538
- peripheral-type benzodiazepine receptors; receptor binding; platelets; aggressive behavior; homicidal history; schizophrenia, 4647
- perospirone; mania; hypomania; schizophrenia; drug side effects; drug therapy, 17094
- perospirone; obesity; diabetes mellitus; schizophrenia; blood sugar, 35553
- persecutory delusions; schizophrenia; patients; affective disorders; intentional contingency; mechanical contingency; animations; shape movements, 7777
- persecutory delusions; schizophrenic patients; social cognitive biases; self-relevance; functional neuroanatomy, 25613

- schizophrenia; semantic priming; event-related brain potentials; language disorder; N400; haloperidol; attention; semantic memory, 7863
- schizophrenia; severe mental illness; prodromal research; early detection; intervention; psychosis; onset; pathophysiology, 19475
- schizophrenia; sexual relations; sexual arousal; sexual desire; sexual dysfunction; sexual functioning; sexual activities; neuroleptics; masturbation; psychosocial rehabilitation, 5281
- schizophrenia; siblings; sibling bond; coping patterns; schizophrenia heredity, 28743
- schizophrenia; smoking habits; Japanese patients, 1493
- schizophrenia; smooth pursuit eye movement; procydine; antisaccade eye movement; cognition, 10783
- schizophrenia; sociodemographic correlates; rural population, 28717
- schizophrenia; spatial working memory; attentional set-shifting; thought disturbance; social withdrawal; depressed behavior; antisocial behavior; symptomatic syndromes; psychomotor poverty syndrome, 25664
- schizophrenia; Stroop task; attention; attentional interference, 34874
- schizophrenia; stroop task; reaction times; error interference; color-naming; word-reading; incongruent condition; neutral condition; test performance, 28682
- schizophrenia; sustained remission; community dwellers; older outpatients, 34857
- schizophrenia; thought disorder; acute psychotic state; psychotic episodes; semantic priming; hyperpriming; psychosis; comorbidity; psychiatric patients, 7868
- schizophrenia; topiramate; N-methyl-D-aspartate receptor hypofunction, 8499
- schizophrenia; uncles, 34890
- schizophrenia; visual tracking; smooth pursuit eye movements; nicotine administration; leading saccades; smokers; nonsmokers, 10776
- schizophrenia; white matter voxel signal; language processing; language production; neural circuitry, 4653
- schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10078
- schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10073
- schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10076
- schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10077
- schizophrenia; women; gender; conjugated estrogens; treatment; antipsychotics, 13639

- schizophrenia; working memory; central executive impairment; visuospatial deficits; memory subsystems impairment; 25648
- schizophrenic delusions; Internet; perception broadcast; psychotic symptom; derealization, 28738
- schizophrenic patients; brain structure differences; magnetic resonance imaging, 4635
- schizophrenic patients; facial expression; affective symptoms; spatial processing; psychiatric rating; schematic stimuli; spatial detection; neutral face, 7903
- schizophrenic patients; gene polymorphisms; taq1 A; -141C Ins/Del; dopamine D2 receptor; treatment resistance; antidopaminergic agents; resistance, 2184
- schizophrenic patients; immunology; risperidone; celecoxib; placebo; lymphocytes; cytokines; psychopathology, 20365
- schizophrenic patients; low resolution electromagnetic tomography; anterior cingulate cortex; event-related potentials; brain electrical dysfunction, 1471
- schizophrenic patients; mental illness; mental health professionals; interpersonal interaction; subjective experience; stigma; relatives; public attitudes, 4651
- schizophrenic patients; neurobiological abnormalities; developmental abnormalities; entorhinal cortex; pre-alpha cell clusters, 10797
- schizophrenic patients; serotonin precursor; neuropsychology; cognitive abilities; memory; L-tryptophan; neuroleptic drugs; interactions, 2187
- schizophrenic psychoses; treatment-resistant schizophrenia; atypical antipsychotics; clozapine; amisulpride; combination drug therapy; positive and negative symptoms; treatment outcomes, 17097
- schizophrenics; quality of life; deficit syndrome; psychopathology, 28705
- schizotypal disorder; anterior limb of internal capsule; volumetric measurements; fronto-thalamic connectivity; caudate nuclei; lentiform nuclei; putamen; globus pallidus, 25680
- schizotypal personality disorder; neuropsychological profile; neuropsychological impairments; schizophrenia, 25655
- schizotypal personality traits; positive symptoms; schizotypal personality disorder; psychopathological syndromes; nonpsychotic relatives; schizophrenics; relatives of all psychotic patients, 1490
- schizotypal symptoms; genetic risk; schizophrenia; impaired neuropsychological performance; co-twins; schizophrenia, 7878
- schizotypy; schizophrenia; Japanese society; western cultures; cultural effects; hand preference, 7869
- season of birth; schizophrenia; siblings; risk factor, 10809
- second-generation antipsychotics; schizophrenia; clinicians; clinical decision-making, 20325
- secretin; schizophrenia; autism; treatment-resistant, 14120
- selective antagonist; schizophrenia; anterior cingulate cortex; cannabinoid receptor; cognitive impairment; impaired attention; normal cognition, 13649
- selegiline; L-deprenyl; dopamine; sexual dysfunction; neuroleptics; antipsychotics; schizophrenia, 8517
- self efficacy; neurocognition; coping responses; recent-onset schizophrenia; stressful life events, 28751
- self rated schizotypal traits; military training; schizotypal dimensions, 28745
- self-assessed cognitive dysfunction; objective performance; outpatients; schizophrenia; rehabilitation program; neuropsychological performance, 25666
- self-reported stress; deficit syndrome; negative syndrome; schizophrenia onset, 13622
- semantic context; schizophrenia; multiple remote primes, 25619
- semantic fluency; phonemic fluency; design fluency; early onset schizophrenia; verbal fluency; adolescents, 34883
- semantic memory disorganization; schizophrenia; thought disturbances; reasoning disturbances, 34872
- semantic organization; verbal memory efficiency; schizophrenia; free recall task, 19427
- sensitization; habituation; acoustic startle reflex; schizophrenia; prepulse inhibition; sensorimotor gating, 22552
- sensory gating; post-traumatic stress disorder; urban violence; auditory mid-latency evoked potential; schizophrenia, 16453
- serial order processing deficits; schizophrenia; working memory; spatial ability, 34866
- serious mental illness; methodological barriers; collaboration; illness pathways; schizophrenia; risk factors; vulnerability; models; prodromal research, 19452
- serotonin receptor 2C; schizophrenia; brain; mRNA expression analysis; genes, 7862
- serotonin receptor gene; gene polymorphism; schizophrenia; diabetes; genetic factors, 28698
- serotonin receptor gene; suicidality; schizophrenia; major depression; schizoaffective disorder; polymorphism, 28699
- serotonin receptors; 5-HT1A; 5-HT1B; 5-HT2A; mRNA expression; major depression; bipolar disorder; schizophrenia; hippocampus; dorsolateral prefrontal cortex, 19291
- serotonin receptors; 5-HT1A; 5-HT1B; 5-HT2A; mRNA expression; major depression; bipolar disorder; schizophrenia; hippocampus; dorsolateral prefrontal cortex, 13566
- serotonin transporter promoter; intron 2; polymorphisms; allelic variants; gene expression; schizophrenic or schizoaffective disorder patients, 25640
- serum levels; negative symptoms; schizophrenia; astroglial cells; calcium binding protein; paracrine; autocrine; neurons, 25671
- serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 35542
- serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 35501
- serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 5298
- serum prolactin levels; psychotic symptoms; haloperidol; antipsychotic drugs; risperidone; Schizophrenia; risperidone; psychopathology scores; parkinsonism; dyskinesia, 13648
- serum testosterone levels; comorbid depression; major depressive episode; chronic schizophrenic patients; antipsychotic medications; inpatients, 11507
- severe mental illnesses; SMI; health; medical comorbidities; diabetes; schizophrenia; antipsychotic medications, 22533
- sex differences; prepulse inhibition; chronic schizophrenia; acoustic startle, 28721
- sex differences; striatal dopamine; dopamine receptors; drug-naïve schizophrenia patients, 19488
- shared decision making; mental disorders; community-based mental health; mental health teams; implicit model; practitioners; patients; caregivers, 23488
- schizophrenia patients; personality; Temperament and Character Inventory; demographic factors; psychological health; diagnosis subtypes; functioning level; coherence; control; self esteem; treatment, 16396
- sigma 1 receptor gene; schizophrenia; disorder susceptibility; genetic polymorphism; biological markers, 34885
- single nucleotide polymorphisms; susceptibility gene; G-protein signaling 4; schizophrenia, 10814
- single photon emission computerized tomography; positron emission tomography; in vivo assessment; molecular imaging; drug development; schizophrenia; research update; neuroimaging; radiotracer binding, 19467
- smell identification deficits; olfaction; schizophrenia; Trail Making Test; cognitive function; cognitive processing speed, 34871
- smell identification test; deficit schizophrenia; non-deficit schizophrenia; University of Pennsylvania Smell Identification Test, 144
- smoking cessation; schizophrenia; smoking reduction, 22537
- smoking; anticholinergics; schizophrenia; nicotine, 22555
- smoking; haloperidol; schizophrenia; dementia; mood disorder; polymorphism, 2202
- smooth pursuit eye movement; antisaccade deficits; schizophrenia; genes, 16431
- social cognition; nonverbal communication; schizophrenia patients; olanzapine; treatment, 14159
- social cognition; schizophrenia; autism; psychiatric disorders; neurocognitive skills; theory of mind; emotion perception; neural correlates; gyrus; amygdala; prefrontal cortex; frontal cortex, 34750
- social distance; causal beliefs; cultural backgrounds; major depression; schizophrenia; biological factors, 25116
- social functioning; executive function; cognitive remediation therapy; program; functional outcome; schizophrenia; symptom change, 23172
- social functioning; family attitudes; social relations; schizophrenia, 25630
- Somatic Inkblot Series-I indices; schizophrenic patients; manic patients; psychiatric population, 30450
- source monitoring; autoecic agnosia; schizophrenia; cognitive deficits; positive symptoms; psychotic symptoms; risperidone; olanzapine; haloperidol, 5300
- spatial parameters; temporal parameters; gait disturbances; schizophrenic patients; locomotor patterns; neuroleptic treatment, 28735
- spatial perception; schizophrenia; delusional disorder; visual perception, 31698
- spatial working memory; functional magnetic resonance; schizoaffective disorder; schizophrenia; middle-aged patients; older patients, 25646
- spatial working memory; working memory performance; anticholinergic effects; treatment-resistant schizophrenia; neurocognitive effects; risperidone; haloperidol; spatial reference memory, 25656
- state dependent changes; error monitoring; schizophrenia; event related potentials; error negativity; error-related negativity; error positivity; response negativity; response positivity, 19423
- stereotypes; caged parrots; schizophrenia; autism; striatum; basal ganglia; experimental validity; abnormal repetitive behaviors; captivity; recurrent perseveration; models; psychological distress, 3640
- stimulus-onset asynchronies; neuroleptic medication; blunted inhibition; Schizophrenia; visual attention; peripheral cues, 13628
- striatal adenosine receptors; schizophrenia; pathophysiology; genetic studies; disease development; vulnerability factor, 13623
- striatal dopamine receptor binding; dopamine transporter binding; drug-naïve patients; schizophrenia; presynaptic dopamine neurons; postsynaptic dopamine neurons, 34892
- structural disconnection; cortical connectivity; frontotemporal & frontoparietal connections; schizophrenia; frontotemporal & frontoparietal white matter tracts; diffusion tensor MRI, 10780
- subchronic phencyclidine; mice; attentional set-shifting task; schizophrenia, 21866
- subjective akathisia; objective akathisia; mixed akathisia; chronic schizophrenic subjects; diagnostic characteristics; akathisia prevalence; antipsychotic treatment; parkinsonism; tardive dyskinesia, 11512
- subjective response; antipsychotics; schizophrenia; psychopathology; side effects; emotional distress; awareness, 26421
- substance abuse; schizophrenic patients; anti-parkinsonian drugs; risk factors, 7736
- sudden infant death syndrome; psychiatric disorders; postnatal depression; schizophrenia; maternal infant interaction; substance misuse; infanticide; mothers; SIDS, 10706
- suicidal behavior; schizoaffective disorder; schizophrenia; depression; hopelessness; reasons for living; risk factors, 19316
- suicide prevention; schizophrenia; family attitudes; stigma, 11386
- suicide; hospitalization; chronic schizophrenia; war, 19007
- suicide; schizophrenia; risk factors; therapy; preventive strategies, 19474
- sulpiride treatment; Cotard's syndrome; schizophrenia; Capgras syndrome; delusions, 20392
- superior temporal gyrus; P300; schizophrenia; magnetic resonance imaging; gray matter volume reductions; topographic asymmetry; event-related potentials, 16438
- superior temporal gyrus; schizophrenia; cortical responses; auditory responses; electroencephalography; EEG; MEG; magnetoencephalography; auditory stimuli; asynchrony; auditory stimuli, 16435
- supportive therapy; schizophrenia; psychosocial interventions; cognitive behavioral therapy; social cognition; social support; therapeutic alliance, 23147
- sustained attention deficits; nonpsychotic relatives; schizophrenic patients; attention deficit; endophenotypes; genetic susceptibility, 25618
- sustained attention; schizophrenia; reaction time; sustained attention to response task; measure sensitivity, 33575
- symptom control; long-term treatment; reducing relapse risk; atypical antipsychotic agents; ziprasidone; symptom efficacy data; schizophrenia, 11555
- symptoms; memory; schizophrenia; Frith's model of willed action; stimulus-driven action systems; willed-driven action systems, 25682
- T102C single nucleotide polymorphism; 5HT2a receptor gene; schizophrenia; chromosome 13; whole-genome linkage scans; markers, 19416
- tardive dyskinesia; cigarette smoking; CYP1A2 gene; polymorphism, 22529
- tardive dyskinesia; mu opioid receptor; Chinese patients; receptor gene polymorphism; genotype distribution; long-term neuroleptic treatment; schizophrenia; antipsychotic therapy; genetic contribution, 7905
- tardive dystonia; atypical neuroleptics; olanzapine; schizophrenia, 23224
- telephone intervention; schizophrenia treatment; treatment outcomes; costs, 11388
- temporal lobe gray matter; never-medicated patients; schizophrenia; brain volume; illness duration, 4630
- test reliability; clinical sensitivity; World Health Organization Quality of Life scale; WHOQOL-100; schizophrenia; psychopathologic measures, 9425
- thalamic dysfunction; schizophrenia; sensory information; emotional functions; cognitive functions; neurochemical abnormalities; imaging abnormalities; neuropathological abnormalities, 28693
- thalamic membrane phospholipids; schizophrenia; thalamus; phosphatidylcholine; myelin membrane; sphingomyelin; galactocerosides; phosphatidylserine; membrane lipid, 28739

thalamic volume; thalamus; neuroanatomy; thalamic shape; thalamic symmetry; schizophrenia patients; cognitive ability, 25625

thalamus; schizophrenia; bipolar disorder; N-Methyl-D-Aspartate receptor; glutamatergic dysfunction, 28586

THEME method; temporal patterns; cognitive processes; choice behavior; schizophrenia; mood disorders; schizoaffective disorder; severe anxiety disorders; mania; diagnosis; drug treatment; gender, 19324

theory of mind; schizophrenia; diagnostic subtypes; symptoms; neuropsychological variables, 10786

theory of mind; schizophrenia; perspective; impaired meta-representation; delusions, 34868

therapeutic alliance; neurocognition; schizophrenia; treatment adherence; cognitive behavior therapy, 32305

thermoregulation; schizophrenia; neuroleptic medication; heat stress; cold stress, 28692

thought disorder; schizophrenia; working memory, 10789

traffic air pollution; schizophrenia risk; urban-rural differences; benzene; carbon monoxide, 11130

transcranial magnetic stimulation; auditory hallucinations; schizophrenia, 31776

treatment compliance; compliance problems; patient related factors; environment related factors clinician related factors; treatment related factors; schizophrenia, 8365

treatment development; neuropharmacology; cognition; schizophrenia; cognitive deficits, 5279

treatment discontinuation; long-term anticholinergic treatment; elderly schizophrenia patients; cognitive functions; adverse effects; memory impairment; cholinergic blocking drugs, 35523

treatment effectiveness evaluation; cognitive-behavioral interventions; schizophrenia; psychosocial functioning; symptom severity; self-concept; psychiatric symptoms, 29281

treatment efficacy; drug therapy; adjunctive valproate therapy; schizophrenia; hostility; olanzapine therapy, 17057

treatment efficacy; treatment effectiveness; first generation antipsychotics; second generation antipsychotics; drug therapy; schizophrenia; schizoaffective disorder, 8512

treatment outcome; chronic schizophrenia; risperidone, 26420

treatment outcome; exposure and response prevention therapy; obsessive compulsive disorder; schizophrenia; comorbidity, 32324

treatment refractory schizophrenia; secretin; schizophrenia; autism, 14183

treatment resistant schizophrenia; clozapine treatment; pseudopharmacochromocytoma, 11544

treatment resistant schizophrenia; clozapine treatment; treatment discontinuation predictors; sociodemographic factors; clinical factors, 11526

treatment-resistant psychosis; clozapine; treatment outcomes; neuroleptic-refractory patients; schizophrenia; bipolar disorder; schizoaffective disorder, 35519

treatment-resistant schizophrenia; antipsychotic drug combinations; therapeutic option; side effects; drug doses; olanzapine; amisulpride, 17096

treatment-resistant schizophrenia; childhood onset schizophrenia; clozapine; lithium carbonate; neutropenia; agranulocytosis; white blood count; clozapine rechallenge; neutrophil count, 2224

treatment-resistant schizophrenia; conventional antipsychotics; olanzapine treatment; double-blind fashion; treatment resistance; clozapine treatment; response criteria; higher doses, 8493

treatment-resistant schizophrenia; olanzapine; clozapine; treatment-intolerant schizophrenia; side effects, 11469

trials-to-criterion tasks; latent inhibition; stimulus pre-exposure; positive-schizotypy; latent facilitation; learning, 30706

tumor necrosis factor- α ; genes; polymorphisms; chronic schizophrenia; cytokines; genetic markers; genotypes; alleles; risk factors, 7906

unirhinal olfactory identification; antipsychotic-free patients; first-episode schizophrenia; olfactory deficits, 22565

validity of symptom assessment; psychotic disorders; information variance; client history; schizophrenia, 25639

vasodilator response; methylnicotinate; schizophrenia; laser Doppler flowmetry; bipolar disorder; phospholipid metabolism; vasodilators, 31783

velo-cardio-facial syndrome; early-onset psychosis; chromosome 22q11 deletion; adult-onset schizophrenia, 7875

verbal fluency tests; schizophrenia; defective memory; executive functioning; psychomotor speed, 28749

verbal fluency; schizophrenia; negative symptoms; letter verbal fluency; category verbal fluency, 22550

verbal memory errors; schizophrenia; positive symptoms; negative symptoms; recall memory, 25635

verbal memory; general cognitive dysfunction; specific cognitive processes; significant psychopathology; specific cognitive deficits; schizophrenia patients, 7901

verbal memory; learning; antipsychotic-naïve patients; first-episode schizophrenia, 25638

verbal memory; problem-solving skills; community status; schizophrenia, 25668

verbal memory; schizophrenia; cognitive deficits, 25617

violence; male patients; schizophrenia; risk markers; South African population; genes, 34977

violence; schizophrenia; limbic psychotic trigger reaction; prefrontal functions; limbic seizure kindling; hallucinations and delusions; volitional action; memory, 31781

violence; schizophrenia; risk factors; physical assault, 22568

visual attention; schizophrenia; eye movement; risperidone; haloperidol; antipsychotic medication; facial emotion perception, 2238

visual functions; schizophrenia; magnocellular; parvocellular; vernier acuity tasks; contrast conditions; retinal receptive fields; cortical integration; vernier threshold; spatial alignment, 28719

visual scanpath dysfunction; schizophrenia probands; facial expression stimuli; familial transmission; first degree relatives, 19471

visual span; siblings; schizophrenia; neurocognitive deficits; verbal tasks; intelligence; verbal memory; learning, 1508

visuospatial memory; cognitive rehabilitation; visual information processing; prognostic variables; schizoaffective disorders; psychiatric disability; schizophrenia, 17420

vitamin D deficiency; schizophrenia; independent segregation; psychosis; neurodevelopmental effects; environmental risk factors; rickets type IIA, 13640

vitamin D supplementation; infancy; schizophrenia; risk factors; dietary supplementation, 22551

wash out; psychiatry; symptom reemergence; research ethics; schizophrenia; schizophrenic patient attitudes; psychiatrist attitudes; participation, 10802

weight gain; elderly patients; risperidone-treated patients; schizoaffective disorder; olanzapine treatment; metabolic changes; smoking status, 14156

weight gain; leptin levels; negative syndrome scale; schizophrenic patients; olanzapine treatment; leptin; nizatidine; quetiapine; weight gain, 14124

weight gain; long term treatment; olanzapine; outpatients; schizophrenia; schizoaffective disorder; drug therapy, 32441

weight; metabolic parameters; clozapine; risperidone; olanzapine; quetiapine; chronic inpatients; schizophrenia; second-generation antipsychotics medications, 2180

white matter volume; gray matter volumes; environmental risk factors; monozygotic twin pairs; discordant twin pairs; genetic risk factors; dizygotic twin pairs, 10792

Wisconsin Card Sorting Test; poor performance; good performers; schizophrenic patients; cognitive decline; illness duration; age, 10807

working memory; central executive component; impairment; manipulation of information; schizophrenia, 25645

working memory; feature binding; schizophrenia, 19428

working memory; test association; Letter-Number Sequencing; Wisconsin Card Sorting; Digit Span Forward; spatial working memory; information sorting; non-sorting tasks; schizophrenia patients, 19476

working memory; thought disorder; schizoaffective disorder; schizophrenia; language production; language fluency; language deficits, 4640

world health organization; WHODAS-II; disability; schizophrenia; positive and negative symptoms; depressive symptoms; cognitive functioning; quality of well-being; older patients, 25657

ziprasidone; clozapine; treatment-resistant schizophrenia; antipsychotic drugs; psychotic symptoms; drug combinations, 29411

ziprasidone; schizophrenia; dopamine D2 receptor; serotonin 5-HT2 receptor; PET; positron emission tomography; receptor occupancy, 26396

Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Paranoid Schizophrenia, Schizophreniform Disorder, Undifferentiated Schizophrenia]—Chapters

The application of neurophysiologically sensitive MRI techniques to the study of psychosis, 16448

Brain development: the clinical perspective, 16387

Cognitive neurobiology of volition and agency in schizophrenia, 16449

Interhemispheric abnormalities in schizophrenia and their possible etiology, 16447

New directions in structural imaging, 16445

Puberty and schizophrenia, 10815

Schizophrenia, 1968

Schizophrenia, 22573

Theory of mind in autism and schizophrenia: A case of over-optimistic reverse engineering, 7811

Using the corpus callosum as an effective anatomical probe in the study of schizophrenia, 16446

Schizophrenia (Residual Type) [See Schizophrenia]

Schizophreniform Disorder—Serials

antipsychotic treatment; first-episode schizophrenia; treatment response; schizoaffective disorders; schizophreniform disorders; duration of untreated psychosis, 35557

low drug dosages; risperidone; first-episode psychosis; schizophrenia; schizophreniform disorder; schizoaffective disorder; drug therapy, 20336

mouse popping behavior; galantamine; phenylcyclidine; PCP; noncompetitive antagonist; neurotransmission; schizophreniform psychosis; NMDA receptor, 6873

psychopathology; schizophrenia; schizophreniform disorder, 1480

schizophrenia; direct costs; Italian community mental health services; psychiatric illnesses; schizoaffective disorder; schizophreniform disorder, 29614

schizophrenia; schizophreniform disorder; schizoaffective disorder; cognitive processing speed; long term memory deficit; central executive function, 1477

schizophreniform disorder; visual learning; visual memory; cognitive impairment; executive functions; psychomotor speed; category learning functions; decision making; uncertainty, 19461

Schizotypal Personality Disorder—Serials

attentional dysfunction; latent inhibition; schizotypal personality questionnaire; field-dependent individuals; embedded figure test; irrelevant stimuli; schizotypy, 1547

bipolar disorder; schizophrenia patients; schizotypal features; functional psychosis; genetic linkage; bipolar disorder, 6295

borderline personality disorder; schizotypal personality disorder; antisocial personality disorder; pharmacologic treatment, 20356

dopamine; amphetamine; schizotypal personality disorder; single photon emission computed tomography; iodobenzamide, 25753

executive function; memory updating; random generation; schizotypal disorders, 1464

fusiform gyrus; face recognition; object recognition; schizotypal personality disorder, 4622

impaired visual context processing; schizotypy; thought disorder; schizophrenia, 25686

latent inhibition; context change; schizotypy; schizophrenia; attentional distractibility, 25684

negative priming; schizotypy; schizotypal personality; symptoms; schizophrenia, 25660

neuromotor function; schizotypal adolescents; neurocognition; schizotypal personality disorder; personality disorders; motor dysfunction; negative symptoms; perseverative responses; motor regions, 1551

psychological trauma; symptoms; schizotypal personality disorder; child maltreatment; child neglect; psychological disorders; females, 4556

psychometric schizotypy; neuroticism; personality characteristics; extraversion; P50 suppression, 28752

right cortical hemisphere; schizotypal personality; self awareness; self processing, 7892

schizophrenia; cognitive impairment; metaphor recognition; irony; personality traits; language comprehension; semantics; pragmatic language, 16437

schizotypal personality disorder; neuropsychological profile; neuropsychological impairments; schizophrenia, 25655

schizotypal personality disorder; obsessive-compulsive disorder; cognitive-behavioral therapy; treatment outcome; risk factor; antidepressant medication, 20186

schizotypal personality; negative schizotypy; positive schizotypy; neuropsychology; cognitive functioning; emotional functioning; creativity; psychopathology, 13473

schizotypy; depressive symptoms; neuropsychological impairment; cognitive impairment; major depression; paranoid symptoms, 26172

schizotypy; health; paranormal beliefs; paranormal experiences; quasi-dimensional model; fully dimensional model, 28788

self rated schizotypal traits; military training; schizotypal dimensions, 28745

shape index; schizotypal personality disorder; neuropsychological performance; cognitive abnormalities; caudate nucleus volume, 10858

theory of mind; schizotypal personality traits; autobiographical memories; affective disorder; self-awareness; deception, 31554

three-factor model; schizotypal personality; age; gender, 1548

trauma-related intrusive cognitions; schizotypy; dissociation; trauma history, 9654

visuoconstructive performance; hemispatial inattention; schizotypy; cognitive/neuropsychological deficits, 25631

School Adjustment—Serials

adolescent attitudes; adversity; psychological well-being; mental health; economic disadvantage; school adjustment; problem behavior; Hong Kong; Chinese cultural beliefs, 28128

Asian international student; transition process; student development; collegiate experience; traditional values; adjustment; communication; learning; participation; family pressure, 5927

behavioral problems; preschool classroom; emotional distress; socially interactive behavior; settling in; adjustment; newly enrolled students, 9031

child temperament; parenting daily hassles; social adjustment; preschool children; teacher ratings, 2811

college adjustment; privacy regulation; social behaviors; residence halls; freshmen; contact-seeking behavior; contact-avoiding behavior, 23910

college adjustment; school transition; traumatic stress; coping strategies; social support, 33153

cultural capital; college choice; student persistence; student college adjustment; higher education; minority students; psychosocial factors; habitus; student satisfaction, 36192

differentiation of self; family relations; college stress; college adjustment, 20867

emotional disturbance; K-12 students; comorbid disorders; language deficits; public schools; academic characteristics; social adjustment, 10928

ethnic identification; social support; Latinos; adjustment; college; perceived support, 5933

family interdependence; academic adjustment; Native Americans; immigrant youth; college students; Asian Pacific; Latino; African American, 33142

internet use; college adjustment; gender, 36190

longitudinal research; pretest-posttest design; college student growth, 33637

longitudinal research; pretest-posttest design; college student growth, 33639

longitudinal research; pretest-posttest design; college student growth; change measurement, 33640

narcissistic injury; perfectionism; college students; institutional attachment; shame proneness; student adjustment, 26964

parental attachment; college adjustment; counseling college students; adolescent development; student adjustment; separation-individuation, 16025

perceived school climate; effortful control; early adolescent adjustment; student perception; conduct problems; depressive symptoms, 26865

prosocial behavior; emotional distress; middle school; motivational processes; academic achievement; academic adjustment; friendships; reciprocated friend, 23780

resistant student behavior; urban Muslim education; ideological artifacts; spirituality; resistance identities; oppositional student behavior; family, 26967

school adjustment; disadvantaged children; family; academic competence; elementary school; family income; adversity, 14670

school environment; middle school; transition; high school; school performance; interpersonal competence; psychological functioning, 9019

school transition; parent attitude; teacher attitude; student attitudes; academic adjustment; social adjustment; procedural adjustment, 30049

school-based interventions; social adjustment difficulties; traumatic brain injury; children; rehabilitation; social skills, 2836

socioeconomic adversity; school adjustment; adolescence; social-psychological factors; school to work transition; adult adaptation, 24923

student emotions; student behaviors; Head Start classrooms; individual differences; social competence; school adjustment; teacher interaction; emotional dysregulation; behavioral dysregulation, 36059

substance abuse; educational performance; alcohol use; school adjustment; work history; gender differences, 31926

Swedish doctoral students; PhD; academic opportunities; obstacles; working conditions, 23904

undergraduate students; college adaptation; married students; interpersonal relationships; academic achievement, 20859

School Administration [See Educational Administration]

School Administrators [See Also School Principals—Serials]

educational administrators; administrator role; cultural leaders; community colleges; former presidents; community college presidents; leader personal identity; cultural relations, 17599

elementary schools; mathematics instruction; professional developers; leadership development; school administrators; leadership strategies; literacy instruction; academic subjects; literacy skills, 17620

job satisfaction; mid-level collegiate campus recreation program administrators; institutional characteristics; employment background, 27091

school administrators; learning disabilities; educational outcomes; school culture; leadership; special education, 26859

school district level decision makers; school personnel; school level decision makers; substance use prevention curricula; decision making; site based management approach; middle schools, 33017

School Administrators [See Also School Principals—Books]

Educational administration: Concepts and practices (4th ed.), 2723

School and College Ability Test [See Aptitude Measures]

School Attendance—Serials

academic achievement; standardized test scores; posterior distributions; student characteristics; mobility; data augmentation; missing data; class absence; schools, 20835

academic achievement; standardized test scores; posterior distributions; student characteristics; mobility; data augmentation; missing data; class absence; schools, 20832

General Educational Development credential; school attendance; educational opportunity; educational credentials; hiring decisions; economic returns, 17581

middle school students; academic engagement; school attendance; school failure; school based intervention, 23939

school attendance; test scores; course success; college students, 2780

sexual competition; girls popularity; girls friendship; bullying; school attendance; school transfer, 36179

journal introduction; developmental psychology; scientific communication, 15902

Journal of Child Psychotherapy, 32258

Journal of Cross-Cultural Psychology; empirical studies; psychological studies; cross-cultural psychology; historical analysis; content analysis, 22184

Journal of Intellectual Disabilities; research, 35123

journal of mental health counseling; clinical perspectives; counseling; bereavement, 29228

journal operations; summary report; American Psychological Association, 29828

journal preview; American Journal of Psychiatry, 26190

journal topics; curriculum access; technology; special education; general education, 12092

knowledge explosion; electronic literature retrieval systems; research article writing; empirical journal articles; references; citations, 11980

- knowledge explosion; electronic literature retrieval systems; research article writing; empirical journal articles; references; citations, 11991
- language bias; neuroscience; internal medicine; randomized controlled trials; published results; significance of findings, 32877
- language development; aphasia research; psycholinguistics, 29860
- language learning; Lila R. Gleitman; Award for Distinguished Scientific Contributions, 14512
- language; learning disability; audience; ownership; authority; co-authorship, 22747
- learning difficulties; intellectual impairment; learning disabilities; development disability; mental retardation; disability studies & research, 28928
- literacy research; international reports, 33000
- literature; sport psychology; authors; bibliographic references, 36414
- Lopez Pinerio; medical historiography; scientific communication; medical school professor; journal information, 39
- manuscript processing system; journal information, 1950
- manuscript submission; journal information, 16872
- manuscript submission; peer review; staff changes, 29840
- Martha Wedeman; resignation; Managing Director; Julia Kilmer; behavioral medicine, 23643
- mental health research; department of mental health; world health organization; developing countries; substance abuse, 24143
- mental health research; low income countries; middle income countries; developing countries; scientific journal, 29578
- mental health services; crises; psychiatric hospitals, 35925
- Merrill-Palmer Quarterly; developmental psychology; journal history; research; trends, 15908
- Merrill-Palmer Quarterly; scientific communication; scholarship; research; interdisciplinary research, 15909
- motivated social cognition; Award for Distinguished Scientific Early Career Contributions to Psychology; Sandra L. Murray, 14515
- new researchers; reference list; original work attribution; replicated research, 23349
- Nordic Journal of Psychiatry; editor, 29854
- Nordic Psychiatric Congress, 5141
- Norman Endler; obituary; interactional model of personality, 14558
- North American Journal of Psychology; psychology; scientific communication, 21054
- obituary; Erin Talbot McNeill, 32894
- occupational therapy; evidence-based practice; occupational science; functional outcomes; daily living; rapid change; health care; generative discourse; educational & demonstration programs, 17467
- online journal; neurology; journal readership, 9837
- original research; case reports; journal information, 19248
- outcome reporting bias; randomized clinical trials; protocols, 24338
- patient portrayal; psychotropic drug advertisements; national psychiatric journals, 20997
- Patricia Goldman-Rakic; neuroscience, 11978
- Paul R. Pintrich; educational psychologist; tribute; memorium; graduate school educator, 12100
- peer review; publishing process; professional evaluations; scholarship; genetic counseling; writing skills, 32895
- peer supervision groups; psychotherapists; consultation; support; networking; professional isolation; interpersonal learning, 35930
- personality; social processes; developmental processes; Award for Distinguished Scientific Early Career Contributions to Psychology; Richard W. Robins, 14520
- phenomenological psychology; scientific communication; lifeworld, 18831
- positive behavior interventions, 29288
- Prigogine; non-equilibrium thermodynamics; dissipative structures; obituary, 15499
- Professional Psychology Research & Practice; content analysis; sample analysis; diversity; readers, 5747

- Sclera** [See Eye (Anatomy)]
- Sclerosis (Nervous System)** [See Also Multiple Sclerosis]—Serials
- abnormal auditory processing; amyotrophic lateral sclerosis; bulbar signs; motor neuron damage; muscle denervation, 29026
- amyotrophic lateral sclerosis; ALS patients; emotional problems; burden of care; functional impairment, 17367
- amyotrophic lateral sclerosis; augmentative and alternative communication technology; patient acceptance, 26120
- amyotrophic lateral sclerosis; frontotemporal dementia; cognitive dysfunction; motor neuron diseases; cognitive impairment; neuropathological features; abstract reasoning; nonverbal fluency, 5068

- amyotrophic lateral sclerosis; frontotemporal dementia; nonfluent progressive aphasia; disease overlap; cognitive impairment; motor involvement, 32171
- attitudes; communication modes; message formulation techniques; storytelling; amyotrophic lateral sclerosis; augmentative and alternative communication; narratives, 1867
- communication effectiveness; amyotrophic lateral sclerosis; speech intelligibility, 22906
- depressive symptoms; hippocampal sclerosis; auditory memory; seizure focus; temporal lobe epilepsy; side of seizure, 35277
- early cognitive development; tuberous sclerosis; intellectual functioning; motor processes; mental retardation; infants; risk factors, 32089
- fatigue; depression; life quality; excessive somnolence; ALS patients; QOL; amyotrophic lateral sclerosis, 5027
- frontal executive skills; amyotrophic lateral sclerosis patients; cognitive ability; frontotemporal lobar dementia; FTLD, 8273
- hand sensory cortex; interstimulus intervals; somatosensory evoked potentials; pathological changes; Kii amyotrophic lateral sclerosis parkinsonism dementia complex; Kii ALS PDC; wrist; median nerves, 5031
- hippocampal sclerosis; allocentric spatial location; egocentric spatial location; epilepsy; visuospatial memory; medial temporal lobe regions, 11259
- hippocampal sclerosis; neuronal loss; gliosis; hippocampus; Alzheimer's disease; dementia; epilepsy, 22956
- hippocampal sclerosis; ubiquitin-positive inclusions; dementia; pathologic feature; genetic factors; histopathology, 32160
- memory deficits; retrieval processes; amyotrophic lateral sclerosis; memory impairment, 22973
- mesial temporal lobe epilepsy; hippocampal sclerosis; memory deficits; cognitive function; Hispanic patients, 11297
- multiple sclerosis; neurological processes; traumatic brain injury; therapeutic potential; Cannabinoid ligands; spinal cord injury; cannabis smoking; sedation; tremor alleviation; pain; CNS disorders, 11237
- neuropathology; seizure control; cognitive outcome; anterior temporal lobectomy; Ammon's horn sclerosis; complex partial seizures; atypical mesial sclerosis; low grade tumor; neuropsychological tests, 17210
- neuroprotective effects; minocycline; creatine; amyotrophic lateral sclerosis; motor performance; neuroprotection; animal models; mice, 21930
- neuropsychiatric problems; tuberous sclerosis complex; autosomal dominant disorder; neuronal migration; mental retardation, 35166
- parahippocampal gyrus; hippocampal sclerosis; ipsilateral fornix; mamillary body volume loss, 8243
- religiousness; quality of life; QOL; patients with ALS; amyotrophic lateral sclerosis, 16640
- right hippocampus swelling; prolonged febrile seizure; left focal seizures; mesial temporal sclerosis; simple epileptus; temporal lobe; MTS, 16826
- somatosensory function abnormalities; amyotrophic lateral sclerosis; parkinsonism-dementia complex; Kii peninsula; electrophysiological findings, 16822
- temporal lobe epilepsy; medically treated patients; surgically treated patients; mesial temporal sclerosis; psychopathology, 11635
- tuberous sclerosis; antipsychotic medication; mental retardation; psychosis; adenoma sebaceum, 5061
- Scopolamine—Serials**
- anticholinesterase toxicity; donepezil; antagonism; scopolamine; diisopropyl fluorophosphate; oral anticholinesterase; male rats; cholinesterase inhibitor effects; hypothermia; hypokinesia; diarrhea, 13019
- anxiolytic-like effect; one-trial tolerance; elevated plus-maze; learning acquisition; learned avoidance; male Wistar rats; scopolamine; anxiety; midazolam; meprobamate, 18709
- cholinergic modulation; visual attention; working memory; scopolamine; visual stimulus memory; medial prefrontal cortex; 192-IgG-saporin lesions; intraprefrontal infusions; basal forebrain, 15492
- flumazenil; ondansetron; tacrine; scopolamine-induced impairment; spatial learning; rats; spatial memory; retention, 9980
- hippocampus; encoding; retrieval; acetylcholine; spatial learning; memory modulation; computational models; rats; scopolamine hydrobromide; physostigmine; maze learning, 772
- memory deficits; nicotine; scopolamine; inhibitory processes; dementia; aging; retrieval-induced forgetting; cholinergic antagonist; cholinergic function; cholinergic agonist; memory deficits, 9983
- memory trace; conditioned taste aversion; neophobia; taste memory; muscarinic receptor; novelty; scopolamine; insular cortex; rats, 724
- muscarinic acetylcholine receptors; gene expression; scopolamine treatment; scopolamine treated rat; hippocampus; cDNA microarray technology; memory impairment, 730
- muscarinic blockade; intracerebroventricular injections; rat hippocampal pyramidal cells; cholinergic transmission; scopolamine; cell activity, 12979
- scopolamine patch; clozapine-induced sialorrhea; schizophrenia; disorder, 29332
- scopolamine-induced memory impairment; Z-ajoene; oil-macerated garlic products; dose-dependent; water maze, 34187
- scopolamine; memory impairment; rats; oxidative stress; brain; retrieval memory; malondialdehyde; glutathione peroxidase; glutathione; superoxide dismutase; Hypericum perforatum, 7177
- scopolamine; SB271046 serotonin antagonist; drug interactions; cognition enhancing effect; spatial learning; passive avoidance; aging; rats, 9988
- scopolamine; ultrasonic vocalization emission; neonatal mouse; spontaneous behavior, 30964
- social recognition; rats; nicotinic receptors; acetylcholinesterase inhibitors; learning; memory; scopolamine, 21920
- spatial memory; scopolamine-induced impairment; neurotransmitters; ameliorative effect; vasopressin receptor; eight arm radial maze; rats, 13040
- T-maze continuous alternation task; mice; scopolamine; donepezil; animal strain differences, 31009
- water maze; visual acuity; scopolamine; muscarinic receptor blockade; receptor sensitivity; rats; mice, 31003
- Scopolamine Hydrobromide** [See Scopolamine]
- Score Equating—Serials**
- alcohol misuse measure; alcohol dependence treatment; health care delivery; medical patients; Common Alcohol Logistic scale; Self-Administered Alcohol Screening Test; test scores, 9344
- concordance; test scores; linking assessments, 27386
- construct equivalence; equating; confirmatory factor analysis; impact analysis, 258
- grade equivalents; reading growth; Rasch Simultaneous Vertical Equating; ability measurement; children growth, 9355
- IRT observed-score equating; three-parameter logistic model; score equating methods; asymptotic standard errors, 15137
- item response theory; equating method; long-term scale maintenance; mixed format tests; constructed response items; multiple choice items, 6462
- linking assessments; concordance; educational assessments; scores; tests; calibration; comparability, 27382
- test scores; educational measurement; linkages; scores equating, 27387
- test scores; score linkage; score equating; score concordance; score prediction, 27378
- Score Equating—Chapters**
- Principles of adaptation of intelligence tests to other cultures, 15022
- Scores (Test)** [See Test Scores]
- Scoring (Testing)** [See Also Cutting Scores]—Serials
- 3D rod-and-frame test; virtual environment; reliability; concurrent validity; scoring methods; older adults; neuropsychological measures, 6347
- Clock Drawing Test; modified and integrated approach; dementia patients; test reliability; validity; differential scoring; scoring methods; psychogeriatric outpatients; Mini Mental State Examination, 24244
- consensus scoring; empirical option weighting; performance-based tests; Emotional Intelligence tests; scoring methods; reliability; discriminability; validity, 12537
- dementia screening; scoring systems; clock drawing test; elderly subjects; aging; test reliability, 30468
- General Health Questionnaire; GHQ-12; scoring method confounds; psychological distress screening; pregnant women; pre-labour rupture of membrane; PROM, 6305
- interrater reliability; story retelling; raters; minimal training; percent information units per minute; aphasia, 15069
- mathematical ability; unidimensional model; multidimensional item response theory; communication ability; scoring items; student proficiency classification, 6374
- Monte Carlo simulations; tetrachoric correlation coefficient; bias; standard error; dichotomized scores; raw scores, 6436
- pre-school children; kindergarten children; score interpretation; norm construction; creative thinking; picture-type creativity test; Test for Creative Thinking-Drawing Production; TCT-DP, 21110
- psychiatric diagnosis; psychosocial impairment; scoring; reliability; cognitive functioning; comorbidity; psychiatric symptoms; children, 1373
- Rasch IRT model; standard setting; item-mapping; licensure examinations; certification examinations; Angoff method; passing scores; cut scores, 6375
- Rothwell-Miller Interest Blank; scoring error; occupational psychologists; psychological tests; self-managed work; job allocation systems, 24313
- scoring error; Social Avoidance and Distress Scale; psychometric implications; social anxiety; social phobia, 24249
- Scotopic Stimulation—Serials**
- mammalian retina; temporal modulation; visual information; temporal property; light stimulation; rod bipolar cells; GABAergic amacrine cells, 21753
- Scratching—Serials**
- informational function; self-directed behaviors; scratching; monkeys; contagion; negative arousal; conspecific observers, 12756
- pan troglodytes schweinfurthii; chimpanzees; social scratching; animal grooming behavior, 27667
- Screening** [See Also Drug Usage Screening, Health Screening, Job Applicant Screening]—Serials
- Adaptive Behaviour Dementia Questionnaire; screening questionnaire; dementia; Alzheimer's disease; adults; Down syndrome, 28917
- adolescent risk behavior; patients; frequent attenders; FA; nonfrequent attenders; NFA; preventive care; risk screening, 16303
- alcohol effects; larval zebrafish; drug abuse; alcohol abuse; screening, 18764
- alcohol misuse measure; alcohol dependence treatment; health care delivery; medical patients; Common Alcohol Logistic scale; Self-Administered Alcohol Screening Test; test scores, 9344
- alcohol screening results; treatment history; severity assessment; at-risk drinking; veterans affairs primary care patients, 35026
- at risk population; nursing home residents; schizophrenia; polydipsia; life-threatening condition; health characteristics, 28736
- attention deficit hyperactivity disorder; screening utility; diagnostic utility; Symptom Inventory for ADHD; Adult Rating Scale; Attention-Deficit Scales for Adults, 27319
- autism screening; autism spectrum disorder; public school system; school personnel; professional training; screening process; legal issues; clinical issues, 26994
- cancer patients; outpatient clinics; care efficiency; psychosocial problems; caregivers; psychosocial screening; screening instrument development, 30461
- cancer screening; public enthusiasm; cancer detection, 14341
- cervical screening; healthcare practices; healthcare policy, 35769
- chlamydia trachomatis infection; screening programs; asymptomatic men; infection signs; women; STD; sexually transmitted diseases; prevalence, 4866
- Columbia SuicideScreen; psychometric properties; high school students; at risk populations; validity; suicidal ideation; suicide attempt; major depression; dysthymia; substance use; reliability, 9431
- comorbid anxiety disorder; obsessive-compulsive disorder; posttraumatic stress disorder; generalized anxiety disorder; social phobia; screening, 16947
- cost-effectiveness; prework screening program; work injuries; Workers' Compensation; prevention, 8883
- culturally sensitive mental health screening; refugee reactions; resettlement process; refugees; mental health services, 10314
- decision making; general practitioners attitude; dual energy X-ray absorptiometer; diagnosis; osteoporosis; risk factors, 29657
- dementia screening; scoring systems; clock drawing test; elderly subjects; aging; test reliability, 30468
- dementia screening; screening tool; tool sensitivity; tool specificity; positive predictive value; PPV; negative predictive value; NPV, 3213
- dementia; screening tools; older adults; mental retardation; IQ; performance tasks, 18161
- depression screening; head cancer; neck cancer; radiation, 19913
- depression severity; screening; mental disorders, 12515
- depression; older patients; health care; screening tool, 179
- Diagnostic Screener for Compulsive Buying; cross cultural transferability; compulsive behavior; consumer behavior, 18192
- domestic violence; screening; female victims; screening tools; detection; physicians, 9464
- dyslexia screening; visual skills; motor skills; children; phonological awareness; space orientation; learning; reading; writing; cognitive development, 1704
- Eating Disorder Examination Questionnaire; eating disorder screening; community; women; test validity, 21150
- Edinburgh Postnatal Depression Scale; screening; postnatal depression; validation; Norwegian translation; risk factors; psychometrics, 3182
- Edinburgh Postnatal Depression Scale; screening; postpartum onset; major depression; treatment guidelines; women, 22509
- first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3586

first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3591
 Geriatric Depression Scale; poststroke depression; elderly population, 33480
 gonorrhea screening; chlamydia screening; sexually transmitted infection; sexually active women, 32579
 handicapped hearing loss; elderly; hearing loss screening; unrecognized hearing loss; screening method comparison; method sensitivity; method specificity; predictive values, 3159
 headache screening; primary care clinicians; headache disorders; drug rebound headache; episodic migraine; chronic migraine; medication overuse, 22829
 intimate partner violence; violence screening; violence disclosure; obstetrics and gynecology clinic, 2406
 jail population; county jail; inmate characteristics; screening; suicide rates; jail suicide; profiles, 16492
 marijuana screening; Marijuana Screening Inventory; psychometrics; reliability; assessment benefits; clinical guidelines, 18074
 Massachusetts Youth Screening Instrument; Diagnostic Interview Schedule for Children; risk factors screening; service needs; incarcerated youth; mental disorder, 27328
 mental health symptoms; juvenile offenders; detention; mental disorder screening, 19253
 neurosurgical treatment; psychiatric conditions; cognitive performance; movement disorders; dementia; depression; neuropsychology; outcome evaluation; research; neuropsychology; neurosurgery, 14295
 newborn screening; fragile X syndrome, 35169
 obsessive-compulsive disorder; thought action fusion; magical thinking; undergraduate sample, 25710
 older outpatients; screening survey; geriatric assessment; follow-up services; depression; mental status; functional status; Geriatric Postal Screening Survey; high risk respondents, 23417
 parents' perceptions; sensory processing disorders; kindergarten children; screening, 32070
 pelvic inflammatory disease; chlamydia screening; student bar; primary care; young women; chlamydia infection, 35186
 platelet serotonergic markers; psychopathological scales; diagnostic screening; psychotic disorder; depressive disorder; differential diagnosis; psychiatric disorders, 10719
 polydipsia screening; schizophrenia; Polydipsia Screening Tool; psychometric properties; nurses; psychiatric residents; interrater reliability; internal consistency, 27367
 Preschool Feelings Checklist; depression; young children, 24260
 preventive services; decision making; screening; U.S. Preventive Services Task Force; chemoprevention; joint decisions; patient-clinician partnership, 17326
 primary care physicians; young children; developmental delays; pediatric preventive care; developmental screening tools, 11824
 primary care settings; computer assisted alcohol screening; computer assisted alcohol intervention; alcohol problems; primary care; patients; harmful alcohol, 2495
 psychiatric disorders; tinnitus patients; Internet; diagnostic tools; screening, 30433
 psychiatric illnesses; differential diagnosis; eating disorder; screening, 13550
 psychiatric morbidity prediction; posttraumatic stress disorder; motor vehicle accident survivors; depression; screening questionnaires; screening instruments, 169
 psychopathology; mental disorders; Chinese Health Questionnaire; psychometrics; mental health; screening; test reliability; test validity, 18169
 reading difficulties; early intervention; kindergarten; prediction; reading skills; phonological awareness; letter sound knowledge; naming speed; letter name knowledge, 23889
 recognition skills; visual performance; visual scanning; visual skills; airport-security screening, 24390
 screening methods; marijuana; Marijuana Screening Inventory; legalization; use patterns; social policy; cannabis use; cultural factors; clinical factors; diagnosis, 19645
 screening tool; Get Ready to Read; early reading skills; children from low-income families; phonological sensitivity; language skills; reading performance; assessments; vocabulary; print knowledge, 30498
 screening utility; Teacher Observation of Classroom Adaptation-Revised; prediction; identification; boys at risk for later violence; aggressive behavior; disruptive behavior; teacher rating, 9362
 screening; brief alcohol interventions; health professionals; patient's perspective; screening settings, 32791
 screening; depression; hopelessness; suicide; incarcerated offenders, 24262
 screening; males; eating disorders; Eating Disorders Inventory; Survey for Eating Disorders, 12486
 screening; phenylalanine hydroxylase coding region; functional assay; psychiatric patients; mutations; genes, 1364

screening; post stroke depression; acute stroke; communication disorders; detection; psychiatrists; speech and language therapists, 28545
 self-report; Psychiatric Diagnostic Screening Questionnaire; major depressive disorder; antidepressant efficacy trials; Structured Clinical Interview for DSM-IV, 22521
 self-report; Strengths and Difficulties Questionnaire; psychiatric disorders; screening instrument, 24182
 severely mentally ill inmates; screening in jails; small jails; schizophrenia; major depression; bipolar disorder; detection standards; booking questionnaire, 6310
 sexual dysfunction screening; sexual dysfunction clinic; cultural sensitivity; gender stereotyping; religious taboos; cultural taboos; urological outpatients, 32111
 socioeconomic status; special education; classification accuracy; mild learning problems; educational placement; identifying children; exceptional children; predictive validity; academic problems, 3234
 STaT; screening questions; emotional control; sensitivity level; intimate partner violence; women, 7995
 Strengths and Difficulties Questionnaire; psychiatric disorders; looked after children; mental health screening; multi-informant algorithm; psychometrics; foster children; residential care, 33546
 subject recruitment; participant screening; outpatient substance abuse clinical trials; treatment protocols, 12563
 substance abuse; adolescents; screening; assessment; counselors; screening instruments; assessment instruments; assessment ethics, 167
 telemedicine; telepsychiatry; dementia; screening; clinical examination; 7-Minute Screen; veterans; aged; residential care, 20550
 test comparison; alcohol use test; Helsinki Alcohol Use Test questionnaire; Alcohol Use Disorders Identification Test; glutamyl transferase; carbohydrate-deficient transferrin; screening; workers, 24159
 treatment effects; somatoform disorders; psychosomatic disorders; new scale; validity; reliability; Screening for Somatoform Symptoms-7, 3199
 validity; self report screening; women's health; elder abuse victimization; reliability; vulnerability; dependence; detection; coercion, 21155
 visual acuity; neuropsychological testing; visual acuity screening; visual ability, 15084

Screening Tests [See Also Psychological Screening Inventory]—Serials
 alcoholism; American Indians; Native Americans; Short Michigan Alcohol Screening Test; test validity; alcohol misuse; alcohol dependence, 21093
 antisocial personality disorder; Michigan Alcoholism Screening Test; alcohol dependence severity, 34766
 auditory discriminations; intellectual disabilities; Assessment of Basic Learning Abilities, 19803
 cognitive impairment; Geriatric Depression Scale; Orientation-Memory-Concentration-test; major depression; test validity; test reliability; psychometrics; older ill inpatients; screening tests, 24242
 community-based prevention program; suicide; elderly; depression screening, 32664
 CRAFFT; test validity; American Indians; Alaska Natives; drug & alcohol risk screening; psychometrics; adolescents, 142
 criterion validity; self-rating inventory for posttraumatic stress disorder; older adults; screening, 3205
 delirium; Confusion Assessment Method; mental status; hospital management; psychometric properties; interrater reliability, 33577
 dementia screening; mental state examination; cognitive determinants; non-institutionalized residents; retirement communities, 32246
 dementia; mild cognitive impairment; cognitive screening; test construction; DemTest screening test, 18131
 depression screening instruments; late-life depression; depressive symptoms; old-old retirees, 18099
 developmental screening tests; developmental delay assessment; Fragile X syndrome; Battelle Developmental Inventory Screening Test; Early Language Milestone scale-2; Denver-II test, 15002
 elderly people; screening instruments; alcohol abuse; alcohol dependence, 13725
 factor structure; concurrent validity; Drug Use Screening Inventory; adolescent sample; alcohol usage; substance abuse, 21156

flicker fusion threshold; Alzheimer's disease; vascular dementia; screening measure; detection, 27334
 Health of the Nation Outcome Scales; utility; community mental health care; clinical outcomes; psychosis; depression; anxiety disorders, 24270
 information processing deficits; multiple sclerosis; screening instruments; clinical utility; working memory; processing speed, 30473
 intellectual disability; direct assessment; down syndrome; dementia; aging, 3215
 Intimate Justice Scale; partner abuse screening; test validity & reliability; psychological abuse; physical violence; clinical usefulness; couples; relationships; ethical dynamics; clinical guidelines, 9418
 magnetic resonance imaging; prediction; anxiety; psychological distress; MRI, 18164
 mental illness; do it yourself testing; ethical issues; psychological disorders, 21141
 Michigan Alcoholism Screening Test; statistical validation; impression management, 18089
 Minimum Data Set 2.0 Mood Disturbance Items; mood disturbance; Geriatric Depression Scale; diagnostic instrument; depression diagnosis; nursing home residents, 9465
 Normative Appetitive Picture System; NAPS; reliability; specificity; validity; cue exposure; substance use; individual differences; college students; cue reactivity, 24279
 parietal lobe dysfunction; concurrent performance; interlocking finger test; neurocognitive test; cognitive deficits, 15051
 phonological disorders; screening tools; Cantonese Segmental Phonology Test; Cantonese speaking children; phonological abilities, 12492
 physical readiness testing; test standards; body composition assessment; body mass index; obesity; naval personnel, 3231
 postnatal depression; prediction; appraisal; coping; screening; risk factors; predictive index, 3191
 predictive validity; ASAM Patient Placement Criteria; alcoholism; levels of care; treatment recommendations, 6304
 predictive validity; geriatric medicine; hip fracture; elderly patients; delirium observation screening scale; nurses observation; construct reliability; delirium; early recognition, 6325
 preschool screening test; test validation; learning disabled; developmentally delayed, 9484
 primary care PTSD screen; anxiety disorder; primary care settings; posttraumatic stress disorder, 21173
 reliability induction; reliability generalization; alcohol screening instrument, 18070
 screening instrument; specificity; sensitivity; neuroepidemiological survey; dementia; parkinsonian stages; neurological disorders; essential tremor; Sicily; symptoms questionnaire; physical tests, 13984
 screening measure; borderline personality disorder; McLean Screening Instrument for Borderline Personality Disorder; validity; reliability, 9439
 screening measure; monitoring measure; 10 item Depression in the Medically Ill; depressed psychiatric outpatients; depression caseness, 33561
 screening tool; Get Ready to Read; early reading skills; children from low-income families; phonological sensitivity; language skills; reading performance; assessments; vocabulary; print knowledge, 30498
 self-administered screener; migraine; primary care; headache complaints; instrument validity; instrument reliability, 6247
 smell identification test; deficit schizophrenia; non-deficit schizophrenia; University of Pennsylvania Smell Identification Test, 144
 South Oaks Gambling Screen; gambling behavior; disease severity; test validity; test reliability; psychometrics; Rasch model, 21157
 substance abuse screening; traumatic brain injury; alcohol abuse; self-evaluation; drug abuse, 33539
 Substance Abuse Subtle Screening Inventory-Adolescent Form; outcomes; adolescent offenders; treatment planning; program evaluation, 140
 substance abuse; adolescents; screening; assessment; counselors; screening instruments; assessment instruments; assessment ethics, 167
 substance abuse; school-based youth; drug use; high school students; teenagers; Problem Oriented Screening Instrument, 18088
 test correlation tests; psychogeriatric service; Cambridge Cognitive Examination; Mini-Mental State Examination; clock drawing tests; evaluation groups; Alzheimers disease; vascular dementia, 13953
 test validation; cognitive impairment; dementia screening; elderly people; low educational level; Prueba Cognitiva de Leganes; reliability, 189
 test-retest reliability; Alcohol Use Disorder Identification Test; screening test, 9430

traumatic brain injury; cognitive disorder; screening test battery; neuropsychological tests, 9446
validity: Ages and Stages Questionnaires: Social Emotional; parent-completed screening test; early childhood; at risk populations; developmental disabilities; social emotional disability; gender; age, 9375

verbal memory; schizophrenia; cognitive deficits, 25617
Screening Tests [See Also Psychological Screening Inventory]—Chapters
Early detection of developmental language disorders, 3208
Elder abuse: Clinical assessment and obligation to report, 5820

Scripts [See Schema]

Sculpturing—Serials

Greek sculpture: testicle position; scrotal asymmetry, 34048
sculpting process; self analysis; emerging self; anxiety modulation, 5251

Seasonal Affective Disorder—Serials

bright light therapy; seasonal affective disorder; antidepressant treatment; psychopharmacologic medication; bipolar affective disorder; episodic medication levels, 29365
bright light therapy; thyroid stimulating hormone; seasonal affective disorder, 23316
cognitive-behavioral therapy; light therapy; seasonal affective disorder, 26212

developmental alcohol exposure; seasonal affective disorder; suprachiasmatic nuclei; developing fetus; circadian rhythm; pathogenesis; mood disorders, 16385
drug efficacy; drug tolerability; treatment safety; drug therapy; seasonal affective disorder, 17067
electroretinography; winter seasonal affective disorder; retinal sensitivity; rod photoreceptor system; major depression, 31738
emotional memory; emotional adjective endorsement; negative attributional style; seasonal affective disorder; winter symptom level; summer symptom remission; emotional processing, 13586

g protein; seasonal affective disorder; protein concentrations; deoxyribonucleic acid; mononuclear cells, 1455
light therapy; biophysics; neopterin; tryptophan; seasonal affective disorder; plasma; depression, 2252

light therapy; bright light exposure; artificial light; seasonal affective disorders; pupillary diameters, 14213
light therapy; visual contrast sensitivity; seasonal affective disorder; retina, 23320

menstrual disturbances; bright-light therapy; seasonal affective disorder; bipolar disorder; therapy side effects, 26458

phase shift hypothesis; seasonal affective disorder; circadian phase delay; seasonality; moods; Eveningness, 4599
psychopathology; seasonal affective disorder; nonseasonal major depression; attempted suicide, 22510

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1430
rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1449

seasonal affective disorder; Beck Depression Inventory; Seasonal Pattern Assessment Questionnaire; Australia, 28659

seasonal affective disorder; depressive recurrences; modafinil therapy; dramatic improvement; daytime sleepiness; winter depression treatment; citalopram, 17042

seasonal affective disorder; depressive symptoms; personality factors; seasonal variation; continental temperate climate zone; socio-demographic factors; psychological factors; personality factors, 25589

sex differences; siberian hamsters; immune function enhancement; seasonal stressors; day length; photoperiodic enhancement; stress-induced enhancement, 7118

sex; season; time; locomotor activity; tonic pain reaction; diurnal variations; seasonal changes; tonic pain response; mice, 3854

sleep-wake cycle; cycle adjustment; small changes; scheduled changes; daylight saving time; weekend sleep, 9937
sniffing behavior; Lemur catta; seasonality; sex; rank; olfactory monitoring; genitals, 21478

spider monkeys; party size; fruit abundant season; fruit scarce season; relationships; scramble competition; fruit availability; association index; fission & fusion social organization, 15423

suicide trends; seasonal variation; farming; agricultural workers; males; occupational stress, 1617
suicide; atopic disorders; seasonal distribution; prevalence; atopic patients, 25850

suicide; seasonality; violent suicide; gender differences; Australia, 1613
suicide; suicide methods; season; Switzerland; Swiss mortality; hanging; poisoning; drowning, 4672

timed bright-light exposure; night work; subjective well-being; subjective distress; seasonality; female nurses; age differences, 14802

weekly & monthly distribution; seasonality; suicides; prison populations; dysfunctional central serotonin neurotransmission, 11966
winter months; summer months; suicide; gender differences, 7983

winter pattern seasonality; mood; Seasonal Pattern Assessment Questionnaire; test validity, 101
Seat Belts [See Safety Belts]

Seclusion (Patient) [See Patient Seclusion]

Second Language Education [See Foreign Language Education]

Seasonal Variations—Serials
auditory plasticity; peripheral auditory system; female midshipman fish; hearing; sacculus; fish reproductive state; auditory frequency sensitivity; breeding season; seasonal variation, 21692

cyclic time patterns; seasonal variations; suicide; northern Finland, 13712
deliberate self harm; completed suicide; timing; time of day; week; month; season, 10879

different phase angles; contrasting seasons; summer; winter; activity patterns; cave harvestman; goniosoma spelaeum; light/dark cycle; environmental features; Arachnida, 21460

emotional memory; emotional adjective endorsement; negative attributional style; seasonal affective disorder; winter symptom level; summer symptom remission; emotional processing, 13586
honey badgers; *Mellivora capensis*; scent-marking behavior; sexual patterns; seasonal patterns, 6643

humpback whale; song length; low-frequency sound broadcast; acoustic broadcasts; social activity; SURTASS low frequency active sonar system; seasonal effects; diurnal effects, 15394
male orb web spiders; *Metellina segmentata*; mate guarding; seasonal morphology changes; size; exclusion; male-male competition, 12761

Volume 91 SUBJECT INDEX

Second Order Conditioning [See Higher Order Conditioning]

Secondary Education—Serials

assessment for learning; pressure in schools; secondary school students; formative assessment strategies, 30024
beginning teachers; teacher migration; public education system; teacher shortage; employee turnover; student performance; high school science teachers; secondary school system, 5841

brief therapy; solution focused therapy; bullying; secondary school age pupils, 14080

decentralization; universalization; educational development; regional variability; legal provisions; societal values; academic culture; secondary schools; teachers, 29946

electronic technologies; secondary school classrooms; mathematics learning; pedagogical implications; teaching, 2739

general education curriculum; No Child Left Behind standards; Individuals with Disabilities Education Improvement Act; teacher qualifications; behavioral disorders; emotional disorders; students, 30086

General Educational Development credential; school attendance; educational opportunity; educational credentials; hiring decisions; economic returns, 17581

HIV prevention; AIDS prevention; South African secondary schools; life skills training; school based prevention program; program evaluation; secondary school students, 14715

individualized education program; student attitudes; teacher attitudes; group participation; group membership; secondary education, 17654

lexical retrieval; second language writing; secondary students, 26909

literacy improvement; secondary schools; student attitudes; reading skills; teaching methods; large group instruction; small group & individual instruction; success in class, 26890

Mentor Behaviour Rating Scale; scale development; test validity; test reliability; psychometrics, 24304

morals; secondary education; teachers; students; parents, 23836

morals; secondary students, 23923

organizational learning; Western Australian schools; school conditions; environmental factors; organizational change, 33010

school life; urban school district; student alienation; special education; school drop out; teacher student relations, 12170

secondary classrooms; co-teaching; collaborative teaching; general educators; special educators; education standards; high stakes testing, 5855

secondary mathematics teachers; mathematical definition; school mathematics; teacher educators; logic; pedagogy; periodic function; periodicity; constant function, 2709

secondary pre-service teachers; special education; teacher attitudes; teacher education, 36087

secondary school curricula; postsecondary students; disabilities; individualized education; secondary school settings; standards-based curricula; teaching, 2847

secondary school students; learning; lifelong learners; school assessment; metalearning, 29963

self esteem; dyslexia; secondary schools students; psychology services; group participation, 36207

special education; Norwegian upper secondary schools, 30082

Sternberg; mental self-government; mainland China; secondary school students; parents; socialization effect, 7513

teacher effects; school effects; secondary education; primary education, 17575

teaching methods; curriculum; learning differences; reading skills; secondary schools, 26863

truancy; absenteeism; attendance support panel; secondary schools; strategic approach, 17377

Secondary Education—Books
School counseling in the secondary school: A comprehensive process and program, 5962

Secondary Education—Chapters
Creating and supporting peer tutor partnerships in secondary schools, 5894

Creating and supporting peer tutor partnerships: Lesson plans, 5895

Secondary Reinforcement—Serials
community reinforcement therapy; treatment outcome; community reinforcement approach; vouchers; outpatient treatment; cocaine dependence, 2440

differential reinforcement; DRO schedules; disruptive behavior; preschool children; token reinforcement, 5923

perirhinal cortex; visual discrimination learning; visual secondary reinforcement; rats; visual stimuli, 6879

social learning; capuchin monkeys; value learning; novel tokens; token exchange; conspecific modeling, 27608

token reinforcement; unit price; choice; preference behavior; pigeons, 33957

Secrecy—Serials

child adoption; India; infertility; donor insemination secrecy; cultural complexities; son preference, 19049
confidentiality issues; family secrets; family counseling; minor children; ethical issues; secret disclosure, 14097
deception; privacy; lying; secrecy; verbal dynamics; non-verbal dynamics, 16239
electronic monitoring intensity; secrecy; monitored employee reactions; managers decisions; performance expectations; trust, 30155
HIV people; secret disclosure; significant others; intention; emotional state, 26089
myopic prediction; self destructive secrecy; unexpected benefits; revealing final deadlines; negotiation; social prediction; time pressure, 31532
secrecy; suggestibility; memory; children; secrets, 22049
theories; privacy; secrecy; environment, 16240
traditional Chinese secret associations; organized Chinese underground groups; pre-modern groups; modern subversive groups; eschatologically-oriented initiation ceremonies; secret societies, 34471

Secretion (Gland) [See Also Lactation, Salivation, Sweating]—Serials

hypothalamic-pituitary-adrenal axis function; neuroendocrine response; cortisol secretion; anxiety; stress inhalation; brain's neuroendocrine response; carbon dioxide, 13090
nocturnal melatonin secretion; disordered sleep; abstinent alcoholics; sleep-wake cycle, 8017
noninvasive methods; hormone production; endocrine data; behavioral studies; data validation; saliva; sweat; hair, 15148

Sectioning (Lesion) [See Lesions]

Security (Emotional) [See Emotional Security]

Sedatives [See Also Alprazolam, Amobarbital, Atropine, Chloral Hydrate, Chlorpromazine, Clozapine, Haloperidol, Heroin, Meperidine, Molindone, Phenobarbital, Reserpine, Scopolamine, Thalidomide, Triazolam]—Serials

behavioral changes; mice; kava; anxiety; sedation; benzodiazepines, 3902
cognitive effects; psychomotor effects; valerian; triazolam, 9996
insomnia; clinical drug interaction; zolpidem; zaleplon; zopiclone; pharmacokinetic interactions; pharmacodynamic interactions; sedative effects; conventional benzodiazepines; hypnosedatives, 2296
modafinil; antipsychotic medication-induced sedation, 17031
modafinil; antipsychotic medication-induced sedation, 20317
modafinil; antipsychotic medication-induced sedation, 20355
propofol-induced alpha rhythm; electroencephalographic effects; sedatives; hypnotic drugs, 34147
sedative effects; motor-impairing effects; neuropeptide Y; ethanol; rats; alcohol preference, 24808
terminal restlessness; sedation; tranquilizer, 8728
valeriana; flavonoids; linarin; valerianic acid; sedation; sleep-enhancing properties; potentiation; sleep; anxiolytic flavone 6 methylapigenin; flavanone glycoside; rats; hesperidin, 12994
zolpidem treatment; zolpidem; chronic aphasia; efficacy; gamma aminobutyric acid; Parkinsons disease; parkinsonism; speech, 35531

Seduction—Serials

personality predictors; individual differences; token seduction; sex; intention; gender differences; interest, 10577
psychotherapy; money; seduction; transference; conscious wishes; unconscious determinants, 20255

Seeing Eye Dogs [See Mobility Aids]

Segregation (Racial) [See Social Integration]

Seizures [See Convulsions]

Selection (Personnel) [See Personnel Selection]

Selection (Therapist) [See Therapist Selection]

Selection Tests [See Also Psychological Screening Inventory]—Serials

applicant faking; applicant response distortion; application process; job applicants; self report measures; selection measures; randomized-response technique, 18187
cognitive ability assessment; job applicants; personality assessment; fairness perceptions; selection test, 10563
organizational justice; self-serving bias; fairness perception; selection tests; college admissions, 33019
personnel selection methods; fairness reactions; job applicants; student reactions, 33239
personnel selection; clerical occupations; hybrid tests; test validity; work sample-intelligence test hybrid; mental ability; psychometrics, 30511
statistical test; null hypothesis; probability models; data generating process; Discrepancy Risk Model Selection Test, 14962
teamwork; team selection; leader behavior; team member behavior; Teamwork Knowledge, Skills, and Ability Test, 17867

warnings; noncognitive selection measures; faking, 18080

Selective Attention—Serials

attention focus; dialogue; pointing; gesture; target identification, 24870
attentional biases; clinical depression; generalized anxiety disorder; face perception; facial expressions; sadness; anger; happiness, 13564
attentional dwell time; visual search; reaction time; duration, 21293
attentional focus; suprapostural task; balance learning, 353
attentional selection; auditory warning signals; psychomotor performance, 33765
attentional selection; spatial attributes; non spatial attributes; touch; somatosensory processing; event-related potentials; tactile stimuli, 18266
auditory distractibility; location; stimulus duration; event related potential; behavioral performance, 3799
auditory scene analysis; selective attention; time course; frequency range; location; auditory system; streaming, 30635
auditory selective attention; methylphenidate; attention deficit hyperactivity disorder; ADHD; processing negativity; event related potential; impaired frontal functioning; children, 20343
auditory selective attention; regional cerebral blood flow; hemispheric lateralization; continuous speech; brain activity; superior temporal areas; auditory cortices, 3595
auditory selective attention; schizophrenia; executive control; auditory processing, 25654
backward masking; attentional selection; visual perception; visual search; object substitution, 27470
cognitive theories; selective attention; brain disorders; emotion; face recognition; cognition; Higher Order Representational theories of consciousness; frame problem; affective computing, 3423
competition; visual working memory; selective attention, 30575
contour grouping; facial context; selective attention; divided attention, 9593
counterpredictive cues; eyes; arrow orienting; cued target locations; gaze; predicted locations; gaze triggered attention; attentional effects; cued location; target gazing, 15202
cue focused processes; reflexive associative processes; prospective memory recall; divided attention, 18391
cue validity; object-based attention; visual selective attention; brain, 30748
developmental change; selective attention; global form perception; childhood development; early adulthood; filtering, 31117
emotional disorders; anxiety; depression; emotion-congruent cognitive biases; hierarchical models; selective attention, 13580
English words processing; Japanese university students; distracting word; inhibition; word categorization; ignored words, 34222
exemplar model; prototype model; attentional allocation; category learning; response rule flexibility, 397
experimenter effects; attention focus; remote facilitation; believers; disbelievers; experimenters; psi effects; distraction, 18440
facilitated processing; emotional pictures; non-emotional attention task; processing sustenance; attention; emotion; event related potentials, 7077
familiarity; selective attention; familiar faces; facial identity; facial expression; speeded-classification; identity judgments; irrelevant expression variations; parallel route hypothesis, 21332
forgetting; trauma stimuli; divided-attention; impaired memory; words; dissociators; selective attention; cognitive capacities, 24425
functional neuroanatomy; selective attention; compensatory processing; autism; autistic spectrum disorders; brain; spatial attention, 8051
high-priority affective stimuli; visual search; names; emotionally charged words; verbal stimuli; attention; capacity limitations, 12713
human pulvinar contribution; unilateral pulvinar lesions; vision; action; square color; square size; selective attention; pulvinar damage; response competition; target location, 29105
individual differences; visual attention tasks; working memory capacity; attention differences, 18314
information processing; differential sensitivity; response-time measures; cognitive processing; attention allocation; selective attention; stimuli relative; attentional resources; P300; cues, 18415
interstimulus interval; selective attention task; differential modulation; somatosensory N140; temporal components; frontal components; event related potentials, 18642
irrelevant translational event; attentional interference; visual attention; transparent motion; event-related potential, 30750

letter grouping; selective attention; buried words reading, 18285
location; attention; three-dimensional space; visual event related potential; sensory signals; stereoscopic depth, 3782
musculoskeletal pain; selective attention; pain-related information; patients; fear of pain; anxiety sensitivity; painful sensation, 8120
negative priming; repetition priming; selective attention; semantic categorization; attentional instructions; stimulus duration; stimulus onset asynchrony; temporal presentation, 446
negative selectivity effects; emotional selectivity effects; anxiety; differential attentional correlates, 31598
neural gate keeping; interhemispheric interactions; resource allocation; selective filtering; corpus callosum; selective attention, 18592
neuronal synchronization; selective color processing; human brain; selective attention; gamma band responses; induced alpha band; event-related potentials; neuronal dynamics, 18593
neuroscience; buddhism; biobehavioral sciences; brain; selective attention; sustained attention; emotions, 34040
object recognition; visual stimuli shape; visual stimuli color; event related potential; selective attention, 18294
object-based attention; spatial focus; exogenous cues; endogenous cues; space-based attention; attentional focus; spread attention; focused attention, 444
obsessive-compulsive disorder; selective attention; anxiety; Stroop Task; information processing, 7925
oculomotor capture; color; top-down control; stimulus onset; selective attention, 6511
order of visual processing; prioritizing; visual selection; selection by time; selection by space; visual marking, 15223
perceptual deficits; executive deficits; chronic schizophrenia; intentional tasks; attentional tasks; visual orientation; motor set; precuing; interhemispheric asymmetry, 22538
peripheral cues; autism; selective attention; visual orienting, 25954
phase synchronization; synchronized neuronal gamma activity; selective attention; attentional process; induced & evoked gamma oscillations; attentional modulation, 9909
physical attractiveness; attractive others; selective processing; attentional capacity; recognition memory; selective attention, 7636
pitch perception; selective attention; pitch memory; pitch retention, 33741
prenatal cocaine exposure; selective attention; error reactivity; visual attention; olfactory distraction; performance disruption; arousal regulation, 18738
recent selective practice; task switching; letter-digit pairs; shape comparison; alphabet arithmetic; switching costs; task-set inertia; task-set priming, 447
scene perception; attentional allocation; semantic influences; fixation, 30601
selective attention impairment; Alzheimer's disease; inhibition; visuospatial selective attention; decision making; visual search tasks; cognitive slowing; task difficulty, 29141
selective attention; cognitive control of attention; stimulus salience; stimulus complexity; rejection of distractors; theories; perception of distractors; perceptual load; working memory, 30749
selective attention; emotional stimuli; vigilance; angry face response; trait anxiety; behavioral activation system; emotional Stroop task; behavioral inhibition system; cognitive-emotional processes, 33673
selective attention; executive functions; criminal psychopaths; prison inmates, 1683
selective attention; hemispheric specialization; hemispheric asymmetries; healthy individuals; task demands; behavioral evidence, 3630
selective attention; repeated event inhibition; hemispheric specialization; identity-based discrimination; visual field, 6860
selective attention; schizoaffective disorder; psychotic bipolar disorder; Stroop interference, 22438
selective attention; sensory stimulation; intersensory redundancy; perceptual development; cognitive development; infancy, 24929
selective attentional bias; conscious awareness; pain fear; pain-related material, 6482
selective spatial attention; steady state somatosensory evoked potential; hand flutter sensation, 24730
social phobia; selective attention; attentional bias; dot probe task; social threat words; concurrent depressive disorder, 1530
somatosensory event-related brain potentials; ERPs; spatial distribution; tactile attention; selective attention, 7045

Selective Attention—Serials

spatial attention; selective attention; visual stimuli selection; visuospatial attention; spatial location; attentional control; spatial attention disorders; Alzheimers disease; neural sites, 9728

spatial distance effect; anaphor resolution; mental model; text comprehension; situation model; semantic priming; selective attention; spatial organization; anaphor reference; reading comprehension, 367

spatial location; working memory; selective spatial attention; event-related potentials; orienting attention; perceptual stimuli; neural processes, 6579

speech perception; magnetic mismatch field; formant transitions; selective attention; perceptual discrimination; speech & nonspeech stimuli; consonant-vowel syllables, 15512

Stroop interference; psychopathic offenders; selective attention, 11046

Test of Everyday Attention: visual selective attention; attentional switching; working memory; nondyslexic learning disability, 19787

texture contrast; visual attention; natural scenes; central nervous system, 34112

time course; attentional bias; threat scenes; vigilance avoidance hypothesis; anxiety, 30751

time course; attentional responses; emotional facial expressions; social phobia; visual probe; face perception; anger; happiness; photographs; exposure durations, 13665

visual marking; prioritized selection; luminance onset, 27452

visual search; attention deficit hyperactivity disorder; attentional capture; selective attention; distraction, 32006

visual search; singleton feature targets; visual selective attention; reaction times; dimensional cuing; dimensional discrimination; dimensional weighting; expectancy, 312

visual selective attention; attention difficulties; visual search; children; attention deficit/hyperactivity disorder, 4777

visual selective attention; conceptual negative priming; cognitive development; childhood development; age differences, 13201

visuospatial cues; distracting stimuli; target localization; auditory modality; visual modality; linguistic cue words; visual target attention, 18868

working memory; selective attention; switching; mental model; anaphor resolution; spatial distance effect; object switch effect; object switch costs; arithmetic, 380

Selective Attention—Books

Active vision: The psychology of looking and seeing, 3333

Cognitive routes to the rehabilitation of unilateral neglect, 23607

III. Attention: Selecting one conscious stream among many, 3431

Selective Breeding—Serials

exogenous progesterone administration; female rhesus monkeys; timed breeding colony; breeding season; artificial luteal phases; conception date selection; breeding time; breeding age, 15417

Selective Mutism [See Elective Mutism]

Self Acceptance [See Self Perception]

Self Actualization—Serials

Bourgeois Bohemian; Bobo ethos; psychotherapists; self-expression; authenticity; success, 2016

ethic of care opportunity; self-actualization opportunity; job design; job satisfaction; gender-related effects, 36327

feeling assessment; values cognition; value actualization; values-associated feelings; values change, 25355

healing image; Jungian approach; self-realization; psychoanalysis; dream interpretation; unconscious, 29305

learning disabilities experience; self-discovery; self-actualization; adaptation; adulthood, 28934

medieval orality; mothers; mother-child bonding; infant mortality; self-realization, 28534

self actualization; aging; inter-generational lifecourse perspective; generativity; existentialist ontology, 21996

subjective experience; intrinsic motivation; self-determination; perceived competence; self-realization values; interest; flow experience; personal expressiveness, 1283

subjective well-being; openness to experience; quality of life; pleasantness; self actualization; positive affect; negative affect, 34728

Self Administration (Drugs) [See Drug Self Administration]

Self Analysis—Serials

attitude change; self-esteem; cognitive dissonance; self attributes; self-affirmation, 7625

mental functioning; self-analysis; psychoanalysts attitudes; individuality; transgenerational influences, 32942

possible selves; motivation; self-schemas; perceived control, 7619

psychoanalytic supervision; psychoanalysis; thirdness; occult; transference, 10640

psychoanalytic training; power; authority; institutional psychoanalysis; physicians, 22381

sculpting process; self analysis; emerging self; anxiety modulation, 5251

self-analysis; analysts; unconscious life; psychoanalytic writing; fictional autobiography, 32944

Self Assessment [See Self Evaluation]

Self Care Skills—Serials

cognitive disabilities; independent living; transition process; parents; family; adult life; siblings, 25942

combined skills training; health care management; older persons; severe mental illness; independent living skills; health promotion; social functioning, 29501

community-based instructional scheduling; intellectual disabilities; skill acquisition; students; generalization; skill maintenance; mental retardation, 14687

coronary heart disease; functional status; gender differences; self care; older people, 26106

developmental delays; parent-youth adult relationship; intelligence quotient; life satisfaction; independent living, 32003

disability inventory; pediatric evaluation; intraclass correlation coefficients; Pediatric Evaluation of Disability Inventory; PEDI; self care; physical mobility, 177

gender differences; basic activities of daily living; fall-related injuries; extremity injury; independently living people; older people; recovery; Netherlands, 8137

health education; pregnant women; background characteristics; self-care, 29548

independent living; developmental transition; substance abuse; at risk population; family of origin; alcohol abuse; drug abuse, 25890

older adults; self-report; life quality; disabled people; assistive technology; health-related costs; independence, 22124

patient behavior; diabetes care; outpatient settings; intensive support; provider-patient interaction; patient self-care, 8929

patient empowerment; end-stage renal disease; self-care self-efficacy; depression; empowerment program, 23107

psychosocial functioning; Independent Living Skills Survey; schizophrenia; mental illness; older outpatients, 28734

robotics; ecology; elderly independent living; aging, 36514

schizophrenia patient; independent living; El Paseo Village, 2385

Self care management; anxiety; fear; HIV disease; frequency; self care behaviors; symptoms; nursing, 16680

self-care behavior; health status; optimistic beliefs; physical functioning; ill patients; symptom report; diabetes; multiple sclerosis; optimism, 19846

self-care practices; cancer; dependent-care practices; parents; competency; nursing intervention, 35236

self-care skills; collaborative goal-focused occupational therapy; self care skills; self-care activity performance, 17457

task analysis; correspondence training; personal hygiene skill teaching; developmental disabilities, 23467

Self Care Skills—Chapters

The PRO-SELF® Program: A self-care intervention program, 17140

Self Concept [See Also Academic Self Concept, Self Confidence, Self Esteem]—Serials

Sikh community; distinctive features; historical processes; cultural attributes; self image; adaptation; identity, 16119

ability self-concept; failure perception; goal orientation; goal achievement; performance goals, 3415

academic achievement; self beliefs; self concept, 26953

academic achievement; self-concept dimensions; indigenous communities; high school students; Western cultures; Australian students; measurement, 26936

academic self-concept; educational attainment level; family structure; family socioeconomic status; elementary school students, 30033

adolescent identities; school affiliation; international schools; institutional practices, 30058

adolescent perceptions; girls; goodness; badness; will; behavioral decisions; ethical self-image; high school students; gifted; alternative school, 13243

adolescent self-concept consistency; self satisfaction, 7412

African American fathers; urban fathers; minority fathers; low-income fathers; perceptions of family & peer & legal system influences; identity, 1109

African Americans; high school students; Blacks; religiosity; media exposure; racial self esteem; self concept; stereotypes, 13260

Afrocentric socialization; Black youth; cultural identity; violence prevention, 4085

age differences; gender differences; ethnic differences; self-perceptions; competence; Head Start; low-income; kindergarten; African Americans; Caucasians, 20858

Ameobic Self Scale; test development; body & social & spatial symbolic self representation; boundary threat & disgust sensitivity; values; authoritarianism; unfamiliarity; out-groups; vermin; infection, 9383

anthropology; dreaming; selfscape dreams, 27584

assimilation; affiliation; self construal; interpersonal interaction; relationship knowledge; relational schemas; target familiarity; experiences, 7648

athletic identity; exercise behavior; physical activity; Athletic Identity Questionnaire; scale development; test validity, 18075

athletic identity; female athletes; team selection; self-protection; self-enhancement, 14807

attachment behavior; self-understanding; neurobiology; parenting; brain development, 34253

attachment representations; depressive symptomatology; high-risk sexual behavior; multiple sexual partners; HIV-positive patients, 13889

attachment theory; individual psychology; self concept; world view; social interaction, 26257

attributions; self enhancement; self defense; self esteem, 34720

biracial girls; developmental challenges; racial identity; monocultural existence; ethnic heritage; identity development; social relationships; sexual relationships, 22191

biracial identity development; socio-cultural factors; ethnic identification; racial oppression; gender differences, 23497

biracial lesbian; bisexual women; multiple minority identities; sexual identity, 22165

borderline personality; borderline psychic structure; Andre Green; absence; separation; existence; loss; self annihilation; identity merger; intrusion; object relations; gender identity confusion, 5258

caregiving; positive aspects; Alzheimer's disease; dementia caregivers; self-affirmation; outlook on life; caregiving measures; validity; reliability, 30485

casino gambling; self concept; aging consumers; consumption experiences; psychological benefits; gambling experiences, 22122

child survivor; war; Bosnian survivor; acculturative stress; posttraumatic stress disorder; existential therapy; cognitive-behavioral applications; identity, 32288

childhood self concept; physical movement; personal base; social base, 34265

childhood sexual questioning; psychosexual development; same-sex attractions; self-concepts; self-perception; sexual attitudes; homosexuality; heterosexuality; bisexuality; lesbianism; gender identity, 7416

Chinese positive psychology; subjective well-being; cross-cultural perspective; self-concept, 27241

city; urban areas; love; loathing; urban environment; urbanophilia; urbanophobia; ideal city, 21004

cloacal exstrophy; sexual identity; neonatal sex assignment; genetic males; sexual role; self concept, 26053

cloacal exstrophy; sexual identity; neonatal sex assignment; genetic males; sexual role; self concept, 13878

cloacal exstrophy; sexual identity; neonatal sex assignment; genetic males; sexual role; self concept, 26060

cloacal exstrophy; sexual identity; neonatal sex assignment; genetic males; sexual role; self concept, 26019

cloacal exstrophy; sexual identity; neonatal sex assignment; genetic males; sexual role; self concept, 26021

college students; psychometrics; self; self construal scale, 4451

college transition; internalization; self-verification; self categorization; social identity, 28486

compassionate images; self-criticism; self-soothing; self-compassion; depressed patients, 25559

conscious emotion experience; role of self; conflicted emotional experience; self construct, 28490

conscious emotion experience; role of self; conflicted emotional experience; self construct, 28462

construct validity; identity status measures; Ego Identity Process Questionnaire; Extended Objective Measure of Ego Identity Status II; personality traits; psychometrics; test reliability, 33534

constructivism; constructing masks; self; therapists; clients; psychotherapists; drama therapy; psychodrama models; constructivist therapists; psychological theory; constructivist theory, 8417

context-sensitive self; culture; phenomenal self; self-concept; cross-cultural differences, 25362

cooperation; small-group instruction; student self-concept; academic achievement; Jigsaw cooperative learning approach; social studies; elementary school students; advanced organizers, 12082

critical feminist perspective; culture; self, 31414

critical fluctuations; clinical change; dynamic systems approaches; self-organizational processes; human change; phenomenology; interpersonal relationship; psychiatric patients; patient behavior, 7622

cultural adaptation; dualistic world view; collectivism-individualism; integrative acculturation; religion; self image; intergenerational conflict; traditional values; South Asian immigrant women, 16122

cultural self-concepts; autobiographical memory; self-description; cross-cultural differences; European American children; Chinese children; self-concept; child development; cognitive development, 7404

- culture; theory; psychology; action; individual, 7528
 culture; within-culture differences; metropolitan areas: regional cities; self-concept, 25363
 desired self; biased judgment; past behaviors; extraversion; introversion; self-promoting attributes, 28429
 differential distinctiveness hypothesis; self concept development; primary students; Self Description Questionnaire-1 French version; age; gender; academic competence & affect; factor structure, 100
 differentiation of self; attachment anxiety; effortful control; Bowen theory; emotional reactivity; adult attachment, 34716
 drag queen; femininity; masculinity; heterosexuality; homosexuality; sexual desires; sexuality; personal identities; transgenderism, 34575
 early adolescents experiences; feminine sexualized image; Barbie dolls; self-concept; body image, 25031
 eating disorders; self-concept disturbances; depression; diagnostic groups, 19813
 emotional adjustment; chronic pain; behavior; role loss; self concept differentiation; identity; personal attributes; depression, 8128
 emotional disclosure; trauma; resilient self concept; psychological distress; self perception, 1330
 emotions; narrative selves; personal sense of unified agency; selfhood; mental disorders, 19315
 empathy development; differentiation; self- & other-construction; self-recognition; subjective action perception; intersubjectivity; human development; theories, 31101
 ethnicity; self-construals; anger regulation; attachment; Korean Americans; European Americans; male batterers; marital violence, 19607
 exercise psychology; self-concept; self-efficacy; motivation; moods; affects; sports psychology, 24058
 expectancy; personality dispositions; academic self-concept; attributional style; optimistic-pessimistic; cognitive anxiety; motive to seek success/failure; self-hand-capping strategies, 13478
 explicit self-esteem; implicit self-esteem; malleability, 28467
 external social structure; internal self-processes; social structure status; self-verification; multiple identities; positive self-feelings; self-esteem; mastery; worker; academic; friend, 31544
 Face threat sensitivity; roadblock to agreement; joint gain; face; social image; negotiation outcomes, 31547
 factor structure; Self-Construct Scale; measurement; self construal; multidimensional structure; cross cultural differences, 21115
 feminist identity; life experiences; exposure to feminism; exposure-identification relationship; self-identification, 25200
 five factor model of personality; identity style; religiosity; late adolescents, 34665
 fluid center; awe-based; education; work, 19
 forgotten self; personnel training; mental health care workers; social care workers; training workshop; trainee experiences; worker perspective, 20740
 gay & straight possible selves; goals; identity; subjective well-being; personality development; ego development; narratives, 34551
 gay identity development; college environment; self identity; college students; sexual identity, 31435
 gender differences; academic self-concept; non-academic self-concept; preadolescent children; self-perceptions, 25024
 gender identity; biological sex; spirituality; sense of self; roles; behaviors; occupation; dress; sexuality; government; religious ideology; subjectivity, 28468
 gender ideologies; adolescent sexual identity development; masculinity; femininity; sexual minority adolescents; heterosexual adolescents, 1017
 gender role identity; support for feminism; nontraditional gender roles; students attitudes; identity as feminist, 28518
 gender status differences; identity status differences; self; late adolescents, 19159
 gender; nationality; educational level; parental divorce; cross-cultural differences; long-term effects; mediating role; family life; self concept; Greeks; British, 19048
 gender; nationality; personal identity; gender identity; national identity, 28511
 global self discrepancies; undesired self; self discrepancy theory; affect prediction; agitation; dejection; anxiety; ideal self; actual self, 1249
 global self-esteem; physical self-concept; body size; primary school children, 28114
 globalization; psychological functioning; identity, 1042
 globalization; psychological functioning; identity, 1043
 globalization; psychological functioning; identity; moral implications, 1047
 group dynamics; communication; fantasies; ethnicity; moral recognition; self concept; teaching, 36142
 Harter Self-perception Profile for Children; self competence; global self-worth; psychometric properties, 33493
 high school students; adolescence; identity development; identity change; family relationships, 7436
 high self-esteem; uncertainty; threats; compensatory conviction; self-definition; self-concept; personal dilemmas; social issues; defensive zeal; repression, 1263
 home environment; residents personality; Japanese home; expression, 31301
 human rights; learning difficulties; Flemish Musketeers; politics of resistance; stories; beliefs & attitudes in disabling society; relational perspective; self-empowerment; power dynamics, 28935
 identity change; adulthood; defense mechanisms; life experiences, 25333
 identity development; gifted adolescents; quality of life; achievement; lesson plan, 14699
 identity development; social groups; witch; marginalized community practice; social learning; intuitive knowledge, 22276
 identity formation; complex processes; social identity formation; work behaviors; work identity; craft work; worker ethnography; socially identified job; individual identity formation, 17780
 identity; personality; emotional regulation; attachment style; child-caregiver relationship; psychotherapy, 7667
 ill health; worthlessness; emotional suffering; powerlessness; life situation; self image; individual experience, 31549
 illness intrusiveness; self concept; engulfment; bone marrow transplant patients, 4928
 images of mother; self-image; God image; dysphoria, 25327
 imagination cultivation; mind; poetry writing; story writing; patient attunement; physicians relationship improvement; inner world experience; physicians inward journey, 32520
 immigration; depressive symptoms; confusion; sexual identity; peer group; ethnicity; life experience; immigrant parents; emigrant adolescents; tension, 25144
 individual differences; social orientation; social interaction; cultural background; self regulation, 22366
 interdependence; mediator; culture; interpersonal closeness; Euro-Canadians; Turks; cross-cultural differences; interdependence; independent self-construal; ideal closeness, 13441
 internal/external frame of reference; math self-concept; verbal self-concept; cross-cultural generalizability; educational implications; social comparison theory; cross-cultural study, 13241
 interpersonal perceptions; post-traumatic stress disorder-related functional impairment; social relations model; personality traits; self-perceptions, 34900
 intraindividual variability; self-descriptions; trait dimensions of self-concept; gender; age-related patterns; affective experience; adult life span; gender, 967
 late pregnancy; postpartum period; high-risk primiparous single mothers; conscious representations; babies; self-concept; mothers; self representations; other representations; mother representations, 10622
 late studentship; academic aspiration; personal growth; higher education; sense of self; interpersonal relationships, 20791
 learning disabilities; social competence; academic achievement; self-perception; inclusive classrooms; teachers; peers; elementary students; junior high school students; high school students, 1712
 life experiences; illness perceptions; older adults; self-identity; chaos; tragedy; quest; romance, 28146
 life-circumstances; working conditions; HIV risk; street sex workers; nightclub sex workers; personal identity; safer sex practices, 31417
 living arrangements; university students; identity development; adult identity; independent living; personal development, 873
 long-term memory; personal traits; collective self; self-reference effect; cultural background; memory paradigm; personal self; working self; individualism; collectivism; self-schema; self concept, 7653
 long-term survival; cancer; self-reconstruction; identity issues; health concerns; self development; social process; childhood; adolescence, 14259
 loss of the self; idem identity; ipse identity; narrative theory; psychopathology; self-relatedness; Paul Ricoeur, 19313
 masculine gender relevance; task instructions; cardiovascular reactivity; mental arithmetic performance; systolic blood pressure; cognitive performance, 28459
 masculinity; femininity; personality traits; self-construal, 19160
 mathematics self-concept; mathematics achievement; mathematics ability; Norwegian students; frames of reference; self-evaluation; self-efficacy, 26946
 memory; self-concept; social anxiety; recall; social phobia; observer perspective images, 25387
 military career role; reflected self-image; commitment; career self; career identity; actual self, 27085
 mixed-race women experiences; biracial population; female gender; self identity, 22199
 moral reasoning; gender differences; self reasoning; self-other relationship; social distance; ingroup dynamics, 34706
 moral reasoning; value priorities; medical school; self descriptions; professional socialisation; medical education, 8933
 Mormon clients; client experiences; conversion therapy; counseling; sexual orientation; self-acceptance; self-identity, 35396
 multicollinearity; structural equation models; achievement; self-efficacy; self-concept, 33614
 multicultural education; student identity & motivation & aspirations; desegregation; racial integration; ethnic integration; Brown v. Board of Education, 36202
 multiculturalism; gender; cultural identity; diversity; nationality; social identity; politics, 28164
 narrative identity; personality; personal unity; life purpose; life experiences; introductory essay; meaning making; adult development; personality growth; researchers; commonality; adult lifespan, 22322
 narrative identity; self-identity; mental disorders; psychopathology; synchronic subjective unity; diachronic subjective unity; constitutional identity, 19337
 narrative psychology; contemporary social constructionism; narrative psychological approach; self study; self identity; social constructionist, 18842
 narrative theories; mental disorders; philosophy; personal identity; self identity, 19351
 narratives; culture; self; cultural psychotherapy; counseling; cross-cultural psychology; relations, 8416
 nationalism; religious nationalism; globalization; self identity; ontological security; existential uncertainty; anxiety, 34422
 negative self-imagery; social anxiety; social interactions; social phobia; memories; social situations, 25717
 nurse managers; NHS modernization agenda; nursing roles innovation; health care policy; work roles; self-concept; assistant physicians; work environment, 2656
 older women; attachment; homes; possessions; widows; identity, 34392
 paid work; older women; money; personal identity, 25084
 parental alcohol misuse; parentification; children's self-concept; problematic parental role functioning; resilience, 25877
 parental authority; identity style; identity commitments; social-cognitive identity; family authority, 25321
 peer relationships; social success; social attributions; social self-concept; gifted students; middle school students, 30096
 perfectionism; childrens self-concept; Adaptive/Maladaptive Perfectionism Scale; scale validation, 15031
 personal identity; cross-cultural differences; inner self; self-continuity; Canada; Hong Kong; Japan, 7704
 personal inadequacy; personal intimacy; college men; hostility toward women; intimacy predictors, 28460
 personal reality theories; gender issues; gender self-concept; masculinity; femininity; androgyny, 22336
 personal websites; interpersonal perception; personality impressions; informant reports; e-perceptions; self-expression; self-rating, 28519
 personality organizations; psychiatric severity; object representations; self representations; aspects integration; neurotic personality; psychotic personality; borderline personality, 19568
 personality orientations; personality aspects; coping; sense of coherence; self-concept; Jungian concepts; adult males, 13489
 personality traits; cerebral hemispheres; visual field; self description process; linguistic process; affective tone; left hemisphere; right hemisphere; lateralization; verbal stimuli, 31567
 personhood; life-course; Hindu Indian womanhood; social roles; urban middle-class; self concept; urban middle-class Gujarati Hindu; life course change; family role; collective cultures, 31415
 physical attractiveness; social perception; personality theory; personality traits; interpersonal attraction; beauty bias, 22307
 physical exercise; physical self-concept; children, 31246
 physical fitness; high school students; Physical Self-Description Questionnaire; construct validity; French translation; physical fitness, 18109
 planned behavior; self-expressive behavior; theory of planned behaviour frame; personal identity, 27192
 positive psychology; political apathy disorder; existential regret; humanistic schooling; gifted; identity; self; maintaining, 11444
 predictive control theory; pathological development; evolutionary context; pathological and normal populations; defense mechanism; self concept; splitting; threat; anxiety; perceived control, 19230

problem behaviors; social skills; self concept; social perceptions; prosocial behaviors; adolescence; time use, 7426

psychoanalytic approach; reading process; novel characters; identification; self identity; queer; homosexuality, 31639

psychoanalytic narratives; self concept; contemporary cultural phenomena; discursive psychology; psychological discourse; culture; self identity; psychology, 18849

psychoanalytic perspective; children; gender; sense of self; unconscious fantasies; gender expression, 20249

psychogenic fugue; memory disorder; emotional trauma; psychological trauma; personal identity; loss of language, 22941

psychological research; climbers; romanticism; cultural contexts; mountaineering; psychological themes; mountaineering literature; self identity, 12320

psychological stress; biracial adolescent girls; Black-Whites; Hispanic-Whites; Asian-Whites; self-identification, 22196

psychology issues; conceptual issues; self person; individual; purpose; goal; direction; intention; reductionism; causality; reify; depersonalization; hermeneutics; scientism; causal relations, 22320

psychopathology; narrative self; narrative identity; philosophy, 19333

psychopathology; narratives; self concept, 19346

rapid social change; accelerated social change; grounded theory approach; personal responsibility; international migration; South African black; identity formation; gender roles; reference group, 16201

real self; sexual formula stories; personal storytelling; social movement activism; lesbian; gay; bisexual; transgender; storytelling identities; social movement work, 19002

reflexive self; culture; social change; self-identity; sociology; contemporary social theorists, 16078

relationship loss; self-loss; male-female dysphoria, 25262

rural elders; assisted living facility; semi-independent living; self identity; narratives; history; community life; nursing home; world wars; Great Depression, 34373

self concept; classical Indian thought; Sankhyayoga; Vedanta; sakshin; witness; mindfulness; psychotherapy; Buddhism; Hinduism, 35416

self concept; cultural historical activity theory; social dimensions; individual dimensions; human development; Vygotksy; Leontiev; human collective practices, 33460

self concept; performance; self-efficacy; expectations, 1277

self construal; communal & exchange orientation; social structure, 34624

Self Description Questionnaire II; Youth Self-Report; adolescent mental health; multidimensional perspective; French translation; self-concept; multivariate relation pattern; higher-order factors, 12465

self differentiation; family of origin; psychological functioning; Bowen theory; stress; coping; dysfunction, 34695

self esteem; hypnosis; ego enhancement; psychological theories; self concept; emotional well being; psychiatric theories, 31605

self image; neurotic personality; psychotic personality; borderline personality; psychiatric patients; treatment homes, 20605

self psychology; relational psychoanalysis; psychoanalytic traditions; listening-experiencing perspectives; concept of self; therapeutic action, 20233

self recognition; dementia patients; physical environment; environmental supports; signage; pictures; names, 22943

self search; psychotherapists attitudes, 32950

self verification motives; collective self views; self definition; certainty; ingroup outgroup; salience; importance; group identification, 10528

self-advocacy group; intellectual disabilities; self-concept; group membership, 32031

self-beliefs; core beliefs; specific cognitions; eating; body shape; weight; bulimia, 19808

self-categorization theory; crowd violence; social action; social identity; crowd psychology, 31519

self-compassion; psychological functioning; healthy attitude; self kindness; common humanity; mindfulness, 22355

self-complexity; construct validity; individual cognition; depression; anxiety; social desirability; self concept, 34734

self-complexity; negative moods; positive memories; mood-incongruent recall; mood regulation; knowledge structure, 24515

self-concept consistency; well-being; relational-interdependent self-construal; authenticity; personality; social behavior, 1241

self-concept trajectories; adolescent self concepts; domain-specific; individual differences; self-concept domains; growth curve modeling; age; gender, 1024

self-concept; brain injuries; Adult Source of Self-Concept Inventor Chinese version; factor analysis, 154

self-concept; personal identity; social identity; self-perception; self-schema, 25375

self-concept; reflexivity; self-awareness; self-regulation; social science; behavioral science, 28484

self-conscious emotions; emotions; self-esteem regulation, 34674

self-conscious emotions; emotions; self-esteem regulation, 34686

self-construal; cooperation; interdependent self; independent self; priming; social dilemmas, 31517

self-criticism; dependency; individual differences; self silencing; loneliness; depression; mediational model; romantic relationship status, 7668

self-esteem; self-certainty; self-conceptions; impression management concerns; self-concept clarity, 22369

self-esteem; self-image; self-concept; self-identity; definitions, 22324

self-esteem; self-meaning; self-identity; self-image; self-concepts, 22325

self-rated ability; confidence judgements; eyewitness memory; general knowledge, 18395

self-rated health status; health status; health-related behaviours; physical activity; general health; morbidity; mortality; self concept; health practices, 5475

self-reflection; self-concept clarity; gender differences; self-descriptive traits, 25334

self-schemata; metacognitions; experiential therapy framework; two chair method; cognitive therapy; psychosis, 8408

self-serving attributional bias; individual differences; age differences; cross cultural differences; psychopathology, 34693

self-starters; can-doers; mobile phones; personality language; job advertisements; situation vacant columns; self description lexicography; personality traits, 23960

self-stereotypes; task solution strategies; stereotype-threat effects; negative stereotype; positive stereotype; recall; avoidance; approach related statements; group performance; expectation, 28508

self; ego; otherness; object; psychoanalytic theory; ego psychology; conceptualization, 13519

self; social psychology; research; field approaches, 28381

separation need; individuation need; selfhood meaning; self-identity construction; cultural differences; Japanese students; Canadian students, 28515

service-learning course; student identity; identity development; self-authorship, 31227

sexual identity development; compulsory heterosexuality; occupational identity development; global identity development; political identity development; religious identity development, 28345

sexual intercourse; poor resources; problem behavior; romantic appeal; self-concept; social acceptance, 13385

sexual orientation; sexual attraction; sexual behavior; self-labeling; self-identification; adolescents, 25017

smoking; adolescence; identity; smoking experiences; narratives, 7427

Social and Personal Identities scale; self-categorization; test validity; test reliability; psychometrics, 24217

social comparison; nonmotivated reasoning; above average effects; comparative optimism effects; biased comparative judgments, 34626

social comparison; self-evaluation; self-presentation; bragging-avoiding effect, 28424

social comparisons; negative self-feelings; stress adaptation; models test, 18980

social disengagement; relational self-views; peer stress; social experiences; reciprocal-influence models; early adolescence, 31205

social identification; intergroup orientation; self-conception; social identity; social groups, 7600

social identity perspective; intergroup relations; self-conception; small groups; social psychology; group membership; group processes, 25268

social identity theory; authoritarian personality theory; identity management strategies; individualism; social competition, 22356

social identity; group loyalty; exit options; positive impression; group membership; group perception; norm perception; self-perception; social glue; group stability, 16260

social identity; womanhood; single women; self identity, 7566

social self-concept; gifted students; psychological functioning; socioeconomic status; self-esteem; creativity; intelligence; motivation, 30100

social self; thinking; social interaction; social influences, 22384

social theory; clinical practice; fuzzy sets; Lacanian theory; radical politics, 22387

socioeconomic status; personality; alcohol abuse; alcohol and drug use; illicit drugs; social policy; self image; addiction; tobacco; cannabis; cocaine; at risk populations; adolescent development, 10994

status of source; tobacco industry; social influence; anti-smoking message; health institute; neighborhood association; change in intention to quit; personal relevance; identity; message; smokers, 11715

stereotype threat; intellectual test performance; Black college students; White college students, 12162

stereotype threat; intellectual test performance; Black college students; White college students, 12164

stress-buffering effects; self-complexity; reduced affective spillover; self-regulatory processes; depression, 31597

Structural Analysis of Social Behavior; introjection; internalized self and other perceptions; staff attitudes toward patients; gender combinations; childhood memories of parents, 26243

subjective well-being; cultural psychology; interdependent self; independent self; culture; self control, 28489

subjective well-being; narrative descriptions; found possible self; lost possible self; future self; ego development; divorced women; future selves; self concept, 22081

teacher efficacy; Mexican teachers; ethnic identity; personality traits; interests; occupational activity; interpersonal style; moral worth; self efficacy; bilingual teacher preparation, 23784

temporary employment; performativity; rhetorics; resistance; temp worker; compliance, 5990

test validity; Self-Expansiveness Level Form; Indian students; cross cultural differences, 33505

training champions; competitor types; artistic roller and figure skating; Olympic Games in Nagano (Japan) 1998 and Salt Lake City (USA) 2002; self-concept; body-concept; mood, 36418

transgenders; female; transgender students; blacks; race; sexuality; alternative school; identity, 28336

transitional objects; photographs; holding environment; transitional space; emotional growth; false self, 26333

treatment effectiveness evaluation; cognitive-behavioral interventions; schizophrenia; psychosocial functioning; symptom severity; self-concept; psychiatric symptoms, 29281

unity of agency thesis; unity of agency; disunity of agency; personal identity; longitudinal social roles; dissociative identity disorder, 19319

unity of agency; volition; self-as-narrative; emotions, 19220

views of future life-career development; rural women; self-concept, 34359

violent video games exposure; automatic aggressiveness, 16037

Williams syndrome; Prader-Willi syndrome; self concept, 19879

women physical activity; feminist theory; Michel Foucault; sport scholars; sport studies; self technologies; resistance; power; feminism; sports; domination practice, 2972

work environment; environmental perception; self schema; perception of space; person environment relationship, 20957

work experiences; sense of self; human females; partner abuse; work quality, 25199

workplace; structuring of self; psyche; anxiety responses; psychological defenses, 27017

Self Concept [See Also Academic Self Concept, Self Confidence, Self Esteem]—Books

The face in the mirror: The search for the origins of consciousness, 637

Lesbian identity and contemporary psychotherapy: A framework for clinical practice, 11394

Self-determination theory in the clinic: Motivating physical and mental health, 8389

Wilhelm Reich: Psychoanalyst and radical naturalist, 6229

Self Concept [See Also Academic Self Concept, Self Confidence, Self Esteem]—Chapters

A conceptual exploration of the Korean self in comparison with the western self, 4475

Consciousness in meme machines, 17988

Developing a healthy identity, 16318

Interest, identity, and social functioning: Central features of modeling activity, 23857

Move the Body, Change the Self: Acculturative Effects of the Self-Concept, 1229

Play, racial attitudes, and self-concept in Taiwan, 16046

(Self-)conceptions as social actions, 10516

Time preference and personal identity, 15310

Self Confidence—Serials

attitude change; self-confidence; teacher alliance; student cohesion; women and gender studies; gender role attitudes; classroom, 26963

citizenship behaviors; teacher performance; professional motivation; self-confidence; college teachers; college students; teaching-learning process, 5842

coaching confidence; Coaching Confidence Scale; instrument reliability; instrument validity, 21121

competitive anxiety; self-confidence; anxiety perceptions; cognitive symptoms; somatic symptoms, 27140

Self Confidence—Serials

confidence judgments; individual decision making; group decision making; instructor feedback; exam accuracy scores; course related knowledge; college classrooms, 36194

confidence; nervousness; witness; self-efficacy; witness preparation training; cross examination; testimony; defendants, 21046

cooping skills; trait sport confidence; trait anxiety; athletes, 36425

correct answers; global judgments; local confidence; global confidence, 18338

courtroom questioning style; eyewitness confidence; eyewitness accuracy; observer perception; jurors perception, 18021

drama therapy; personality disorder diagnosis; child psychiatry; psychiatric hospital; family life participation; self confidence, 8582

esteem maintenance among groups; group performance cognitions; self esteem; perceived positive and negative outcomes; internal factors; external factors; rationalization; confidence in performance, 31529

Expanded Skills Confidence Inventory; E-SCI; vocational interests; interests; educational aspirations; career & academic major preferences; self efficacy; test validity, 231

eyewitness; confidence inflation; criminal trial; judgments, 36536

group counseling; adjustment; self-confidence; emotional stability; internal-external locus of control; women college students, 2862

interval estimates; overconfidence; numerical estimates; correct answer accuracy, 12674

magic works; motivating activities; confidence; kid's self-esteem; disabled children, 12193

mental training program; pre-competitive anxiety; self-confidence; tennis performance; junior player, 30245

misinformation; criminal justice system; eyewitness confidence; eyewitness accuracy; time delay; information accuracy; TV show; Cops; memory, 33432

obsessive-compulsive checkers; confidence; non-anxious; panic disorder, 31796

optimism; decision making; postdecisional action phases; predecisional action phases; goal setting; implemental mindset; confidence; failure, 24464

overconfidence; Big Five personality model; performance, 34710

overconfidence; decision making; product introduction; managers; computer industry, 23991

possible selves; motivation; self-schemas; perceived control, 7619

precompetition self-confidence; self-discrepancies; performance; cognitive anxiety, 36419

probability judgment; prediction; general knowledge; combined error model; sensory discrimination task; calibration; additivity; source independence; confidence, 9659

revelation effect; autobiographical memory; self confidence; life events, 30703

self-confidence; bias factor; stress; performance; cognitive anxiety; somatic anxiety; golf, 36431

self-defence training; feminism; violence; risk of assault; feelings; self-confidence; gender, 28311

self-esteem; self-certainty; self-conceptions; impression management concerns; self-concept clarity, 22369

self-rated ability; confidence judgments; eyewitness memory; general knowledge, 18395

self-set goals; assigned goals; exerciser self-efficacy; task unfamiliarity; self-confidence, 34667

severe mental illness; posttraumatic stress disorder; trauma; diagnosis; treatment; competence; confidence, 29918

sport confidence; master athletes; situational favorableness factor; personality traits, 36441

spouse confidence; patient survival; heart failure; self efficacy; illness management, 13910

telephone telephony; guessing; confidence; familiar callers; unfamiliar callers; chance, 18438

telephone telephony; guessing; confidence; familiar callers; unfamiliar callers; chance, 18439

Self Confidence—Chapters

Calibration of confidence among eyewitnesses and earwitnesses, 24122

Using state of awareness judgements to improve eyewitness confidence-accuracy judgements, 22055

Self Congruence—Serials

discrepancy development; self-regulation theory; motivational intervention; intention; heavy alcohol use; binge drinking; personalized normative feedback; personal strivings, 14487

ethic of care opportunity; self-actualization opportunity; job design; job satisfaction; gender-related effects, 36327

global self discrepancies; undesired self; self discrepancy theory; affect prediction; agitation; dejection; anxiety; ideal self; actual self, 1249

imagination cultivation; mind; poetry writing; story writing; patient attunement; physicians relationship improvement; inner world experience; physicians inward journey, 32520

Self Consciousness [See Self Perception]

Self Control—Serials

acquired brain injuries; delayed reinforcement; physical therapy; self-control; impulsivity, 2486

alcohol disorders; controlled drinking; treatment systems; treatment goals; recovery, 11900

alcohol disorders; controlled drinking; treatment systems; treatment goals; recovery, 11949

alcohol; behavioral control; behavioral inhibition; information processing deficit; reaction time; response suppression; response alternation; prepotent responses, 693

alcohol; delay discounting; food; impulsivity; money; self control; choice behavior, 3367

arousal modulation; high functioning autism; response inhibition; event-rate manipulation; reaction time; adults; errors of commission, 13797

brain injury; impulsivity; physical therapy; self-control, 20613

brain oscillations; cognitive systems; frontal inhibitory control; alcoholism; human information processing; neurocognitive model, 13744

children's agreeableness; resiliency; impulsivity; effortful control, 25009

controlled drinking; behavioral self-control training; moderation-oriented cue exposure; drinking severity; drinking-related self-efficacy; Moderation Management, 26739

delay discounting; impulsivity; self-control; rewards, 3359

drinking restraint; alcohol consumption; alcohol dependence; children of alcoholics; alcohol related outcomes; high risk; low risk, 19701

emotional distress; negative emotions; self-control behavior; sensitivity; punishment; neuroticism; depression; anxiety; personality traits, 10614

gender; age; crime; self-control theory; deviance, 13776

general counterproductive behavior; self-control theory; individual internal control; work behaviors; deviant acts; predictors; employees, 33284

hyperbolic discounting; emotional satisfaction; impulsive behavior; self-control; risk taking, 3407

implicit association test; voluntary controllability; undesirable racial attitudes; faking; Blacks; Whites, 3144

individual differences; self-defining memory dimensions; specificity; meaning; content; affect; self-restraint; distress; repressive defensiveness, 21362

inhibitory control; stop signal task; modification; revised measure; mean reaction time; area of inhibition; children, 10169

intentional control; perceptual representations; reversible figure, 6528

locus of control; outside forces; cynicism; individualism; self-serving bias; school achievement; self-control; depression, 34722

methamphetamine effects; quantitative analyses; self-control choices; behavioral mechanisms; stimulant drugs; self-control procedure; reinforcement amount; reinforcement delay, 24839

operant prisoners dilemma; reinforcement schedule; reinforcement amount; tit-for-tat; cooperation; defection; self control; learning; pigeons, 9771

optimistic bias; perceived control; cigarette smokers; health risks; smoking cessation, 22271

parental efficacy; self-control; parent influence; delinquent behavior; adolescent delinquency; parenting; General Theory of Crime, 28889

patient education; behavior modification; inhalation technique; chronic obstructive pulmonary disease; disease management; self control, 35713

perceived control; locus of control; preparatory information; acute pain stimulus; pain perception, 24378

personal stress; mental health; sense of control; older adults, 7484

personality structure; personality prototypes; resilient; overcontrollers; undercontrollers; monozygotic twins; dizygotic twins, 19210

planned behavior; breast self-examination; self efficacy; perceived control; intentions; past behavior; prediction, 31589

psychometric characteristics; self-control skills; assessment; self-management; self-reinforcement; self-regulation, 30418

resilience; self control; personality traits; behavior problem; internalization; externalization; Five Factor Model, 25072

schizophrenia; delusional symptoms; violent behavior; substance abuse; male offenders; threat-control override symptoms; social origin, 22418

self control; stimulus exposure; macaca mulatta; discriminative stimulus; differential stimulus; reinforcer, 33972

self-control; choice; initial link reinforcement; terminal link reinforcement; rats, 6687

Self Criticism—Serials

self-control; criminal behavior; social consequences; street youth; crime; drug use; homelessness, 13765

self-regulated strategies; test-taking motivation; test conditions; consequential testing; non-consequential tests; college examinees; essays; multiple choice; performance prediction; expectancy value, 12184

self-regulation; schools; martial arts training; Tae Kwon Do; prosocial behavior; children development; elementary school students; group interaction; gender, 29998

sexual behavior; parent-adolescent communication; parent-adolescent relationship; African American adolescents; family communication; self-control; religiosity; social perception, 4147

smooth pursuit eye movements; anticipation; expectations; volition; voluntary inhibition; response latency; stop signal; motor control, 6555

social bonds; juvenile delinquency; self-control; adolescents, 25922

stereotype suppression; internal motivation; self regulation; self control; suppressed thoughts, 10534

subjective life quality; self-esteem; primary control; secondary control; children; coping behavior; stress coping, 28050

subjective well being; cultural psychology; interdependent self; independent self; culture; self control, 28489

temperamental risk factors; children; unintentional injury history; inhibitory control; impulsivity, 31254

work environment structure; psychological ownership; control, 36347

Self Control—Books

Handbook of self-regulation: Research, theory, and applications, 13501

What would Aristotle do? Self-control through the power of reason, 4472

Self Control—Chapters

Alcohol and self-regulation, 13762

Attention-deficit/hyperactivity disorder and self-regulation: Taking an evolutionary perspective on executive functioning, 13806

Attentional control and self-regulation, 13267

Automatic self-regulation, 13504

The cognitive neuroscience of self-regulation, 12906

The development of self-regulation in young children: Individual characteristics and environmental contexts, 13265

Early attachment processes and the development of emotional self-regulation, 13263

Effortful control: Relations with emotion regulation, adjustment, and socialization in childhood, 13264

Gender and self-regulation, 13558

Harnessing willpower and socioemotional intelligence to enhance human agency and potential, 16313

The hyperbolic consumption model: Calibration, simulation, and empirical evaluation, 17934

Interpersonal functioning requires self-regulation, 13444

Planning and the implementation of goals, 13505

Promotion and prevention strategies for self-regulation: A motivated cognition perspective, 13506

Self-awareness and self-control, 16315

Self-control and crime, 13779

Self-control and sexual behavior, 13390

Self-efficacy beliefs on the architecture of personality: On knowledge, appraisal, and self-regulation, 13503

Self-ratoning: Self-control in consumer choice, 17935

Self-regulation and behavior change: Disentangling behavioral initiation and behavioral maintenance, 13510

Self-regulation of action and affect, 13502

The self-regulation of eating: Theoretical and practical problems, 12964

Self-regulation: Context-appropriate balanced attention, 12691

Self-regulatory failure and addiction, 13763

Self-regulatory strength, 13511

Self-signaling and self-control, 15320

The sociometer, self-esteem, and the regulation of interpersonal behavior, 13443

Sustaining delay of gratification over time: A hot-cool systems perspective, 16312

Temperament and self-regulation, 13266

Thinking makes it so: A social cognitive neuroscience approach to emotion regulation, 13509

To buy or not to buy? Self-control and self-regulatory failure in purchase behavior, 13724

Willpower in a cognitive-affective processing system: The dynamics of delay of gratification, 13508

Willpower, choice, and self-control, 16306

Self Criticism—Serials

Circumplex; dependency; self-criticism; depression; rejection; roommates; love; dominance, 7688

compassionate images; self-criticism; self-soothing; self-compassion; depressed patients, 25559

depression; adverse childhood experiences; self-criticism; dependency; anorexia nervosa; bulimia; human females, 11115

Levels of Self-Criticism Scale; internalized self criticism; comparative self criticism; self evaluation; neuroticism; personality; attachment; test reliability; item analysis, 9405

neuroticism; self-criticism; posttraumatic stress disorder; traumatic stressor; adults; traumatic stressor event; statistical analysis, 16451

parental rearing style; self-esteem; self-criticism; happiness; maternal care; child rearing; behavioural freedom; psychological autonomy, 25164

perfectionists; self-esteem; grade point average satisfaction; depression, 16015

self criticism; self evaluation; self-regard; social comparison; Asian cultures; implicit associations; cross cultural differences, 7634

self-criticism; dependency; individual differences; self silencing; loneliness; depression; mediational model; romantic relationship status, 7668

self-criticism; perfectionism; depression; covert expressions; overt expressions; university students, 19206

Self Defeating Behavior—Serials

failure avoidance behaviours; performance; impostor fears; procrastination; defensive pessimism; personality traits; parenting; family environment; teacher role, 34718

self handicapping: stressful reactions; athletes; emotive oriented coping; cognitive state anxiety; emotional reaction; anxiety responses; coping strategies, 9152

self-defeating personality; child rearing behaviour; parents; memories, 25766

Self Defense—Serials

attributions; self enhancement; self defense; self esteem, 34720

personal safety; self-defense training; female veterans; outpatient mental health treatment; post-traumatic stress disorder; sexual trauma; physical trauma, 36545

police officers; police shooting behavior; deadly force; external influences, 24141

relational consciousness; projective identification; clinical manifestations; anticipatory anxiety; group therapist; psychic pain; curious; self defense; mental relationship; anxiety, 10487

self-defense training; feminism; violence; risk of assault; feelings; self-confidence; gender, 28311

self-defense training; assertiveness training; assault characteristics; assault experiences; female sexual assault survivors; college students, 25187

sexual violence; self-protective actions; situational predictors; rape avoidance, 10890

violent women; self-defense; domestic violence; spouse, 31893

women's self defense course; white femininity; victimization; self liberation; feminist ideology; vulnerability; gender narratives; self narratives; gender subversion; disempowering, 16194

Self Destructive Behavior [See Also Attempted Suicide, Head Banging, Self Inflicted Wounds, Self Mutilation, Suicide]—Serials

abnormal behavior; Rhesus macaques; self-injurious behavior; aberrant behaviors; Monkeys; SIB; stereotypic behavior; environment; risk factors; stereotypes, 15357

adolescent problem behavior; self destructive behavior; self directed aggression; youth problem behavior; violent adolescents; adolescent problem behavior; symbolic immortality, 4688

assessment; aftercare; deliberate self-harm; general hospital psychiatric service; client satisfaction; treatment outcomes, 11868

attempted suicide; deliberate self-harm; psychosocial interventions; psychological models; therapeutic strategies; self-harming behavior; controlled studies; treatment outcomes; evaluation, 34967

behavioral function; intervention acceptability; self-injurious behavior; behavioral interventions; mental retardation; escape; attention; experience; intervention effectiveness, 19794

clozapine treatment; borderline personality disorder; self-mutilating behaviour; side effects, 29329

community rehabilitative support; growth-hormone deficiency dwarfism; multiple psychiatric disorders; law violating behavior; life threatening self-injury, 29699

completed suicide; indirect self-destructive behavior; treatment practices; critical risk factors; older adults; psychologist perceptions, 10884

deliberate self harm; completed suicide; timing; time of day; week; month; season, 10879

deliberate self harm; personal processes; interpersonal processes; mental health problem; residential treatment setting; adolescents, 22435

deliberate self harm; trends; patient characteristics, 1582

deliberate self-harm; adolescents; knowledge measure; attitude measures; health care professionals; training needs; professional staff knowledge; young men; at risk populations, 1570

deliberate self-harm; brief cognitive behavior therapy; manual-assisted cognitive behavior therapy; cost effectiveness, 2031

deliberate self-harm; guidelines by the Royal College of Psychiatrists; Child and Adolescent Mental Health Services; accident & emergency department, 5558

deliberate self-harm; manual-assisted cognitive behavior therapy; parasuicide risk; anxiety; depression; social functioning; global function; positive & negative thinking; quality of life, 2040

deliberate self-harm; manual-assisted cognitive behavior therapy; parasuicide risk; anxiety; depression; social functioning; global function; positive & negative thinking; quality of life, 2033

deliberate self-harm; near fatal; risk factors; prevention; clinical management; clinical characteristics; suicide prevention; age; gender, 22618

deliberate self-harm; risk factor; mood fluctuation; suicidality; history of hostility; psychiatric inpatients, 22515

destructive behavior; self-injurious behavior; aggression; property destruction; establishing operation; functional analysis; antecedent prompt; task demands; academic prompts, 2046

developmental disabilities; self injuring behavior; opiate agonist; naltrexone; hypothalamic-pituitary-adrenal axis, 5338

developmental psychopathology; self-injurious behavior; posttraumatic adaptation; childhood traumatic experience, 19642

eating disordered patients; self injurious behaviours; psychopathological features, 13826

hospital management; self harm; care delivery; services; England, 35832

hospital management; self-harm patients; mental illness; service provision, 36222

hypnosis; psychogenic or neurotic excoriations; acne excoriation; behavior; acne lesions; treatment; pregnant woman, 35612

impression management; impression-motivation; impression-construction; health-damaging behaviors; physical activity; self-presentation; model, 13429

juvenile offenders; deliberate self harm; suicidal ideation; male offenders; prevalence; associated factors, 28886

modernization; vulnerability; suicide; self-destruction; theory of divergence; male-female suicide ratio; developing country, 25847

nursing home environment; self-destructive behavior, 14438

pathological dissociation; peritraumatic dissociation; revictimization; self-harm; childhood sexual abuse; permissive attitudes; posttraumatic stress; domestic violence; prospective study, 4705

pathological dissociation; personality disorders; childhood trauma; dissociative phenomena; self-injury; childhood abuse; symptomatic identity disruptions; memory; suicide, 7783

personality disturbance; manual-assisted cognitive behavior therapy; personality disorders; recurrent self-harm, 20189

positive procedure; on-task engagement; self-injurious slapping; stereotypic clothes manipulation; severe disabilities; challenging behavior; employment, 11580

previously undiagnosed psychiatric disorders; developmental disabilities; self-injurious behavior; psychotropic drugs; treatment, 2230

psychiatric disorder; self-harm behavior; self-harmful thoughts, 25489

psychiatric disorders; behavioral problems; Down syndrome; aggression; self-injurious behavior; depression; bipolar disorder; psychosis; obsessive-compulsive disorder, 25983

psychiatric patients; self-harm; care experiences; hope; hopefulness; received care; desired care, 26594

risperidone; destructive behavior; developmental disabilities; antipsychotic medication, 29410

school counselor; self-injurious behaviors; adolescent students; counselor role; referral; education; advocacy; prevention, 36239

self injurious behaviors; abuse severity; posttraumatic stress disorder; childhood sexual abuse; physiological arousal; health complaints; abuse onset age; treatment seeking women, 22652

self-harm; psychoanalysis; disturbed patients; insight; countertransference; therapist patient interactions, 26326

self-inflicted harm; mania; treatment response; early course, 35502

self-injurious behavior inhibiting system; contingent electric shock; conditioned punisher; severe head banging; preschool child, 23178

self-injurious behavior; autism; developmental delays; awakening, 22724

self-injurious behavior; sequential analysis; developmental disabilities; behavior disorders; behavioral phenotype; observational data; time series, 1695

self-injurious behavior; suicide attempts; adolescents; depression; suicidal ideation; attitudes toward life and death; high school students, 19620

self-poisoning; emergency department management; adult patients; public health problem; psychological management; substance dependence; psycho-social assessment, 13700

self-wounding; self-directed biting; cortisol response; monkeys; hypothalamic-pituitary-adrenocortical activity; dexamethasone, 15815

Snoezelen room; activities of daily living skills training; vocational skills training; aggression; self-injury; mental retardation; mental illness, 26215

suicidal behavior; personality psychopathology; depressed individuals; perfectionism; negative cognitive bias; hopelessness; mortality, 25846

suicidal ideation; suicidal behavior; substance use; Greek male conscripts; personal coping resources; behavior severity, 16477

supportive psychotherapy; borderline personality disorder; attempted suicide; self-injurious behavior; self-esteem; coping skills, 26224

temporal distributions; self-injurious behavior; severity; bouts; discrete events; developmental disorders, 13788

thoughts; death; self harm; prediction; female twins, 19596

topiramate; antiepileptic medication; intellectual disability; mood disorders; aggression; self-injurious behavior; destructive behavior; disruptive behavior; maladaptive behavior psychotropics, 2175

wave frequency; clinical electric shock; pain sensation; startle response, 21731

women; self-injury; lesbian; bisexual; identity; sex role attitudes, 19580

Self Destructive Behavior [See Also Attempted Suicide, Head Banging, Self Inflicted Wounds, Self Mutilation, Suicide]—Serials

Solution-oriented groups for teens, pre-teens and their families, 5245

The temporal ordering of childhood sexual abuse, eating disturbances, and impulsive and self-destructive behaviors, 4812

Self Determination—Serials

access promotion; general curriculum; self-determination skills; skill teaching; disabled students; curriculum participation, 30088

adolescent attitudes; children nurturance; maternal attitude; self-determination; autonomy; children rights; parenting style; sociopolitical attitudes; decision making; maternal conservatism, 22089

African American women; self-determination; exercise behavior; health risk factor, 35686

American university students; German university students; autonomy; competence; self-determination theory; informational feedback; educational contexts; perceived pressures; well being, 14665

athletes; athlete motivation; coach designed motivational climate; physical talent; social-cognitive theories; self-determination theory, 24050

autonomy; developmental disability; intellectual disability; self determination, 11099

cognitive adaptation theory; mental health; motivational analysis; self-determined motivation; positive self-perceptions; perceptions of control; optimism, 31534

community health workers; decision making; low income women; mothers; pregnant women; health outcomes; empowerment; self sufficiency; self determination, 26654

drinking motives; college students; contingent self-esteem; mediator; self-determination perspective; controlled orientation, 31450

empowerment evaluation; program improvement; self determination; mental health, 6460

exercise behavior; exercise regulations; physical fitness; self-determination theory; motivational consequences; psychological need satisfaction; exercise program, 14348

externally imposed deadlines; rules-of-thumb strategies; intrinsic motivation; self-determination, 24524

high commitment; trade union; teamwork; worker independence; work execution; production monitoring; self regulation; manager expectations; Canadian aluminum smelter, 24030

individual empowerment; community health workers; self sufficiency; self determination; decision making; low income mothers, 26642

job demands; job control; burnout dimensions; work self-determination; emotional exhaustion; personal accomplishment; depersonalization; Job Demand-Control model, 30183

job search; unemployment; well-being; motivation; self-determination theory, 27036

mental retardation; learning disabilities; adult outcomes; self-determination; high school graduation; special education; quality of life, 12215

motivation; future time perspective theory; conceptual learning; performance; persistence; future goals; present behavior, 24533

personal goals; psychotherapy patients; goal-motivated behavior; therapeutic processes; psychopathological state; self-determination; session outcomes, 26251

personality; self-determination; exercise behavior; personality traits; health related behaviors; intrinsic regulation; external regulation, 25357

power; human heart; presentation; Trisha Meili; Central Park Jogger; Jon Kabat-Zinn, 33893

profound mental retardation; physical disabilities; medical disabilities; self-determination; nonverbal communication; food choices, 2058

program theory; therapeutic recreation practice models; program theory evaluation; theory-based practice; self-determination; enjoyment enhancement model, 32209

reality therapy; developmental disabilities; group counseling; self-determination, 32277

self-determination theory & intrinsic & extrinsic motivation, 2nd language learning, 18-50 yr old college students, validity & reliability of Language Learning Orientations Scale, 5911

self-determination; case workers; social casework; interdependence; autonomy, 8776

self-concept; congenital visual impairment; achievement motivation; self-determination; disabled people; normal people, 29198

self-determination; coping; goal attainment; sport; motivational antecedents, 36416

self-determination; health-promotion setting; self-concordant motivation; social comparison, 23419

self-determination; problem gambling; college students; gambling consequences; autonomy, 34997

self-determination; sociocultural influences; body image; risk factors; bulimic symptoms; women, 16564

self-determination; students with disabilities; views; parents; teachers; special education teachers; high school students; high & low incidence disabilities, 2837

self-determination; teaching; secondary-age students; work; evaluation; adjustment behaviors; planning; academic tasks; severe emotional & behavioral problems, 2840

self-determined behavior; interdependence; autonomy; cultural & familial factors; transition studies; Navajo family; Dine; interdependence; group cohesion; disabled students, 26215

self-determined behavior; student involvement; standards based reform; disabled students; students education; education programs, 30095

social comparison; self-determination; individual differences, 4462

student engagement; teacher autonomy support; classroom teachers; motivational style; self-determination, 26905

student involvement; self-determination activities; individualized education program; program implementation; student participation; exceptional children, 30084

subjective experience; intrinsic motivation; self-determination; perceived competence; self-realization values; interest; flow experience; personal expressiveness, 1283

subjective well-being; societal expectations; non-western cultures; self-concordance; interests; values; goals, 13491

temporal experience; agency; temporality; time work; self-determination, 4325

Self Determination—Books

Self-determination theory in the clinic: Motivating physical and mental health, 8389

Self Determination—Chapters

Buddhist empowerment: Individual, organizational, and societal transformation, 835

Self Directed Learning [See Individualized Instruction]

Self Disclosure—Serials

ambivalence; nonoffending guardians; child sexual abuse disclosure; nonoffending mothers, 10880

analyst's feelings; countertransference love; purposeful self-disclosure; falling in love, 2109

attachment style; initial self-disclosure; group functioning and behavior; group counseling, 35473

child abuse; sexual abuse; social support; disclosure; physical abuse; violence; social network, 25820

child rape; sexual abuse; disclosure; mental health outcomes; National Women's Study; major depressive episode; PTSD; posttraumatic stress disorder, 13249

child sexual offenders; group treatment program; therapeutic engagement; child abuse; self-disclosure; disclosure management style, 32338

clients perceptions; self-disclosure; psychotherapy; therapeutic relationship, 29245

clinical writing; self-disclosure, 4498

cross-cultural investigation; self-disclosure; Latin Americans; North Americans; males; females, 10592

cyberspace; emotional expression; Pennebaker Disclosure Effect; email; writing treatment; moderator search, 35598

disclosure patterns; unsupportive social interactions; well-being; breast cancer patients, 16696

disclosure; relationship satisfaction; family relations, 28242

divorce; maternal disclosures; adolescent adjustment difficulties; sons; daughters; gender differences; sensitive discussion, 13340

emotional disclosure; trauma; resilient self concept; psychological distress; self perception, 1330

emotional disclosure; writing task; psychological functioning; physical functioning; children of alcoholics, 10984

emotional verbalization; health-related emotions; chronic pain patients; psychological adjustment; patient disclosure; interpersonal variables, 35187

ethical dilemmas; self-disclosure; student writing; professor-student relationship; ethical decision making; psychology students, 32976

Harun al-Rashid; terrorists; false identities; self-disclosure, 31987

HIV disclosure; patient defined family; caregivers; family support; emotional reactions, 26082

HIV infected women; health education; disclosure decisions; emotional disclosure; full disclosure; demographic differences, 22869

HIV people; secret disclosure; significant others; intention; emotional state, 26089

HIV-positive; psychoanalyst; disclosure, 32940

lesbian mothers; openness; child awareness; donor insemination, 7559

lesbians; gays; bisexuals; youths; ethnic differences; racial differences; coming-out process; sexual identity; sexual identity development; Blacks; Latinos; Whites, 31433

mid-adulthood; psychosocial issues; gay men; lesbians; self-destructive behaviors; heterosexism; normal adolescence; sexual orientation; Hispanics; African Americans, 28343

phototherapy; self-disclosure; client therapist alliance; Ethiopian immigrants, 32489

post-traumatic stress; emotional self-disclosure; post-trauma psychological state, 22592

privacy; trust; disclosure; electronic commerce; online information disclosure; commercial Web sites; social exchange theory; self-disclosure; online behavior; models, 33353

psychoanalytic literature; analytic neutrality; anonymity; abstinence; elective self-disclosure; analytic relationship, 20260

psychological outcomes; physical health outcomes; structured written disclosure; therapeutic benefits; emotional responding; physiological reactivity; traumatic stress; posttraumatic stress disorder, 16942

psychotherapeutic process; traumatic sexual abuse disclosure; psychotherapy patient; voluntary memory disclosure; incest; therapeutic relationship, 23149

same sex attractions; coming out; sex variations; disclosure; parents; offspring, 1122

self-acceptance; self-disclosure; sexual orientation; lesbian; gay; bisexual; adults; attachment perspective; parent-child attachment, 1148

sex addiction; disclosure to children; parents' perspectives; experiences; sex offending; implications for therapy, 10893

social reactions; child sexual abuse disclosures; victimization; adult survivors; sexual abuse reporting; well-being, 10954

social support sharing; interactional communication process; social companionship; open expression; mutual support; cyberspace; children, 22102

stigma effects; mental illness history; test performance; identity threat; intellectual performance, 25534

stigma; emotional problems; psychiatric disorders; disclosure; primary care patients, 7793

therapist; self-disclosure; Relational Therapy Approach; eating disorders; therapeutic relationship; relational movement; growth, 29302

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event; couples; affairs, 26268

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event, 26230

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event, 26266

written disclosure paradigm; physical health; beneficial effects; psychological benefits; writing about traumatic event, 26258

written disclosure paradigm; physical health; beneficial effects; psychosocial intervention, 26248

written emotional disclosure; chronic pelvic pain; women; individual difference moderators; stress management, 19876

written emotional disclosure; health outcomes; clinical populations; physical disorders; psychiatric disorders; expressive writing; treatment effect, 34762

Self Disclosure—Chapters

Employment and sexual orientation: Disclosure and discrimination in the workplace, 4280

Finding a sexual identity and community: Therapeutic implications and cultural assumptions in scientific models of coming out, 4299

Lesbian, gay, and bisexual youths' relationships with their parents, 4301

The social, linguistic and health consequences of emotional disclosure, 2365

Why tell if you're not asked? Self-disclosure, intergroup contact, and heterosexuals' attitudes toward lesbians and gay men, 4290

Written disclosure as a therapeutic tool, 5182

Self Efficacy—Serials

academic cognition; self-regulatory strategies; social cognition; academic self-efficacy; learning; bullying; victim; primary school children, 13145

acculturative stress; social self-efficacy; self-concealment; international college students; stress; depression; language fluency, 30053

achievement orientation; perception of parenting behaviors; adolescent achievement; self-efficacy; monitoring; autonomy granting; punitiveness; permissiveness, 28272

adolescent smokers; stage of change measures; tobacco smoking, 24161

affect; exercise self-efficacy; at-risk performers; high risk performers; older adults, 8685

age differences; motivational orientation; physical activity; social-cognitive theory; self-efficacy; outcome expectations; self-evaluated satisfaction, 21406

Alcohol and Other Drug Self-Efficacy Scale; substance abuse; drug abuse, 9396

anticipated treatment outcome; beliefs; short-term treatment; alcohol dependence; self-efficacy; substance abuse treatment; expectancies, 29780

anxiety; physiological activation; self-efficacy; treatment outcome; phobic stimuli; spider phobia; physiological arousal; coping behavior; distraction; perceived control, 19536

balance self-efficacy; BSE; balance risk factors; mobility risk factors; elderly fallers; postural sway; hip-abduction strength; lateral-stepping velocity; tandem walk; injurious falls, 4176

bullying; victim problems; machiavellianism; self-efficacy; Greek primary school children, 25769

cardiac rehabilitation; cross-lagged effects; self-efficacy; early treatment changes; diet; exercise habits; behavior change; outcomes, 32751

career counseling training; self-efficacy; vocational problems; career indecision; educational counseling; conceptualization; inservice training, 36277

career decision making self-efficacy; vocational exploration & commitment; emotional intelligence; sex differences, 2892

career motivation; career self efficacy; career success; mentoring relationships, 12262

catastrophic misinterpretation; bodily sensations; panic disorder; self-efficacy; panic severity; cognitions, 25700

children desire; Black women; HIV infection; self-esteem; self-efficacy; desire for children, 11189

chronic musculoskeletal pain; exercise attitudes; self-efficacy; physical activity; exercise beliefs; older adults, 8144

chronic obstructive pulmonary disease; behavioural strategy; disability; interdependence; self efficacy, 8123

cognitive model; binge drinking; alcohol expectancies; regular heavy drinkers; prevention strategies; problem drinkers; drinking styles; drinking refusal self-efficacy, 11010

collective action; intergroup relations; environmental activism; efficacy, 19110

collective efficacy; group performance; group goals; sports teams, 19108

collective efficacy; individual efficacy; collegiate athletes; self-efficacy; teams, 24044

collective efficacy; perceived motivational climate; self-efficacy; rowing; goal orientation, 20981

collective efficacy; team performance; college football players, 25278

collective efficacy; team performance; women's intercollegiate ice hockey, 36435

college students; cognitive ability test performance; self-efficacy; race; African Americans, 12461

commercial exercise video models; women; self-presentational efficacy; exercise task self-efficacy, 13134

concept mapping; academic achievement; self-regulation; self-efficacy; English as a second language; learning strategies, 26920

- confidence; nervousness; witness; self-efficacy; witness preparation training; cross examination; testimony; defendants, 21046
- contraceptive self-efficacy; adolescents boys; adolescents girls; contraceptive use, 16023
- coping behavior; physical activity; self efficacy; exercise; health promotion; students, 23427
- coping self-efficacy; cocaine; cocaine-dependent patients; abstinence; treatment outcome, 32813
- counselor training; state anxiety; trait anxiety; counseling self-efficacy; undergraduate psychology students; United Arab Emirates, 32896
- counterfactual thinking; self-efficacy; situational factors; dispositional factors; self-protection, 28516
- cross-cultural adjustment; learning orientation; self-efficacy; socialization; family adjustment; workforce management; business executives, 36345
- death fears; self-efficacy beliefs; instrumental efficacy; predictor variables; health variables; demographics; social support; spiritual self-efficacy; older adults; gender, 1033
- decisional balance; self-efficacy; dietary fat consumption; dietary fat reduction; physical exercise; weight management; dietary fat consumption; interventions, 17213
- development; reliability; validity; factor structure; Moorong Self-Efficacy Scale; spinal cord injury; daily activities, 158
- educational psychology; teacher self-efficacy; school efficacy; teaching; trends, 26869
- exercise behavior; older adults; behavior change; transtheoretical model; social cognitive theory; health status; self-efficacy; outcome expectations, 22127
- exercise psychology; self-concept; self-efficacy; motivation; moods; affects; sports psychology, 24058
- Expanded Skills Confidence Inventory; E-SCI; vocational interests; interests; educational aspirations; career & academic major preferences; self efficacy; test validity, 231
- family caregivers; cancer patients; caregiver strain; physical well-being; caregiver self-efficacy; negative mood; positive mood; end of life pain management; quality of life, 17372
- family caregivers; older adults; dementia; self-efficacy; aging; mental health, 14975
- gender differences; mastery; married parents; work relations; family relations; feelings of control; socioeconomic factors, 4395
- goal orientation; self-efficacy; exercisers; coping behavior; ego orientation, 31561
- group efficacy; collectivism; group performance; group dynamics; cross cultural differences; self efficacy, 10496
- group efficacy; leadership; group effectiveness; group performance; group productivity; group development; group dynamics, 4373
- group efficacy; self-efficacy perceptions, 19132
- health behavior; elementary school children; self-efficacy; coping strategies; stress experiences; health-promotion, 23447
- health behaviors; trait procrastination; behavioral intentions; self-efficacy; future consequences, 28509
- high-risk relapse situations; self-efficacy; alcoholics; heroin addicts, 25875
- information; self efficacy; adjustment; client engagement; job satisfaction; psychological well being; organizational change; government employees; stress, 9100
- intrinsic motivation; task performance; assigned goals; motivational sources; self-efficacy; incentives, 12715
- job satisfaction; self efficacy beliefs; collective efficacy beliefs; perceptions of other school constituencies' behavior; school well-functioning; junior high school teachers, 2713
- leadership efficacy; anxiety; self efficacy; collective efficacy; task effectiveness; group performance, 1184
- learned resourcefulness; coping responses; stress; self-efficacy expectations, 31550
- learning disabilities; employment self-efficacy; employment satisfaction; college graduates, 1710
- letter grade evaluations; student achievement goals; self-efficacy; learning; performance; achievement related outcomes, 5907
- mathematics self-concept; mathematics achievement; mathematics ability; Norwegian students; frames of reference; self-evaluation; self-efficacy, 26946
- measuring self-efficacy; enhancing self-efficacy; professional caregivers; dementia; Alzheimer's disease; caregiver stress; long-term care nurses, 12070
- medication adherence; adherence self-efficacy; antiretroviral therapy; age differences; cross cultural differences, 26505
- memory concerns; adult lifespan; aging; age differences, 33875
- memory self-efficacy; test construction; test reliability; test validity; psychometrics, 30380
- memory strategy; second grade students; self efficacy task; word organizing; categories; memory enhancement; trained students; performance level prediction; student predictions; qualitative data, 12118
- middle schoolers perceptions; self efficacy; academic behavior, 9020
- mindfulness stress reduction program; stress mindfulness; self-efficacy; optimism, 35587
- motivation; control construct; Theory of Planned Behavior; perceived behavioral control; measurement redundancy, 25281
- multicollinearity; structural equation models; achievement; self-efficacy; self-concept, 33614
- multicultural research; Experiences in Close Relationships Scale; Chinese translation; adult attachment; reliability; anxiety; avoidance; self-efficacy, 27296
- multiple intelligences; secondary school teachers; intrapersonal intelligence; visual-spatial intelligences; bodily kinesthetic; self-efficacy; musical; verbal-linguistic; interpersonal intelligence, 2714
- optimism; abstinence; self-efficacy; self-mastery; cognitive resources; recovering substance abusers; Oxford House model; twelve-step members, 17436
- optimism; realism; self-efficacy; cross-cultural comparisons, 25366
- outcome expectancy; self-efficacy; adolescent asthma; asthma self-management; asthma prevention; treatment adherence; asthma morbidity, 26076
- parent support; self-efficacy information; career planning; exploration; school counseling, 36233
- parent-child attachment; social self-efficacy; peer relationships; middle childhood; perceptions of victimization, 968
- parental job insecurity; self-efficacy; work attitudes; authoritarian parenting behaviors, 2917
- path models; instrumentality; expressiveness; social self-efficacy; shyness; depressive symptoms; college students, 28471
- patient empowerment; end-stage renal disease; self-care self-efficacy; depression; empowerment program, 23107
- pedometer; physical activity program; older adults; mobility-related self-efficacy; physical performance, 32582
- perceived emotional intelligence; self-efficacy; secondary school teachers; positive utilization; emotional appraisal; empathic sensitivity; positive regulation, 26876
- physical activity; decisional balance; stages of change; activity characteristics; self-efficacy; nutrition program; fitness program; demographics; potential participants, 7657
- physical exercise; bodily changes; exercise attitudes; self-efficacy; exercise motivation; well being, 34648
- planned behavior; breast self-examination; self efficacy; perceived control; intentions; past behavior; prediction, 31589
- posttraining transfer interventions; transfer enhancement; self-efficacy; transfer behavior; nurses; training needs, 35971
- practice variability; training transfer; self efficacy generality, 5998
- predictive model; exercise behavior; elderly; self-efficacy, 17251
- proxy efficacy; exercise self efficacy; cardiac rehabilitation; exercise intentions; rehabilitation program attendance, 11878
- psychological distress; adolescents; German unification; commitment; self efficacy beliefs; political system; social change, 34355
- psychological distress; self-efficacy; elderly; Chinese women; health locus of control; chronic physical illness, 13883
- psychological similarity; work-based relationships; self-efficacy beliefs; support; feedback; management development; corporate sector; not-for-profit sector, 36316
- psychosocial correlates; physical activity; psychosocial outcomes; self-efficacy; social support; perceived barriers; Latinos, 23450
- reading comprehension; self-regulated strategy; oral reading; struggling readers; reciprocal questioning; elementary school students, 23882
- relapse; alcohol dependence; self efficacy; treatment; heavy drinking, 8850
- research self-efficacy; research training; psychology graduate students; instrument factor structures, 9349
- resilience factors; clinical intervention; peer relations; self-efficacy; creativity; coherence; stressful background experiences, 23153
- responsibility; obsessive-compulsive behaviors; failure expectation, 19543

- social scientific measures; religiosity; spirituality; spiritual well-being; religious coping; identity; self-efficacy; social support; media usage; health communication, 28203
- social support; smoking cessation stage of change; decisional balance; process use; self efficacy adult smokers, 32810
- South African high school students; career decision-making; self-efficacy, 25296
- speech-language pathologists; training; confidence; Spanish-English bilingual children; urban areas; rural areas; diversity, 20671
- stress process; psychological health; self-efficacy expectations; coping strategies; cognitive structures, 34682
- student motivation; self-efficacy; self-worth; failure avoidance; learned helplessness; academic motivation, 33138
- success influences; failure influences; self-efficacy; personal goals, 22368
- task specific occupational self-efficacy scale; social cognitive career theory; high school students; vocational choice; reliability; validity, 17781

Volume 91 SUBJECT INDEX

Self Efficacy—Serials

teacher efficacy; goal consensus; organizational coupling; individual efficacy; collective efficacy, 36089
teachers; middle school students; academic self-efficacy; academic achievement motivation; teacher attitudes, 17707
teaching strategies; teaching practices; teacher preparation course; classroom practice; self-efficacy; self-reflection; occupational stress; gender differences; self control, 14583
team efficacy; coaching efficacy; player efficacy; high school students; volleyball, 6090
technical information; information inquiry behavior; organizations; learning orientation; risk-taking propensity; self-efficacy, 14794
test validity; measurement; computer self-efficacy; computer anxiety; Internet test version; paper-and-pencil test version; test development; sampling, 9378
thinking styles; vocational purpose; self-rated abilities, 25307
transfer intentions; transfer climate; positive affectivity; negative affectivity; personnel training; self efficacy; motivation, 36290
translational model; stage of change; self efficacy; decisional balance; smoking cessation; exercise adoption; dietary fat reduction; low income; gender differences, 11730
traumatic stress; social support; self efficacy; depressive symptoms; protective factors; training period; fire service; new recruits; experienced firefighters, 6029
uremic patients; blood urea nitrogen; serum potassium; serum phosphorus; interdialytic weight gain; health-related behavior; self efficacy; hemodialysis; stress coping, 8164
work rehabilitation; work readiness; reemployment; psychosocial factors; personal causation; self-efficacy; environmental factors; work attitudes; Worker Role Interview; Iceland, 17448
worry; health effects; smoking behavior change; smoking cessation; self efficacy; disengagement; motivation, 2268

Self Efficacy—Chapters

Self-efficacy beliefs on the architecture of personality: On knowledge, appraisal, and self-regulation, 13503

Self Employment—Serials

bridge employment; early retirement; self-employment; certainty of retirement; organizational tenure; career-related pull factors; private sector retirees, 2894
business tensions; farm couples; profit; family business; priorities; family; wives; husbands, 30179
microenterprises; microenterprise assistance programs; low-income women; labor market; household income; poverty status; self-employed women, 29698
retirement expectations; older adults; self employment; normative anticipation theory; cumulative advantage theory, 18992

Self Esteem—Serials

acceptance; need for approval; self esteem; relationship satisfaction; close friendships; romantic relationships, 4396
adolescent perceptions; substance abuse; parental support; family system; demographic characteristics; family hardness; family coherence; gender differences, 19664
adolescent self-esteem; girls; psychological well-being; educational status; occupational status; socioeconomic achievement; gender inequality; income attainment, 34347
African American students; gifted students; self concept; self esteem; racial identity; students' achievement, 9046
African American women; self-esteem; support networks; achievement outcomes; racial esteem, 31591
African Americans; high school students; Blacks; religiosity; media exposure; racial self esteem; self concept; stereotypes, 13260
age differences; sex differences; self esteem, 13230
anorexia nervosa; restrained eaters; depression; shape & weight concerns; self esteem, 22778
anxiety; denial; self positivity bias; self-esteem; base-rate information; controllable events; optimism; pessimism; consumer purchases; risk perception, 9187
athletes; attributions; team performances; male athletes; female athletes; college athletes; self esteem; internality; externality; gender differences, 24045
attachment models; self-esteem; humanity-esteem; parental treatment; early childhood experiences, 31231
attachment relationships; health behavior; self esteem; attachment style, 28476
attachment style; subjective motivations; sexual motivation; emotional closeness; self-esteem enhancement; stress reduction; partner manipulation; power exertion; physical pleasure; procreation, 31423
attitude change; self-esteem; cognitive dissonance; self attributes; self-affirmation, 7625
attributions; self enhancement; self defense; self esteem, 34720
Big Five personality factors; self-esteem; meaningful existence; logotherapy, 31606

bipolar disorder; social adjustment; self-esteem, 22482
body dissatisfaction; perfectionism; self esteem; bulimic pathology development; etiologic models, 26004
body fat; leanness; bench press performance; strength; body image; athletic competence; self-esteem; psychological esteem; high school football players, 998
body image; associated psychological traits; self esteem; muscularity; depression; eating disorder symptoms; body dissatisfaction, 28498
body image; self-esteem scores; eating disorder; dieting; beauty pageant contestants; pageant participation; competition; surveys, 4810
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7458
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7455
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7457
body mass index; self-esteem; suicide risk; clinical depression; African American females; White American females, 1438
borderline personality features; negative affect; self esteem; interpersonal stressors; stress reactivity; stability, 34933
child adjustment; single-parent families; child competence; self-esteem; parent separation; two-parent children; Australian children, 22090
child maltreatment; mother child relationship quality; maladjustment; self esteem; social competence; school aged children; low income families, 25824
children desire; Black women; HIV infection; self-esteem; self-efficacy; desire for children, 11189
cognition; emotions; self-esteem; research, 27430
cognitive style; bipolar disorder; self esteem; dysfunctional attitudes; personality style; unipolar disorder, 1445
collective mortality; personal mortality; individualism; self-esteem; terror management theory; cultural world view; Australia; Japan, 25361
collective self-esteem; social self-discrepancy; self standpoints; other standpoints, 19106
college students; drinking games; alcohol consumption; self-esteem; personality; test reliability; test validity; psychometrics, 34583
compulsive buying behavior; perceived social status; materialism; self-esteem; apparel-product involvement, 30268
Contingencies of Self-Worth Scale; college students; theory; self-esteem; academics; appearance; approval; competition; family support; God's love; virtue; factor analysis; structure; reliability, 83
contingent self-esteem; social comparisons; appearance-related comparisons; magazine advertisements; event-contingent diary; mediation model; positive affect; negative affect, 19145
cultural experiences; motivational effects; academic effects; indigenous minority students; self-esteem; locus of control, 14628
culture; obesity stereotypes; self-esteem; social identity; overweight; body esteem; global self-esteem; thin ideal beliefs; personality; social interaction, 28479
delusions; explanation of experiences; alternative explanations; realistic explanations; symptom measures; reasoning; self esteem, 31694
depressive symptoms; social support; cancer patients; self-esteem; Netherlands, 1819
deviant peer associations; self esteem; problem behavior; early adolescence, 22620
diathesis-stress; theory of depression; early adolescents; self-esteem; dysfunctional attitudes; depressive reactions; depressive symptoms; social support; negative events; cognitive theory, 1404
drinking motives; college students; contingent self-esteem; mediator; self-determination perspective; controlled orientation, 31450
Eastern Europe; weight satisfaction; teenagers; self-esteem, 13252
educational attainment; psychological mediators; health resources; social support; self-esteem, 11726
emotional infidelity; sexual infidelity; terror management theory; romantic relationships; mortality salience; gender-differentiated jealousy, 4450
emotional stability; core self-evaluations; self-efficacy; personality traits; job outcomes; Core Self-Evaluations Scale; scale development; scale validation; locus of control, 33514
esteem maintenance among groups; group performance cognitions; self esteem; perceived positive and negative outcomes; internal factors; external factors; rationalization; confidence in performance, 31529
ethnic discrimination; psychological distress; ethnic minority young people; self-esteem; gender differences; coping; stress; well-being, 28455

ethnic identity; perceived discrimination; self-esteem; Mexican American adolescents; mental well-being; coping; prejudice; minority youth; middle school students, 13161
ethnic identity; self-esteem; ethnocentrism; social identity theory; multicultural theory of development; Whites; African Americans; Hispanics; college students, 1169
ethnic identity; self-esteem; social context; Mexicans, 18983
explicit self-esteem; implicit self-esteem; malleability, 28467
exposure to the thin-ideal media image; women; affect; self-esteem; body satisfaction; eating disorder symptoms; level of internalization of the thin-ideal, 28949
extraversion; self-esteem; social support; positive affect; negative affect; optimism; direct effects model; mediating model, 10618
familial emotional support; emotional well-being; Mexican American adolescents; juvenile justice system; delinquency; self-esteem, 11039
gender; ethnicity; self-esteem; disordered eating; college athletes, 31575
global self-esteem; body image satisfaction; eating attitudes; eating behavior; life-skills promotion program; program evaluation, 26536
global self-esteem; physical self-concept; body size; primary school children, 28114
group therapist; group therapy literature; clinical utility; group process; shame; efficacy; self-esteem; leadership; emotions; narcissism; attention, 11440
high self-esteem; low self-esteem; attentional bias; bias reduction training; rejection information; inhibition, 34661
high self-esteem; uncertainty; threats; compensatory conviction; self-definition; self-concept; personal dilemmas; social issues; defensive zeal; repression, 1263
implicit self-esteem; classical conditioning; computer game; self-relevant information; smiling faces, 25317
implicit self-esteem; defensiveness; narcissism; explicit self-esteem; high self-esteem; defensive behavior; secure; dissonance reduction; in-group bias, 1254
implicit self-esteem; explicit self-esteem; health; positive life events, 11614
implicit self-esteem; subliminal evaluative conditioning; self-esteem enhancement, 10575
individualism; collectivism; self esteem; life satisfaction; feelings of mastery; Turkish university students; Turkish academicians; cross cultural differences; cultural experience, 16302
internal occupation status; foodservice employees; personnel feelings; self-esteem; Air Force foodservice training; Air Force Personnel, 12247
interpersonal monitor; social psychology; history; research; sociometer hypothesis; self-esteem, 10459
interpersonal problems; group treatment; personality disorder; group outcome; community mental health center, 8454
interpersonal relationships; relationship quality; prediction of life satisfaction; emotional expressiveness; Chinese groups; Asian Americans; Euro Americans; Korean groups; culture, 4217
interrogative suggestibility; interviewee self-esteem; interviewer style, 1234
low self-esteem; mindfulness; negative bias; information processing; clinical depression; negative thinking; mood; metacognitive awareness; cognitive therapy, 34825
magic works; motivating activities; confidence; kid's self-esteem; disabled children, 12193
marital status; demographic variables; physical attractiveness; self-esteem; human sex differences; social comparison; age differences; marital status; mate values, 10570
memory bias; pre-exam anxiety; recall; self esteem, 412
mentoring; school-to-work transition; urban youth; adult-youth mentoring programs; self-esteem; satisfaction, 2895
narcissism; aggression; internalization; exploitativeness; exhibitionism; self esteem, 25075
neurocognitive deficits; vocational attainment; silent learning disorders; low self-esteem; normal aging; female personality development; workplace problems; parenting problems; anxiety; depression, 1707
obese adolescents; body image; self esteem; worries; weight loss camp, 17265
ostracism; computers; self-esteem; belonging; internet ostracism; social exclusion, 28441
parent-adolescent communication; familial characteristics; dysfunctional parenting; self-esteem; aggression; parenting; street corner gang youths, 1592
parental rearing style; self-esteem; self-criticism; happiness; maternal care; child rearing; behavioural freedom; psychological autonomy, 25164
parents-adolescent communication; self-esteem; substance use; parent-adolescent conflict; demand withdraw communication, 19051

- perceived stress; internal resources; social support; mental health; young adults; quality of life; self-esteem, 28442
- perfectionists; self-esteem; grade point average satisfaction; depression, 16015
- personal self-esteem; moderating role; perceived sexist event experiences; psychological distress; young adult women, 10606
- personality correlates; five-factor model; life satisfaction; discriminant validity; adolescents, 31200
- personality inventory; Egocentricity Index; Rorschach; pair & reflection; self-esteem; interpersonal perception, 12464
- personality traits; adjustment; life transitions; community relocation; women; depressive symptoms; self-esteem; neuroticism; openness to experience; extraversion; stress reactions; sense of mastery, 1259
- pessimism; sexism perceptions; prejudice; cognitive appraisal process; emotional vulnerability; emotional consequences; emotional adjustment; emotional responses, 10539
- physical self-perception; physical self-perception profile-children's version; model generalizability; cultural differences; self-esteem; physical self-worth, 94
- piano instruction; academic achievement; music instruction; cognitive abilities; school performance; fourth-grade children; self-esteem; music marks; motor proficiency; musical abilities, 23874
- prayer expectancies; self-esteem; racial differences, 31310
- predictors; self-esteem variability; symptoms; depression; defectiveness; negative generalization; adverse events; college students, 28469
- prejudice; perspective taking; self evaluation; self-esteem; outgroup evaluation, 22306
- President Clinton; perjury; need for prosecution; adult attitudes; preference for consistency; self-esteem; political party affiliation; self theory, 7693
- psychological health; narcissism; self-esteem; sadness; depression; loneliness; well-being; couple well-being; anxiety; neuroticism, 34713
- psychological intervention; pediatric cancer patients; emotional problems; peer interaction; self-esteem; posttraumatic stress symptoms; anxiety symptoms, 35596
- psychological well-being; life review interview; mood; self-esteem; mental health, 7666
- rape myth acceptance; rape salience; self-esteem; women; expecting to meet, 19585
- recovery; treatment; clinicians; self-esteem; dreams; pride; choice; dignity, 8847
- reference groups; political advertising; first-person effects; third-person effects; out-group candidate; in-group candidate; social distance; self-enhancement, 18885
- religiosity; maladaptive adjustment outcomes; sexual activity; self-esteem; general psychological functioning; urban context; African-American female adolescents, 955
- risk behaviors; family; self-esteem; school; suicidality; suicidal ideation; substance abuse; South African adolescents; global self-worth; sports; peers; athletics; body image, 31266
- role models; self-esteem; college students; men; women, 25393
- Rosenberg Self-Esteem Scale; self-image; item wording; dimensionality; college students; test versions; validity, 91
- same-sex sexual harassment; self-esteem; gender differences; assertiveness; seeking legal counsel; confronting harasser, 25215
- scuba diving; risk taking; Terror Management Theory; death reminders; self-esteem; mortality salience; self-efficacy, 27133
- self-efficacy; self-esteem; affective states; task performance; motivation; self-evaluations, 23970
- Self Esteem Rating Scale; equivalence of validity & reliability, 33530
- self-esteem; academic achievement; educational psychology; educational practices, 36155
- self-esteem; apparel satisfaction; appropriate clothing; post-mastectomy women; product attributes; support groups; mastectomy survivors; special needs; shopping; apparel items, 9174
- self-esteem; dyslexia; secondary schools students; psychology services; group participation, 36207
- self-esteem; hypnosis; ego enhancement; psychological theories; self-concept; emotional well-being; psychiatric theories, 31605
- self-esteem; implicit attitudes; Implicit Association Test, 6272
- self-esteem; middle school; race; social class; socioeconomic status, 31250
- Self Perception Profile for Children; psychometrics; self-esteem; factor structure; test reliability; internal consistency; test-retest stability; test validity; Dutch school children, 6264

Self Esteem—Books

Managing low self-esteem, 5208

Self Esteem—Chapters

Developing a healthy identity, 16318

The sociometer, self-esteem, and the regulation of interpersonal behavior, 13443

Strategies to modify low self-esteem in adolescents, 17002

Self Evaluation—Serials

aging; memory control beliefs; goal setting; memory self-evaluation; memory performance, 33883

articulation; person-centered therapy; training; potentiality model; universities; professional associations; personal development; self-assessment; licensing, 17

attributional veridicality; evaluative beliefs; depression; failure attributions; depressogenic attributions, 1419

Black women; Asian women; White women; social comparison processes; self-evaluations, 22305

children's appraisal; stressful events; major life events; appraisal dimensions; developmental psychopathology, 10241

class participation; self-evaluation; student contributions; reading assignments, 33149

closeness; partner success; positive self-regard; social comparisons; romantic relationships; intimate relationships; self-affirmational resource; imagined comparisons; relationship-related strengths, 28422

cognitive interference; intrusive thoughts; information search behavior; Internet use; information processing load; self-evaluative thoughts, 10094

computer assisted learning; training schemes; self-assessment; group skills; group activity; collaboration, 31262

emotional reactions; social feedback; self-appraisals; judgment, 34690

emotional stability; core self-evaluations; self-efficacy; personality traits; job outcomes; Core Self-Evaluations Scale; scale development; scale validation; locus of control, 33514

environmental factors; undue influence; gender differences; weight; self-evaluation; genetic factors; twins, 19820

environmental factors; undue influence; gender differences; weight; self-evaluation; genetic factors; twins, 19822

external social structure; internal self-processes; social structure status; self-verification; multiple identities; positive self-feelings; self-esteem; mastery; worker; academic; friend, 31544

family systems perspective; family functioning; clinical assessment tool; social relations model; single family assessment; family assessment instrument; self-report; round-robin data, 24236

feedback seeking; self evaluation; perceived control, 7628

Self Evaluation—Serials

general & work specific self-evaluations; work-related control beliefs; job attitudes; individual differences; job satisfaction; organizational commitment; job involvement; healthcare employees, 27074

group status; contextual status; group-based self evaluation; group identification; group members, 31472

implicit self-esteem; subliminal evaluative conditioning; self-esteem enhancement, 10575

intelligence quotient; self assessment; self-estimates; intelligence; Black South Africans; White South Africans; Nigerians; cross cultural differences; gender differences, 28465

intraindividual variability; self-descriptions; trait dimensions of self-concept; gender; age-related patterns; affective experience; adult life span; gender, 967

Levels of Self-Criticism Scale; internalized self criticism; comparative self criticism; self evaluation; neuroticism; personality; attachment; test reliability; item analysis, 9405

mathematics self-concept; mathematics achievement; mathematics ability; Norwegian students; frames of reference; self-evaluation; self-efficacy, 26946

measurement conditions; self-assessment validity; employee selection; competency rating; social comparison instructions, 33601

osteoarthritis patients; medical decision making; self assessment; hip replacement; pain; surgeons, 8612

perceived parenting; adolescent future orientation; self-evaluation; cognitive representation; autonomous-accepting parenting, 31390

Perfectionism Inventory; psychometrics; self evaluation; test development, 12463

personal & social comparison information; emotional impact; cognitive impact; health risk; personal risk, 25344

personality functioning; personality structures; psychological systems; knowledge-and-appraisal personality architecture; social-cognitive constructs; cross-situational coherence; self appraisal, 10627

prejudice; perspective taking; self evaluation; self-esteem; outgroup evaluation, 22306

psychopathological perfectionism; cognitive-behavioral definition; anorexia; bulimia nervosa; self evaluation, 1375

psychopathological perfectionism; cognitive-behavioral definition; anorexia; bulimia nervosa; self evaluation, 1392

self appraisal; impromptu speech performance; symptom severity; post-event rumination; social phobia; cognitive behavioral therapy, 14081

self confrontation method; valuation theory; affect scales; factorial structure; unidimensionality; life experiences; personal narratives, 8423

self criticism; self evaluation; self-regard; social comparison; Asian cultures; implicit associations; cross cultural differences, 7634

self efficacy; self esteem; affective states; task performance; motivation; self-evaluations, 23970

self enhancement; actions; good intentions; desirable trait; self-assessment; actors; observers; assigned weight, 13434

self rated schizotypal traits; military training; schizotypal dimensions, 28745

self-affirmation; persuasion; argument strength; attitudes, 25332

self-assessed cognitive dysfunction; objective performance; outpatients; schizophrenia; rehabilitation program; neuropsychological performance, 25666

self-assessed health; survival probability; income inequality; mortality risk; health inequality; socioeconomic factors, 11617

self-assessed hearing loss; spouse; hearing loss, 26187

self-awareness; constructive functioning; human dilemma; depression; self-esteem; attention, 34715

self-awareness; self-evaluation; creativity; defensiveness, 31603

self-construal activation; social comparisons; self-assessments; self-knowledge, 28421

self-correction; spelling words; learning disabilities; attention deficit-hyperactivity disorder; spelling instruction, 28891

self-evaluation; competence; adult athletes; skill level; personal importance, 9153

self-evaluation; directed forgetting; encoding strategy change; memory performance; recall, 21390

self-evaluation; quality of self-ratings; academic performance; attention deficit hyperactivity disorder, 30070

self-evaluation; self-perception; student learning; person-centered counseling training; higher education; experiences, 2617

self-evaluations; psychological mechanism; psychological processes; idiosyncratic traits; self-serving bias; above average effect; personality traits, 17735

self-rated health status; health status; health-related behaviors; physical activity; general health; morbidity; mortality; self concept; health practices, 5475

self-serving judgments; lottery winning; buying behavior; myths; stereotypes; lottery winners, 28425

senior executives; self-ratings; other-ratings; self-awareness, 9087

social comparison; body esteem; self satisfaction; physical attractiveness; self evaluation; advertisements; idealized images; African American vs Caucasian models; African Americans, 7632

social comparison; middle school students; student perceptions; ability; math; academic motivation; self-evaluation maintenance model; self concept; social relationships, 5914

social comparison; romantic jealousy; self-evaluation, 25252

social comparison; self determination; individual differences, 4462

social comparison; self-evaluation; self other comparisons; body weight satisfaction, 16280

social comparison; self-evaluation; self-presentation; bragging-avoiding effect, 28424

social comparison; social comparison standards; self evaluation, 34637

social comparison; social judgments; egocentrism; prediction; quiz difficulty; betting on self versus other; focusing on opponent vs self, 7642

social comparisons; negative self-feelings; stress adaptation; models test, 18980

thinking styles; vocational purpose; self-rated abilities, 25307

value of voice; personality; individual differences; Big Five personality model; core self evaluations; procedural fairness, 4442

Self Examination (Medical)—Serials

breast cancer; health behaviours; preventive health; health promotion; breast self-examination; BSE; lesbian healthcare behaviour; health risk factors, 5483

breast cancer; Latino women; breast self examination; health intervention project; cancer risk reduction program; dietary practices, 11705

clinical breast examination; cancer screening practices; women; preventive services; health care; satisfaction; patient behavior; pap smear; rural residence; ethnicity; rural region, 8660

danger control; fear control; fear appeals; need for cognition; maladaptive responses; adaptive responses; self-examination; adaptive coping; breast cancer, 23464

mental illness; do it yourself testing; ethical issues; psychological disorders, 21141

planned behavior; breast self-examination; self efficacy; perceived control; intentions; past behavior; prediction, 31589

youth-targeted television broadcast; testicular cancer; testicular self-examination; college students; mass-mediated information; intention; knowledge; awareness; attitudes, 32606

Self Fulfilling Prophecies—Serials

self-fulfilling prophecy; parent perceptions; child perceptions; self report; intrafamily dynamic; videotaped interactions; hostility; warmth, 34489

Self Handicapping Strategy—Serials

academic self-handicapping; academic achievement; cultural differences; classroom performance; goals; classroom goal structures, 23894

failure avoidance behaviours; performance; impostor fears; procrastination; defensive pessimism; personality traits; parenting; family environment; teacher role, 34718

gender differences; self-handicapping tendencies; school attending adolescents; self-esteem; performance attributions; coping strategies, 28520

noncontingent success; noncontingent failure; high self-handicappers; low self-handicappers; undergraduate students; performance feedback; external attributions, 26952

self presentation; self-handicapping strategy; structured exercise; unstructured exercise; Self-Handicapping Exercise Questionnaire; SHEQ; test development, 64

self-handicapping; avoidance goals; physical education; achievement goals, 30246

Self Help Techniques [See Also Self Management]—Serials

bulimia nervosa; cognitive behavioral group therapy; self help; eating disorders, 23086

bulimia nervosa; self help intervention; cognitive-behavioral therapy; eating disorder; CD-ROM, 23087

cognitive therapy; self-help booklet; repeated assessments; early intervention; posttraumatic stress disorder, 1915

computer-aided treatment; self-help; cognitive behavior therapy; anxiety disorders; depressive disorders; self-help clinics, 14065

diva syndrome; artist; community character; point of impact; self-help; enactment; avoidant personality disorder; narcissistic personality disorder, 26462

Self Inflicted Wounds—Serials

expert consensus statement; self-help organizations; policy-makers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20644

expert consensus statement; self-help organizations; policy-makers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20639

expert consensus statement; self-help organizations; policy-makers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20632

fatal beating; Ricky Whistnant; intellectual disabilities; self-advocacy organization; attitudes toward disabled, 28565

Internet-based self-help; tinnitus; treatment process; cognitive behavioral therapy; self-help, 14082

Internet-based treatment; telephone contact; recurrent headache; cognitive behavior; self-help; dropout rates, 14083

logotherapy; self-help; spiritual dimension; clinical practice; wisdom, 32257

primary care; mental health; self-help clinic; mental health management; patient coping, 29659

proactive telephone counseling; teen smokers; smoking cessation; self-help materials, 29795

problem drinker characteristics; problem drinker motives; moderation management self-help groups; cognitive-behavioral conceptualization, 20645

professional support; self-help groups; chronic fatigue syndrome, 2265

psychoeducation; self help; panic attacks; prognostic scale; assistance needs, 23165

psychological distress; major depression; coping behavior; self help strategies; professional help; disorder severity, 19381

self help groups; substance abuse; psychiatric comorbidity; religious orientation; gender; age; history; effectiveness, 2506

self help; assessment; research and development; higher education, 33025

self help; psychology books; relevant information; correlations, 14323

self-help group participation; culturally diverse urban areas; media; leveraging referent power; chronic health problems; health benefits; Media and Education for Self-Help Project, 29427

self-help groups; social workers; group development; leadership, 11595

self-help intervention; condom use; young women; HIV risk; sexually transmitted disease, 8690

self-help psychology; self-help books; reader concordance, 25266

self-help treatment; weight loss; body weight; cognitive behavior therapy; obesity, 23168

St John's wort; hypericum perforatum L.; depression self-help organization; Hospital Anxiety and Depression scale; anxiety symptoms, 23268

substance abusers; clinical approaches; self-help; treatment engagement; drug abuse; drug rehabilitation, 23623

task force; self help therapy; self administered treatment problems, 11591

task forces; self-help therapies; historical perspective, 11594

therapist assisted self healing; inclusion; participation; persons with disabilities, 35375

women and depression project; feminist action research; guided self-help groups; Finnish women movement, 34835

Self Help Techniques [See Also Self Management]—Books

The helping relationship: Process and skills (8th ed.), 10623

Soothe your nerves: The Black woman's guide to understanding and overcoming anxiety, panic, and fear, 1955

Self Help Techniques [See Also Self Management]—Chapters

Self-help research: Issues of power sharing, 18240

Self Hypnosis [See Autohypnosis]

Self Image [See Self Concept]

Self Inflicted Wounds—Serials

automatic reinforcement; functional analysis; protective equipment; self injurious behavior, 19761

deliberate self-harm; African context, 28821

deliberate self-harm; self-poisoners; self-cutters; adolescents; motives; premeditation; overdose; gender differences, 10943

deliberate self-harm; sociocultural factors; etiological factors; risk factors; ethnic differences; at risk population; drug overdose; gender differences, 10878

male prisoners; Young Offenders' Institution; other suicidal behavior; exposure; self-harming behavior, 10913

school counselor; self-injurious behaviors; adolescent students; counselor role; referral; education; advocacy; prevention, 36239

second-degree burns; self inflicted burns; crushed garlic; work exemption; garlic induced burns; factitious dermatitis, 16611

self-injurious behavior; serum prolactin responses; cortisol responses; rhesus monkeys; D,L-fenfluramine; self-wounding, 7268

self-injurious behaviors; assessment; diagnosis, 4720

self-wounding; self-directed biting; cortisol response; monkeys; hypothalamic-pituitary-adrenocortical activity; dexamethasone, 15815

social deprivation; deliberate self-harm; prevention; prevention programs; illicit substances; long-term sickness; suicidal behavior, 13687

suicidal behavior; suicide risk; self-injury risk; injury hospitalization, 1569

Self Injurious Behavior [See Self Destructive Behavior]

Self Instruction [See Individualized Instruction]

Self Instructional Training—Serials

unilateral spatial neglect; self-instructional training; tactile stimulation of affected hand; therapy; stroke, 2492

Self Management [See Also Self Instructional Training]—Serials

academic performance; disruptive behaviors; attention-deficit/hyperactivity disorder; general education classroom; self-management techniques; sixth-grade students, 2044

arthritis self-management; Hong Kong; Arthritis Self-Management Program; residential care; aged people, 26694

asthma management; perceived exposure to environmental tobacco smoke; patient education; patient self management; asthmatic children & their parents, 29039

borderline personality symptomatology; diabetes management; pilot study, 20457

decision making; prescription-to-OTC switches; health care costs; self-management; drugs; safety; consumer interest, 8367

disease management; Latinos; schizophrenia; skills training program effectiveness; patients' relatives; management skills; customary outpatient care; culturally adapted care, 1932

elementary school students; peer harassment; self-regulative perspective; help seeking, 17733

energy conservation course; progressive multiple sclerosis; fatigue impact; occupational therapy; moderate disability; severe disability, 16839

extraversion; neuroticism; profiles; self-regulation; individual differences, 10607

lifestyle magazines; sexuality management; sexual relations; management discourse; social theory; postmodernization of sexuality, 28364

mathematics homework completion; emotional and behavioral disorders; self management; parent participation; school failure; academic behavior; social behavior; homework completion program, 20872

medication regimen; medication management; older adults; self-medication program; cognition; management capacity, 23099

migraine; tension type headache; visual imagery; behavioral self management therapies, 23353

money management behavior; college students; social psychological variables; financial debt, 16020

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14378

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14384

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14366

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14379

organization; leadership; participatory community; community mobilization process; self management process, 31509

outcome expectancy; self-efficacy; adolescent asthma; asthma self-management; asthma prevention; treatment adherence; asthma morbidity, 26076

patient education; behavior modification; inhalation technique; chronic obstructive pulmonary disease; disease management; self control, 35713

patient perspectives; diabetes; health care education; diabetes; exercise training; relaxation training; diabetes self-management, 14244

professional practice; savvy learner; self managed learning; consciousness; managerial learning; self directed learning, 36248

psychological well-being; diabetes mellitus; glycemic control; self-management; depression; anxiety; quality of life; adjustment; education, 8383

psychometric characteristics; self-control skills; assessment; self-management; self-reinforcement; self-regulation, 30418

roles; self-efficacy; abnormal illness behavior; osteoarthritis; self management; health status, 26059

self management; asthmatic patients; educational program; illness adaptation; treatment response, 8615

self regulated reading; self regulated writing; home; school; first graders; school literacy contexts; home literacy contexts; children attitudes; teaching methods, 17710

self talk; academic engagement; academic responding; correspondence training; academic performance; self management prompt; emotional disorders; behavioral disorders, 11410

self-determination theory; glycemic control; diabetes self-management; health behavior change; health attitudes, 11629

self-management education; patient education; self-management support; intervention; chronic conditions; health care costs; health status, 16884

self-management intervention; illness uncertainty; psychological distress; radiotherapy; control; cancer, 20552

self-management program; hospital services; heart disease; health care costs; hospital cost savings; older women, 16726

self-management; illness beliefs; chronic obstructive pulmonary disease; psychopathology, 19851

self-management; leprosy identities; social consequences; social reintegration; leprosy organizations, 29030

self-presentations; happiness; sincerity; politeness; caution; social relationships; social desirability; social relationships; male-female interactions, 25280

social behavior; youth; mild mental retardation; self management; video feedback; graphic feedback; behavior problems; staff responses; training, 11412

Transcendental Meditation program; maximum security prisoners; offender rehabilitation; self-development; psychopathology; crime prevention, 8891

Transcendental Meditation program; maximum security prisoners; self-development; psychopathology; counseling; drug rehabilitation; Muslims; Christians, 8889

Transcendental Meditation program; maximum security prisoners; self-development; psychopathology; counseling; drug rehabilitation; Muslims; Christians; recidivism, 8890

Willpower in a cognitive-affective processing system: The dynamics of delay of gratification, 13508

Self Managing Work Teams—Serials

self-managing work teams; natural work groups; group cohesion; group performance; business organization; job involvement, 4343

Self Medication—Serials

cigarette smoking; psychopathology; self-medication model; personality traits; antisocial personality; orbitofrontal; executive function, 10979

dietary supplement; use; medical conditions; adults; vitamin; mineral supplements; chronic disease; risk factors; medical conditions; health professionals; self medication behavior, 5503

gamma aminobutyric acid; drug dependence; gamma hydroxybutyrate; social phobia; self medication; drug dependency, 25745

oral self-administration; rhesus monkeys; non-drug reinforcer; suppressive effects; saccharin; phenylclidine; sex differences, 3884

poisoning; older adults; drug reactions; ingestions; suicide; drug metabolism, 29448

transdermal fentanyl hydrochloride; patient-controlled analgesia; postoperative pain management; major surgery, 23409

Self Monitoring—Serials

disruptive behavior; self-monitoring; conduct problems; classroom behavior; behavior problems; adult feedback, 23176

hallucinations; delusions; schizophrenia; external speech misattribution; externalising bias; cognitive self-monitoring, 28679

medial prefrontal cortex; activation; emotional states; brain tissue oxygenation; oxygenated hemoglobin & reduced hemoglobin; self monitoring requirements, 9841

procedural knowledge; video presentation; videotape feedback; self-observation; problem solving; tower of Hanoi problem; children, 907

public opinion; survey research; methodology; self-monitoring; personality characteristics; political topics, 28450

schizophrenia; self monitoring ability; neurocognitive impairment; cognitive performance; psychopathological correlates, 34876

self attention; depression; cultural differences; depressive symptoms; acculturation influence; immigrants; Asians, 1415

self-directed work teams; transition time; self-monitoring; managers; influence tactics; organizations, 14755

self-monitoring; intervention; stroke count; swimming skill; coaching strategy; behavior change; skill development; college athletes, 14810

Self Monitoring—Books

Handbook of self-regulation: Research, theory, and applications, 13501

Self Monitoring—Chapters

Self-regulatory failure and addiction, 13763

To buy or not to buy? Self-control and self-regulatory failure in purchase behavior, 13724

Treatment of academic skills problems, 16993

Self Monitoring (Personality)—Serials

high self-monitors; leaders; small groups; low self-monitors; leader behavior, 7610

new acquaintances; desired impressions; self-presentational concerns; friends; information regulation; impression management, 31542

partners; third person; interview; self-presentational styles; spouses, 19163

self-monitoring; motives; interpersonal interaction; conscious awareness, 7671

Self Mutation—Serials

cognitive impairment; leish-nihan disease; genetic disorder; choreoathetosis; hyperuricemia; self-mutilation; self-injury, 4885

coping strategies; self mutilation; problem solving; stress, 7974

deliberate self-harm; African context, 28821

deliberate self-harm; sociocultural factors; etiological factors; risk factors; ethnic differences; at risk population; drug overdose; gender differences, 10878

inpatient dialectical behavioral therapy; borderline personality disorder; inpatient treatment program; psychopathology; self mutilation; clinical outcomes, 23174

negative affective states; affective function; physical pain; tattoos; self harm behavior, 1557

self mutilation; adolescents; eating disorders; suicide attempts; young adults; drug abuse; dependency, 10643

self-injurious behaviors; assessment; diagnosis, 4720

smoking; suicidality; psychiatric patients; psychiatric hospitalization; self mutilation; gender differences; risk factors, 28832

student counseling; self mutilation; legal challenges; ethical challenges; gender differences; profile; risk assessments, 28812

young adults; adolescent self-mutilation; treatment approaches; affected teens, 22617

Self Observation [See Self Monitoring]

Self Perception—Serials

action perception; off-line authorship; timing; action events; off-line perception; anticipation; self-other discrimination, 6477

attention-deficit hyperactivity disorder; ADHD; self-perception; Frame Model of Preadolescent Frame Model of Preadolescent, 16531

attention-deficit/hyperactivity disorder; ADHD; postmodern illness; behavioral disorder; children; adolescents; perceptions; meanings; experiences, 16533

attention-deficit/hyperactivity disorder; objectivity; caricatured portrayal; own behavior; boys; mothers, 1693

attitude accessibility; attitude strength; certainty; meta-cognition; self-perception; attitude change; confidence, 4359

bias; objectivity; divergent perceptions; self vs. others; self perception; social perception; dispositional inferences; intergroup conflict, 28426

binge eating; negative self-awareness; depression; avoidance coping; female undergraduate students; substance use, 19823

- body weight perception; weight status; Bahraini adolescents; parents' opinions; peers' opinions; males; females, 24992
- children's self-perception; teacher perception; parent perception; attention deficit hyperactivity disorder; self competence; multimodal treatment study; normative comparison group; gender effects, 28904
- Chinese Americans; immigrant women; value negotiation; self perceptions; cultural borderlands, 34688
- chronic fatigue syndrome; illness perceptions; disability levels; rheumatoid arthritis, 1786
- cognitive technology; technological use; user perceptions; non users; self-presentation; self-perceptions; technological devices; memory, 20994
- collective self-esteem; social self-discrepancy; self standpoints; other standpoints, 19106
- context-sensitive self; culture; phenomenal self; self-concept; cross-cultural differences, 25362
- contingent self-esteem; social comparisons; appearance-related comparisons; magazine advertisements; event-contingent diary; mediation model; positive affect; negative affect, 19145
- cultural self-constructs; autobiographical memory; self-description; cross-cultural differences; European American children; Chinese children; self-concept; child development; cognitive development, 7404
- deception detection; self awareness; right hemisphere; theory of mind; self; laterality; asymmetry; mental state attribution; hemispheric differences; undergraduate students; information processing, 9667
- developmental coordination disorder; children self perception, 22729
- dreaming; mind; consciousness; unconsciousness; waking language, 25429
- elementary school children; behavior problems; teacher-child relations; self perception; externalizing behavior problems; internalizing behavior problems, 19601
- empathy development; I differentiation; self- & other-construction; self-recognition; subjective action perception; intersubjectivity; human development; theories, 31101
- empathy; self-absorption paradox; self-rumination; self-rejection; mediators; shame; guilt; empathy, 31576
- essentialist linguistic labels; linguistic forms; perceptions of preferences; self perception, 28437
- factor structure; Self-Construct Scale; measurement; self construal; multidimensional structure; cross cultural differences, 21115
- family functioning; psychological adjustment; healthy school-age sibling; self-perception; asthmatic child; diabetic child, 18957
- first-person authority; self-knowledge; self-ascriptions; attitudes; philosophy, 10085
- first-person authority; self-knowledge; self-ascriptions; attitudes; philosophy, 10598
- first-person authority; self-knowledge; self-ascriptions; attitudes; philosophy, 10082
- fringe consciousness; subjective experience; perceptual fluency; perceptual processing speed, 33695
- frontal lobe; prefrontal lobe; self-awareness; mental state attribution; neurocognitive process; blood oxygen level-dependent activity; self-face viewing, 21666
- gender differences; academic self-concept; non-academic self-concept; preadolescent children; self-perceptions, 25024
- gender stereotypes; math achievement; self-perceptions; career intentions; women; math-related majors, 26945
- genetic factors; environmental factors; seven factor personality model; character; temperament; self directedness; cooperativeness; self transcendence; twins; validity, 7678
- genetic factors; environmental factors; subjective well-being; self rating; perceived health; somatic illness; musculoskeletal pain; allergy; twins; sex differences, 7702
- growing literature; market capitalism; cultural contexts; factor analysis; free market, 16111
- Harter Self-perception Profile for Children; self competence; global self-worth; psychometric properties, 33493
- hemispheric asymmetries; face processing; face perception; memory; self recognition; visual field, 27717
- high-functioning children with autism; friendship; self perception; loneliness; social relationships, 25939
- immigrants experiences; contextual continuity; self-experience; psychoanalysis, 31623
- implicit self-esteem; subliminal evaluative conditioning; self-esteem enhancement, 10575
- in-group bias; self evaluation; in-group out-group identification; collective self-esteem; in-group out-group evaluation; indigenous Fijians; Indian Fijians, 1165
- individual differences; emotional complexity; emotional experiences; self-consciousness; openness to experience; empathic tendencies; cognitive complexity; ego development, 28478
- individual differences; possible mechanisms; gender stereotypes; stereotype threat; math performance; stigma consciousness; test performance, 4394
- interpersonal acceptance; rejection sensitivity; emotion; self perception; emotional reactions; social acceptance; social rejection, 10490
- interpersonal perceptions; post-traumatic stress disorder-related functional impairment; social relations model; personality traits; self-perceptions, 34900
- judgments; neural correlates; preferences; own preferences; other preferences; cortical activations, 27787
- learning disabilities experience; self-discovery; self-actualization; adaptation; adulthood, 28934
- longitudinal psychometric properties; Self Perception Profile for Children; factor structure stability, 6265
- love styles; romantic love experiences; emotional experiences; self-perceptions; partner impressions, 25271
- masculinity; femininity; personality traits; self-construal, 19160
- maternal stereotyped beliefs; parental beliefs; gender-stereotyped beliefs; children's self-perception; math-science ability; adolescent beliefs; prediction; career choices, 14658
- mind-reading; metacognition; narcissism; self-estimated ability prediction; interpersonal sensitivity; social judgment; competence, 34652
- mindfulness-based treatment; obsessive-compulsive disorder; quality of life, 35423
- misperception; gender differences; overweight reduction; body mass index; obese status; weight status, 8679
- motivation; intrapersonal processes; self-concept; self-perception; desirable attributes; motivation; cognition; feedback seeking; social preferences; false feedback; extraversion; introversion, 19148
- motivation; personality; causality orientations; motives; self-descriptions, 19179
- motivation; self-perception; cluster profiles; physical activity; adolescent girls; self-worth; global self-esteem, 10224
- multiple sclerosis; depression; memory difficulties; depressive realism; Beck's depression theory; everyday memory; verbal memory performance; negative cognitive schema; overestimation; memory ratings, 19951
- multiracial children; adult attitudes; race; friends; self-perception; depressive symptoms; European American; African American, 1067
- musical excerpts; action system; action identity; skilled performers; performance recognition; pianists, 33752
- narcissistic personality disorder; self identity; empathy; object relationships; latency-aged children; object representations; self-esteem regulation; impulse control; aggression control; assessment, 19579
- narrative life history; theoretical approach; subjectivist approaches; structuralist approaches; self; past experiences; George Herbert Mead; Paul Ricoeur, 31019
- neck disability index; Northwick Park neck pain questionnaire; problem elicitation technique; self-perceived disability; whiplash injuries, 21089
- neural correlates; neural activity; first person perspective; self-consciousness; perspective taking; ground view; aerial view; egocentric reference; reaction times; eye movement, 24627
- oppression; resiliency; post-apartheid; South Africa; male homosexuality; lesbianism; racial differences; ethnic differences; photovoice; self perception, 31426
- parenting style; self-perception; Korean American college students; authoritarian parenting; authoritative parenting; permissive parenting; academic competence; morality; self-reliance, 10399
- perceptions of motherhood; battered women; negative effects; emotional distress, 31852
- personal identification; emotional involvement; absorption; personality trait; reading, 31493
- personality traits; self learning; autism; developmental disorder; episodic memories; memory impairment, 35090
- personality; depressogenic effects; depression; dependency; self-criticism; interpersonal behavior; reassurance-seeking; life stressors, 25382
- physical activities; participation; self perception; socioeconomic factors; health factors; life-style, 29517
- physical fitness; high school students; Physical Self-Description Questionnaire; construct validity; French translation; physical fitness, 18109
- physical self-perception; physical self-perception profile-children's version; model generalizability; cultural differences; self-esteem; physical self-worth, 94
- police intervention; domestic violence cases; repeated encounters; batterers; identity; power relations; battered women; social problem; perpetrator's perceptions, 19587
- positive illusions; mental health; physical health; elderly; self perception; Optimal Margin Theory; Social Psychological Model, 13271
- private self-consciousness; need for cognition; locus of control; obsessive thinking; internal state awareness; self reflectiveness; Iran; US, 31570
- private self-consciousness; vocational interest, 9066
- problem behaviors; social skills; self concept; social perceptions; prosocial behaviors; adolescence; time use, 7426
- psychohistory; self-development; individual research, 31285
- right cortical hemisphere; schizotypal personality; self awareness; self processing, 7892
- schizotypal personality traits; contagious yawning; mental state attribution; self awareness, 3414
- self attribution; personality descriptions; astrology; sun sign traits; favorableness; astrological beliefs, 7715
- self confrontation method; valuation theory; affect scales; factorial structure; unidimensionality; life experiences; personal narratives, 8423
- Self Perception Profile for Children; psychometrics; self-esteem; factor structure; test reliability; internal consistency; test-retest stability; test validity; Dutch school children, 6264
- self perception; problem externalization; problem internalization; adjustment; competence; adolescent development, 22069
- self perception; social rejection; physical aggression; elementary-school children; social failure, 34331
- self perceptions; women; Blacks; Whites; physical appearance; physical fitness; eating habits; body weight; perceived health, 11701
- self perceptions; worry; memory; cognition; cognitive functioning; subjective memory; objective memory, 3371
- self rehabilitation; consciousness; body; soul; mind-body interaction; healing process, 35604
- self-acceptance; self-disclosure; sexual orientation; lesbian; gay; bisexual; adults; attachment perspective; parent-child attachment, 1148
- self-awareness; constructive functioning; human dilemma; depression; self-esteem; attention, 34715
- self-awareness; self-evaluation; creativity; defensiveness, 31603
- self-awareness; shame-proneness; shame experience; guilt experience; gender differences; self-conscious emotions, 28448
- self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1245
- self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1250
- self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1279
- self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1260
- self-compassion; psychological functioning; healthy attitude; self kindness; common humanity; mindfulness, 22355
- self-concept; personal identity; social identity; self-perception; self-schema, 25375
- self-conscious emotions; emotions; narcissism; self-esteem regulation, 34719
- self-conscious emotions; emotions; self-esteem regulation, 34674
- self-conscious emotions; emotions; self-esteem regulation, 34686
- self-conscious emotions; emotions; self-esteem regulation; pride, 34656
- self-consciousness; exposure; blushing, 28461
- self-enhancement bias; perceiver effect; target effect; unique self-perception; social comparison theory; self-insight theory; interpersonal perception; adjustment; social relations model, 10499
- self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19207
- self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19176
- self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19177
- self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19214
- self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19180
- self-evaluation; self-perception; student learning; person-centered counseling training; higher education; experiences, 2617
- self-evaluations; psychological mechanism; psychological processes; idiosyncratic traits; self-serving bias; above average effect; personality traits, 17735

- self-focused attention; performance demand; dispositional sexual self-consciousness; sexual arousal; sexually functional; sexual dysfunction; heterosexual men; psychogenic erectile disorder, 32114
- self-focused attention; recognition latencies; self-content; self-consciousness, 18425
- self-focused attention; task difficulty; task self-relevance; evaluation anxiety; reaction time; lexical decision, 25376
- self-novelty manipulation; self-focused attention; Internet experiments; laboratory experiments; self-awareness; experimental manipulation, 30569
- self-perception; body dissatisfaction; body weight; body mass index; risk factors; slim women; lifestyle; health, 22768
- self-perceptions; exercise behavior; middle-aged women; cognitive processes; exercise decisions; possible selves; self-regulatory mechanisms; self-efficacy; outcome expectancy; exercise intervention, 4437
- self-rated health; functional disability; elderly people; Japan; Korea, 8680
- self-reflection; self-concept clarity; gender differences; self-descriptive traits, 25334
- self-report; peer-reports; personality disorder; personality traits; self-perception; peer perceptions; military recruits, 25755
- senior executives; self-ratings; other-ratings; self-awareness, 9087
- sense of agency; perceptual identification; misidentification; physical action; cognitive processes; action awareness; schizophrenia, 33685
- social anxiety; emotion experience; emotional expression; bodily responding; high trait social anxiety; low trait social anxiety; perceived physiological activation, 30950
- social anxiety; self-perceptions; metaperceptions; social relations model; interpersonal perceptions, 7924
- social phobia; observer perspective; cognitive model; impression formation; social performance; anxiety, 1225
- social phobia; self-perception changes; treatment; cognitive-behavioral therapy; exposure therapy; socially stressful situations, 32275
- sociosexuality; masculinity; mating tactics; self-perceived attractiveness; women, 22259
- speech language pathology; professional speech; pseudostuttering; self-perceptions, 17491
- stigma consciousness; discrimination attribution; individual differences; situational perspective; gender discrimination, 28500
- strategic self-presentation; social intelligence; performance expectations; social orientations; carryover effects; social transparency; socially impenetrable; context, 1223
- teacher attitudes; implicit views; self-perception; mathematical ability; intelligence; cross-cultural comparisons; academic abilities; general ability; verbal ability; students, 12180
- theory of mind; schizotypal personality traits; autobiographical memories; affective disorder; self-awareness; deception, 31554
- trait shyness; actual-own/ought-other self-discrepancy; social interaction discomfort; social cognition, 25312
- vestibular processing; human paramedian precuneus; electrical cortical stimulation; self-motion perception; ependymoma; intracranial seizure; epileptic episodes, 29188
- violent behavior; girls; motivations; sense of competence; perception; social variables & environmental variables; health behavior framework; risk factors; protective factors, 16474
- walking; exercise; socioepidemiologic variables; elderly; aging; sedentary lifestyle; demographic factors; self-perception; internal health locus of control, 5484
- well-being; life satisfaction; positive illusions; self-views; happiness; self-perception, 28453
- womanhood; Parkinsons disease; labile emotions; body images; lifestyle changes; relationship changes; social services, 32148
- womens self-perceived attractiveness; self-esteem; body-esteem; sexual attractiveness; physical attractiveness, 34729
- Self Perception—Books**
Handbook of self-regulation: Research, theory, and applications, 13501
- Self Perception—Chapters**
A conceptual exploration of the Korean self in comparison with the western self, 4475
- Controllability awareness, perceived stress and tolerating chronic illness, 11177
- The importance of the question in the judgment of abilities and opinions via social comparison, 4428
- Mirror neurons and the self construct, 3759
- Self-awareness and self-control, 16315
- Toward a social psychology of person judgments: Implications for person perception accuracy and self-knowledge, 4416
- Understanding the link between adult attachment and relationship aggression: Perceptions of own and partner's adult attachment styles, 10514
- Self Preservation—Serials**
athletic identity; female athletes; team selection; self-protection; self-enhancement, 14807
- counterfactual thinking; self-efficacy; situational factors; dispositional factors; self-protection, 28516
- estradiol treatment; offspring sex ratio; offspring survival; female zebra finches, 27952
- personal strengths; homeless adolescents; high-risk environment; health-risk behaviors; adverse health outcomes; strengths; well-being, 16030
- political violence; survival strategy; fear; vulnerability; citizens; fear experiences; fear suppression; fear denial; domination, 22164
- psychoanalytic psychotherapy; clinical practice; medical training; Bowlby Attachment Theory; self-preservation, 29251
- retrieval selectivity; self-referent information; self-protection; mnemonic neglect, 27542
- self-assessed health; survival probability; income inequality; mortality risk; health inequality; socioeconomic factors, 11617
- spatial ability; sex differences; mating-oriented male competition; mating; female survival safeguarding; nearby spatial cues; evolutionary models, 15181
- Self Psychology—Serials**
conscience; self-experience; superego; self psychology; psychic authority; ego, 25424
- emotional coherence; HOTCO computational model; self-deception; beliefs; wishful thinking; intention; self division, 10612
- narcissistic rage; therapeutic group; self-psychological model; group analysis, 8449
- narrative psychology; contemporary social constructionism; narrative psychological approach; self study; self identity; social constructionist, 18842
- narrative psychology; narrative inquiry; psychology, 18844
- psychoanalysis; psychologist; self psychology, 35946
- self psychology; relational psychoanalysis; psychoanalytic traditions; listening-experiencing perspectives; concept of self; therapeutic action, 20233
- self-psychological theory; chronic mental illness; social relationships; group psychotherapy; forward movement; self-psychological theory, 8459
- self-psychology; narcissistic personality disorder; nursing; nurse-patient relationship, 35953
- theoretical influences; psychoanalytic process; psychoanalysis; self psychology; object relations; transference, 20262
- Self Realization [See Self Actualization]**
- Self Reference—Serials**
complex communication; self; interdisciplinary theoretical perspective; contingent communications; social environment; self reference; cognitive autonomy, 22150
- psychopathological constellation; self-centrality; Basic Symptoms Model; schizophrenia psychopathology, 28724
- retrieval selectivity; self-referent information; self-protection; mnemonic neglect, 27542
- Self Referral—Serials**
attempted suicide; age difference; health care contact; mental disorders; psychiatric consultation, 19635
- older alcoholic men; referral paths; patient profiles; treatment adherence; alcoholism treatment, 2494
- referral source; client race; wait time; preintake attrition; treatment dropout rates; community mental health centers; US; self referral; professional referral; psychologists; intake interview, 2449
- Self Regulated Learning—Serials**
adaptive scaffolding; scaffolding instructional interventions; student ability; self-regulated learning; hypermedia; mental models; performance, 26887
- age-related differences; monitoring; control of learning; study time; feeling-of-knowing judgment; memory; recall, 28089
- learning goals; goal orientation; self-regulatory processes; achievement motivation, 26937
- reading comprehension; self-regulated strategy; oral reading; struggling readers; reciprocal questioning; elementary school students, 23882
- self-determination; teaching; secondary-age students; work; evaluation; adjustment behaviors; planning; academic tasks; severe emotional & behavioral problems, 2840
- self-directed learning; learning activities; paediatric residents; computer-aided instruction; training programs; residency training; independent study; medical schools, 17507
- self-regulated learning training; college students; learning; hypermedia, 36098
- Self-Regulation Empowerment Program; adolescent students; self-motivation; learning strategies; self-regulation, 23801
- social cognitive theory; self regulated learning; developmental psychology; educational psychology; classroom application; teaching; agency, 26931
- Self Regulated Learning—Chapters**
Treatment of academic skills problems, 16993
- Self Regulation—Serials**
adjustment problems; self regulation; emotionality; social competence; positive adjustment; well being; irritability; attention; internal & external problems; inhibitory control, 4139
- adolescent sexual risk taking; self regulation; attraction to risk; adolescent development; risk proneness; sexual behaviors; choices; peer pressure, 1007
- affective expression; play behavior; autism; Down syndrome; self regulation; parent child relations, 35069
- attentional myopia model; behavioral control; food consumption; chronic dieters; restrained eaters; thought reporting; cues, 13485
- Behavioural Regulation in Exercise Questionnaire; factorial validity; amotivation; BREQ-2, 24175
- cognitive consequences; cognitive functioning; emotion regulation; self-regulation; expressive suppression, 27580
- concept mapping; academic achievement; self-regulation; self-efficacy; English as a second language; learning strategies, 26920
- contextual risks; parenting; rural African American families; youth outcomes; youth self-regulation; academic achievement; conduct problems; young adolescents; single mother-headed families, 993
- criterion related validity; reliability; psychometric properties; Self Regulation Scale; attention control; dispositional self regulation; self efficacy; negative affect; coping; goal pursuit, 30413
- differentiation of self; attachment anxiety; effortful control; Bowen theory; emotional reactivity; adult attachment, 34716
- discrepancy development; self-regulation theory; motivational intervention; intention; heavy alcohol use; binge drinking; personalized normative feedback; personal strivings, 14487
- emotional development; emotional self-regulation; internalization; emotional expression; age differences; self-reported feeling; emotions, 7424
- emotional labor; behavioral self-regulation; control theory models; emotional displays; job performance, 7675
- future time perspective; educational psychology; motivation; self regulation; gender; culture; socioeconomic status; changes over time; development; educational achievement, 26866
- general counterproductive behavior; self-control theory; individual internal control; work behaviors; deviant acts; predictors; employees, 33284
- grounded theory; emotion; control; costs; problem gambling, 10942
- individual differences; social orientation; social interaction; cultural background; self regulation, 22366
- interactive regulation; trauma histories; couple therapy; self regulation; couple relationships; individual development, 32337
- interpersonal interaction; communication forms; self-regulation; personality traits, 13437
- learning strategies; student perceptions; course information construction; academic performance; college students; teaching format; self regulation; academic instruction; academic assessment, 17662
- locomotion; assessment; self-regulation; subjective well-being; depressive moods; life satisfaction, 31572
- metacognition; self-regulated learning constructs; academic monitoring; theory development, 33676
- motivational strength; goal pursuit; regulatory fit; regulatory orientation, 15341
- nonautomatic processes; activity regulation; historical analysis; evolution; activity theory; mental activity, 21056
- nonsocial peer play behavior; emotionality; regulation; social functioning; parents; teachers; social behavior; problem behaviors; social acceptance; peers; emotions; internalizing; externalizing, 7441
- optimism; abstinence; self-efficacy; self-mastery; cognitive resources; recovering substance abusers; Oxford House model; twelve-step members, 17436
- parenting strategies; defiant behavior; behavioural problems; primary school aged children; self regulation, 34515
- personal control; self-presentation; women's discrimination attributions; psychological costs; private reporting conditions; public reporting conditions; discrimination minimization; stigmatized, 28430
- possible selves; self-regulation; identity; adolescence; academics; school; motivation, 20863

problem recognition; drinking rate; drinking frequency; alcohol problem; self-regulation model; heavy drinkers, 10962

reflection prompts; tutor feedback; web based learning environment; self-regulated learning competence, 26913

regulatory focus; situational differences; individual differences; intergroup bias; emotionally expressed bias; behaviorally expressed bias; promotion focus; emotions; ingroup; outgroup; avoidance, 19150

school-aged children; private speech; task-related behavior; pictures; self-regulation; real drawings; make-believe drawings; algorithmic drawing; heuristic drawing; developmental changes, 4110

self regulation; maternal limit setting; toddlerhood; mothers; children; delay of gratification; behavior problems, 10397

self regulation; physical education; educational psychology; sport psychology; school achievement; learning processes, 30059

self-concept; reflexivity; self-awareness; self-regulation; social science; behavioral science, 28484

self-conscious emotions; emotions; narcissism; self-esteem regulation, 34719

self-conscious emotions; emotions; self-esteem regulation; pride, 34656

self-efficacy; self-regulatory strategy; performance goals, 14619

self-esteem; anticipatory coping; self-regulation; aversive events, 25374

self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19177

self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19207

self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19180

self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19214

self-esteem; self-esteem striving; self-worth; self-validation goals; short-term emotional benefits; long-term costs, 19176

self-organizing; neural network; visual cortex; brain; ordered structures; cell density; bifurcation equation; stability, 12833

self-regulation patterns; Big Five; personality dimensions; ego-control; ego-resilience, 34676

self-regulation questionnaire; psychometric properties; factor structure; internal consistency; test validity; social desirability; alcohol consumption; alcohol-related problems, 12440

self-regulation strategies; social skills training; self-reflection; self-inquiry; assertiveness; empathy; middle school students, 5932

self-regulation; schools; martial arts training; Tae Kwon Do; prosocial behavior; children development; elementary school students; group interaction; gender, 29998

self-stereotypes; task solution strategies; stereotype-threat effects; negative stereotype; positive stereotype; recall; avoidance; approach related statements; group performance; expectation, 28508

side effects; disease related symptoms; HIV; coping; highly active antiretroviral treatment; Leventhal's Self Regulation Model; quality of life, 26493

social cognitive theory; self-efficacy; personal change; conceptual models; self-regulatory mechanisms; transformative paradigm shift; psychosocial change, 25319

stereotype suppression; internal motivation; self regulation; self control; suppressed thoughts, 10534

subjective well-being; unattainable goals; adaptive self-regulation; self-regulation; goal adjustment; disengagement; goals; well-being healthy children; young adults, 4471

superego; sadomasochism; self-regulation; psychoanalytic theory, 25425

uninteresting vigilance tasks; children; rewards; autonomy support; self regulation; task value perception; positive affect; free choice engagement, 34337

Self Regulation—Chapters

A conception of personality for a psychology of human strengths: Personality as an agentic, self-regulating system, 16276

Distinguishing among varieties of emotional expression, 22373

Self-rationaling: Self-control in consumer choice, 17935

Willpower, choice, and self-control, 16306

Self Reinforcement—Serials

5-iodo-A-85380; self-administration behavior; beta2 selective receptor; nicotinic receptor ligand; operantly trained rats; nicotine acetylcholine receptors, 3935

first vs second week of life; susceptibility; cocaine self-administration; handling; response to novelty; adrenocortical responsivity; corticosterone; basal stress-related gene expression; rat pups, 720

gonadectomy; gonadal hormone replacement; cocaine; self administration; rats; gender; estrogen; testosterone; reinforcement, 24791

neurobehavioral pharmacology; aversive effects of drugs; drugs as punishers; self-administration; reinforcement delivery; histamine; cocaine; rhesus monkeys, 798

psychometric characteristics; self-control skills; assessment; self-management; self-reinforcement; self-regulation, 30418

sex differences; cocaine; behavioral effects; progressive ratio schedule; motivation to use cocaine; rats, 24825

striatal neurons; cocaine; tetracycline; substance P-dynorphin; self administration; craving; mice, 15736

Self Report—Serials

4th grade children; school breakfast; school lunch; dietary recalls; reverse order reporting; forward order reporting; Blacks; Whites, 10167

Academic Competence Evaluation Scales-College Edition; self-report instrument; structural validity; concurrent validity; grade point average; college students, 21183

addiction severity index; internet; automated telephone self-report administration; interactive voice response, 27262

affective disorders; allergic rhinitis; allergic symptoms; self-report; scale validation, 24254

age relations; social relations; self-rated health; mortality; adult Danes, 5113

alcohol consumption; community dwelling elderly; physical health; sex differences; excessive consumption; risk factors, 1652

antidepressant use; self-report; claims data, 16883

applicant faking; applicant response distortion; application process; job applicants; self report measures; selection measures; randomized-response technique, 18187

attention deficit disorder with hyperactivity; comorbidity; self-report; symptomatology, 18143

attention deficit hyperactivity disorder; screening utility; diagnostic utility; Symptom Inventory for ADHD; Adult Rating Scale; Attention-Deficit Scales for Adults, 27319

Attention-Affect Check List; acute mental stress; cognitive processes; coping behavior; attention; unpleasant affect; uncontrollability, 24222

attention; memory; psychiatric patients; neuropsychological assessment; clinician rating; self report, 28611

autonomic reactivity; public speaking; nervousness; task engagement, 24764

ballet dancers; modern dancers; dancers' perceptions; personality traits; stereotype accuracy; self-reports; group stereotypes, 13417

Balloon Analogue Risk Task; risk taking propensity; self-report assessment; high school aged adolescents, 98

behavior problems; emotional problems; ethnic groups; self-report problems; high school students, 25815

child reports; mother reports; father reports; child behavior; psychological symptoms; parents; parent-child relationships, 22648

classification system; personality psychology; data classes; personal report data; mental processes; convergent thinking; divergent thinking; personality assessment, 34647

cognitive performance; older adults; healthy aging; health status; objective measures; self reports; episodic memory; perceptual speed; attention, 22129

comorbidity measurement methods; quality of life; joint arthroplasty; post-surgery; electronic health record; hip replacement, 32568

condom usage; self report measures; validity; test comprehension, 9458

conjoint psychotherapy; family therapy clinics; self-report measures; couples; marriage therapy, 35467

construct validity; Head Injury Scale; collegiate athletes; concussion symptoms; self report, 6346

construct validity; Social Phobia and Anxiety Inventory for Children; Social Anxiety Scale for Adolescents; sensitivity; specificity; social anxiety, 24252

craving; smoker self-reports; cue exposure, 25907

criminalized individuals; drug addiction; self report data; treatment; validity; relevance, 10999

daily diary; negative affect; alcohol drinking; drinking to cope; measures; interpersonal exchanges, 4319

depression; Indian male adolescents; self-report instruments, 3183

depressive disorder; patient health questionnaire; outcome and process assessment; sensitivity to change; depression outcome, 28654

depressive symptoms; aggressive behavior; self report; peer report; peer victimization; social experiences, 22486

diagnostic inventory for depression; self report scale; DSM-IV; major depressive disorder; test development; validity; psychosocial impairment; quality of life, 9440

diary compliance improvement; reporting schedules; auditory signalling; diary protocol; diary entries; self-reported compliance; verified reporting compliance; chronic pain, 1752

differential reinforcement; self-reports; schedule performances; interresponse time, 33670

drug use patterns; gender; memory ability; self report; ecstasy users, 13752

drug use; oral fluid testing; opiates; benzodiazepines; methadone; cannabis; new treatment clients; drug testing, 6314

emotional states; athletes; precompetition; postcompetition; actual measurement & report; retrospective measurement & report, 2974

fatigue; Multiple Sclerosis; scales; self reports; factor analysis, 6353

fear; older adults; self report; psychometrics; internal consistency; test reliability, 24213

fecal occult blood test; colorectal cancer screening; self-report accuracy; carpenters, 13900

General Behavior Inventory; diagnostic groups; youth self-report; discriminate validity; mood disorders, 21131

guided self-change; bulimia nervosa; cognitive behavioural therapy; treatment effectiveness, 5206

health diaries; rural environment; health diaries use; health; health behavior; health services use; health care delivery, 17236

health disparities; measurement issues; conceptual issues; psychometric issues; self-report measures; discrimination; socioeconomic status; acculturation, 14344

health status; self report validity; health assessments, 4433

health; happiness; young adults; self-report; mental health; physical health, 27365

health; sickness; observer ratings; observer-rated health; self-rated health; mortality; prognostication, 2266

hostility; anger; emotion; self report scales; psychometric evidence; scale reliability; scale validity, 9389

How I Feel; self report; emotional arousal; emotion regulation; test development; test validity, 118

illicit drug use data; survey mode effects; self reported illicit drug use; undergraduate students; Web surveys; mail surveys, 31937

impulsiveness; executive control; working memory; self-report measures; memory scanning, 31614

impulsivity; borderline personality disorder; Attention-Deficit Scales for Adults; neurocognitive performance; computer administered tasks; patients, 10855

individual differences; temporal variability; medically unexplained symptoms; symptom reporting; frequency; severity; framing; Gulf War veterans; personality; chronic illness, 25342

inpatient rehabilitation unit; Patient Competency Rating Scale; traumatic brain injury, 12503

judgements; emotional events; childhood development; adolescent development; self-reported anxiety; negative events, 13222

Juvenile Offender Parent Questionnaire; test development; parent self-report measurement; parent competency; exploratory factor analysis, 18097

life satisfaction; multiple trauma; family life; partner relationship; financial situation; satisfaction; leisure disability; self reported change, 1750

menstrual cycle; premenopausal women; dominance; submission; hostility; warmth; socioemotional traits; irregularity; social hierarchies; self reports, 7103

mindfulness skills; self-report; psychometric characteristics; borderline personality disorder, 30363

Minimum Data Set 2.0 Mood Disturbance Items; mood disturbance; Geriatric Depression Scale; diagnostic instrument; depression diagnosis; nursing home residents, 9465

negative affect; political sensitivity; self report; facial EMG; preferences; ingroup outgroup; crossed categorization, 19114

negative symptoms; positive symptoms; acute psychotic disorders; psychosis; self-report; depressive symptoms; clinical assessment; objective measures, 25651

normal sleepers; sleep schedule adherence; self-report validity; wrist actigraph; sleep disorders; psychiatric disorders, 30911

normal sleepers; sleep schedule adherence; self-report validity; wrist actigraph; sleep disorders; psychiatric disorders, 30913

openness; intelligence; crystallized ability; self-reported intelligence, 19183

outcome expectancies; crime consequences; self-report; crime; male inmates; development; validity; factor analysis; factor structure; psychoeducational intervention; offender rehabilitation, 6331

past behavior; habit strength; self-report measure; test validity; test reliability; Self-Report Habit Index; test development, 15035

personality assessment; communication; Minnesota Multiphasic Personality Inventory; self-report, 33529

personality; disease; self-report; health status, 34784

personality; mood; self report, 7681
 post-traumatic stress reactions; traffic accident; parent-child discrepancy; reporting, 4660
 predictive validity; concurrent validity; prospective validity; retrospective validity; self report; delinquency; blacks; Asians; whites; gender differences, 18087
 predictive validity; emotional intelligence; academic achievement; college students; self report measures; ability based measures; cognitive ability, 6276
 predictive validity; job burnout; self-report; self-defined burnout; Maslach Burnout Inventory, 21205
 predictive validity; social desirability; self report; offenders; recidivism, 11051
 psychometrics; self-reports; Hellenic Fear Survey Schedule for Children; fears; cross cultural differences; gender differences; agoraphobic fears; performance fears, 24193
 quality of life; schizophrenic patients; self-report; proxy assessment; agreement, 28684
 respondent misreporting; drug use; self reports; social desirability theory; marijuana; cocaine; validity issues, 30375
 response options; self-reports; UCLA Loneliness Scale; frequency scale effects; response option frequency range, 10611
 salivary cortisol; self-reported stress; mental stress; biomarker, 21784
 sampling; measurement; self-reported pain; prevalence; Canada; chronic pain; age; sex, 4899
 self report instruments; task performance; cognitive psychology; models; methods; questionnaire design, 24193
 self report; pain behavior; pain intensity; direct observation; method validity, 15186
 self-determination; health-promotion setting; self-concordant motivation; social comparison, 23419
 self-evaluations; psychological mechanism; psychological processes; idiosyncratic traits; self-serving bias; above average effect; personality traits, 17735
 self-rated health; health measures; point of reference; predictive validity; mortality, 21170
 self-rated health; primary care settings; functional disability; depression diagnosis; health outcomes; primary care patients; older patients; elderly, 11607
 self-report impulsivity measures; component structure; Eysenck Impulsiveness Scale; Dickman Impulsiveness Scale; Barratt's Impulsiveness Scale; Behavioural Inhibition System, 30419
 self-report instruments; psychometric properties; depressed adolescents; efficacy assessments; depression severity; self-report scale; Kutcher Adolescent Depression Scale; evaluative properties, 138
 self-report measures; depression; anxiety; Asians; foreign language translation, 152
 self-report measures; temperament; internal consistency; puppet interview, 33494
 Self-Report Psychopathy scale; factor structure; antisocial behavior; impulsivity; interpersonal manipulation, 33570
 self-report service; agency records; service utilization; alcohol use disorders; treatment seeking individuals, 29631
 self-report; community mental health services; persistent mental illness; continuity of care; test validity; test reliability, 30403
 self-report; emotional problems; behavioral problems; Turkish immigrant; Turkish adolescents; Dutch adolescents, 28109
 self-report; interview assessment; bulimic behaviors; adolescents, 9534
 self-report; peer-reports; personality disorder; personality traits; self perception; peer perceptions; military recruits, 25755
 self-report; Psychiatric Diagnostic Screening Questionnaire; major depressive disorder; antidepressant efficacy trials; Structured Clinical Interview for DSM-IV, 22521
 self-report; Strengths and Difficulties Questionnaire; psychiatric disorders; screening instrument, 24182
 self-reported adherence; plasma protease inhibitor concentration; PPIC; HIV-infected patients; non-adherence detection; self-administered questionnaires, 6355
 self-reported delinquency; validity; self-report; socio-emotional functioning; court-probated youth; probation; assessment; juvenile delinquency; US; adjudication prediction; conduct disorder; parents, 8034
 self-reported drinking; client attrition; problem drinking; drinking quantity; alcohol consumption, 22674
 self-reported neuropsychological functioning; epileptic seizures; psychogenic nonepileptic seizures; neurocognitive ability, 22930
 self-reported number; self-rated performance; machiavellianism; car salespersons, 25316
 self-reported personality disorders; depressive severity; clinical correlates; late life, 31707
 self-reported physical health; rumination; age differences; negative affect; life events, 26548
 self-reported psychopathology; experimental faking; unidimensional; multidimensional, 1251

self-reported stress; deficit syndrome; negative syndrome; schizophrenia onset, 13622
 self-reported survey estimates; adolescent sleep patterns; sleep habits; sleep/wake patterns; sleep diary; actigraphically estimated sleep behaviors, 3134
 self-reported values; body weight; body height; adolescent attitudes, 24898
 sensitive questions; computer-assisted self-interviewing; self-administered questionnaires; disk by mail; special populations; primary school children; visually impaired; deviant adolescents, 9346
 sexual behavior assessment; sexual risk behavior; self-report accuracy; computer assisted assessment; methodological issues, 286
 sexual behavior; memory recall; time lag; self report validity; condom use; alcohol use; substance use, 13380
 sexual function; quality of life; psychometrics; sexual symptoms; outpatients; self-report questionnaire; psychometric validity; Sexual Function and Quality of Life questionnaire, 21077
 smoking cessation; intervention; outcome measures, 11951
 social desirability; self report; cognitive processes; response times, 10535
 Strengths and Difficulties Questionnaire; screening; psychometric properties; Dutch children, 12455
 stressful life events; young adults; interview; self-report; depression symptoms, 6441
 Structured Clinical Interview for DSM-IV Personality Disorders Personality Questionnaire; psychometrics; self-report personality questionnaire, 3170
 subjective perceptions; men; partner abuse; group treatment program; violent behavior treatment; partner abuse treatment; participant experiences; learning experience; positive experience, 19586
 teacher-rated threats; self-reported threats; interpersonal violence; student characteristics; children identification; aggression; peer rejection, 33169
 terrorist attacks; children's reactions; separation anxiety; child anxiety; September 11; fear; denial; rationalization; anger; empathy; maternal worry; mothers; self-reports, 28044
 test-retest reliability; adolescent self-reports; risk behaviors, 18082
 treatment efficacy; insomnia; patient report measures; polysomnography; nocturnal sleep, 26509
 validity; self report screening; women's health; elder abuse victimization; reliability; vulnerability; dependence; dejection; coercion, 21155
 Veterans Affairs administrative data; patient self report; race; ethnicity; American patients; Asian patients; Pacific Islander patient, 13308
 violence exposure; parental monitoring; television viewing; children psychological trauma; self-reported symptoms, 34360
 youth psychopathy; Millon Adolescent Clinical Inventory; Psychopathy Content Scale; validity, 33519
 zolpidem; triazolam; performance tasks; self reported drug effects; tolerance; adults, 10047
Self Respect [See Self Esteem]
Self Stimulation [See Also Brain Self Stimulation]—Serials
 bremazocine; oral phenylethylamine self administration; rhesus monkeys; sex differences; PCP, 18725
 drug self-administration; Darwin, 728
 lever pressing acquisition; cocaine; self administration; Pavlovian conditioning; environmental stimuli; cues; mice, 7190
 MDMA; ecstasy; self-administration; rats; cocaine; drug abuse, 10038
 nicotine; self administration; individual differences; animal sex differences; rats, 7169
 operant responding; visual reinforcement; rats; nicotine; self-administration, 15742
 operant responding; visual reinforcement; rats; nicotine; self-administration, 15747
 operant responding; visual reinforcement; rats; nicotine; self-administration, 9981
 saccharin deprivation; depression-like effects; rats; forced swim test; intracranial self-stimulation; drug withdrawal; differential reinforcement; reinforcement rate, 787
Self Talk—Serials
 inner speech; cues; articulatory suppression; task cuing paradigm; task goal retrieval; cue type; dual-task study; nonnegligible retrieval demand, 15293
 mental skills package; performance consistency; improved performance; performance measures effects; cricket players; scoring measures, 9154
 personal sense statements; internalization-externalization; sociocultural meaning; social message transformation; self talk; personal dialogue; specialized knowledge; sociogenic approach; mind, 9663
 private speech; developmental stability; preschool classroom; naturalistic observations; goal-directed behavior; individual differences; 4-year-olds, 949

school-aged children; private speech; task-related behavior; pictures; self-regulation; real drawings; make-believe drawings; algorithmic drawing; heuristic drawing; developmental changes, 4110
 self talk; academic engagement; academic responding; correspondence training; academic performance; self management prompt; emotional disorders; behavioral disorders, 11410
 self-talk; athlete attitudes; verbalizations; sports; sport skills; sex, 36430
 self-talk; competitive anxiety; sport performance, 20971
 self-talk; female youth soccer performance; teaching skilled athletes; athlete perceptions, 20978
 self-talk; swimming pool; thought content; athletic performance; water-polo tasks, 30242
 soccer players; sports teams; self talk; goal setting; sports performance, 36436
Self Talk—Chapters
 Language re-entrance and the inner voice' 17996
 Private speech: Cornerstone of Vygotsky's theory of the development of higher psychological processes, 4121
 The self-in-talk: Toward an analysis of interpersonal language and its use, 10522
 V: Internal sources: Visual images, and inner speech, 3382
Selfishness—Serials
 self-serving judgments; lottery winning; buying behavior; myths; stereotypes; lottery winners, 28425
Semantic Differential—Serials
 paired comparisons data; incomplete cyclic designs; reliability level; semantic similarity; rating scales, 9339
 television consumption; attitudes; masked affective priming; semantic differentials; prediction, 7345
Semantic Memory—Serials
 acalculia; aphasia; Gerstmann's syndrome; semantic dementia; verbal system of number words; non-symbolic numerosities, 5024
 Alzheimer's disease; autobiographical significance; semantic memory; semantic dementia; medial temporal lobe amnesia; semantics; brain damage, 8327
 Alzheimer's disease; functional neuroimaging; neural activity; prefrontal cortex; episodic memory tasks; semantic memory; dementia, 22942
 amnesia; medial thalamic infarction; semantic knowledge; neural functioning; memory impairment; retrograde memory; cortical networks; thalamic lesion; semantic memory; retrograde memory, 8279
 autism; memory; limbic system; prefrontal cortex, episodic memory; semantic memory; perceptual representation system, 4778
 category-specific deficits; conceptual representations; category specificity; semantic knowledge; semantic features; knowledge domain; meaning; statistical model; hybrid account, 860
 category-specific visual agnosia; lesion; semantic memory; connectionist model; object recognition; extra-lesional variables, 8209
 conceptual organization; Alzheimer's Dementia; Alzheimer's Disease; semantic memory; Chinese patients; categorization, 4965
 conceptual system; semantic memory; exemplar models; feed-forward connectionist nets; situated simulation theory; architecture; representation; abstraction; stability; organization, 3348
 context; item interactions; false memories; cued recall; episodic memory; semantic memory, 9724
 distinctive features; episodic memory; memory representations; university students; learning material; memory awareness; semantic memory; schematization development; students' knowledge, 14663
 dual tasking; episodic memory; semantic memory; task domain; cued recall; recognition; working memory; age differences, 24512
 episodic memory; semantic memory; semantic knowledge; developmental disorders; children; developmental amnesia; dissociation; knowledge of facts; knowledge of words, 20062
 false memory; recollection rejection; children; adults; false-memory editing; semantic false memory; recollective suppression; memory retrieval; recognition; receiver operating characteristics, 409
 familiar person remembrance; semantic dementia; role of context; recall knowledge, 26145
 fictive object; attachment; disordered relationships; maternal environments; semantic-episodic memory; disorganized-disoriented; explicit memory; fictive relationships; conscious working models, 22389
 fluency task; semantic verbal fluency; animal fluency; ecological relevance; literacy groups; semantic memory; qualitative measures; quantitative analysis; group differences; cultural background, 18324
 hippocampal activation; medial temporal lobe activation; semantic language processing; episodic memory functions; handedness, 3602

Semantic Memory—Serials

immediate vs delayed error detection & correction; semantic retrieval; event related potentials; negative vs positive feedback; metamemory mismatch; hypercorrection effect, 7039

individual differences; reading comprehension; semantics; memory; sentences, 18928

inhibitory cue; forgetting; semantic knowledge; memory lapses, 24502

involuntary semantic memories; mind popping; semantic knowledge; recall, 9715

Landau-Kleffner syndrome; aphasia; phonological short-term memory; lexico-semantic short-term memory, 29146

language processing; human brain; sentence comprehension; neural basis; syntactic processes; prefrontal cortex; lexico-semantic information; syntactic integration, 6591

left hemisphere; right hemisphere; semantic information; priming, 27723

left inferior prefrontal cortex stimulation; episodic memory formation; semantic encoding; neural processes; brain, 18388

lexical-semantic retention; speech production; aphasia; phrasal planning; short-term memory; brain damage, 32172

metaknowledge; metacognitive processes; long-term memory; natural categories; semantic memory, 24482

midazolam; amnesia; semantic memory; retrieval; anterograde amnesia; theories; pharmacological amnesia; encoding; explicit memory, 7202

obsessive-compulsive disorder; thought-action fusion; guilt; thought suppression; memory confidence; semantic memory; metamemory, 31821

progressive amnesia; autobiographical memory; semantic memory; dissociation; neuropsychological evaluation, 8261

progressive fluent aphasia; verbal impairment; access to knowledge from pictures; multi-modality system for semantic memory, 5057

ruptured aneurysm; anterior communicating artery; dysexecutive syndrome; episodic memory; semantic memory, 8203

schizophrenia; semantic priming; event-related brain potentials; language disorder; N400; haloperidol; attention; semantic memory, 7863

semantic dementia; immediate serial recall; word meaning; dementia patients; phonological short-term memory; degraded words; known words; word recall, 29131

semantic dementia; object decision; conceptual regularities; patients, 5055

semantic dementia; object usage; relearning; cognitive functions; rehabilitation program, 29754

semantic dementia; object use; naming; semantic representations; semantic memory; systematic mapping; structural aspects, 29101

semantic impairments; semantic memory; conceptual knowledge; category specificity; verbs; prepositions; brain lesions, 1856

semantic knowledge; famous names; familiar words; Alzheimer's disease; semantic impairment; semantic memory loss, 20075

semantic matching task; event-related brain potentials; face identification; names, 3780

semantic memory consolidation; word categories; medial temporal lobe brain activation; nouns; age differences; knowledge categories; elderly; senior citizens; young adults, 3787

semantic memory disorganization; schizophrenia; thought disturbances; reasoning disturbances, 34872

semantic memory impairment; supra modal deficit; dementia; conceptual class; visual attribute processing; input output modalities; semantic processing, 8219

semantic memory; biographical knowledge; face recognition, 29124

semantic memory; conceptual knowledge; semantic representations; conceptual representations; Eleanor Saffran, 18550

semantic memory; episodic memory; structural stability; structural change; old age; demographic characteristics; prediction, 25099

semantic memory; neural basis; autobiographical memory; neuropsychology; brain, 3644

semantic memory; spatial content; memory recall; episodic memory; temporal lobe; parahippocampal activation; age; functioning magnetic resonance imaging, 27553

semantic memory; verbal working memory; event-related brain potential; homographs; comprehension errors; lexical access; lexical selection; lexical integration; language, 24516

semantic priming; association strength; feature overlap; semantic memory, 18383

semantic relevance; semantic disorders; concept representation; semantic memory; models; category specificity, 18261

semantic representations; perceptual representations of verbal statements; visual representations of objects; names; attribute norms; impairments of conceptual knowledge; computational model, 9722

semantic retrieval; semantics; semantic association; neurophysiology; executive processes; prefrontal cortex; temporal lobe, 27770

signal changes; subcortical regions; cortical regions; time course; fMRI; integrated object; eeg oscillations; brodmann area; hybrid model; time course, 3663

temporal lobes; dissociation; semantic knowledge; dementia; cerebral atrophy; right brain; left brain; face processing, 11301

theta oscillations; alpha oscillations; memory performance; evoked oscillations; event-related potential; oscillatory phase; P1-N1 complex, 21733

verbal short-term memory; semantic dementia; digit span; word span; immediate serial recall, 20000

visual judgments; novel semantic information; visual recognition; frontal cortex; parietal cortex, 27745

Semantic Priming—Serials

affect; evaluation; categorization; priming; encoding visual objects; lexical decision; semantics, 6594

affective priming; trait anxiety; naming task; valenced primes; target words; semantic processes; irregular pronunciation; priming effects; nonsemantic pathway; reading German, 31058

alcohol effects; dissociation; implicit memory; explicit memory processes; semantic priming model; social drinkers; word recall tasks, 18788

allomorphic variation; Arabic; lexical processing; word patterns; priming; lexical representation; morphemes, 27974

category size effect; semantic categorization decision; masked priming effects; word frequency, 27990

cognitive processing; eyeblink activity; semantic priming effect, 33802

cross-language masked priming; Korean-English bilinguals; semantics; phonology, 4046

elderly stereotype priming; stereotyped word exposure; grasping actions; reaching movements; neuropsychological evidence; action sequence; ballistic gaps; actions duration, 18306

event related brain potentials; morphological & homographic & orthographic semantic priming; lexical memory; words; stem morphemes; affixes, 24728

event related potentials; conscious & unconscious semantic priming; lexical decision; stimulus onset asynchrony; N400, 7072

event-related potentials; ERPs; auditory processing; phonological priming & detection; semantic priming & detection; N400; semantic judgement; phonological judgement, 15668

hemispheric asymmetry; visual fields; multiple priming; convergent & divergent semantic priming; lexical ambiguity; lexical decision; semantic judgment, 6884

hemispheric differences; mediated priming; lexical representation; left hemisphere; right hemisphere, 6935

language production; structural priming; sentence recall; message planning; syntax; semantics, 4040

left hemisphere; right hemisphere; semantic information; priming, 27723

lexical decision; coarticulatory cues; explicit speech segmentation; word stress; cross-modal fragment priming; auditory primes; speech fragment, 15257

lexical decision; perceptual information; explicit recognition; repetition priming; semantic priming; associated words; false memory, 24451

lexical decision; semantic priming; verbal humor; joke understanding; meaning activation; initial meaning; intended meaning, 6597

meaning access process; homographs; meaning frequency; semantic priming paradigm; age differences, 15975

negative priming; repetition priming; selective attention; semantic categorization; attentional instructions; stimulus duration; stimulus onset asynchrony; temporal presentation, 446

number processing; priming; stimulus onset asynchrony; naming task; response latencies; semantic distance; distance effects; processing times; arabic numbers; judgment task; number naming, 18350

number representations; priming effects; arabic digits; hemispheric differences; right hemisphere; left hemisphere; unmasked primes; masked primes; conscious priming; unconscious priming, 18604

onset effect; bisyllabic word naming; masked form priming; naming latency, 27517

orthographic priming; lexical decision; letter position; neighborhood distribution, 30680

orthographically overlapping prime words; word fragment completion task; blocking priming; lexical retrieval; word finding; lexical competitor; aging; young adults; older adults, 923

phonological priming; children; picture naming; stuttering; speech reaction time, 11123

Semantic Priming—Chapters

phonological priming; tip-of-the-tongue states; short-term plasticity; word retrieval; caffeine, 21962

phonological processing; pseudohomophones; developmental language disabilities; language processing deficits; lexical decision; semantic priming, 8095

prime word; stimulus evaluation; pronunciation task; affective priming; priming effect; target word, 18262

priming; non-speech vocalizations; male adults; speaker gender, 24430

proficient bilinguals; phonological priming; priming effect; balanced bilinguals; priming paradigm; target word, 18859

retrieval strategies; semantic associates; association encoding; voluntary retrieval; encoding deficits; memory tests; age effects; cued recall; level of processing; free association; priming, 30735

schizophrenia; pathophysiological mechanisms; disorganization syndrome; contextual information; language disorders; semantic priming; theory of mind; Bleulerian approach, 4625

schizophrenia; semantic priming; event-related brain potentials; language disorder; N400; haloperidol; attention; semantic memory, 7863

schizophrenia; thought disorder; acute psychotic state; psychotic episodes; semantic priming; hyperpriming; psychosis; comorbidity; psychiatric patients, 7868

second language experience; vocabulary skill; priming; strongly associated words; weakly associated words; lexical decisions, 24426

semantic activation; perceptual awareness; semantic priming; stimulus onset asynchronies, 6588

semantic activation; semantic priming; dopamine; levodopa, 9947

semantic context; schizophrenia; multiple remote primes, 25619

semantic distractor effects; phonological distractor effects; picture naming, 28005

semantic hyperpriming; normal aging; lexical decision; cognitive slowing; attention, 1034

semantic priming; automaticity; lexical decision; prime display, 366

semantic priming; episodic affective priming; naming responses; connotation, 24472

semantic priming; lexical decision; brain activity; event-related potential; words, 7069

semantic priming; normal readers; poor readers; reading ability; elementary school students, 18904

semantic priming; association strength; feature overlap; semantic memory, 18383

semantic processing; interhemispheric transfer; lexical decision; visual field; word association; semantic priming; stimulus onset, 9846

semantic relatedness; event-related potentials; semantic priming; noun processing; verb processing; word recognition; naming, 3785

semantic transparency; morphologically complex words; picture naming; morphological priming effects; picture-word interference, 27986

sentence recall; delayed recall; immediate recall; visually presented sentences; lure intrusion effect; phonological information; surface information; acoustic-sensory information; lexical priming, 24513

signal detection theory; semantic priming; word recognition, 3369

spatial distance effect; anaphor resolution; mental model; text comprehension; situation model; semantic priming; selective attention; spatial organization; anaphor referent; reading comprehension, 367

stereotypes; automotive model; directed forgetting; recall; forget cues; remember cues; category primes; explicit memory; implicit memory; words, 407

thematic integration processes; cognitive deficits; Broca's aphasia; Wernicke's aphasia; priming; syntax; semantics; pragmatics; lexical decision, 11282

thematic roles; language production; syntactic structure; sentences; priming; semantic information, 4030

vascular lesions; basal ganglia dysfunction; interstimulus interval; attentional engagement; semantic priming task; semantic processing; critical conditions; lexical processing; prime-target pairs, 4981

visual speech; amodal processing; priming; linguistic processing, 27460

word fragment; electrophysiological correlates; event-related brain potentials; serial visual presentation; semantic priming; repetition blindness; illusory words; processing level, 18257

word retrieval; preexisting associations; phonological mediated priming; new associations, 18877

Semantic Priming—Chapters

Masked priming across languages: An insight into bilingual lexical processing, 15309

The nature of masked onset priming effects in naming: A review, 15273

Reading morphologically complex words: Some thoughts from masked priming, 15321

- A retrospective view of masked priming: Toward a unified account of masked and long-term repetition priming, 15319
- Semantics [See Also Homonyms, Synonyms]—Serials**
acquisition order; semantic complexity; linguistic factors; syntactic function; wh question acquisition; English speaking 3 yr olds & their mothers, 941
adult age differences; judgments; semantic fit; English sentence frames; word alternatives; goodness of fit, 21964
Alzheimer's disease; semantic selection ability; semantic impairments; verb generation; selection demands; lexical fluency, 11302
Amharic; conceptual primitives; know; natural semantic metalanguage; think; understand; grammatical encoding; polysemy, 846
associative priming; facilitatory priming effects; inhibitory priming; associative relatedness; semantic relatedness; age; picture naming; competitor priming, 12677
block designs; semantic judgment; word frequency effect; brain regions; language; event-related fMRI, 3767
brain potential component N400; stimulus-response compatibility; task overlap; semantic activation, 30852
canonical form; sentence comprehension; syntactic structure; semantic role; frequency of usage; verb type; plausibility judgment; undergoer-subject sentences; aphasia, 8247
category size effect; semantic categorization decision; masked priming effects; word frequency, 27990
category-specificity; naming impairment; visuo-verbal disconnection; neuroanatomy; semantics; brain lesions, 11250
causation; causal models; lexical semantics; verbs, 4062
Chinese room argument; artificial intelligence; computationalism; cognitive science; essentialism; functionalism; indeterminacy; philosophy of mind; semantics, 12386
cognitive iconicity; conceptual spaces; meaning; gestures; signed languages; phonology; linguistics; morphology; grammatical classes; iconic representation, 31079
complex tool use; brain systems; semantic knowledge; functional neuroimaging; neural systems; cerebral hemisphere, 27747
construction grammar; aspectual coercion; modular grammatical architecture; semantic composition; syntax; coercion phenomena; morphosyntactic combination, 24882
contingent application; semantic relatedness; decision processes; choice dilemmas; risky outcomes; cancellation editing operation, 21326
criminal psychopaths; temporal lobe abnormalities; semantic processing; linguistics, 25928
cross-linguistic variation; cultural scripts; cognition; semantics; thinking; polysemy; natural semantic metalanguage theory, 848
deep dyslexia; semantics; auditory word association; visual word association, 8067
developmental deep dyslexia; Williams syndrome; semantic errors; lexical access; phonology, 13880
developmental differences; lexical processing; functional magnetic resonance imaging; neuroanatomy; orthography; phonology; semantics; audio & visual presentation, 358
distractor; recognition; stimulus discrimination; semantics; criterion shift, 30702
dual process model; conceptual combination; perception; semantic similarity; comparison; integration; attribution, 9648
dyslexia; number-word reading; event-related potentials; lexical access; semantic access; developmental reading problems, 9905
dyslexia; semantic errors; inhibition hypothesis; reading disorder, 22745
electrophysiology; event-related potentials; automatic early semantic processing; recognition potential, 9913
English; foreign language translation; linguistics; semantics, 853
ethnic categorization; face identity; ethnic decision; familiarity; semantic code, 33708
event related potentials; divided visual field; semantic processing; lexically ambiguous words; word meaning; hemispheric differences; cerebral hemispheres; N400 component, 7031
event related potentials; grammar; semantics; online semantic & grammatical gender categorization; noun pairs; release vs hold, 7080
event-related potentials; coherent representation; language comprehension; semantic information; negative deflection; sentence processing, 7894
event-related potentials; multiple brain networks; semantic comprehension; spatiotemporal source analysis, 33981
event-related potentials; semantic information processing; emotional facial expressions; cognitive psychology; cognitive process; semantic attribution; linguistics; N400; expectancy violation, 3408
face identification; biographical fact retrieval; proper names recall; semantic information; expertise; naming; children; adults, 28081
facial perception; misidentification; pictures; person recognition; encephalitis; frontal lobe function; semantic deficits; executive deficits, 29115
false memories; semantic associates; age differences; recall; critical lures; semantic activation processes; source monitoring; young adults; older adults, 15943
Featural and Unitary Semantic Space hypothesis; hypothesis testing; object words; action words; meaning representation; statistical model, 21976
fillers; language development; early childhood; English language; emergence of morphology; syntactic constructions; semantic constructions, 10180
focal lesions; non-word repetition; new words; serial recall; serial ordering mechanisms; semantic judgement; rhyme judgements; deaf children, 5093
gesture knowledge; semantics; focal left hemisphere lesions; ideomotor apraxia; ideational apraxia; picture naming; word-picture matching; manipulable objects; non-manipulable objects; animals, 8297
grammatical acquisition; infants; syntax; semantics, 31192
grammatical gender preservation; semantics; word production; German words, 12679
hemispheric asymmetry; spatially filtered stimuli; visual stimuli; spatial-frequency content; semantic category, 34075
hemispheric asymmetry; visual fields; multiple priming; convergent & divergent semantic priming; lexical ambiguity; lexical decision; semantic judgment, 6884
imageability effects; ease of prediction hypothesis; semantic features; memory retrieval, 4033
incremental existence; semantic relationship; objective semantic content; holistic meaning; Finnish existential sentence; cognitive semantic study, 7324
indefinite expressions; indefinite nouns; semantic domain; Japanese language, 13123
input modality; conceptual representation; words; pictures; auditory stimulation; visual stimulation; brain region activation, 24725
intended meanings; parental reformulation of child language errors; development; 2-4 yr olds, 903
item recognition memory; study time; study repetition; semantic & orthographic similarity; category length; receiver operating characteristics; constancy-of-slopes generalization; dual process model, 418
Jerry Fodor; inscrutability of reference; naturalized semantics; meaning; predicate compatibility relations; ontological homogeneity; semantic theories; predicate conjunction; natural semantics theory, 4060
Lakota postpositions; semantic cores; prototype effects; functional domains; semantic level; synonyms, 10110
language organization; cognitive functions; brain semantic processing; brain activation; fMRI; functional magnetic resonance imaging, 3791
laterality effects; novel objects; object recognition; left hemisphere; recognition subsystem; semantic associations; right hemisphere; viewpoint dependent performance; semantic processing, 27722
left inferior prefrontal cortex stimulation; episodic memory formation; semantic encoding; neural processes; brain, 18388
lexical semantics; verbs; temporal relations; verbal temporalization; verb semantics; storytelling system; Confucius, 36506
lexicality; morphological structure; semantic transparency; German verbs processing; visual on-line processing; off-line processing, 28016
license polarity; licensing costs; semantic integration; event-related brain potentials, 28012
linguistic meaning; ontological subjectivity; cognitive psychology; linguistic forms; mental life; meaning; pragmatics; semantics; emoticons; structuralism; epistemic objectivity; intentionality, 18857
linguistic unit analysis system; verbal instructions; linguistic complexity measurement; syntactic complexity; verbal length; linguistic structure; verbal comprehension, 9350
logic programs with ordered disjunction; problem solutions; semantic preferences; answer sets, 27204
logic; semantic theory; cognitive science; conditional reasoning, 27520
masked translation priming; semantic priming; bilingual lexical processing; bilingual lexicon; lexical decision; semantic categorization, 24876
meaning; pronunciation; decision-making; attention; graphic vs phonological vs semantic word relations; event related potentials; ERPs; Chinese words, 643
memory retrieval; episodic autobiographical memory; semantic autobiographical memory; Alzheimers disease; semantic dementia, 19998
metaphorical meanings; contrastive-cognitive analysis; semantic derogation; animal metaphor; conceptualization; English; Spanish; gender differences; cultural differences, 21960
mild depressive symptoms; verbal fluency; letter fluency; semantic fluency; older adults, 16413
monomorphemic words; semantics; orthography; priming, 28024
morphology; argument structure; lexical semantics; aut-prefixation; co-prefixation; prefixes; syntax; verbal base, 7315
naming; semantic representation; lexical access; bilinguals; language, 27987
Native American; East Cree; semantics; morphosyntax; cognition; thinking; Algonquian language, 850
negative priming; repetition priming; selective attention; semantic categorization; attentional instructions; stimulus duration; stimulus onset asynchrony; temporal presentation, 446
negative relationship behaviors; family-of-origin violence; intergenerational transmission; romantic relationships; semantic networks; violent homes; nonviolent homes, 25826
neural correlates; implicit object identification; semantics; cortical activations, 27775
noun phrase type; sentence complexity; self-paced reading; relative clauses; semantic characteristics, 24877
noun phrases; verb-argument structure; semantics; pragmatics; syntax; simple sentences; event-related potentials; online processing; animacy; verbs; sentences; P600; N400; electrophysiology, 15657
perceptual dimensions; tactile textures; texture perception; semantics; touch; tactile categorization; stimulus similarity, 325
perceptual priming; semantic categorization; repetition; written priming; spoken priming; pictures; orthography; phonology, 408
phonological maintenance; semantic maintenance; phonological information; neural activity regions; word meanings; working memory, 27791
phonology; morphology; syntax; lexical encoding; participant information; semantic selectivity; specificity role, 27981
prefrontal activity; name agreement; covert picture naming; overt picture naming; semantic retrieval; meaning, 27749
primary progressive aphasia; PPA; language dysfunction; language impairment; anomia; fluent PPA; nonfluent PPA; semantic dementia; neuropathology; nosology; Alzheimers disease, 5037
prosodic information; negative component; on-line processing; brain potentials; prosodic processing; semantic processing; French, 18310
prosody; lexical-semantics; event-related potentials; affective message, 34096
psycholinguistics; split intransitivity; Spanish; second language acquisition; verbs; semantics; college students, 26934
punctuation marks; language; syntactic construction; lexical items; modern Hebrew; written mode; syntactic construction; morpho-syntactic integration, 847
reading strategies; latent semantic analysis, 33132
reference price advertisements; consumer interpretations; semantic phrases, 33343
repetition priming; identification-production hypothesis; age differences; production priming; identification priming; stimulus identification; classification processes; semantic classification, 15977
rise fall contour intonation; semantics; pragmatics; multiple focus structure; sentences; contrastive topic hypothesis; rising pitch, 7340
Russian citizens; perceptions; Commonwealth of Independent States; Europe; world; psychosemantics, 10315
scene perception; attentional allocation; semantic influences; fixation, 30601
schizophrenia; false recognition; susceptibility; word recognition; semantic themes, 13626
schizophrenia; letter fluency; category fluency; semantic fluency, 4615
semantic ambiguity; reading aloud; semantic representations; words, 33821
semantic ambiguity; word recognition; lexical decision performance; lexical ambiguity; lexical decision; connectionist networks, 21037
semantic attributes; unrecalled words; semantic differential; evaluation; potency; activity; partial recall; memory retrieval; forgetting; know vs remember; attribute & item recall, 421
semantic category effect; emotional valence; picture naming; biological object; non biological object, 27975
semantic context; memory; verbs; nouns, 33806
semantic decision making; neural correlates; early Alzheimer's disease, 9881
semantic dementia; object decision; conceptual regularities; patients, 5055

semantic dementia; word recognition; object recognition; lexical decision; object decision; typicality; familiarity, 20045

semantic discrimination; semantic tasks; linguistic task; cerebellum; overt articulation; brain activation, 3809

semantic facilitation; lexical representations; language production; lexical access; phonology, 31059

semantic features; category specificity; Herpes encephalitis, 20049

semantic fluency task; language processing; verbal fluency; children; adults; developmental differences; language activation, 4101

semantic fluency; phonemic fluency; design fluency; early onset schizophrenia; verbal fluency; adolescents, 34883

semantic fluency; verbal fluency; perseveration; categories; words; letter fluency; working memory; frontal lobe function; memory load, 9630

semantic gender assignment rules; German; nouns; vocabulary; language, 28017

semantic impairments; semantic memory; conceptual knowledge; category specificity; verbs; prepositions; brain lesions, 1856

semantic information; disconnected hemispheres; split-brain patients; daily lives; corpus callosum, 24676

semantic integration; syntactic planning; language production; serial stack based systems; parallel activation based systems; memory shifting, 28020

semantic interference deficits; mild Alzheimer's disease; mild cognitive impairment; dementia, 11269

semantic judgement; rhyme judgement; profoundly deaf youngsters; phonology; grammar; visual judgement, 5090

semantic knowledge; Alzheimer's disease; specific-category effect; semantic priming, 20034

semantic knowledge; organisation; meaning evocation process, 24416

semantic organization; verbal memory efficiency; schizophrenia; free recall task, 19427

semantic processes; language reading comprehension; recognition processes; text processing skills; word recognition; English second language; higher-level syntactic, 10106

semantic processing; criminal psychopaths; temporal lobe abnormalities; linguistics, 25929

semantic processing; words; cognitive resources; N400; event related potentials; right hemisphere; semantic complexity level; female adults, 7064

semantic refractory access disorder; semantic organisation; proper nouns; person names; brand names; conceptual knowledge, 19965

semantic refractory access dysphasia; spoken word comprehension; matching-to-sample performance; visual processing; semantic processing; verbal comprehension; visual comprehension, 20072

semantic relatedness judgements; spatial iconicity, 18369

semantic relations; repetition; free recall; words; multiple sclerosis; recency effect; primacy effect, 8205

semantic relevance; semantic disorders; concept representation; semantic memory; models; category specificity, 18261

semantic representation; semantic illusions; lexical processing; literality; sentences; lexical access; interpretation based processing; metaphor comprehension, 18855

semantic representations; hemispheric asymmetries; neural network models; semantic processing; right hemispheres; foveal splitting; cerebral hemispheres; orthography, 15215

semantic representations; symbolic representations; arithmetic processing; simulated acquired dyscalculia; insights; brain-damaged patients, 20059

semantic retrieval; semantics; semantic association; neurophysiology; executive processes; prefrontal cortex; temporal lobe, 27770

semantic transparency; morphological processing; lexical decision making; morpheme, 27989

semantic variables; acoustic variables; phonetic variables; warning signal words, 9563

semantic word processing; global aphasia; cognitive function; word comprehension; left hemispheric redundancy recovery, 20079

semantics; cross-cultural style; US students; Hong Kong students; theories of reference; philosophical cases; cognitive differences, 24449

semantics; gesture; gesture classification; gesture comprehension, 24878

semantics; number word acquisition; linguistics; developmental perspectives; language development, 28077

semantics; optimization algorithm; ceteris paribus networks; preference elicitation; decision support applications, 27203

semantics; reference point concepts; document quality; background knowledge; patient information leaflets; quantifiers; evaluative adjectives; travel brochures; common ground; clarity; persuasiveness, 18884

sentence comprehension; semantic dementia; semantic knowledge; syntactic comprehension; syntax; semantics, 20044

sentence context; reading; Recognition Potential; semantic aspects; electrophysiology, 15661

sentence presentation; background stimuli; recognition potential; electrical brain response; semantic processing; stimulus probability; stimulus onset asynchrony, 27817

sex differences; lexical access; lexical store size; semantic fluency; category fluency; fluency consistency; semantic categories, 9664

shallow semantic processing; text processing; skilled readers; less skilled readers; noun phrases; mental representation, 24496

single letter coloring; spatial cuing; Stroop effect; semantic processing, 33663

social status; number representations; mental representations; semantic distance, 31525

source attribution; semantic categories; trace strength; memory origins; quantitative cues; qualitative cues; diagnosticity, 30712

specific language impairments; phonology; semantics; past tense, 28967

speech production; semantic form representations; planning scope; noun phrase production; short-term memory; memory deficits, 19979

speeded naming; visual word naming; lexical decision; visual word recognition; young adults; older adults; phonological features; semantic variables; words; lexical variables, 21325

spoken sentence production; horizontal information flow; picture word interference; temporal overlap; word activation; semantic information; phonological information, 18875

syllabic reasoning; semantics; quantification; generalized quantifiers; monotonicity; theories; logical thinking; inference, 3365

syllabic reasoning; semantics; quantification; generalized quantifiers; monotonicity; theories; logical thinking; inference, 3354

syntactic dependencies; grammatical structures; cognitive characterisation; morphosyntactic categories; semantics, 18347

syntactic processes; brain areas; superior temporal cortex; sentence comprehension; left inferior frontal cortex; semantic process, 3636

syntax; epistemology; Spanish; Guatemalan children; non-consciousness; non co-reference; language acquisition; semantic restriction; syntactic configurations; pronouns, 928

temporal lobe abnormalities; semantic processing; criminal psychopaths; linguistics, 19721

type shifting verbs; context effects; verb processing; lexical semantics, 27984

verbal fluency performance; focal cortical lesions; frontal injuries; phonemic fluency deficits, 19990

verbal fluency; dementia of the Alzheimer's type; phonemic fluency; semantic fluency, 29127

verbal fluency; Greek population; semantic fluency; phonemic fluency; clustering; switching, 18867

verbal fluency; Parkinson's disease; semantic fluency; phonemic fluency; test sensitivity, 29126

verbal fluency; unilateral pallidotomy; Parkinson's Disease; clustering; switching; phonemic fluency; semantic fluency, 8234

verbal fluency; word retrieval; semantics; lexical processes; semantic organization; brain lesions; cognitive processes; frontal lobe; priming, 9681

verbal processing; alcohol intoxication; prelexical aspects; semantic aspects; mnemonic aspects; central physiologic systems; autonomic physiologic systems, 34167

visual information; auditory information; linguistic context; facial information; semantic information; nonsilent fricatives, 9611

Western music; meaning; historical development; culturally disseminated memes; cultural assimilation; cross-modal integration; cultural origins; identity; meaning; cultural invention; semantic systems, 21945

word acquisition; visual word processing; semantic hypothesis; age effects, 12639

word associations; pictures; words; semantic organization, 18356

word meaning; hemispheric lesion; metaphoric meaning; brain damage; semantic meaning, 4997

word meanings; reading; computational model; connectionist principles; visual processes; phonological processes; orthography; cooperative division of labor, 27501

word retrieval deficits; contextual priming; word-finding disorders; semantics; phonological context; naming impairments treatment, 29820

Semantics [See Also Homonyms, Synonyms]—Chapters
The mechanics of masked priming, 15270

Semicircular Canals—Serials

vestibular nerve; horizontal semicircular canal ampulla; horseradish peroxidase; HRP; vestibular nucleus; cochlear nuclei; central projections; amniotes; Mongolian gerbil, 6956

Semiotics [See Also Pragmatics]—Serials

aspects selection; negation; stative situation; energy input; Mandarin Chinese, 7327

corporate communication; visual element; organizational effectiveness; social semiotic theory; visual communication; written communication; decision making, 33308

DEMO methodology; organisational modelling; knowledge information system; organisational infrastructure; organisational behaviour; business processes; norms, 6043

nonhuman primate vocalizations; evolutionary history; symbolic development; vocal communication; cultural processes; symbolic function; theory of mind, 18523

reading strategies; hypermedia; communicative effectiveness; scientific knowledge; hypertextual transpositions; text comprehension; semiotics, 9243

semiotic analysis; golf; scorecard language; sexism, 16196

semiotics; creation; Iovis; body poetics; myths; poetry; history; people psychology; speech; language; sexuality; American psychology, 4014

semiotics; signs; perception; interpretation; cultural perception; natural perception, 31464

therapeutic dialogues; collaborative language systems; semiotic phenomenology; existential phenomenology; communicology, 35378

Semiotics [See Also Pragmatics]—Books

Vygotsky's and A. A. Leontiev's semiotics and psycholinguistics: Applications for education, second language acquisition, and theories of language, 10115

Semiotics [See Also Pragmatics]—Chapters

A semiotic look at modeling behavior, 23847

Senile Dementia—Serials

cognitive decline; dementia; cognitive impairment; natural history; old age; memory problems, 16059

quetiapine treatment; psychological symptoms; behavioral symptoms; senile dementia of Alzheimer type, 26365

Sensation [See Perception]**Sensation Seeking—Serials**

adolescent sexual risk taking; self regulation; attraction to risk; adolescent development; risk proneness; sexual behaviors; choices; peer pressure, 1007

Arnett Inventory of Sensation Seeking; social desirability; occupational change; achievement motivation, 1271

behavioral correlates; biological correlates; sensation seeking, 25379

Brief Sensation Seeking Scale; holiday preferences; psychometric properties; prediction, 9388

cocaine; impulsivity; substance abuse; aggression; sensation seeking; addiction severity, 8020

curiosity; personal growth; self-regulation; novelty-seeking; Curiosity and Exploration Inventory; psychometrics; test validity; test construction, 24212

delinquency; social competence; incarcerated girls; agreeableness; conscientiousness; sensation-seeking behavior; extraversion; personality, 1687

egocentrism; risk perceptions; sensation seeking; smoking & nonsmoking adolescents, 34326

future orientation; impulsive sensation seeking; alcohol problems; alcohol use; cigarette smoking; marijuana use; hard drug use; health outcomes; risk behavior; sexual risk taking; condom use, 25485

HIV infection; sexual risk behavior; dyadic trust; sensation seeking; sexual imposition, 32121

hostility-aggressiveness; sensation seeking; sex hormones; men, 24749

impulsive sensation seeking; gender; gambling; interest; participation, 1262

impulsiveness; sensation seeking; coping; substance use; impulsivity; avoidance coping; emotional outlets; distraction; humor; gamblers; gender differences; intensity seeking, 13710

infralimbic D1 receptor agonist; spontaneous novelty exploration; mice; ventromedial prefrontal cortex; anti-predator defensive responding; anxiety-like defensive responding, 24856

intrasexual competition; individual differences; sensation seeking; mating effort; sexual partners; age differences; sex differences; undergraduate students, 13496

mass media; drug prevention campaigns; sensation seekers, 11741

morphine place conditioning; susceptibility; stress-induced locomotion; novelty-seeking behavior; open field behavior; juvenile rats; adult rats, 800

novelty seeking; adulthood; external sensation type; internal sensation type; external cognitive types; internal cognitive types, 31119

parental behaviour; sensation seeking; sensation-seeking subscales; high school students; assortative mating; parental control; family study; parental characteristics, 1236

pathological gambling; personality traits; pathological gamblers; sensation seeking; gratification deferment; risk factors; competitiveness; personality correlates, 25832

predictors; violent media use; sensation seeking; alienation; aggression; 8th graders; adolescents; violent film; internet websites; computer games; video games, 16033

risk perception; tourist roles; international tourism; familiarity seeking, 12325

risk taking; offender profiling; risky behavior; sensation seeking; military personnel, 27145

sensation seeking; deliberation; risk taking activities; college students; decision making, 13472

sensation seeking; pathological gamblers; slot machines; assessment; personality, 13697

sensation seeking; risk taking; driving; mortality salience, 7701

sensation seeking; shyness; sociability; substance use; US; Canada; prediction, 28875

sex; perception of attractiveness; sensation seeking; sexually transmitted diseases, 25229

surfing; golf; socially acceptable risk-taking; sensation seeking; experience seeking; personality characteristics; experience openness; participation motives; risky sports, 14806

Sense Organs [See Also Ear (Anatomy), Eye (Anatomy), Taste Buds]—Serials

ensemble neuronal activity; primary somatosensory cortex; tactile discrimination task; passive; active; whisker stimulation; tactile signal processing; layer specific functional differences, 27753

motion perception; sensory modalities; stationary stimuli; moving stimuli; multisensory integration; movement perception; motion processing, 12584

sense of agency; perceptual identification; misidentification; physical action; cognitive processes; action awareness; schizophrenia, 33685

sense organs; environmental conditions; central nervous system; relative brain size; adaptive strategy; predation, 27752

spiking proprioceptors; crustacean legs; simple motor system; crab leg; thoracic-coxal muscle receptor organ; chordotonal organ afferents, 21501

spiking proprioceptors; crustacean legs; white noise; thoracic-coxal muscle receptor organ, 21498

Sensitivity (Drugs) [See Drug Sensitivity]

Sensitivity (Personality)—Serials

anticipatory anxiety; trait anxiety sensitivity; children; adolescents; pain responses, 25070

Anxiety Sensitivity Index—Revised; psychometric properties; factor structure, 6287

behavioral development; social development; extremely premature children; intellectual ability; parental sensitivity, 31107

Carl Jung; innate sensitiveness; negative childhood experiences; infantile fantasies; neurosis, 25690

disgust sensitivity; meat consumption; moral vegetarianism; health vegetarians; meat avoidance; personality trait; emotivist account; moral reasoning; emotional reaction; propositional reasoning, 4431

distributive decisions; experimental games; justice sensitivity; injustice; judgment; personality disposition, 19115

emotional distress; negative emotions; self-control behavior; sensitivity; punishment; neuroticism; depression; anxiety; personality traits, 10614

factorial structure; Anxiety Sensitivity Index; adults; gender differences, 33515

gender differences; Childhood Anxiety Sensitivity Index; anxiety sensitivity; children; adolescents; hierarchical structure, 33495

identity perspective; intergroup sensitivity effect; group criticism; ingroup members; outsiders; social identity; source experience level; Australians, 13432

inhibitory difficulties; anxiety sensitivity; threat perception; homographs; meaning, 28446

interparental conflict; emotional reactions; adolescents; childhood; conflict sensitization; social-cognitive reactions; gender differences; sensitization hypothesis, 25011

interpersonal acceptance; rejection sensitivity; emotion; self perception; emotional reactions; social acceptance; social rejection, 10490

interpersonal sensitivity; anxiety disorders; major depression, 22519

maternal reactivity; maternal sensitivity; infant emotionality; negative emotionality; positive emotionality; maternal depression; maternal anxiety; social support; primiparous mothers; infants, 10403

maternal sensitivity; infant crying; infant fussing; infant contented behavior; social support, 28274

narcissistic vulnerability; affect; emotional availability; therapeutic process; group psychotherapy, 8451

need to belong; social relationships; social cues; individual differences; social connectedness, 34639

neuroendocrine reactivity; post traumatic stress disorder; childhood sexual abuse; responsibility to stress, 25720

preserve teachers; sensitivity; responsibility; early childhood special education; teacher-child interactions; disabilities, 5831

psychometric properties; Childhood Anxiety Sensitivity Index; anxiety sensitivity; African American; elementary school children; test validity, 21145

psychomotor performance; computerized assessment; pursuit rotor task; human performance; task sensitivity; reliability; alcohol induced impairment, 6242

reinforcement sensitivity theory; emotional information processing; separable subsystems hypothesis; joint subsystem hypothesis; impulsivity; anxiety, 31571

Sensitivity to Punishment and Sensitivity to Reward Questionnaire; behavioral inhibition system; behavioral approach system; self report measure; factor structure; confirmatory factor analysis, 33531

sexual satisfaction; sexual excitability; sexual experiences; sexual anxiety; curiosity; sensitivity to reward; sensitivity to punishment; media, 10565

Sensitivity Training—Serials

women's health; domestic violence; interviewer training; interviewer selection; methodology, 32910

Sensitization (Protein) [See Anaphylactic Shock]

Sensitization Repression [See Repression Sensitization]

Sensorially Handicapped [See Sensory System Disorders]

Sensorimotor Development [See Perceptual Motor Development]

Sensorimotor Measures—Serials

sensorimotor task; hand configuration; Parkinson's disease; basal ganglia; hand grasping; motor performance, 8304

Sensorimotor Measures—Chapters

The evolution of the concept of interhemispheric relay time, 15610

Interhemispheric visuomotor activation: Spatiotemporal electrophysiology related to reaction time, 15682

Sensorimotor Processes [See Perceptual Motor Processes]

Sensorineural Hearing Loss [See Hearing Disorders]

Sensory Adaptation [See Also Light Adaptation, Orienting Reflex, Orienting Responses]—Serials

action; number representation; space representation; visuomotor adaptation; mental number bisection; unilateral neglect; visual goals, 2186

auditory adaptation; contrast; ipsilateral comparison paradigm; loudness adaptation, 6540

auditory cortical plasticity; auditory cortex; electric cochlear implant stimulation; sensory adaptation; cochlear prostheses; sound perception restoration; deaf adults; deaf children, 9907

cones; chromaticity; color system; color adaptation; cardinal axis; chromaticity; post receptor processes, 6523

dual prism adaptation; prismatic displacement; sensory information; dimensional mapping; spatial representations, 6560

dyslexia; binocular vision; motor dissociated phorias; sensory adaptations; dyslexic symptoms; motor deviations; reading problems; writing problems; dyslexic readers; binocular anomalies, 1713

influence of learning; evolution of sensors; learning duration; individual adaptation; cognitive economy learning; fitness; genetic algorithm, 12380

medial geniculate nucleus; interaural time differences; auditory cortex; inferior colliculus; adaptive plasticity; auditory thalamic neurons; juvenile barn owls, 21641

motion adaptation shifts; motion aftereffect; perceived motion; eye movements; frame of reference; speed of flash; monocular vs binocular vision; interocular transfer; spatial position perception, 6532

peripheral target detection; adaptation; visual disappearance phenomena; visual stimuli, 27464

perirhinal cortex; layers ii/iii; hippocampal formation; incoming information; associative function; sensory information; lateral amygdaloid; amygdaloid nucleus; entorhinal cortex; sensory input, 21610

prism adaptation; PA; neglect with prisms; right hemisphere strokes; superior temporal gyrus; STG; hemispatial neglect; contralateral unawareness; tactile perception; parietal lesions, 17149

prism adaptation; space representation; visual representations; cognitive integration; proprioceptive shift; displacing prisms; rightward shift; visual neglect, 30577

prismatic adaptation; tactile perception; tactile inattention; stroke patients; visuospatial neglect; tactile extinction; unilateral neglect; motor responses; prismatic lenses, 17109

sensory enhancement; loudness; visual stimulation; concurrent light presentation; white noise, 33694

Sensory Adaptation [See Also Light Adaptation, Orienting Reflex, Orienting Responses]—Books

Being there: Concepts, effects and measurements of user presence in synthetic environments, 3057

Sensory Deprivation—Serials

developmental sensory deprivation; developmental motor deprivation; adult rat; somatosensory cortex; cortical development, 6882

long-term depression; cortical map plasticity; sensory deprivation; cortical synapses; whisker deprivation; rats; somatosensory cortex, 21528

multiple-schedule behavioral contrast; deprivation; time in session; multiple variable interval; within-session changes in responding; pigeons, 27624

normal visual input; monocular deprivation; binocular input; deprivation-induced acuity loss; central visual pathway; visual cortex; kittens, 12938

switch time-point; experience-dependent changes; zinc-containing circuits; mouse barrel cortex; sensory deprivation; postnatal age; adult mice; vibrissae, 3619

visual deprivation effects; visual cortex; striate cortex; astrocytic population; astrocytes; vascular network; non-sensory area; retrosplenial granular cortex; striate cortex, 21533

Sensory Feedback [See Also Auditory Feedback, Visual Feedback]—Serials

cardiovascular system; exercise; emotional stress; body phobia; cognitive behavioral treatment; body consciousness; heart rate; schizophrenic disorder; sensory feedback; inkblot, 16352

isotropic sequence order learning; temporal sequence learning; sensor-motor feedback; algorithm; reflex reaction; unsupervised behavioral paradigm, 17965

negative feedback regulation; olfactory system; olfactory neurons; olfactory receptors; olfactory genes; DNA region; olfactory bulb; mice, 9887

skin conductance responses; enhanced feeling; vicarious; movement; sensory feedback; social cues; hearing; vision; orientation cues, 21251

timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 3361

timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 371

visual input; postural control; control mechanisms; lumbar spine; sitting posture; sensory feedback, 6565

visual masking; aging; sensory factors; focal attention; target clarity; stimulus contrast; visual representations; stimulus quality, 15932

Sensory Gating—Serials

altered prepulse inhibition; cytosine arabinoside; sensorimotor gating deficits; schizophrenia; neurocognitive deficits; neurodevelopmental hypothesis; apomorphine; phencyclidine; acoustic startle, 27877

amphetamine; sensitization; animal model; schizophrenia; acoustic startle response; prepulse inhibition; locomotor activity; locomotor response, 7266

antipsychotic medications; preventive strategies; healthy participants; olanzapine; sensory gating, 14133

attention deficit hyperactivity disorder; temporal mechanism; children; rapid visual presentation; serial signal detection; attentional blink; attention gate; closing speed; attention impairment, 19757

central information processing; gating; auditory evoked potential; schizophrenia, 24721

clozapine; antipsychotic drugs; schizophrenic patients; P50 suppression, 28685

clozapine; D-amphetamine; auditory gating disruption; rats; drug effects; auditory evoked potential, 27901

convergent somatosensory subsystem; neural elements; pain mechanisms; central processing; convergent somatic activity; gate control theory; homeostatic emotion, 6475

DMXB; nicotinic receptor agonist; GTS-21; auditory gating; social isolation, 3952

G-protein; signaling pathways; forebrain; receptor coupling; transgenic mice; startle response; prepulse inhibition; pathway overstimulation; sensorimotor gating; dopamine receptors; molecular changes, 18570

information processing; schizophrenia patients; atypical antipsychotic medications; sensory gating deficits; mid-latency evoked responses, 25615

object-based attention; spatial focus; exogenous cues; endogenous cues; space-based attention; attentional focus; spread attention; focused attention, 444

P50 sensory gating; adolescent; schizophrenia; auditory evoked potential; neurobiological trait; high risk offspring, 19482

P50 suppression; auditory event-related potentials; individual differences; social withdrawal behaviors, 12774

prepulse facilitation; prepulse inhibition; schizophrenia patients; siblings; sensorimotor gating, 19500

prepulse-elicited startle; acoustic startle reflex; psychiatric disorders; prepulse inhibition; prepulse intensity; sensorimotor gating process, 10700

puberty; adult; cannabinoid agonist; animal development; sensorimotor gating; recognition memory; progressive ratio operant behavior; locomotor activity; prepulse inhibition; haloperidol; rats, 778
receptor antagonist; mice; apomorphine; prepulse inhibition; acoustic startle response; sensorimotor gating; rats, 27919
schizophrenia; color-pattern implicit learning; memory impairment; auditory evoked potential; sensory gating; P50; implicit memory; explicit memory, 19454
schizophrenia; schizotypal personality; sensory gating; somatosensory evoked potentials; anhedonia; somatosensory information processing; SEP P50 gating, 19420
selective vs nonselective attentional processes; prepulse inhibition; acoustic startle response; eyeblink reflex; sensorimotor gating, 9727
sensory gating; post-traumatic stress disorder; urban violence; auditory mid-latency evoked potential; schizophrenia, 16453
sensory gating; psychosis; schizophrenia; hebephrenia, 19490
somatosensory processing; tonic muscle pain; proprioception loss; motor defensive strategies; stimulus perception; somatosensory evoked potentials; sensory gating, 7071
transgenic vs wild type mice; overexpression of corticotropin-releasing factor; sensorimotor gating; startle gating; prepulse inhibition; haloperidol; risperidone; clozapine; chlordiazepoxide, 715
Sensory Integration—Serials
abnormal cutaneous motor integration; sensorimotor interactions; electrical stimulation; fingers; motor evoked potentials; cerebellar syndromes, 16831
audiovisual integration; temporal perception; auditory flutter; visual flicker; stimulus change; stimulus frequency, 327
auditory motion; multisensory integration; tactile motion; visual signals; auditory signals; motion perception; congruency effects, 33700
childhood autism; developing effective programs; sensory integration; intervention programs; visual impairment; blindness, 36218
cortical modulation; whole body movements; brain damage; hemispatial neglect; right brain; left brain; lesions; visual information; somatosensory information; vestibular information; integration, 5049
dot arrays interval; visual short-term memory; time window; array integration; temporal window; visual image integration; visual search; probe task; memory, 24501
eye position; primary auditory cortex; spatial sensitivity; neurons; visual pathways; rhesus monkeys, 3732
feedback projections; multisensory integration; spatial awareness; visual consciousness; primary visual cortex, 34009
grip force control; unilateral cerebral lesions; object manipulation; fine motor deficits; cerebral lesions; sensorimotor processing; cerebral stroke, 16718
humanistic intelligence devices; tactile vision substitution; blind; sensory plasticity; brain plasticity; skin stimulator arrays; tongue-based machine interfaces; human-machine interface, 6124
inertial cues; environmental layout; sensory modalities; angular acceleration, 18366
integration of sensorimotor systems; inhibition mechanism; additive mechanism; optomotor reflex; sound-localizing robot; cricket behavior; algorithms; neural networks, 12389
interhemispheric visuo-motor integration; neural correlates; reaction time; crossed responses; uncrossed responses; crossed-uncrossed difference; cerebral cortex, 12846
low-pass filtered images; audiovisual speech perception; spatial frequency spectrum; auditory intelligibility; spatial resolution, 33669
McGurk effect; automaticity assessment; audiovisual speech integration; speeded classification task, 24376
motion perception; sensory modalities; stationary stimuli; moving stimuli; multisensory integration; movement perception; motion processing, 12584
multisensory modalities; motion perception; neuroimaging; neuropsychology; neural substrates; psychophysical paradigms; spatiotemporal constraints, 3712
parietal cortex; neural coding; flexible control of behavior; sensory information; non-human primates; parietal neurons; attention, 15474
reflexive responses; voluntary control; eye movements; competing saccade programs, 21598
right brain damage from stroke; representation of personal space; sensory cross modal effects; expectancy of being touched; visuotactile stimulation, 1841
sensorimotor integration; speech perception; ventro-rostral monkey premotor cortex; visual information; goal-directed motor representations; hand movement; F5 premotor neurons; acoustic information, 6650

sensorimotor transformations; cortical motor areas; sensory signals; primary motor cortex; neurons; ventral premotor cortex; muscle activity; cortical processing, 15279
sensory integration; grasping; object size; visual information; haptic information; task requirements, 24413
sensory-emotional integration; impairment; violence; adolescent sex offender; social risk factors; executive neuropsychological functioning; emotional numbing, 11061
sentence context; visual speech cues; auditory speech cues; cognitive variables; McGurk illusion; sensory inputs; audiovisual integration process, 33678
single-unit activities; auditory cortex neurons; common marmoset; callithrix jacchus; self-initiated vocalizations; sensory-motor interaction, 21576
spectral integration; stimulus components; receptive field; primary auditory cortex; marmosets; neuronal tuning characteristics, 15519
spectrotemporal window of integration; auditory information; human brain; acoustic information; short term temporal integration; frequency integration; electric mismatch negativity, 6988
speech perception; cerebral lateralization; asymmetric sampling in time; speech signals; temporal integration; hemispheric symmetry; auditory cortex, 9877
speech perception; speech gesture information; auditory speech signal; multisensory integration; brain activity; visual speech movement; place of articulation, 24657
tactile matching; visual matching; cross-modal shape matching; sensory pathways; shape information; MRI; neural representation; integration, 15568
time to contact; information integration; pictorial depth cues; depth cues; visual perception, 24424
time to contact; information integration; pictorial depth cues; depth cues; visual perception, 364
vision; manipulation; humanoid robotics; object segmentation; epigenesis; brain, 17998
visual short-term memory; integrated representation; retrieval context, 33859
visuotactile perception of texture; multisensory integration; texture discrimination; response bias; performance; attention, 321
Sensory Integration—Books
The parallel brain: The cognitive neuroscience of the corpus callosum, 15607
Sensory Integration—Chapters
The evolution of the concept of interhemispheric relay time, 15610
Functions of the corpus callosum as derived from split-chiasm studies in cats, 15633
Navigation in neglect patients, 23042
Sensorimotor integration in the split brain, 15644
Spatial extinction and its relation to mechanisms of normal attention, 23037
Stable and variable aspects of callosal channels: Lessons from partial disconnection, 15623
Sensory Neglect—Serials
action; number representation; space representation; visuomotor adaptation; mental number bisection; unilateral neglect; visual goals, 26186
anisometry; space representation; neglect dyslexia; space perception; contralesional space; space distortion; brain damaged patients, 22994
attention; visual neglect; contralesional visual stimuli; spatial deficits; spatiotemporal dynamics, 29128
attentional bias; unilateral hemispheric damage; spatial neglect; right hemisphere; left hemisphere; greyscales task; stroke; brain lesions, 11278
caloric stimulation; differential performance; right-hemisphere lesions; contralesional neglect; line bisection tasks; intentional neglect; attentional neglect, 4960
contralesional targets; perseverative behavior; ipsilesional targets; unilateral neglect; target cancellation task; right brain-damaged patients, 8220
cortical modulation; whole body movements; brain damage; hemispatial neglect; right brain; left brain; lesions; visual information; somatosensory information; vestibular information; integration, 5049
crossed aphasia; spatial neglect; visual imperception; visual spatial disorders; aneurysms, 11285
goal-directed movements; spatial neglect; spatial representations; substantial differences; space representation; exploratory behavior; pointing movements; hand movements, 569
hemi-motor impairments; hemi-spatial impairments; Parkinsons disease; monkeys; unilateral lesions; nigrostriatal dopamine, 21643
hemineglect; recovered hemineglect; eye movements; oculomotor deficits; exploratory deficits, 29167
hemineglect; tonic inhibition; temporo-parieto-occipital lesion; brain; corticothalamic interaction; damaged cortex, 27715
hemispatial neglect; centre perception; neglect patients; difference zone, 26156

hemispherectomy; contralateral hemianopia; line bisection; visual field; cerebral asymmetry; lateralization; pseudoneglect; neglect, 19988
hemispheric asymmetries; cognitive modeling; unilateral visual neglect; cognitive disorders; line bisection task; nervous system connectivity; neural network simulation, 16800
human brain; infants; perinatal focal brain lesions; unilateral damage; hemispatial neglect; young children, 5074
ipsilesional cues; line-bisection errors; unilateral neglect; predictive value, 8212
ipsilesional neglect; imaginal space; left-brain damaged patient; contralesional neglect, 19961
landmark task; unilateral neglect; spatial cognition; perceptual bias; response bias, 29183
left visual neglect patients; motor response; preserved obstacle avoidance; reaching; stroke patients, 22892
neglect dyslexia; prism adaptation; ocular scanning; brain-damaged patients; eye movements; eye fixation, 29091
neglect patients; spatial bias; personal personal spaces; extra-personal spaces; subjective straight-ahead, 20041
object-centred neglect; non-verbal visual stimuli; neglect patients, 19340
optometric management; unilateral spatial inattention; visual neglect; stroke; traumatic brain injury; parietal cortex, 32563
personal neglect disorder; crossed aphasia; finger agnosia; acalculia; cerebral damage; right/left confusion, 1861
prism adaptation; PA; neglect with prisms; right hemisphere strokes; superior temporal gyrus; STG; hemispatial neglect; contralesional unawareness; tactile perception; parietal lesions, 17149
prism adaptation; space representation; visual representations; cognitive integration; proprioceptive shift; displacing prisms; rightward shift; visual neglect, 30577
prismatic adaptation; tactile perception; tactile inattention; stroke patients; visuospatial neglect; tactile extinction; unilateral neglect; motor responses; prismatic lenses, 17109
right frontal lesion; left neglect; constructional allochiria; left; right; transposition; drawing, 29120
right hemisphere lesions; brain-damaged patient; visual neglect; hemianopia; visual field perception; neglected attention; spatial perception, 8211
right hemisphere; strokes; discrimination task; stimulus-centered; left neglect; body-centered left neglect; spatial attentional systems; brain; attentional systems, 16806
saccadic eye movements; saccades; voluntary vs stimulus-driven saccades; spatial neglect; brain lesions; eye-centered deficit, 5096
sensory neglect; anisometry; visual search tasks; spatial relations; distortion, 32207
space-based neglect; object-based neglect; perceptual parsing; spatial neglect; dissociating; copying task, 29168
space-based neglect; object-based neglect; perceptual parsing; spatial neglect; dissociating; copying task, 20036
spatial coordinates; trunk centered coordinates; head centered coordinates; left; right; leftward neglect; pseudoneglect; mirror reversed images; greyscale stimuli; perceptual asymmetries, 6518
spatial hemineglect disorder; rehabilitation; optokinetic stimulation, 29763
spatial neglect detection; right hemisphere stroke; chronic phase; copying task; residual symptoms; neglect patients; acute phase; contralesionally located items; neglect patients; multi-object scene, 20001
spatio-temporal brain activation; line bisection judgments; double simultaneous visual stimulation; visuo-spatial neglect, 24724
spoken language; emphatic stress; spatial deficit; subject verb object sentence; brain damaged patients; auditory language; space, 8294
temporary visuo-spatial storage; short-term visual memory; representational neglect; visuo-spatial transformations; representational unilateral neglect; visuo-spatial working memory, 29107
unilateral neglect; neglect-like symptoms; visuo-spatial neglect; clinical evaluation; stroke population; clinical signs; personal neglect; anosognosia; behavioural abnormalities, 14967
unilateral spatial neglect; brain lesions; line bisection; attention, 8259
unilateral spatial neglect; right inferior parietal cortectomy; brain damage; lesions; refractory epilepsy; parietal operculum, 26143
unilateral spatial neglect; self-instructional training; tactile stimulation of affected hand; therapy; stroke, 2492
visual extinction; brain-damaged patients; attentional systems; voluntary allocation; cortical substrates; lesion site; human brain; attentional processes, 12848
visual neglect; hemianopia; posterior-parietal brain damage; visual loss; perimetry; visual fields; performance, 8285
visuo-spatial amelioration; prism adaptation; eye movements; patients; visual neglect; reading task, 20080

visuospatial cognition: brain representation; object-centered space; monkeys; humans; neural maps; neurons; hemispatial neglect; visual abilities, 8287

visuospatial neglect; attention; gradations of attention; stroke; visual scanning, 11210

word stress location; neglect dyslexia; lexical stress, 11096

Sensory Neglect—Books
The cognitive and neural bases of spatial neglect, 23022

Sensory Neglect—Chapters
Coding near and far space, 23024

Cognitive routes to the rehabilitation of unilateral neglect, 23607

The contribution of retinotopic and multimodal coding of space to horizontal space misrepresentation in neglect and hemianopia, 23029

The exploration of space and objects in neglect, 23041

Functional anatomy of attention and neglect: From neurons to networks, 23038

Illusions in neglect, illusions of neglect, 23044

Mapping spatial attention with reaction time in neglect patients, 23036

Navigation in neglect patients, 23042

Neglect in monkeys: Effect of permanent and reversible lesions, 21724

The neurobehavioral analysis of visuospatial attention in the rat, 21722

Perceptual and motor interaction in unilateral spatial neglect, 23035

Perceptual and visuomotor processing in spatial neglect, 23039

Posterior parietal networks encoding visual space, 23031

Primary sensory deficits after right brain damage—An attentional disorder by any other name?, 23033

Reducing spatial neglect by visual and other sensory manipulation: Noncognitive (physiological) routes to the rehabilitation of a cognitive disorder, 23608

The role of spatial working memory deficits in pathological search by neglect patients, 23030

Space anisometry in unilateral neglect, 23025

Spatial anisometry and representational release in neglect, 23026

Spatial neglect, 23034

Two neural systems for visual orienting and the pathophysiology of unilateral spatial neglect, 23027

Unconscious processing in neglect, 21259

What is left? when all is said and done? Spatial coding and hemispatial neglect, 23023

Sensory Neurons [See Also Auditory Neurons, Baroreceptors, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Taste Buds, Thermoreceptors]—Serials
alertness; chemosensory function; cognitive function; neural disorders, 18771

axonal projections; olfactory epithelium; olfactory bulb; glomeruli; expressed odorant receptor; gene-targeted mice; glomerular maturation; sensory input, 27808

center-surround inhibition; neurons; sensory processing; olfactory bulb glomeruli; short axon cells; periglomerular cells; odors; mice, 6837

corollary discharge mechanism; central auditory processing; singing cricket; auditory system; auditory interneuron; self-generated acoustic stimulation; auditory afferent neurons, 15562

cutaneous flutter stimulation; neuron response; response dynamics; anesthetized monkeys & cats; discharge activity; stimulus frequency; skin displacement; cortical response; response pattern, 3808

cytoskeletal protein; mammalian adducins; phosphorylation; protein kinase; synapses; sensory neurons; motor neurons, 21589

ensemble neuronal activity; primary somatosensory cortex; tactile discrimination task; passive; active; whisker stimulation; tactile signal processing; layer specific functional differences, 27753

feedforward cortical networks; action potential propagation; model networks; neuronal modeling; sensory information; synchrony, 15576

frontal brain regions; auditory pathways; sensory systems; functional homologies; auditory system; visual system, 15509

gastric vagal trunks; cerebellar fastigial nucleus; glycemia-sensitive neurons; lateral hypothalamic area; intravenous glucose application; visceral response; food intake; rats; afferent inputs, 3735

hair cells; inner ear; afferent connections; sensory epithelia; primary neurons; molecular nature; vestibular neurons; spiral neurons; neurogenin 1; ngn1; null mutation, 6892

hair cells; sensory cells; ganglion neurons; basilar membrane; cochlea innervation; complex sound waves; electrical neural activity; auditory nerve; tectorial membrane; Corti; cell types, 6976

mammalian olfactory system; olfactory neurons; olfactory receptors; olfactory genes; olfactory protein; odor identity; olfactory bulb, 9856

mechanoreceptors; myelinated nociceptors; substantia gelatinosa; neonatal hypersensitivity; skin sensory neurons, 12900

negative feedback regulation; olfactory system; olfactory neurons; olfactory receptors; olfactory genes; DNA region; olfactory bulb; mice, 9887

neural controller; robotic arm; grasping; tactile sensors; sensory motor coordination, 36513

olfaction; odorant receptors; scents; sensory system; ligands; odors; fruitflies; chemical environment, 30919

olfactory marker protein gene; behavioral phenotype; olfactory signal transduction; recombinant adenoviral vector; odorant threshold sensitivity; behavioral function; mice, 21513

olfactory representations; antennal lobe; olfactory sensory neurons; odor responses; molecular genetics; drosophila, 12898

olfactory system; null mutation; vomeronasal organ-projection pathway; male odors; aromatase gene; neuronal Fos-immunoreactivity; amygdala; sensory neurons, 15442

pharmacological characterization; adenylyl cyclase; sensory neuron; Aplysia; serotonin receptors; mammals; CNS; serotonin antagonists, 15494

rat vagal sensory ganglia; visceral sensory neurons; nociceptive transducers; vanilloid receptors coexpression, 6910

sensorimotor transformations; cortical motor areas; sensory signals; primary motor cortex; neurons; ventral premotor cortex; muscle activity; cortical processing, 15279

sensory neuropathy; acquired immunodeficiency syndrome; human immunodeficiency virus; antiretroviral medication; alcohol abuse; risk factors; HIV/AIDS, 29045

spike initiation; feeding synaptic control; motor neuron; sensory neuron; sensorimotor integration; sensory gating; feeding behavior; afferent transmission, 21578

spinal pathway; human sensory processing; spinal neurons; heat perception; sensory neurons; central nervous system; conduction velocity; cerebral processing, 12581

stress ulceration; gastroprotection; capsaicin-sensitive sensory neurons; rats, 21774

synaptic facilitation; synaptic connections; synaptic plasticity; sensory cells; non-depressed synapses; depressed synapses; serotonin, 15489

tactile channels; P channel; NP channel; glabrous skin; sensory receptors; afferent nerve fibers; age; perceived magnitude of stimuli; spatial summation, 9911

taste transduction; taste receptor cells; sensory information; ionotropic receptors; metabotropic receptors; food intake, 6478

tumor necrosis; primary sensory neurons; nerve injury; pain behavior; spinal nerve; electrophysiological responses; dorsal root ganglia; tactile allodynia, 21418

tumor necrosis; sensory neurons; inflammatory hyperalgesia; protein kinase; prostaglandin; adrenergic receptors; rats, 21656

vertebrate olfactory system; olfactory neurons; brain targets; molecular and functional maps; odorant receptors; olfactory map circuitry; mice, 7003

visual deprivation effects; visual cortex; striate cortex; astrocytic population; astrocytes; vascular network; non-sensory area; retrosplenial granular cortex; striate cortex, 21533

Sensory Neurons [See Also Auditory Neurons, Baroreceptors, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Taste Buds, Thermoreceptors]—Chapters
Exploring the cortical evidence of a sensory-discrimination process, 3755

The neural selection and control of saccades by the frontal eye field, 3469

Neuronal activity and its links with the perception of multistable figures, 3577

Sensory Pathways [See Afferent Pathways]
Sensory Preconditioning [See Preconditioning]
Sensory System Disorders [See Also Somatosensory Disorders]—Serials
acute confusion risk; sensory impairment; elder care; geriatric syndrome; long term care; hearing impaired; visually impaired, 20596

career development experiences; physical disabilities; sensory disabilities; highly achieving females, 11165

load fluctuation; impaired manual sensibility; grip force control; moving objects; clumsy fingers; motion planning; sensory feedback; arm movement, 5097

nightmares; sleep; sensory organ dysfunctions; elderly; sleep disturbances, 26018

parents' perceptions; sensory processing disorders; kindergarten children; screening, 32070

sensory impairments; stroke patients; hemiplegic upper limb; intermittent pneumatic compression; IPC; rehabilitation; sensory function restoration; neurological disabilities, 23601

sensory integration difficulty; art therapy; classroom behaviors; academic performance; behavior modification, 32502

sensory loss; peripheral neuropathy; sensory neuropathy; quantitative sensory testing, 3158

unilateral functional weakness; sensory disturbance; long term outcome; prognosis; symptoms, 23006

unilateral functional weakness; sensory disturbance; long term outcome; prognosis; symptoms; Conversion Disorder, 22982

Sentence Completion Tests—Serials
age-related differences; aging; inhibition function; explicit memory; inefficient inhibitory mechanisms; priming; cloze sentences, 21365

Sentence Comprehension—Serials
adult native speakers; sentence processing; ambiguous sentences; parsing strategies; native languages; relative clause attachment, 13124

ambiguity resolution; sentence processing; cerebellum; basal ganglia; superior frontal gyrus, 21697

aphasia; auditory anomaly detection; filler-gap dependencies; sentence comprehension, 11243

brain activity; dynamic pitch variance; sentence melody; sentence comprehension; sentence melody, 21639

canonical form; sentence comprehension; syntactic structure; semantic role; frequency of usage; verb type; plausibility judgment; undergoer-subject sentences; aphasia, 8247

cross-linguistic generalizability; sentence processing complexity; on-line processing; cross-serial dependencies; Dutch; verb, 34224

developing children; specific language impairments; focal brain lesions; sentence interpretation; focal brain injuries; perinatal period, 26012

dialects; syntax; sentence comprehension; generalization; interference; learning; construction novelty, 30673

event related potentials; serial vs parallel sentence processing; interpretations; ambiguity; non-preferred vs ungrammatical continuations, 7055

event related potentials; spoken language comprehension; sentence interpretation in discourse context; local and global meaning; word recognition; N400; ERP; consistency, 7083

event related potentials; verb gap identification; verb gap resolution; gapping; time course; sentence processing; sentence comprehension, 24734

event related potentials; words; context; lexical information; sentence level information; reading; sentence comprehension; semantics, 18639

event-related brain potentials; subject-verb agreement; Broca's aphasia; auditory sentence comprehension; syntactic processing; electrophysiology; right-hemisphere lesions, 26178

event-related brain potentials; syntactic dependencies; working memory; sentence structure; language; wh-questions; filler gap dependency, 9834

event-related potentials; aging; age-related changes; sensory processing; lexical processing; sentence processing; age differences; speech comprehension; language comprehension; sentences; words, 7459

eye fixations; young adults; older adults; temporary ambiguities; sentence processing; age differences; working memory, 15962

fMRI; syntactic adaptation; syntactic priming; sentence comprehension; silent sentence reading; self-paced reading; left anterior temporal activation, 24699

functional neuroimaging; written sentence comprehension; brain; language functions; meaning; sentences, 27719

interactive dimensions; individual dimensions; spatial dimension; time dimension; characters; mental models construction; text memory; narrative, 30736

language processing; human brain; sentence comprehension; neural basis; syntactic processes; prefrontal cortex; lexico-semantic information; syntactic integration, 6591

morphology; agrammatic sentence comprehension; German; trace deletion hypothesis, 4978

N400; P600; event-related brain potentials; language comprehension; Italian language; sentence comprehension, 27972

narrative texts; lexical decision; sentence expression; reading ability; text comprehension; predictive inference; deductive inference, 33778

online processing difficulties; German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3784

online processing difficulties; German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3783

online processing difficulties; German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3765

opaque idioms; literal sentences; right vs left hemisphere; sentence comprehension; repetitive transcranial magnetic stimulation; frontal cortex; temporal cortex, 24700

Parkinson's disease; brain activity; cognitive resources; grammar; information processing speed; IPS; working memory; WM; patients, 16766

parsing; event related potentials; Spanish; sentence processing; ambiguous relative clauses; attachment resolution; noun phrases, 24659

priming; auditory comprehension; aphasia; neutral lexical probes, 29192

relative clauses; sentences; interpretation; language development, 920

semantic representation; semantic illusions; lexical processing; literality; sentences; lexical access; interpretation based processing; metaphor comprehension, 18855

sentence comprehension; audio-visual; sign language; lateral dominance; perisylvian cortex, 27718

sentence comprehension; children; individual differences; language mediated eye movements; real time; anticipatory eye movements; online language processing, 7391

sentence comprehension; focus participles; children; language acquisition, 937

sentence comprehension; semantic dementia; semantic knowledge; syntactic comprehension; syntax; semantics, 20044

sentence comprehension; specific language impairment; phonological working memory; linguistic processing speed, 35161

sentence comprehension; verbs; verb meaning; reversible sentences; active sentences; passive sentences; aphasia, 19949

sentence comprehension; visual scene interpretation; anticipatory eye movements, 30634

sentence interpretation; monolingual children; Spanish; syntactic cues; morphological cues; agent roles; grammatical strategies, 10111

sentence processing; grammaticality judgment; parsing; syntactic choice; digging in effect; self organizing models, 12676

speech perception; prosody; functional magnetic resonance imaging; superior temporal region; frontal operculum; syntax; auditory sentence comprehension, 347

speech rate; syntactic complexity; speech comprehension; age differences, 12686

spoken language comprehension; continuous mapping; thematic constraints; semantic constraints; contextual effects; constraining verb condition; subject noun phrase; Dutch constructions, 13118

syntactic ambiguities; ambiguous phrase; eye movements; phrase interpretation, 18317

syntactic ambiguity resolution; sentence complement; self-paced reading experiments; sentence processing; lexical information; resolution process; Spanish speakers; Spanish; relative clause; verbs, 24874

syntactic coherence; sentence processing; psycholinguistics, 28023

syntactic processes; brain areas; superior temporal cortex; sentence comprehension; left inferior frontal cortex; semantic process, 3636

syntactic processing; age; speed of processing; inferior frontal; regional cerebral blood flow; rCBF; Positron emission tomography; PET; sentence comprehension; parietal lobe, 15488

syntax ambiguity; syntactically ambiguous sentences; brain activity; amplitude; time course; sentence comprehension, 597

temporal event referencing; temporal connectives; acting-out comprehension tasks; cognitive complexity; language, 34301

temporal relations; temporal references; sentence comprehension; subordinate clauses, 24433

thematic roles; language production; syntactic structure; sentences; priming; semantic information, 4030

training; cognitive sequences; syntactic comprehension; agrammatic aphasics; aphasic patients; agrammatism, 13955

Sentence Structure—Serials

acquisition order; semantic complexity; linguistic factors; syntactic function; wh question acquisition; English speaking 3 yr olds & their mothers, 941

adult age differences; judgments; semantic fit; English sentence frames; word alternatives; goodness of fit, 21964

adult native speakers; sentence processing; ambiguous sentences; parsing strategies; native languages; relative clause attachment, 13124

aerodynamics; acoustics; articulatory movements; bilabial stops; French language; sentence structure; articulatory closure duration; articulatory closure release; phonological dyslexia; children, 8071

age differences; language production; complex sentences; short responses; verbs; sentence production, 18866

attachment ambiguities; constituent ordering; word order, 24869

Chinese; relative clauses; subject-verb-object languages; sentences; processing, 4042

cross-linguistic generalizability; sentence processing complexity; on-line processing; cross-serial dependencies; Dutch; verb, 34224

discourse context; modifier relation frequency; conceptual combination; noun phrase interpretation, 27496

event related potentials; serial vs parallel sentence processing; interpretations; ambiguity; non-preferred vs ungrammatical continuations, 7055

event related potentials; verb gap identification; verb gap resolution; gapping; time course; sentence processing; sentence comprehension, 24734

event-related brain potentials; syntactic dependencies; working memory; sentence structure; language; wh-questions; filler gap dependency, 9834

event-related potentials; coherent representation; language comprehension; semantic information; negative deflection; sentence processing, 7894

false belief reasoning; relative clause sentences; linguistic structures; metarepresentation, 18938

filler-gap dependencies; head-final language; Japanese; sentence completion, 24868

finite-state transducers; finite-state syntactic grammar; Basque; verb subcategorisation; newspaper texts; clause boundaries; finite-state parser; complements; adjuncts, 15847

grammatical transformations; 2-letter sentences; 3-letter sentences; 4-letter sentences; simple transformations; complex transformations; brain regions involvement, 6877

graphic symbol utterances; production; comprehension; augmentative communication systems; alternative communication systems; sentence structure; graphic symbol display, 32824

incremental existence; semantic relationship; objective semantic content; holistic meaning; Finnish existential sentence; cognitive semantic study, 7324

input manipulations; word learning abilities; specific language impairment; presentation rate; sentence complexity; word type, 22782

language production; structural priming; sentence recall; message planning; syntax; semantics, 4040

memory effects; syntactic evoked potential; sentence processing; grammatical violations, 24514

morphology; argument structure; lexical semantics; auto-prefixation; co-prefixation; prefixes; syntax; verbal base, 7315

noun phrase type; sentence complexity; self-paced reading; relative clauses; semantic characteristics, 24877

parsing; event related potentials; Spanish; sentence processing; ambiguous relative clauses; attachment resolution; noun phrases, 24659

psycholinguistics; morphosyntactic features; sentence matching; inflected adjectives, 28010

relative clause structure; preposition; genitive pied-piping; Polish; children, 13193

relative clauses; sentences; interpretation; language development, 920

retention; subordinate causal sentences; coordinate sentences; auditory presentation; adults, 435

rise fall contour information; semantics; pragmatics; multiple focus structure; sentences; contrastive topic hypothesis; rising pitch, 7340

rules; construction effects; argument structure; verbs; language development; children; word order restrictions; Sesotho language; double object applicatives, 10178

sentence comprehension; focus participles; children; language acquisition, 937

sentence discourse; interactional resource; syntax; Japanese conversation; language grammar, 31068

sentence processing; grammaticality judgment; parsing; syntactic choice; digging in effect; self organizing models, 12676

sentence processing; thematic dependencies; theme anticipation; verb based information; anticipatory processing; semantic constraint; sentence processing; pre-verbal argument; linguistic input signals, 10101

spoken language comprehension; continuous mapping; thematic constraints; semantic constraints; contextual effects; constraining verb condition; subject noun phrase; Dutch constructions, 13118

syntactic ambiguity resolution; sentence complement; self-paced reading experiments; sentence processing; lexical information; resolution process; Spanish speakers; Spanish; relative clause; verbs, 24874

syntactic coherence; sentence processing; psycholinguistics, 28023

syntactic priming; relative clause attachments; structural configuration; sentence production, 385

temporal relations; temporal references; sentence comprehension; subordinate clauses, 24433

thematic roles; language production; syntactic structure; sentences; priming; semantic information, 4030

working memory; written sentence generation; grammatical encoding; memory load, 33860

Sentences—Serials

dual coding theory of imagery; relational-distinctiveness processing theory; concrete & abstract words; free recall; cued recall; sentence frames; cues; adults, 433

false belief reasoning; relative clause sentences; linguistic structures; metarepresentation, 18938

filler-gap dependencies; head-final language; Japanese; sentence completion, 24868

fMRI; syntactic adaptation; syntactic priming; sentence comprehension; silent sentence reading; self-paced reading; left anterior temporal activation, 24699

frequent frames; cue; word patterns; sentences; grammatical categories; child directed speech, 4051

human agency; reference frame; causal game; agents search, 18341

individual differences; reading comprehension; semantics; memory; sentences, 18928

language comprehension; words; sentences; visual objects, 28030

morphology; agrammatic sentence comprehension; German; trace deletion hypothesis, 4978

noun phrases; verb-argument structure; semantics; pragmatics; syntax; simple sentences; event-related potentials; online processing; animacy; verbs; sentences; P600; N400; electrophysiology, 15657

outcomes of aggressive behavior; processing of sentences; processing times; positive and negative consequences; aggressive reactions; provocation; mood; trait aggressiveness, 31556

phonological codes; word fixation; boundary paradigm; sentence reading; lexical access, 28008

phonological priming; phonological processing; sentence production; vowel; verb; noun; irregular past tense, 9682

phonological representation; working memory; sentence reading; visual target, 27457

pictures; sentence verification; text; graphics; eye movements; encoding; focused search, 12576

recognition decisions; sentence context; encoding; retrieval; sentence stem; expectation; integrality, 24481

relative clauses; sentences; interpretation; language development, 920

retention; subordinate causal sentences; coordinate sentences; auditory presentation; adults, 435

semantic representation; semantic illusions; lexical processing; literality; sentences; lexical access; interpretation based processing; metaphor comprehension, 18855

sentence context; reading; Recognition Potential; semantic aspects; electrophysiology, 15661

sentence processing; thematic dependencies; theme anticipation; verb based information; anticipatory processing; semantic constraint; sentence processing; pre-verbal argument; linguistic input signals, 10101

sentence recall; delayed recall; immediate recall; visually presented sentences; lure intrusion effect; phonological information; surface information; acoustic-sensory information; lexical priming, 24513

sentence-level context; prior word knowledge; need for cognition; information processing; technical language; print ads, 27156

short-term sentence recall; acoustic-sensory information; conceptual & phonological information; reading silently; reading aloud, 326

speech intelligibility; fundamental frequency contour; sentence length material; listening environments, 13120

spoken sentence production; horizontal information flow; picture word interference; temporal overlap; word activation; semantic information; phonological information, 18875

statistical language modeling; artificial neural networks; distributed word representation; curse of dimensionality; word sequence; language structure; neural probabilistic language model; sentences, 14887

syntactic ambiguity resolution; sentence complement; self-paced reading experiments; sentence processing; lexical information; resolution process; Spanish speakers; Spanish; relative clause; verbs, 24874

syntactic priming; relative clause attachments; structural configuration; sentence production, 385

word category; verb-argument structure; sentence parsing; visual presentation; audio presentation; event-related brain potentials; critical word; transitivity violation; argument structure violation, 15859

working memory; written sentence generation; grammatical encoding; memory load, 33860

Sentencing [See Adjudication]

Separation (Marital) [See Marital Separation]

Separation Anxiety—Serials

anxiety symptoms; Japanese children; German children; separation anxiety; social phobia; obsessive compulsive disorder, 22579

assessment strategies; cognitive-behavioral treatment; generalized anxiety disorder; social phobia; separation anxiety disorder; diagnostic evaluation; psychosocial treatments; children; adolescents, 11405

attachment theory; separation anxiety disorder; cognitive-behavioral treatment, 5216
balance dysfunction; childhood anxiety; separation anxiety; vestibular impairment; comorbidity, 25450
childhood separation anxiety disorder; risk factor; panic disorder; agoraphobia; generalized anxiety disorder; social phobia; major depressive disorder; adulthood, 4658
dependent behavior; drug abuse; eating disorders; prevention programs; mental health problems; major depressive episode; comorbid disorder; separation anxiety, 7778
dysfunctional thinking; social anxiety; separation anxiety; generalized anxiety; anxiety disorders; children; social phobia; fear, 19510
informant disagreement; separation anxiety disorder, 19529
separation anxiety disorder; social phobia; generalized anxiety disorder; processing bias; anxiety disorders; related bias, 19539
separation anxiety disorder; young children; diagnostic stability; family variables; comorbidity; parent variables, 1381
separation anxiety; elderly; socio-demographics; psychological correlates; physical health, 10839
shared environment; twins; genetic influences; environmental influence; paternal absence; socioeconomic disadvantage; separation anxiety disorder; shared environment; race differences; female twins, 19523
Separation Anxiety—Chapters
Social separation models of depression, 16422
Separation Individuation—Serials
developmental theories; symbiosis concept; separation-individuation; psychoanalytic theory, 25427
group identification; creativity; individuation; self-verification; diversity; self-categorization; identity negotiation processes; small groups, 1190
immigration experience; parents ability; dislocation; loss; child development; separation-individuation process, 25141
individuation; objects; events; language; developmental changes; counting; spatio-temporal individuation strategy, 4117
intergenerational relationships; adolescent development; emotional separation; parent-adolescent relationships; ethnic groups; individuation process; developmental theories, 30383
parental attachment; college adjustment; counseling college students; adolescent development; student adjustment; separation-individuation, 16025
psychological adjustment; psychological separation; emotional autonomy; normal development; western cultures; personal choice; autonomous self; behavioural autonomy, 16034
psychological separation-individuation; psychological adjustment; Greek adolescents; mental health; conflictual independence; academic performance; behavioral problems; social competence; parents, 7418
separation need; individuation need; selfhood meaning; self-identity construction; cultural differences; Japanese students; Canadian students, 28515
separation-individuation theory; attachment theory; psychoanalytic developmental theory; attachment; infant development, 25407
single motherhood; donor-insemination; fathers absence; separation; family creation; pre-maternal processes; decision-making; patient-therapist relationships, 28277
traumatic life events; intellectual careers; attachment theory; separation-individuation theory; mental states, 25410
Separation Reactions [See Also Separation Anxiety]—Serials
early adoptions; late adoptions; mother pup interactions; maternal factors; ultrasound emissions; maternal separation, 21454
father-child relationship; parental separation; nonresident fathers; child adjustment; parenting style; parental involvement, 22215
gender differences; time course; traumatic grief; spousal loss; widows; widowers; separation distress; symptom severity, 1235
glucocorticoid receptor; mineralocorticoid receptor; hypothalamic-pituitary-adrenal axis; neonatal maternal separation; negative feedback; dexamethasone; rats, 15533
grief reactions; emotional problems; traumatic grief; symptom severity; depression; separation reactions; emotional reaction; avoidance behaviour, 19164
Hispanic families; behavior problems; adolescents; family therapy intervention; intervention strategies; therapeutic alliances; immigration, 29294
hypothalamic-pituitary-adrenal axis; sensitization; neonatal maternal separation; rats; hypothalamic corticotropin-releasing factor mRNA; hypothalamic paraventricular nucleus; anxiety-like behavior, 6709
parent child separation; birth; adulthood depression; risk factor; gender differences; psychological development, 19406
parental attachment; attachment to God; separation cues, 34406

postnatal maternal separation; stress responsivity; colitis; corticosterone; acoustic startle responses; dextran sulfate sodium, 21790
separation; cues; danger; spotted hyena; *Crocota crocata*; reunion behavior; mother-infant separation; developmental periods; distress; proximity-seeking behavior, 18515
true story; husbands death; marital relationship; human feelings, 7295
Septal Nuclei—Serials
cavum septi pellucidum; schizophrenia; age differences, 34861
cavum septum pellucidum; monozygotic twins; combat exposure; posttraumatic stress disorder, 19545
immunoreactivity; brain regions; Edinger Westphal nucleus; alcohol consumption; ethanol; lateral septum; hippocampal region; alcohol preferring; alcohol avoiding; mice, 15725
lateral septum; stress; tyrosine phosphorylation; Pyk2; depression; antidepressant drugs; rats, 1393
mesolimbic cholinergic projection; lateral septum; alarm calls; laterodorsal tegmental nucleus; ultrasonic vocalization; rats, 3604
septal cholinergic lesion; rats; exploratory behavior; open-field behavior; septohippocampal system, 21622
supraoptic nucleus; angiotensin II; septal area; water intake; sodium intake; arterial blood pressure; rats, 27936
transfer effects; visual-spatial conditional learning; rats; selective lesions; medial septal/vertical limb of diagonal band; medial/septal diagonal band; cholinergic neurons, 6913
Septum [See Septal Nuclei]
Sequential Learning—Serials
anomaly detection; sequence learning; computer security applications; machine learning; instance based learning; hidden Markov models, 12384
brain activation; trial-and-error; sequence learning; early PD; pathophysiology; nondemented patients; frontal tasks; cognitive tasks; controls; brain function; higher cortical function, 3679
brain function; motor behavior; Impaired Sequence Learning; Dystonia Mutation; glucose metabolism; task performance; positron emission tomography; neural activity; cerebellum, 1843
cerebellar patients; cerebellar lesions; cerebellum; learning sensory sequences; acquisition; discrimination; visual stimuli; acoustic stimuli, 26136
chronic administration; calcium channel blocker; nimodipine; sequence learning; radial-arm maze; dihydropyridine, 21873
circadian modulation; structured sequence learning; sleep deprivation; sleep satiation; REM sleep, 30912
cross-cultural validation; Kaufman Assessment battery for Children; Korean children; foreign language adaptation; sequential processing; simultaneous processing; achievement, 6370
environmental uncertainty; criticality; step-level public goods; public goods dilemma; sequential protocol; play paradigm; provision point uncertainty; group size; pessimistic beliefs; fears, 13423
explicit knowledge; spatial interference; response control; sequence learning; control shift; internal representations; stimulus attributes, 18263
explicit learning; Parkinson's disease; PD; visual sequence learning; aging, 22939
implicit sequence learning; serial response time; lag structure; adult age; practice effects; age deficits, 15956
incremental planning; sequence production; music performance; sequence events; encoding; retrieval; short-term memory; errors, 430
intentional control; sequence knowledge; implicit learning, 12683
isotropic sequence order learning; temporal sequence learning; sensor-motor feedback; algorithm; reflex reaction; unsupervised behavioral paradigm, 17965
language development; bilingual children; language impairment; age; Swedish-Arabic children; language impaired children; normally developed children; preschool children, 8098
memory; emotional experiences; non-emotional experiences; learning sequencing; alcohol drinking, 21862
oculomotor information; sequential aiming movement; sequential learning, 27455
phonological sequence learning; second language vocabulary acquisition; short-term store capacity; individual cognitive differences; undergraduates, 26947
sequential action; connectionist approach; temporal representations; models; network mapping; contextual information; apraxia, 15282
sequential processing; comprehension; hierarchical graphs; eye movements, 21334
shift trials; learning; stimuli interchange; mask trials; computerized tasks; animal planning; chimpanzees; rhesus macaques, 27605

spatial context learning; aging; contextual cuing; higher order sequence learning; implicit learning; spatiotemporal context learning, 9712
temporal sequence learning; isotropic sequence order learning; neurons; synapses; learning algorithm, 17966
temporal sequence; sequence learning; spatial sequence; reaction time; cerebellum; Parkinson's disease; cerebellar lesions; subcortical areas, 8307
Serial Anticipation (Learning)—Serials
enriched housing; rewards; rats; anticipatory behavior; housing environment; Pavlovian conditioning; reinforcement schedule; anticipatory responses; sexual contact; environmental enrichment, 458
stimulus-preceding negativity; anticipatory processes; perceptual anticipation; contingent negative variation; slow cortical potential; cognitive processes; neurophysiological generators; SPN research, 34094
Serial Homicide—Serials
serial homicide; serial murder, 22701
serial killers; serial murder; organized vs disorganized typology; models; forensic psychology, 31967
serial murder; psychoanalysis; personality development; aggressive drive; psychodynamics; eroticism; conscience structure, 35063
Serial Learning [See Also Serial Anticipation (Learning)]—Serials
decomposing serial learning; learning curve; information acquisition; information forgetting; item information; order information; free recall learning, 21360
implicit sequence learning; serial response time; lag structure; adult age; practice effects; age deficits, 15956
item memory; order memory; visual patterns; two choice recognition; serial order memory, 27528
neural correlates; sequence learning; motor responses, 12808
pigeon anticipation; local statistical information; serial response time task; repeating locations; random locations; spatial location; global information; response-to-stimulus intervals, 12734
probe sequences; sequence class formation; functional class learning; stimulus substitution; substitutability, 3389
serial learning; runway experiments; item cues; position cues; single fixed series; item signals; series position; series prior item; sequential item; reward events, 9756
serial order processing deficits; schizophrenia; working memory; spatial ability, 34866
string length; repetition; chunking; digit strings; number processing; data entry, 30715
younger children; older children; adults; serial learning; internal representation; serial list, 13183
Serial Murder [See Serial Homicide]
Serial Position Effect [See Also Primacy Effect, Recency Effect]—Serials
auditory event-related potentials; working memory retrieval; serial position effects, 12912
auditory short-term memory; pure tones; probe recognition paradigm; primacy; recency; suffix effects; serial position; nonverbal sounds, 33868
functional cues; position learning effects; runway-trained rats, 21426
geriatric depression; Alzheimer's disease; aging; cognitive profile; serial position effect, 1418
geriatric depression; Alzheimer's disease; aging; cognitive profile; serial position effect, 1417
lexical access; frequency effect; serial comparison; verification procedure; search model; rank order; rank hypothesis, 27508
neural correlates; dual task interference; masking interference; attentional blink; functional magnetic resonance imaging; fMRI; rapid visual stream; regional cerebral blood flow, 6941
repetition blindness; rapid serial visual presentation; perception; memory; words; target detection, 33723
serial learning; runway experiments; item cues; position cues; single fixed series; item signals; series position; series prior item; sequential item; reward events, 9756
serial position and picture-superiority effects; group recall; information distribution and form; unshared information, 34615
serial position curves; recall; recognition; short-term memory, 3397
spatial proximity; spatial structure; serial-spatial memory; hierarchical organization; sequence reproduction; chunking, 30707
symbol-string sensitivity; symbol position; reading accuracy; dyslexia; primary school students, 25977
visual word recognition; letter migration errors; letter position coding; coding schemes; divided attention, 33786
Serial Recall—Serials
articulatory duration; phonological similarity & complexity; verbal working memory; phonological loop model; verbal serial recall; accuracy, 427
contextual serial discrimination; spatial memory; mice; gamma aminobutyric acid; benzodiazepine receptors; p-carboline-3-carboxylate, 21818

filled retention interval; articulatory suppression; retroactive effects; short-term memory; irrelevant speech; serial recall, 30732

focal lesions; non-word repetition; new words; serial recall; serial ordering mechanisms; semantic judgement; rhyme judgements; deaf children, 5093

free recall; serial order information; item-order hypothesis, 9706

item information; phonological similarity effect; serial recall; order memory; common phonemes; short term memory; consonants; vowel, 18393

item memory; order memory; visual patterns; two choice recognition; serial order memory, 27528

modality effect; serial recall; auditory modality; input serial position; output serial position; interference, 18374

multimodality; talker variability; noise; immediate serial recall; audiovisual speech; coding; working memory, 18401

phonological similarity effect; serial recall; serial recognition; nonwords recognition, 33863

phonological similarity; free recall; serial recall; retention intervals; acoustic confusion effect; verbal short-term memory, 18378

phonological store; working memory; remembered lists; articulatory suppression, 18385

phonological word length; orthographic word length; memory; lists; rapid serial visual presentation; short-term memory; visual orthographic length; serial recall, 24488

repetition blindness; rapid serial visual presentation; perception; memory; words; target detection, 33723

semantic dementia; immediate serial recall; word meaning; dementia patients; phonological short-term memory; degraded words; known words; word recall, 29131

serial order memory; theories; short-term memory; serial recall performance, 24493

serial-order reconstruction; terrorist attack; retention interval; order memory; ordinal information; September 11, 12692

string length; repetition; chunking; digit strings; number processing; data entry, 30715

temporal grouping; auditory spatial serial memory; serial recall; white noise, 33872

token set size; irrelevant sound effect; brain activity; task performance; serial recall; cognitive distraction; disruption; N1 wave, 9703

verbal memory; recall time; attention deficit hyperactivity disorder, 35092

verbal short-term memory; semantic dementia; digit span; word span; immediate serial recall, 20000

visuospatial short-term memory; suffix effect; serial recall task; memory, 27558

word frequency; serial recall, 3391

word learning; nonword repetition; immediate serial recall; adult development, 908

word length effect; language impairment; serial word recall; children; short term memory effects, 13846

Seriousness—Serials

crime seriousness; sociological theory; normative philosophy; seriousness perceptions; criminal behavior, 4406

traffic accidents; insurance companies; seriousness; work; commuting; victims; major injury; leisure time injury; death; heavy vehicles; drivers; working hours, 9227

Serotonin—Serials

(+)-fenfluramine; (+)-norfenfluramine stereoisomers; serotonin transporters; norepinephrine; dopamine; rats; caudate preparations; nisoxetine, 3966

5-HT1B receptor mRNA levels; dorsal raphe nucleus; anxiety behavior; serotonergic neurons; 5-HT1B autoreceptor; rats; stressors, 580

5-HT2c gene; body mass index; anorexia nervosa; psychiatric disorder; postmenarcheal female; amenorrhea; eating disorder; serotonin, 16561

5-HT: head bobs; body shakes; rabbit; neural receptors, 18728

5-HT: serotonin; feeding behavior; rats; mianserin; cyproheptadine, 13034

5-HT_A receptors; basal ganglia; hippocampal formation; neocortex; receptor binding, 632

5-HT_{2A} 7102C receptor polymorphism; neuropsychiatric symptoms; Alzheimer's disease; Chinese elderly, 29139

5-HTT null mutant mice; serotonin transporter; anxiety like behaviors; WAY 100635; abnormal behavioral phenotypes; 5-HT1A receptor; mouse model; mood disorders; anxiety disorders, 9803

5-hydroxy-L-tryptophan; serotonin; food intake; food-deprived rats; stressed rats; dopa decarboxylase inhibitor; hyperphagia; 5-HTP levels; humans, 12971

5-hydroxytryptamine synthesis; rat brains; chronic ethanol treatment; serotonin, 3996

5HT-2C receptor; polymorphism; suicide victims; genes; genetic mechanisms; serotonergic neurotransmission; German and Slavic populations, 31899

acute tryptophan depletion; cognitive function; cognitive changes; serotonin; performance; amino acids, 15566

alcohol consumption; serotonin; violence; aggressive behavior, 7962

alleles; serotonin transporter gene-linked polymorphic region; individual differences; cardiovascular response; heart rate; blood pressure; twins; sex differences; genetics; genotypes, 544

alpha-lactalbumin enriched diet; serotonin release; rewarding effects; anxiolytic-like effect; medial hypothalamus; sucrose consumption; behavioural tests; rats, 9870

alpha-lactalbumin; regular diet; brain serotonin; food intake; mood; tryptophan; plasma ratio; amino acids; appetite, 27856

amitriptyline; dual action mechanisms; serotonin effects; serotonin toxicity; clomipramine; efficacy; norepinephrine reuptake; antidepressant action, 11563

amitriptyline; dual action mechanisms; serotonin effects; serotonin toxicity; clomipramine; efficacy; norepinephrine reuptake; antidepressant action, 11490

angiotensin II; ANG II; serotonin release; rats; subfornical organ; SFO; drinking behavior; water ingestion, 6993

anorexia; serotonin; brain; mice; rats; norfenfluramine; fenfluramine; m-chlorophenyl-piperazine; anorectic tolerance, 18794

antidepressants; neurotransmitter transporters; neurotransmitter receptors; norepinephrine; serotonin; dopamine, 5332

anxiety related behaviors; hypothalamic pituitary adrenal activity; serotonin receptor; limbic structures; brainstem structures; fear conditioning; stress conditions; mice, 27714

aripiprazole; drug discrimination; antipsychotic drug; dopamine receptor; 5-HT; rats, 21872

autoantibodies; serotonin; paranoid schizophrenia; schizoaffective psychosis; depression; Alzheimers disease; chronic alcoholism; rheumatoid arthritis; multiple sclerosis, 1341

autoinhibition; rat dorsal raphe nucleus; affective disorder; depressive illness; corticosterone; mRNA expression; dexamethasone, 7180

behavioral depression; uncontrollable stress; serotonergic neurons; habitual physical activity; dorsal raphe nucleus; neurons; inhibitory autoreceptors; escape responding, 21588

behavioral patterns; c elegans egg laying; nematodes; serotonin; neurons; muscles controlling; serotonin adaptation; motoneurons, 7256

bipolar disorder; psychomotor performance; healthy first-degree relatives; executive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10044

bipolar disorder; psychomotor performance; healthy first-degree relatives; executive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10027

brain serotonergic neurons; stress; rats; dorsal raphe nucleus; brain stem, 30879

brain serotonin transporter; obsessive-compulsive disorder; patients; transporter availability; central serotonergic system; pathophysiology, 7941

bulimia nervosa; comorbidity; avoidant personality disorder; behavioral inhibition; serotonin; social submissiveness, 16350

bulimia-type anorexia nervosa; serotonin neuronal pathways; 5-hydroxytryptamine, 25987

buspirone; delayed gratification; serotonin; dopamine; hippocampus; nucleus accumbens; prefrontal cortex; impulsive choice; rats, 27915

C-reactive protein; serotonin syndrome; serovascular serotonergic mechanisms; protein levels; antidepressants; extracellular serotonin; nitric oxide synthase; serotonin metabolism, 35545

castration; serotonin-1A receptor; prepulse inhibition; rats; hormones, 7187

cell proliferation; adult neurogenesis; dentate gyrus; multiple receptor subtypes; receptor agonists; chronic administration; acute administration; cell growth stimulation; Wistar rats, 18708

central monoamines; serotonin; noradrenaline; major depression; inhibitory receptors; antidepressant drugs, 20321

central serotonergic tone; neuroendocrine responses; sensitivity responses; central amine receptor; migraine; buspirone, 13859

cerebrospinal fluid; serotonin; serotonin metabolites; aggression; rats; norepinephrine; dopamine; 3,4-dihydroxyphenylacetic acid; 5-hydroxyindoleacetic acid; aggressive behavior, 3856

chlorpheniramine; locomotor stimulant effects; brain biogenic monoamines; striatum; hypothalamus; midbrain; serotonergic system; rats, 10006

choline acetyltransferase; hippocampal slices; serotonin release; female rats; aged rats; presynaptic modulation; acetylcholine; noradrenaline; memory impairment; monoamines, 3873

chronic stress; mood disorders; HPA system; serotonergic neurotransmission; psychotherapeutic approaches; neurobiology; serotonergic system; depression; psychoneuroendocrinology, 1350

cingulate cortex; cortical pyramidal neurons; cortical glutamatergic neurons; serotonin 5-HT1A receptors; rats; receptor protein distribution; protein localization, 6866

clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21809

clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21896

clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21808

clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21840

clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21839

cocaine; serotonin; delay of gratification; behavioural disinhibition; electrocorticogram; behavioural sensitization; sucrose intake; methiothepin, 10031

cognitive inflexibility; prefrontal serotonin depletion; neuropsychiatric disorders, 24662

compulsive traits; impulsive traits; serotonin; bulimia nervosa, 1697

corticosteroid-serotonin interactions; major depression; pathophysiology, 29366

corticotropin-releasing hormone; dorsal raphe nucleus; serotonin; stress; learned helplessness; corticotropin-releasing hormone receptor, 9997

cyclic adenosine monophosphate; pathway abnormalities; serotonin; platelets; panic disorder; inhibitory adenylyl cyclase, 25704

defensive behaviors; orienting behaviors; superior colliculus; brain stimulation; 5-HT; midbrain; frontal cortex application; rats, 560

depression; recovery; dopamines; serotonin transporter; carbomethoxy-iodophenyl-tropane; recovery, 31744

depression; somatic symptoms; treatment; serotonergic neurotransmitter system; noradrenergic neurotransmitter system; serotonin; norepinephrine, 5277

diabetic mice; antidepressant like effects; diabetic mice; reuptake inhibitor fluoxetine; anti-immobility effect; receptor antagonist; receptor agonist; brain, 18775

diagnostic group differences; within-group distributions; clinical correlates; platelet serotonin levels; pervasive developmental disorders; mental retardation; autism; Asperger syndrome, 19762

dietary selenium; dopamine; serotonin; neurotoxicity; MDMA; methylenedioxymethamphetamine; mice; rats; 5-hydroxytryptamine; neurons, 13070

discriminative stimulus properties; antidepressant agents; drug discrimination techniques; rats; selective serotonin reuptake inhibitor; citalopram; reboxetine; noradrenaline reuptake inhibitor, 712

displaced aggression; neuroendocrine mechanisms; behavioral mechanism; serotonin; rainbow trout; plasma cortisol; subordinate fish; stress coping responses, 27690

DOI; 5-HT2A receptor; anxiolysis, 9979

dopamine D4 receptor gene; serotonin transporter; polymorphisms; infants; novelty response; infant temperament; stranger reactions, 13154

dopamine release; nucleus accumbens; cocaine-induced psychosis; serotonin; risperidone; open field behavior; rats; animal model, 700

dorsal & median raphe nuclei; reciprocal serotonergic connections; hamster median; circadian rhythmicity; suprachiasmatic nucleus, 6995

drug administration; monoamine levels; dihydroxyphenylacetic acid; dopaminergic receptors; ethanol treatment; male wistar rat; norepinephrine; dopamine; serotonin, 13091

drug discrimination; glutamatergic receptor ligands; serotonergic receptor ligands; phenylclidine; lysergic acid diethylamide; rats, 18816

ecstasy users; MDMA; long-term abstinence; short-term effects; depressed mood; mood disorders; serotonin transporter; clinical depression; doses; gender; neuroimaging; neurotoxicity; prevalence, 25507

ecstasy; MDMA; dopamine antagonist; serotonin; discriminative stimulus effects; response rate; basal locomotor activity; antagonist eticlopride; rats; dose-related administration; hypermetabolism, 24790

ecstasy; MDMA; locomotor activity; dopamine transporter gene; locomotor patterns; serotonin uptake inhibitors; phenotype; pharmacological treatments; mice, 24841

ecstasy; MDMA; serotonergic neurons; rats; binge ingestion; rectal temperature; room temperature; repeated doses; hyperthermia; neurotoxicity; thermoregulation; 3,4-Methylenedioxymethamphetamine, 24811

elevated T maze; inhibitory avoidance acquisition; escape latency; conditioned anxiety; unconditioned fear; benzodiazepine receptor ligands; serotonin antagonists; serotonin agonists; mice, 9966

- emotional valence; cardiovascular responses; selective serotonin reuptake inhibitor; serotonin; valent images, 18755
- endorphin imprinting; serotonin; sexual behavior; neonatal rats; gender difference, 7168
- escitalopram treatment; transvestic fetishism; serotonergic neurons; obsessive compulsive disorder, 35561
- escitalopram; human serotonin transporter; racemic citalopram; blood platelets; transport inhibition, 18787
- fear-potentiated startle; contextual freezing; median raphe nucleus; serotonergic mechanisms; conditioned fear responses; cues, 30873
- feather pecking control; serotonin; laying hens; 5-hydroxytryptamine neurotransmission; behavioral pathology; chick forebrain, 21492
- frontotemporal dementia; trazodone; serotonergic system; behavioral symptoms, 32453
- galanin receptor-1; dorsal raphe nucleus; 5-HT neurons; serotonin transmission; species differences; rat; mouse, 12857
- gene coding; serotonin receptors; serotonin transporter; suicidal behavior; suicide predisposition, 13686
- gene polymorphism; serotonin receptor gene; bulimia nervosa; anorexia nervosa; nucleotide polymorphism, 28947
- gene polymorphism; serotonin transporter expression; impulsivity; aggressive behavior; suicide attempters; cross cultural differences, 25772
- genetic research; serotonin; depression; serotonin type 1A receptor; serotonin transporter; pathophysiology; depression, 31750
- glutamatergic AMPA receptor; central nucleus; basolateral nucleus; amygdala; dopamine; serotonin; appetite arousal; aversive arousal; prefrontal cortex; neurotransmission; rats, 7259
- hippocampal serotonergic neurotransmission; corticotropin releasing hormone receptor type 1 antagonist NBI 30775; HPA axis activity; stress; corticosterone; behavior; mice, 10029
- hippocampus; receptor binding; 5-HT_{2A}; major depressive disorder; serotonin; positron emission tomography, 13598
- human memory; genetic variation; environmental factors; cognitive ability; 5-HT_{2A} receptor; serotonin receptor, 6825
- hyperleptinemia; serotonin; 5-hydroxytryptophan; mice; insulin level; streptozotocin, 7277
- hyperthermia; serotonin syndrome; rats; diazepam; chlorimethiazole, 3951
- immunoreactivity; nucleus accumbens shell; cocaine sensitization; rats; serotonin; dopamine, 18790
- impulsive choice; forebrain serotonin depletion; amphetamine; delayed reward; psychomotor stimulant drugs; attention deficit hyperactivity; behavioral effects, 10060
- impulsivity; brain serotonin transporter; brain binding capacity; suicide attempters; dopamine transporter, 28827
- impulsivity; central nervous system; Pavlovian tasks; 5-HT depletion; rats; dihydroxytryptamine, 27957
- inhibition effect; serotonin biosynthesis inhibition; antinociception; antinociceptive activity; nonsteroidal anti-inflammatory drugs; mice; intraperitoneal p-chlorophenylalanine, 3945
- intraoperative administration; subcutaneous administration; dose-dependent increase; rat nucleus accumbens; haloperidol; striatum; accumbens, 21884
- light therapy; serotonin transporter; functional polymorphism; serotonergic drug; sleep deprivation; drug treatments; bipolar depressed inpatients; polymerase chain reaction; antidepressant response, 2247
- lithium augmentation; HPA system; treatment-resistant depression; tricyclic antidepressants; pharmacologic treatment; neuroendocrine studies, 11472
- locomotor activity; dopamine receptor antagonist; dopamine uptake inhibitor; neurotransmitters; salmon; neuropeptides; corticotropin releasing hormone; muscimol; gamma-amino-n-butyric acid; serotonin, 12982
- locomotor hyperactivity; 5,7-dihydroxytryptamine; prepulse inhibition; serotonergic projections; rats; phenylclidine; dorsal & median raphe nuclei; amphetamine; animal models of schizophrenia, 9805
- loudness dependence; serotonergic dysfunction; auditory cortex activity; dipole source analysis; serotonergic activity; potential amplitudes; schizophrenia, 7880
- low frequency magnetic fields; cells; transitional states; serotonergic synaptic growth; postnatal development; cerebral cortex; pineal gland, rats, 553
- major depressive illness; mirtazapine treatment; serotonin syndrome; anxiety disorder, 11491
- major depressive illness; mirtazapine treatment; serotonin syndrome; anxiety disorder, 11504
- major depressive illness; mirtazapine treatment; serotonin syndrome; anxiety disorder, 11567
- MDMA; brainstem auditory evoked potentials; spatial working memory; tryptophan depletion; serotonin neurotransmission; rhesus monkeys; Ecstasy, 789
- memantine; N-Methyl-D-Aspartate antagonist; hyperthermia; serotonin syndrome; risperidone; ketanserin; 5-hydroxy-L-tryptophan; clorgyline; animal model, 21887
- memory consolidation; hippocampus; cortical areas; cyclic adenosine monophosphate; associative learning; serotonin antagonists; serotonin agonists; 8-OH-DPAT autoshaping; rats, 9862
- menstrual cycle; platelet serotonin site; serotonin receptor binding; paroxetine; lysergic acid diethylamide; cyclical changes; estradiol; progesterone, 27956
- mepyrmine; metergoline; cyproheptadine; SB 242084; serotonin; histamine; antipsychotic; rat; hyperphagia, 3822
- milnacipran; driving vigilance; psychotropic drugs; sensory functions; psychomotor functions; road accidents; alcohol drug interaction, 27934
- mouse molecular genetics; neurons; serotonin receptors; serotonin homeostasis; genetics, 12773
- nanomolar affinity; cell lines; radioligand binding studies; serotonin receptors; novel antipsychotic iloperidone; dopamine; noradrenaline; agonist activity; antagonist activity; monoamine receptor, 734
- nerve stimulation; brain stem; rats; impulse propagation; catecholamines; serotonergic neurons; dopamine; norepinephrine, 21640
- neurotoxicity; rats; single-photon emission computed tomography; methylenedioxymethamphetamine; serotonin transporters; brain; SPECT; ecstasy; SERTs; MDMA, 30842
- nitric oxide; mouse forced swimming test; serotonin release; potassium channel modulation; channel blockers, 18666
- nitric oxide; serotonin; aggressive behavior; serotonin receptors, 3611
- nonassociative learning; associative learning; object recognition; place learning; habituation; open field exploration; imipramine; serotonergic receptors; adrenergic receptors; rats, 757
- nonparametric linkage analysis; schizophrenia; etiology; candidate genes; dopaminergic systems; serotonergic systems, 34856
- nutritionally sourced tryptophan; fear recognition; serotonin; facial expressions, 9949
- obsessive compulsive disorder; serotonergic parameters; serotonin reuptake inhibitor treatment; clinical improvement, 11481
- ondansetron; treatment; obsessive-compulsive disorder; serotonin; 5-HT receptor antagonist; efficacy; anxiety; risk assessment; risk perception, 2171
- panic disorder; receptor gene polymorphism; agoraphobia; anxiety disorder; serotonin receptor gene; major depression; depression-related personality traits, 25739
- Pavlovian autoshaping procedures; rat brain; lever-press autoshaping conditioned response performance; omission training, 6996
- personality traits; serotonin transporter gene; psychiatric health; functional polymorphism; anxiety, 24635
- pharmacological characterization; adenylyl cyclase; sensory neuron; Aplysia; serotonin receptors; mammals; CNS; serotonin antagonists, 15494
- pineal gland; morphofunctional changes; dynamic adaptation; hyperthermia; serotonin metabolism; stress effects; rats, 9938
- platelet activation; platelet aggregation; ischemic heart disease; 5-HT receptor; depressive symptoms; major depressive disorder; serotonin; calcium; risk factors, 1444
- platelet receptor function; long-term imipramine treatment; endogenous depression; antidepressants; serotonin, 29334
- platelet serotonergic markers; psychopathological scales; diagnostic screening; psychotic disorder; depressive disorder; differential diagnosis; psychiatric disorders, 10719
- platelet serotonin uptake sites; measurement; impulsivity; aggression; craving; cocaine abuse; paroxetine, 6315
- platelet serotonin uptake sites; treatment outcome African-American cocaine dependent individuals; platelet tritiated paroxetine binding; outpatient treatment, 2517
- platelet serotonin; personality-disorder; aggression; hostility; impulsivity, 22604
- positron emission tomography scans; major depression; 5-HT; hydrocortisone; serotonin receptor binding, 7816
- post-stroke depression; stroke patients; platelet serotonin transporter; serotonin transport inhibitors, 23404
- postnatal development; serotonin receptors; brainstem motoneurons; receptors subtypes; rats, 21712
- prefrontal cortex; hippocampus; striatum; monoamine turnover; diclofenac sodium; non steroidal anti inflammatory drug; interferon; major depression; side effects; serotonin, 14138
- prefrontal cortex; rats; serotonin; serotonin receptor agonist; prefrontal cortex; dorsal hippocampus; drug sensitivity, 21842
- presynaptic adrenoceptor regulation; 5-hydroxytryptamine transporter; SERT; mice; forebrain synaptosomes; adrenoceptor agonists; UK14304; calcium channel agonists; sodium; chloride, 3865
- prolonged tenderness; tension-type headache patients; myofascial pain; episodic tension-type headache; myofascial tenderness; intramuscular infusion; bradykinin; serotonin; histamine; prostaglandin, 22834
- R-citalopram; escitalopram-induced increases; 5-hydroxytryptophan neurotransmission; potentiation; corticosterone; serum concentration; behavioral changes; mice; rats, 13073
- receptor antagonism; extrapyramidal side effects; receptor partial agonist; serotonin receptor-based mechanisms; antipsychotic drugs; atypical properties; serotonin receptors, 7231
- receptor binding; amygdala; schizophrenia; serotonin 1A receptor; schizophrenic patients, 19501
- receptor density; associative learning; rabbits; frontal cortex; 5-HT receptor; classical conditioning; LSD; lysergic acid diethylamide; Bromolysergic acid diethylamide; MDL 11,939, 21848
- receptor function; serotonin-1A; serotonin agonists; antidepressant drugs; serotonin receptors, 21850
- recognition memory; object discrimination; cognitive function; memory deficit; novel object; muscarinic receptor antagonist; dose-dependent reduction; acute administration; object exploration, 10061
- reduced serotonin transporter-availability; obsessive-compulsive disorder; [123I]beta-CIT, 31824
- repeated citalopram treatment; stress exposure; hypothalamic-pituitary-adrenocortical axis response; HPA; acute citalopram injection; antidepressant drugs; gene expression; neuropeptides; serotonin, 21881
- salt intake; sodium depletion; serotonin receptor stimulation; rats, 7162
- selective cannabinoid CB1 receptor antagonist; SR 141716A; serotonin; dopamine; head-twitch response; scratching; rodents; least shrews; 5-HT; brain; biochemical changes; vomiting, 710
- selective memory impairment; age-related memory decline; spatial reference memory; behavioral paradigms; serotonergic systems; experimental context; receptor knock-out; Morris water maze, 6851
- selective serotonin reuptake inhibitors; tricyclic antidepressants; overdose; venlafaxine; dothiepin; deliberate self-poisoning; seizures; arrhythmias; coma; serotonin toxicity; ICU admission, 8558
- serotonergic dissection; obsessive compulsive symptoms; obsessive compulsive disorder; m-chlorophenylpiperazine; sumatriptan; pharmacology, 35535
- serotonergic activity; sex differences; dorsal raphe nucleus; median raphe nucleus; fear; anxiety, 6876
- serotonergic neurons; midbrain raphe neurons; medulla; central respiratory chemoreceptors; rats; respiratory acidosis, 6987
- serotonergic pathways; altered personality patterns; seasonal affective disorder; polymorphism; neuroticism; anxiety; DNA genotyping; polymerase chain reaction, 13615
- serotonin 5-HT_{1A} receptors; hippocampus; receptor binding; memory function; visual memory; explicit memory, 33992
- serotonin depletion; brain serotonin; catecholamine depletion; memory; dopamine; learning; amino acid, 21847
- serotonin depletion; brain serotonin; catecholamines; monoamine neurotransmitters; noradrenaline; dopamine; cognitive processes; attention; learning; memory, 21874
- serotonin reaction; venlafaxine; sour date nut; insomnia; fatigue; nervousness; poor appetite; jujube; depression, 32473
- serotonin receptor 3A; subunit genes; HTR3A; polymorphism; C178T; personality traits; women, 601
- serotonin receptor gene; gene polymorphism; schizophrenia; diabetes; genetic factors, 28698
- serotonin receptor gene; linkage disequilibrium; attention deficit hyperactivity disorder; ADHD; dopaminergic neurotransmission; polymorphism, 13796
- serotonin receptor gene; obsessive-compulsive disorder; polymorphism, 19515
- serotonin receptor gene; suicidality; schizophrenia; major depression; schizoaffective disorder; polymorphism, 28699
- Serotonin receptor; age; gender; Alzheimers disease; cognitive behavior; neocortical binding potential; cognitive behavior; depressive symptomatology, 8323
- serotonin receptors; 5-HT_{1A}; 5-HT_{1B}; 5-HT_{2A}; mRNA expression; major depression; bipolar disorder; schizophrenia; hippocampus; dorsolateral prefrontal cortex, 19291
- serotonin receptors; 5-HT_{1A}; 5-HT_{1B}; 5-HT_{2A}; mRNA expression; major depression; bipolar disorder; schizophrenia; hippocampus; dorsolateral prefrontal cortex, 13566

- serotonin syndrome; drug side effects; linezolid; drug therapy; burns; polypharmacy; fluoxetine; monoamine oxidase inhibitors, 29944
- serotonin syndrome; serotonergic agonist medications; noradrenaline; homovanillic acid; cerebrospinal fluid, 2200
- serotonin transporter availability; alcohol intake; aggressiveness; rhesus monkey; raphe nuclei, 13012
- serotonin transporter gene promoter; polymorphism; suicide; suicidal behavior, 25828
- serotonin transporter gene; allelic variation; psychiatric disorders susceptibility; prefrontal brain function; brain electrical response; error processing, 30895
- serotonin transporter promoter; intron 2; polymorphisms; allelic variants; gene expression; schizophrenic or schizoaffective disorder patients, 25640
- serotonin transporter protein gene expression; dorsal raphe nucleus; Fischer rats; Lewis rats; strain differences, 12827
- serotonin transporter-linked promoter polymorphism; mood disorders; pediatric-onset depressive disorders; pediatric depression, 34842
- serotonin transporter; alcoholism; brain regions, 19699
- serotonin transporter; anxiety; depression; antidepressant treatment; stress-related behaviors; serotonergic neuron function; mice; learned helplessness; animal models, 3670
- serotonin transporter; GABA(A) alpha 6; receptor variants; neuroticism; genotypes; polymorphism; depression, 13611
- serotonin transporter; gene polymorphism; antidepressant treatment; genotypes; severity, 29351
- serotonin transporter; gene polymorphisms; platelet serotonin transporter; African-American; cocaine-dependent patients, 19690
- serotonin transporter; genetics; neuropsychiatric disease; serotonin reuptake; stress responses; depression; anxiety; mice; animal models; phenotypes; aggressive behaviors, 3650
- serotonin transporter; major depression; alcoholics; serotonergic neurotransmission; alcoholism; comorbidity; polymorphism; alleles, 11007
- serotonin transporter; monoamine neurotransmitter; monoaminergic transmission; altered rapid eye movement; pre-REM power surge, 21776
- serotonin transporter; positron emission tomography; pigs; neuroimaging; brain; radioisotope, 6850
- serotonin transporters; neocortex; Alzheimer disease patients; temporal cortex; antemortem anxiety; homozygosity; polymorphism; citalopram binding, 8650
- serotonin transporters; obsessive-compulsive disorder; serotonergic abnormalities; transporters availability; subcortical region; limbic region, 7945
- serotonin; binge eating; transporter binding; treatment, 5354
- serotonin; corticotropin-releasing factor; animal behavior; chicks; distress vocalization, 31017
- serotonin; dopamine metabolism; rat brain; latent inhibition; amygdala complex; hippocampus; striatum; prefrontal cortex; monoamine oxidase activity; conditioned passive avoidance, 15552
- serotonin; gene expression; clock genes; suprachiasmatic nucleus; circadian rhythms; retinohypothalamic tract; glutamate; pituitary adenylate cyclase-activating polypeptide; rats, 21510
- serotonin; interneurons; rat visual cortex; postsynaptic currents; cortical inhibitory networks, 15680
- serotonin; personality; receptor density; binding potential; spiritual experiences; self-transcendence, 34005
- serotonin; personality; receptor density; binding potential; spiritual experiences; self-transcendence, 34029
- serotonergic mechanism; analgesia; castration; flutamide; formalin test; rats; testosterone; nociception; fluoxetine; 5-HT systems, 13050
- severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13095
- severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 771
- severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13085
- severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13060
- sex differences; fluoxetine; raphe nuclei; serotonin; central nervous system; ingestive behavior; 5-HT receptors; food intake; anorexia; rats, 21821
- sexual dysfunction; granisetron; antidepressant use; human females; side effects; serotonin, 26382
- sleep deprivation; chronic pain; opioids; serotonin; pain, 18667
- sleep deprivation; serotonergic neurotransmission; hippocampus; sleep-wake behavior; rats, 21660
- socio-economic status; allelic variation; central serotonergic responsivity; serotonin transporter gene-linked polymorphic region; central nervous system, 24637
- somatosensory evoked magnetic fields; primary somatosensory cortex; tryptophan; primary auditory cortex; serotonin modulation, 10007
- stimulus effects; m-chlorophenylpiperazine; rats; cocaine; drug effects; serotonin; drug discrimination; discriminative stimulus; agonists; antagonists; 5-HT1B receptors, 12997
- stimulus effects; serotonin receptors; drug discrimination; serotonin reuptake; anxiety; m-chlorophenylpiperazine; mCPP; humans; animals, 9990
- stress; anxiety; 5-HT1A receptor; 5-HT1B receptor; knock-out mice; genetic background strains; autonomic nervous system; basal heart rate; body temperature; autonomic responses; novel cage exposure, 541
- suicidal behavior; attempted suicide; serotonergic platelet markers; platelet serotonin transporters; drug effects, 22643
- suicidal behavior; serotonin transporter; promoter; intron; 5-HT; suicide victims, 7977
- suicide attempts; serotonin transporter gene; tryptophan hydroxylase gene; repeated suicide attempts; at risk; completed suicide; suicidal behavior, 10894
- swim stress; c-fos expression; serotonergic system; GABA neurons; immunohistochemical labeling, 21678
- swimming; hiru medicinalism; serotonin; leech; electrical stimulation; head ganglion; segmental ganglia, 33993
- temporal cortex; non-cognitive symptoms; receptor density; serotonergic system; behavioral changes; cognitive function; memory impairment; Alzheimer's disease, 22936
- temporal lobe epilepsy; epilepsy; serotonin; epileptic seizures; TLE; trophic effects; Brain-derived neurotrophic factors; BDNF, 16744
- tetralin; serotonin receptors; immobilization stress; lipopolysaccharides; lymphocytes; neurotransmitters, 15805
- transient reinforcing; phenylisopropylamine; indolealkylamine hallucinogens; rhesus monkeys; hallucinogenic compounds; self-administration behavior, 21829
- tremor; harmaline; behavior; tryptophan hydroxylase inhibition; central control of motor dysfunction; olivary nucleus; cerebellum; Swiss albino mice; p-chlorophenylamine; neurochemistry, 3942
- tryptophan depletion; auditory event related potentials; central serotonergic activity; amplitude slope; stimulus intensity; loudness; amino acid, 12775
- tryptophan diet; extracellular serotonin; dorsal hippocampus; rats, 18810
- tryptophan hydroxylase-2; brain; serotonin; animal strains, 30891
- tryptophan metabolism; sertraline; rat brain; 5-hydroxytryptophan; 5-HT; treatment; 5-hydroxyindolacetic acid; 5-HIAA, 3948
- tryptophan; drug abstinence; MDMA; ecstasy; memory function; serotonin, 9971
- tryptophan; females; dieting; brain; serotonin; neuroendocrine responses; nutritional source; prolactin responses, 7147
- undernourishment; serotonergic receptors; rats; 5-hydroxytryptamine; 8-hydroxy-(2-N,N-dipropylamin)-tetralin; 8-OH-DPAT; cerebral cortex, 593
- violent suicide victims; depression; serotonin postsynaptic receptors; frontal cortex; hippocampus; caudate nucleus; amygdala; inositol triphosphate; cyclic adenosyl monophosphate, 25840
- whole blood serotonin levels; pretrial murder defendants; serotonergic dysfunction; violent behavior; human males, 11048
- zuclopenthixol; memory retrieval; rats; inhibitory avoidance; noradrenergic and serotonergic mechanisms; thioxanthene dopaminergic antagonist; acetylcholinesterase enzyme; hippocampus; neurotransmitters, 738
- Serotonin Agonists—Serials**
- 5-HT1A receptor agonist; MKC-242; serotonin receptors; isolation rearing; prepulse inhibition; mice, 3702
- 8-OH-DPAT; progressive ratio schedule performance; 5-HT1A receptors; motivation; rats; WAY-100635; reinforcer efficacy, 15755
- agonist drug; flesinoxan; ziprasidone; receptor agonist; hydroxytryptamine (5-); serotonin; humans; rats, 24782
- antipsychotic therapy; schizophrenia; mechanism-based development; N-methyl-D-aspartate glutamate receptor agonists; omega-3 fatty acids; hormones; dopamine D2 receptor agonists, 11487
- cocaine self-administration; progressive ratio schedule; intraventricular injection; locomotor stimulant effect; ventral tegmental area; intravenous infusions; locomotor stimulation; receptor antagonist, 21834
- female rats; rat sexual motivation; mating behavior; serotonin receptors, 15785
- fenfluramine; citalopram; healthy adults; central nervous system; serotonin agonist; plasma prolactin, 30973
- headache response; eletriptan; tolerability; sumatriptan; placebo; migraine treatment, 29467
- mCPP perfusions; ventromedial hypothalamic nucleus; lateral hypothalamic area; frontal cortex; food intake; 5-HT receptors; metabolism; feeding behavior; rats, 27897
- onset of action; schedule-induced polydipsia; selective serotonin reuptake inhibitors; fluoxetine; 5-HT neurotransmission; 5-HT1A antagonists; 5-HT1B agonist; rats; depression; animal models, 13016
- penile erections; antagonist properties; receptor agonists; Wistar rats; agomelatine; serotonin receptor stimulation, 3880
- pindolol; cortisol; prolactin; selective serotonin reuptake inhibitors; paroxetine; depression, 18716
- prefrontal cortex; rats; serotonin; serotonin receptor agonist; prefrontal cortex; dorsal hippocampus; drug sensitivity, 21842
- psychotomimetics; signaling pathway; mice; dopaminergic agonists; serotonergic agonists; glutamatergic antagonists; schizophrenia, 7261
- receptor function; serotonin-1A; serotonin agonists; antidepressant drugs; serotonin receptors, 21850
- restraint; lordosis behavior; proestrous rats; selective; serotonin receptor agonist; serotonin receptor antagonist; ventromedial nucleus of hippocampus, 793
- serotonergic neurotransmission; pharmacological treatments; retention; rats; retrieval processes; passive avoidance; memory reactivation; serotonin 1A agonist 8-OH-DPAT, 13071
- serotonin agonist flesinoxan; temperature; adrenocorticotrophic hormone; cortisol; prolactin, growth hormone; cortisol; prolactin; indolol pretreatment; ritanserin pretreatment, 18785
- serotonin receptor ligands; flesinoxan; WAY 100635; laterodorsal tegmental nucleus; REM sleep; rats; spontaneous sleep, 30990
- squirrel monkeys; 8-OH-DPAT; doses; 5-HT1A receptors; alcohol drinking; WAY 100635; rats; alnesiprone, 15776
- SSR181507; electrophysiological profile; dopamine D2 receptor antagonism; neurochemical profile; rats; 5-HT1A receptor agonism; schizophrenia; treatment; atypical antipsychotic, 9967
- SSR181507; serotonin agonist; dopamine antagonist; behavioral profile; rats; mice; guinea-pig pups; animal behavior; apomorphine; D-amphetamine; lithium; antidepressant, 7172
- Tourette syndrome; head twitch response; 1-(2,5-dimethoxy-4-iodophenyl)-2-aminopropane; DOI; nicotine; donepezil; acetylcholinesterase inhibitor; mecamylamine; animal model; mice, 7195
- triptans; migraine; migraine treatment; pharmacological profiles; drug features, 17151
- ventral hippocampus; dorsal hippocampus; anxiogenic effect; 5-HT2C receptor agonist; trifluoromethyl-phenylpiperazine; 6-chloro-2(1-piperazinyl)pyrazine, 18704
- Serotonin Antagonists [See Also Dihydroxytryptamine, Lysergic Acid Diethylamide, Mianserin, Molindone, Tetrabenazine]—Serials**
- 8-OH-DPAT; progressive ratio schedule performance; 5-HT1A receptors; motivation; rats; WAY-100635; reinforcer efficacy, 15755
- behavioral deficits; dopamine transporter; receptor antagonist; prepulse inhibition; locomotor activity; animal model; mice; MI00907; serotonin-2A receptor; startle, 21810
- cannabinoid receptor agonist; receptor antagonist; behavioral effects; adult male rats; WAY 100635 interaction; 5-HT1A receptors; CP 55,940, 18770
- cannabinoids; ondansetron; cisplatin-induced emesis; house musk shrew; drug dosages; receptor antagonist; vomiting;retching, 27910
- cocaine; rats; ketanserin; serotonin; serotonin antagonist; accumbens monoamines; locomotor behavior; dopamine; receptors, 18714
- decursinol; antinociceptive mechanisms; nociceptive response; mice; serotonergic; noradrenergic; opiodergic; histamine; adenosine receptor antagonists, 15735
- flumazenil; ondansetron; tacrine; scopalamine-induced impairment; spatial learning; rats; spatial memory; retention, 9980
- high dose pindolol; selective serotonin reuptake inhibitor; major depression; antidepressant augmentation; SSRI-refractory depression, 20396
- latent inhibition; 5-HT2A receptor antagonists; schizophrenia; antipsychotic potential; rats, 3941

ondansetron; treatment: obsessive-compulsive disorder; serotonin; 5-HT receptor antagonist; efficacy; anxiety; risk assessment; risk perception, 2171

onset of action; schedule-induced polydipsia; selective serotonin reuptake inhibitors; fluoxetine; 5-HT neurotransmission; 5-HT 1A antagonists; 5-HT 1B agonists; rats; depression; animal models, 13016

p-chloroamphetamine; serotonin; memory enhancement; physostigmine; rats; NMDA-induced unilateral lesions; nucleus basalis; choline acetyltransferase, 13072

pharmacological characterization; adenylyl cyclase; sensory neuron; Aplysia; serotonin receptors; mammals; CNS; serotonin antagonists, 15494

receptor antagonism; extrapyramidal side effects; receptor partial agonist; serotonin receptor-based mechanisms; antipsychotic drugs; atypical properties; serotonin receptors, 7231

receptor antagonist; serial reaction time task; dizocilpine; motor responses; impulsive behavior; NMDA receptor antagonism; 5 HT antagonists; Serotonin antagonists, 10001

restraint; lordosis behavior; proestrous rats; selective: serotonin receptor agonist; serotonin receptor antagonist; ventromedial nucleus of hippocampus, 793

scopolamine; SB271046 serotonin antagonist; drug interactions; cognition enhancing effect; spatial learning; passive avoidance; aging; rats, 9988

SSRI; rats; 5-HT1B receptor blockade; potassium chloride; frontal cortex; NAS-181; fluvoxamine; pargyline; extracellular serotonin levels; selective serotonin reuptake inhibitors, 15740

Serotonin Metabolites—Serials

physiological predictors; mother-infant behavior; cerebrospinal fluid; hydroxyindoleacetic acid; rhesus macaque females; homovanillic acid; reproductive outcome, 24663

Serotonin Reuptake Inhibitors [See Also Citalopram, Fluoxetine, Fluvoxamine, Paroxetine]—Serials

adjunctive modafinil; treatment; efficacy; safety; selective serotonin reuptake inhibitor; therapeutic effects; degree; onset; major depressive disorder; fatigue; fluoxetine; paroxetine, 23279

alcohol hallucinosis; treatment refractory; neuroleptics; risperidone; amisulpride; selective serotonin reuptake inhibitor sertraline; remission, 23244

amitriptyline; dual action mechanisms; serotonin effects; serotonin toxicity; clomipramine; efficacy; norepinephrine reuptake; antidepressant action, 11563

amitriptyline; dual action mechanisms; serotonin effects; serotonin toxicity; clomipramine; efficacy; norepinephrine reuptake; antidepressant action, 11490

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35536

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35499

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35549

antidepressant treatment; cytokine; treatment response; major depressive disorder; serotonin re-uptake inhibitors; tumor necrosis factor- α ; immunological parameters; C-reactive proteins, 11566

anxiety symptoms; anxiety disorder; selective serotonin reuptake inhibitors; quetiapine; depression; side effects, 20268

anxious behavior; fenfluramine; prolactin secretion; rhesus macaques; genetic alleles; selective serotonin reuptake inhibitors; genetic polymorphism, 24786

apathy syndrome; selective serotonin reuptake inhibitor; drug therapy; drug side effects; drug dosages, 26339

behavioral effects; selective serotonin reuptake inhibitors; norepinephrine reuptake inhibitors; neurotransmitter mechanisms; selective antidepressants; drug therapy, 20354

brain serotonin 1A; receptor binding; bulimia nervosa; selective serotonin reuptake inhibitors; pharmacologic treatment, 29391

child suicide risk; antidepressants; Food and Drug Administration; drug effects; selective serotonin reuptake inhibitors, 14151

chronic fluoxetine; anxiety; depression; antidepressant treatment; behavioral response; selective-serotonin reuptake inhibitor; mood, 27876

chronic mild stress model; antidepressant-like effect; selective serotonin reuptake inhibitor; R-citalopram; escitalopram; rats; 5-HT; depression; interaction, 776

citalopram; social anxiety disorder; neuroendocrine responses; behavioral responses; selective serotonin reuptake inhibitor, 25742

clonazepam-paroxetine combination; paroxetine monotherapy; generalized social anxiety disorder; selective serotonin reuptake inhibitors; treatment outcomes, 20389

clozapine; obsessive-compulsive symptoms; schizophrenia patients; serotonin reuptake inhibitors, 23291

depersonalisation disorder; fluoxetine therapy; drug therapy; serotonin reuptake inhibitors; treatment effectiveness evaluation, 35571

depression remission; antidepressant therapy; serotonin reuptake inhibitors; depressive disorders; anxiety disorders; tricyclic antidepressants; serotonin-norepinephrine reuptake inhibitors, 5342

depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26413

depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26374

depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26375

depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26348

depressive patients; combination therapy; selective serotonin reuptake inhibitors; treatment-resistant depressives; antidepressant treatment; reboxetine adjunct; venlafaxine; mirtazapine, 29375

diabetic mice; antidepressant like effects; diabetic mice; reuptake inhibitor fluoxetine; anti-immobility effect; receptor antagonist; receptor agonist; brain, 18775

drug actions; clinical trials; clinical efficacy; risperidone monotherapy; mania; antipsychotic drugs; schizophrenia; selective serotonin reuptake inhibitors, 32477

duloxetine; major depressive disorder; norepinephrine; serotonin reuptake inhibitor, 5341

Eating behaviors; fluvoxamine; frontotemporal dementia; frontotemporal lobar degeneration; semantic dementia; selective serotonin reuptake inhibitors; stereotyped behavior, 35635

efficacy; controlled-release paroxetine; treatment; late-life depression; selective serotonin reuptake inhibitors; elderly patients, 2210

emotional valence; cardiovascular responses; selective serotonin reuptake inhibitor; serotonin; valent images, 18755

escitalopram; citalopram; R enantiomer; serotonin reuptake inhibitory activity, 27937

escitalopram; trichotillomania; impulse disorder; obsessive compulsive disorder; selective serotonin reuptake inhibitors, 32425

ethanol withdrawal syndrome; selective serotonin reuptake inhibitor; fluoxetine; rats, 31013

first-line therapy; selective serotonin reuptake inhibitor; premenstrual dysphoric disorder; treatment charges; managed care charges; citalopram; fluoxetine; paroxetine; sertraline, 11775

fluoxetine; drug effectiveness; selective serotonin reuptake inhibitor, 35583

G protein; selective serotonin reuptake inhibitors; atypical antidepressant drugs; monoamine oxidase inhibitors; tricyclic antidepressants; electroconvulsive therapy; depression treatment, 8501

generalized social phobia; age of onset; selective serotonin reuptake inhibitors; sertraline; predictors of treatment response, 11568

high dose pindolol; selective serotonin reuptake inhibitor; major depression; antidepressant augmentation; SSRI-refractory depression, 20396

macronutrient selection; sibutramine; male rats; female rats; total food intake, 7222

major depression; remission; selective serotonin reuptake inhibitors; noradrenergic antidepressant; antidepressant mechanisms, 23272

major depressive episode; fluoxetine; dose increment; akathisia; suicidal ideation; selective serotonin reuptake inhibitors, 14148

milnacipran; human monoamine uptake; transporter binding affinity; norepinephrine-serotonin reuptake inhibitors; dopamine transporters, 14193

milnacipran; pharmacology; norepinephrine reuptake inhibitor; serotonin reuptake inhibitor; antidepressants, 20380

mood disorders; venlafaxine; anxiety disorders; serotonin binding potential; SSRIs; citalopram; fluoxetine; sertraline; paroxetine; minimum therapeutic doses; serotonin transporter occupancy, 26404

negative symptoms; non-neuroleptic treatment; schizophrenia; serotonin reuptake inhibitors; anticonvulsants; oestrogens; glutamatergic drugs, 29359

norepinephrine transporter; antidepressants; selective serotonin reuptake inhibitors; norepinephrine reuptake inhibitors; rats; desipramine; paroxetine; nisoxetine binding, 12974

norepinephrine; effectiveness; antidepressants drugs; monoamine transporter; serotonin reuptake inhibitors; pharmacotherapy; efficacy, 20372

norepinephrine; serotonin reuptake inhibition; depression treatment; combined treatment; treatment efficacy; fluoxetine; desipramine, 14168

obsessive compulsive disorder; serotonergic parameters; serotonin reuptake inhibitor treatment; clinical improvement, 11481

obsessive compulsive disorder; serotonin reuptake inhibitors; paroxetine; venlafaxine; drug dosages; antidepressants; drug efficacy; drug therapy; switch trial, 17039

obsessive-compulsive disorders; psychiatric disease; schizophrenia; clomipramine; selective serotonin reuptake inhibitors; obsessions; compulsive behavior; psychodynamics; therapeutic perspective, 29373

panic attacks; carbon dioxide inhalation; panic disorder; serotonin reuptake inhibitors; paroxetine; hyperventilation, 13055

panic disorder; generalized anxiety; clomipramine; fluoxetine, 10034

panic disorder; long-term management; pharmacotherapy; tricyclic antidepressants; selective serotonin reuptake inhibitors; benzodiazepines, 23236

panic disorder; selective serotonin reuptake inhibitors; patient suffering; thyroid function, 14162

pharmacogenetics; psychiatric disorders; SSRIs; drug-metabolising enzymes; gene variants, 10018

pharmacological research; data availability; ethical imperative; psychotropic medication; clinical trials; serotonin reuptake inhibitors, 29412

pindolol; cortisol; prolactin; selective serotonin reuptake inhibitors; paroxetine; depression, 18716

pindolol; treatment-resistant patients; selective serotonin reuptake inhibitors monotherapy; antidepressants; major depressive disorder, 20378

pindolol; depression; selective serotonin reuptake inhibitors; tolerability; adverse events, 23211

placebo run-in phase; placebo responders; treatment condition; depression; serotonin reuptake inhibitors, 17056

psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25414

psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25421

psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25430

psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25420

psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25426

psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25437

selective serotonin re-uptake inhibitors; hyponatraemia; elderly; geriatric populations, 29403

selective serotonin reuptake inhibitor; extrapyramidal symptoms; autistic children; side effects, 22740

selective serotonin reuptake inhibitor; SSRI; mania; paroxetine; pre-adolescence, 20391

selective serotonin reuptake inhibitors; affective blunting; healthy elderly; affective experience; paroxetine; sertraline, 24806

selective serotonin reuptake inhibitors; amitriptyline; depression; inpatients; outpatients; tricyclic antidepressant drugs; randomized clinical trials; treatment outcomes, 26338

selective serotonin reuptake inhibitors; antidepressants; dependence; addiction; suicide; homicide, 14169

selective serotonin reuptake inhibitors; antidepressants; maternal use; pregnancy; gestational age; neonatal withdrawal; prenatal exposure; neurobehavioral effects; newborns, 35495

selective serotonin reuptake inhibitors; biomedical publications; drug treatment, 2190

selective serotonin reuptake inhibitors; child psychiatry; adolescent psychiatry; drug safety; drug effectiveness; medication, 29335

selective serotonin reuptake inhibitors; hyperprolactinemia; antipsychotics; prolactin; dopamine receptor; fertility; breast cancer; bone density; galactorrhea, 26358

selective serotonin reuptake inhibitor; medication discontinuation; antidepressant medication; antidepressant treatment, 29354

selective serotonin reuptake inhibitors; sexual dysfunction; orgasm delay; psychiatric disorders; side effects; spontaneous remission, 26373

selective serotonin reuptake inhibitors; tricyclic antidepressants; overdose; venlafaxine; dothiepin; deliberate self-poisoning; seizures; arrhythmias; coma; serotonin toxicity; ICU admission, 8558

selectivity; differential efficacy; serotonin reuptake inhibitors; tricyclic antidepressants; venlafaxine, 20294

serotonin modulation; cerebral glucose metabolism; normal aging; neuroendocrine; cerebral metabolic response; citalopram, 27892

serotonin reuptake inhibitors; bipolar disorder; anti-depressants; lithium; anti-convulsants; anti-psychotics; electroconvulsive therapy; benzodiazepine; dopamine agonist; sleep-deprivation, 26429

serotonin reuptake inhibitors; neuropsychiatric side effects; bleeding; Hepatitis C-infected patients; aspirin; anti-inflammatory drugs; internal hemorrhage; cirrhosis; hepatic failure, 11573

serotonin syndrome; tramadol; citalopram; recurrent depressive disorder; selective serotonin reuptake inhibitors; fluoxetine; paroxetine; sertraline, 32458

serotonin transporter; genetics; neuropsychiatric disease; serotonin reuptake; stress responses; depression; anxiety; mice; animal models; phenotypes; aggressive behaviors, 3650

severe suicidal ideation; escitalopram; selective serotonin reuptake inhibitors; drug side effect; lexapro, 35513

sexual dysfunction; bupropion; serotonin reuptake inhibitor; side effects; testosterone; major depression, 17034

sexual function; sexual partner; s sexual dysfunction; orgasmic function; sexual arousal; recurrent major depression; depressed women; SSRI treatment, 20307

sibutramine; appetite; eating behavior; therapeutic outcome; obesity, 17030

SSRI; drug side effects; nefazodone; dopamine levels; depression; Parkinson disease, 2142

SSRI; rats; 5-HT1B receptor blockade; potassium chloride; frontal cortex; NAS-181; fluvoxamine; pargyline; extracellular serotonin levels; selective serotonin reuptake inhibitors, 15740

suicide risk; selective serotonin reuptake inhibitors; adult patients; children; antidepressants, 29404

therapy length; selective serotonin reuptake inhibitors; tricyclic antidepressants; major depression, 26399

tolerability; nefazodone; major depressive disorder; antidepressant treatment; serotonin reuptake inhibitors; drug therapy, 17065

transient neonatal symptoms; prenatal psychotropic medication exposure; selective serotonin reuptake inhibitor; antidepressants; benzodiazepines; maternal depression; anxiety disorders, 20370

tryptophan depletion; major depression; cognitive therapy; selective serotonin reuptake inhibitor antidepressants, 23100

ziprasidone; SSRI antidepressant; mania, 11545

Serapil [See Reserpine]

Sertraline—Serials

animal sex differences; hypothalamic-pituitary-adrenal axis; pituitary-adrenal response; acute antidepressant treatment; imipramine; sertraline; prolactin; adrenocorticotropin; cortisol; sheep, 15732

cognitive behavioral therapy; depressed alcoholics; serotonergic medications; depressive symptoms; relapse prevention; depression outcome; substance induced mood disorder, 8019

depressed patients; REM sleep; selective serotonin reuptake inhibitors; major depressive disorder; rapid eye movement sleep; double-blind treatment; sleepiness, 8513

drug efficacy; drug tolerability; treatment safety; drug therapy; seasonal affective disorder, 17067

efficacy; sertraline; night eating syndrome, 11535

facial movements; obsessive-compulsive disorder; patients; motor function; kinematic analysis; emotional responses; humor; sertraline; drug therapy, 8529

gender differences; sertraline pharmacotherapy; alcohol dependency; treatment outcomes; drug therapy; treatment efficacy, 32798

gender differences; sertraline; imipramine; depressive disorder; dysthymic disorder, 11462

generalized social phobia; age of onset; selective serotonin reuptake inhibitors; sertraline; predictors of treatment response, 11568

major depression; body energy; citalopram; paroxetine; sertraline; fluoxetine; fatigue; listlessness, 32448

major depressive episode; Alzheimer's disease; sertraline; depression; caregiver burden; demographics; neuropsychological factors; neuropsychiatric factors; treatment response, 20058

mirtazapine; orally disintegrating tablet; sertraline; antidepressant efficacy; major depressive episode; onset of action, 4482

obsessive-compulsive disorder; digitizing tablet; handwriting; kinematic analysis; sertraline, 12621

panic disorder; sertraline; imipramine; drug switch strategy; differential efficacy; measures analysis, 8526

pathologic gambling; sertraline, 26403

pharmacotherapy refractory posttraumatic stress disorder; Cambodian refugees; cognitive-behavioral therapy; treatment resistance; antidepressants; combination treatment, 8436

post-traumatic stress disorder; remission rates; sertraline effects; placebo, 20309

postpartum depression; high-risk women; pregnant women; sertraline, 29405

posttraumatic stress disorder; nefazodone treatment; sertraline treatment, 26400

sertraline augmentation therapy; behavioral manifestations; Alzheimer's disease; donepezil therapy, 14140

sertraline efficacy; drug therapy; bulimia nervosa; psychopathology; depressive symptoms, 26431

sertraline; paroxetine; panic disorder; acute treatment; agoraphobia, 23212

sertraline; recurrent depression; prophylactic efficacy; safety; major depressive episode, 26388

symptom improvement; sertraline; severe premenstrual syndrome, 26363

treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14186

treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14178

treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14187

treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14197

treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14163

tryptophan metabolism; sertraline; rat brain; 5-hydroxytryptophan; 5-HT; treatment; 5-hydroxyindolacetic acid; 5-HIAA, 3948

vaginal bleeding; plasma proteins; selective serotonin-reuptake inhibitors; sertraline; anticoagulative drugs; geriatric population, 23282

visual hallucinations; sertraline; drug therapy; memory loss; attention deficits; depressed mood; severe anxiety, 23267

Serum (Blood) [See Blood Serum]

Service Personnel [See Also Technical Service Personnel—Serials]

alcohol consumption; social atmosphere; educational intervention program; college students; bartenders; student pubs, 16229

antecedents; customer-contact employees; empowerment; workers; retail bank, 30221

elderspeak; older persons; family; friends; service workers, 25102

emotional dissonance; emotional exhaustion; cabin attendants; depersonalization; human service burnout, 17842

emotional exhaustion; conscientiousness; job performance; call center customer service representatives; service quality; call volume, 30202

employee courtesy; service firms; customer service; physical environment; locus of causality; customers evaluation, 33348

ethnic minorities; ethnic differences; managerial decisions; food service personnel; Whites; Asians; Blacks; tipping; restaurants, 10461

gender bias; customer service representatives; customer satisfaction; phone-based service encounters, 14836

gender interplay; affective tone; service encounter satisfaction; smiling employee; customer responses; emotional cues, 9190

multichannel service systems; sales service; customer interaction centers; service quality; partnership quality; image quality; performance satisfaction, 36405

role stressors; role conflict; service organization; customer-oriented boundary-spanning behaviors; role ambiguity; front line service employees, 14762

service climate; customer attitudes; boundary conditions; employee-customer contact; employee-customer relationship; banks; organization subunits, 36369

service contact personnel dress; customer expectations; service quality; purchase intention; customer gender, 36447

service performance; restaurant employees; customer outcomes; individual level factors; store variance; conscientiousness; extraversion; customer satisfaction; customer loyalty; service climate, 36303

service recovery strategies; consumer responses; service failure; service employees; rapport, 9175

shoulder touch; gratuities; patrons; servers; same-gender dyads; cross-gender dyads, 13418

trait antecedents; service worker; job resourcefulness; JR; customer orientation, 9070

Set (Response) [See Response Set]

Severe Mental Retardation—Serials

challenging behaviors; moderate mental retardation; severe mental retardation; positive behavior support plan; augmentative & alternative communication intervention, 17004

extrapyramidal symptoms; adolescent population; mental retardation; psychotic symptoms; schizophrenia; aripiprazole, 5307

factor structure; Diagnostic Assessment for the Severely Handicapped-II; mental retardation; psychopathology, 27324

mental retardation; protein kinase; hippocampus; long-term potentiation; Angelman syndrome; learning deficits, 22854

positive procedure; on-task engagement; self-injurious slapping; stereotypic clothes manipulation; severe disabilities; challenging behavior; employment, 11580

preference assessment of work tasks; natural environment; mental retardation; happiness; prediction of performance; on task behavior, 13819

preference degrees; severe & profound intellectual disabilities; food items; quality of life; happiness indices; choice, 35129

profound mental retardation; reinforcement; severe mental retardation; positive stimuli; Snoezelen equipment; head orientation; eye contact; interest, 14458

visual attention; severe mental retardation; stimulus compounds; conditional-discrimination tasks; assessment; computer touch screen, 19796

Severity (Disorders)—Serials

acute inpatient care; veterans health administration; patient severity; inpatient stay; medicare; 3M All Patient Refined Diagnosis Related Groups Group; veterans health administration, 17405

addiction severity index; internet; automated telephone self-report administration; interactive voice response, 27262

Addiction Severity Index; scale structure; factor validation; concurrent disorders; psychiatric disorders; substance abusers; confirmatory factor analysis, 33544

alcohol problems; latent trait modeling; severity linking; abusive drinking; tolerance; withdrawal; alcoholism; conceptualization; assessment; symptom parameter, 25888

alternative medicine; mobility limitations; severity; disabilities; CAM; physical functioning; spiritual healing; prayer; health care, 2271

anorexia nervosa; ethyl-eicosapentaenoate; micronutrients; severity, 35505

antisocial personality disorder; Michigan Alcoholism Screening Test; alcohol dependence severity, 34766

APOE genotype; risk factor; neuropathy severity; diabetic patients, 13857

assault related variables; treatment outcome; trauma related variables; posttreatment severity; posttraumatic stress disorder; cognitive behavioral treatment; adults; assault victims, 29283

asthma; severity; self-report; urgent health care utilization; September 11; terror attacks; disaster; posttraumatic stress, 8718

axis II comorbidity; early-onset panic disorders; panic disorder patients; psychiatric disorders; severe clinical symptoms; Japanese, 19318

brain nerve growth factor; cognitive impairment; mild Alzheimer disease; severe Alzheimer disease; choline acetyltransferase; disease discourse, 8283

brief bipolar disorder scale; bipolar disorder; test development; psychometrics; symptom severity; Texas Medication Algorithm Project, 30440

career counseling; mentally ill clients; career development; disorder severity, 34787

caregiver burden; mental illness; disease severity; schizophrenia, 5636

catastrophic misinterpretation; bodily sensations; panic disorder; self-efficacy; panic severity; cognitions, 25700

cerebrospinal fluid cortisol levels; Alzheimer's disease; dementia severity; psychological stress of impending death; morphine; palliative care, 11641

cerebrospinal fluid; plasma antichymotrypsin levels; Alzheimer disease; severity; physiological correlates; cognitive impairment; neuritic plaques; systematic inflammatory diseases, 4986

chronic fatigue; prognosis; prediction; attribution, depression; demographic predictors; clinical predictors; symptom severity, 8159

chronic pain; posttraumatic headache; psychosocial factors; mind-body dualism; pain severity; pain onset; head injury; traumatic brain injury, 29021

Clock Drawing Test performance; cognitive status; positive and negative symptoms; schizophrenia; symptom severity, 10779

cognitive change; irritable bowel syndrome; hypnotherapy; symptom severity, 20454

cognitive functioning; symptomatology; unemployed; supported employed; independently employed; employment; severe mental illness, 10664

cognitive-behavioral treatment; PTSD; posttraumatic stress disorder; severe mental illness; consumer education; anxiety management; social skills training; exposure therapy; follow-up care; model, 14084

combined skills training; health care management; older persons; severe mental illness; independent living skills; health promotion; social functioning, 29501

comorbidity; depression; epilepsy; health-related quality of life; epileptic seizures; seizure severity; mild-moderate depression; major depression, 1321

- cytchrome; antipsychotic treatment; tardive dyskinesia; genetic polymorphism; schizophrenic patients; disease severity, 26389
- defense mechanisms; panic disorder; disease severity; comorbidity; Brazilian patients, 10826
- dehydroepiandrosterone; drug efficacy; tolerability; Alzheimer's disease; DHEA treatment; placebo; cognitive functioning; disease severity, 8654
- delta sleep inducing peptide; tetrapeptide; metapit seizures; audiogenic seizures; metapit seizure severity, 13081
- demographic characteristics; migraine characteristics; physical activity; headache severity; migraine without aura; unilateral pain; pulsating pain; adolescents; sumatriptan; naratriptan, 22855
- depressed subgroups; treatment; patient retention; major depression; depression severity; treatment dropouts; comorbid medical conditions, 1905
- depression severity; depression treatment; treatment planning; major depression; geriatric depression; initiation & perseveration impairment, 10292
- depression severity; injection drug users; HIV risk behavior; injection risk behavior; laws; major depression; substance abuse; dysthymia, 25492
- depression severity; injection drug users; HIV risk behavior; injection risk behavior; major depression; substance abuse; dysthymia, 25487
- depression severity; screening; mental disorders, 12515
- depression-related negative cognition; mood-state; trait dependent properties; state-trait model; cognitive bias; dysfunctional attitudes; depression severity, 28629
- depressive disorders; psychopathology; Hamilton Depression Rating Scale; Montgomery-Asberg Depression Rating Scale; illness severity, 6313
- depressive episode; relapse; suicide; ICD-10; depression severity; depression; ICD-10 categorization; validity, 27316
- depressive episode; repetitive transcranial magnetic stimulation; major depression; disorder severity; neuropsychological assessment, 16880
- despair; spiritually oriented group therapy; women healing; severe mental illness; spirituality; mood; motivation; interpersonal bonding; group prayer; yoga breathing; spiritual readings, 29421
- disability level; major depression; severity, 4595
- disease severity; frontotemporal dementia; clinical indices; staging scheme; atrophy severity; pathological features, 13926
- disease severity; functional status; depression; daily quality of life; congestive heart failure; social support; conflict; mood, 29080
- disease severity; psychosocial adjustment; primary control perceptions; secondary control perceptions; Parkinson's disease; prediction; depressive symptomatology; life satisfaction, 1862
- dual diagnosis patients; treatment intensity; symptom severity; program intensity; community-residential treatment; hospital programs; patient-treatment matching; community programs; service intensity, 20554
- educational level; SES; aphasia; recovery; severity, 11125
- emotional disturbance; school-based program; mental health services; disorder severity; moods; emotion; self harm; thinking; interpersonal relation, 23530
- executive function; theory of mind; symptoms; autistic children; symptom severity; mental states; executive control skill; language level; reciprocal social interaction; repetitive behavior, 19750
- familial influences; schizophrenia; course; severity; US & Indian samples; affected sibling pairs; genetic influences, 28695
- fecal incontinence; health maintenance organization; managed care clinics; severity; community-living elderly, 32073
- fragile X disorder; fragile X mental retardation protein; biological markers; cognitive impairment; executive function; sex differences; mutation vs premutation; genotype; phenotype, 1783
- frontotemporal dementia; disorder severity; regional atrophy; neurodegenerative diseases; diagnosis, 32165
- gamblers; pathological gambling; gambling type; demographics; addiction severity; psychiatric problems, 16483
- Gastroparesis Cardinal Symptom Index; gastroparesis; symptoms severity; test validity; test development; patient reported assessment; psychometric evaluation, 24300
- gender differences; injury severity; car accidents; drivers; sport-utility vehicle, 30288
- hamilton depression rating scale; pharmaceutical companies; major depressive disorder; psychometric properties; scores; depressive severity, 18123
- Hartford Study of Supported Employment; vocational rehabilitation approaches; severe mental illness; individual placement support; psychosocial rehabilitation; standard services; employment outcomes, 29817
- individual differences; temporal variability; medically unexplained symptoms; symptom reporting; frequency; severity; framing; Gulf War veterans; personality; chronic illness, 25342
- inherited disorder; genetics; modifier interaction; mice; chronic movement disorder; neurological disease; disease severity; RNA; splicing factor; splice site site; mutation; sodium channel modifier 1, 524
- inpatient treatment; eating disorders; interpersonal distrust; body dissatisfaction; eating disorders symptomatology; symptom severity, 19817
- insomnia; generalized anxiety disorder; cognitive behavior therapy; severity; symptoms, 26274
- interpersonal problems; group treatment; personality disorder; group outcome; community mental health center, 8454
- irritable bowel syndrome; depression; mood; symptom severity; bipolar disorder, 1322
- limb gesture imitation; disease severity; Alzheimers disease; pantomime; praxis performance, 26158
- long-acting antipsychotic medications; severe and persistent mental illnesses; mentally ill individuals; ethical considerations, 29374
- long-term disease course; symptom levels; major depression, 10770
- lower extremity changes; pain; function; injection drug users; chronic venous insufficiency; behavior, 8022
- major depression; depression severity; cognitive therapy; psychosocial variables; interpersonal functioning; cognitive functioning; social functioning; personality traits, 5193
- mental disorders; criminal justice; severe mental disorders; schizophrenia; at risk populations; incarceration; arrest, 25931
- motivation for change; alcohol use severity; severe mental illness; persistent mental illness, 26749
- motor impairment; myocardial uptake; Parkinson's disease; disease severity; myocardial dysfunction, 16767
- Multidimensional Scale of Independent Functioning; functional disability; psychiatric outpatients; psychometrics; reliability; validity, 3192
- multiple sclerosis; MS; patient characteristics; speech problem severity; speech disorders; demographics; physical function; sensory symptoms, 16580
- negative cognitions; emotional problems; traumatic grief; depression; anxiety; bereavement; symptom severity; loss of first degree relative; adults, 1366
- neuroimaging; white matter hyperintensities; affective disorders; bipolar disorder; unipolar disorder; MRI; illness severity, 7843
- neuropathological severity; severity predictors; Huntingtons disease; neuropathological grade; Quantified Neurological Examination scores, 11293
- neuropsychological impairment; traumatic brain injury severity; dose-response relationship; cognitive deficit, 8295
- obsessive compulsive disorder; body dysmorphic disorder; insight; global insight; symptom severity; adult outpatients, 10702
- obsessive-compulsive symptoms; temporal lobe epilepsy; right hemisphere epilepsy; left hemisphere epilepsy; symptom severity, 35292
- orthopedic injury; attention deficit hyperactivity disorder; traumatic brain injury; neuroimaging lesion assessment; dimensional measures; children; outcome data; brain injury severity; adolescents, 16362
- outcome measure; consultation-liaison mental health services; Health of the Nation Outcome Scales; problem severity; emergency department; general hospital; acute psychiatric unit, 35780
- pain severity; abdominal pain; catastrophizing; major depression; irritable bowel syndrome; maladaptive beliefs, 26045
- parental uncertainty; posttraumatic stress; serious childhood illness, 10673
- perceived stigma; depression severity; depression treatment, 19393
- personality disorders; severity, 10865
- personality features; outcome prediction; traumatic brain injury; injury severity; posttraumatic amnesia duration, 11274
- personality organizations; psychiatric severity; object representations; self representations; aspects integration; neurotic personality; psychotic personality; borderline personality, 19568
- pharmacotherapy; psychotherapy; major depression; interpersonal psychotherapy; severe chronic depression, 29219
- physical activity; immunity; HIV infection; viral load; disease progression; symptom severity; CD4+ cell count, 26081
- podiatric problems; health status; severe mental illness; psychiatric outpatients; self reports, 26029
- posttraumatic stress disorder; PTSD; symptomatology; veterans; terrorism; September 11; PTSD severity, 1533
- posttraumatic stress disorder; symptom severity; violent crime victims; cue elicited craving; alcohol dependence; cocaine dependence; traumatic event; severity score; sexual assault; total severity, 7797
- prevalence; correlates; obesity; severe and persistent mental illness, 10651
- primary progressive aphasia; limb apraxia; deficit frequency; deficit severity; pantomime; imitation; gesture performance, 8101
- psychiatric conditions; behavior problems; adults with mental retardation; severe mental retardation; profound mental retardation, 13818
- psychiatric disorders; obese children; obese adolescents; psychopathology; obesity severity; parents, 25497
- psychiatric morbidity; disability; service use; primary care attenders; physical illness; disorder severity; health care use; psychological illness, 29647
- psychiatric outpatients; smoking rates; other substance use; psychiatric diagnosis; illness severity, 4578
- psychiatric ward; length of stay; mental illness severity; psychiatric hospital admission, 20606
- psychological distress; chronic posttraumatic headache; traumatic headache; headache origin, 22831
- psychological distress; major depression; coping behavior; self help strategies; professional help; disorder severity, 19381
- psychosocial dysfunction; posttraumatic stress disorder; comorbidity; trauma exposure; symptom severity; functional impairment, 25728
- psychosocial factors; individual differences; perceived severity; functional dyspeptic symptoms; psychosocial interactionist model, 16589
- psychosocial stress; type 1 personality; disorder severity; chronic hepatitis C, 19873
- qualitative classification; severity of disorder; dementia patients; Activities of Daily Living scales; functional disability; quality of life; costs; sociodemographic data, 20008
- response inhibition; attention deficit hyperactivity disorder; emotional disturbance; closed head injury; behavior problems; impaired response; anxiety symptoms; stop-signal task, 16369
- risk factors; continued illness; Gulf War veterans; symptom severity; psychological distress; fatigue; Gulf War syndrome; physical functioning, 25469
- self appraisal; impromptu speech performance; symptom severity; post-event rumination; social phobia; cognitive behavioral treatment, 14081
- self-reported personality disorders; depressive severity; clinical correlates; late life, 31707
- severe anorexia nervosa; long-term incidence; female anorexia patients; hospitalization, 22771
- severe anorexia nervosa; long-term incidence; hospitalization; female anorexia patients, 22773
- severe mental illness; posttraumatic stress disorder; trauma; diagnosis; treatment; competence; confidence, 29918
- severe personality disorder; developmental disorder; childhood development; adolescent development, 10866
- sleep problems; environmental stimuli; children with autism; behavioral interventions, 13798
- small life events; self-report; tic severity; tic disorder; stressful life events; symptom severity, 22951
- social anxiety; high school students; gender differences; disorder severity, 13656
- sociodemographic characteristics; posttraumatic stress disorder; PTSD; subject characteristics; racial disparity; service connection; functional status; Department of Veterans Affairs, 17314
- startle responses; motor vehicle accidents; accident survivors; symptom severity; cognitive behavior therapy, 35196
- substance use; severe mental illness, 7743
- suicidal ideation; suicide risk; risk assessments; suicide attempts; symptom severity; risk factors, 34945
- sustained attention; traumatic brain injury; attention deficit hyperactivity disorder; impulsiveness; psychosocial factors; severity; adaptive functioning; social background, 32195
- Tax Equity and Fiscal Responsibility Act; Medicaid eligibility; severe disabilities; disabled children; poor families; middle-income families, 32679
- Tourette syndrome; risperidone; drug treatment; safety; efficacy; tics; symptom severity, 8639
- Tourette's disorder scale; development; reliability; validity; measurement; symptoms; interrater reliability; illness severity; internal consistency, 168
- treatment remission; Montgomery-Asberg Depression Rating Scale; symptom severity; cutoff choice; antidepressant efficacy trials; defining remission; psychosocial functioning, 18144

treatment; mental disorders; cross-national comparisons; World Health Organization; severity; prevalence, 25541
treatment; mental disorders; cross-national comparisons; World Health Organization; severity; prevalence, 34795
treatment; mental disorders; cross-national comparisons; World Health Organization; severity; prevalence, 34792
verbal language; written language; moderate; Alzheimer's disease; mild Alzheimer's disease, 19983
Wechsler Adult Intelligence Scale III; WAIS III; brain injury severity; traumatic brain injury; intelligence; premorbid intelligence; memory, 15073

Severity (Disorders)—Chapters

Measuring symptoms and fatigue severity, 16649

Sex—Serials

adult-adolescent sexual relations; adolescent sexual experiences, 10258
androgen insensitivity syndrome; Klinefelter's syndrome; sex; gender; psychological features; medical nature; social considerations, 32076
culture; sex; age; handedness measures, 33987
health science studies; discriminatory attitudes; health professionals; group differences; biological sex; health claims; medical staff; malpractice, 23731
legal implications; adolescent health care decision-making; sex; reproduction; gender; tripartite relationship; children; parents; state; orientation; patient interests; laws; legal system; rights, 32624
male-to-female transsexuals; prostitution; social workers; sex industry; young transsexuals, 31430
mental retardation; literature; participant gender; sex; researchers, 16555
personal power; cultural unconscious; psychoanalytic theories; sex; gender; female psychology; women's liberation, 28533
personality predictors; individual differences; token seduction; sex; intention; gender differences; interest, 10577
sex-related effects; forced unilateral nostril breathing; autonomic nervous system, 34102
sex-related factors; drug effects; sexual behavior; sex hormones; gonadal hormones, 31015
sex-related variables; continuation in counseling; client sex; therapist sex; dyad matching on sex; gender; men; women; gender bias; mental health treatment, 26241
sex; gender; identity; history; gender-related conditions; intersex syndromes; attitudes; patient needs; sexual behavior; sexual orientation; sexual profile, 31424
sex; perceptions of attractiveness; sensation seeking; sexually transmitted diseases, 25229

Sex Change—Serials

gender identity disorder; cross gender identification; diagnostic features; psychiatric comorbidity; sex reassignment therapy; psychiatrists, 25501
gender identity disorder; cross gender identification; psychiatric comorbidity; diagnostic features; sex reassignment therapy; psychiatrists, 25512
gender identity disorder; psychiatric comorbidity; cross gender identification; diagnostic features; sex reassignment therapy; psychiatrists, 25530
transsexuals; social stigmatization; manhood; Cyber community support; sex negotiation; gender mobility; female to male transsexuals, 25213

Sex Chromosome Disorders [See Also Klinefelters Syndrome]—Serials

androgen insensitivity syndrome; Klinefelter's syndrome; sex; gender; psychological features; medical nature; social considerations, 32076
executive skills; Klinefelters syndrome; sex chromosome abnormality; X-chromosomes, 19892
gender identity; XY intersexuality; XY karyotype; external genitalia; testosterone; 5 α -reductase-2 deficiency; 17 β -hydroxysteroid dehydrogenase-3 deficiency; androgen insensitivity; syndromes, 31678

Sex Chromosomes—Serials

early infantile autism; fragile X anomaly; autistic spectrum disorders; psychopathology; chromosomal abnormalities; genetics; sex chromosomes, 32002
gene expression; sex chromosome; dorsolateral prefrontal cortex, 21523
sex chromosomes; brain gender; genes; sex differences; development, 34001

Sex Education—Chapters
Inducing hypocrisy as a means of encouraging young adults to use condoms, 17278

Sex Hormones [See Also Androgens, Estrogens, Progesterone]—Serials
androgenic metabolites; estrogenic metabolites; dehydroepiandrosterone; cognition; postmenopausal women; short term memory, 23247
caffeine; postmenopausal estrogen; Parkinson's disease; PD; postmenopausal hormone; caffeinated drinks; sex differences; hormonal effects, 16734
cocaine self administration; drug sensitivity; animal sex differences; sex hormones; brain organization; rats, 10003
endorphin imprinting; serotonin; sexual behavior; neonatal rats; gender difference, 7168
female roughskin newts; sex steroids; vasotocin; visual stimuli; olfactory; animal sex differences, 3855
female sex hormones; estrous cycle stage; behavioral outcome; experimental traumatic brain injury; motor performance; cognitive performance; spatial memory, 27805
food preferences; number of male pups; late pregnancy; maternal hormone profiles; fetal sex hormones; maternal behavior; mice, 503
food preferences; number of male pups; late pregnancy; maternal hormone profiles; fetal sex hormones; maternal behavior; mice, 510

homosexuals; heterosexuals; early hormone exposure; sex steroids; male typical sexual orientation; bone morphology; estrogens; androgens; sexual dimorphism; skeletal size; steroid exposure, 16218

hormonal status; estrogen; progesterone; estrus; partner preferences; sexual experience; female rats; sexual interaction condition, 27868

hormonal status; renin-angiotensin system; RAS; system-regulating aminopeptidases; vasopressin-degrading activity; hypothalamus-pituitary-adrenal axis; mice; adrenal glands; HPA axis; pituitary gland, 15749

hormones; treatments: premenstrual syndrome; PMS; mental symptoms; physical symptoms; fertile age women; sex steroids; progesterone; progesterone; estrogen; etiology; GABA systems; serotonin, 5264

hostility-aggressiveness; sensation seeking; sex hormones; men, 24749

human sex differences; hypothalamus; aggressive behavior; suprachiasmatic nucleus; serotonin; schizophrenia; neurotransmitter system; sex hormones, 6834

human sex steroid; androstadienone; autonomic nervous system; moods; olfaction; dose response; sniffing; gender differences, 34119

hypertension; gender differences; heart disease risk; aging; women; menopause; sex hormones; obesity; alcohol; prevalence; screening; management; exercise; oral contraceptives; diagnosis, 8192

menopause; DHEA-S; prolactin; musculo-skeletal pain; psychological distress; sex hormones; estradiol; testosterone; androstadienone, 7093

neuropeptide y; leptin; antipsychotic medication; weight gain; estrogen; schizophrenia; gonadal steroid production; testosterone, 2161

perinatal exposure; testosterone; functional cerebral lateralization; sex hormones; intrauterine position; sex differences; lateral dominance, 27869

progesterone increase; DHEA-substitution; males; excessive fatigue; depression; sex hormones; plasma levels, 11531

sex differences; human hypothalamus; sex hormones; Alzheimer patients cognition; estrogen replacement therapy; neuronal metabolism, 8313

sex hormones; finger length; sexual orientation; spatial ability; status; physical prowess; reproductive success; second to fourth manual digits, 27691

sex steroids; anxiety states; female mice; sex hormones; ovarian cycle; psychological stature; anxiety levels, 9925

sex-steroid derived compounds; sex-specific effect; physiology; psychology; autonomic nervous system; humans; 4,16-androstadien-3-one; 1,3,5(10),16-estratrien-3-ol, 7150

sexual hormone antagonists; antiepileptic drugs; tamoxifen; cyproterone acetate; mifepristone; valproate; diphenylhydantoin; clonazepam; bicuculline; N-methyl-D-aspartic acid; kainic acid, 12977

Sex Linked Developmental Differences—Serials

individual growth; food intake; Eurasian perch juveniles; androgens; estrogens; sex-related growth differences; methyltestosterone/estradiol, 18769

Sex Offenses [See Also Sexual Abuse]—Serials

actuarial instruments; sex offenders; recidivism; violence; sexual offenses, 146

adolescent sex offenders; mental health workforce; training workshops; knowledge; skills; confidence; willingness, 12017

adult attachment; sexual offenders; insecure attachment; victim choice; modus operandi; sexual acts; incarcerated offenders; clinical implications, 19723

adult sexual assault; prevalence; symptomatology; sex differences; physical assault, 25794

alcohol abuse; drug abuse; sexual offenders; intimacy deficit; coping strategy; rape; child molestation, 31979

attachment styles; psychological profiles; child sex offenders, 10926

career stability; work experiences; child molesters; career status; job security; life roles; child sex offenders; psychosocial development, 16488

child sexual abuse; sexual abuse prevention; sex offenders; abuse prevention programs; victim-based paradigm; potential healthy relationship paradigm, 4677

child sexual offenders; group treatment program; therapeutic engagement; child abuse; self-disclosure; disclosure management style, 32338

citizen coping; community notification; released sex offenders; crime; coping; locus of control, 33447

criminal diversity; paraphilic interests; sexual offenses; convicts; criminal history; recidivist offenders; nonsexual offense, 35059

demographic characteristics; abuse characteristics; sexual offenders; adolescent sexual offenders; special needs; sexual abuse offenders; demographics; abuse characteristics, 34956

emotional states; affective states; sex offending, 25818

empathic ability; hypermasculinity levels; male adolescents; sex offenders, 25795

female sexual offender; victim characteristics; sexual assault; offender characteristics; child sexual assault; offenders typology; victim characteristics, 35022

forensic psychology; physical restraint; psychiatric hospital; recidivism; sexual offenders; risk factors; prison; therapeutic community; criminal reoffending, 36521

Fulmer v. Michigan Department of State Police; Michigan Sex Offender Registration Act; sex offender; public notification; Daniel Fulmer; plaintiff, 9301

heterosexual age of consent; age of consent; heterosexuality; institutionalization; law; sexual offenses; adolescent attitudes, 25068

information-processing biases; emotional stroop; forensic populations; sex offenders; violent offenses; pedophiles; sexual words; stroop effect; response latency, 35060

intellectual disability; risk assessment; sexual offenders, 11047

intellectually disabled individuals; treatment services; sex offenders; sexual offenses, 35610

interrater reliability; predictive validity; risk assessment instruments; sexual violence; sex offenders, 24167

judicial treatment; sex offenders; age; sex; weapons; sexual aggression; criminal justice; victims; police detection; treatment centers; institutional referrals, 30334

juvenile delinquency; sexual offense; residential placement; community based programs; adjudication; lengths of stay, 25927

juvenile sexual offenders; male juvenile delinquency; sexual offenders; recidivism; at risk populations, 11035

linkage analysis; sexual offenses; sexual offenders; modus operandi; ritual behavior; fantasy; signature, 8040

linkage analysis; sexual offenses; sexual offenders; modus operandi; ritual behavior; fantasy; signature, 25925

linkage analysis; sexual offenses; sexual offenders; modus operandi; ritual behavior; fantasy; signature, 25926

neuropsychological executive functions; adolescent sex offenders; nonsex offenders; neuropsychological deficits, 35062

offender readiness model; rehabilitation; offenders; recidivism, 35916

online sexual solicitation; Internet; strategies for protecting children; professional psychologists; technology; psychoeducation; legal considerations; sexual predation, 10901

pedophile sex offenders; treatment attitudes; treatment motivation; voluntary basis, 23641

personality assessment inventory; offender treatment program; treatment noncompliance; sex offender treatment; incremental validity; antisocial features; verbal aggression; prison inmates, 24232

phallometric testing; sexual preference testing; deception avoidance; child molester, 31882

prevalence; correlates; sexual violence; self-reported forced sexual intercourse; refugee women; internally displaced women; Azerbaijan, 1594

prison service; sex offender treatment; minority sexual offenders; Blacks; program evaluation, 26786

psychiatric and legal features; convicted sexual offenders; males; sexual violence; paraphilias; mental illness; sexual disorders; legal history; sexual and physical abuse; family psychiatric history, 22403

quality of life; sex offenders; perceptions; treatment; offender rehabilitation; clients; early release; halfway house; community correctional center; therapeutic implications, 11976

race; sexual assault; violent crimes; adjudication; violent offenses; lenient; punitive violent felons; United States, 12408

rape supportive attitudes; rapists; endorsement levels; self; other, 31978

rape; offense processes; rapists; child sexual offenders; relapse prevention model, 35006

recidivism; sex offenders; adolescent offenders; rearrest; reconviction; criminal behavior, 31982

risk assessment; sexual offenders; recidivism; sexual offense; methodological issues; measuring predictive accuracy; risk factor, 33468

risk assessments; criminal record; sex offender; re-arrest; probability, 11037

risk factors; sexual offense; recidivism; Estimate of Risk of Adolescent Sexual Offense Recidivism; psychometric properties; test reliability, 30470

self-defense training; assertiveness training; assault characteristics; assault experiences; female sexual assault survivors; college students, 25187

sensory-emotional integration; impairment; violence; adolescent sex offender; social risk factors; executive neuropsychological functioning; emotional numbing, 11061

sex offender treatment program; Adult Diagnostic and Treatment Center; reconviction; general prison system, 5728

sex offender; federal district court; double jeopardy clause; ex post facto clause; rights violation; Antonio Montalvo, 9294

sex offender; self-incrimination; prison inmates; sex offender treatment program; maximum security setting; Warden McKune; involuntary treatment, 9295

sex offenders laws; judicial case; California; mental health evaluators; legal error; violent sex offenders; Sexually Violent Predators Act; (SVPA); judicial court; court decision, 6196

sex offenders; community supervision program; public safety; sex offenses; probation; Adult Sex Offender Program, 13769

sex offenders; community treatment programs; treatment outcomes; recidivism; risk factors, 20570

sex offenders; convicted rapists; child molesters; attributional style; denial pattern, 14905

sex offending behaviour; assessment; challenging behaviour; intellectually disabled; definitions; assessment models; client intentions; criminal intent; communicative intent, 28900

sexual assault victims; counseling students; college counselors; effective interventions, 2868

sexual assault; domestic violence; perpetration; victimization; childhood abuse experiences, 19732

sexual assault; prevention programs; attitude change; self-defense training; program evaluation; risk factors, 9319

sexual dysfunction; treatment; sex offenders; comorbidity; sexual health; life satisfaction; quality of life; sex offense recidivism, 26775

sexual fantasy; sexual offenders; sexual offenses; sexual fantasy function model, 1576

sexual offenses bill; under-age sex abetting; teenage pregnancies; paedophiles; vulnerable young people; legislation, law, 6169

sexual offenders; denial; defensiveness; crimes; crime admission; self esteem, 34988

sexual offenders; nonsexual offenders; intellectual disability; learning disabilities; personal characteristics; referral sources; mental health services; mental illness, 31669

sexual offenders; prison discharge; reconviction rates; sexual convictions; violence convictions, 16515

sexual offenders; sexual conviction; treatment efficacy; treatment program; prison; violence; recidivism, 2536

sexual offenders; triangulation research; sexual offending; quality criteria; qualitative methodology; quantitative methodology; multiple assessment, 33648

sexual offenses; test validity; Abel Assessment for sexual interest; child molestation; visual reaction time; adolescent offenders, 30432

sexual recidivism risk; sexual offenders; risk assessment; risk factors; multidimensional model, 31859

sexual sadism; sexual offenders; diagnosis, 34991

sexual victimization; human females; gender-role orientation; sexual offenses; health problems; perpetrator characteristics; victim survey, 22633

sexually violent predators; civil commitment; interrater reliability; risk assessment; likelihood of reoffense, 33553

social skills; sexual offenders; rapist; molester; incest offender; pedophile; exhibitionist, 16475

stranger sexual assault; acquaintance sexual assault; adult males; coercion; violence; physical injuries, 31900

suicide; sex offenders; males; at risk population, 10883

supreme court; antisocial personality disorder; psychiatric diagnosis; sexual predator laws; preventive detention; predictive validity; mental abnormality; diagnostic systems; human rationality, 6202

therapist behaviors; offender treatment; therapeutic process; cognitive behavior orientation; general offenders; sexual offenders; therapeutic relationship, 26771

therapists goals; patients goals; pedophiles; treatment; sex abusers, 26235

treatment programmes; sexual offenses; recidivism; adolescents; treatment dropout, 35907

unacknowledged rape; rape myth acceptance; nonconsensual sex; rape victims, 35002

violent criminals; offenders; dangerousness; lethal predators; sexual predation; sanity; civil commitment; laws; killing, 4758

wartime rape; war; sexual violence; women; psychology of the offender; soldiers; multifactorial model, 31869

Sex Offenses [See Also Sexual Abuse]—Chapters

Forensic personal construct psychology: Assessing and treating offenders, 17486

Remediation of coercive sexual behavior, 2554

Sex offender risk assessment, 3265

Sex Recognition—Serials

female big brown bats; sex recognition; echolocation signals, 24591

garter snakes; selection; *Thamnophis sirtalis* parietalis; mating balls; female mimicry; body size; courtship mistakes; sex recognition; courting males, 12767

sex differences; barn swallows; differential allocation of food; sex identification; offspring begging calls; *Hirundo rustica*; discrimination; parents; sex allocation, 12763

Sex Role Attitudes [See Also Sexism]—Serials

Ambivalence Toward Men Inventory; Ambivalent Sexism Inventory; gender inequality; sexism; personality traits; hostile attitudes; benevolent attitudes; cross-national comparisons, 22245
 attachment styles; masculine gender role conflict; college men, 28320
 attitude change; self-confidence; teacher alliance; student cohesion; women and gender studies; gender role attitudes; classroom, 26963
 attitudes toward women; women individuation; male individuation; impression formation, 34533
 Auburn Differential Masculinity Inventory; hypermasculinity; sexual identity; dominance and aggression; conservative masculinity; devaluation of emotion; reliability; validity, 9382
 autobiographical memories; romantic movies; social experience; sex-role traditionality; dispositional empathy; dating couples, 30718
 beliefs; gender appropriateness; ability; physical activity; competence; ability conceptions; males; females; competence beliefs; human sex differences; sex role attitudes; sports; hockey, 24055
 construct validity; gender role; self-report measure; gender differences; relationships; Relationship Profile Test; gender role stereotype, 12458
 conversation analysis; social interaction; gender ideologies; Japanese society; feminism; phone-in conversation; television program, 22248
 counterstereotypical behavior; social economic sanctions; backlash; rewards; sabotaged deviants; cultural stereotypes; stereotype maintenance; undermining deviants; self-esteem; gender deviants, 31538
 cross-dressing; gender stereotypes; drag dressing; parody; performance; exaggeration; gender stereotypes, 34555
 cultural factors; economic factors; divorce; gendered family roles; working women, 28261
 domestic division of labor; volunteer work; informal support; gender differences; household labor allocation theories, 28243
 early childhood education; child care; teaching; sex role attitudes; working conditions, 33043
 future orientation; Israeli Palestinian girls; women's roles beliefs; academic achievement; fathers' beliefs; high school girls, 26969
 gender attitudes; religious behaviors; sorority membership; fraternity membership; social desirability; stereotypical gender attitudes; sexual attitudes, 25202
 gender bias; mental health treatment; family therapy; relationship problems, 11426
 gender differences; entrepreneurship; gender role attitudes; ethnography, 33255
 gender differences; role congruity theory; leader emergence; gender stereotypes, 34640
 gender discrimination; children perceptions; contextual information; gender attitudes, 31257
 gender identity; professional identity; child development; women's labor; child study, 22074
 gender ideologies; marital role sharing; marital quality; marital harmony; domestic labor; Taiwanese spouses, 34497
 gender ideology; first marriage; marriage age; marital disruption; married women; divorce likelihood, 31346
 gender role attitudes; religion; spirituality; domestic violence; student attitudes; college students, 31288
 gender role behaviors; homophobia; heterosexuals; homosexuals; negative attitudes; Whites; African Americans; Latinos, 28359
 gender role concerns; Australians; Estonians; slimmess; home values, 13377
 gender role conflict; attitudes toward women; attitudes toward African Americans; White American men enrolled in southern university, 10417
 gender role identity; support for feminism; nontraditional gender roles; students attitudes; identity as feminist, 28518
 gender role ideology; intimate partner aggression; gender differences; attitudes toward aggression; relationship quality; victimization, 28308
 gender role orientation; stereotyped cognitive tasks; feminine cognitive tasks; stereotypically masculine cognitive tasks; task performance; gender-related self-concept, 25201
 gender role stereotypes; parent-adolescent conflict; early adolescence, 25161
 gender role stereotypes; television programs; gender role content; children perceptions; gender related perceptions; interpersonal attraction, 24994
 gender roles; gender images; hip-hop culture, 31411
 gender roles; masculinities; social class; aging, 31565
 gender stereotype; hierarchy; gender differences; implicit association; egalitarian, 31600
 gender stereotypes; classroom; gender equity; teacher training; teachers, 30057

gender stereotypes; math achievement; self-perceptions; career intentions; women; math-related majors, 26945
 gender stereotypes; women in organizations; personnel decisions, 27040
 gender-role attitudes; ethnic change; Chinese Canadian couples; role expectation; role performance, 13375
 gendered identities; housewife; Spanish culture; domestic context; women; men; gender identity, 4259
 housework; modernization; labor force; equality; fathering; gender division; sex role attitudes; attitude change, 31416
 identity conflict; identity centrality; women; identity interference; well being; science performance; identity conflict; central scientist identity, 19149
 immigrant women; market conditions; gender; work; migration; globalization; economic restructuring; skilled professionals; migration, 34427
 job satisfaction; role ambiguity; role conflict; role stress; work-family conflict; gender roles; work related role stress, 14763
 juror responses; expert witness testimony; gender stereotypes; gender-domain congruency; jury discussion, 30336
 male psychological distress; problem solving appraisal; masculine role conflict; depression; anxiety; social support dissatisfaction, 28309
 male rape; heterosexual victims; homosexual victims; masculinity; perceptions; sex role attitudes, 19591
 male sexual abuse; social perceptions; personal perceptions; Sexual Abuse of Males Perceptions Scale; validity; psychometric properties, 33528
 marital happiness; marital structure; sex role traditionalism; children status; dual earner, 13336
 masculine gender relevance; task instructions; cardiovascular reactivity; mental arithmetic performance; systolic blood pressure; cognitive performance, 28459
 masculine gender role stress; negative affect; negative attributions; verbal aggression; physiological reactivity; intimate conflict situations; aggressive responses, 28495
 masculinity; life expectancy; health behavior; mortality; social construction; gender attitude, 31094
 masculinity; male antigay attitudes; authoritarian hegemony; gender role beliefs; heterosexual men, 28521
 men; long-term unemployment; gender identity; masculine identity; breadwinning, 19083
 military leadership evaluations; gender role attitudes; leadership positions; leadership characteristics; evaluator gender; leader gender; Navy promotion, 27146
 newspaper reports; sex differences; research; biological factors; gender stereotypes, 31407
 paternal involvement; children; gender ideologies; domestic division of labor; parenting behavior, 28264
 patient sex; sex role; diagnosis of antisocial personality disorder; diagnostic bias; clinician sex role; gender bias, 25188
 perceptions of team performance; gender; gender orientation of tasks; work teams, 33282
 personal characteristics; hypermasculine female bodybuilders; personality traits; social behaviors; gender traits; social perceptions; romantic involvement perceptions; gender role perceptions, 34629
 professional managers; gender differences; stress; gender role expectations, 14757
 reproduction; women; feminist theory; identity; roles; female body; reproductive body; postmodern, 4258
 Sandra Schwartz Tangri; social psychology; feminist psychology; occupational role innovation; psychology of gender, 23658
 Saudi women doctors; gender; careers; Wahhabic Islam; Westernized work culture; male superiority; sexual segregation, 36012
 sex typing; time use; middle childhood; gender development; early adolescence; free time activities; gender role attitudes; self esteem, 31236
 sex-role egalitarianism scale; construct validity; psychometric evaluation, 25186
 sexuality; gender; sex; women's studies, 7576
 social constructivism model; ethical decision making; family counseling; gender attitudes; power differential, 35475
 social identity theory; women's roles; victimization; women representations; newspapers; religious literature, 10415

Volume 91 SUBJECT INDEX

Sexual Attitudes—Serials

attitudes toward sexuality; adults with intellectual disability; adult care; support staff; parents; age; sexual expression, 35119
 coital debut; religiosity role; sex attitudes; adolescents; racial differences, 13387
 condom use; intentions; Rwandan secondary school students; attitudes; male students; female students, 34562
 conspiracy beliefs; HIV attitudes; AIDS attitudes; sexual behaviors; sexual attitudes; African-American adults, 8173
 desire; language; theoretical perspectives; theory, 15851
 female students; premarital sexual relations; decision making; subjective norms; attitudes; AIDS; Theory of Reasoned Action, 19084
 health promotion; elderly; sexual life; quality of life; aging, 8670
 homosexual experience; gay men; long term relationship; sexuality, 4270
 homosexual experience; sexual attitudes; Australian women; married gay men, 4275
 implicit measures; explicit measures; sexual orientation; sexual attitudes; ingroup preferences; gay; straight men; beliefs, 22261
 internalized heterosexism; lesbian; bisexual women; feminist dimensions; feminist identity development; feminist ideologies; feminism, 34534
 male homosexuality; psychotherapy; female genitalia; sexual attitudes; achieving heterosexuality, 29237
 masturbation; homosexuality; moral disapproval; religious culture; self-identification, 22258
 perceived peer behavior; sexual debut; sexual attitudes; sexual behaviors, 28099
 police intervention; domestic violence cases; repeated encounters; batterers; identity; power relations; battered women; social problem; perpetrator's perceptions, 19587
 program evaluation; rape prevention program; fraternity members; Men Against Violence; male role socialization; sexual aggression; college counselors; sexual assault prevention; peer training program, 2859
 rape myth acceptance; anticipated sexual arousal; sexual violence; rape victim; rape proclivity; sexual dominance; acquaintance rape, 19588
 self-report questionnaires; premarital sexual behavior; school students; adolescents; condom use; expanded health belief model; EIBM, 2354
 sex research; Alfred C. Kinsey; sexual behavior; sexual attitudes; history, 25208
 sex; punishment; sexual double standards; sexual consequences; teen programming, 24993
 sexist beliefs; sexism; sexist language; sexist behavior, 34574
 sexual attitudes; interracial relationships; sex; race; Jungle Fever, 10429
 sexual attitudes; life quality; White men; African-American men; radical prostatectomy; radiation therapy; localized prostate cancer, 17171
 sexual behavior; individual factors; relationship factors; family factors; extra-family factors; adolescent attitudes, 31268
 sexual behavior; teenage pregnancy rates; high school students; sexual experience; contraceptive use; adolescent attitudes, 34361
 sexual experiences; sex life; gay man; adopted mother; Methodist values, 4267
 sexual experiences; sex life; gay man; masseurs; sex exploration, 4269
 sexual intercourse; adolescent sexual attitudes & behaviors; sexual abstinence; abstinence reasons, 34307
 sexual preferences; sexual fantasies; sexual behavior; sexual desire; gay identity; bottoming; gay man, 4271
 sexual rights; psychiatric facilities residents; decision making; sexual activity; staff perception; sexual policies; sexual education programs, 29740
 sexual selection; male bias; feminist denial; Darwinian theory of evolution; feminism, 28324
 sexuality attitudes; trauma impact; pornography; homosexuality; traumatic events, 13379
 siblings; unsafe sex practices; high school students; safe sex; role of older siblings; self efficacy; attitudes towards sexual intercourse, 28346
 social determinants; sexual activity; economic status; socioeconomic variables; predictor variables; Nigerian women, 7577
 unacknowledged rape; rape myth acceptance; nonconsensual sex; rape victims, 35002
 unprotected sex; HIV epidemic; gay males; sexual risk; risk perception; HIV knowledge; condom knowledge; prevention services utilization; China, 20502
 Viagra; sports club members; erectile dysfunction; masculine image; male health; sexual dysfunction; men's attitudes; social setting; knowledge; interest, 31319

Sexual Attitudes—Chapters

What patients mean by love, intimacy, and sexual desire, 5188

Sexual Attraction—Serials

arousals; interpersonal attraction; romantic attraction; couples; love; satisfaction, 28395
 gay men stories; sex preferences; anonymous sex; sexual stories, 4276
 gay men; intimate relationships; sexual encounters; sexual activity; sexual contact; sexual lives, 4277
 homosexual experience; gay men; long term relationship; sexuality, 4270
 major histocompatibility complex; MHC; genes; body scent attractiveness; opposite sex; olfactory systems; scent of symmetry; MHC alleles, 3589
 sex life; eroticism; sexual relationships; sexual attraction; homosexuality; sexual orientation, 4265
 sexual attraction status; school belonging; alcohol use; marijuana use; rural high school students; same-sex attraction; GPA, 10259
 sexual orientation; sexual attraction; sexual behavior; self-labeling; self-identification; adolescents, 25017
 women's self-perceived attractiveness; self-esteem; body-esteem; sexual attractiveness; physical attractiveness, 34729

Sexual Behavior [See Psychosexual Behavior]

Sexual Boundary Violations [See Professional Client Sexual Relations]

Sexual Compulsivity [See Sexual Addiction]

Sexual Delinquency [See Promiscuity]

Sexual Development—Serials

accessory gland size; sexual maturity time; mating frequency; stalk-eyed fly; cyrtodopsis dalmanni; reproductive structures development; accessory gland growth, 3495
 adult sexuality; adult development; sexual development, 13388
 early postnatal exposure to oxytocin; timing of sexual maturation; age of vaginal opening; onset of estrus; female rats, 3993
 epilepsy; antiepileptic drugs; males; sexual development; physical development; testosterone; estradiol; LH; LSH; prolactin; age; polytherapy, 17161
 golden-headed lion tamarins; sexual maturity; sibling rearing; dominant female aggression; contraception; interbirth interval; cooperative rearing; socio-sexual interactions; Callitrichid primates, 6697
 sex determination; sex differentiation; gonadal dysgenesis; genetic mutations; Frasier syndrome; Denys-Drash syndrome; sexual development disorders; gonadal development, 26070
 sex determination; sex differentiation; gonadal dysgenesis; genetic mutations; Frasier syndrome; Denys-Drash syndrome; sexual development disorders; gonadal development, 26034
 sex determination; sex differentiation; gonadal dysgenesis; genetic mutations; Frasier syndrome; Denys-Drash syndrome; sexual development disorders; gonadal development, 13869
 sexual debut; pubertal timing; friendship group characteristics; adolescent behavior; ethnic differences; racial differences, 34313
 sexual differentiation; genetic mutation; Mayer-Rokitansky-Kuster-Hauser syndrome; female phenotype; WNT4 gene; Mullerian-duct regression, 35172
 sexual differentiation; genetic mutation; Mayer-Rokitansky-Kuster-Hauser syndrome; female phenotype; WNT4 gene; Mullerian-duct regression, 35190
 sexual maturation; growth; risperidone; children; disruptive behavior disorders, 26357
 sexuality; psychoanalysis; psychoanalytic theory; homosexuality; sexual object choice; sexual development; women; sexual responses; female body; gender identity; sex roles, 1140
 social environment; social stress; hormones; female guinea pigs; autonomic & behavioral & limbic-brain systems; offspring; estrogen levels; adult behavior; pre & postnatal periods; masculinization, 455

Sexual Development—Chapters

Life processes that restructure relationships, 5242

Sexual Deviations [See Paraphilias]

Sexual Disorders (Physiological) [See Genital Disorders]

Sexual Fantasy—Serials

developmental factors; sexual preferences; rapists; family environment; pornography; deviant sexual fantasies, 34943
 gay men; bathhouses; sexual activities; sexual relationships; homosexuals; sexual fantasy, 4261
 gay men; intimate relationships; sexual encounters; sexual activity; sexual contact; sexual lives, 4277
 gender identity; sexual fantasy; masturbation; attachment; trust; adult psychoanalysis, 20241
 male erotic vice; police fantasy; homosexuality; pornography; Leathersex; rape; prison; male subjectivity; sado-masochism, 7583
 sexual fantasy; sexual offenders; sexual offenses; sexual fantasy function model, 1576

Sexual Function Disturbances—Serials

sexual masochist; depression; obsessive fantasies; pain; humiliation; sex; eroticism; seductiveness, 28791
 sexual preferences; sexual fantasies; sexual behavior; sexual desire; gay identity; bottoming; gay man, 4271
 social chemosignals; breastfeeding women; reproductive behavior; sexual motivation; human pheromones; sexual desire; sexual fantasies; lactation; endocrine function, 34115

Sexual Fetishism [See Fetishism]

Sexual Function Disturbances [See Also Dyspareunia, Impotence, Inhibited Sexual Desire, Premature Ejaculation]—Serials

adverse effects; antipsychotics; medication adherence; erectile dysfunction; sexual side-effects; risperidone therapy; quetiapine; diabetes; metabolic acidosis; retrograde ejaculation; drug dosage, 26405
 antidepressant medication; sexual dysfunction, 11536
 bipolar disorder; patient; dronabinol; medications; sexual dysfunction; psychotropic medications, 35651
 bupropion; sexual dysfunction; fluoxetine; hypersexuality, 5272
 chronic fatigue syndrome; sexual dysfunction; female patients; sexual functioning, 19896
 communication; anorgasmia; couple counseling; sexual dysfunctions; heterosexual couples; sexuality; etiology; treatment, 29009
 ephedrine; antidepressant-induced sexual dysfunction; sexual desire; sexual arousal; sexual orgasm; sexual satisfaction, 17064
 erectile dysfunction; social phobia; avoidant personality disorder; side effects; venlafaxine; reboxetine; depression; anxiety; insomnia, 32465
 female sexual dysfunction; heterosexual intercourse; sexual literature; sexual satisfaction; heterosexual desire; orgasm problems; medicalization, 10425
 long-term side effects; selective serotonin reuptake inhibitors; SSRIs; sexual dysfunction; weight gain, 11500
 male erectile dysfunction; sexual difficulties; sexual functioning; history of sexual medicine; psychological factors; erectile function; social factors; physiological factors; sexual history, 32078
 marital intimacy; male ejaculation; sexual dysfunctions; sex therapy; ejaculatory restrictions; Haredi Jewish couples, 26303
 marital intimacy; male ejaculation; sexual dysfunctions; sex therapy; ejaculatory restrictions; Haredi Jewish couples, 26307
 preclinical models; sexual desire; behavioral analysis; epidemiology; etiology; treatment; sexual motivation; epididosis, 30784
 psychological well-being; sexual ill health; age; sexual health problems; tiredness; erectile dysfunction; menopause, 35188
 quetiapine; risperidone; sexual functioning; schizophrenia; psychotic illness, 11514
 risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23243
 risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23265
 selective serotonin reuptake inhibitors; sexual dysfunction; orgasm delay; psychiatric disorders; side effects; spontaneous remission, 26373
 selegiline; L-deprenyl; dopamine; sexual dysfunction; neuroleptics; antipsychotics; schizophrenia, 8517
 self-focused attention; performance demand; dispositional sexual self-consciousness; sexual arousal; sexually functional; sexual dysfunction; heterosexual men; psychogenic erectile disorder, 32114
 sexual dysfunction; Parkinson's disease; premorbid sexual functioning; present sexual functioning, 16738
 sexual dysfunction screening; sexual dysfunction clinic; cultural sensitivity; gender stereotyping; religious taboos; cultural taboos; urological outpatients, 32111
 sexual dysfunction; bupropion; serotonin reuptake inhibitor; side effects; testosterone; major depression, 17034
 sexual dysfunction; granisetron; antidepressant use; human females; side effects; serotonin, 26382
 sexual dysfunction; retrograde ejaculation; risperidone; medication adherence; antipsychotics, 20352
 sexual dysfunction; selective serotonin reuptake inhibitor; treatment outcomes; fluoxetine; neurophysiologic measures; anxiety; depression, 32558
 sexual dysfunction; treatment; sex offenders; comorbidity; sexual health; life satisfaction; quality of life; sex offense recidivism, 26775
 sexual dysfunctions; demographic characteristics; clinical symptomatology; psychosocial factors, 29034
 sexual function; quality of life; psychometrics; sexual symptoms; outpatients; self-report questionnaire; psychometric validity; Sexual Function and Quality of Life questionnaire, 21077
 sexual function; sexual partner; sexual dysfunction; orgasmic function; sexual arousal; recurrent major depression; depressed women; SSRI treatment, 20307
 sexual functioning; sexual dysfunction; women, 1145

sexual mechanics; sexual hydraulics; erectile dysfunction; sex therapy; humanistic psychology; pharmacological interventions, 20109
sexual problem; psychosexual therapy clients; vaginismus; erectile dysfunction; sexual desire; sexual dysfunction, 32287
sexual responsiveness; spinal cord injuries; human females; sexual dysfunction; anxiety-provoking stimulation; genital, 26170
sildenafil; drug compliance; risperidone-treated patients; schizophrenia; erectile dysfunction; drug efficacy; drug safety, 17144
Somatic Inkblot Series; psychosexual disorders; body imagery; psychotherapy; sex education; medical intervention, 32077
somatic-experiential sex therapy; sexual dysfunction; relationship satisfaction; personal growth; Gestalt therapy, 29268
somatic-experiential sex therapy; sexual dysfunction; relationship satisfaction; personal growth; Gestalt therapy, 29267
somatic-experiential sex therapy; sexual dysfunction; relationship satisfaction; personal growth; Gestalt therapy, 29258
testosterone replacement therapy; testosterone levels; andropause; sexual disorders; aging males, 1952
treatment choices; erectile dysfunction; androgen levels; hypogonadism; serum testosterone, 16641
treatment with antidepressants; sexual functioning; sexual dysfunction; side effect, 29309
visual sexual stimuli; brain activation; hypoactive sexual desire disorder; sexual drive; sexual motivation; brain regions; orbitofrontal cortex; statistical parametric mapping; cerebral blood flow, 1394
vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiological oriented treatment, 26474
vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiological oriented treatment, 29452
Sexual Function Disturbances [See Also Dyspareunia, Impotence, Inhibited Sexual Desire, Premature Ejaculation]—Chapters
Dealing with the unhappy marriage, 5244
The effects of drug abuse on sexual functioning, 4549
Facilitating orgasmic responsiveness, 4909
Life processes that restructure relationships, 5242
Mental imagery in sex therapy, 23117
Recognizing and reversing sexual side effects of medications, 5156
Sexual and gender identity disorders, 22424
The sexual aversions, 4911
Sexual dysfunctions and deviations, 1964

Sexual potentials and limitations imposed by illness, 4551
Therapeutic weaving: The integration of treatment techniques, 5148
When do we say a woman's sexuality is dysfunctional?, 4912
Young men who avoid sex, 4913
Sexual Harassment—Serials
career guidance practice; ethical dilemma; workplace sexual harassment; vocational education; labor market; working women, 16467
forensic practice; prison settings; cognitive skills interventions; psychiatric inpatient care; sexual harassment; mental health, 32833
gender differences; sexual harassment; sexual coercion; college students; developmental determinants; individual determinants; situational determinants, 1603
gender harassment; sexual identity threat; sexual harassment; male identity; likelihood; computer harassment; pornographic material; gender identification, 1599
gender role conflict; harassment tolerance; effectiveness of harassment training; psychoeducation program; men, 11342
gender; judicial dissent; issue salience; voting behavior; state supreme court justices; sexual harassment; women; decision making; scholarly attention; literature; women justices, 12409
guerrilla life; armed forces; traumatic experiences; sexual exploitation; patriarchal practices; adolescent girls; combat exposure; child abuse; International Humanitarian Law, 7498
high school students; romantic relations; sexual harassment; student attitudes; psychological consequences; educational consequences, 25792
Hispanic perspectives; sexual harassment; social support; sexual victimization; Hispanic American culture; women, 22615
men reactions; women reactions; man-to-man sexual harassment; victim sexual orientation, 25787

MMPI; workplace sexual harassment; psychological condition; forensic evaluation; emotional distress; validity; discrimination litigants; sex discrimination, 24259
peer sexual harassment; personal factors; situational factors, 34994
physical attractiveness; sexual harassment; male employees; female employer, 19641
police sexual misconduct; police subculture, 9321
polymorphic signals; harassed female odonates; learned mate recognition, 24584
psychological well-being; lifetime sexual victimization; women military veterans; sexual harassment; rape; trauma; anxiety; depression, 4681
reject sexual harassment; same-sex harassment; perceiver gender; approach sexual harassment, 28434
responsibility attribution; sexual harassment; gender; gender role attitudes; victim; perpetrator, 19152
same-sex sexual harassment; self-esteem; gender differences; assertiveness; seeking legal counsel; confronting harasser, 25215
Sexual Experiences Questionnaire; psychometrics; sexual harassment, 33461
Sexual Experiences Survey; sexual victimization; test validity; test reliability; psychometrics, 33481
sexual harassment attitudes; e-mail messages; social desirability; gender differences, 34975
sexual harassment; female personnel; gender harassment; unwanted sexual attention; sexual coercion; domestic violence; hospital workers, 35010
sexual harassment; legal processes; reforms, 14930
sexual harassment; legal processes; reforms, 3104
sexual harassment; peer violence; adolescent peers; physical violence; high school students; gender; power; sexual assault; US; South Africa, 13696
sexual harassment; preventive measures; supervisors; working environment; employer liability; laws; zero tolerance policy, 27119
sexual harassment; psychiatric staff; psychiatric units, 31868
sexual harassment; telephonic conversation; invitations, 22647
sexual harassment; tolerance; gender differences; ambivalent sexism; social dominance; gender roles, 25842
sexual harassment; whistle-blowing; organizational wrongdoing; LISREL modeling; government employees, 36388
sexual offences bill; under-age sex abetting; teenage pregnancies; paedophiles; vulnerable young people; legislation; law, 6169
turnover intentions; social support; job satisfaction; police service; sexual harassment; leaves; supervisor support, 20923
zero tolerance sexual harassment policies; work environments, 27120
Sexual Identity (Gender) [See Gender Identity]
Sexual Intercourse (Human) [See Also Dyspareunia, Extramarital Intercourse, Incest, Premarital Intercourse, Rape]—Serials
adolescent sexuality; reproductive health; sexual intercourse; sexual initiation; pregnancy; contraception, 31224
allergic skin weal; histamine; sexual intercourse; allergic patients; allergic diseases; allergic rhinitis; atopic dermatitis; Japanese cedar pollen; house dust mite, 32092
anal intercourse; San Francisco; sexually transmitted disease; nonoxynol-9; HIV; Human Immunodeficiency Virus; MSM; n-9, 16217
anal intercourse; sexual risk behaviors; trends; sexual history; college women, 16212
Asian gay men; sexually transmitted diseases; unprotected anal intercourse; HIV risk, 19869
coital debut; religiosity role; sex attitudes; adolescents; racial differences, 13387
condom use; casual partners; sex acts; unprotected intercourse; sexual encounters; sexual behaviour, 11186
condoms; delayed application; safe sex; young adults; heterosexuality; condom usage; unprotected sex; withdrawal, 25210
female sexual dysfunction; heterosexual intercourse; sexual literature; sexual satisfaction; heterosexual desire; orgasm problems; medicalization, 10425
human sexuality; romantic relationships; concupiscent relationships; phylogenetic programming; ontogenic programming; courting; mating; reciprocity; paraphilia, 10311
perceived peer behavior; sexual debut; sexual attitudes; sexual behaviors, 28099
prevalence; correlates; sexual violence; self-reported forced sexual intercourse; refugee women; internally displaced women; Azerbaijan, 1594
pubertal timing; self-reported depression; adolescent development; sexual experiences; sexual behaviour; classroom survey; sexual activity, 1425
religious activity; African American adolescents; sexual intercourse; cigarette use; marijuana use; risk behavior, 25062

sexual intercourse; childhood sexual trauma; ego state therapy; severe stomach pains, 2261
sexual intercourse; middle school students; psychosocial factors; inner city youth; peer norms; abstinence; risk factors; drug abuse; gender, 28127
sexual intercourse; poor resources; problem behavior; romantic appeal; self-concept; social acceptance, 13385
siblings; unsafe sex practices; high school students; safe sex; role of older siblings; self efficacy; attitudes towards sexual intercourse, 28346
slimness; sexual intercourse; masturbation; sexual activity; noncoital partnered sex; sex therapy, 28329
social meanings; gay men experience; unprotected anal intercourse; barebacking; safe sex; sexual risk taking, 34565
Sydney gay community; unprotected anal intercourse; gay men; sexual practice, 19089
vaginal bleeding; adolescent women; coitus; sexual intercourse, 31222
